Item 4: Advisory Business

Lattice Strategies LLC (“Lattice”) is an SEC registered investment adviser and a wholly owned subsidiary of Hartford Funds Management Company, LLC (“HFMC”). HFMC is an indirect subsidiary of Hartford Financial Services Group. Lattice associates are employees of Hartford Funds Management Group, (“Hartford Funds”) which is the doing business name for HFMC and its direct affiliates that service mutual funds and other exchange traded products. Employees provide services on behalf of both Lattice and HFMC.

Lattice is the investment adviser to the Hartford Multifactor exchange-traded funds (“Multifactor ETFs” or “ETFs”) and mutual funds (collectively, with the ETFs, the Multifactor Funds). Lattice develops the investment strategy in the form of indexes, and sponsors and oversees the management of these Multifactor Funds, as an affiliated index provider. However, the day to day index calculation is conducted by Solactive AG and the day to day investment management is done by Mellon Investments Corporation (“Mellon”), acting as sub-adviser (the “Sub-Adviser”). HFMC use the Multifactor ETFs in its asset allocation funds.

As of December 31, 2019, Lattice had approximately \$3.2 billion in assets under management.

Item 5: Fees & Compensation

For Multifactor Funds, the Funds are charged Management Fees as disclosed in the most recent prospectus. This fee is accrued daily by State Street and paid to Lattice monthly. For the ETFs this fee is a unitary fee, so that most expenses of the Trust are paid by the Adviser, except a few limited expenses such as brokerage expenses.

Item 6: Performance Fees & Side-by-Side Management

Lattice does not currently charge any performance based fees (fees based on a share of capital gains on, or capital appreciation of, the assets of a client).

Item 7: Types of Clients

Lattice serves as the investment adviser to the Hartford Multifactor Funds, which are investment companies organized under the Investment Company Act of 1940.

Item 8: Methods of Analysis, Investment Strategies and Risk of Loss

Lattice uses its proprietary investment, allocation, and risk management methodologies to create indexes that are applied to the Multifactor Funds. The indexes are generally composed of underlying equities that reconstitute and rebalance the index semi-annually.

With respect to the Funds, Lattice hires, and is responsible for managing, the Sub-Adviser that provides portfolio management services. The Investment Advisory Group (“IAG”) is responsible for sub-adviser oversight, and has adopted procedures to monitor sub-adviser trading and execution. On at least a semi-annual basis, on-site or telephonic due diligence reviews are conducted, and quarterly, Lattice receives various commission and trade reports which are reviewed for activity, directed brokerage issues, and potential conflicts.

Item 9: Disciplinary Information

There are no legal events or proceedings or disciplinary events related to affiliates of Lattice, including HFMC, with respect to their business as a registered investment adviser within the last 10 years.

Item 10: Other Financial Industry Activities and Affiliations

Investment Advisers

Lattice is a wholly owned subsidiary of HFMC, a registered investment adviser. HFMC provides investment advisory services to the Hartford Mutual Funds and Hartford Exchange Traded Funds, closed-end interval funds, private funds (collectively, “Hartford Funds”) and certain 529 plans. HFMC also acts as the named plan/program manager (the “Program Manager”) to certain 529 plans and provides non-discretionary investment advice through model portfolio delivery to non-affiliated program sponsors. Employees perform services on behalf of both HFMC and Lattice.

HFMC is an affiliate of Hartford Investment Management Company (“HIMCO”), both indirect subsidiaries of The Hartford. HIMCO provides investment advisory services primarily to institutional clients (including affiliated and unaffiliated insurance companies, corporations and employee benefit and pension plans), as well as registered investment companies and private funds.

HIMCO has a separate management team and operates as a separate and distinct line of business from that of HFMC and Lattice. Disclosures for HFMC and HIMCO can be found on its respective Form ADV Part 2A.

Affiliated Broker-Dealers

Lattice is affiliated with one registered broker-dealer Hartford Funds Distributors, LLC (“HFD”). HFD serves as principal underwriter and distributor for the Hartford Mutual Funds, Multifactor Mutual Funds and 529 Plans. Lattice does not execute client transactions through its affiliated broker-dealer. The Multifactor ETFs and Hartford ETFs are under-written by a non-affiliated broker-dealer.

Certain Management Persons and employees are Registered Representatives of HFD, for the sole purpose of the distribution of the Hartford Funds.

Affiliated Index Provider

Each Multifactor Fund seeks to track the investment results of indexes that are sponsored by Lattice. As a result, Lattice is deemed to be an affiliated index provider. Lattice determines the composition and relative weightings of the securities in each index, however, in order to manage a potential conflict of interest, each index is calculated and distributed by Solactive AG, a third party.

Day to day portfolio management of the Multifactor Funds has been delegated to a non-affiliated Sub-Adviser.

Commodity Pool Operator

HFMC, Lattice’s parent, is registered with the CFTC as a commodity pool operator. Certain Management Persons may be registered as an Associated Person with the NFA.

Item 11: Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

Lattice has adopted a written Code of Ethics and Insider Trading Policy (the “Code”) based upon the principle that the officers, directors, and employees of Hartford Funds (all of which are designated persons “Access Persons”, “Investment Persons” or “Supervised Persons”) have a fiduciary duty to treat all clients fairly. Lattice has adopted and implemented policies and procedures that it believes are reasonably designed to address the conflicts associated with personal trading activities of employees. Access Persons, Investment Persons and/or Supervised Persons, prevent insider trading, and prevent the disclosure and misuse of its clients’ material nonpublic information.

Each employee receives a copy of the Code upon employment and is required to complete initial training regarding the Code. Employees also are required to file a report of any reportable securities and or brokerage accounts held either directly or indirectly as well as report personal securities transactions at least quarterly. Exceptions may apply to accounts over which an employee has non-discretion. On an annual basis each Access Person must certify compliance with the Code and complete annual training. Pursuant to the Code, Access Persons must obtain prior written approval before purchasing initial public offerings and limited offerings

or engaging in outside business activities. Individuals who have been designated as Investment Persons are subject to additional pre-clearance and holding requirements.

The Code also establishes policies and procedures to monitor Supervised Persons. Supervised Persons are individuals who do not, as part of their regular functions and duties with Lattice, make, participate in, or have information regarding the purchase or sale of securities by Lattice clients, or make recommendations about securities or investments to Lattice's clients.

Each Supervised Person receives a copy of and training on the Code upon determination of his/her status as a Supervised Person and is required on an annual basis, to: 1) acknowledge receipt and certify compliance with the Code; and 2) certify that there have been no changes in his/her regular functions and duties in regard to Lattice's clients.

In addition the Sub-Adviser to a Multifactor Fund has also adopted its own Code of Ethics. Lattice reviews the adequacy of the Sub-Adviser's Code of Ethics and requires the Sub-Adviser to certify compliance with its Code of Ethics on a quarterly and annual basis.

A copy of the Code can be obtained by contacting Nancy Davis Scholz at 610-386-7374 or by email at nancy.scholz@hartfordfunds.com.

Item 12: Brokerage Practices

With respect to the Multifactor Funds, the Sub-Adviser is responsible for making determinations concerning the selection of brokers and assessing the reasonableness of the compensation charged.

Item 13: Review of Accounts

Lattice has appointed a Sub-Adviser, Mellon, to manage the day to day portfolio management of the Multifactor Funds. Lattice develops and provides the index to the index calculator and administrator, who then provides the index to the sub-adviser. IAG is responsible for monitoring the investment activity of the sub-adviser.

IAG reviews and evaluates the performance of the Multifactor Funds, as well as the performance of the Sub-Adviser, on approximately a quarterly basis, based upon such factors as portfolio characteristics, market analysis, portfolio position and outlook. IAG also conducts due diligence meetings at least semi-annually with each portfolio manager and provides a quarterly written report and analysis about each Multifactor Fund to the Investment Committee of the Hartford Funds' Board of Directors / Trustees.

In addition, the Investment Product Oversight Committee ("IPOC") led by Lattice's Senior Vice President – Investments, reviews the performance of the Multifactor Funds and the performance of the portfolio managers managing the Multifactor Funds. In addition to fund performance, IPOC evaluates product ideas, new funds, mergers, and changes to fund strategies.

Item 15: Custody

Lattice does not take custody of its clients' assets or securities.

Item 16: Investment Discretion

IAG monitors and supervises the activities the Sub-Adviser and may terminate the services of any sub-adviser at any time, subject to the notice periods set forth in the applicable sub-advisory agreement.

Item 17: Voting Client Securities

The proxy voting policies and procedures, together with information concerning Lattice's proxy votes are available to clients, without charge, upon request. A copy of Lattice's Proxy Voting Policy can be obtained by contacting Nancy Davis Scholz @ 610-386-7374 or by email at nancy.scholz@hartfordfunds.com
