Item 4 – Services, Fees and Compensation

A. The following is a description of our WRAP program, including the type of portfolio management services we provide under our managed fee program, the wrap fees we charge for our program and the portion of the total fee, or range of fees, paid to our portfolio managers.

Blum Financial, LP d/b/a Strategic Wealth Planning (hereinafter “SWP” or the “Firm”) offers a discretionary Managed Account Program (“MAP” or “Wrap Program”) whereby the Firm manages client accounts for a single fee that includes both management services and the transaction costs. MAP is designed to provide professional asset management for a convenient single “wrap” fee. SWP’s MAP accounts are managed on an individualized basis according to each client’s objectives, financial goals, risk tolerance, etc. MAP accounts include all Client Assets held at or managed by SWP.

We provide continuous and regular account supervision. As part of our asset management services, we create portfolios consisting of individual stocks or bonds, exchange traded funds (“ETFs”), options, mutual funds, other public and private securities and investments. The client’s individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Each portfolio will be initially designed to meet a particular investment goal, which we determine to be suitable to the client’s particular circumstances. Once the appropriate portfolio has been determined, we review the portfolio at least weekly, and if necessary, rebalance the portfolio based upon the client’s individual needs, stated goals and objectives.

We may utilize independent third party professional portfolio management firms for the management of some or all client MAP investments. Before selecting other advisers, we verify that the other advisers are properly licensed and/or registered.

FEES AND EXPENSES OF THE MANAGED ACCOUNT PROGRAM

Clients will be charged a single fee for management services, which fee is billed quarterly in advance, based on the total asset value in all MAP accounts at the end of the previous calendar quarter. The fee for management services includes transaction costs. Fees will be assessed pro rata in the event the MAP services agreement is executed at any time other than the first day of a calendar quarter. On an annualized basis, the Firm’s current fees for MAP services are as follows. These fees are generally non-negotiable.

<u>Portfolio Size</u>	<u>Annualized Fee</u>
\$0 - \$50,000	2.00%
\$50,001 - \$100,000	1.85%
\$100,001 - \$250,000	1.70%
\$250,001 - \$500,000	1.60%
\$500,001 - \$750,000	1.50%
\$750,001 - \$1,000,000	1.35%
\$1,000,001 - \$2,000,000	1.20%
\$2,000,001 - \$3,500,000	1.10%
\$3,500,001 - \$5,000,000	1.05%
\$5,000,001 and up	1.00%

Managed Account Program Tiered Fee¹ Schedule implemented in 2016 for some clients:

<u>Portfolio Size</u>	<u>Annualized Fee</u>
First \$750,000 (\$0-\$750,000)	1.50%
Next \$1,250,000 (\$750,000-\$2,000,000)	1.00%
Next \$ 1,500,000 (\$2,000,000 - \$3,500,000)	0.98%
\$3,500,000 and up	0.95%

¹ Tiered fees are fees which 1) decline incrementally as assets increase above pre-determined breakpoints and 2) are applied on a marginal basis to assets within those tiers.

B. Explanation that our MAP program may cost you, as our Client, more or less than purchasing such services separately and the factors that bear upon the relative cost of our program, such as the cost of the services if provided separately and trading activity in your account.

Our MAP fee program allows our clients to pay a specified fee for investment advisory services and the costs associated with the execution of transactions. The advisory services also include portfolio management and/or advice concerning selection of other advisers. The fee is not based upon the number of transactions in your account. Your MAP fee includes the costs for executing transactions in your account(s) which may or may not result in a higher advisory fee to you. We do not charge our clients higher advisory fees based on their trading activity, but you should be aware, depending on the number of trades in your account, that you may end up paying more or less than you would through a non-wrap program where a lower or no advisory fee is charged, but trade execution costs are passed directly through to you by the executing broker.

C. Fees a client may pay in addition to MAP fees and the circumstances under which you may pay these fees, including, if applicable, mutual fund expenses and mark-ups, mark-downs or spreads paid to market makers.

MUTUAL FUND CHARGES

All fees paid to SWP for MAP investment advisory services are separate and distinct from the fees and expenses charged by mutual funds to their shareholders. These fees and expenses are described in each fund's prospectus. Fees charged by mutual funds will generally include a management fee, other fund expenses, and a possible distribution fee. If the fund also imposes sales charges, the client may pay an initial or deferred sales charge.

Information on mutual fund share class fees.

SWP elects mutual fund share classes based on several factors. We recognize that for some clients, investing in a different share class could provide a slightly lower internal expense cost. However, SWP's decision to invest in a more expensive share class is off-set by lower expenses in other areas, such as lower portfolio management costs and fees.

OTHER ADDITIONAL FEES AND EXPENSES

In addition to our fees, there may be other costs assessed, which are not included in the MAP Fee, such as fees charged by a custodian; national securities exchange fees; charges for transactions with respect to assets not executed through the custodian; costs associated with exchanging currencies; wire transfer fees; or other fees required by law. MAP may cost the client more or less than purchasing such services separately.

Taking into consideration the level of the MAP fee charged, the amount of portfolio activity in your account, the value of services that are provided under the MAP program and other factors, the MAP Fee may or may not exceed the aggregate cost of such services if they were to be provided separately.

D. If one of our investment advisory representatives recommending our MAP program receives compensation as a result of your participation in the program we must disclose that fact. Additionally, we are required to explain, if applicable, that the amount of the compensation may be more than what the person would receive if a client participated in our other wrap programs (if any) or paid separately for the investment advice, brokerage and other services. Finally, we must explain that someone recommending our MAP program may have a financial incentive to recommend the Wrap Program over other programs or services.

Our investment advisory representatives ("IARs") receive a portion of the advisory fee that you pay us, either directly as a percentage of your overall fee or as their salary from the Firm. In cases where our IARs are paid a percentage of your overall advisory fee, this may create an incentive to recommend that you participate in a wrap fee program rather than a traditional non-wrap fee program (where you would pay for trade execution costs) or a brokerage account where commissions are charged. This is because in some cases, we would earn more compensation from advisory fees paid to us through a wrap fee program arrangement, especially if your account is not actively traded.

Item 5 – Account Requirements and Types of Clients

A. SWP requires a minimum initial investment of \$100,000.00. However, we may allow accounts of members of the same household to be aggregated for purposes of determining the advisory fee and/or for meeting the minimum investment. Generally, this minimum account balance requirement is not negotiable and would be required throughout the course of the client's relationship with our firm. We may open accounts for less than the minimum investment under particular circumstances (for example, setting up a new 401k or new Simple plan).

B. Types of clients for whom we typically manage wrap fee accounts. SWP offers personalized investment advisory services to individuals, pension and profit sharing plans, trusts, estates, charitable organizations, corporations, and other business entities.

Item 6 – Portfolio Manager Selection and Evaluation

A. The following is a description of how our firm selects and reviews portfolio managers, our basis for recommending or selecting portfolio managers for particular clients, and our criteria for replacing or recommending the replacement of portfolio managers for the program and for particular clients.

Our firm's own Investment Advisors create individualized investment strategies for each client according to the client's stated goals and objectives. Where appropriate for our MAP clients, SWP may use the investment advisory services of a professional third party money manager ("TPMM") for all or a portion of their assets. We provide initial due diligence in the selection of third party money managers and ongoing reviews of their management of client accounts. Please refer to Item 6C for more information on TPMMs.

B. We must disclose whether our firm or any related persons act as a portfolio manager for a wrap fee program described in this wrap fee program brochure. We must explain the conflicts of interest that you face because of this arrangement and describe how our Firm addresses these conflicts of interest. We must also disclose whether related person portfolio managers are subject to the same selection and review as the other portfolio managers that participate in the wrap fee program. If they are not, we must tell you how we select and review related person portfolio managers.

Our Firm's registered advisers act as portfolio managers for our MAP accounts. Please note that other investment advisory firms may charge the same or lower fees than our firm for similar services. Please refer to the summary of our Code of Ethics, Participation or Interest in Client Transactions and Personal Trading in this Wrap Brochure.

C. Our firm and its supervised persons covered under our investment adviser registration act as portfolio manager(s) for our MAP. Therefore, we must describe the following information from Part 2A of Form ADV (Our Firm's Brochure): Items 4B, 4C, 4D (Advisory Business); 6 (Performance-Based Fees and Side-By-Side Management); 8A (Methods of Analysis, Investment Strategies and Risk of Loss) and 17 (Voting Client Securities).

Firm Brochure Item 4B - Description of the types of advisory services we offer.

(i) Non-Discretionary Asset Management:

We offer continuous supervision for those clients who choose to open non-discretionary advisory accounts with our firm. We communicate with these clients on an as-needed basis and suggest an investment strategy and individual investments that will meet their goals and objectives. The final investment decision is made by the client. We review non-discretionary portfolios at least monthly.

(ii) Strategic Wealth Planning Discretionary Managed Account Program:

Our firm offers a discretionary Managed Account Program ("MAP") whereby we manage client accounts for a single fee that includes both management services and the transaction costs. The MAP is designed to assist our clients meet their stated investment goals and to obtain professional asset management for a convenient single "wrap" fee. We construct an individualized portfolio based on the initial and ongoing information our clients provide to us. Once the initial portfolio has been determined, we review the discretionary portfolio at least weekly and rebalance the portfolio based

upon a client's individual needs, stated goals and objectives and any changes in circumstances that the client provides us. We do not allow MAP clients to place restrictions on the types of investments to be held in the portfolio.

Additionally, we may make individual investment recommendations to our discretionary MAP clients for their consideration and approval.

(iii) Pension Consulting:

We provide pension-consulting services to employer plan sponsors on a one-time or ongoing basis. Generally, such pension consulting services consist of assisting employer plan sponsors in establishing, monitoring and reviewing their company's participant-directed retirement plan. As the needs of the plan sponsor dictate, areas of advising could include investment options, plan structure and participant education.

All pension-consulting services comply with the applicable state laws regulating pension-consulting services. This applies to client accounts that are pension or other employee benefit plans ("Plan") governed by the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). If the client accounts are part of a Plan, and we accept appointments to provide our services to such accounts, we acknowledge that we are a fiduciary within the meaning of Section 3(21) of ERISA, but only with respect to the provision of services described in our Advisory Agreement.

(iv) Financial Planning and Consulting:

Strategic Wealth Planning provides a variety of financial planning, consulting and management services to individuals, families, businesses and other clients regarding the management of their financial resources based upon an analysis of client's current situation, goals, and objectives. Generally, such financial planning services will involve preparing a financial plan, providing a financial consultation for clients based on the client's financial goals and objectives and/or supervision and/or management of non-publically traded securities and other investments. This planning or consulting may encompass one or more of the following areas: Investment Planning, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Corporate and Personal Tax Planning, Cost Segregation Study, Corporate Structure, Real Estate Analysis, Mortgage/Debt Analysis, Insurance Analysis, Lines of Credit Evaluation, Business and Personal Financial Planning.

Our written financial plans or financial consultations provided to our clients may include general recommendations for a course of activity or specific actions to be taken by the clients, some of which will be effected by SWP. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, establish education or charitable giving programs and/or buy or sell non-publically traded securities or other investments. It should also be noted that we refer clients to an accountant, attorney or other specialist, as necessary for non-advisory related services. For written financial planning engagements, we provide our clients with a written summary of their financial situation, observations, and recommendations. For financial consulting engagements, we usually do not provide our clients with a written summary of our observations and recommendations, as the process is less formal than our planning service. Plans or consultations are typically completed within six (6) months of the client signing a contract with us, assuming that all the information and documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the client's discretion.

(v) Referrals to Third Party Money Managers:

The services of a Third Party Money Manager ("TPMM") are not generally available to an individual investor and Adviser's access to these financial services provides our clients with additional investment opportunities not available to the public. When appropriate, an Adviser may recommend that a Client use the investment advisory services of a TPMM for all or a portion of Client assets. All TPMMs recommended to the Client by SWP must be registered as investment advisers with the SEC or with appropriate state authorities. Adviser provides the initial due diligence in the selection of the TPMMs and conducts ongoing reviews of TPMM management of Client accounts.

SWP will make recommendations regarding the suitability of a TPMM based on, but not limited to, the Client's financial needs, investment goals, tolerance for risk and investment objectives. Once SWP places Client assets with a TPMM,

Advisor does not offer further advice or recommend any specific securities or other investments for assets placed with a TPMM.

Advisor reviews TPMM portfolios at least twice each month. Advisor may also review the TPMM quarterly reports. As necessary, SWP contacts our Clients to review their financial situation and objectives, communicate information to third party money managers as warranted, and, assist the client in understanding and evaluating the services provided by the third party money manager. Clients agree to notify Advisor of any changes in his/her/their financial situation and/or investment objectives that could affect their investments, and this information, once received, is shared with a client's TPMM. A client may also directly contact the TPMM managing the account or sponsoring the program.

Client authorizes Advisor to provide information requested by the TPMM and authorizes the TPMM to answer Advisor questions regarding Client accounts with TPMM. Except as otherwise provided by Federal or state securities laws, the Advisor, acting in good faith, shall not be liable for any action by TPMMs recommended to the Client by the Advisor.

SWP advises and Client understands and agrees that TPMMs charge a separate fee in addition to SWP Advisory Fees listed on Exhibit A. SWP may share in the fee paid by Client to the TPMM. Clients who are referred to TPMMs will receive full disclosure, including services rendered, fee schedules and account minimums at the time of referral. The Adviser's annual fee for investment management services provided under this Agreement shall be a percentage (%) of the market value of all Client Assets under management, including all assets placed with a TPMM, in accordance with the fee schedule and procedure the SWP Discretionary Investment Advisory Services Agreement.

In the event Adviser is dissatisfied with the performance or services of a TPMM for any reason, or feels that they are not meeting SWP clients' goals and objectives, Client grants SWP the authority to terminate all TPMM services with or without client consultation and consent. In the event Client decides to terminate a TPMM, Client shall provide written notice to SWP. Upon termination of TPMM services for any reason, SWP will close the TPMM account(s) and direct TPMM to transfer all Client assets in TPMM accounts to SWP. Thereafter, SWP will manage Client Assets according to the Client Profile.

The SEC and/or State Regulators have not provided us with an exclusive list of material disciplinary events, which need to be disclosed. B. Respond to Firm Brochure Items 11 (Code of Ethics, Participation or Interest in Client Transactions and Personal Trading), Item 13 (Review of Accounts), Item 14 (Client Referrals and Other Compensation) and 18 (Financial Information).

Firm Brochure Item 11 - a brief description of our Code of Ethics adopted pursuant to SEC rule 204A-1 and offer to provide a copy of our Code of Ethics to any client or prospective client upon request; participation or Interest in Client Transactions and Personal Trading.

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts³. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics, which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics, which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

If our firm or a related person invests in the same securities (or related securities, e.g., warrants, options or futures) that our firm or a related person recommends to clients, we are required to describe our practice and discuss the conflicts of interest this presents and generally how we address the conflicts that arise in connection with personal trading.

Please refer to the summary of our Code of Ethics above.

If our firm or a related person recommends securities to clients, or buys or sells securities for client accounts, at or about the same time that you or a related person buys or sells the same securities for our firm's (or the related person's own) account, we are required to describe our practice and discuss the conflicts of interest it presents. We are also required to describe generally how we address conflicts that arise.

Please refer to the summary of our Code of Ethics above.
