Item 4 – Advisory Services

A. Firm Information

Byrne Financial Freedom, LLC (“Byrne Financial” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor is organized as a limited liability company (“LLC”) under the laws of the Commonwealth of Massachusetts. Byrne Financial was founded in 2006 and became a registered investment advisor in August 2013. Byrne Financial is owned and operated by Joseph Byrne (Managing Member and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Byrne Financial.

B. Advisory Services Offered

Byrne Financial offers wealth management services to individuals, high net worth individuals, trusts, estates, charitable organizations and other businesses (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Byrne Financial’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Wealth Management Services

Byrne Financial provides Clients with wealth management services, which generally includes a broad range of comprehensive financial planning services and access to a wealth management software in connection with discretionary management of investment portfolios. These services are described below.

Investment Management Services - Byrne Financial provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. Byrne Financial works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Byrne Financial will then construct a portfolio, consisting of low-cost, mutual funds and/or exchange-traded funds (“ETFs”) to achieve the Client’s investment goals. The Advisor may also utilize individual stocks, bonds, options, margins and/or real estate investment trusts (“REITs”) to meet the needs of its Clients. The Advisor may retain certain types of investments based on a Client’s legacy investments based on portfolio fit and/or tax considerations.

Byrne Financial’s investment approach is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. Byrne Financial will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Byrne Financial evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Byrne Financial may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Byrne Financial may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet the Client’s needs, or any risk deemed unacceptable for the Client’s risk tolerance.

At no time will Byrne Financial accept or maintain custody of a Client’s funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the wealth management agreement, please see Item 12 – Brokerage Practices.

Use of Independent Managers – When deemed to be in the Client's best interest, Byrne Financial will recommend to Clients that all or a portion of their investment portfolio be implemented by utilizing one or more unaffiliated money managers or investment platforms (collectively "Independent Managers"). Independent Managers may be sourced directly or accessed through an investment management platform. The Client may be required to enter into a separate agreement with the Independent Manager[s] and/or provide authorization through its custodial application to utilize the Independent Manager[s].

Byrne Financial serves as the Client's primary advisor and relationship manager. However, the Independent Manager[s] will assume discretionary authority for the day-to-day investment management of those assets placed in their control. Byrne Financial will assist and advise the Client in establishing investment objectives for their account[s], the selection of the Independent Manager[s], and defining any restrictions on the account[s]. Byrne Financial will continue to provide oversight of the Client's account[s] and ongoing monitoring of the activities of these unaffiliated parties.

The Independent Manager[s] will implement the selected investment strategies based on their investment mandates. The Client may be able to impose reasonable investment restrictions on these accounts, subject to the acceptance of these third parties.

The Client, prior to entering into an agreement with an Independent Manager, will be provided with the Form ADV Part 2A (or a brochure that makes the appropriate disclosures) of those parties. Byrne Financial does not receive any compensation from these Independent Managers or Investment Platforms, other than Byrne Financial's wealth management fee, as described in Item 5.

Financial Planning Services - Byrne Financial will typically provide a variety of financial planning and consulting services to Clients as part of its wealth management services. Services are offered in several areas of a Client's financial situation, depending on their goals and objectives.

Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, estate/legacy planning, insurance needs, access to WealthVisionSM and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

Byrne Financial may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Wealth Management Software - Clients may also have access to WealthVisionSM, a wealth management software that provides the Client with various financial management services, such as tracking of financial

data, maintaining financial documents, and the aggregation of accounts and reporting across multiple financial institutions.

C. Client Account Management

Prior to engaging Byrne Financial to provide wealth management services, each Client is required to enter into a wealth management agreement with the Advisor that defines the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Byrne Financial, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – Byrne Financial will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk of each Client.
- Portfolio Construction – Byrne Financial will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Byrne Financial will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

Byrne Financial includes securities transaction fees together with its wealth management fees. Including these fees into a single asset-based fee is considered a "Wrap Fee Program". The Advisor customizes its wealth management services for its Clients. The Advisor sponsors the Byrne Financial Wrap Fee Program solely as a supplemental disclosure regarding the combination of fees. Depending on the level of trading required for the Client's account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own transaction fees. Please see Appendix 1 – Wrap Fee Program Brochure, which is included as a supplement to this Disclosure Brochure.

E. Assets Under Management

As of December 31, 2019, Byrne Financial manages \$203,151,284 in Client assets, \$203,058,062 of which are managed on a discretionary basis and \$93,222 on a non-discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a written agreement with the Advisor.

A. Fees for Advisory Services

Wealth Management Services

For Clients engaged for comprehensive wealth management services, the Client will be charged a single combined fee for investment management and financial planning services based on the market value of assets under management. The Advisor does not charge a separate fee for financial planning engagements.

Wealth management fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the wealth management agreement. Wealth management fees are based on the market value of assets under management at the end of the prior calendar quarter.

Wealth management fees range from 0.50% to 2.50% annually, generally based on the following schedule:

Assets Under Management	Annual Rate
Up to \$100,000	2.50%
\$100,001 to \$250,000	2.25%
\$250,001 to \$500,000	1.75%
\$500,001 to \$1,000,000	1.50%
\$1,000,001 to \$2,500,000	1.25%
\$2,500,001 to \$3,500,000	1.00%
\$3,500,001 to \$5,000,000	0.85%
\$5,000,001 to \$10,000,000	0.75%
Over \$10,000,000	0.50%

The wealth management fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Byrne Financial will be independently valued by the Custodian. Byrne Financial will not have the authority or responsibility to value portfolio securities.

Use of Independent Managers – As noted in Item 4, the Advisor will implement all or a portion of a Client's investment portfolio utilizing one or more Independent Managers. To eliminate any conflict of interest, the Advisor does not earn any compensation from an Independent Manager. The Advisor will only earn its wealth management fee as described above. Independent Managers typically do not offer any fee discounts but may have a breakpoint schedule which will reduce the fee with an increased level of assets placed under management with an Independent Manager. The terms of such fee arrangements are included in the Independent Manager's disclosure brochure and applicable contract[s] with the Independent Manager. The total blended fee, including the Advisor's fee and the Independent Manager's fee, will not exceed 2.00% annually.

B. Fee Billing

Wealth Management Services

Wealth management fees are calculated by the Custodian and deducted from the Client's account[s]. The Client shall instruct the Custodian to automatically deduct the wealth management fee from the Client's account[s] for each billing period and pay the wealth management fee[s] to the Advisor. The Custodian will utilize the fee rate, as defined in the wealth management agreement, to indicate the fee to be deducted from the Client's account[s] at the respective quarter-end date. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Byrne Financial at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the wealth management fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's quarterly statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting the Custodian to pay Byrne Financial by direct deduction from their account[s] held by the Custodian as part of the wealth management agreement and separate account forms provided by the Custodian.

Use of Independent Managers – For Client accounts implemented through an Independent Manager, the Client's overall fees will include Byrne Financial's wealth management fee (as noted above) plus investment management fees and/or platform fees charged by the Independent Manager. The Independent Manager will assume the responsibility for calculating the Client's fees and deducting all fees from the Client's account[s].

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Byrne Financial, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian. The fees charged by Byrne Financial are separate and distinct from these custody and execution fees.

In addition, all fees paid to Byrne Financial for wealth management services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Byrne Financial, but would not receive the services provided by Byrne Financial which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Byrne Financial to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Wealth Management Services

Byrne Financial is compensated for its services in advance of the quarter in which wealth management services are rendered. Either party may terminate the wealth management agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the wealth management agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Custodian will refund any unearned, prepaid wealth management fees from the effective date of termination to the end of the quarter. The Client's wealth management agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers – In the event that a Client should wish to terminate their relationship with an Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and those Independent Manager[s]. Byrne Financial will assist the Client with the termination and transition as appropriate.

E. Compensation for Sales of Securities

Byrne Financial does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Advisory Persons of Byrne Financial are registered representatives of LPL Financial LLC ("LPL Financial"), a securities broker-dealer, and a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC"). In one's separate capacity as a registered representative of LPL Financial, an Advisory Person will implement securities transactions under LPL Financial and not through Byrne Financial. In such instances, an Advisory Person will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by an Advisory Person in one's capacity as a registered representative is separate and in addition to Byrne Financial's advisory fees. This practice presents a conflict of interest because Advisory Persons who are registered representatives have an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on the Client. We mitigate this conflict in two ways. First, Clients always have the right to choose whether to purchase securities products through one of our Advisory Persons. Second, Byrne Financial will not charge an ongoing investment advisory fee on any assets implemented in the separate capacity of one of our Advisory Persons. Please see Item 10 – Other financial Industry Activities and Affiliations.

Advisory Persons are also licensed as independent insurance professionals. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by these persons are separate and in addition to advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of Byrne Financial who are insurance agents have an incentive to recommend insurance products to Clients for the purpose of generating commissions rather than solely based on Client needs. However, to mitigate this

conflict, Clients always have the right to choose whether to purchase insurance products through any person affiliated with Byrne Financial. Please see Item 10 – Other financial Industry Activities and Affiliations.

Item 6 – Performance-Based Fees and Side-By-Side Management

Byrne Financial does not charge performance-based fees for its wealth management services. The fees charged by Byrne Financial are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client. Byrne Financial does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Byrne Financial offers wealth management services to individuals, high net worth individuals, trusts, estates, charitable organizations and other businesses. The amount of each type of Client is available on the Advisor's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. Byrne Financial generally does not impose a minimum account size for establishing a relationship. However, certain independent managers may impose minimums for their investment strategies.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Byrne Financial primarily employs fundamental analysis in developing investment strategies and independent managers for its Clients. Research and analysis from Byrne Financial is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, manager's performance and reputation, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

As noted above, Byrne Financial generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Byrne Financial will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Byrne Financial may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Byrne Financial will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these

economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment approach:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of an ETF is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of a mutual fund is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Options Contracts

Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Real Estate Investment Trusts ("REITs")

Investing in Real Estate Investment Trusts ("REITs") involves certain distinct risks in addition to those risks associated with investing in the real estate industry in general. Equity REITs may be affected by changes in the value of the underlying property owned by the REITs, while mortgage REITs may be affected by the quality of credit extended. REITs are subject to heavy cash flow dependency, default by borrowers and self-liquidation. REITs, especially mortgage REITs, are also subject to interest rate risk (i.e., as interest rates rise, the value of the REIT may decline).

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Byrne Financial or its owner. Byrne Financial values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider with whom the Client engages. The backgrounds of the Advisor and its Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 167893.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

As mentioned in Item 5.E above, Advisory Persons are also registered representative of LPL Financial. In one's separate capacity as a registered representative, Advisory Persons will receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by Advisory Persons. Neither the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any services implemented in Advisory Persons' separate capacity as a registered representative.

Insurance Agency Affiliations

Advisory Persons are also licensed insurance professionals. Implementations of insurance recommendations are separate and apart from one's role with Byrne Financial. As an insurance professional, an Advisory Person will receive customary commissions and other related revenues from the various insurance companies whose products are sold. Advisory Persons are not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This practice presents a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Advisory Persons or the Advisor.

Use of Independent Managers

As noted in Item 4, the Advisor may implement all or a portion of a Client's investment portfolio with one or more Independent Managers. The Advisor does not receive any compensation nor does this present a material conflict of interest. The Advisor will only earn its investment advisory fee as described in Item 5.A.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Byrne Financial has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with Byrne Financial ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to each Client. Byrne Financial and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Byrne Financial's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that

guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (508) 528-9366.

B. Personal Trading with Material Interest

Byrne Financial allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Byrne Financial does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Byrne Financial does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Byrne Financial allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities Byrne Financial recommends (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, Byrne Financial must disclose to Clients and mitigate through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Byrne Financial requiring reporting of personal securities trades pursuant to its Code of Ethics. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Byrne Financial allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterward. **At no time will Byrne Financial, or any Supervised Person of Byrne Financial, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Byrne Financial does not have discretionary authority to engage the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Byrne Financial to direct trades to the Custodian as agreed upon in the wealth management agreement. Further, Byrne Financial does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where Byrne Financial does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. As its Advisory Persons are also registered representatives of LPL Financial, Byrne Financial and its Advisory Persons are limited in the Custodian[s] in which they can recommend to Clients. Typically, Byrne Financial will recommend that Clients establish their accounts at LPL Financial, where Byrne Financial has access to LPL Financial's systems, back office support, research and other benefits. While Byrne Financial receives these economic benefits from LPL Financial, we believe LPL Financial provides quality execution and related services for our Clients at competitive prices. Price is not the sole factor Byrne Financial considers in evaluating best execution and the recommendation of the Custodian. Byrne Financial also considers the quality of the brokerage services provided by LPL Financial, including the firm's reputation, execution capabilities, commission rates, and responsiveness to our Clients and our firm. Clients are free to use whatever broker-dealer/custodian they choose to implement financial planning recommendations. For investment advisory services, Byrne Financial would be required to obtain permission to use a broker-dealer/custodian other than LPL Financial due to the oversight role LPL Financial assumes over the Advisory Persons. Please see Item 14.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. **Byrne Financial does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, Byrne Financial does receive economic benefits and transitions assistance from its relationship with LPL Financial. Please see Item 14 below.**

2. Brokerage Referrals - Byrne Financial does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Byrne Financial will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s] at the Custodian. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Byrne Financial will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Byrne Financial will execute its transactions through the Custodian as directed by the Client. Byrne Financial may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Joseph Byrne, Chief Compliance Officer of Byrne Financial. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Byrne Financial if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Byrne Financial

Byrne Financial may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Byrne Financial receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

Byrne Financial has established an institutional relationship with LPL Financial to assist the Advisor in managing Client account[s]. The Advisor receives access to software and related support as part of its relationship with LPL Financial. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of the Custodian over one that does not furnish similar software, systems support, or services. Additionally, the Advisor may receive the following benefits from LPL Financial: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

B. Client Referrals from Solicitors

Byrne Financial may engage and compensate unaffiliated third party referral sources (a "Solicitor") for Client referrals. Clients will not pay a higher fee to Byrne Financial as a result of such payments to a Solicitor. The Advisor shall enter into an agreement with the Solicitor, which requires that full disclosure of the compensation and other conflicts is provided to the prospective client prior to or at the time of entering into the advisory agreement.

Item 15 – Custody

Byrne Financial does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Byrne Financial to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by Byrne Financial to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

Item 16 – Investment Discretion

Byrne Financial generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Byrne Financial. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of a wealth management agreement containing all applicable limitations to such authority. All discretionary trades made by Byrne Financial will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Byrne Financial does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Byrne Financial, nor its management, have any adverse financial situations that would reasonably impair the ability of Byrne Financial to meet all obligations to its Clients. Neither the Advisor, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. Byrne Financial is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.

Item 4 – Services Fees and Compensation

Services

Byrne Financial Freedom LLC (“Byrne Financial” or the “Advisor”) provides customized investment management services to individuals, high net worth individuals, trusts, estates, charitable organizations and other businesses (each referred to as a “Client”). This Wrap Fee Program Brochure is provided as a supplement to the Form ADV 2A (“Disclosure Brochure”). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting Byrne Financial as an investment advisor.

As part of the wealth management fees noted in Item 5 of the Disclosure Brochure, Byrne Financial includes normal securities transaction fees as part of the overall wealth management fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of securities transaction fees charged by the Custodians into the single “bundled” investment advisory fee. This Wrap Fee Program Brochure references back to the Byrne Financial Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on Byrne Financial’s wealth management services, investment philosophy and related services.**

Program Costs

Advisory services provided by Byrne Financial are offered in a wrap fee structure whereby normal securities transaction costs are included in the overall wealth management fee paid to Byrne Financial. As the level of trading in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the transactions costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided be to each Client, however, the Client is not charged more if there is higher trading activity in the Client’s account[s]. A Wrap Fee Program structure has a conflict of interest as the Advisor has an incentive to limit the number of trades placed in the Client’s account[s] or to utilize no transaction fee (“NTF”) funds in order to lower overall costs to the Advisor. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

Fees

Wealth management fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the wealth management agreement. Wealth management fees range from 0.50% to 2.50%, annually, and is generally based on the following schedule:

Assets Under Management	Annual Rate
Up to \$100,000	2.50%
\$100,001 to \$250,000	2.25%
\$250,001 to \$500,000	1.75%
\$500,001 to \$1,000,000	1.50%
\$1,000,001 to \$2,500,000	1.25%
\$2,500,001 to \$3,500,000	1.00%
\$3,500,001 to \$5,000,000	0.85%
\$5,000,001 to \$10,000,000	0.75%
\$10,000,001 and Over	0.50%

Wealth management fees in the first quarter of service are prorated from the inception date of the account[s] to the end of the quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client’s fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Byrne Financial will be independently valued by the Custodian. Byrne Financial will not have the authority or responsibility to value portfolio securities.

Wealth management fees are calculated by the Custodian and deducted from the Client's account[s]. The Client shall instruct the Custodian to automatically deduct the wealth management fee from the Client's account[s] for each billing period and pay the wealth management fee[s] to the Advisor. The Custodian will utilize the fee rate, as defined in the wealth management agreement, to indicate the fee to be deducted from the Client's account[s] at the respective quarter-end date. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Byrne Financial at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the wealth management fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's quarterly statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting the Custodian to pay Byrne Financial by direct deduction from their account[s] held by the Custodian as part of the wealth management agreement and separate account forms provided by the Custodian.

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s] which are not included as part of the Wrap Fee Program. All fees paid to Byrne Financial for wealth management services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. Additionally, account activity fees, such as electronic funds and wire transfers fees, certificate delivery fees, markups and markdowns, bid-ask spreads, selling concessions, and other miscellaneous fees and expenses as outlined in the account opening paperwork executed with the Custodian, are generally charged to the Client. Clients are encouraged to refer to the account opening paperwork executed with the Custodian for an outline of all third party fees not covered under this Wrap Fee Program. The Advisor does not control nor share in these fees.

The Advisor encourages Clients to review the fees charged by the fund[s], third parties and the fees charged by Byrne Financial to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses of the Disclosure Brochure.

Performance-Based Fees

Byrne Financial does not charge performance-based fees for its wealth management services. The fees charged by Byrne Financial are as described in Item 5 – Fees and Compensation of the Disclosure Brochure and are not based upon the capital appreciation of the funds or securities held by any Client.

Byrne Financial does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Methods of Analysis

Please see Item 8 of the Disclosure Brochure for details on the research and analysis methods employed by the Advisor.

Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Byrne Financial will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account[s]. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.

Voting Client Securities

Byrne Financial does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 7 – Client Information Provided to Portfolio Managers

Clients participating in the Wrap Fee Program generally grant Byrne Financial the authority to discuss certain non-public information with Independent Managers engaged to manage their account[s]. Depending upon the specific arrangement, the Advisor is authorized to disclose various personal information including, without limitation: names, phone numbers, addresses, social security numbers, driver's license, tax identification numbers and account numbers. Byrne Financial may also share certain information related to its Clients' financial positions and investment objectives in an effort to ensure that the Independent Managers' investment decisions remain aligned with its Clients' best interests. This information is

communicated on an initial and ongoing basis, or as otherwise necessary to the management of its Clients' portfolios.

Item 8 – Client Contact with Portfolio Managers

The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of the Custodian over one that does not furnish similar software, systems support, or services. Additionally, the Advisor may receive the following benefits from LPL Financial: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.
