Item 4: Advisory Business

RMA was founded in 2013 and is owned by John D. Caffrey, Matthew M. Racanelli, and Rebecca R. Keiffert. RMA is registered with the SEC because it is an affiliated Investment Advisor and is under common control, with Castle Asset Management, LLC ("Castle"), an SEC registered investment adviser. RMA primarily provides Financial Planning and / or Cash Flow Modeling, for the members of The Association of Mature American Citizens (AMAC). In addition, the firm acts as a solicitor for Castle with respect to those RMA clients who wish to receive investment management services. RMA is a solicitor for Castle Asset Management, LLC, an affiliated investment advisor.

A. Financial Planning and Cash Flow Modeling

The financial planning and / or cash flow modeling services that RMA provides, generally will address the following areas:

Financial Organization: Aid a client in the organization of their important financial documents and determining their personal financial objectives. The purpose is to provide the client with a clear understanding of their current financial position and pointing out specific areas of concern.

Risk Management: Identify issues that relate to safeguarding client's assets and other personal property from potential risk and/or liability. Implement the necessary process or product to protect the financial interest of a family in the event of a death or a debilitating illness or injury of a family member.

Income Tax & Cash Flow Analysis: Review the ongoing expenses needed by a client to run their household. Identify expense items that can be redirected to savings and investment. Investigating income tax savings measures or debt restructure techniques to improve cash flow.

College Funding: Project the future college costs and review programs that help a client provide the needed capital to meet this future (or current) expense.

Investment Analysis: Collect the current investment information owned by a client to organize the necessary input for a cash flow model. If necessary, refer the client to an appropriate registered investment advisory firm that will suggest investment alternatives that may be appropriate and consistent with the client's financial plan.

Retirement Planning: Review the client's personal and employer sponsored retirement programs. Consider new strategies that could be introduced that help a client meet their retirement goals. Identify the qualified plan options that are available and determine the viability of these plans for clients who are business owners.

Distribution Planning: Determine a methodology for a client to access their wealth in retirement in a way that is consistent with their cash flow needs and income tax concerns. This methodology may also serve to protect the interests of a surviving spouse.

Estate Planning: Coordinate asset titling, beneficiary designations and other ownership arrangements with the estate plan executed by a qualified attorney selected by the client.

Our financial plan, and / or cash flow modeling, is based on gathering the required information to draft a financial plan or model, through a personal interview with client(s). Information gathered includes the client's current financial status, current and future goals and attitudes toward risk. The client is asked to provide various documents to support the information gathered during these interviews. RMA suggests that a client who chooses to implement the recommendations contained in the financial plan work closely with their other professional advisors. The implementation of the planning recommendations is solely at the client's discretion. The client may implement the planning recommended through RMA and / or their professional associations.

B. Solicitor for affiliated investment adviser

RMA also acts as a solicitor for Castle and is an affiliated Investment Advisor and is under common control. RMA may receive solicitor compensation from Castle for the referral of clients to Castle pursuant to a written solicitation agreement between RMA and Castle. Upon engaging Castle, the client will receive a copy of Castle's Form ADV disclosure brochure and a separate disclosure statement discussing RMA's relationship with Castle and the fee that RMA will receive for the referral.

Item 5: Fees and Compensation

1. Financial Planning Program:

RMA may charge a fee when Financial Plans or Cash Flow Models are prepared for clients and fees may be collected based upon the level of service provided. The fee for each plan is quoted in advance, but not prepaid. Financial Planning Fees are negotiable and often the service is provided without a fee.

At the discretion of the Advisor, fixed fees may be charged for financial planning services. The fixed fees charged to a client, for the preparation of a financial plan, typically range from \$500 to \$5,000. All financial planning fees are quoted in advance, prior to the commencement of any work. One half of the fee is collected upon the financial planning engagement and the balance is due upon the completion of the written financial plan.

A client may terminate its agreement with RMA at any time if not satisfied with the services provided. If the agreement is terminated within five days of acceptance, such client will receive a full refund. Also, if RMA does not give a client a copy of their disclosure brochure at least 48 hours prior to execution of our agreement, such client shall have five days from the date of execution of the agreement to terminate services for a full refund.

2. Referral Fee Services:

Advisor is a solicitor for Castle Asset Management, LLC an affiliated investment advisor that has agreed to pay an ongoing referral fee for any such client referrals made by the Advisor. As a solicitor, any potential conflict of interest will be fully disclosed to any individual who may be referred. The amount of the ongoing referral fee will be negotiated with Castle and fully disclosed to the client. The typical ongoing referral fee will range from .25% - 1% of the fee earned by Castle. In the event a referred client terminates its arrangement with Castle, any unearned fees will be refunded immediately. Advisor presently has a solicitation arrangement with Castle Asset Management, LLC. Castle Asset Management, LLC is registered as an investment advisor. Advisor will continue to receive solicitor compensation as long as the client's funds remain under Castle's management.

3. Insurance Commission Revenue:

RMA is licensed in 50 states to provide Life, Long Term Care and Long Term Disability insurance. It also serves as an insurance broker through its relationship with Voya, Transamerica, Mutual of Omaha and Crump Insurance Services. It also is licensed in 50 states to provide fixed, immediate and indexed annuities.

Certain representatives of RMA are registered as representatives of separate broker dealers and / or also insurance agents/brokers of various insurance companies. RMA and its representatives will earn additional income in the form of commissions in the event a client chooses to purchase insurance products, investments products or investment advisory services from them. The earnings realized by RMA or its representatives are not used to offset any fees billed for Financial Planning or Consulting Services.

RMA's Vice President, John D. Caffrey, in his capacity as a registered representative of Purshe Kaplan Sterling Investments, may earn additional compensation if a client purchases mutual funds or other investment products through Purshe Kaplan Sterling Investments. This compensation is in the form of commissions and 12b1 fees. This conflict arises because a client may be referred to Castle for investment management services and through Castle, John may be in a position to purchase mutual funds or other investment products as part of Castle providing services to the client's account. Because John D. Caffrey may receive this economic benefit, a potential conflict of interest arises if he recommends to clients that they purchase mutual funds or other investment products through Purshe Kaplan Sterling Investments. This gives John D. Caffrey an incentive to recommend mutual funds and investment products based on the compensation he may receive, rather than on a client's need. Nonetheless, we believe that we have addressed this conflict of interest because we have required the solicitation agreement with Castle to include a covenant that no referred client will be under any obligation to purchase mutual funds or investment products through Purshe Kaplan Sterling Investments or John D. Caffrey, and that referred clients will have the option to purchase mutual funds and investment products that John D. Caffrey recommends through other brokers or agents not affiliated with Castle or RMA. Any commission/fee that John D. Caffrey receives from the sale of mutual funds or investment products is in addition to the advisory fees Castle charges and the RMA fee. Neither RMA's nor Castle's fees will be reduced to offset the commission/fee he receives.

John D. Caffrey earns additional compensation from insurance companies in the form of initial and renewal compensation for all life, disability, health or long-term care insurance put in force and after the first policy year. The principal officer of Advisor, John D. Caffrey is a licensed insurance agent with The Guardian Life Insurance Company of America, Schneider & Schulman Brokerage Services, Inc., Crump Life Insurance Services, Mass Mutual Financial Group and Security Mutual Life Insurance Co. of NY and may receive compensation for the sale of insurance products from Advisory and non-Advisory clients.

Matthew M. Racanelli earns additional compensation from insurance companies in the form of initial and renewal compensation for all life, disability, health or long-term care insurance put in force and after the first policy year. Matthew M. Racanelli is a licensed insurance agent with Crump Life Insurance Services, Mass Mutual Financial Group and Security Mutual Life Insurance Co. of NY and may receive compensation for the sale of insurance products from Advisory and non-Advisory clients. Matthew M. Racanelli also earns additional compensation as a direct solicitor for Castle Asset Management, LLC.

Rebecca R. Keiffert earns additional compensation from insurance companies in the form of initial and renewal compensation for all life, disability, health, long-term care and property and casualty insurance put in force and after the first policy year. Rebecca R. Keiffert is a licensed insurance agent through Hometown

Insurance Agency, Inc. and may receive compensation for the sale of insurance products from Advisory and non-Advisory clients. Rebecca R. Keiffert is the Senior Vice President and an owner of Association of Mature American Citizens, Inc., since 2009. She may receive compensation from the operations of AMAC.

Please see further information in Item 10, relating to the additional registrations disclosed in this Item 5, including information pertaining to conflicts of interest arising out of these other registrations of RMA and RMA personnel.

RMA's fees for services are negotiable. In the event that RMA's Advisory services are terminated, a client will receive a refund of any unearned portion of the Advisory fee. RMA will calculate the pro-rata unearned portion and promptly refund such amount, if any. Please see additional information in Item 12, Brokerage Practices.

Item 6: Performance Based Fees and Side-by-Side Management

RMA does not charge any performance fees. Some investment Advisors experience conflicts of interest in connection with the side-by-side management of accounts with different fee structures. However, these conflicts of interest are not applicable to RMA.

Item 7: Types of Clients

RMA may provide Financial Planning and Cash Flow Models for individuals and their associated trusts, estates, pension and profit sharing plans, corporations or other legal entities that are members of AMAC. AMAC members may pay an annual membership fee to AMAC to gain access to member benefits that includes RMA's financial planning and cash flow modeling process.

Item 8: Methods of Analysis, Investment Strategies and Risk of Loss

RMA does not provide investment analysis. RMA is a solicitor for Castle Asset Management, LLC, an affiliated investment advisor. RMA's representatives, do not provide investment advice but may perform the services described in Item 4. RMA's representatives may only provide products and services that are approved by RMA.

All investing involves a risk of loss that clients should be prepared to bear.

Item 9: Disciplinary Information

RMA and its employees have not been involved in any legal or disciplinary events in the past that would be material to a client's evaluation of the company or its personnel.

Item 10: Other Financial Industry Activities and Affiliations

For clients who purchase products causing commissions to be generated from such purchases, these commissions are paid to John D. Caffrey in his separate capacity as an insurance agent. This activity represents a conflict of interest and gives him an incentive to recommend the purchase of insurance products for a client account based on that person's ability to receive compensation from such a purchase, rather than based on a client's needs. However, RMA believes that it has addressed this conflict by (a) requiring that any such transaction will be on commercially reasonable terms that are generally consistent with industry standards, and (b) neither requiring nor expecting that a client will purchase any such insurance product from or through John D. Caffrey. In addition, John D. Caffrey must maintain compliance with applicable rules and regulations that govern the sale of such products. Item 11: Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

RMA is under common control, with Castle, an SEC registered investment adviser. This may create a potential conflict of interest in the sense that it is remotely possible that Advisor or its employees may benefit financially from a transaction effected for a client account by Castle, although the volume of such securities transactions have not and do not rise to the level where any transaction in the account of either of the firm or any firm personnel has any appreciable impact on the market value of a security. If the possibility of a conflict of interest occurs, the client's interest will prevail. It is the policy of Advisor that priority will always be given to the client's orders over the orders of an employee of the Advisor. Advisor and its employees shall not buy or sell securities for their personal account(s) where their decision is derived, in whole or in part, by information obtained as a result of his/her employment unless the information is also available to the investing public upon reasonable inquiry. In order to minimize this conflict of interest, securities recommended by Advisor are widely held and publicly traded. We also require that all personnel act in accordance with all applicable federal and state regulations governing registered investment Advisory practices. Any individual not in observance of the above may be subject to termination.

To avoid any potential conflicts of interest, Advisor has adopted written policies and procedures ("Code") for its employees, which includes a formal code of ethics and insider trading policies and procedures. Advisor's Code requires, among other things, that Employees:

- Act with integrity, competence, diligence, respect, and in an ethical manner with the public, clients, prospective clients, employers, employees, colleagues in the investment profession, and other participants in the global capital markets;
- Place the integrity of the investment profession, the interests of clients, and the interests of Advisor above one's own personal interests;
- Adhere to the fundamental standard that you should not take inappropriate advantage of your position;
- Avoid any actual or potential conflict of interest;
- Conduct all personal securities transactions in a manner consistent with this policy;
- Use reasonable care and exercise independent professional judgment when conducting investment analysis, making investment recommendations, taking investment actions, and engaging in other professional activities;
- Practice and encourage others to practice in a professional and ethical manner that will reflect credit on yourself and the profession;
- Promote the integrity of, and uphold the rules governing, capital markets;
- Maintain and improve your professional competence and strive to maintain and improve the competence of other investment professionals.
- Comply with applicable provisions of the federal securities laws.

Advisor's Code also requires Employees to: 1) pre-clear certain personal securities transactions, 2) report personal securities transactions on at least a quarterly basis, and 3) provide the Advisor with a detailed summary of certain holdings (both initially upon commencement of employment and annually thereafter) over which such Employees have a direct or indirect beneficial interest.

A copy of Advisor's Code shall be provided to any client or prospective client upon request.

Item 12: Brokerage Practices

Advisor is a solicitor for Castle, an affiliated investment advisor, and is under common control. As a solicitor, any potential conflict of interest will be fully disclosed to any client that may be referred by RMA. The amount of the on-going referral fee will be negotiated with Castle, the investment advisor. The typical on-going referral fee will range from .25% - 1% of the fee earned by Castle. In the event a referred client terminates its arrangement with Castle, any unearned fees will be refunded immediately. Advisor presently has a solicitation arrangement with Castle. Castle is registered as an investment advisor. RMA will continue to receive solicitor compensation as long as the client's funds remain under the management of Castle, the investment advisor. RMA does not provide investment analysis or advice. RMA representatives may only provide products and services that are approved by RMA. RMA will not be involved in the brokerage or custodian selection.

Item 13: Review of Accounts

Client financial plans are reviewed by Advisor's representatives as requested by the client. Other factors that may trigger more frequent reviews include changes in the client's financial, personal or business circumstances. Clients may receive a written update of their financial plan as part of the review process described above. There isn't a specific review process for the life insurance policies placed for a member. A member may contact the insurance representative for typical insurance service issues. Examples of these services are; change of address or beneficiary designation changes.

Clients are kept fully informed about their portfolio activity by receiving copies of all transaction confirmations and monthly/quarterly statements directly from brokerage firms and/or custodians. Additionally, Advisor shall provide to each client correspondence directing the client to Morningstar performance reporting services through which the client may obtain a written report describing the performance, activity and holdings of the account on a quarterly basis.

Item 14: Client Referrals and Other Compensation

RMA does not receive any other economic benefits from non-clients in connection with the provision of advisory services previously described to clients.

As stated previously, RMA acts as a solicitor for Castle, an affiliated investment advisor, and is under common control. Pursuant to a written solicitation agreement between RMA and Castle, RMA may receive solicitor compensation from Castle for the referral of investment advisory clients to Castle. Upon engaging Castle, the client will receive a copy of Castle's Form ADV disclosure brochure and a separate disclosure statement discussing RMA's relationship with Castle and the fee that RMA will receive for the referral. Castle provides the Investment Advisory Services for AMAC/RMA clients.

Item 15: Custody

All clients' accounts are held in custody by unaffiliated broker/dealers selected by Castle, an affiliated investment advisor, and is under common control. Account custodians send statements directly to the account owners on at least a quarterly basis. Clients should carefully review these statements, and should compare these statements to any account information provided by RMA or Castle.

Item 16: Investment Discretion

RMA does not have investment discretion over any investment accounts.

Item 17: Voting Client Securities

RMA does not have investment discretion over any investment accounts. RMA will not exercise proxy voting authority over securities held in client accounts. The obligation to vote client proxies shall at all times rest with the client.

Should Advisor inadvertently receive proxy information for a security held in a client's account, then Advisor will make a good faith effort to forward such information on to Client in a timely manner, but will not take any further action with respect to the voting of such proxy.

Financial Information

RMA has never filed for bankruptcy and is not aware of any financial condition that is expected to affect its ability to manage client relationships.
