Item 4 – Advisory Services

A. Firm Information

Kleinfelder Capital, Inc. (“Kleinfelder Capital” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). Kleinfelder Capital is organized as a corporation under the laws of the State of Ohio. The Advisor was founded in July 2017 and is owned and operated by Michael J. Kleinfelder President and Chief Executive Officer. This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Kleinfelder Capital.

B. Advisory Services Offered

Kleinfelder Capital offers advisory services to individuals, high net worth individuals, families, trusts, estates, businesses and retirement plans (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Kleinfelder Capital’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Kleinfelder Capital provides a holistic approach to its wealth advisory services. Client engagements typically include comprehensive financial planning and investment management services as described below. Services are tailored to the unique needs of each Client.

Investment Management Services

Kleinfelder Capital provides customized wealth management solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and planning services. Kleinfelder Capital works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create an investment strategy. Kleinfelder Capital customizes its investment management services for its Clients. Portfolios may be constructed using open-end mutual funds, exchange-traded funds (“ETFs”), individual equity securities and or individual fixed income securities. For certain Clients, the Advisor may utilize tax-free municipal bonds and other types of investments. For certain Clients, the Advisor may employ leveraged ETFs and or the short-term use of margin. For mutual funds, the Advisor selects active and passive managers and will seek institutional share classes when available.

Kleinfelder Capital’s investment approach is primarily long-term investment focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. Kleinfelder Capital will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

At no time will Kleinfelder Capital accept or maintain custody of a Client’s funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the advisory agreement, please see Item 12 – Brokerage Practices.

Financial Planning Services

Kleinfelder Capital will typically provide a variety of financial planning and consulting services to Clients either as a component of wealth management services or as a separate service, pursuant to the terms of the agreement with the Client. Services are offered in several areas of a Client’s financial situation, depending on their goals and objectives. Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client’s financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, insurance needs, and other areas of a Client’s financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example,

recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

In certain circumstances, Kleinfelder Capital may also refer Clients to an accountant, attorney or other specialist, as appropriate for the Client's unique situation. For certain financial planning engagements, the Advisor will generally provide a written report that contains observations and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six (6) months of contract date, assuming all information and documents requested are provided promptly.

Financial planning recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Retirement Plan Advisory Services

Kleinfelder Capital provides retirement plan advisory services on behalf of the retirement plans (each a "Plan") and the company (the "Plan Sponsor"). The Advisor's retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and its Plan Participants. Each engagement is customized to the needs of the Plan and Plan Sponsor. Services generally include:

- Vendor Analysis
- Plan Participant Enrollment and Education Tracking
- Investment Policy Statement ("IPS") Design and Monitoring
- Investment Oversight Services (ERISA 3(21))
- Performance Reporting
- Ongoing Investment Recommendation and Assistance

These services are provided by Kleinfelder Capital serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of Kleinfelder Capital's fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

C. Client Account Management

Prior to engaging Kleinfelder Capital to provide advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Kleinfelder Capital will develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – Kleinfelder Capital will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Kleinfelder Capital will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Kleinfelder Capital will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

Kleinfelder Capital includes securities transaction fees together with its investment advisory fee. Including these fees into a single asset-based fee is considered a "Wrap Fee Program". The Advisor customizes its investment management services for its Clients. The Advisor sponsors the Kleinfelder Capital Wrap Fee Program solely as a supplemental disclosure regarding the combination of fees. Depending on the level of trading required for the Client's account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own

transaction fees. Please see Appendix 1 – Wrap Fee Program Brochure, which is included as a supplement to this Disclosure Brochure.

E. Assets Under Management

As of December 31, 2019, the Advisor manages \$168,154,993 in Client assets, \$161,414,100 of which are managed on a discretionary basis and \$6,740,893 on a non-discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one or more written agreements with the Advisor.

A. Fees for Advisory Services

Investment Advisory Services

Investment advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. Fees are based on the average daily balance of assets under management with the Advisor at the end of the prior calendar quarter. Fees are based on the following schedule:

Assets Under Management	Annual Fee (%)
Up to \$249,999	1.50%
\$250,000 to \$499,999	1.25%
\$500,000 to \$999,999	1.00%
\$1,000,000 to \$1,999,999	0.80%
\$2,000,000 to \$4,999,999	0.65%
\$5,000,000 to \$9,999,999	0.55%
\$10,000,000 and above	Negotiable

The investment advisory fee in the first quarter of service is prorated from the inception date of the Client's account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The investment advisory fee may also include financial planning services, at the discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Kleinfelder Capital will be independently valued by the Custodian. Kleinfelder Capital will not have the authority or responsibility to value portfolio securities.

Clients may make additions to and withdrawals from their account[s] at any time, subject to Kleinfelder Capital's right to terminate an account. Additions may be in cash or securities provided that Kleinfelder Capital reserves the right to liquidate any transferred securities or decline to accept particular securities into a Client's account[s]. Clients may withdraw account assets on notice to Kleinfelder Capital, subject to the usual and customary securities settlement procedures. However, Kleinfelder Capital designs its portfolios as long-term investments and the withdrawal of assets may impair the achievement of a Client's investment objectives. Kleinfelder Capital may consult with its Clients about the options and ramifications of transferring securities. However, Clients are advised that when transferred securities are liquidated, they are subject to fees assessed at the mutual fund level (i.e. contingent deferred sales charge) and/or tax ramifications.

Financial Planning Services

Kleinfelder Capital may include financial planning as part of its overall investment advisory services or as a separate stand-alone engagement. For separate engagements, Kleinfelder Capital offers financial planning services on either an hourly basis or a fixed engagement fee. Hourly engagements are billed at a rate of up to \$300 per hour. Fixed engagements are negotiated based on the expected number of hours to complete the engagement at the Advisor's hourly rate. Fees may be negotiable at the sole discretion of the Advisor, depending on the nature and complexity of services to be provided. An estimate for total hours and/or costs will be provided to the Client prior to engaging for these services.

Retirement Plan Advisory Services

Fees for retirement plan advisory services are charged an annual asset-based fee of up to 1.50%, billed quarterly, in advance of each calendar quarter, pursuant to the terms of the agreement. Retirement plan fees are based on

the market value of assets under management at the end of the prior calendar quarter. Fees are generally based on the following schedule:

Assets Under Management	Annual Fee (%)
Up to \$249,999	1.50%
\$250,000 to \$499,999	1.25%
\$500,000 to \$999,999	1.00%
\$1,000,000 to \$1,999,999	0.80%
\$2,000,000 to \$4,999,999	0.65%
\$5,000,000 to \$9,999,999	0.55%
\$10,000,000 and above	Negotiable

B. Fee Billing

Investment Advisory Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by the number of days in the year, multiplied by the number of days in the quarter) to the average daily market value or assets under management. Since the asset-based fee is determined by average daily account balance, if assets are deposited into or withdrawn from an account, the base fee payable with respect to such assets is adjusted accordingly. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Kleinfelder Capital directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

Fees for hourly and fixed fee financial planning engagements may be invoiced up to 50% upon execution of the financial planning agreement with the balance due upon completion of the engagement deliverable[s]. Certain Clients may have their financial planning fees included with their overall investment advisory fees.

Retirement Plan Advisory Services

Retirement plan advisory fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Kleinfelder Capital, in connection with investments made on behalf of the Client's account[s]. Kleinfelder Capital typically includes securities transactions costs as part of its overall advisory fees. The Advisor's recommended Custodian does not charge securities transaction fees for ETF and equity trades in a Client's account, provided that the account meets the terms and conditions of the Custodian's brokerage requirements. However, the Custodian typically charges for mutual funds and other types of investments. Please see Item 4.D. above as well as Appendix 1 – Wrap Fee Program Brochure. The inclusion of securities transaction fees into a single bundled fee may cost the Client more or less than if paid separately.

In addition, all fees paid to Kleinfelder Capital for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Kleinfelder Capital, but would not receive the services provided by Kleinfelder Capital which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Kleinfelder Capital to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Advisory Services

Kleinfelder Capital is compensated for its investment advisory services in advance of the quarter in which investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Advisor will refund any unearned, prepaid fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

Kleinfelder Capital may be partially compensated for its financial planning services in advance of the engagement. Either party may terminate the financial planning agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be responsible for planning fees based on the hours incurred or in the event of a fixed fee, the percentage of the engagement completed. Upon termination, the Advisor will refund any unearned, prepaid fees. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services

Kleinfelder Capital is compensated for its services at the beginning of the quarter before retirement plan advisory services are rendered. Either party may terminate the retirement plan advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the retirement plan advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid fees from the effective date of termination to the end of the quarter. The Client's retirement plan advisory agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Kleinfelder Capital does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Advisory Persons of Kleinfelder Capital are also registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"), a securities broker-dealer, and a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC"). In one's separate capacity as a registered representative of PKS, an Advisory Person will implement securities transactions under PKS and not through Kleinfelder Capital. In such instances, an Advisory Person will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by an Advisory Person in one's capacity as a registered representative is separate from and in addition to advisory fees. This practice presents a conflict of interest because Advisory Persons who are registered representative have an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on Client needs. Clients are not obligated to implement any recommendation provided by the Advisor nor Advisory Persons. Neither the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any products or services implemented in the Advisory Person's separate capacity as a registered representative. Please see Item 10 – Other Financial Industry Activities and Affiliations

Mr. Kleinfelder is also licensed as an independent insurance professional. As an independent insurance professional, Mr. Kleinfelder will earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by Mr. Kleinfelder are separate and in addition to Kleinfelder Capital's advisory fees. This practice presents a conflict of interest because a person providing investment advice on behalf of the Advisor who is also an insurance agent has an incentive to recommend insurance products to Clients for the purpose of generating commissions rather than solely based on

Client needs. However, Clients are under no obligation, contractually or otherwise, to purchase insurance products through Mr. Kleinfelder. Please see Item 10 – Other Financial Industry Activities and Affiliations.

Item 6 – Performance-Based Fees and Side-By-Side Management

Kleinfelder Capital does not charge performance-based fees for its investment advisory services. The fees charged by Kleinfelder Capital are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

Kleinfelder Capital does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Kleinfelder Capital offers investment advisory services to individuals, high net worth individuals, families, trusts, estates, businesses and retirement plans. The amount of each type of Client is available on the Advisor's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. Kleinfelder Capital generally does not impose a minimum size for establishing a relationship. However, certain investments and strategies may require certain minimums for effective implementation.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Kleinfelder Capital primarily employs fundamental analysis in developing investment strategies for its Clients. Research and analysis from Kleinfelder Capital are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

As noted above, Kleinfelder Capital generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Kleinfelder Capital will typically hold all or a portion of a security for more than a year but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Kleinfelder Capital may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Kleinfelder Capital will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client

participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment approach:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Leveraged ETFs

Leveraged ETFs are not suitable for all investors and should be utilized only by sophisticated investors who understand leverage risk, consequences of seeking daily leveraged investment results and intend to actively monitor and manage their investments. Leveraged ETFs are not designed to track the underlying index over periods longer than one trading day. The use of leverage increases the level of investment risk. Leverage will magnify gains or losses on those investments. The investments have the risk of not meeting their stated daily investment objectives over a long-term period.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Kleinfelder Capital or its owner. Kleinfelder Capital values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider with whom the Client engages. The backgrounds of the Advisor and its Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 289345.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

Advisory Persons are also registered representatives of PKS conducting business under the name Kleinfelder Capital. In one's separate capacity as a registered representative, an Advisory Person will receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by an Advisory Person in their separate capacity. Neither Kleinfelder Capital nor an Advisory Person will earn ongoing investment advisory fees in connection with any services implemented in one's separate capacity as a registered representative. Under supervision by PKS, PKS may have access to certain confidential information of the Client, including, but not limited to financial information, investment objectives, transactions and holdings information.

Insurance Agency Affiliations

As noted in Item 5 – Fees and Compensation, Mr. Kleinfelder is also a licensed insurance professional. Implementations of insurance recommendations are separate and apart from his role with the Advisor. As an insurance professional, Mr. Kleinfelder will receive customary commissions and other related revenues from the various insurance companies whose products are sold. Mr. Kleinfelder is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This practice presents a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Mr. Kleinfelder or the Advisor.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Kleinfelder Capital has implemented a Code of Ethics (the “Code”) that defines the Advisor’s fiduciary commitment to each Client. This Code applies to all persons associated with Kleinfelder Capital (“Supervised Persons”). The Code was developed to provide general ethical guidelines and specific instructions regarding Kleinfelder Capital’s duties to each Client. Kleinfelder Capital and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Kleinfelder Capital associates to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (513) 808-9700.

B. Personal Trading with Material Interest

Kleinfelder Capital allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Kleinfelder Capital does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund or advise an investment company. Kleinfelder Capital does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Kleinfelder Capital allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities, Kleinfelder Capital recommends (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, Kleinfelder Capital must disclose to Clients and mitigate through policies and procedures. As noted above, the Advisor has adopted a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, employees of Kleinfelder Capital have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Kleinfelder Capital requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer (“CCO”) or delegate. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Kleinfelder Capital allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterward. **At no time will any associated person of Kleinfelder Capital, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Kleinfelder Capital does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the “Custodian”) to safeguard Client assets and authorize Kleinfelder Capital to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, Kleinfelder Capital does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where Kleinfelder Capital does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian

recommended by Kleinfelder Capital and will not incur any extra fee or cost associated with using a broker-dealer/custodian not recommended by the Advisor. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. Kleinfelder Capital may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, its reputation, and/or the location of the Custodian's offices. Kleinfelder Capital will generally recommend that Clients establish their account[s] with Fidelity Clearing & Custody Solutions, a related entity of Fidelity Investments, Inc. (collectively "Fidelity"). Fidelity will serve as the Client's "qualified custodian". Kleinfelder Capital maintains an institutional relationship with Fidelity, whereby the Advisor receives economic benefits from Fidelity. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. **Kleinfelder Capital does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian but does receive economic benefits from Fidelity. Please see Item 14 below.**

2. Brokerage Referrals - Kleinfelder Capital does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Kleinfelder Capital will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s] at the Custodian. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Kleinfelder Capital will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Kleinfelder Capital will execute its transactions through the Custodian. Kleinfelder Capital may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Mr. Kleinfelder. The CCO also has oversight of investment advisory processes. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client. Clients are offered an annual financial plan, subject to scope of their agreement with the Advisor.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Kleinfelder Capital if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage

statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Kleinfelder Capital

Kleinfelder Capital may refer Clients to various third parties to provide certain financial services necessary to meet the goals of its Clients. Likewise, Kleinfelder Capital may receive referrals of new Clients from a third-party. However, Kleinfelder Capital and certain Supervised Persons do receive compensation and other economic benefits from PKS as detailed in Item 10 above.

Participation in Institutional Advisor Platform

Kleinfelder Capital has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s]. The Advisor receives access to software and related support as part of its relationship with Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of the Custodian over one that does not furnish similar software, systems support, or services.

Additionally, the Advisor may receive the following benefits from Fidelity: reimbursement to Clients for transfer costs to the platform/custodian; financing services; receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

B. Client Referrals from Solicitors

The Advisor does not engage paid solicitors for Client referrals.

Item 15 – Custody

Kleinfelder Capital does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fee. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Kleinfelder Capital to utilize the Custodian for the Client's security transactions. Kleinfelder Capital encourages Clients to review statements provided by the Custodian. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

Kleinfelder Capital generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Kleinfelder Capital. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an Investment Advisory Agreement containing all applicable limitations to such authority. All discretionary trades made by Kleinfelder Capital will be in accordance with each Client's investment objectives and goals. For Clients with account[s] established at an Independent Manager, those account[s] will also be managed by those parties on a discretionary basis.

Item 17 – Voting Client Securities

Kleinfelder Capital does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Kleinfelder Capital, nor its management, have any adverse financial situations that would reasonably impair the ability of Kleinfelder Capital to meet all obligations to its Clients. Neither Kleinfelder Capital, nor any of its advisory persons, have been subject to a bankruptcy or financial compromise. Kleinfelder Capital is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.

Item 4 – Services Fees and Compensation

Services

Kleinfelder Capital Wealth Management, LLC (“Kleinfelder Capital” or the “Advisor”) provides customized investment management and related advisory services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the Kleinfelder Capital Form ADV 2A (“Disclosure Brochure”). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting Kleinfelder Capital as your investment advisor.

As part of the investment advisory fee noted in Item 5 – Fees and Compensation of the Disclosure Brochure, Kleinfelder Capital includes normal securities transaction fees as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of securities transaction fees into the single “bundled” investment advisory fee. This Wrap Fee Program Brochure references back to the Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on Kleinfelder Capital’s investment philosophy and related services.**

Program Costs

Advisory services provided by Kleinfelder Capital are offered in a wrap fee structure whereby normal securities transaction costs are included in the overall investment advisory fee paid to Kleinfelder Capital. As the level of trading in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the transactions costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided to each Client, however, the Client is not charged more if there is higher trading activity in the Client’s account[s]. A Wrap Fee Program structure presents a conflict of interest as the Advisor has an incentive to limit trading or to utilize securities that do not have transaction fees. The Advisor’s recommended Custodian does not charge securities transaction fees for exchange traded funds (“ETFs”) and equity trades in Client accounts, but typically charges for mutual funds and other types of investments. As such, the Advisor is incentivized to utilize ETF and other equity securities to limit the overall cost to the Advisor. The Advisor will conduct ongoing reviews of the underlying investments and trading activity to ensure accounts are being managed in the Client’s best interest. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

Fees

Investment Advisory Services

Investment advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. Fees are based on the average daily balance of assets under management with the Advisor at the end of the prior calendar quarter. Fees are based on the following schedule:

Assets Under Management	Annual Fee (%)
Up to \$249,999	1.50%
\$250,000 to \$499,999	1.25%
\$500,000 to \$999,999	1.00%
\$1,000,000 to \$1,999,999	0.80%
\$2,000,000 to \$4,999,999	0.65%
\$5,000,000 to \$9,999,999	0.55%
\$10,000,000 and above	Negotiable

The investment advisory fee in the first quarter of service is prorated from the inception date of the Client’s account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The investment advisory fee may also include financial planning services, at the discretion of the Advisor. The Client’s fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Kleinfelder Capital will be independently valued by the Custodian (as discussed in Item 12 – Brokerage Practices). Kleinfelder Capital will not have the authority or responsibility to value portfolio securities.

Clients may make additions to and withdrawals from their account[s] at any time, subject to Kleinfelder Capital’s right to terminate an account. Additions may be in cash or securities provided that Kleinfelder Capital reserves the

right to liquidate any transferred securities or decline to accept particular securities into a Client's account[s]. Clients may withdraw account assets on notice to Kleinfelder Capital, subject to the usual and customary securities settlement procedures. However, Kleinfelder Capital designs its portfolios as long-term investments and the withdrawal of assets may impair the achievement of a Client's investment objectives. Kleinfelder Capital may consult with its Clients about the options and ramifications of transferring securities. However, Clients are advised that when transferred securities are liquidated, they are subject to fees assessed at the mutual fund level (i.e. contingent deferred sales charge) and/or tax ramifications.

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by the number of days in the year, multiplied by the number of days in the quarter) to the average daily market value or assets under management. Since the asset-based fee is determined by average daily account balance, if assets are deposited into or withdrawn from an account, the base fee payable with respect to such assets is adjusted accordingly. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Kleinfelder Capital directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s] which are not included as part of the Wrap Fee Program. All fees paid to the Advisor for investment advisory services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. Additionally, account activity fees, such as electronic funds and wire transfers fees, certificate delivery fees, markups and markdowns, bid-ask spreads, selling concessions, and other miscellaneous fees and expenses as outlined in the account opening paperwork executed with the Custodian, are generally charged to the Client. Finally, any applicable securities transaction fees for Client-directed trades may be charged back to the Client.

The Advisor does not control nor share in any of these third party fees. Clients are encouraged to review the fees charged by the fund[s], third parties, and the Advisor to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses of the Disclosure Brochure.

Please see Item 7 – Types of Clients in the Disclosure Brochure for additional information.

Item 6 – Portfolio Manager Selection and Evaluation

Portfolio Manager Selection

Kleinfelder Capital serves as the sponsor and portfolio manager for this Wrap Fee Program. Advisory services are detailed in Item 4 – Advisory Services of the Disclosure Brochure.

Related Persons

Kleinfelder Capital's Supervised Persons serve as portfolio managers for services under this Wrap Fee Program. Kleinfelder Capital does not act as portfolio manager for any third-party wrap fee programs.

Supervised Persons

Performance-Based Fees

Kleinfelder Capital does not charge performance-based fees for its investment advisory services. The fees charged by Kleinfelder Capital are as described in Item 5 – Fees and Compensation of the Disclosure Brochure and are not based upon the capital appreciation of the funds or securities held by any Client.

Kleinfelder Capital does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Methods of Analysis

Please see Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss of the Disclosure Brochure (included with this Wrap Fee Program Brochure) for details on the research and analysis methods employed by the Advisor.

Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Kleinfelder Capital will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account[s]. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.

Voting Client Securities

Kleinfelder Capital does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 7 – Client Information Provided to Portfolio Managers

Kleinfelder Capital is the sponsor and sole portfolio manager for the Program. The Advisor does not share Client information with other portfolio managers because it is the sole portfolio manager for this Wrap Fee Program. Participation in Institutional Advisor Platform

Kleinfelder Capital has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s]. The Advisor receives access to software and related support as part of its relationship with Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of the Custodian over one that does not furnish similar software, systems support, or services. Additionally, the Advisor may receive the following benefits from Fidelity: reimbursement to Clients for transfer costs to the platform/custodian; financing services; receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

As an insurance professional, Mr. Kleinfelder will receive customary commissions and other related revenues from the various insurance companies whose products are sold.
