A. Firm Information

Basepoint Wealth, LLC (“Basepoint” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”), which is organized as a limited liability company under the laws of the State of Iowa. Basepoint was founded in September 2017 and owned and operated by Kathryn M. Wallace, William (Allen) Wallace, Bryan J. Knudson, Landis T. Wiley, and Katherine E. Ortgies (Chief Compliance Officer).

This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Basepoint.

B. Advisory Services Offered

Basepoint offers investment advisory services to high net worth individuals, families, trusts, estates, and businesses (each referred to as a “Client”). Basepoint provides comprehensive investment management, planning and consulting services tailored to the individual needs of each Client.

Investment Advisory Services

Basepoint provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. Basepoint works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create an appropriate investment strategy. Basepoint will then construct a portfolio strategy that may include the use of our internal investment management and/or independent managers.

Internal Investment Management - Basepoint customizes its investment management services for its Clients. Portfolios are primarily constructed using mutual funds, exchange-traded funds (“ETFs”), individual stocks and fixed income securities. The Advisor may also utilize other types of investments, as appropriate, to meet the needs of each particular Client. The Advisor does not limit its advice to specific types of investments. The Advisor may retain legacy securities due to portfolio fit and tax considerations.

Basepoint evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Basepoint’s investment strategy is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. If it is consistent with the Client’s goals, the Advisor may also engage in an investment strategy that utilizes frequent trading in securities, please see Item 8 for more information. Basepoint will construct, implement and monitor the Client’s portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Basepoint, in its discretion, may redistribute investment allocations to diversify the portfolio. Basepoint may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Basepoint may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

Basepoint will provide investment management and related advisory services. At no time will Basepoint accept or maintain custody of a Client’s funds or securities, except for authorized deduction of the Advisor’s fees. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the investment advisory agreement.

Financial Planning and Consulting Services

Basepoint will typically provide a variety of financial planning services to Clients as part of the investment advisory engagement or as a separate engagement. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial situation.

Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, estate planning, personal savings, education savings and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. Basepoint may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations may pose a potential conflict between the interests of the Advisor and the interests of the Client. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

C. Client Account Management

Prior to engaging Basepoint to provide investment advisory services, each Client is required to enter into one or more advisory agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Basepoint, in connection with the Client, will develop an investment strategy targeted to achieve the Client's investment goals and objectives.
- Asset Allocation – Basepoint will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Basepoint will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Basepoint will provide investment management and ongoing oversight of the Client's portfolio.
- Financial Planning and Consulting – For Clients engaging for investment advisory services, the Advisor provides ongoing financial planning and related services regarding the Client's overall financial situation.

D. Wrap Fee Programs

Basepoint includes securities transaction fees together with its investment advisory fee. Including these fees into a single asset-based fee is considered a "Wrap Fee Program". The Advisor customizes its investment management services for its Clients. The Advisor sponsors the Basepoint Wrap Fee Program solely as a supplemental disclosure regarding the combination of fees. Depending on the level of trading required for the Client's account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own transaction fees. Please see Appendix 1 –Wrap Fee Program Brochure, which is included as a supplement to this Disclosure Brochure.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign one or more agreements that detail the responsibilities of Basepoint and the Client.

A. Fees for Advisory Services

Investment Advisory Services

Investment advisory fees are paid monthly, at the end of each month, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the average closing market value of assets under management in the account[s] for the day. Investment advisory fees range from 0.25% to 1.50% annually depending on the level of assets to be managed, the investment strategy[ies] to be employed and/or the complexity of services to be provided.

The investment advisory fee in the first month of service is prorated from the inception date of the account[s] to the end of the first month. Fees may be negotiable at the sole discretion of the Advisor. Certain Clients may have a fee schedule that differs from above. The Client's fees will take into consideration the aggregate assets under management with Advisor. Investment advisory fees may include financial planning and consulting services, pursuant to the terms of the agreement[s] with the Advisor. All securities held in accounts managed by Basepoint will be independently valued by the Custodian. Basepoint will not have the authority or responsibility to value portfolio securities.

Performance-Based Portfolio Management Fees

Total Assets	Annual Management Fee (on all assets managed)	Annual Performance Fee (on capital appreciation)
All Assets	0.25%	20%

Qualified Clients will pay an annual fee of 0.25% of assets under management along with a 20% of gains above 6% performance fee based on capital appreciation. If the portfolio rises in value, then the client will pay 20% on that increase in value, but if the portfolio drops in value, then the client will not incur a new performance fee until the portfolio reaches the last highest value, adjusted for withdrawals and deposits, which is generally known as a "high water mark."

Financial Planning and Consulting Services

Financial planning and consulting services may be included as part of an overall wealth management engagement or provided as a stand-alone engagement. For separately billed engagements, financial planning and consulting services are offered at an hourly rate ranging from \$100 to \$400 per hour or as a fixed engagement fee. The Advisor may also offer its services for an annual planning fee. Fees are based on the experience of the person performing the services, the complexity and duration the services to be provided. An estimate for total hours and/or costs will be determined prior to engaging for these services.

B. Fee Billing

Investment Advisory Services

Investment advisory fees will be calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the respective month-end date. The amount due is calculated by applying the average daily rate (annual rate divided by 12) to the total assets under management with Basepoint at the end

of the period. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. Clients are highly encouraged to check the accuracy of the management fees calculation. Clients provide written authorization permitting Basepoint to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Payment of Performance-Based Fees

Performance-based fees are withdrawn directly from the client's accounts with client's written authorization or may be invoiced and billed directly to the client and clients may select the method in which they are billed. Fees are paid annually and in arrears.

Financial Planning and Consulting Services

Fees for project-based financial planning and consulting fees are invoiced up to 100% upon the execution of the financial planning or consulting agreement with the balance due upon completion of the engagement deliverable[s]. Fees for annual engagements may have an initial fee up to 100% of the annual fee, with monthly payments thereafter, as specified in the financial planning agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Basepoint, in connection with investments made on behalf of the Client's account[s]. Other non-ordinary fees, which may include wire transfer fees, small account fees and other fees charged by the Custodian incurred at the direction of the Client are not included and shall be paid by the Client. Basepoint may include securities transactions costs as part of its overall advisory fees. Please see Item 4.D. above as well as Appendix 1 – Wrap Fee Program Brochure. The inclusion of securities transaction fees into a single bundled fee may cost the Client more or less than if paid separately. Clients may also pay securities transaction costs if their assets are managed in a non-wrap account program.

In addition, all fees paid to Basepoint for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client should review both the fees charged by the fund[s] and the fees charged by Basepoint to fully understand the total fees to be paid.

D. Advance Payment of Fees and Termination

Investment Advisory Services

Basepoint is compensated for its investment advisory services at the end of the month in which services are rendered. Either party may request to terminate the investment advisory agreement with Basepoint, at any time, by providing advance written notice to the other party. The Client shall be responsible for investment advisory fees up to and including the effective date of termination. Upon termination, the Advisor will promptly refund any unearned, prepaid fees to the Client. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's written approval.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with an Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and those third parties. Basepoint will assist the Client with the termination and transition as appropriate.

Financial Planning and Consulting Services

The Advisor may be partially compensated for its financial planning and consulting services upon execution of the engagement agreement. Either party may terminate a planning agreement, at any time, by providing written notice to the other party. Upon termination, the Client shall be responsible for fees based on the hours worked by the Advisor or the percentage of the engagement completed. Upon termination, any unearned prepaid fees will be promptly refunded to the Client. The Client's financial planning agreement with the Advisor is non-transferable without the Client's written approval.

E. Compensation for Sales of Securities

Basepoint does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

Qualified Clients will pay an annual fee of 0.25% of assets under management along with a 20% of gains above 6% performance fee based on capital appreciation. If the portfolio rises in value, then the client will pay 20% on that increase in value, but if the portfolio drops in value, then the client will not incur a new performance fee until the portfolio reaches the last highest value, adjusted for withdrawals and deposits, which is generally known as a "high water mark."

Basepoint does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Basepoint offers investment advisory services to high net worth individuals, families, trusts, estates, businesses and pension plans. The relative percentage of each type of Client is available on Basepoint's Form ADV Part 1. These percentages will change over time. Basepoint does not impose a size for establishing a relationship, but does tailor its services to high net worth Clients.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Basepoint primarily employs fundamental analysis methods in developing investment strategies for its Clients. Research and analysis from Basepoint is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

As noted above, Basepoint generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Basepoint will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Basepoint may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Basepoint will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment

with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. **Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.**

Item 9 – Disciplinary Information

Basepoint and its personnel owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Basepoint Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. B. Personal Trading with Material Interest

Basepoint allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients. Basepoint does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Basepoint does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Basepoint allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons of Basepoint may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Basepoint requiring reporting of personal securities trades by its employees for review by the Chief Compliance Officer ("CCO"). We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Basepoint allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Basepoint transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Basepoint does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Basepoint to direct trades to this Custodian as agreed in the investment advisory agreement. Further, Basepoint does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Basepoint does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a Custodian not recommended by Basepoint. Typically, Basepoint will recommend that Clients establish their account[s] with Fidelity Clearing & Custody Solutions, a related entity of Fidelity Investments, Inc. (collectively "Fidelity"), where the Advisor maintains an institutional relationship. Basepoint receives certain economic benefits from Fidelity as detailed in Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with such parties in exchange for research and other services. Basepoint does not participate in soft dollar programs sponsored or offered by any broker-dealer-custodian. However, the Advisor does receive certain economic benefit from Fidelity as described in Item 14 below.

2. Brokerage Referrals - Basepoint does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - The Advisor does have discretion to choose the Custodian for the Client's account yet will allow the Client to direct brokerage to another Custodian. In cases where the Client directs brokerage the Advisor will not be responsible for best execution or the negotiation of transaction charges assessed by the custodian the Client chooses. Not all Advisors allow directed brokerage. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). In selecting the Custodian, Basepoint will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Basepoint will execute its transactions through the Custodian as designated by the Client, unless otherwise instructed. Basepoint may aggregate orders in a block trade or trades when securities are purchased or sold through the same Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Investments in Client accounts are monitored on a regular and continuous basis by Principals of Basepoint and periodically by its CCO. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Basepoint if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by Basepoint

Participation in Institutional Advisor Platform

Basepoint has established institutional relationship with Fidelity to assist the Advisor in managing Client account[s]. The Advisor receives access to software and related support as part of its relationship with Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of the Custodian over one that does not

furnish similar software, systems support, or services.

Additionally, Basepoint has received financial support from Fidelity to assist the Advisor in the launch of its advisory firm. The following benefits are also received from Fidelity: reimbursement to Clients for transfer costs to the platform/custodian; financing services; receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

B. Client Referrals from Solicitors

Basepoint does not engage paid solicitors, who are not employees, for Client referrals.

Item 15 – Custody

Basepoint has custody due to the authorized deduction of the advisor's fee. Basepoint follows the safeguards concerning authorized fee deductions and is not required to conduct client account audits. Custody is also disclosed in Form ADV because Basepoint has authority to transfer money from client account(s), which constitutes a standing letter of authorization (SLOA). Accordingly, Basepoint will follow the safeguards specified by the SEC rather than undergo an annual audit. All Clients must place their assets with a "qualified custodian" as detailed in item 12. Clients are required to engage the Custodian to retain their funds and securities and direct Basepoint to utilize the Custodian for the Client's security transactions. Basepoint encourages Clients to review statements provided by the Custodian. For more information about Custodians and brokerage practices, see "Item 12 - Brokerage Practices".

Item 16 – Investment Discretion

Basepoint generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Basepoint. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Basepoint will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Basepoint does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. If the Client directs proxy materials to the Advisor's attention, this does not result in the Advisor assuming responsibility for the voting of proxies. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Basepoint, nor its management, have any adverse financial situations that would reasonably impair the ability of Basepoint to meet all obligations to its Clients. Neither Basepoint, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise. Basepoint is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.

Item 4 – Services Fees and Compensation

Services

Basepoint Wealth Management, LLC (“Basepoint” or the “Advisor”) provides customized investment management and related advisory services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the Basepoint Disclosure Brochure (Form ADV 2A). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting Basepoint as your investment advisor.

As part of the investment advisory fee noted in Item 5 of the Disclosure Brochure, Basepoint includes normal securities transaction fees as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of securities transaction fees into the single “bundled” investment advisory fee. This Wrap Fee Program Brochure references back to the Basepoint Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on Basepoint’s investment philosophy and related services.**

Program Costs

Advisory services provided by Basepoint are offered in a wrap fee structure whereby normal securities transaction costs are included in the overall investment advisory fee paid to Basepoint. As the level of trading in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the transactions costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided to each Client, however, the Client is not charged more if there is higher trading activity in the Client’s account[s]. A Wrap Fee structure has a potential conflict of interest as the Advisor may have an incentive to limit the number of trades placed in the Client’s account[s]. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

Fees

Investment Advisory Services

Investment advisory fees are paid monthly, at the end of each month, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the average closing market value of assets under management in the account[s] for the month. Investment advisory fees range from 0.25% to 1.50% annually depending on the level of assets to be managed, the investment strategy[ies] to be employed and/or the complexity of services to be provided.

The investment advisory fee in the first month of service is prorated from the inception date of the account[s] to the end of the first month. Fees may be negotiable at the sole discretion of the Advisor. Certain Clients may have a fee schedule that differs from above. The Client’s fees will take into consideration the aggregate assets under management with Advisor. Investment advisory fees may include financial planning and consulting services, pursuant to the terms of the agreement[s] with the Advisor. All securities held in accounts managed by Basepoint will be independently valued by the Custodian. Basepoint will not have the authority or responsibility to value portfolio securities.

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client’s account[s] at the Custodian. The amount due is calculated by applying the daily rate (annual rate divided by 12) to the total assets under management with Basepoint at the end of each day. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. Clients provide written authorization permitting Basepoint to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Phone: (319) 826-1898

<http://BasepointWealth.com>

As noted above, the Wrap Fee Program includes normal securities trading costs incurred in connection with the discretionary investment management services provided by Basepoint. Securities transaction fees for Client-directed trades may be charged back to the Client.

In addition, all fees paid to Basepoint for investment advisory services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client may also incur other costs assessed by the Custodian or other parties for account related activity fees, such as wire transfer fees, trade away fees and other fees. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by Basepoint to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

Compensation

Basepoint is the sponsor and portfolio manager of this Wrap Fee Program. Basepoint receives investment advisory fee paid by Clients for investment advisory services covered under this Wrap Fee Program.

Item 5 – Account Requirements and Types of Clients

Basepoint offers investment advisory services to individuals, high net worth individuals, families, trusts, estates, businesses and pension plans. Basepoint generally does not impose a minimum size for establishing a relationship. However, certain investments and strategies may require certain minimums for effective implementation. Please see Item 7 – Types of Clients in the Disclosure Brochure for additional information.

Item 6 – Portfolio Manager Selection and Evaluation

Portfolio Manager Selection

Basepoint serves as the sponsor and portfolio manager for this Wrap Fee Program. Basepoint will use industry standards to calculate portfolio manager performance. Advisory services are detailed in Item 4 of the Disclosure Brochure.

Related Persons

Basepoint's Supervised Persons serve as portfolio managers for services under this Wrap Fee Program. Basepoint does not act as portfolio manager for any third-party wrap fee programs.

Supervised Persons

As noted above, Supervised Persons serve as a portfolio manager for the Wrap Fee Program. Please refer to the complete Disclosure Brochure (included with this Wrap Fee Program Brochure) for details on the services provided by Basepoint and the Brochure Supplement for the background of the Supervised Persons of Basepoint.

Performance-Based Fees

Qualified Clients will pay an annual fee of 0.25% of assets under management along with a 20% of gains above 6% performance fee based on capital appreciation. If the portfolio rises in value, then the client will pay 20% on that increase in value, but if the portfolio drops in value, then the client will not incur a new performance fee until the portfolio reaches the last highest value, adjusted for withdrawals and deposits, which is generally known as a "high water mark."

Basepoint does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Basepoint will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account[s]. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.

Voting Client Securities

Basepoint does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

education (typically 150 credit hours with at least a baccalaureate degree and a concentration in accounting), minimum experience levels (most states require at least one year of experience providing services that involve the use of accounting, attest, compilation, management advisory, financial advisory, tax or consulting skills, all of which must be achieved under the supervision of or verification by a CPA), and successful passage of the Uniform CPA Examination. In order to maintain a CPA license, states generally require the completion of 40 hours of continuing professional education (CPE) each year (or 80 hours over a two-year period or 120 hours over a three-year period). Additionally, all American Institute of Certified Public Accountants (AICPA) members are required to follow a rigorous Code of Professional Conduct which requires that they act with integrity, objectivity, due care, competence, fully disclose any conflicts of interest (and obtain client consent if a conflict exists), maintain client confidentiality, disclose to the client any commission or referral fees, and serve the public interest when providing financial services. The vast majority of state boards of accountancy have adopted the AICPA's Code of Professional Conduct within their state accountancy laws or have created their own.

Personal Financial Specialist ("PFS")

The PFS credential demonstrates that an individual has met the minimum education, experience and testing required of a CPA in addition to a minimum level of expertise in personal financial planning. To attain the PFS credential, a candidate must hold an unrevoked CPA license, fulfill 3,000 hours of personal financial planning business experience, complete 80 hours of personal financial planning CPE credits, pass a comprehensive financial planning exam and be an active member of the AICPA. A PFS credential holder is required to adhere to AICPA's Code of Professional Conduct, and is encouraged to follow AICPA's Statement on Responsibilities in Financial Planning Practice. To maintain their PFS credential, the recipient must complete 60 hours of financial planning CPE credits every three years. The PFS credential is administered through the AICPA.

CFA – Chartered Financial Analyst

The Chartered Financial Analyst (CFA) charter is a globally respected, graduate-level investment credential established in 1962 and awarded by CFA Institute - the largest global association of investment professionals. There are currently more than 90,000 CFA charterholders working in 134 countries. To earn the CFA charter, candidates must: 1) pass three sequential, six-hour examinations; 2) have at least four years of qualified professional investment experience; 3) join CFA Institute as members; and 4) commit to abide by, and annually reaffirm, their adherence to the CFA Institute Code of Ethics and Standards of Professional Conduct.

High Ethical Standards

The CFA Institute Code of Ethics and Standards of Professional Conduct, enforced through an active professional conduct program, require CFA charterholders to:

- Place their clients' interests ahead of their own
- Maintain independence and objectivity
- Act with integrity
- Maintain and improve their professional competence
- Disclose conflicts of interest and legal matters

Global Recognition

Passing the three CFA exams is a difficult feat that requires extensive study (successful candidates report spending an average of 300 hours of study per level). Earning the CFA charter demonstrates mastery of many of the advanced skills needed for investment analysis and decision making in today's quickly evolving global financial industry. As a result, employers and clients are increasingly seeking CFA charterholders-often making the charter a prerequisite for employment.

Additionally, regulatory bodies in 22 countries and territories recognize the CFA charter as a proxy for meeting certain licensing requirements, and more than 125 colleges and universities around the world have incorporated a majority of the CFA Program curriculum into their own finance courses.

Comprehensive and Current Knowledge

The CFA Program curriculum provides a comprehensive framework of knowledge for investment decision making and is firmly grounded in the knowledge and skills used every day in the investment profession. The three levels of the CFA Program test a proficiency with a wide range of fundamental and advanced investment

CFP® - Certified Financial Planner

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP (with flame design) marks (collectively, the "CFP® marks") are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. ("CFP Board").

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- Education – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- Experience – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- Ethics – Agree to be bound by CFP Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- iii. Continuing Education – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- iv. Ethics – Renew an agreement to be bound by the *Standards of Professional Conduct*. The Standards prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.
