Item 4 – Advisory Services

A. Firm Information

RiversEdge Advisors, LLC dba Blue Rock RiversEdge (“Blue Rock RiversEdge” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). Blue Rock RiversEdge is organized as a limited liability company under the laws of the State of Delaware. Blue Rock RiversEdge was founded in August 2018 and is owned and operated by Brian J. Carney (Partner) and Jarrett F. Morris (Partner and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Blue Rock RiversEdge. For questions regarding this Disclosure Brochure, please contact Jarrett Morris at (302) 660-3350.

B. Advisory Services Offered

Blue Rock RiversEdge offers advisory services to individuals, high net worth individuals, families, trusts, estates, businesses retirement plans and insurance companies (each referred to as a “Client”). Blue Rock RiversEdge provides a comprehensive approach to its wealth advisory services. Services are tailored to the unique needs of each Client.

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Blue Rock RiversEdge’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Management Services

Blue Rock RiversEdge provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary and non-discretionary investment management and related advisory services. Blue Rock RiversEdge works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create an investment strategy. The Advisor may retain legacy investments based on portfolio fit and/or tax considerations.

The Advisor’s investment philosophy is based primarily on modern portfolio theory. The Advisor will develop a strategic asset allocation for the Client based on the Client’s unique situation. The Advisor will then construct an investment portfolio primarily utilizing exchange-traded funds (“ETFs”). The Advisor may also incorporate open-end mutual funds, individual equity securities and/or individual fixed income securities in a Client’s portfolio. For mutual funds, the Advisor primarily selects passive managers and will seek institutional share classes when available.

Blue Rock RiversEdge will select, recommend and/or retain mutual funds on a fund by fund basis. Due to specific custodial and/or mutual fund company constraints, material tax consideration, and/or systematic investment plans, Blue Rock RiversEdge will select, recommend and/or retain a mutual fund share class that does not have trading costs, but do have higher internal expense ratios than institutional share classes. Blue Rock RiversEdge will seek to select the lowest cost share class available that is in the best interest of each Client and will ensure the selection aligns with the Client’s financial objectives and stated investment guidelines.

Blue Rock RiversEdge typically employs a long-term investment approach for Clients, but may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. Blue Rock RiversEdge will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

At no time will Blue Rock RiversEdge accept or maintain custody of a Client’s funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the terms of the Client investment advisory agreement. Please see Item 12 – Brokerage Practices.

Financial Planning Services

Blue Rock RiversEdge will typically provide to its Clients a variety of financial planning services. Financial planning services may be included in an overall wealth management engagement or provided as a separate service,

pursuant to the terms of the agreement with the Client. Services may be provided in several areas of a Client's financial situation, depending on their goals and objectives. Planning may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, distributions, personal savings, education savings, spending, insurance needs, estate planning, charitable strategies, and other areas of a Client's financial situation. Blue Rock RiversEdge may deliver specific planning modules to the Client or a comprehensive plan, based on the needs of the Client.

In certain circumstances, Blue Rock RiversEdge may also refer Clients to an accountant, attorney or other specialist, as appropriate for the Client's unique situation. For certain financial planning engagements, the Advisor will generally provide a written report that contains observations and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Retirement Plan Advisory Services

Blue Rock RiversEdge provides retirement plan advisory services on behalf of the retirement plans (each a "Plan") and the company (the "Plan Sponsor"). The Advisor's retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and Plan Participants. Each engagement is customized to the needs of the Plan and Plan Sponsor. Services generally include:

- Vendor Analysis
- Plan Participant Enrollment and Education
- Investment Policy Statement ("IPS") Design and Monitoring
- Investment Oversight Services (ERISA 3(21))
- Investment Management Services (ERISA 3(38))
- Performance Reporting
- Ongoing Investment Recommendation and Assistance
- ERISA 404(c) Assistance

Blue Rock RiversEdge may provide investment advisory services on behalf of the Plan and Plan Sponsor, which may be in either a 3(21) or 3(38) context depending on whether or not the Advisor is also providing discretionary investment management over the Plan assets. For 3(38) services, the Advisor shall have the discretion to select the investments for the Plan and/or make investment decisions on behalf of Plan Participants.

These services are provided by Blue Rock RiversEdge serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of Blue Rock RiversEdge's fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

C. Client Account Management

Prior to engaging Blue Rock RiversEdge to provide advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Blue Rock RiversEdge will work with each Client to develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – Blue Rock RiversEdge will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Blue Rock RiversEdge will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.

- **Investment Management and Supervision** – Blue Rock RiversEdge will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

Blue Rock RiversEdge does not manage or place Client assets into a wrap fee program.

E. Assets Under Management

As of December 31, 2019, Blue Rock RiversEdge manages \$190,000,000 in Client assets, \$170,000,000 of which are managed on a discretionary basis and \$20,000,000 on a non-discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign one or more agreements that detail the responsibilities of Blue Rock RiversEdge and the Client.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid quarterly, at the end of each calendar quarter, pursuant to the terms of the investment advisory agreement. Fees are based on the closing market value of the assets under management in the account[s] and the end of each calendar quarter based on the following schedule:

Assets Under Management	Annual Fee (%)
Up to \$1,000,000	1.50%
Next \$1,000,001 to \$2,000,000	1.25%
Next \$2,000,001 to \$3,000,000	1.00%
Next \$3,000,001 to \$4,000,000	0.85%
Next \$4,000,001 to \$5,000,000	0.70%
Next \$5,000,001 to \$7,500,000	0.60%
Over \$7,500,000	0.50%

The investment advisory fee in the first month of service is prorated from the inception date of the Client's account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Blue Rock RiversEdge will be independently valued by the Custodian. Blue Rock RiversEdge will not have the authority or responsibility to value portfolio securities.

Clients may make additions to and withdrawals from their account[s] at any time, subject to Blue Rock RiversEdge's right to terminate an account. Additions may be in cash or securities provided that Blue Rock RiversEdge reserves the right to liquidate any transferred securities or decline to accept particular securities into a Client's account[s]. Clients may withdraw account assets on notice to Blue Rock RiversEdge, subject to the usual and customary securities settlement procedures. However, Blue Rock RiversEdge designs its portfolios as long-term investments and the withdrawal of assets may impair the achievement of a Client's investment objectives. Blue Rock RiversEdge may consult with its Clients about the options and ramifications of transferring securities. However, Clients are advised that when transferred securities are liquidated, they are subject to transaction fees, fees assessed at the mutual fund level (i.e. contingent deferred sales charge) and/or tax ramifications.

The Advisor's fee is exclusive of, and in addition to any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5.C below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs. For certain Clients, financial planning services are included in investment advisory fee.

Financial Planning Services

Blue Rock RiversEdge offers financial planning services through several types of engagement methods. The Advisor may offer its financial planning services on an hourly basis, a fixed project fee or as an annual/ongoing engagement. Hourly engagements are billed at a rate ranging from \$50 to \$1,000 per hour, based on the complexity of the services to be provided and the experience level of the Advisory Person. Fixed fee engagements are negotiated based on the

expected number of hours to complete the engagement at the negotiated hourly rate. Annual/ongoing engagements start with a financial plan that is billed as a fixed fee ranging from \$1,000 to \$20,000, depending on the scope and complexity of the Client engagement. After the delivery of the initial financial plan, the ongoing fee ranges up to \$1,000 per month, based on the complexity and scope of the ongoing services. Fees may be negotiable at the sole discretion of the Advisor. An estimate for total hours and/or costs will be provided to the Client prior to engaging for these services. In all financial planning engagements clients are charged an initial \$1,000, with any balance due collected at the completion of the engagement.

Retirement Plan Advisory Services

3(21) Advisory Services

Fees for retirement plan advisory services are charged an annual asset-based fee of up to 1.00% and are billed quarterly, at the end of each calendar quarter, based on the fair market value of Plan assets supervised by the Advisor at the end of the quarter. The fees in the first quarter of the Agreement shall be prorated from the inception date to the end of the first quarter.

In certain engagements, the Advisor may offer a fixed quarterly fee for its services. Fees may be negotiable depending on the size and complexity of the Plan. These fees may be collected quarterly in arrears based on the Plan Agreement.

3(38) Advisory Services

Fees for retirement plan advisory services are charged an annual asset-based fee and billed quarterly, at the end of each calendar quarter, based on the fair market value of Plan assets supervised by the Advisor at the end of the quarter. The fees in the first quarter of the Agreement shall be prorated from the inception date to the end of the first quarter. Fees are based on the following schedule:

Assets Under Management	Annual Fee (%)
Up to \$1,000,000	1.50%
Next \$1,000,001 to \$2,000,000	1.25%
Next \$2,000,001 to \$3,000,000	1.00%
Next \$3,000,001 to \$4,000,000	0.85%
Next \$4,000,001 to \$5,000,000	0.70%
Next \$5,000,001 to \$7,500,000	0.60%
Over \$7,500,000	0.50%

In certain engagements, the Advisor may offer a fixed annual fee for its services. Fees may be negotiable depending on the size and complexity of the Plan. These fees may be collected quarterly in arrears based on the Plan Agreement.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The amount due is calculated by applying the quarterly rate (annual rate divided by four) to the assets under management at the end of the quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. Clients provide written authorization permitting advisory fees to be deducted by Blue Rock RiversEdge to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

Fees for project-based hourly and fixed fee financial planning engagements will be invoiced \$1,000 upon execution of the financial planning agreement with the balance due upon completion of the engagement deliverable[s]. Fees for annual/ongoing financial planning engagements require an initial planning fee of \$1,000 and the ongoing fees be paid monthly or annually in arrears based on the Client agreement. Certain Clients may have their planning fees included with their overall investment advisory fees. The Advisor does not collect advance fees of \$1,200 or more for any services that will be completed six (6) months or more in advance.

Retirement Plan Advisory Services

Retirement plan advisory fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Blue Rock RiversEdge, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all securities execution and custody fees charged by the Custodian, if applicable. The Advisor's recommended Custodian does not charge securities transaction fees for ETF and equity trades in a Client's account, provided that the account meets the terms and conditions of the Custodian's brokerage requirements. However, the Custodian typically charges for certain mutual funds and other types of investments. The fees charged by Blue Rock RiversEdge are separate and distinct from these custody and execution fees.

In addition, all fees paid to Blue Rock RiversEdge for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client should review both the fees charged by the fund[s] and the fees charged by Blue Rock RiversEdge to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information. Additionally, as noted above, the Advisor will select share classes which do not have trading costs, but do have higher internal expense ratios than institutional share classes.. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Management Services

Blue Rock RiversEdge is compensated for its investment advisory services at the end of the quarter in which investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. Upon termination, the Client shall be responsible for investment advisory fees up to and including the effective date of termination. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

Blue Rock RiversEdge will be partially compensated for its financial planning services in advance of providing services. Either party may terminate the financial planning agreement, at any time, by providing advance written notice to the other party. Upon termination, the Client shall be responsible for planning fees based on the hours incurred or in the event of a fixed fee, the percentage of the engagement completed. For ongoing planning services, fees are prorated up to and including the effective day of termination. The initial planning fee is based on a percentage of the plan completed. Upon termination, the Advisor will refund any unearned, prepaid fees. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services

Blue Rock RiversEdge is compensated for its retirement plan advisory services at the end of the quarter, after advisory services are rendered. Either party may terminate the retirement plan advisory agreement, at any time, by providing advance written notice to the other party. The Client shall be responsible for investment advisory fees up to and including the effective date of termination. The Client's retirement plan advisory agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Blue Rock RiversEdge does not buy or sell securities to generate commissions and does not receive a portion of the fees paid by Clients for securities transactions.

Jarrett Morris is also a registered representative of Purshe Kaplan Sterling Investments, Inc. ("PKS"), a securities broker-dealer, and a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC"). In one's separate capacity as a registered representative of PKS, Mr. Morris will implement securities transactions under PKS and not through Blue Rock RiversEdge. In such instances, Mr. Morris will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by Mr. Morris in his capacity as a registered representative is separate from and in addition to Blue Rock RiversEdge's advisory fees. This practice presents a conflict of interest because Mr. Morris is a registered representative has an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on the Client. Clients are not obligated to implement any recommendation provided by Mr. Morris. Neither the Advisor nor Mr. Morris will earn ongoing

investment advisory fees in connection with any products or services implemented in Mr. Morris's separate capacity as a registered representative. Please see Item 10 - Other Financial Industry Activities and Affiliations.

Certain Advisory Persons are also licensed as independent insurance professionals. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by Advisory Persons are separate and in addition to advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of the Advisor, who are insurance agents have an incentive to recommend insurance products to Clients for the purpose of generating commissions rather than solely based on the Client's needs. However, Clients are under no obligation, contractually or otherwise, to purchase insurance products through any person affiliated with the Advisor. Please see Item 10 – Other Financial Industry Activities and Affiliations.

Item 6 – Performance-Based Fees and Side-By-Side Management

Blue Rock RiversEdge does not charge performance-based fees for its investment advisory services. The fees charged by Blue Rock RiversEdge are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

Blue Rock RiversEdge does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Blue Rock RiversEdge offers advisory services to individuals, high net worth individuals, families, trusts, estates, businesses, and retirement plans. The amount of each type of Client is available on Blue Rock RiversEdge's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. Blue Rock RiversEdge generally does not impose a minimum size for establishing a relationship. However, certain investments and strategies may require certain minimums for effective implementation.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Blue Rock RiversEdge primarily employs a fundamental analysis method in developing investment strategies for its Clients. Research and analysis from Blue Rock RiversEdge are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

As noted above, Blue Rock RiversEdge generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Blue Rock RiversEdge will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Blue Rock RiversEdge may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Blue Rock RiversEdge will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Below are some of the risks associated with the Advisor's investment approach:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs have a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Blue Rock RiversEdge or its management persons Blue Rock RiversEdge values the trust Clients place in the Advisor. The Advisor encourage Clients to perform the requisite due diligence on any advisor or service provider with whom the Client engages. The backgrounds of the Advisor and its Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's name or CRD# 298390.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

As noted in Item 5, Mr. Morris is also a registered representative of PKS. In Mr. Morris's separate capacity as a registered representative, Mr. Morris will receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by Mr. Morris of Blue Rock RiversEdge. Neither Blue Rock RiversEdge nor Mr. Morris will earn ongoing investment advisory fees in connection with any services implemented in the Mr. Morris's separate capacity as a registered representative. Under supervision by PKS, PKS may have access to certain confidential information of the Client, including, but not limited to financial information, investment objectives, transactions and holdings information.

Insurance Agency Affiliations

As noted in Item 5, certain Advisory Persons of Blue Rock RiversEdge will serve as licensed insurance professionals. Implementations of insurance recommendations are separate and apart from an Advisory Person's role with Blue Rock RiversEdge. As insurance professionals, Advisory Persons will receive customary commissions

and other related revenues from the various insurance companies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. This practice presents a conflict of interest in recommending insurance products. Clients are under no obligation to implement any recommendations made the Advisor or by its Advisory Persons.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Blue Rock RiversEdge has implemented a Code of Ethics (the “Code”) that defines the Advisor’s fiduciary commitment to each Client. This Code applies to all persons associated with Blue Rock RiversEdge (“Supervised Persons”). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor’s duties to the Client. Blue Rock RiversEdge and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Blue Rock RiversEdge associates to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (302) 660-3350.

B. Personal Trading with Material Interest

Blue Rock RiversEdge allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Blue Rock RiversEdge does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Blue Rock RiversEdge does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Blue Rock RiversEdge allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Blue Rock RiversEdge requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer (“CCO”) or delegate. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Blue Rock RiversEdge allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterward. At no time will any associated person of Blue Rock RiversEdge, transact in any security to the detriment of any Client.

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Blue Rock RiversEdge does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the “Custodian”) to safeguard Client assets and authorize Blue Rock RiversEdge to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, Blue Rock RiversEdge does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where Blue Rock RiversEdge does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not

recommended by Blue Rock RiversEdge. As its Advisory Persons are also registered representatives of PKS, Blue Rock RiversEdge and its Advisory Persons are limited in the Custodians in which they can recommend to Clients.

Blue Rock RiversEdge will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"), a FINRA-registered broker-dealer and member SIPC. Schwab will serve as the Client's "qualified custodian". Schwab may enable the Advisor to obtain many mutual funds without transaction charges and other securities at nominal transaction charges. The commissions and/or transaction fees charged by Schwab may be higher or lower than those charged by other financial institutions. The Advisor maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. Blue Rock RiversEdge does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian, but does receive economic benefits from Schwab. Please see Item 14 below.

2. Brokerage Referrals - Blue Rock RiversEdge does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Blue Rock RiversEdge will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Blue Rock RiversEdge will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required. Blue Rock RiversEdge will execute its transactions through the Custodian, unless otherwise instructed in writing by the Client.

Blue Rock RiversEdge may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Clients' accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Principals of the Advisor and periodically by the CCO. The CCO also has oversight of investment advisory processes. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client. Clients are offered an annual financial plan, subject to scope of their agreement with the Advisor.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Blue Rock RiversEdge if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Blue Rock RiversEdge

Blue Rock RiversEdge does not receive securities commissions from product sponsors, broker-dealers or any unrelated third party. Blue Rock RiversEdge may refer Clients to various third parties to provide certain financial services necessary to meet the goals of its Clients. Likewise, Blue Rock RiversEdge may receive referrals of new Clients from a third-party.

Participation in Institutional Advisor Platform

Blue Rock RiversEdge has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Blue Rock RiversEdge. As a registered investment advisor participating on the Schwab Advisor Services platform, Blue Rock RiversEdge receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and financial support to Blue Rock RiversEdge that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. Blue Rock RiversEdge believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

B. Client Referrals from Solicitors

The Advisor does not engage paid solicitors.

Item 15 – Custody

Blue Rock RiversEdge does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fee. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Blue Rock RiversEdge to utilize the Custodian for the Client's security transactions. Blue Rock RiversEdge encourages Clients to review statements provided by the Custodian. For more information about custodians and brokerage practices, see Item 12 below.

Item 16 – Investment Discretion

Blue Rock RiversEdge generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Blue Rock RiversEdge. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an Investment Advisory Agreement containing all applicable limitations to such authority. All discretionary trades made by Blue Rock RiversEdge will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Blue Rock RiversEdge does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Blue Rock RiversEdge, nor its management, have any adverse financial situations that would reasonably impair the ability of Blue Rock RiversEdge to meet all obligations to its Clients. Neither Blue Rock RiversEdge, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise. Blue Rock RiversEdge is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.
