Item 4 – Advisory Services

A. Firm Information

Icon Wealth Partners, LLC (“Icon” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor is organized as a Limited Liability Company (“LLC”) under the laws of the State of Delaware. Icon was founded in August 2016, and is owned and operated by Blake A. Pratz (Managing Member and Chief Compliance Officer), Mark B. McAdams (Managing Member) and Stephen T. Schwarzbach (Managing Member). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Icon.

B. Advisory Services Offered

Icon offers investment advisory services to individuals, high net worth individuals, trusts and estates (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Icon’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Advisory Services

Icon provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. Icon works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to determine an appropriate portfolio strategy. Icon will either utilize one or more unaffiliated investment managers or investment platforms (collectively “Independent Managers”) to manage a portion the Client’s portfolio (as described below) or place Client assets into one of Icon’s model portfolios to achieve the Client’s investment goals. Additionally, on an as needed basis, the Advisor may provide Clients with a financial plan based on the Client’s financial goals, objectives and other financial matters.

Internal Investment Management – Icon’s various model portfolios consist primarily of low-cost, exchange-traded funds (“ETFs”). The Advisor may also utilize mutual funds, private investments, individual stocks and/or bonds to meet the needs of its Clients. The Advisor may retain certain legacy investments based on portfolio fit and/or tax considerations. Due to specific custodial or mutual fund company constraints or material tax consideration, Icon will utilize or retain a mutual fund share class that does not have trading costs, but does have higher internal expense ratios than institutional share classes. Icon will seek to select the lowest cost share class available that is in the best interest of each Client and will ensure the selection aligns with the Client’s financial objectives and stated investment guidelines.

Icon’s investment approach is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. Icon will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Icon evaluates and selects investments for inclusion in Client model portfolios only after applying its internal due diligence process. Icon may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Icon may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Icon may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

At no time will Icon accept or maintain custody of a Client's funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. For additional information, please see Item 12 – Brokerage Practices.

Use of Independent Managers – When deemed to be in the Client's best interest, Icon will recommend that Clients utilize Independent Managers for all or a portfolio of a Client's investment portfolio, based on the Client's needs and objectives. In such instances, the Client will be required to authorize and enter into an advisory agreement with an Independent Manager that defines the terms in which the Independent Manager will provide its services. The Advisor will perform initial and ongoing oversight and due diligence over each Independent Manager to ensure the strategy and target allocations remain aligned with the Client's investment objectives and overall best interests. The Advisor will also assist in the development of the initial policy recommendations and managing the ongoing Client relationship. The Client, prior to entering into an agreement with an Independent Manager, will be provided with the Independent Manager's Form ADV 2A – Disclosure Brochure (or other brochure that makes the appropriate disclosures).

C. Client Account Management

Prior to engaging Icon to provide investment advisory services, each Client is required to enter into an investment advisory agreement with the Advisor that defines the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Icon, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and destinations.
- Asset Allocation – Icon will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk of each Client.
- Portfolio Construction – Icon will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Icon will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

Icon does not manage or place Client assets into a wrap fee program. Investment advisory services are provided directly by Icon.

E. Assets Under Management

As of December 31, 2019, Icon manages \$852,340,239 in Client assets, all of which are managed on a discretionary basis. Clients may request more current information at any time by contacting the Advisor.

In addition, as of December 31, 2019, Advisory Persons oversee assets under advisement of \$47,574,700, which are implemented through its Advisory Person's separate capacity as registered representatives of a broker-dealer. Please see Item 5.E and Item 10 for additional information.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a written agreement with the Advisor.

A. Fees for Advisory Services

Investment Advisory Services

Investment advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the Client agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees range up to 1.75% annually based on several factors,

Icon Wealth Partners, LLC

<http://iconwp.com>

including: the complexity of the services to be provided, the level of assets to be managed, and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Icon will be independently valued by the Custodian. Icon will not have the authority or responsibility to value portfolio securities.

Clients may make additions to and withdrawals from their account[s] at any time. However, reconciliations are performed on a quarterly basis to capture if, in a given day, assets in excess of \$50,000 are deposited into or withdrawn from an account after the start of the quarterly billing period an adjustment is made in the form of a credit or debit to reflect the interim change in portfolio value for the period between the date of the deposit/withdrawal until the end of the quarter. For the initial period of an engagement, the fee is calculated on a pro rata basis through the end of the quarter. In the event the advisory agreement is terminated, the fee for the final billing period is prorated through the effective date of the termination and the unearned portion is refunded to the Client, as appropriate.

The Advisor's fee is exclusive of, and in addition to any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5.C below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Use of Independent Managers – As noted in Item 4, when deemed to be in the Client's best interest the Advisor, Icon will implement all or a portion of a Client's investment portfolio utilizing one or more Independent Managers. To eliminate any conflict of interest, the Advisor does not earn any compensation from an Independent Manager. The Advisor will only earn its investment advisory fee as described above. Independent Managers typically do not offer any fee discounts but may have a breakpoint schedule which will reduce the fee with an increased level of assets placed under management with an Independent Manager. The total blended fee, including the Advisor's fee and the Independent Manager's fee, will not exceed 2.00% annually.

B. Fee Billing

Investment Advisory Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor or its delegate shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by the number of days in the year, multiplied by the number of days in the quarter) to the total assets under management with Icon at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting Icon to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Use of Independent Managers – For Client accounts implemented through an Independent Manager, the Client's overall fees will include Icon's investment advisory fee (as noted above) plus investment management fees and/or platform fees charged by the Independent Manager. The Independent Manager will assume the responsibility for calculating the Client's fees and deducting all fees from the Client's account[s].

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Icon, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian. The Advisor's recommended Custodian does not charge securities transaction fees for ETF and equity trades in Client accounts, but typically charges for mutual funds and other types of investments. The fees charged by Icon are separate and distinct from these custody and execution fees.

In addition, all fees paid to Icon for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Icon, but would not receive the services provided by Icon which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Icon to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Advisory Services

Icon is compensated for its services in advance of the quarter in which investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers – In the event that the Advisor has determined that an Independent Manager is no longer in the Client's best interest, the Advisor will have the discretion to terminate the relationship with the Independent Manager. The terms for termination are set forth in the respective agreements between the Advisor and the Independent Managers.

E. Compensation for Sales of Securities

Icon does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Advisory Persons are also registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"). PKS is a registered broker-dealer (CRD No. 35747), member FINRA, SIPC. In one's separate capacity as a registered representative of PKS, an Advisory Person will implement securities transactions under PKS and not through Icon. In such instances, an Advisory Person will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by an Advisory Person in one's capacity as a registered representative is separate and in addition to the Advisor's fees. This practice presents a conflict of interest because an Advisory Person who is a registered representative has an incentive to implement securities transactions for the purpose of generating commissions rather than solely based on the needs of the Client. Clients are not obligated to implement any recommendation provided by the Advisor nor an Advisory Person. Neither the Advisor nor an Advisory Person will earn ongoing investment advisory fees in connection with any products or services implemented in an Advisory Person's separate capacity as a registered representative. Please see Item 10 – Other Financial Industry Activities and Affiliations.

Certain Advisory Persons are also licensed as independent insurance professionals. As an independent insurance professional, an Advisory Person will earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by these persons are separate and in addition to Icon's advisory fees. This practice presents a conflict of interest because the person providing investment advice on behalf of the Advisor who is also an insurance agent has an incentive to recommend insurance products to Clients for the purpose of generating commissions rather than solely based on Client needs. However, Clients are under no obligation, contractually or otherwise, to purchase insurance products through any Advisory Person affiliated with the Advisor. Please see Item 10 – Other Financial Industry

Activities and Affiliations.

Item 6 – Performance-Based Fees and Side-By-Side Management

Icon does not charge performance-based fees for its investment advisory services. The fees charged by Icon are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

Icon does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Icon offers investment advisory services to individuals, high net worth individuals, trusts and estates. The amount of each type of Client is available on the Advisor's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. Icon generally does not impose a minimum size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Icon primarily employs fundamental and technical analysis in developing investment strategies for its Clients. Research and analysis from Icon are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Icon will be able to accurately predict such a reoccurrence.

As noted above, Icon generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Icon will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Icon may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Icon will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment approach:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

ETFs are subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

Mutual funds are subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Private Investments

The performance of private investments can be volatile and may have limited liquidity. An investor could lose all or a portion of their investment. Such investments often have concentrated positions and investments that may carry higher risks. Client should only have a portion of their assets in these investments.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Icon or any of its management persons.

Icon values the trust you place in the Advisor. The Advisor encourages all Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor and its Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 283098.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

As noted in Item 5.E., Advisory Persons are also registered representatives of PKS. In one's separate capacity as a registered representative, an Advisory Person will receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by an Advisory Person. Neither the Advisor nor an Advisory Person will earn ongoing investment advisory fees in connection with any services implemented in an Advisory Person's separate capacity as a registered representative.

Insurance Agency Affiliations

As noted in Item 5.E., certain Advisory Persons are also licensed insurance professionals. Implementations of insurance recommendations are separate and apart from one's role with Icon. As an insurance professional, an Advisory Person will receive customary commissions and other related revenues from the various insurance companies whose products are sold. An Advisory Person is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This practice presents a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by an Advisory Persons or the Advisor.

Relationship with Dynasty Financial Partners, LLC

Icon maintains a business relationship with Dynasty Financial Partners, LLC ("Dynasty"), which provides Icon with operational and back office support including access to a network of service providers. Through the Dynasty network of service providers, Icon has access to trading technology, transition support, reporting, custody, brokerage, investments, compliance and other related services. Icon may also engage and/or recommend Dynasty's subsidiary, Dynasty Wealth Management LLC, a registered investment adviser, to clients for certain outsourced investment services, such as separate account management, asset allocation strategies and externally managed investment programs. While Icon believes this open architecture structure for both operational and investment services best serves the interests of its advisory clients, this relationship may potentially present certain conflicts of interest due to the fact that Dynasty retains a portion of the platform or other third party fees paid by Icon or clients for the services referenced above. In light of the foregoing, Icon seeks at all times to ensure that any material conflicts are addressed on a fully-disclosed basis and handled in a manner that is aligned with its Clients' best interests. Icon does not receive any portion of the fees paid directly to Dynasty, its affiliates or the service providers made available through Dynasty's platform. In addition, Icon reviews all such relationships, including the service providers engaged through Dynasty, on an ongoing basis in an effort to ensure clients are receiving competitive rates in relation to the quality and scope of the services provided.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Icon has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with Icon ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to each Client. Icon and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Icon's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (713) 904-5020 or via email at info@iconwp.com.

Phone: (713) 904-5020 * Fax: (713) 904-5040

B. Personal Trading with Material Interest

Icon allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Icon does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Icon does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Icon allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Icon requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") or delegate. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Icon allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterward. **At no time will Icon, or any Supervised Person of Icon, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Icon does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Icon to direct trades to this Custodian as agreed upon in the investment advisory agreement. Through the investment advisory agreement and Custodian agreements, the Client shall authorize Icon to access the Client's account[s] and effect securities trades. The Client may also authorize the Advisor to trade securities away from the Custodian and arrange for delivery of these securities to the Client's account[s] at the Custodian or another broker-dealer/custodian designated by the Client. For such "trade-away" arrangements, the Custodian will charge a separate trade-away fee in addition to the securities commissions. These trade-away fees are in addition to any commissions and other brokerage fees charged by the executing broker-dealer. Please see Prime Brokerage Authorization below.

Where Icon does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by Icon. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. Icon may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, its reputation, and/or the location of the Custodian's offices. As registered representatives of PKS, the Advisor may be limited in using other broker-dealers/custodians as PKS must approve the use of any outside broker-dealer/custodian. Icon will generally recommend that Clients establish their account[s] at Fidelity Clearing & Custody Solutions and related entities of Fidelity Investments, Inc. (collectively "Fidelity"), a FINRA-registered broker-dealer and member SIPC. Fidelity will serve as the Client's "qualified custodian". Icon maintains an institutional relationship with Fidelity, whereby the Advisor receives economic benefits from Fidelity. Please see Item 14 below. Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and

other services. **Icon does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the Custodian. Please see Item 14.**

2. Brokerage Referrals - Icon does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a “directed brokerage basis”, where Icon will place trades within the established account[s] at the Custodian designated by the Client. If authorized, the Advisor may trade away from the Custodian for certain investment types or strategies with the objective of obtaining more favorable execution for Clients. In such instances, Advisory Persons of the Advisor may purchase blocks of securities in their separate capacity with PKS and allocate such investments to Clients. These transactions are considered principal transactions (i.e., trade of any security from or to the Advisor’s or Advisory Person’s own account[s]). Icon does not engage in cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client’s account[s]). Icon will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

4. Prime Brokerage - The Advisor may execute securities transactions either through the Custodian or through another unaffiliated broker-dealer in connection with a prime brokerage relationship established with the Custodian. Should a Client’s account[s] make use of prime brokerage, the Client is required to execute additional agreement[s] with the Custodian authorizing the Advisor to trade-away from and settle to the Client’s established account[s] at the Custodian. The Custodian may charge an additional trade-away fee for these transactions in addition to the normal securities transaction costs.

B. Aggregating and Allocating Trades

Although Icon does not aggregate or “batch” trades, the primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Icon will execute each transaction through the Custodian designated by the Client. Icon will seek to execute securities transactions by the close of each business day and will be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Advisory Persons of Icon. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client’s request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client’s financial situation, and/or large deposits or withdrawals in the Client’s account[s]. The Client is encouraged to notify Icon if changes occur in the Client’s personal financial situation that might adversely affect the Client’s investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian’s website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client’s account[s]. The Advisor may

also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Icon

Icon may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Icon may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

Icon has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s]. Access to the Fidelity's platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment advisory services to Clients that maintain assets at Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

B. Client Referrals from Solicitors

Icon does not engage paid solicitors for Client referrals.

Item 15 – Custody

Icon does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Icon to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by Icon to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

Item 16 – Investment Discretion

Icon generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Icon. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Icon will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Icon does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Icon, nor its management have any adverse financial situations that would reasonably impair the ability of Icon to meet all obligations to its Clients. Neither Icon, nor any of its Advisory Persons have been subject to a bankruptcy or financial compromise. Icon is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.
