Item 4 Advisory Business

- A. Morton Brown Family Wealth, LLC (the “Registrant”) is a limited liability company formed in the state of Delaware in January 2018. The Registrant became registered as a registered investment advisor with the Securities and Exchange Commission in February 2018. The Registrant is principally owned by Kathryn M. Brown and Dennis Morton, Jr. Ms. Brown and Mr. Morton are the Registrant’s Co-Managing Members.

B.

INVESTMENT ADVISORY SERVICES

The Registrant provides discretionary and non-discretionary investment advisory services on a *fee* basis. Registrant’s annual investment advisory fee shall include investment advisory services, and, to the extent specifically requested by the client, financial planning and consulting services. In the event that the client requires extraordinary planning and/or consultation services (to be determined in the sole discretion of the Registrant), the Registrant may determine to charge for such additional services, the dollar amount of which shall be set forth in a separate written notice to the client.

The Registrant provides investment advisory services specific to the needs of each client. Before providing investment advisory services, an investment adviser representative will ascertain each client’s investment objectives. Thereafter, the Registrant will recommend that the client allocate investment assets consistent with the designated investment objectives. The Registrant primarily recommends that clients allocate investment assets among various individual equity (stocks), debt (bonds) and fixed income securities, mutual funds and/or exchange traded funds (“ETFs”) in accordance with the client’s designated investment objective(s). Once allocated, the Registrant provides ongoing monitoring and review of account performance, asset allocation and client investment objectives.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

The Registrant may provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone separate fee basis. The Registrant offers financial planning on a project and ongoing basis.

Prior to engaging the Registrant to provide planning or consulting services, clients are generally required to enter into a consulting agreement with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the portion of the fee that is due from the client prior to Registrant commencing services. If requested by the client, Registrant may recommend the services of other professionals for implementation purposes, including certain of the Registrant’s representatives in their individual capacities as licensed insurance agents (See disclosure at Item 10.C below). The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant.

If the client engages any recommended unaffiliated professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. At all times, the engaged licensed professional(s)

(i.e. attorney, accountant, insurance agent, etc.), and not the Registrant, shall be responsible for the quality and competency of the services provided.

It remains the client's responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant's previous recommendations and/or services.

Miscellaneous

Limitations of Financial Planning and Non-Investment Consulting/Implementation Services. As indicated above, to the extent requested by a client, Registrant will generally provide financial planning and related consulting services inclusive of it advisory fee as set forth at Item 5 below (exceptions may occur based upon assets under management, special projects, etc. for which the Registrant may charge a separate fee). However, neither the Registrant nor its investment adviser representatives assist clients with the implementation of any financial plan, unless they have agreed to do so in writing. The Registrant does not monitor a client's financial plan, and it is the client's responsibility to revisit the financial plan with the Registrant, if desired.

Furthermore, although the Registrant may provide recommendations regarding non-investment related matters, such as estate planning, tax planning and insurance, the Registrant does not serve as an attorney or accountant, and no portion of its services should be construed as legal or accounting services. Accordingly, the Registrant does not prepare estate planning documents or tax returns.

To the extent requested by a client, the Registrant may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, insurance, etc.), including certain of the Registrant's representatives in their individual capacities as licensed insurance agents (See disclosure at Item 10.C below). The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from Registrant and/or its representatives.

If the client engages any recommended unaffiliated professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. At all times, the engaged licensed professional(s) (i.e. attorney, accountant, insurance agent, etc.), and not the Registrant, shall be responsible for the quality and competency of the services provided.

Non-Discretionary Service Limitations. Clients that determine to engage the Registrant on a non-discretionary investment advisory basis must be willing to accept that the Registrant cannot effect any account transactions without obtaining prior consent to any such transaction(s) from the client. Thus, in the event of a market correction during which the client is unavailable, the Registrant will be unable to effect any account transactions (as it would for its discretionary clients) without first obtaining the client's consent.

Independent Managers. Registrant may allocate (and/or recommend that the client allocate) a portion of a client's investment assets among unaffiliated independent investment managers ("Independent Manager(s)") in accordance with the client's designated investment objective(s). In such situations, the Independent Manager(s) will

have day-to-day responsibility for the active discretionary management of the allocated assets. Registrant will continue to render investment supervisory services to the client relative to the ongoing monitoring and review of account performance, asset allocation and client investment objectives.

The Registrant generally considers the following factors when recommending Independent Manager(s): the client's designated investment objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research. The investment management fees charged by the designated Independent Manager(s) are exclusive of, and in addition to, Registrant's ongoing investment advisory fee, which will be disclosed to the client before entering into the Independent Manager engagement and/or subject to the terms and conditions of a separate agreement between the client and the Independent Manager(s).

Use of Mutual and Exchange Traded Funds: Most mutual funds and exchange traded funds are available directly to the public. Therefore, a prospective client can obtain many of the funds that may be utilized by Registrant independent of engaging Registrant as an investment advisor. However, if a prospective client determines to do so, he/she will not receive Registrant's initial and ongoing investment advisory services.

In addition to Registrant's investment advisory fee described below, and transaction and/or custodial fees discussed below, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses).

eMoney Advisor Platform. Registrant may provide its clients with access to an online platform hosted by "eMoney Advisor" ("eMoney"). The eMoney platform allows a client to view their complete asset allocation, including those assets that Registrant does not manage (the "Excluded Assets"). Registrant does not provide investment management, monitoring, or implementation services for the Excluded Assets. Unless otherwise specifically agreed to, in writing, Registrant's service relative to the Excluded Assets is limited to reporting only. Therefore, Registrant shall not be responsible for the investment performance of the Excluded Assets. Rather, the client and/or their advisor(s) that maintain management authority for the Excluded Assets, and not Registrant, shall be exclusively responsible for such investment performance. Without limiting the above, the Registrant shall not be responsible for any implementation error (timing, trading, etc.) relative to the Excluded Assets. The client may choose to engage Registrant to manage some or all of the Excluded Assets pursuant to the terms and conditions of an advisory agreement between Registrant and the client. The eMoney platform also provides access to other types of information and applications including financial planning concepts and functionality, which should not, in any manner whatsoever, be construed as services, advice, or recommendations provided by Registrant. Finally, Registrant shall not be held responsible for any adverse results a client may experience if the client engages in financial planning or other functions available on the eMoney platform without Registrant's assistance or oversight.

Portfolio Activity. Registrant has a fiduciary duty to provide services consistent with the client's best interest. As part of its investment advisory services, Registrant will review client portfolios on an ongoing basis to determine if any changes are necessary based upon various factors, including, but not limited to, investment performance, fund manager tenure, style drift, account additions/withdrawals, and/or a change in the client's

investment objective. Based upon these factors, there may be extended periods of time when Registrant determines that changes to a client's portfolio are neither necessary nor prudent. Clients nonetheless remain subject to the fees described in Item 5 below during periods of account inactivity.

Cash Positions. Depending upon perceived or anticipated market conditions/events (there being no guarantee that such anticipated market conditions/events will occur), the Registrant may maintain cash and cash equivalent positions (such as money market funds) for defensive and liquidity purposes. Unless otherwise agreed in writing, all such cash positions are included as part of assets under management for purposes of calculating the Registrant's advisory fee.

Retirement Plan Rollovers—Conflict of Interest: A client or prospective client leaving an employer typically has four options regarding an existing retirement plan (and may engage in a combination of these options): (i) leave the money in the former employer's plan, if permitted, (ii) roll over the assets to the new employer's plan, if one is available and rollovers are permitted, (iii) roll over to an Individual Retirement Account ("IRA"), or (iv) cash out the account value (which could, depending upon the client's age, result in adverse tax consequences). If the Registrant recommends that a client roll over their retirement plan assets into an account to be managed by the Registrant, such a recommendation creates a conflict of interest if the Registrant will earn an advisory fee on the rolled over assets. No client is under any obligation to roll over retirement plan assets to an account managed by Registrant.

Client Obligations. In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains their responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant's previous recommendations and/or services.

Disclosure Statement. A copy of the Registrant's written Brochure as set forth on Part 2 of Form ADV shall be provided to each client prior to the execution of any advisory agreement.

- C. The Registrant shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, the Registrant shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at any time, impose reasonable restrictions, in writing, on the Registrant's services.
- D. The Registrant does not participate in a wrap fee program.
- E. As of December 31, 2019, the Registrant had \$139,894,750 in assets under management on a discretionary basis and \$150,076 in assets under management on a non-discretionary basis.

Item 5 Fees and Compensation

A.

INVESTMENT ADVISORY SERVICES

The Registrant provides discretionary investment advisory services on a *fee* basis. The Registrant's annual investment advisory fee is based upon a percentage (%) of the market value of the client's assets placed under the Registrant's management. The Registrant's fee shall generally be between 0.50% and 1.50% of the client's assets under management.

The Registrant's investment advisory fee is negotiable at Registrant's discretion, depending upon objective and subjective factors including but not limited to: the amount of assets to be managed; portfolio composition; the scope and complexity of the engagement; the anticipated number of meetings and servicing needs; related accounts; future earning capacity; anticipated future additional assets; the professional(s) rendering the service(s); prior relationships with the Registrant and/or its representatives, and negotiations with the client. As a result of these factors, similarly situated clients could pay different fees, the services to be provided by the Registrant to any particular client could be available from other advisers at lower fees, and certain clients may have fees different than those specifically set forth above.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

The Registrant provides financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone fee basis. The Registrant may be engaged on either a project or ongoing basis.

Registrant's planning and consulting fees are negotiable, but generally range from negotiable up to \$300 per hour, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s), when engaged on a project basis. When engaged on an ongoing basis, the Registrant shall charge a flat annual fee, generally ranging from \$2,500 up to \$15,000, which shall be paid monthly in advance.

- B. Clients may elect to have the Registrant's advisory fees deducted from their custodial account. Both Registrant's Agreement and the custodial/clearing agreement may authorize the custodian to debit the account for the amount of the Registrant's investment advisory fee and to directly remit that advisory fee to the Registrant in compliance with regulatory procedures. In the limited event that the Registrant bills the client directly, payment is due upon receipt of the Registrant's invoice. The Registrant shall deduct fees and/or bill clients monthly in advance, based upon the market value of the assets on the last business day of the previous month.
- C. As discussed below, unless the client directs otherwise or an individual client's circumstances require, Registrant shall generally recommend that Charles Schwab & Co. Inc. ("*Schwab*") serve as the broker-dealer/custodian for client investment management assets. Broker-dealers such as *Schwab* charge transaction fees for effecting certain securities transactions.

In addition to the Registrant's investment management fee and/or transaction fees, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses). Clients engaging *Independent Managers* will incur additional investment advisory fees.

- D. Registrant's annual investment advisory fee shall be prorated and paid monthly, in advance, based upon the market value of the assets on the last business day of the previous month.

With the exception of a financial planning engagement on a project basis, which may also automatically terminate upon the completion of the project, agreements between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the Agreement. Upon termination, the Registrant shall refund the pro-rated portion of any advanced advisory fee paid to the Registrant based upon the number of days remaining in the billing month.

- E. Neither the Registrant, nor its representatives accept compensation from the sale of securities or other investment products.

Item 6 Performance-Based Fees and Side-by-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Item 7 Types of Clients

The Registrant's clients shall generally include individuals, business entities, and trusts, estates.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

- A. The Registrant may utilize the following methods of security analysis:
- Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)

The Registrant may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)

Investment Risk. Investing in securities involves risk of loss that clients should be prepared to bear. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

- B. The Registrant's methods of analysis and investment strategies do not present any significant or unusual risks. However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases and Short Term Purchases are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy.

- C. Currently, the Registrant primarily recommends that clients allocate investment assets among various individual equity (stocks), debt (bonds) and fixed income securities, mutual funds and/or exchange traded funds ("ETFs") on a discretionary and/or non-discretionary basis in accordance with the client's designated investment objective(s).

Transactions involve the risk of loss of capital and contain transaction costs associated with conducting trades and the settlement process as well as potential tax consequences. It is not the intent of the investment strategy or process to result in frequent trading of securities, however more frequent or shorter-term holding periods may occur if market conditions change quickly or valuations are altered unexpectedly. A client's investment portfolio will fluctuate in value as market conditions change and the client could lose all or a portion of the value of the investment portfolio over short or long periods of time.

Item 9 Disciplinary Information

The Registrant has not been the subject of any disciplinary actions.

Item 10 Other Financial Industry Activities and Affiliations

- A. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer.
- B. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.
- C. **Licensed Insurance Agency/Agents.** The Registrant is separately licensed as an insurance agency. Furthermore, certain of the Registrant's representatives, in their individual capacities, are licensed insurance agents. The Registrant and/or its representatives may recommend the purchase of certain insurance-related products on a

commission basis. As referenced in Item 4.B above, clients can engage certain of Registrant's representatives to purchase insurance products on a commission basis.

Conflict of Interest: The recommendation by representatives of the Registrant that a client purchase an insurance commission product presents a conflict of interest, as the receipt of commissions may provide an incentive to recommend investment products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from representatives of the Registrant or through the Registrant in its capacity as a licensed insurance agency. Clients are reminded that they may purchase insurance products recommended by Registrant through other, non-affiliated insurance agencies and/or agents.

- D. The Registrant does not receive, directly or indirectly, compensation from investment advisors that it recommends or selects for its clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's Representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

- B. Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.
- C. The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. Practices such as "scalping" (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, "front-running" (i.e., personal trades executed prior to those of the Registrant's clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant's "Access Persons". The Registrant's securities transaction policy requires that an Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person's

current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects; provided, however that at any time that the Registrant has only one Access Person, he or she shall not be required to submit any securities report described above.

- D. The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. As indicated above in Item 11 C, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant's Access Persons.

Item 12 Brokerage Practices

- A. In the event that the client requests that Registrant recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct Registrant to use a specific broker-dealer/custodian), Registrant generally recommends that investment management accounts be maintained at *Schwab*. Prior to engaging Registrant to provide investment management services, the client will be required to enter into a formal advisory agreement with the Registrant setting forth the terms and conditions under which Registrant shall manage the client's assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that Registrant considers in recommending *Schwab* (or any other broker-dealer/custodian to clients) include historical relationship with Registrant, financial strength, reputation, execution capabilities, pricing, research, and service. Although the commissions and/or transaction fees paid by Registrant's clients shall comply with Registrant's duty to seek best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where Registrant determines, in good faith, that the commission/transaction fee is reasonable. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Registrant's investment management fee. Registrant's best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

1. Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant receives from *Schwab* (or another broker-dealer/custodian, investment platform, unaffiliated investment manager, vendor, unaffiliated product/fund sponsor, or vendor) without cost (and/or at a discount) support services and/or products, certain of which assist Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by Registrant may be investment-related research,

pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products received may assist Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist Registrant to manage and further develop its business enterprise.

There is no corresponding commitment made by Registrant to *Schwab* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

As indicated above, certain of the support services and/or products received may assist Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist Registrant to manage and further develop its business enterprise.

There is no corresponding commitment made by Registrant to *Schwab* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

2. Registrant does not receive referrals from broker-dealers.
3. Registrant does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and Registrant will not seek better execution services or prices from other broker-dealers or be able to “batch” the client's transactions for execution through other broker-dealers with orders for other accounts managed by Registrant. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

In the event that the client directs Registrant to effect securities transactions for the client's accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Registrant. Higher transaction costs adversely impact account performance.

Transactions for directed accounts will generally be executed following the execution of portfolio transactions for non-directed accounts.

- B. To the extent that the Registrant provides investment management services to its clients, the transactions for each client account generally will be effected independently, unless the Registrant decides to purchase or sell the same securities for several clients at

approximately the same time. The Registrant may (but is not obligated to) combine or “bunch” such orders to seek best execution, to negotiate more favorable commission rates or to allocate equitably among the Registrant’s clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. The Registrant shall not receive any additional compensation or remuneration as a result of such aggregation.

Item 13 Review of Accounts

- A. For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on an ongoing basis by the Registrant’s Co-Managing Members and/or representatives. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.
- B. The Registrant may conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.
- C. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Item 14 Client Referrals and Other Compensation

- A. As referenced in Item 12.A.1 above, the Registrant receives an economic benefit from broker-dealers. The Registrant, without cost (and/or at a discount), receives support services and/or products from broker-dealers.

There is no corresponding commitment made by the Registrant to a broker-dealer or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant’s Chief Compliance Officer, Kathryn Brown, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding conflict of interest.

- B. Neither Registrant nor any of its representatives compensates any person other than its supervised persons for client referrals.

Item 15 Custody

The Registrant shall have the ability to have its advisory fee for each client debited by the custodian on a monthly basis. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

To the extent that the Registrant provides clients with periodic account statements or reports, the client is urged to compare any statement or report provided by the Registrant with the account statements received from the account custodian.

The account custodian does not verify the accuracy of the Registrant's advisory fee calculation.

Item 16 Investment Discretion

The client can determine to engage the Registrant to provide investment advisory services on a discretionary basis. Prior to the Registrant assuming discretionary authority over a client's account, the client shall be required to execute an *Investment Advisory Agreement*, naming the Registrant as the client's attorney and agent in fact, granting the Registrant full authority to buy, sell, or otherwise effect investment transactions involving the assets in the client's name found in the discretionary account.

Clients who engage the Registrant on a discretionary basis may, at any time, impose restrictions, in writing, on the Registrant's discretionary authority (i.e. limit the types/amounts of particular securities purchased for their account, exclude the ability to purchase securities with an inverse relationship to the market, limit or proscribe the Registrant's use of margin, etc.).

Item 17 Voting Client Securities

- A. The Registrant does not vote client proxies. Clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets.
- B. Clients will receive their proxies or other solicitations directly from their custodian. Clients may contact the Registrant to discuss any questions they may have with a particular solicitation.

Item 18 Financial Information

- A. The Registrant does not require clients to pay fees of more than \$1,200, per client, six months or more in advance.
- B. The Registrant is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.
- C. The Registrant has not been the subject of a bankruptcy petition.
