Item 4 Services, Fees and Compensation

A.

PFS PARTNERS WRAP PROGRAM

The Registrant sponsors the PFS Partners Wrap Program (the “Program”) through which it offers discretionary or non-discretionary investment management services on a wrap fee basis. Under the Program, the Registrant is able to offer participants discretionary or non-discretionary investment management services, for a single specified annual Program fee, inclusive of trade execution, custody, reporting, account maintenance, investment management fees, and in some instances, fees charged by independent managers and/or separately managed accounts.

However, clients may be responsible for, but not limited to, fees for trades executed away from the account’s custodian, trustee fees, mutual fund internal expenses, ETF internal expenses, mark-ups, mark-downs, transfer taxes, fees charged by independent managers and/or separately managed accounts (when such managers require the client to enter into a dual contract relationship) odd lot differentials, exchange fees, interest charges, American Depository Receipt agency processing fees, and any charges, taxes or other fees mandated by any federal, state or other applicable law or otherwise agreed to with regard to client accounts (Such fees are in addition to any fees paid by the client to the Registrant and are between the client and the account custodian). Furthermore, clients who maintain a retirement account with their custodian are generally charged an annual maintenance fee. Clients are charged approximately \$35.00 to \$40.00 per year to maintain a retirement account with NFS. These fees are in addition to the Registrant’s Program fee.

The current annual Program fee ranges from negotiable to 1.50%, based upon various objective and subjective factors, including but not limited to: the representative assigned to the account, the amount of assets to be invested, the complexity of the engagement, the anticipated number of meetings and servicing needs, related accounts, future earning capacity, anticipated future additional assets, householding of accounts at the Registrant’s discretion and negotiations with the client. As a result, Registrant’s clients could pay diverse fees based upon the market value of their assets, the complexity of the engagement, and the level and scope of the overall investment advisory services to be rendered. As a result of these factors, the services to be provided by the Registrant to any particular client could be available from other advisers at lower fees. All clients and prospective clients should be guided accordingly.

Participation in the Program may cost more or less than purchasing such services separately. When managing a client’s account on a wrap fee basis, the Registrant shall receive as payment for its asset management services, the balance of the wrap fee after all other non-excluded costs (including account transaction fees) incorporated into the wrap fee have been deducted. The Program fee charged by the Registrant for participation in the Program may be higher or lower than those charged by other sponsors of comparable wrap fee programs.

Wrap Program-Conflict of Interest. Under the Registrant’s wrap program, the client generally receives investment advisory services, the execution of securities brokerage

transactions, custody and reporting services for a single specified fee. When managing a client's account on a wrap fee basis, the Registrant shall receive as payment for its investment advisory services, the balance of the wrap fee after all other costs incorporated into the wrap fee have been deducted.

Because wrap program transaction fees and/or commissions are being paid by the Registrant to the account custodian/broker-dealer, the Registrant has an economic incentive to maximize its compensation by seeking to minimize the number of trades in the client's account.

Under the Program, the Registrant shall be provided with written authority to determine which securities and the amounts of securities that are bought or sold. Any limitations on this authority shall be included in the written agreement between each client and the Registrant. Clients may change/amend these limitations, in writing, at any time. The client shall have reasonable access to one of the Registrant's investment professionals to discuss their account.

National Financial Services, LLC ("NFS"), a Fidelity Investments company, shall serve as the custodian for Program accounts.

Fee Calculation: The fee charged is calculated as described above and is not charged on the basis of a share of capital gains upon or capital appreciation of the funds or any portion of the funds of an advisory client, pursuant to Section 205(a)(1) of the Investment Advisers Act of 1940, as amended (hereinafter the "Act").

Fee Payment: Clients will be charged in advance at the beginning of each calendar quarter based upon the value (market value or fair market value in the absence of market value, plus any credit balance or minus any debit balance), of the client's account at the end of the previous quarter. The Registrant shall make adjustments to its quarterly fee based upon inflows and outflows in excess of \$100 during the billing period.

Clients authorize the Registrant to directly debit its advisory fee by executing an *Investment Management Agreement*. The Registrant shall send to the client's Custodian written notice of the amount of the Registrant's advisory fee to be deducted, on a quarterly basis, from the client's account.

Termination of Advisory Relationship: A client agreement may be canceled at any time, by either party, for any reason upon receipt of prior written notice. Upon termination of any account, any prepaid, unearned fees will be promptly refunded, and any earned, unpaid fees will be due and payable.

Investment Performance: As a condition to participating in the Program, the participant must accept that past performance may not be indicative of future results, and understand that the future performance of any specific investment or investment strategy (including the investments and/or investment strategies purchased and/or undertaken by the Registrant) may not: (1) achieve their intended objective; (2) be profitable; or, (3) equal historical performance level(s) or any other performance level(s).

Client Responsibilities: In performing any of its services, the Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Furthermore, unless the client

indicates to the contrary, the Registrant shall assume that there are no restrictions on its services, other than to manage the account in accordance with the client's designated investment objective. Moreover, it remains each client's responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising the Registrant's previous recommendations and/or services.

- B. Participation in the Program may cost more or less than purchasing such services separately. Also the Program fee charged by the Registrant for participation in the Program may be higher or lower than those charged by other sponsors of comparable wrap fee programs.

Depending upon the percentage wrap-fee charged by the Registrant, the amount of portfolio activity in the client's account, and the value of custodial and other services provided, the wrap fee may or may not exceed the aggregate cost of such services if they were to be provided separately.

- C. The Program's wrap fee does not include certain charges and administrative fees, including, but not limited to, fees charged by *Independent Managers*, transaction charges (including mark-ups and mark-downs) resulting from trades executed away from the account's custodian, transfer taxes, odd lot differentials, exchange fees, interest charges, American Depository Receipt agency processing fees, and any charges, taxes or other fees mandated by any federal, state or other applicable law or otherwise agreed to with regard to client accounts. Such fees and expenses are in addition to the Program's wrap fee. Clients who maintain a retirement account with their custodian are generally charged an annual maintenance fee. Clients are charged approximately \$35.00 to \$40.00 per year to maintain a retirement account with NFS. This fee would be in addition to the Registrant's Program fee.
- D. The Registrant's related persons who recommend the Program to clients do not receive additional compensation as a result of a client's participation in the wrap fee program.

Item 5 Account Requirements and Types of Clients

The Registrant's clients shall generally include individuals, business entities, trusts, estates and charitable organizations.

The Registrant generally imposes an account minimum of \$20,000 for investment advisory services.

The Registrant, in its sole discretion, may waive its account minimum and/or charge a lesser investment management fee based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

Item 6 Portfolio Manager Selection and Evaluation

- A. The Registrant may recommend that clients authorize the active discretionary management of a portion of their assets by and/or among certain independent investment

manager(s) and/or separately managed accounts (“Independent Manager(s)”). To the extent applicable, the Registrant shall recommend/select Independent Managers consistent with the client’s investment objectives. Factors which the Registrant shall consider in recommending/selecting Independent Managers include the client’s stated investment objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research.

The specific terms and conditions under which the client engages an Independent Manager may be set forth in a separate contract between the client and the Independent Manager (dual contract relationship). Also, when required, the client shall receive a copy of the Independent Manager’s disclosure Brochure. As noted above, when an Independent Manager requires the client to enter into a dual contract relationship, the Independent Manager’s fee shall be separate from and in addition to the Program fee charged by the Registrant.

However, the Registrant shall continue to render advisory services to the client relative to the ongoing monitoring and reviewing of account performance, for which the Registrant shall receive an annual advisory fee which is based upon a percentage of the market value of the assets being managed by the designated Independent Manager.

- B. The Registrant acts as the portfolio manager for the Program. Inasmuch as the execution costs for transactions effected in the client account will be paid by the Registrant, a conflict of interest arises in that the Registrant may have a disincentive to trade securities in the client account. In addition, the amount of compensation received by the Registrant as a result of the client’s participation in the Program may be more than what the Registrant would receive if the client paid separately for investment advice, brokerage and other services.

OTHER ADVISORY SERVICES

As discussed below, the Registrant also offers to its clients discretionary and non-discretionary investment advisory services on a non-wrap fee basis, and, to the extent specifically requested by a client, financial planning and related consulting services.

NON-WRAP FEE BASIS

The Registrant also provides discretionary and/or non-discretionary investment advisory services on a non-wrap *fee* basis. When engaged on a non-wrap fee basis, the client will select individual services on an unbundled basis, paying for each service separately (i.e. investment advisory, brokerage, custody). The Registrant’s annual investment advisory fee for advisory services on a non-wrap fee basis is based upon a percentage (%) of the market value of the assets placed under the Registrant’s management, generally between negotiable and 1.50%.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

The Registrant may be engaged to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone fee basis. Registrant’s planning and consulting fees are negotiable, but generally range from \$2,000 to \$15,000 on a fixed fee basis, and from \$150 to \$300 on an hourly rate basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s).

RETIREMENT CONSULTING

The Registrant also provides pension consulting services, pursuant to which it assists sponsors of self-directed retirement plans with the selection and/or monitoring of investment alternatives (generally open-end mutual funds) from which plan participants shall choose in self-directing the investments for their individual plan retirement accounts. The Registrant charges an annual fee for Retirement Consulting Services which ranges from 0.10% to 1.00% of plan assets depending on the services requested and the size of the plan.

MISCELLANEOUS ADVISORY SERVICES DISCLOSURE

Limitations of Financial Planning and Non-Investment Consulting/Implementation Services. As indicated above, to the extent requested by a client, Registrant may provide financial planning and related consulting services. Neither the Registrant nor its investment adviser representatives assist clients with the implementation of any financial plan, unless they have agreed to do so in writing. The Registrant does not monitor a client's financial plan, and it is the client's responsibility to revisit the financial plan with the Registrant, if desired.

Furthermore, although the Registrant may provide recommendations regarding non-investment related matters, such as estate planning, tax planning and insurance, the Registrant does not serve as a law firm or accounting firm and no portion of Registrant's services should be construed as legal or accounting services. Accordingly, the Registrant does not prepare estate planning documents or tax returns.

To the extent requested by a client, Registrant may recommend the services of other professionals for certain non-investment implementation purpose (i.e. attorneys, accountants, insurance agents, etc.), including representatives of Registrant in their separate individual capacities as representatives of Leigh Baldwin & Co. ("LBC"), a FINRA member broker-dealer and/or as licensed insurance agents. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from Registrant and/or its representatives.

If the client engages any recommended unaffiliated professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. At all times, the engaged licensed professional[s] (i.e. attorney, accountant, insurance agent, etc.), and **not** the Registrant, shall be responsible for the quality and competency of the services provided.

As indicated above, Registrant shall receive an investment advisory fee based upon a percentage (%) of the market value of the assets placed under management, generally between negotiable and 1.50%. However, fees shall vary depending upon various objective and subjective factors, including but not limited to: the representative assigned to the account, the amount of assets to be invested, the complexity of the engagement, the anticipated number of meetings and servicing needs, related accounts, future earning capacity, anticipated future additional assets, and negotiations with the client. As a result, similar clients could pay different fees, which will correspondingly impact a client's net account performance. Moreover, the services to be provided by the Registrant to any particular client could be available from other advisers at lower fees.

Cash Positions. At any specific point in time, depending upon perceived or anticipated market conditions/events (there being no guarantee that such anticipated market conditions/events will occur), the Registrant maintains cash positions for defensive purposes. All cash positions (money markets, etc) shall be included as part of assets under management for purposes of calculating the Registrant's advisory fee.

When the account is holding cash positions, those cash positions will be subject to the same fee schedule as set forth above.

Retirement Plan Rollovers – Conflict of Interest: A client or prospective client leaving an employer typically has four options regarding an existing retirement plan (and may engage in a combination of these options): (i) leave the money in the former employer's plan, if permitted, (ii) roll over the assets to the new employer's plan, if one is available and rollovers are permitted, (iii) roll over to an Individual Retirement Account ("IRA"), or (iv) cash out the account value (which could, depending upon the client's age, result in adverse tax consequences). If the Registrant recommends that a client roll over their retirement plan assets into an account to be managed by the Registrant, such a recommendation creates a conflict of interest if the Registrant will earn an advisory fee on the rolled over assets. No client is under any obligation to roll over retirement plan assets to an account managed by Registrant.

Use of Mutual Funds: While the Registrant may recommend allocating investment assets to mutual funds that are not available directly to the public, the Registrant may also recommend that clients allocate investment assets to publicly-available mutual funds that the client could obtain without engaging Registrant as an investment adviser. However, if a client or prospective client determines to allocate investment assets to publicly-available mutual funds without engaging Registrant as an investment adviser, the client or prospective client would not receive the benefit of Registrant's initial and ongoing investment advisory services.

Other mutual funds, such as those issued by Dimensional Fund Advisors ("DFA"), are generally only available through selected registered investment advisers. Registrant may allocate client investment assets to DFA mutual funds. Therefore, upon the termination of Registrant's services to a client, restrictions regarding transferability and/or additional purchases of, or reallocation among DFA funds will apply.

Market-Linked CDs. The Registrant may purchase market-linked certificates of deposit ("Market-Linked CDs") for client accounts. A Market-Linked CD is a certificate of deposit with a return based on a market index (such as the S&P 500), certain selected equities or a combination of both. Market-Linked CDs may underperform traditional certificates of deposit and in certain circumstances may not pay a return at all. As with traditional certificates of deposit, a penalty may be imposed should the position be cashed out early which could result in the loss of principal. In addition, although Market-Linked CDs are linked to the market, returns on these investments are generally taxed as interest income not capital gains. Therefore, based upon these and other considerations, clients may impose restrictions on the Registrant's authority to purchase Market-Linked CDs for their account.

Structured Notes. The Registrant may purchase structured notes for client accounts. A structured note is a financial instrument that combines two elements, a debt security and

exposure to an underlying asset or assets. It is essentially a note, carrying counter party risk of the issuer. However, the return on the note is linked to the return of an underlying asset or assets (such as the S&P 500 Index or commodities). It is this latter feature that makes structured products unique, as the payout can be used to provide some degree of principal protection, leveraged returns (but usually with some cap on the maximum return), and be tailored to a specific market or economic view. In addition, investors may receive long-term capital gains tax treatment if certain underlying conditions are met and the note is held for more than one year. Finally, structured notes may also have liquidity constraints, such that the sale thereof before maturity may be limited.

Portfolio Activity. Registrant has a fiduciary duty to provide services consistent with the client's best interest. As part of its investment advisory services, Registrant will review client portfolios on an ongoing basis to determine if any changes are necessary based upon various factors, including, but not limited to, investment performance, fund manager tenure, style drift, account additions/withdrawals, and/or a change in the client's investment objective. Based upon these factors, there may be extended periods of time when Registrant determines that changes to a client's portfolio are neither necessary nor prudent. Clients nonetheless remain subject to the fees described in Item 5 below during periods of account inactivity.

ByAllAccounts, eMoney Advisor Platform, Tamarac and/or DST FanMail. Registrant may provide its clients with access to an online platform hosted by ByAllAccounts, Inc., "eMoney Advisor" ("eMoney"), Tamarac and/or DST FanMail. These platforms allow a client to view their complete asset allocation, including those assets that Registrant does not manage (the "Excluded Assets"). Registrant does not provide investment management, monitoring, or implementation services for the Excluded Assets. Therefore, Registrant shall not be responsible for the investment performance of the Excluded Assets. The client may choose to engage Registrant to manage some or all of the Excluded Assets pursuant to the terms and conditions of an *Investment Advisory Agreement* between Registrant and the client.

The eMoney platform also provides access to other types of information, including financial planning concepts, which should not, in any manner whatsoever, be construed as services, advice, or recommendations provided by Registrant. Finally, Registrant shall not be held responsible for any adverse results a client may experience if the client engages in financial planning or other functions available on the eMoney platform without Registrant's assistance or oversight.

Non-Discretionary Service Limitations. Clients that determine to engage the Registrant on a non-discretionary investment advisory basis **must be willing to accept** that the Registrant cannot effect any account transactions without obtaining prior consent to any such transaction(s) from the client. Thus, in the event of a market correction during which the client is unavailable, the Registrant will be unable to effect any account transactions (as it would for its discretionary clients) **without first obtaining the client's consent**.

Client Obligations. In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains their responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant's previous recommendations and/or services.

Disclosure Statement. A copy of the Registrant's written Brochure as set forth on Part 2 of Form ADV shall be provided to each client prior to, or contemporaneously with, the execution of the *Investment Advisory Agreement* or *Financial Planning and Consulting Agreement*

The Registrant shall provide investment advisory services specific to needs of each client. Prior to providing investment advisory services, an investment adviser representative will discuss with each client, their particular investment objective(s). The Registrant shall allocate each client's investment assets consistent with their designated investment objective(s). Clients may, at any time, impose restrictions, in writing, on the Registrant's services.

There is no material difference between how the Registrant manages wrap fee accounts and non-wrap fee accounts. However, as stated above, if a client determines to engage the Registrant on a wrap fee basis the client will pay a single fee for bundled services (i.e. investment advisory, brokerage, custody) (*See* Item 4.A). The services included in a wrap fee agreement will depend upon each client's particular need. If the client determines to engage the Registrant on a non-wrap fee basis the client will select individual services on an unbundled basis, paying for each service separately (i.e. investment advisory, brokerage, custody).

When managing a client's account on a wrap fee basis, the Registrant shall receive as payment for its investment advisory services, the balance of the wrap fee after all other costs incorporated into the wrap fee have been deducted.

Performance Based Fees and Side-By-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Methods of Analysis, Investment Strategies and Risk of Loss

- Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)
- Technical – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)
- Cyclical – (analysis performed on historical relationships between price and market trends, to forecast the direction of prices)

The Registrant may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)
- Options (contract for the purchase or sale of a security at a predetermined price during a specific period of time)

Investment Risk. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment

strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s). Investing in securities involves risk of loss that clients should be prepared to bear.

- B. The Registrant's method of analysis and investment strategy does not present any significant or unusual risks.

However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases and Short Term Purchases - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy.

In addition to the fundamental investment strategies discussed above, the Registrant may also implement and/or recommend options strategies ("Covered Call Writing") which has a higher level of inherent risk.

Covered Call Writing. Covered call writing is the sale of in-, at-, or out-of- the money call option against a long security position held in a client portfolio. This type of transaction is intended to generate income. Income is received from the proceeds of the option sale. Such income may be reduced to the extent it is necessary to buy back the option position before its expiration. This strategy may involve a degree of trading velocity, transaction costs and significant losses if the underlying security has volatile price movement. Covered call strategies are generally suited for positions with little price volatility.

Options Strategies. Although the intent of the options-related transactions that may be implemented by the Registrant is to hedge against principal risk, certain of the options-related strategies (i.e. straddles, short positions, etc), may, in and of themselves, produce principal volatility and/or risk. Therefore, a client must be willing to accept these enhanced volatility and principal risks associated with such strategies. In light of these enhanced risks, client may direct the Registrant, in writing, not to employ any or all such strategies for their accounts.

For detailed information on the use of options and option strategies, please refer to the Option Clearing Corp.'s Option Disclosure Document, which can be found at: <http://www.optionsclearing.com/components/docs/riskstoc.pdf>

Hard copies may be ordered by calling 1-888-678-4667 or writing OCC, 1 North Wacker Drive, Suite 500 Chicago, IL 60606.

Currently, the Registrant primarily allocates client investment assets among various exchange traded funds and mutual funds, individual equities (stocks) and debt instruments (bonds) on a discretionary and/or non-discretionary basis in accordance with the client's designated investment objective(s).

Voting Client Securities

The Registrant does not vote client proxies. Clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets.

Clients will receive their proxies or other solicitations directly from their custodian. Clients may contact the Registrant to discuss any questions they may have with a particular solicitation.

Item 7 Client Information Provided to Portfolio Managers

The Registrant shall be the Program's portfolio manager. The Registrant shall provide investment advisory services specific to needs of each client. Prior to providing investment advisory services, an investment adviser representative will discuss with each client, their particular investment objective(s). The Registrant shall allocate each client's investment assets consistent with their designated investment objective(s). Clients may, at any time, impose restrictions, in writing, on Registrant's services.

As indicated above, each client is advised that it remains their responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant's previous recommendations and/or services.

To the extent the Program utilizes *Independent Manager(s)*, Registrant shall provide the *Independent Manager(s)* with each client's particular investment objective(s). Any changes in the client's financial situation or investment objectives reported by the client to the Registrant shall be communicated to the *Independent Manager(s)* within a reasonable period of time.

Item 8 Client Contact with Portfolio Managers

The client shall have, without restriction, reasonable access to the Program's portfolio manager.

Item 9 Additional Information

- A. On October 19, 2016, without admitting or denying the findings, Michael consented to the sanction and to the entry of findings that he participated in private securities transactions involving customers of a member firm without first providing the firm written or oral notice of his activities. Although Michael did have outside business actively on file with LPL, he did not notify the firm that he was participating in these specific transactions. Michael assisted clients in setting up an LLC, funding the LLC and making multiple loans from the LLC to borrowers. All third party borrowers made all interest and principal payments due on the loans.

Michael was subsequently barred from associating with an FINRA member firm. More information concerning this event can be found in his Brochure Supplement.

Other Financial Industry Activities and Affiliations

Registered Representatives of a Broker Dealer. Certain of Registrant's representatives are registered representatives of LBC, a FINRA member broker-dealer. Clients can choose to engage Registrant's representatives, in their individual capacities, to effect securities brokerage transactions on a commission basis.

Conflict of Interest: The recommendation by Registrant's representatives, that a client purchase a securities commission product presents a conflict of interest, as the receipt of commissions may provide an incentive to recommend securities products based on commissions received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from Registrant's representatives. Clients are reminded that they may purchase securities products recommended by Registrant through other, non-affiliated registered representatives.

Licensed Insurance Agency and Agents. Precision Financial Services Inc. is an affiliated life insurance agency. The Registrant may refer certain clients to Precision Financial Inc. for insurance services and/or commission products. The recommendation by the Registrant that a client engage the insurance services of Precision Financial Inc. presents a conflict of interest as certain related persons, including the Registrant's Managing Members, receive a direct economic benefit from any such referral. No client is under any obligation to engage the services of Precision Financial Inc. Furthermore, clients are reminded that they may purchase insurance commission products recommended by Registrant through other, non-affiliated insurance agencies and/or agents.

Licensed Insurance Agency and Agent. BJ Associates is partially owned by an investment adviser representative of the Registrant. The Registrant may refer certain clients to BJ Associates for insurance services and/or commission products. The recommendation by the Registrant that a client engage the insurance services of BJ Associates presents a conflict of interest as certain related persons receive a direct economic benefit from any such referral. No client is under any obligation to engage the services of BJ Associates. Furthermore, clients are reminded that they may purchase insurance commission products recommended by Registrant through other, unrelated insurance agency.

Pension Consultant. Squire Retirement Plan Services, Inc. is partially owned by an investment adviser representative of the Registrant. The recommendation by any investment adviser representative or the Registrant that a client engage the services of Squire Retirement Plan Services, Inc. presents a conflict of interest. No client is under any obligation to engage the services of Squire Retirement Plan Services, Inc. Furthermore, clients are reminded that they may choose to engage other, unrelated, pension consultants.

B. Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's Representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant

Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.

The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. Practices such as "scalping" (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, "front-running" (i.e., personal trades executed prior to those of the Registrant's clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant's "Access Persons." The Registrant's securities transaction policy requires that Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with online access to their holdings and securities transactions for monitoring and verification purposes.

The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. As indicated above, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant's Access Persons.

Review of Accounts

For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on a periodic basis by the Registrant's Principal, at least annually. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.

The Registrant may conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.

Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Client Referrals and Other Compensation

The Registrant receives economic benefits from NFS. The Registrant, without cost (and/or at a discount), receives support services and/or products from NFS. For more information regarding economic benefits and support services received and the related conflicts of interest, please see Item 12 of the Registrant's ADV Part 2A.

There is no corresponding commitment made by the Registrant to NFS or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant's Chief Compliance Officer, David Vollmer, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding conflict of interest.

Neither the Registrant nor any of its representatives compensates any person other than its supervised persons for client referrals.

Additional Benefits

Registrant has received from unaffiliated product/fund sponsors certain additional economic benefits ("Additional Benefits") that may or may not be offered to the Registrant again in the future. Specifically, the Additional Benefits include partial payment for certain client marketing events. Over the past two years, the Registrant has received Additional Benefits with an estimated aggregate value of between \$1,000 and \$5,000. These Additional Benefits are generally paid directly to third party vendors. Additional Benefits are offered infrequently and irregularly. Each payment is non-recurring and individually negotiated. The Registrant has no expectation that these Additional Benefits will be offered again; however, the Registrant reserves the right to negotiate for these Additional Benefits in the future. Unaffiliated product/fund sponsors provide the Additional Benefits to Registrant in their sole discretion and at their own expense, and neither the Registrant nor its clients incur any additional expense as a result of the receipt of the Additional Benefits.

Financial Information

The Registrant does not solicit fees of more than \$1,200, per client, six months or more in advance.

The Registrant is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.

The Registrant has not been the subject of a bankruptcy petition.

The Registrant's Chief Compliance Officer, David Vollmer, remains available to address any questions that a client or prospective client may have regarding the above disclosures and arrangements.
