Item 4 **Advisory Business**

A. FIRM DESCRIPTION

Horse Cove Partners, LLC ("**Horse Cove**" or the "**Firm**") is organized as a Georgia limited liability company and was founded in 2012.

Horse Cove's current business activities consist of providing investment advisory services through separately managed accounts to individuals and institutions, and also providing investment management services to private funds and a mutual fund.

Kevin Ellis and Samuel DeKinder are the principal owners of the Firm. Mr. Ellis and Mr. DeKinder each hold a 50% ownership interest in the Firm and serve as a Managing Partner and Investment Adviser Representative.

B. TYPES OF ADVISORY SERVICES

Separately Managed Accounts

Horse Cove provides **investment advisory services** to high net worth individuals and businesses (the "**Separately Managed Accounts**") which invest their assets in securities. Separately Managed Accounts are managed using a fixed income and option strategy pursuant to a written investment advisory agreement and the associated investment policy statement.

A copy of the written investment advisory agreement and investment policy statement are available upon request to Horse Cove by high net worth individuals and businesses.

Horse Cove does not give advice about or manage other types of securities. Horse Cove utilizes its proprietary strategies in specific types of securities in order to accomplish optimal returns for its clients.

C. TAILORED RELATIONSHIPS

Horse Cove provides investment advisory services to clients based on the investment objectives of each entity. However, Separately Managed Accounts may impose restrictions on both the risk parameters used by Horse Cove in option strategy and the fixed income components.

D. WRAP FEE PROGRAMS

Wrap Fee Programs are arrangements between broker-dealers, investment advisers, banks, and other financial institutions and affiliated and unaffiliated investment advisers through which clients of such firms receive discretionary investment advisory, execution, clearing, and custodial services in a "bundled" form. In exchange for these "bundled" services, clients pay an all-inclusive (or "wrap") fee determined as a percentage of the assets held in the wrap account.

Due to the nature of its advisory services, Horse Cove does not participate in and is not a sponsor of wrap fee programs.

E. ASSETS UNDER MANAGEMENT

When calculating regulatory assets under management, an Investment Adviser must include the value of any private fund over which it exercises continuous and regular supervisory or management services. As noted above, Horse Cove provides investment advisory services to the Fund and separately managed accounts. As of March 31st 2020, Horse Cove managed approximately \$57,265,725 on a discretionary basis. Horse Cove does not manage any accounts on a non-discretionary basis.

Item 5 Fees and Compensation

Horse Cove earns its fees and compensation by providing advice and investment management services to Separately Managed Accounts. Horse Cove also provides sub-advisory and investment management services to Private Funds, and a Mutual Fund. For all services offered by Horse Cove, the same or different services may be offered by other firms at the same, higher, or lower fees.

FEES CHARGED TO SEPARATELY MANAGED ACCOUNTS

Management Fee

Horse Cove receives a Management Fee of no more than 2.0% *per annum provided that* Performance Fees are also charged, or a Management Fee of up to 5.0% *per annum* if Performance Fees are not charged. Separately Managed Accounts may negotiate which fee structure they prefer and such fees are discussed in the Investment Management Agreement. Management fees accrue daily.

Performance Fee

Performance Fees are only assessed on accounts of Qualified Clients. At the close of each fiscal quarter, the Performance Fee is debited from the Separated Managed Account. The Performance Fees are calculated on clients' assets based on the fiscal period ending value which may include realized and unrealized capital gains and losses.

Generally, the amount of the fee is either (1) no more than twenty percent (20%) of the amount by which the ending value of an account exceeds the value of its previous fiscal period close ("high water mark"); or (2) a mutually agreed upon percentage of the return on the account of no more than thirty percent (30%).

Separately Managed Accounts

Separately Managed Accounts pay for all ordinary investment-related expenses (such as brokerage commissions, clearing and settlement charges, custodial fees, and interest expenses), accounting fees and audit expenses, administrative fees, any applicable tax liabilities (including transfer taxes and withholding taxes), other government charges or fees, and other similar expenses.

Rollover Recommendations

There is a conflict of interest when a Horse Cove representative makes a recommendation that a participant roll over assets from a retirement account into a new or existing account or investment (e.g. rollover IRA) managed by Horse Cove. The conflict of interest exists because Horse Cove will receive compensation (e.g., management fees) if the money is rolled over, but it will not if the recommendation is not accepted. In some cases, Horse Cove could have recommended that the participant leave his or her money in the plan and, in that case, the firm and its representative would not be compensated for their advice. Horse Cove will manage this conflict through a process designed to develop an informed recommendation in the best interest of the client.

Item 6 Performance-Based Fees & Side-by-Side Management

A. PERFORMANCE-BASED FEES

Horse Cove does assess a performance-based fee in the form of the Performance Fee described in Item 5 above.

The Performance Fee is only assessed against Separately Managed Accounts who are “qualified clients” as such term is defined by Rule 205-3 under the Investment Advisers Act of 1940.

Performance-based compensation may create an incentive for the adviser to recommend an investment that may carry a higher degree of risk to the client.

B. SIDE-BY-SIDE MANAGEMENT

“Side-by-Side Management” refers to a situation in which the same adviser manages accounts that are billed based only on a percentage of assets under management and at the same time manages other accounts for which fees are performance-based. Separately Managed Accounts can opt for a higher Management Fee in lieu of paying a Performance Fee. This creates a conflict of interest whereby the investment advisers have an incentive to favor accounts for which Performance Fees are earned. This is addressed by increasing the Management Fee earned on a Separately Managed Account where no Performance Fee is earned.

Item 7 Types of Clients

A. TYPES OF CLIENTS

As described under “Advisory Business” above, the types of clients to whom Horse Cove generally provides portfolio management services include individuals, institutions, registered investment companies and Separately Managed Accounts.

B. CONDITIONS FOR ACCOUNT MANAGEMENT

Services provided Separated Managed Accounts are on a discretionary basis only and such clients are required to be accredited investors. There is also a minimum investment of \$100,000 required to become Separately Managed Account client of Horse Cove.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

A. METHODS OF ANALYSIS

Horse Cove employs several methods and indicators of analysis, including various technical analysis techniques to achieve the investment objectives and goals of the clients.

Technical analysis is a method of evaluating securities by relying on the assumption that market data, such as charts of price, volume and open interest can help predict future (usually short-term) market trends. Technical analysis assumes that market psychology influences trading in a way that enables predicting when a stock will rise or fall. The technical indicators that the fund may consider include, but are not limited to, price, volume, momentum, relative strength, sector/group strength and moving averages. Technical analysis does not consider the underlying financial condition of a company. This presents a risk that a poorly-managed or financially unsound company may underperform regardless of market movement.

B. INVESTMENT STRATEGIES

The Firm purchases and sells call and put options on the S&P 500 index, utilizing a premium collection strategy that implements a call spread and put spread on the same option contract. For example, the Firm will sell a call option and put option and buy back the same call option and put option at a different price, thereby creating a defined risk trade. The difference is referred to as a “spread”. The call spreads and put spreads each utilize the S&P 500 Index contracts, same maturity date, and same number of contracts, but the options are at different strike prices. When the option expiration date arrives, if all options are out-of-the-money, they expire worthless and the Firm will retain the cash collected when opening the position, net of any cash (premium) paid to purchase the call and put positions. This type of strategy is sometimes referred to as an “Iron Condor”.

Research

While Horse Cove has extensive research contacts in all financial markets, most of its research is “home grown”; that is, done in-house and done thoroughly. Horse Cove meets with management, talks with customers and supplements these findings with brokerage research, business journals, and professional contacts.

C. MATERIAL RISKS OF METHODS OF ANALYSIS AND INVESTMENT STRATEGIES

Alternative investment products often engage in leveraging and other speculative investment practices that may increase the risk of investment loss. Because risks are inherent in all the investments in which the Firm engages, no assurances can be given that investment objectives will be realized.

In addition to the risk factors Horse Cove discusses with individual clients, Separately Managed Accounts should carefully consider the following risks prior to making an investment with Horse Cove:

- *General Investment Risks:* The client's portfolio success depends upon Horse Cove's ability to implement its investment strategy. Any factor that would make it more difficult to execute timely trades may also be detrimental to the portfolio's profitability.
- *Dependence on Key Personnel:* Separately Managed Accounts are dependent on the services of Messrs. Kevin Ellis and Samuel DeKinder and there can be no assurance that Horse Cove will be able to retain Messrs. Ellis and DeKinder, whose credentials are described Horse Cove's Supplement Brochure (Part 2B of Form ADV). The departure or incapacity of Messrs. Ellis or DeKinder could have a material adverse effect on Horse Cove's ability to act as subadvisor to the Fund.
- *Investment and Trading Risks.* All investments involve the risk of a loss of capital. Horse Cove believes that its investment program and its research and risk-management techniques moderate this risk through the careful selection of securities and other financial instruments. No guarantee or representation is made that Horse Cove's investment program will be successful, and investment results may vary substantially over time.
- *Liquidity.* While the investments made by Horse Cove on behalf of a client can generally be readily liquidated, the investment strategy is to hold its investments to maturity or expiration. Horse Cove may not be able to sell such investments at prices that reflect the Firm's assessment of their value or at the amount originally paid by the client.
- *Risks Relating to Markets.* The value of those securities in which the client invests and that are traded on exchanges and the risks associated therewith vary in response to events that affect such markets and that are beyond the control of Horse Cove. Market disruptions such as those that occurred during October of 1987 and on September 11, 2001, and following the systemic loss of confidence during the financial crisis of 2008 and 2009, could have a material effect on general economic conditions, market volatility, and market liquidity which could result in substantial losses to the client's portfolio.

While this information provides a synopsis of the events that may affect a separately managed account, this listing is not exhaustive. Please read the Investment Management Agreement carefully. **ANY CLIENT MAY LOSE ALL OR A SUBSTANTIAL AMOUNT OF ITS INVESTMENT WITH HORSE COVE.**

An investment with Horse Cove as a separately managed account should form only a part of a complete investment program, and a Separately Managed Account must be able to bear the loss of his or her entire investment. Prospective investors are urged to consult with their own financial, tax and legal advisors before investing in with Horse Cove.

D. RECOMMENDATION OF SPECIFIC TYPES OF SECURITIES

Horse Cove specializes in recommendations which are designed for investors who have the knowledge and experience in financial matters to evaluate the merits and risks of such investments. Fund investments may include, but are not limited to, direct obligations of the U.S. Treasury, Government Sponsored Enterprises ("GSEs"), and derivative instruments (including options transactions).

Item 9 Disciplinary Information

Horse Cove is required to disclose whether there are legal or disciplinary events that are material to a client's or prospective client's evaluation of Horse Cove's advisory business or the integrity of its management. None of Horse Cove, its principals, or its employees have been involved in any legal or disciplinary proceedings related to past or present investment advisory clients.

Item 10 Other Financial Industry Activities and Affiliations

A. FINANCIAL INDUSTRY ACTIVITIES

Horse Cove is not a registered broker-dealer and does not have an application pending to register as a broker-dealer. Furthermore, none of Horse Cove's management or supervised persons is a registered representative of a broker-dealer and no such person has an application pending to become a registered representative of a broker-dealer.

B. FINANCIAL INDUSTRY AFFILIATIONS

Horse Cove is not a registered futures commission merchant, commodity pool operator, or commodity trading advisor and does not have an application pending to register as such. Furthermore, none of Horse Cove principals or supervised persons is registered as, or has an application pending to register as, an associated person of any of the foregoing types of firms.

C. OTHER MATERIAL RELATIONSHIPS

Horse Cove does not have any other arrangements with a related person who is a broker-dealer, investment company, other investment adviser, financial planning firm, commodity pool operator, commodity trading adviser, futures commission merchant, banking or thrift institution, accounting firm, law firm, insurance company or agency, pension consultant, real estate broker or dealer, or an entity that creates or packages limited partnerships other than those already disclosed herein.

D. OTHER INVESTMENT ADVISERS

Horse Cove does not have any material arrangements with other investment advisers that would be material to its advisory clients.

E. OTHER AFFILIATIONS

Donald Trotter, Investment Advisor Representative for Horse Cove, serves as Chairman for the Trust Investment Committee of National Advisors Trust. This is not a conflict of interest with his role at Horse Cove.

Based on the volume of option trading conducted on the Chicago Board of Exchange, Horse Cove may receive a rebate of certain trading costs incurred. These rebates directly benefit Horse Cove and since they are based on the volume of trades executed create a conflict of interest.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. CODE OF ETHICS

All employees of Horse Cove must act in an ethical and professional manner. In view of the foregoing and applicable provisions of relevant law, Horse Cove has determined to adopt a Code of Ethics to specify and prohibit certain types of transactions deemed to create conflicts of interest (or at least the potential for or the appearance of such a conflict), and to establish reporting requirements and enforcement procedures relating to personal trading by Horse Cove personnel. Horse Cove's Code of Ethics, which specifically deals with professional standards, insider trading, personal trading, gifts and entertainment, and fiduciary duties, establishes standards for ethical conduct based upon fundamental principles of openness, integrity, honesty, and trust. Horse Cove will provide a copy of its Code of Ethics to any client or prospective client upon request.

B. PARTICIPATION OF INTEREST IN CLIENT TRANSACTIONS

While Horse Cove intends to allocate investment opportunities to all clients (Private Fund, Mutual Fund, Separately Managed Accounts) in a manner that it believes is fair and equitable, the possibility of receiving the Performance Allocation may create an incentive for Horse Cove to recommend more speculative investments on behalf of the clients paying a performance based fee.

C. PROPRIETARY /SIMULTANEOUS TRADING

At times, Horse Cove and/or its supervised persons (*i.e.*, Investment Adviser Representatives) may buy or sell securities for their own accounts that Horse Cove has recommended to client accounts. This presents a conflict of interest. In any instance where similar securities are being bought or sold, Horse Cove will uphold its fiduciary duty by always transacting on behalf of its clients before transacting for the Firm's own benefit. It is the policy of Horse Cove that supervised persons must avoid securities transactions and activities for their own accounts that might conflict with or be

detrimental to the interest of a client. To the extent supervised persons are aware of trades in individual issues being considered, recommended, or traded for a client account, such supervised persons will make every effort to trade in their own accounts only after trades are executed for the applicable clients. To mitigate or remedy any conflicts of interest or perceived conflicts of interest, Horse Cove will collect and monitor proprietary and personal trading reports for adherence to the Firm's Code of Ethics.

Item 12 Brokerage Practices

A. SELECTION AND RECOMMENDATION

Horse Cove has established brokerage and custodial relationships with Interactive Brokers, LLC ("Interactive Brokers") and TD Ameritrade Institutional ("TD Ameritrade"), a division of TD Ameritrade Institutional, both members of the Financial Industry Regulatory Authority, Inc. ("FINRA") and the Securities Investor Protection Corp. ("SIPC"). Interactive Brokers is used to provide brokerage services to the Fund and the Separately Managed Accounts. TD Ameritrade is used to provide brokerage services to the Separately Managed Accounts.

Horse Cove will have complete discretion regarding the selection of brokers for client accounts and the amount of brokerage commissions and fees paid to such brokers, and this determination will be based upon four factors: (1) where the best execution (price) is likely to be obtained; (2) a brokerage firm's research and investment ideas that directly impact each Fund's portfolio; (3) a firm's ability to properly execute any orders (based on the size of the trade and its complexity to execute); and (4) the operational aspects of brokerage firms' back office (will the Fund and Separately Managed Accounts receive payment of securities on a timely basis) and custodian or other administrative services. "Best execution" is not synonymous with lowest brokerage commission. Consequently, Horse Cove may pay a brokerage commission in excess of that which another broker might have charged for executing the same transaction for other investment funds similar to the Fund if Horse Cove has determined that the research, execution and other services rendered by a particular broker merit greater than typical fees.

B. SOFT DOLLAR BENEFITS

An investment adviser receives soft dollar benefits from a broker-dealer when the investment adviser receives research or other products and services in exchange for the client securities transactions or maintaining an account balance with the broker-dealer.

Horse Cove does not have a soft dollar agreement with a broker-dealer or third-party.

C. BROKERAGE FOR CLIENT REFERRALS

Horse Cove currently does not receive client referrals from third parties for recommending the use of specific broker-dealer brokerage services. It is not currently the intention of Horse Cove to utilize any particular procedures to direct client transactions to a particular broker in return for products and research services

received. If Horse Cove determines to enter into such a referral arrangement, the Firm will amend its Part 1 of Form ADV and this Firm Brochure.

D. DIRECTED BROKERAGE

When a Separately Managed Account directs brokerage, the client is responsible for negotiating the commission rates and other fees to be paid to the broker. If a Separately Managed Account directs brokerage, Horse Cove may cost the Separately Managed Account more money. For example, the Separately Managed Account may pay higher brokerage commissions because Horse Cove was not able to aggregate orders to reduce transaction costs, or the Separately Managed Account may receive less favorable prices.

E. ORDER AGGREGATION

Horse Cove does aggregate orders and allocates orders in a fair and equitable manner among all client accounts. Client accounts will share commission and transactions costs equally and receive securities at a total average price. Completed orders will be allocated as specified in the initial trade order. Partially filled orders will be allocated on a pro rata basis. Any exceptions will be explained in the trade blotter. If the firm does not aggregate orders, some clients purchasing securities around the same time may receive a less favorable price than other clients. This means that this practice of not aggregating may cost clients more money. Horse Cove Persons may participate in block trades with clients.

Item 13 Review of Accounts

A. PERIODIC REVIEWS

For all clients Horse Cove reviews the investment programs, including current holdings, on a continual basis. The Firm reviews the investment programs to analyze rates of return, allocation of assets, and to verify that the investment portfolios are consistent with their investment objectives. Such reviews are conducted by Messrs. Ellis and DeKinder, as Managing Directors of Horse Cove.

B. INTERMITTENT REVIEW FACTORS

Intermittent reviews may be triggered by substantial market fluctuation, economic or political events.

C. CLIENT REPORTS

All clients will receive the information necessary to prepare federal and state income tax returns following the conclusion of each fiscal year or as soon thereafter as is reasonably practical.

Item 14 Client Referrals and Other Compensation

A. ECONOMIC BENEFITS FROM OTHERS

Horse Cove and its related persons do not receive an economic benefit (such as sales awards or other prizes) from any third party for providing investment advice or other advisory services to its clients.

B. COMPENSATION TO UNAFFILIATED THIRD PARTIES

Horse Cove may enter into solicitation and third party marketing agreements with consultants for investor and client referrals. In such cases, compensation may be paid for referral arrangements and are negotiated as a percentage of the management fee and/or performance fee charged to the capital accounts of the accounts of Separately Managed Accounts. Each Separately Managed Account is required to sign a written acknowledgement prior to any compensation being paid to the solicitor or consultant. Solicitors are required to be registered investment advisers and third party marketers are required to be registered as broker/dealers.

Clients incur no additional charges or costs as a result of the additional compensation paid to third party solicitors or marketers. Any such compensation is paid from management and performance fees customarily charged to client accounts.

Item 15 Custody

A. CUSTODY OF ASSETS

Custody means holding, directly or indirectly, client funds or securities, or having any authority to obtain possession of them.

Horse Cove does not have direct custody of any client funds or securities. Horse Cove will not maintain physical possession of client funds or securities. Interactive Brokers or TD Ameritrade Institutional will generally have actual custody of client assets.

Horse Cove is deemed to have custody of the Separately Managed Accounts' assets because it has the ability to deduct advisory fees payable to it and it has power of attorney over the these accounts.

B. ACCOUNT STATEMENTS

All clients will receive the information necessary to prepare federal and state income tax returns following the conclusion of each fiscal year or as soon thereafter as is reasonably practical.

Interactive Brokers and TD Ameritrade will deliver at least quarterly statements to Separately Managed Accounts. Clients should carefully review those statements promptly when they receive them. We also strongly urge you to compare the account statements that you receive from the custodian with any periodic reports that you might receive from us.

Item 16 Investment Discretion

Separately Managed Accounts may select the custodian where the account is maintained and may specify the risk parameters for the option strategy. Horse Cove is otherwise not limited in authority to purchase securities, in type or amount, for Separately Managed Accounts.

Item 17 Voting Client Securities

Fiduciary obligations of prudence and loyalty require an investment adviser with proxy voting responsibility to vote proxies on issues that affect the value of the client's investment. Proxy voting decisions must be made solely in the best interests of the client's account. In voting proxies, an investment adviser is required to consider those factors that may affect the value of its client's investments and may not subordinate the interests of a client to unrelated objectives.

Horse Cove does not have the authority to and does not vote proxies on behalf of the Separately Managed Accounts. The Separately Managed Accounts retain the responsibility for receiving and voting proxies for any and all securities maintained in their portfolios. Generally, there are no vote proxies related to government bonds and options on the S&P 500 Index.

Item 18 Financial Information

A. BALANCE SHEET REQUIREMENT

A balance sheet is not required to be attached because Horse Cove is not the qualified custodian for client funds or securities, and does not require prepayment of fees of more than \$1,200 per client, six (6) months or more in advance.

B. FINANCIAL CONDITION

Horse Cove does not have any financial impairment that will preclude it from meeting contractual commitments to clients.

C. BANKRUPTCY PETITION

Horse Cove has not been the subject of a bankruptcy petition at any time during the last 10 years.

Item 19 Requirements for State-Registered Advisors

Horse Cove does assess a performance-based fee in the form of the Performance Fee described in Item 5 above.

Performance Fees are only assessed on accounts of Qualified Clients. At the close of each fiscal quarter, the Performance Fee is debited from the Separated Managed

Account. The Performance Fees are calculated on clients' assets based on the fiscal period ending value which may include realized and unrealized capital gains and losses.

Generally, the amount of the fee is either (1) no more than twenty percent (20%) of the amount by which the ending value of an account exceeds the value of its previous fiscal period close ("high water mark"); or (2) a mutually agreed upon percentage of the return on the account of no more than thirty percent (30%).

Performance-based compensation may create an incentive for the adviser to recommend an investment that may carry a higher degree of risk to the client.

Horse Cove does not have any other arrangements with a related person who is a broker-dealer, investment company, other investment adviser, financial planning firm, commodity pool operator, commodity trading adviser, futures commission merchant, banking or thrift institution, accounting firm, law firm, insurance company or agency, pension consultant, real estate broker or dealer, or an entity that creates or packages limited partnerships other than those already disclosed herein.

Privacy Policy

Horse Cove does not disclose nonpublic personal information about its clients or former clients to third parties other than as described below. Horse Cove collects information about its clients (such as name, address, social security number, assets and income) from the Firm's discussions with clients, from documents that clients may deliver to the Firm (such as subscription documents) and in the course of providing services to clients. In order to service clients' accounts and effect investment transactions, Horse Cove may provide clients' personal information to the Firm's affiliates and to firms that assist Horse Cove in servicing client accounts and have a need for such information, such as brokers, distributors, legal counsel, fund administrators, or accountants. Horse Cove does not otherwise provide information about clients to outside firms, organizations, or individuals except as required or permitted by law. Any party that receives this information will use it only for the services required and as allowed by applicable law or regulation, and is not permitted to share or use this information for any other purpose.

Brochure Supplement

(Part 2B of Form ADV)

KEVIN ELLIS

Investment Adviser Representative

Horse Cove Partners, LLC

1899 Powers Ferry Road, Suite 120

Atlanta, Ga 30339

Telephone: (678) 9055723

Additional information about the Firm's investment adviser representatives is available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov. You can search this site by a unique identifying number known as a CRD number. Donald Trotter's CRD number is 4362207.

May 1st, 2020

A. General Requirements

Generally, Horse Cove requires employees to hold a college or advanced degree or have relevant working experience in the securities industry. Any employee of Horse Cove acting in a representative capacity will be appropriately licensed or registered.

B. Investment Adviser Representative Information

Horse Cove currently has five (5) investment adviser representatives. This Brochure Supplement provides information about **Donald Trotter**, the Firm's investment adviser representative.

Item 2 Education and Business Experience

CRD Number: 4362207

Year of Birth: 1948

Donald Trotter has over 40 years of investment experience. Mr. Trotter was a founder of Atlantic Asset Management, LLC ("AAM"). When the firm was sold in March 2015, AAM had over \$7 billion of assets under management. Mr. Trotter served AAM as Managing Director and his responsibilities included asset allocation strategies, portfolio management, investment strategy development and client development. Mr. Trotter graduated from the University of Kansas with degrees in Accounting and Business Administration and an MBA from the University of Missouri, Kansas City.

Mr. Trotter earned the Chartered Financial Analyst (CFA) designation in 1989. The Chartered Financial Analyst (CFA) charter is a globally respected, graduate-level investment credential established in 1962 and awarded by CFA Institute — the largest global association of investment professionals.

There are currently more than 90,000 CFA charter holders working in 135 countries. To earn the CFA charter, candidates must: 1) pass three sequential, six-hour examinations; 2) have at least four years of qualified professional investment experience; 3) join CFA Institute as members; and 4) commit to abide by, and annually reaffirm, their adherence to the CFA Institute Code of Ethics and Standards of Professional Conduct.

High Ethical Standards

The CFA Institute Code of Ethics and Standards of Professional Conduct, enforced through an active professional conduct program, require CFA charter holders to:

- Place their clients' interests ahead of their own
- Maintain independence and objectivity
- Act with integrity
- Maintain and improve their professional competence
- Disclose conflicts of interest and legal matters

Global Recognition

Passing the three CFA exams is a difficult feat that requires extensive study (successful candidates report spending an average of 300 hours of study per level). Earning the CFA charter demonstrates mastery of many of the advanced skills needed for investment analysis and decision making in today's quickly evolving global financial industry. As a result, employers and clients are increasingly seeking CFA charter holders—often making the charter a prerequisite for employment.

Additionally, regulatory bodies in 19 countries recognize the CFA charter as a proxy for meeting certain licensing requirements, and more than 125 colleges and universities around the world have incorporated a majority of the CFA Program curriculum into their own finance courses.

Comprehensive and Current Knowledge

The CFA Program curriculum provides a comprehensive framework of knowledge for investment decision making and is firmly grounded in the knowledge and skills used every day in the investment profession. The three levels of the CFA Program test a proficiency with a wide range of fundamental and advanced investment topics, including ethical and professional standards, fixed-income and equity analysis, alternative and derivative investments, economics, financial reporting standards, portfolio management, and wealth planning.

The CFA Program curriculum is updated every year by experts from around the world to ensure that candidates learn the most relevant and practical new tools, ideas, and investment and wealth management skills to reflect the dynamic and complex nature of the profession.

To learn more about the CFA charter, visit www.cfainstitute.org.

RELATED BUSINESS EXPERIENCE:

Horse Cove Partners

(2016 - Present)

Managing Director

Atlantic Asset Management

(1992 – 2015)

Item 3 Disciplinary Information

Donald Trotter does not have any legal or disciplinary events material to a client's or prospective client's evaluation.

Item 4 Other Business Activities

Donald Trotter is a General Partner on 3 real estate partnerships: University Towers, LLC, Dutch Hill Partners, LLC and Dutch Hill Partners II, LLC. Mr. Trotter does not receive direct

compensation from the partnerships, only distributions afforded to all partners according to their pro-rata interest.

In addition, Donald Trotter serves as Chairman for the Trust Investment Committee of National Advisors Trust. This is not a conflict of interest with his role at Horse Cove.

Item 5 Additional Compensation

See above regarding Donald Trotter's outside business activities.

Item 6 Supervision

Donald Trotter is an Investment Adviser Representative of Horse Cove. Horse Cove has and provides investment advisory and supervisory services in accordance with its policies and procedures manual. The Firm's Chief Compliance Officer, Kevin Ellis, is primarily responsible for implementation of the Firm's policies and procedures.
