Item 4 – Advisory Services

A. Firm Information

PlanVision (“PLANVISION” or the “Advisor”) is a Registered Investment Advisor with the US Securities & Exchange Commission, which is organized as a Limited Liability Company (LLC) under the laws of the State of Minnesota. PLANVISION was founded in April 2012 and is owned and operated by Mark Zoril. This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by PLANVISION.

B. Advisory Services Offered

Financial Planning and Consulting Services – PLANVISION provides advisory services in the form of financial planning services to individuals not affiliated with our Retirement Plan Sponsor clients. Financial planning services do not involve the active management of client accounts, but instead focuses on a client’s overall financial situation. Financial planning can be described as helping individuals determine and set their long-term financial goals, through investments, tax planning, asset allocation, risk management, retirement planning, and other areas. The role of a financial planner is to find ways to help the client understand his/her overall financial situation and help the client set financial objectives.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. PLANVISION may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client’s financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly. These can also be on an indefinite basis as well.

Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to effect the transaction through the Advisor.

C. Client Account Management

PLANVISION’s services are limited to providing investment advice only and not asset management services to Clients.

D. Wrap Fee Programs

PLANVISION does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by PLANVISION.

E. Assets Under Management

PLANVISION does not actively manage client assets.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for investment management.

A. Fees and Billing for Advisory Services

Financial Planning and Consulting Services:

PlanVision is a fee-only financial planning and investment advisory firm. The client will pay us for financial planning service delivered, such as a retirement projection, asset allocation recommendations, fee assessment, insurance needs analysis, education funding review, etc. This charge will never be greater than \$500. This will involve additional updates on a client's investment allocations as necessary, rebalancing suggestions, outreach to verify any modifications in their circumstance that affects their plan, and the ability for clients to contact us directly, at any time and as frequently as they would like to provide assistance with any questions they may have over the subsequent 12 months. **Virtually all of our clients pay \$149.** For clients that want to visit with us in person, there will likely be an additional charge. We offer a money back guarantee for individual clients if they are not satisfied with our recommendations or guidance. They can request their money back by 60 days from their date of payment for the first year of guidance. Our clients purchase our service with credit or debit card and their annual fee of \$149 renews each month after the first 12 months for \$8/month. We do not notify our clients prior to their 12 month renewal at \$8 a month. Clients can cancel their PlanVision guidance any time.

B. Fee Billing and Renewals

Clients purchase our guidance directly from our public website.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than PLANVISION, in connection with investment made on behalf of the Client's account[s]. The Client is responsible

for all custodial and securities execution fees charged by the custodian and executing broker-dealer. The Investment Advisory Fee charged by PLANVISION is separate and distinct from these custodian and execution fees.

In addition, all fees paid to PLANVISION for investment advisory services are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable, or any other investment security. These fees and expenses are described in each fund's or investment's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of PLANVISION, but would not receive the services provided by PLANVISION which are designed, among other things, to assist the Client in determining which products or services are most appropriate to each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by PLANVISION to fully understand the total fees to be paid.

D. Compensation for Sales of Securities

PLANVISION does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the Investment Advisory Fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

PLANVISION does not charge performance-based fees for its investment advisory services. The fees charged by PLANVISION are as described in Item 5 – Fees and Compensation above are not based upon the capital appreciation of the funds or securities held by any Client.

PLANVISION does not manage any proprietary investment funds or limited Partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

PLANVISION works with individuals for financial planning.

PLANVISION does not impose a minimum account size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

PLANVISION primarily employs fundamental analysis methods in developing investment strategies for its Clients. Research and analysis from PLANVISION is derived from numerous

sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

As noted above, PLANVISION generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. PLANVISION also promotes using a simplified approach to investing with a heavy emphasis on using passive investments to help investors of all types broadly diversify their portfolios and reduce their management fees.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the risk of loss. PLANVISION will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included in Item 13.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. **Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. For more information on our investment management services, please contact us at (612) 965 4286.**
