

Perigon Wealth Management, LLC

Form ADV Part 2A – Disclosure Brochure

Effective: September 18, 2020

This Form ADV Part 2A (“Disclosure Brochure”) provides information about the qualifications and business practices of Perigon Wealth Management, LLC (“Perigon” or the “Advisor”). If you have any questions about the contents of this Disclosure Brochure, please contact the Advisor at (415) 430-4140.

Perigon is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The information in this Disclosure Brochure has not been approved or verified by the SEC or by any state securities authority. Registration of an investment advisor does not imply any specific level of skill or training. This Disclosure Brochure provides information about Perigon to assist you in determining whether to retain the Advisor.

Additional information about Perigon and its Advisory Persons is available on the SEC’s website at www.adviserinfo.sec.gov by searching with the Advisor’s firm name or CRD# 131037.

Item 2 – Material Changes

Form ADV 2 is divided into two parts: *Part 2A (the "Disclosure Brochure")* and *Part 2B (the "Brochure Supplement")*. The Disclosure Brochure provides information about a variety of topics relating to an Advisor's business practices and conflicts of interest. The Brochure Supplement provides information about the Advisory Persons of Perigon.

Perigon believes that communication and transparency are the foundation of its relationship with clients and will continually strive to provide you with complete and accurate information at all times. Perigon encourages all current and prospective clients to read this Disclosure Brochure and discuss any questions you may have with the Advisor.

Material Changes

The Disclosure Brochure was redrafted to streamline disclosures. The following material changes have been made to this Disclosure Brochure since the last filing and distribution to Clients:

- The Advisor has amended the fee billing for the use of independent managers. Please see Item 5 for more information.
- The Advisor utilizes Piton Investment Management, LP as an independent manager. Please see Item 10 for more information.
- The Advisor has amended Wealth Management fees. Please see Item 5 for more information.
- The Advisor offers Perigon180 Services to Clients. Please see Items 4 and 5 for more information.

Future Changes

From time to time, the Advisor may amend this Disclosure Brochure to reflect changes in our business practices, changes in regulations or routine annual updates as required by the securities regulators. This complete Disclosure Brochure or a Summary of Material Changes shall be provided to you annually and if a material change occurs.

At any time, you may view the current Disclosure Brochure on-line at the SEC's Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 131037. You may also request a copy of this Disclosure Brochure at any time by contacting the Advisor at (415) 430-4140.

Item 4 – Advisory Services

A. Firm Information

Perigon Wealth Management, LLC (“Perigon” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission. The Advisor is organized as a Limited Liability Company (LLC) under the laws of the State of California. Perigon was founded in March 2004, and is owned by Perigon Financial Holdings, LLC. This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Perigon.

B. Advisory Services Offered

Perigon offers investment advisory services to individuals, high net worth individuals, trusts, estates, businesses, retirement plans (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Perigon’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Wealth Management Services

Perigon may provide Clients with wealth management services, which generally includes a broad range of comprehensive financial planning and consulting services in connection with discretionary management of investment portfolios. These services are described below.

Investment Management Services

Perigon provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary and non-discretionary investment management and related advisory services. Perigon works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Perigon will either utilize Independent Managers to manage portions of Client accounts (as described below) or place Client assets into one of Perigon’s Model Portfolios to achieve the Client’s investment goals. The Advisor may utilize mutual funds, exchange-traded funds (“ETFs”), individual stocks, bonds or options contracts to meet the needs of its Clients. The Advisor may retain certain types of investments based on a Client’s legacy investments based on portfolio fit and/or tax considerations.

Perigon provides investment managements services to clients using a combination of core and non-core investment strategies. Each strategy is designed to meet a particular investment goal.

Perigon's core investment strategies typically represent the “core” of an investor’s holdings. Each core strategy is constituted with large capitalization U.S. securities. The balance of an investor’s portfolio is then typically comprised of non-core asset strategies to complement the risk-adjusted total return.

Core Strategies

- **Perigon Blue Chip** - Seeks to invest in well-established, high-quality, large capitalization companies with meaningful growth prospects that invest efficiently in their future growth prospects. The desired result is a long-term balance of current growth and reinvestment in activities that give rise to a balanced increase in long-term shareholder value. The strategy aims for returns consistent with the S&P 500.

Fixed Income - As dictated by client needs, fixed income portfolios ranging from taxable bonds, tax-free bonds and for smaller allocations, taxable ETFs. Across each of these strategies, our principal goal is to prudently obtain client income objectives while preserving their capital invested against market volatility and long-term inflation.

- **Dimensional Fund Advisors (“DFA”)** - DFA is a third party investment management company that provides a passive, “multi-factor” strategy that combines insights of Modern Portfolio Theory and the Efficient Markets Hypothesis, with streamlined portfolio operations. The focus of DFA is on taking “advantage of the ways markets are right—the ways they compensate investors.” By incorporating the dimensions of expected returns into an investment strategy, DFA offers a sound passive strategy with the potential for outperformance, but requires balancing the trade-offs among competing premiums. Perigon is among the selected advisors with access to the DFA models and strategies.
- **Perigon Enhanced Equity** - The enhanced equity strategy is designed to capture meaningful upside of a given asset class, while tempering downside price volatility.

This return profile is achieved by combining underlying investments with exchange-traded options — considering implied volatility, interest rates, recent performance and many other factors to identify the preferred risk-adjusted structure to own a given underlying investment.

Non-Core Strategies

- **Concentrated Position Management** - Perigon offers customized concentrated stock position management. Programs can be designed to meet individual client needs, including volatility reduction, monetizing out-of-the-money stock options or implementing a structured sale program.

Each client’s solution begins by analyzing the underlying security— creating a *Price Probability Envelope* — estimating the cost of protection vs. upside participation.

We manage these advisory accounts on a discretionary basis. Account supervision is guided by the client’s stated objectives, as well as tax considerations.

Through personal discussions with the client in which the client’s goals and objectives are established, we determine if the strategy is suitable to the client’s circumstances. Once we determine the suitability of the portfolio, the portfolio is managed based on the portfolio’s strategy rather than on each client’s individual needs. Clients, nevertheless, have the opportunity to place reasonable restrictions on the types of investments to be held in their account. Clients retain individual ownership of all securities.

To ensure that our initial determination of an appropriate portfolio remains suitable and that the account continues to be managed in a manner consistent with the client’s financial circumstances, we will:

1. At least annually, contact each participating client to determine whether there have been any changes in the client’s financial situation or investment objectives and whether the clients wishes to impose investment restrictions or modify existing restrictions.
2. Be reasonably available to consult with the client
3. Maintain client suitability information in each client’s record

Perigon’s investment approach is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. Perigon will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Perigon evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Perigon may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Perigon may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Perigon may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the

position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time will Perigon accept or maintain custody of a Client's funds or securities, except for the limited authority as outlined in Item 15 - Custody. All Client assets will be managed within the designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. Please see Item 12 – Brokerage Practices.

Financial Planning Services

Perigon will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals and objectives.

Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, insurance needs and other areas of a Client's financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

Perigon may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six (6) months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations poses a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Perigon180 Services

For certain accounts, Perigon may recommend that all or a portion of a Client's investment portfolio be established in Perigon180 an automated investment solution provided through TD Ameritrade Clearing, Inc. ("TD"), a registered investment adviser. Perigon180 is an online investment management platform serving Clients through advanced technology and low-cost mutual fund and ETF portfolios. A portfolio[s] will be constructed to achieve the investment goals of the Client. Client portfolios are customized based on the Client's investment goals, financial situation, tolerance for risk and other factors. Perigon180 automatically rebalances the Client's investment portfolio as part of its discretionary management.

To establish a Perigon180 relationship through TD, the Client will be required to enter into an additional agreement with TD and the Advisor that defines the terms of the arrangement and fees to all parties. The Advisor will provide the necessary disclosures to utilize Perigon180. The Advisor's investment advisory fee is added to the TD platform fee, which also includes securities transaction fees. The Advisor does not share in any fees charged by TD. The Advisor shall only earn its fees as described in Item 5 below. For additional information regarding the brokerage practices for TD accounts, please see Item 12.

Perigon180 automatically rebalances securities in the Client's investment portfolio. TD assumes the investment discretion via the agreement to trade the Client's portfolio consistent with the investment parameters provided by

the Advisor. The Advisor will work closely with the Client to develop the initial investment strategy and obtain approval to implement through Perigon180

Consulting Services

Clients can also receive advice on a more focused basis. This may include advice on only an isolated area(s) of concern such as estate planning, retirement planning, business, tax and investment planning, as well as employee benefit analysis or any other specific topic. We also provide specific consultation and administrative services regarding investment and financial concerns of the client. The financial topics we address may include, but are not limited to, risk assessment/management, investment planning, financial organization, or financial decision making/negotiation.

Consulting recommendations are not limited to any specific product or service offered by a broker-dealer or insurance company. All recommendations are of a generic nature.

Retirement Plan Advisory Services

Perigon provides retirement plan advisory services on behalf of the retirement plans (each a "Plan") and the company (the "Plan Sponsor"). The Advisor's retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and its Plan Participants. Each engagement is customized to the needs of the Plan and Plan Sponsor. Services generally include:

- Vendor Analysis
- Plan Participant Enrollment and Education Tracking
- Investment Policy Statement ("IPS") Design and Monitoring
- Investment Oversight Service (ERISA 3(21))
- Performance Reporting
- Ongoing Investment Recommendation and Assistance
- ERISA 404(c) Assistance
- Benchmarking Services

These services are provided by Perigon serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of Perigon's fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

Sub-Advisory Management Services

The Advisor may also act as a sub-advisor to unaffiliated third party investment advisors (the "Primary Investment Advisor") whereby such third parties engage Perigon for the purpose of managing all or a portion of, the unaffiliated advisor's client assets ("outside accounts"). The third party advisor will remain as the Primary Advisor for its client accounts.

Under such arrangements, Perigon provides discretionary asset management services, where the management services provided to the outside accounts are based upon established model portfolios or strategies which correlate to specific investment objectives and risk tolerance levels.

The model portfolio allocations will be constructed and maintained to provide investment objective driven management services to investors. The Primary Advisor will communicate with and assist its clients, ("the investor") in selecting the appropriate model based on information provided to the Primary Advisor.

Perigon will monitor the investments contained in the outside accounts in order to provide on-going supervision as to changes in the investments, and/or allocations of such investments, that are necessary to adhere to the desired investment objective.

Subject to any written guidelines, that the investor may provide, Perigon will be granted discretion and authority to manage the outside accounts. Accordingly, the Advisor is authorized to perform various functions, at the investor's expense, without further approval from the investor. Such functions include the determination of the

type and amount of securities to be purchased and/or sold. Perigon provides continuous supervision and re-balancing of the outside account portfolios as changes in market conditions occur. The *Primary Advisor* will be responsible for determining initial and on-going suitability of any of our portfolios in which to place the investor's assets. Perigon will manage the outside accounts in accordance with the chosen portfolio's stated objectives and will not be responsible for determining suitability of any chosen strategy/portfolio.

Use of Independent Managers

Perigon may recommend that a Client utilize one or more unaffiliated investment managers or investment platforms (collectively "Independent Managers") for all or a portion of a Client's investment portfolio. In such instances, the Client may be required to authorize and enter into an advisory agreement with the Independent Manager[s] that defines the terms in which the Independent Manager[s] will provide investment management and related services. The Advisor may also assist in the development of the initial policy recommendations and managing the ongoing Client relationship. The Advisor will perform initial and ongoing oversight and due diligence over the selected Independent Manager[s] to ensure the Independent Managers' strategies and target allocations remain aligned with its clients' investment objectives and overall best interests. The Client, prior to entering into an agreement with unaffiliated investment manager[s] or investment platform[s], will be provided with the Independent Manager's Form ADV 2A (or a brochure that makes the appropriate disclosures).

C. Client Account Management

Prior to engaging Perigon to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Perigon, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – Perigon will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance of risk for each Client.
- Portfolio Construction – Perigon will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Perigon will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

Perigon includes in addition to securities transaction fees for certain mutual funds, custodial costs / administrative fees / wire fees / trade away transactions / other fees and expenses (herein "Covered Costs") together with its investment advisory fees. Including these fees into a single asset-based fee is considered a "Wrap Fee Program". The Advisor customizes its investment management services for its Clients. The Advisor sponsors the Perigon Wrap Fee Program solely as a supplemental disclosure regarding the combination of fees. Depending on the level of trading required for the Client's account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own transaction fees. Please see Appendix 1 – Wrap Fee Program Brochure, which is a separate supplement to this Disclosure Brochure.

E. Assets Under Management

As of February 3, 2019, Perigon manages \$1,780,000,000 in Client assets, \$1,459,000,000 of which are managed on a discretionary basis and \$321,000,000 on a non-discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a written agreement with the Advisor.

A. Fees for Advisory Services

Wealth Management Services

Investment advisory fees are paid quarterly of each calendar quarter, in advance, pursuant to the terms of the agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees range from 0.20% to 2.00% annually, the Advisor has multiple tiered fee schedules that fall within the range of fees. Investment advisory fees are based on several factors, including: the complexity of the services to be provided, the level of assets to be managed, and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Perigon will be independently valued by the Custodian. Perigon will not have the authority or responsibility to value portfolio securities.

The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Investment Management Services

Investment advisory fees are paid quarterly of each quarter, in advance, pursuant to the terms of the agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees range from 0.20% to 2.00% annually based on several factors, including: the complexity of the services to be provided, the level of assets to be managed, and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Perigon will be independently valued by the Custodian. Perigon will not have the authority or responsibility to value portfolio securities.

The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Financial Planning Services

Perigon offers financial planning services either on an hourly basis or a fixed fee. Hourly engagements range are charged at \$500. Fixed engagement fees range from \$1,000 to \$10,000. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total hours and total costs will be provided to the Client prior to engaging for these services.

Perigon180 Services

Perigon180 fees are based on the market value of assets under management advance at an annual rate of 0.50%, pursuant to the terms of the Perigon180 investment management agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. As noted above, the investment management fee includes the securities transaction fees for implementing and rebalancing the Client's account[s]

Consulting Services

Perigon offers consulting services for a rate of \$500. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total hours and overall costs will be provided to the Client prior to engaging for these services.

Retirement Plan Advisory Services

Fees for retirement plan advisory services are charged an annual asset-based fee of up to 2.00% and are billed in advance, pursuant to the terms of the retirement plan advisory agreement. Retirement plan fees are based on the market value of assets under management at the end of the prior calendar quarter. Fees may be negotiable depending on the size and complexity of the Plan.

Use of Independent Managers

As noted in Item 4, the Advisor will implement all or a portion of a Client's investment portfolio utilizing one or more Independent Managers. To eliminate any conflict of interest, the Advisor does not earn any compensation from an Independent Manager. The Advisor will only earn its investment advisory fee as described above. Independent Managers typically do not offer any fee discounts but may have a breakpoint schedule which will reduce the fee with an increased level of assets placed under management with an Independent Manager. The terms of such fee arrangements are included in the Independent Manager's disclosure brochure and applicable contract[s] with the Independent Manager. The total blended fee, including the Advisor's fee and the Independent Manager's fee, will not exceed 2.00% annually.

B. Fee Billing

Wealth Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Perigon at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Perigon to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Perigon at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Perigon to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

Financial planning fees may be invoiced up to fifty percent (50%) of the expected total fee upon execution of the financial planning agreement. The balance shall be invoiced upon completion of the agreed upon deliverable[s].

Perigon180 Services

Perigon180 advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Perigon at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Perigon to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Perigon Wealth Management, LLC

201 Mission Street, Suite 1825, San Francisco, CA 94105
Phone: (415) 430-4140 * Fax: (415) 430-4160
www.perigonwealth.com

Consulting Services

Consulting fees may be invoiced up to fifty percent (50%) of the expected total fee upon execution of the financial planning agreement. The balance shall be invoiced upon completion of the agreed upon deliverable[s].

Retirement Plan Advisory Services

Retirement plan advisory fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

Use of Independent Managers

For Client accounts implemented through an Independent Manager, the Client's overall fees may include Perigon's investment advisory fee (as noted above) plus investment management fees and/or platform fees charged by the Independent Manager[s], as applicable. In certain instances, the Independent Manager or the Advisor may assume responsibility for calculating the Client's fees and deduct all fees from the Client's account[s].

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s]. Perigon includes Covered Costs as part of its overall investment advisory fee through the Perigon Wrap Fee Program. Covered Costs for Client-directed trades may be charged back to the Client. Please see Item 4.D. above as well as Appendix 1 – Wrap Fee Program Brochure.

In addition, all fees paid to Perigon for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Perigon, but would not receive the services provided by Perigon which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Perigon to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Wealth Management Services

Perigon may be compensated for its services in advance of the quarter in investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Investment Management Services

Perigon may be compensated for its services in advance of the quarter in investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

Perigon requires an advance deposit as described above. Either party may terminate the financial planning agreement by providing advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for actual hours logged on the planning project times the contractual hourly rate or in the case of a fixed fee engage, the percentage of the engagement scope completed by the Advisor. The Advisor will refund any unearned, prepaid planning fees from the effective date of termination. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

Perigon180 Services

Fees charged for Perigon180 accounts are collected quarterly, in advance services are provided. The Client may terminate the account[s] at any time, by providing advance written notice to the Advisor and TD. The Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Advisor will assist the Client with this process upon request. The Client shall be responsible for platform and advisory fees up to an including the effective date of termination. The Client may be subject to other terms as provided through the tri-party agreement with TD.

Consulting Services

Perigon requires an advance deposit as described above. Either party may terminate the consulting agreement by providing advance written notice to the other party. The Client may also terminate the consulting agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for actual hours logged on the consulting project times the contractual hourly rate. The Advisor will refund any unearned, prepaid planning fees from the effective date of termination. The Client's consulting agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services

Perigon is compensated for its services at the beginning/end of the quarter before/after advisory services are rendered. Either party may request to terminate a retirement plan advisory agreement, at any time, by providing advance written notice to the other party. The Client shall be responsible for investment advisory fees up to and including the effective date of termination. The Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's retirement plan services agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that the Advisor has determined that an Independent Manager is no longer in the Client's best interest or a Client should wish to terminate their relationship with the Independent Manager, the terms for the termination will be set forth in the respective agreements between the Client or the Advisor and the Independent Manager. Perigon will assist the Client with the termination and transition as appropriate.

E. Compensation for Sales of Securities

Certain Advisory Persons are also registered representatives of Purshe Kaplan Sterling Investments ("PKS"). PKS is a registered broker-dealer (CRD No. 35747), member FINRA, SIPC. In one's separate capacity as a registered representative of PKS, the Advisory Person will implement securities transactions under PKS and not through Perigon. In such instances, the Advisory Person will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by the Advisory Person in one's capacity as a registered representative is separate and in addition to the Advisor's fees. This practice presents a conflict of interest because the Advisory Person who is a registered representative has an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on the Client. Clients are not obligated to implement any recommendation provided by the Advisor nor Advisory Persons. Neither the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any products or services implemented in the Advisory

Person's separate capacity as a registered representative. Please see Item 10 – Other Financial Industry Activities and Affiliations.

Certain Advisory Persons are also licensed as independent insurance professionals. As an independent insurance professional, the Advisory Person may earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by these persons are separate and in addition to advisory fees. This practice presents a conflict of interest because the person providing investment advice on behalf of the Advisor who is also an insurance agent has an incentive to recommend insurance products to Clients for the purpose of generating commissions rather than solely based on Clients needs. However, Clients are under no obligation, contractually or otherwise, to purchase insurance products through any Advisory Person affiliated with the Advisor. Please see Item 10 – Other Financial Industry Activities and Affiliations.

Item 6 – Performance-Based Fees and Side-By-Side Management

Perigon does not charge performance-based fees for its investment advisory services. The fees charged by Perigon are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

Perigon does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Perigon offers investment advisory services to individuals, high net worth individuals, trusts, estates and retirement plans. The amount of each type of Client is available on Perigon's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. Perigon generally does not impose a minimum relationship size.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Perigon primarily employs fundamental and technical analysis methods in developing investment strategies for its Clients. Research and analysis from Perigon are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Perigon will be able to accurately predict such a reoccurrence.

As noted above, Perigon generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Perigon will typically hold all or a portion of a security for more than a year, but may hold for

shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Perigon may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Perigon will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment approach:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond ETFs

Bond ETFs are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Options Contracts

Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

Quantitative/Algorithmic Investing

The Advisor's investment recommendations are based on proprietary algorithms. The risks associated with this type of investing are as follows:

- *Quantitative Risk:* The risk that the effectiveness of the quantitative strategy can dissipate over time as similar strategies are adopted and as the market becomes more efficiently priced.
- *Input Data Risk:* The risk that the information and data supplied to the algorithm is subject to input and quality errors. The Advisor's strategies depend on the accuracy and reliability of the data and the strategies may not function properly if the data proves to be incorrect or incomplete, or is input incorrectly.
- *Programming Risk:* The Advisor's research and strategy development process is extremely complex and the results of that process must then be translated into computer code. Although the Advisor seeks to hire individuals skilled in each of these functions and to provide appropriate levels of oversight, the complexity of the individual tasks, the difficulty of integrating such tasks, and the limited ability to perform "real world" testing of the end product raises the chances that the finished algorithm may contain an error; one or more of such errors could adversely affect a client's portfolio.
- *System Risk:* The Advisor relies extensively on computer programs and systems in its proprietary algorithms to evaluate securities, to monitor its portfolio, and to generate reports that are critical to oversight of its activities. In addition, certain systems are operated by third party service providers. The Advisor may not always be in the best position to verify the risks or reliability of such third-party systems. These programs or systems, whether operated by a third party or not, may be subject to certain defects, failures or interruptions, including, but not limited to, those caused by computer "worms," viruses and power failures. Any such defect or failure could have a material adverse effect on the Advisor's activities. For example, such failures could cause settlement of trades to fail, lead to inaccurate accounting, recording or processing of trades, and cause inaccurate reports, which may affect the Advisor's ability to monitor its investment portfolios and its risks.
- *Operational Risk:* The Advisor has developed systems and procedures to control operational risk. Operational risks arising from mistakes made in the trading confirmation or settlement of transactions, from transactions not being properly booked, evaluated or accounted for or other similar disruption in The Advisor's operations may cause the Advisor to suffer financial loss; the disruption of its business; liability to Clients or third parties; regulatory intervention; or reputational damage. The Advisor relies heavily on its financial, accounting and other data processing systems.

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Perigon or its owner/any of its management person[s]. Perigon values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor and its Advisor Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 131037.

Item 10 – Other Financial Industry Activities and Affiliations

Merchant Wealth Management Holdings, LLC

Merchant Wealth Management Holdings, LLC ("Merchant Wealth"), a subsidiary of Merchant Investment Management Holdings, LLC ("Merchant Investment"), owns a minority, non-controlling interest in Perigon. Merchant Investment, through subsidiaries other than Merchant Wealth, has ownership interests in various companies that provide investment and other consulting services to financial firms, including investment advisors (hereinafter collectively referred to as the "Investment Solutions"). Perigon is provided access to use the Investment Solutions by entering into an agreement directly with the third party providing the investment solution. These Investment Solutions may include, but are not limited to, third party money managers, private investments, pooled investment vehicles, or other investment products for which a commission is earned. Engagement of and with these Investment Solutions poses a potential conflict of interest due to the minority ownership interest that Merchant Investment's various subsidiaries own in the third parties providing these Investment Solutions. Through Merchant Investment's minority ownership interests in the third parties that provide these Investment Solutions, Merchant Investment will benefit from additional revenue that is generated if Perigon engages any of these third party service providers. Perigon is not controlled by Merchant Wealth or Merchant Investment and is operated independently where Merchant Investment and all other related subsidiaries are not involved with the services offered by Perigon and maintains its own office space.

Perigon recommends and utilizes Piton Investment Management, LP ("Piton") as an Independent Manager. Piton is an SEC-registered investment advisor focusing on fixed income investment management solutions to registered investment advisors, institutions and high net worth individuals. Individual owners of Merchant Wealth, in their separate capacity, have ownership interests in Piton. As a result, these individuals stand to benefit financially from additional assets managed by Piton. To ensure that Perigon is selecting independent managers that are in the best interest of the Client, especially Piton, Perigon has implemented a risk control and disclosure framework to ensure these conflicts are addressed.

Broker-Dealer Affiliation

As noted in Item 5, certain Advisory Persons are also registered representatives of Purshe Kaplan Sterling Investments ("PKS"). PKS is a registered broker-dealer (CRD No. 35747), member FINRA, SIPC. In one's separate capacity as a registered representative, the Advisory Person will receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by the Advisory Person. Neither the Advisor nor the Advisory Person will earn ongoing investment advisory fees in connection with any services implemented in the Advisory Person's separate capacity as a registered representative.

Insurance Agency Affiliations

As noted in Item 5, certain Advisory Persons are also licensed insurance professionals. Implementations of insurance recommendations are separate and apart from one's role with Perigon. As an insurance professional, the Advisory Person will receive customary commissions and other related revenues from the various insurance companies whose products are sold. The Advisory Person is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This practice presents a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by the Advisory Persons or the Advisor.

Perigon Wealth Management, LLC

201 Mission Street, Suite 1825, San Francisco, CA 94105
Phone: (415) 430-4140 * Fax: (415) 430-4160
www.perigonwealth.com

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Perigon has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with Perigon ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to the Client. Perigon and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Perigon's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (415) 430-4140.

B. Personal Trading with Material Interest

Perigon allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Perigon does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Perigon does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Perigon allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommend (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Perigon requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") or delegate. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Perigon allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterward. **At no time will Perigon, or any Supervised Person of Perigon, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Perigon does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Perigon to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, Perigon does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where Perigon does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a Custodian not recommended by Perigon. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. Perigon may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and its reputation and/or the location of the Custodian's offices.

Perigon will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab") and TD Ameritrade Institutional, a division of TD Ameritrade, Inc. ("TD Ameritrade"), FINRA-registered broker-dealers and members SIPC. Schwab and TD Ameritrade will serve as the Client's "qualified custodian". Perigon maintains an institutional relationship with Schwab and TD Ameritrade, whereby the Advisor receives economic benefits from Schwab and TD Ameritrade. Please see Item 14 below.

As registered representatives of PKS, the Advisor may be limited in using other broker-dealers/custodians as PKS must approve the use of any outside broker-dealer/custodian.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. **Perigon does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the Custodian. Please see Item 14.**

2. Brokerage Referrals - Perigon does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Perigon will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Perigon will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Perigon will execute its transactions through the Custodian as authorized by the Client.

Perigon may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by the Investment Committee of Perigon. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Perigon if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Perigon

Perigon does not receive commissions or other compensation from product sponsors, broker-dealers or any unrelated third party. Perigon may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Perigon may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform (TD Ameritrade)

As disclosed under Item 12, above, the Advisor participates in TD Ameritrade's institutional customer program and the Advisor may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between the Advisor's participation in the program and the investment advice it gives to its Clients, although the Advisor receives economic benefits through its participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving the Advisor participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to the Advisor by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by the Advisor's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit the Advisor but may not benefit its Client accounts. These products or services may assist the Advisor in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help the Advisor manage and further develop its business enterprise. The benefits received by the Advisor or its personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to clients, the Advisor endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by the Advisor or its related persons in and of itself creates a potential conflict of interest and may indirectly influence the Advisor's choice of TD Ameritrade for custody and brokerage services.

Participation in Institutional Advisor Platform (Schwab)

Perigon has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Perigon. As a registered investment advisor participating on the Schwab Advisor Services platform, Perigon receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds

and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services to Perigon that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. Perigon believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

Use of Independent Managers

The Advisor may be indirectly compensated by an Independent Manager as described in Item 5 above and does not receive any other forms of compensation with such arrangements.

B. Client Referrals from Solicitors

Perigon may engage and compensate unaffiliated third party referral sources (a “solicitor”) for Client referrals. Clients will not pay a higher fee to Perigon as a result of such payments to a solicitor. The Advisor shall enter into an agreement with the solicitor, which requires that full disclosure of the compensation and other conflicts is provided to the prospective client prior to or at the time of entering into the advisory agreement.

Item 15 – Custody

Perigon does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor’s fees. All Clients must place their assets with a “qualified custodian”. Clients are required to engage the Custodian to retain their funds and securities and direct Perigon to utilize that Custodian for the Client’s security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by Perigon to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client’s instructions.

Item 16 – Investment Discretion

Perigon generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Perigon. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client’s execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Perigon will be in accordance with each Client’s investment objectives and goals.

Item 17 – Voting Client Securities

Perigon accepts proxy-voting responsibility for securities held in Client accounts when provided by the Client. The advisory agreement between Perigon and the Client will generally specify whether or not Perigon has the authority to vote proxies on behalf of a particular Client.

Proxy Voting Policy and Procedures

Perigon shall vote proxies in the best interest of its Clients and shall not subrogate the Client interest to its own. Perigon monitors corporate actions through the Custodian. Perigon receives notice of upcoming proxy votes, meeting and record dates and other information on upcoming corporate actions by companies in which Perigon Clients are shareholders. Clients may request a copy of Perigon's proxy voting records, free of charge, by contacting Perigon.

Conflicts of Interest in the Voting Process

On occasion, a conflict of interest may exist between the Advisor and the client regarding the outcome of certain proxy votes. In such cases, the Advisor is committed to resolving the conflict in the best interest of the clients before we vote the proxy in question.

Client Direction of Voting

Although most of our Clients for whom we vote proxies authorize us to vote in accordance with our proxy voting policy, a Client may request that we vote its proxies in accordance with a different policy. We try to accommodate such requests. In addition, a Client may direct us to vote its securities in a particular way on a particular proposal and we will seek to do so, assuming timely receipt of the instruction.

Item 18 – Financial Information

Neither Perigon, nor its management, have any adverse financial situations that would reasonably impair the ability of Perigon to meet all obligations to its Clients. Neither Perigon, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. Perigon is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.

Privacy Policy

Effective: September 18, 2020

Our Commitment to You

Perigon Wealth Management, LLC ("Perigon" or the "Advisor") is committed to safeguarding the use of personal information of our Clients (also referred to as "you" and "your") that we obtain as your Investment Advisor, as described here in our Privacy Policy ("Policy").

Our relationship with you is our most important asset. We understand that you have entrusted us with your private information, and we do everything that we can to maintain that trust. Perigon (also referred to as "we", "our" and "us") protects the security and confidentiality of the personal information we have and implements controls to ensure that such information is used for proper business purposes in connection with the management or servicing of our relationship with you.

Perigon does not sell your non-public personal information to anyone. Nor do we provide such information to others except for discrete and reasonable business purposes in connection with the servicing and management of our relationship with you, as discussed below.

Details of our approach to privacy and how your personal non-public information is collected and used are set forth in this Policy.

Why you need to know?

Registered Investment Advisors ("RIAs") must share some of your personal information in the course of servicing your account. Federal and State laws give you the right to limit some of this sharing and require RIAs to disclose how we collect, share, and protect your personal information.

What information do we collect from you?

Driver's license number	Date of birth
Social security or taxpayer identification number	Assets and liabilities
Name, address and phone number[s]	Income and expenses
E-mail address[es]	Investment activity
Account information (including other institutions)	Investment experience and goals

What Information do we collect from other sources?

Custody, brokerage and advisory agreements	Account applications and forms
Other advisory agreements and legal documents	Investment questionnaires and suitability documents
Transactional information with us or others	Other information needed to service account

How do we protect your information?

To safeguard your personal information from unauthorized access and use we maintain physical, procedural and electronic security measures. These include such safeguards as secure passwords, encrypted file storage and a secure office environment. Our technology vendors provide security and access control over personal information and have policies over the transmission of data. Our associates are trained on their responsibilities to protect Client's personal information.

We require third parties that assist in providing our services to you to protect the personal information they receive from us.

How do we share your information?

An RIA shares Client personal information to effectively implement its services. In the section below, we list some reasons we may share your personal information.

Basis For Sharing	Do we share?	Can you limit?
Servicing our Clients We may share non-public personal information with non-affiliated third parties (such as administrators, brokers, custodians, regulators, credit agencies, other financial institutions) as necessary for us to provide agreed upon services to you, consistent with applicable law, including but not limited to: processing transactions; general account maintenance; responding to regulators or legal investigations; and credit reporting. Perigon shares Client information with PKS. This sharing is due to the oversight PKS has over certain Supervised Persons of the Advisor. You may also contact us at any time for a copy of the PKS Privacy Policy.	Yes	No
Marketing Purposes Perigon does not disclose, and does not intend to disclose, personal information with non-affiliated third parties to offer you services. Certain laws may give us the right to share your personal information with financial institutions where you are a customer and where Perigon or the client has a formal agreement with the financial institution. We will only share information for purposes of servicing your accounts, not for marketing purposes.	No	Not Shared
Authorized Users Your non-public personal information may be disclosed to you and persons that we believe to be your authorized agent[s] or representative[s].	Yes	Yes
Information About Former Clients Perigon does not disclose and does not intend to disclose, non-public personal information to non-affiliated third parties with respect to persons who are no longer our Clients.	No	Not Shared

Changes to our Privacy Policy

We will send you a copy of this Policy annually for as long as you maintain an ongoing relationship with us.

Periodically we may revise this Policy and will provide you with a revised Policy if the changes materially alter the previous Privacy Policy. We will not, however, revise our Privacy Policy to permit the sharing of non-public personal information other than as described in this notice unless we first notify you and provide you with an opportunity to prevent the information sharing.

Any Questions?

You may ask questions or voice any concerns, as well as obtain a copy of our current Privacy Policy by contacting us at (415) 430-4140.
