Item 4 – Services, Fees and Compensation

Steward Partners Investments Solutions, LLC was established in Portland, Oregon in 1928 as a Broker-Dealer under the original name of Blankenship, Gould and Keeler. We became registered with the Securities and Exchange Commission (the “SEC”) on September 28, 2006 as a Registered Investment Advisor. In 2021, we became a wholly owned subsidiary of Steward Partners Holdings, LLC and changed our name to Steward Partners Investment Solutions, LLC.

Steward Partners Investments Solutions, LLC, provides investment management services to individuals and businesses. This advice can include investment management services (including investment advice, portfolio checkups, retirement planning (for employees and employers), and/or estate planning.

Client funds are managed with either discretionary or non-discretionary authority. For non-discretionary clients we must first obtain your approval prior to executing any transactions in your account(s). Client funds we manage using our traditional asset allocation models are managed on a discretionary basis. For discretionary clients we execute investment recommendations on their behalf without prior approval of each specific transaction.

We tailor our advice and services to our clients’ stated objectives. To formulate our clients’ investment strategies, we take into account information such as risk tolerance, time horizon, and projected future needs. This investment strategy guides us in managing the client’s account. We connect with our clients on an as needed basis, but no less than annually, to review portfolio performance, discuss current issues, and re-assess their goals and plans.

Our approach uses broadly diversified portfolios and a systematic strategy to manage investments. Investment tools generally include mutual funds, exchange-traded funds, exchange-listed equity securities, alternative investments, municipal securities, corporate bonds, U.S. government securities and money market funds. We may also advise our clients on other types of investments. Clients may impose reasonable restrictions on investing in certain securities or types of securities. See Item 8 for a description of our investment strategy.

Fees are generally payable at the start of each quarter. Clients may terminate the advisory relationship at any point in time. Fees will be prorated to the date of termination.

The standard fee schedule varies for each program offered. Generally, the maximum fees charged by Advisor for wrap products are as follows:

Sponsored Wrap Fee Programs: Asset Advisor, Custom Choice, Private Investment Management	Fee
\$0 to \$249,999*	2.00%
\$250,000 to \$999,999	1.75%
\$1,000,000 to \$1,999,999	1.25%
\$2,000,000 to \$4,999,999	1.00%
\$5,000,000 and above	0.80%

*Asset and fee minimums may apply.

The specific way fees are charged by Advisor is established in a client’s written agreement with Advisor. Advisor will generally bill its fees on a quarterly basis. Upon termination of any account, any prepaid, unearned fees will be promptly refunded, and any earned, unpaid fees will be due and payable.

SPIS manages your portfolio for a quarterly fee. This fee covers all administrative, commission, and management expenses. Regardless, the Account may also be charged separately for expenses or services that are not covered by the wrap fee, if applicable.

The Advisor includes mutual funds and other managed products in clients' portfolios. Clients may be charged for the services by the providers/managers of these products in addition to the management fee paid to the Advisor. The fees and expenses charged by the product providers are separate and distinct from the management fee charged by the Advisor. These fees and expenses are described in each mutual fund's prospectus. These fees will generally include a management fee, other fund expenses and a possible distribution fee. No-load or load mutual funds may be used in client portfolios which will determine if there is an initial or deferred sales charge which a client will pay. Clients can invest in a mutual fund without the services of the Advisor. Accordingly, the client should review both the fees charged by the funds and the applicable program fee charged by the Advisor to fully understand the total amount of fees to be paid by the client and to thereby evaluate the Advisory services being provided. Fees for the programs described in this brochure are negotiable based upon many factors including the type and size of the account and the range of services provided by Advisor. In special circumstances, and with client consent, the fee charged to the client account may be more than the maximum fee indicated in this brochure.

For most clients, financial planning is a service offered as part of their overall relationship with us and requires no additional fees.

Fee Payments

At the inception of the relationship and each quarter thereafter, the Custodian will deduct the fee due and payable to us through our fee schedule and contract. They will "deduct" the fees from your account(s) you have designated to pay our advisory fees. Each month, you will receive a statement directly from your Custodian showing all transactions, positions and credits/debits into or from your account; the statements after the quarter end will reflect these transactions, including the advisory fee paid by you to us. You should carefully review your statements for accuracy and notify us immediately with any questions or concerns.

Item 5 – Account Requirements and Types of Clients

Advisor provides portfolio management services to individuals, high net worth individuals, charitable institutions, foundations, endowments, small businesses, limited liability companies, trusts and corporations.

Advisor requires the following minimums new advisory account opening values. Exceptions can be made on a case-by-case basis.

Sponsored Wrap Fee Programs	Minimum new advisory account opening values
Custom Choice	\$25,000
Asset Advisor	\$25,000
Private Investment Management (PIM)	\$50,000

Item 6 – Portfolio Manager Selection and Evaluation

Investment advisor representatives of SPIS may act as the portfolio manager under a Wrap Fee Program account. In circumstances where SPIS recommends separate account managers, we consider several factors including account size, risk tolerance, the opinion of each Client and the investment philosophy

of the selected registered investment advisor. The recommendation of the initial portfolio manager and or the replacement of the portfolio manager will be based on a number of factors including Client service, portfolio performance, customer satisfaction and other similar factors. The Chief Compliance Officer or other firm principal may conduct periodic portfolio performance evaluations where the performance of the portfolio being evaluated may be compared to other similarly managed accounts. Each portfolio evaluated may be evaluated based on its particular circumstances. Therefore, the portfolio performance evaluations of accounts may not be conducted on a uniform or consistent basis.

If Investment advisor representatives of SPIS act as the portfolio manager under a Wrap Fee Program account, SPIS and its investment advisor representatives may receive additional compensation as a result of your participation in the program. This compensation may be more than the amount SPIS and its investment advisor representatives would receive if you paid separately for investment advice, brokerage, and other services. Accordingly, a conflict of interest exists because SPIS and its investment advisor representatives have a financial incentive to recommend the program. Related persons are subject to the same selection criteria as outside portfolio managers.

Information regarding types of advisory services offered, how advisory services are tailored to individual needs of Clients, and differences between the wrap fee program and separately managed accounts can be found in Item 4 above, and in the main brochure (ADV Part 2A).

Item 7 – Client Information Provided to Portfolio Managers

Once the Client selects an investment advisor and an advisory relationship is initiated, the investment advisor representative will obtain information from the Client on the Client's financial background, prior investment experience, investment objectives, goals and restrictions, if any, and risk tolerance, among other things. This information is shared with any separate account manager selected by the Client.

Item 8 – Client Contact with Portfolio Managers

SPIS does not place restrictions on a client's ability to contact and consult with their investment advisor representative or portfolio manager.

Item 9 – Additional Information

Registered investment advisors are required to disclose all material facts regarding any legal or disciplinary events that would be material to your evaluation of SPIS or the integrity of the Advisor's management. Advisor has no significant information applicable to this Item regarding legal or disciplinary matters since its inception on September 28, 2006 as a Federally Registered Investment Advisor.
