

Planning Solutions International LLC dba MJP Financial

Form ADV Part 2A – Disclosure Brochure

August 3, 2021

This Form ADV Part 2A (“Disclosure Brochure”) provides information about the qualifications and business practices of Planning Solutions International LLC dba MJP Financial (“MJP Financial” or the “Advisor”). If you have any questions about the content of this Disclosure Brochure, please contact the Advisor at (904) 733-5321

MJP Financial is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The information in this Disclosure Brochure has not been approved or verified by the SEC or by any state securities authority. Registration of an investment advisor does not imply any specific level of skill or training. This Disclosure Brochure provides information about MJP Financial to assist you in determining whether to retain the Advisor.

Additional information about MJP Financial and its Advisory Persons are available on the SEC’s website at www.adviserinfo.sec.gov by searching with the Advisor’s firm name or CRD# 300043.

**Planning Solutions International LLC dba MJP Financial

Item 4 – Advisory Services

A. Firm Information

Planning Solutions International LLC dba MJP Financial (“MJP Financial” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”), which is organized as a Corporation under the laws of the State of Florida. MJP Financial was founded in February 2013, and is owned and operated by Mario J. Payne (Owner and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by MJP Financial.

B. Advisory Services Offered

MJP Financial offers investment advisory services to individuals and high net worth individuals (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. MJP Financial’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Management Services

MJP Financial provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. MJP Financial works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. MJP Financial will then construct an investment portfolio, consisting of individual stocks, mutual funds, and exchange-traded funds (“ETFs”) to achieve the Client’s investment goals. The Advisor may also utilize bonds, certificates of deposit, and structured notes to meet the needs of its Clients. The Advisor may retain certain types of investments based on a Client’s legacy portfolio construction.

MJP Financial’s investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. MJP Financial will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

MJP Financial evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. MJP Financial may recommend, on occasion, redistributing investment allocations to diversify the portfolio. MJP Financial may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. MJP Financial may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

Financial Planning Services

MJP Financial will typically provide a variety of financial planning and consulting services to Clients, either as a component of investment management services or pursuant to a written financial planning agreement. Services are offered in several areas of a Client’s financial situation, depending on their goals and objectives.

Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client’s financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning,

estate planning, personal savings, education savings, insurance needs and other areas of a Client's financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment allocations, commence or alter retirement savings, establish education savings and/or charitable giving programs.

MJP Financial may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six (6) months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

C. Client Account Management

Prior to engaging MJP Financial to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – MJP Financial, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – MJP Financial will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – MJP Financial will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – MJP Financial will provide investment management and ongoing oversight of the Client's investment portfolio.
- Financial Planning – MJP Financial provides ongoing planning services to assist the Client in meeting their financial goals.

D. Wrap Fee Programs

MJP Financial does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by MJP Financial.

E. Assets Under Management

As of December 31, 2020, MJP Financial has managed \$118,770,008 in Client assets, all assets are managed on a discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a written agreement with the Advisor.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid monthly, in advance, pursuant to the terms of the agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior month. Investment advisory fees range up to 2.50% annually based on several factors, including: the complexity of the services to be provided, the level of assets to be managed, and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee. The Advisor discloses that the Client may be able to obtain similar services from other services providers for a lower fee.

The investment advisory fee in the first month of service is prorated from the inception date of the account[s] to the end of the first month. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by MJP Financial will be independently valued by the Custodian. MJP Financial will not have the authority or responsibility to value portfolio securities.

The Advisor's fee is exclusive of, and in addition to, any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5.C below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Financial Planning Services

MJP Financial offers financial planning services for a monthly fee up to \$30 payable at the beginning of each month. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor.

MJP Financial also offers stand-alone financial planning services. Hourly fees are billed up to \$150 per hour, with a minimum requirement of 3 hours. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total hours and overall costs will be provided to the Client prior to engaging for these services.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective month. The amount due is calculated by applying the monthly rate (annual rate divided by 12) to the total assets under management with MJP Financial at the end of the prior month. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by MJP Financial and to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

The Advisor will invoice Clients directly for ongoing financial planning. Fees are paid monthly in advance. Clients may pay fees directly from their bank account, credit or debit card, or invoiced directly from the Client's account[s] at the Custodian, pursuant to the agreement.

For stand-alone financial planning services, fees may be invoiced up to fifty percent (50%) of the expected total fee upon execution of the financial planning agreement. The balance shall be invoiced upon completion of the agreed upon deliverable[s].

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than MJP Financial, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian, if applicable. The Advisor's recommended Custodian does not charge securities transaction fees for ETF and equity trades in Client accounts, but typically charges for mutual funds and other types of investments. The fees charged by MJP Financial are separate and distinct from these custody and execution fees.

In addition, all fees paid to MJP Financial for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of MJP Financial, but would not receive the services provided by MJP Financial which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by MJP Financial to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Management Services

MJP Financial may be compensated for its services in advance of the month in which investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the month. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

MJP Financial requires an advance deposit as described above. Either party may terminate the financial planning agreement by providing advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Advisor will refund any unearned, prepaid planning fees from the effective date of termination. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

MJP Financial does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Insurance Agency Affiliations

Mario J. Payne is also licensed as an independent insurance professional. As an independent insurance professional, Mr. Payne earns commission-based compensation for selling insurance products, including insurance products sold to you. Insurance commissions earned by Mr. Payne are separate and in addition to our advisory fees. This practice presents a conflict of interest because when providing investment advice on behalf of the Advisor, Mr. Payne has an incentive to recommend insurance products to you for the purpose of generating

commissions rather than solely based on your needs. However, you are under no obligation, contractually or otherwise, to purchase insurance products through Mr. Payne.

Item 6 – Performance-Based Fees and Side-By-Side Management

MJP Financial does not charge performance-based fees for its investment advisory services. The fees charged by MJP Financial are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

MJP Financial does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

MJP Financial offers investment advisory services to individuals and high net worth individuals. MJP Financial generally requires a minimum relationship size of \$10,000 to effectively implement its investment process. MJP Financial reserves the right to negotiate in certain circumstances.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

MJP Financial primarily employs fundamental, technical, cyclical, behavioral, and charting analysis methods in developing investment strategies for its Clients. Research and analysis from MJP Financial are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that MJP Financial will be able to accurately predict such a reoccurrence.

Cyclical analysis is similar to technical analysis in that it involves the analysis of market conditions at a macro (entire market/economy) or micro (company specific) level, rather than the overall fundamental analysis of the health of the particular company that MJP Financial is recommending. The risks with cyclical analysis are similar to those of technical analysis.

Behavioral finance analysis involves an examination of conventional economics as well as behavioral and cognitive psychological factors. Behavioral finance methodology seeks to combine a qualitative and quantitative approach to provide explanations for why individuals may, at times, make irrational financial decisions. Where conventional financial theories have failed to explain certain patterns, the behavioral finance methodology investigates the underlying reasons and biases that cause some people to behave against their best interests.

The risks relating to behavior finance analysis are that it relies on spotting trends in human behavior that may not predict future trends.

As noted above, MJP Financial generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. MJP Financial will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, MJP Financial may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. MJP Financial will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. The following are some of the risks associated with the Advisor's investment strategies:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond Risks

Bonds are subject to specific risks, including the following: (1) interest rate risks, i.e., the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of

the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Short Sales

A short sale involves the sale of a security that the Client does not own in the hope of purchasing the same security at a later date at a lower price. To make delivery to the buyer, the Client must borrow the security and is obligated to return the security to the lender, which is accomplished by a later purchase of the security. The Client realizes a profit or a loss as a result of a short sale if the price of the security decreases or increases respectively between the date of the short sale and the date on which the Client covers its short position, i.e., purchases the security to replace the borrowed security. A short sale involves the theoretically unlimited risk of an increase in the market price of the security that would result in a theoretically unlimited loss.

Structured Products

Structured notes are not bank deposits and are not insured by the Federal Deposit Insurance Corporation or any other governmental agency. The terms and risks of each structured note vary materially depending on the nature and volatility of the referenced asset, the creditworthiness of the issuer, and the maturity of the instrument, among other factors. The general risks associated with this type of investment include, but are not limited to, non-payment risk (payment of interest and return of principal may be reduced, in whole or in part, due to underperformance of the referenced asset); counter-party risk (for reasons such as bankruptcy, the issuer of the structured note may fail to pay all or a portion of the principal and interest due on the structured note); underperformance risk (depending on market conditions, the structured note may underperform alternative allocations to traditional bonds, the referenced asset, or a combination of such investments). Structured notes are significantly riskier than conventional debt instruments. There is a risk of loss of some or all of the principal at maturity.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving MJP Financial or any of its Supervised Persons. MJP Financial values the trust you place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor and Advisory Persons are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 300043.

Item 10 – Other Financial Industry Activities and Affiliations

Insurance Agency Affiliations

Mario J. Payne is also licensed as an independent insurance professional. As an independent insurance professional, Mr. Payne will earn commission-based compensation for selling insurance products, including insurance products sold to you. Insurance commissions earned by Mr. Payne are separate and in addition to our advisory fees. This practice presents a conflict of interest because when providing investment advice on behalf of the Advisor, Mr. Payne has an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs. However, you are under no obligation, contractually or otherwise, to purchase insurance products through Mr. Payne.

Planning Solutions International LLC dba MJP Financial
1901 University Blvd W, Jacksonville, FL 32217
Phone: (904) 733-5321 * Fax: (904) 733-5322

Investment Adviser

Let Bob LLC: Mario J. Payne and Kendal A. Cann are minority owners of Let Bob LLC. Let Bob, LLC is registered as an investment advisor with the SEC and various state jurisdictions. Mario Payne is the CCO of Let Bob, LLC, a Robo-Advisor that provides services such as investment strategies and trading automation through via an online interface. Clients are under no obligation to place their assets with Let Bob LLC.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

MJP Financial has implemented a Code of Ethics (the “Code”) that defines the Advisor’s fiduciary commitment to Clients. This Code applies to all persons associated with MJP Financial (“Supervised Persons”). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor’s duties to the Client. MJP Financial and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of MJP Financials Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (904) 733-5321.

B. Personal Trading with Material Interest

MJP Financial allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. MJP Financial does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. MJP Financial does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

MJP Financial allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must disclose to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by MJP Financial requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer (“CCO”) or delegate. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While MJP Financial allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders, if applicable. **At no time will MJP Financial, or any Supervised Person of MJP Financial, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

MJP Financial does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the “Custodian”) to safeguard Client assets and authorize MJP Financial to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, MJP Financial does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where MJP Financial does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by MJP Financial. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. MJP Financial may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, its reputation and/or the location of the Custodian's offices.

The Advisor participates in the TD Ameritrade Institutional program. TD Ameritrade Institutional is a division of TD Ameritrade, Inc. ("TD Ameritrade"), member FINRA/SIPC. TD Ameritrade is an independent and unaffiliated SEC-registered broker-dealer. TD Ameritrade offers services to independent investment advisors, which include custody of securities, trade execution, clearance and settlement of transactions. The Advisor receives some benefits from TD Ameritrade through its participation in the program. Please see the disclosure under Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealers/custodians in exchange for research and other services. **MJP Financial does participate in soft dollar program sponsored or offered the Custodian. Please see Item 14 below.**

2. Brokerage Referrals - MJP Financial does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where MJP Financial will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). MJP Financial will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the designated Custodian. The Advisor may not be able to aggregate orders to reduce transaction costs in a Client directed brokerage account.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. MJP Financial will execute its transactions through the Custodian as authorized by the Client.

MJP Financial may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Clients' accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Mario J. Payne, Chief Compliance Officer of MJP Financial. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify MJP Financial if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance. We urge you to carefully review such custodial statements and any reports we may provide to you.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by MJP Financial

MJP Financial may refer Clients to various unaffiliated, non-advisory professionals (e.g., attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, MJP Financial may receive non-compensated referrals of new Clients from various third parties. The parties involved are not compensated for these referrals.

Participation in Institutional Advisor Platform

As disclosed under Item 12, above, the Advisor participates in TD Ameritrade's institutional customer program and the Advisor may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between the Advisor's participation in the program and the investment advice it gives to its Clients, although the Advisor receives economic benefits through its participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving the Advisor participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to the Advisor by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by the Advisor's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit the Advisor but may not benefit its Client accounts. These products or services may assist the Advisor in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help the Advisor manage and further develop its business enterprise. The benefits received by the Advisor or its personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to clients, the Advisor endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by the Advisor or its related persons in and of itself creates a conflict of interest and may indirectly influence the Advisor's choice of TD Ameritrade for custody and brokerage services.

B. Client Referrals

MJP Financial participates in an advertising and referral service. SmartVestor™ is an advertising and referral service for investment professionals operated by The Lampo Group, LLC d/b/a Ramsey Solutions ("RS"). When potential investors provide their contact information through the SmartVestor™ site, RS will introduce them to up to five (5) investment professionals ("Pros") that are in their geographic area, including MJP Financial ("Adviser"). It is up to the investor to interview Adviser and decide whether they want to hire them. If the investor decides to hire Adviser, they enter into an agreement directly with Adviser to provide them with investment advisory

Planning Solutions International LLC dba MJP Financial

services. Adviser has entered into an arrangement with RS under which Adviser pays RS a flat monthly fee to advertise its services through SmartVestor™ and to receive client referrals in the form of an initial introduction to interested consumers who are located in Adviser's geographic region. Neither RS nor its affiliates are engaged in providing investment advice. RS does not receive, control, access or monitor client funds, accounts, or portfolios. RS does not warrant any services of Adviser or any SmartVestor™ Pro and makes no claim or promise of any result or success by retaining Adviser. Use of SmartVestor™, including the decision to retain the services of Adviser, is at the investor's sole discretion and risk.

Item 15 – Custody

MJP Financial does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct MJP Financial to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by MJP Financial to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

Item 16 – Investment Discretion

MJP Financial generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by MJP Financial. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by MJP Financial will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

MJP Financial does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither MJP Financial, nor its management, have any adverse financial situations that would reasonably impair the ability of MJP Financial to meet all obligations to its Clients. Neither MJP Financial, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. MJP Financial is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.

Privacy Policy

Our Commitment to You

Planning Solutions International LLC dba MJP Financial ("MJP Financial" or the "Advisor") is committed to safeguarding the use of personal information of our Clients (also referred to as "you" and "your") that we obtain as your Investment Advisor, as described here in our Privacy Policy ("Policy").

Our relationship with you is our most important asset. We understand that you have entrusted us with your private information, and we do everything that we can to maintain that trust. MJP Financial (also referred to as "we", "our" and "us") protects the security and confidentiality of the personal information we have and implements controls to ensure that such information is used for proper business purposes in connection with the management or servicing of our relationship with you.

MJP Financial does not sell your non-public personal information to anyone. Nor do we provide such information to others except for discrete and reasonable business purposes in connection with the servicing and management of our relationship with you, as discussed below.

Details of our approach to privacy and how your personal non-public information is collected and used are set forth in this Policy.

Why you need to know?

Registered Investment Advisors ("RIAs") must share some of your personal information in the course of servicing your account. Federal and State laws give you the right to limit some of this sharing and require RIAs to disclose how we collect, share, and protect your personal information.

What information do we collect from you?

| | |
|--|---------------------------------|
| Driver's license number | Date of birth |
| Social security or taxpayer identification number | Assets and liabilities |
| Name, address and phone number[s] | Income and expenses |
| E-mail address[es] | Investment activity |
| Account information (including other institutions) | Investment experience and goals |

What Information do we collect from other sources?

| | |
|---|---|
| Custody, brokerage and advisory agreements | Account applications and forms |
| Other advisory agreements and legal documents | Investment questionnaires and suitability documents |
| Transactional information with us or others | Other information needed to service account |

How do we protect your information?

To safeguard your personal information from unauthorized access and use we maintain physical, procedural and electronic security measures. These include such safeguards as secure passwords, encrypted file storage and a secure office environment. Our technology vendors provide security and access control over personal information and have policies over the transmission of data. Our associates are trained on their responsibilities to protect Client's personal information.

We require third parties that assist in providing our services to you to protect the personal information they receive from us.

How do we share your information?

An RIA shares Client personal information to effectively implement its services. In the section below, we list some reasons we may share your personal information.

| Basis For Sharing | Do we share? | Can you limit? |
|---|--------------|----------------|
| Servicing our Clients We may share non-public personal information with non-affiliated third parties (such as administrators, brokers, custodians, regulators, credit agencies, other financial institutions) as necessary for us to provide agreed upon services to you, consistent with applicable law, including but not limited to: processing transactions; general account maintenance; responding to regulators or legal investigations; and credit reporting. | Yes | No |
| Marketing Purposes MJP Financial does not disclose, and does not intend to disclose, personal information with non-affiliated third parties to offer you services. Certain laws may give us the right to share your personal information with financial institutions where you are a customer and where MJP Financial or the client has a formal agreement with the financial institution. We will only share information for purposes of servicing your accounts, not for marketing purposes. | No | Not Shared |
| Authorized Users Your non-public personal information may be disclosed to you and persons that we believe to be your authorized agent[s] or representative[s]. | Yes | Yes |
| Information About Former Clients MJP Financial does not disclose and does not intend to disclose, non-public personal information to non-affiliated third parties with respect to persons who are no longer our Clients. | No | Not Shared |

Changes to our Privacy Policy

We will send you a copy of this Policy annually for as long as you maintain an ongoing relationship with us.

Periodically we may revise this Policy and will provide you with a revised Policy if the changes materially alter the previous Privacy Policy. We will not, however, revise our Privacy Policy to permit the sharing of non-public personal information other than as described in this notice unless we first notify you and provide you with an opportunity to prevent the information sharing.

Any Questions?

You may ask questions or voice any concerns, as well as obtain a copy of the Advisor's current Privacy Policy by contacting us at (904) 733-5321.
