## Item 4 – Advisory Services

---

### A. Firm Information

Clarendon Private LLC (“Clarendon Private” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor is organized as a Limited Liability Company (“LLC”) under the laws of the Commonwealth of Massachusetts. Clarendon Private was founded in August 2021 and is owned and operated by \_\_\_\_\_. This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Clarendon Private.

### B. Advisory Services Offered

Clarendon Private offers wealth management services to individuals, high net worth individuals, trusts, estates, endowments and businesses (each referred to as a “Client”). Wealth management services typically include the Advisor’s discretionary investment management services and relating financial planning and consulting services.

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Clarendon Private’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

#### Wealth Management Services

Clarendon Private provides customized wealth management solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. Clarendon Private works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Clarendon Private will then construct an investment portfolio, consisting of exchange-traded funds (“ETFs”), individual stocks, mutual funds, individual bonds, cash equivalents and/or alternative investments, as appropriate, to achieve the Client’s investment goals. The Advisor may retain certain types of investments based on a Client’s legacy investments based on portfolio fit and/or tax considerations.

Clarendon Private’s investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. Clarendon Private will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Clarendon Private evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Clarendon Private may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Clarendon Private may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Clarendon Private may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

At no time will Clarendon Private accept or maintain custody of a Client’s funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within the designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. Please see Item 12 – Brokerage Practices.

#### Financial Planning Services

In connection with its investment management services, Clarendon Private will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client’s financial situation, depending on their goals and objectives. Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial

consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, estate/legacy planning, insurance needs, and/or other areas of a Client's financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

Clarendon Private may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six (6) months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

### **C. Client Account Management**

Prior to engaging Clarendon Private to provide wealth management services, each Client is required to enter into a wealth management agreement with the Advisor that defines the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Clarendon Private, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – Clarendon Private will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Clarendon Private will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Clarendon Private will provide investment management and ongoing oversight of the Client's investment portfolio.

### **D. Wrap Fee Programs**

Clarendon Private does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by Clarendon Private.

### **E. Assets Under Management**

Clarendon Private is a newly established advisor. Assets under management shall be reported with the Advisor's next filing of this Disclosure Brochure. Clients may request more current information at any time by contacting the Advisor.

## **Item 5 – Fees and Compensation**

---

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a wealth management agreement with the Advisor.

### A. Fees for Advisory Services

Wealth management fees are paid quarterly, at the end of each calendar quarter, pursuant to the terms of the wealth management agreement. Wealth management fees are based on the average daily market value of assets under management during the quarter. Wealth management fees are based on the following schedule:

| Assets Under Management (\$)           | Annual Rate (%) |
|--|-----------------|
| Up to \$5,000,000                      | 1.00%           |
| Next \$5,000,000 (Up to \$10,000,000)  | 0.75%           |
| Next \$40,000,000 (Up to \$50,000,000) | 0.50%           |
| Next \$50,000,000 (Up to 100,000,000)  | 0.40%           |
| Over \$100,000,000)                    | 0.30%           |

The wealth management fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Clarendon Private will be independently valued by the Custodian. Clarendon Private will not have the authority or responsibility to value portfolio securities.

The Advisor's fee is exclusive of, and in addition to any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5.C below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

### B. Fee Billing

Wealth management fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] following the end of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the average daily assets under management with Clarendon Private at the end of the quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the wealth management fee. Clients are urged to also review and compare the statement provided by the Advisor to the brokerage statement from the Custodian, as the Custodian does not perform a verification of fees. Clients provide written authorization permitting advisory fees to be deducted by Clarendon Private to be paid directly from their account[s] held by the Custodian as part of the wealth management agreement and separate account forms provided by the Custodian.

### C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Clarendon Private, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian, as applicable. The Advisor's recommended Custodian does not charge securities transaction fees for ETF and equity trades in a Client's account, provided that the account meets the terms and conditions of the Custodian's brokerage requirements. However, the Custodian typically charges for mutual funds and other types of investments. The fees charged by Clarendon Private are separate and distinct from these custody and execution fees.

In addition, all fees paid to Clarendon Private for wealth management services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Clarendon Private, but would not receive the services provided by Clarendon Private which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Clarendon Private to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

#### **D. Advance Payment of Fees and Termination**

Clarendon Private may be compensated for its investment management services at the end of the quarter after services are rendered. Either party may terminate the wealth management agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the wealth management agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Client's wealth management agreement with the Advisor is non-transferable without the Client's prior consent.

#### **E. Compensation for Sales of Securities**

Clarendon Private does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the Wealth management fees noted above.

### **Item 6 – Performance-Based Fees and Side-By-Side Management**

---

Clarendon Private does not charge performance-based fees for its wealth management services. The fees charged by Clarendon Private are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

Clarendon Private does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

### **Item 7 – Types of Clients**

---

Clarendon Private offers wealth management services to individuals, high net worth individuals, trusts, estates, endowments and businesses. Clarendon Private generally service Clients with a relationship size of \$5,000,000 and above. Clarendon Private may reduce this minimum at its sole discretion.

### **Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss**

---

#### **A. Methods of Analysis**

Clarendon Private primarily employs a fundamental and technical analysis methods in developing investment strategies for its Clients. Research and analysis from Clarendon Private are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

*Fundamental analysis* utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

*Technical analysis* involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Clarendon Private will be able to accurately predict such a reoccurrence.

As noted above, Clarendon Private generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Clarendon Private will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Clarendon Private may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

## **B. Risk of Loss**

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Clarendon Private will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment strategies:

### Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

### ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

### Bond ETFs

Bond ETFs are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

### Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

### Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

### Alternative Investments (Limited Partnerships)

The performance of alternative investments (limited partnerships) can be volatile and may have limited liquidity. An investor could lose all or a portion of their investment. Such investments often have concentrated positions and investments that may carry higher risks. Client should only have a portion of their assets in these investments.

**Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.**

## **Item 9 – Disciplinary Information**

---

**There are no legal, regulatory or disciplinary events involving Clarendon Private or its management persons.** Clarendon Private values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor or Advisory Persons are available on the Investment Adviser Public Disclosure website at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov) by searching with the Advisor's firm name or CRD# 316616.

## **Item 10 – Other Financial Industry Activities and Affiliations**

---

The sole business of Clarendon Private is to provide wealth management services to its Clients. Neither Clarendon Private nor its Advisory Persons are involved in other business endeavors. As noted in item 4, Clarendon Private is a wholly-owned subsidiary of Brookline Bancorp.

## **Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading**

---

### **A. Code of Ethics**

Clarendon Private has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with Clarendon Private ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to each Client. Clarendon Private and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Clarendon Private's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (617) 800-0388.

### **B. Personal Trading with Material Interest**

Clarendon Private allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Clarendon Private does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Clarendon Private does not have a material interest in any securities traded in Client accounts.

### C. Personal Trading in Same Securities as Clients

Clarendon Private allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Clarendon Private requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") or delegate. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

### D. Personal Trading at Same Time as Client

While Clarendon Private allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Clarendon Private, or any Supervised Person of Clarendon Private, transact in any security to the detriment of any Client.**

## Item 12 – Brokerage Practices

---

### A. Recommendation of Custodian[s]

Clarendon Private does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Clarendon Private to direct trades to the Custodian as agreed upon in the wealth management agreement. Further, Clarendon Private does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where Clarendon Private does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by Clarendon Private. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. Clarendon Private may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and its reputation and/or the location of the Custodian's offices. Clarendon Private will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"), a FINRA-registered broker-dealer and member SIPC. Schwab will serve as the Client's "qualified custodian". Clarendon Private maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

**1. Soft Dollars** - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. Clarendon Private does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the Custodian. Please see Item 14 below.

**2. Brokerage Referrals** - Clarendon Private does not receive any compensation from any third party in connection with the recommendation for establishing an account.

**3. Directed Brokerage** - All Clients are serviced on a "directed brokerage basis", where Clarendon Private will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions

(i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Clarendon Private will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

## **B. Aggregating and Allocating Trades**

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Clarendon Private will execute its transactions through the Custodian as authorized by the Client. Clarendon Private may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Clients' accounts.

## **Item 13 – Review of Accounts**

---

### **A. Frequency of Reviews**

Securities in Client accounts are monitored on a regular and continuous basis by Advisor Persons of the Advisor and periodically by the CCO. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

### **B. Causes for Reviews**

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Clarendon Private if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

### **C. Review Reports**

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

## **Item 14 – Client Referrals and Other Compensation**

---

### **A. Compensation Received by Clarendon Private**

Clarendon Private is a fee-based advisory firm, that is compensated solely by its Clients and not from any investment product. Clarendon Private does not receive commissions or other compensation from product sponsors, broker-dealers or any un-related third party. Clarendon Private may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Clarendon Private may receive non-compensated referrals of new Clients from various third-parties.

### Participation in Institutional Advisor Platform

Clarendon Private has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Clarendon Private. As a registered investment advisor participating on the Schwab Advisor Services platform, Clarendon Private receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but

not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

*Services that Benefit the Client* – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

*Services that May Indirectly Benefit the Client* – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

*Services that May Only Benefit the Advisor* – Schwab also offers other services and support to Clarendon Private that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. Clarendon Private believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

## **B. Client Referrals from Solicitors**

Clarendon Private does not engage paid solicitors for Client referrals.

## **Item 15 – Custody**

---

Clarendon Private does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Clarendon Private to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by Clarendon Private to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

## **Item 16 – Investment Discretion**

---

Clarendon Private generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Clarendon Private. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of a wealth management agreement containing all applicable limitations to such authority. All discretionary trades made by Clarendon Private will be in accordance with each Client's investment objectives and goals.

## **Item 17 – Voting Client Securities**

---

Clarendon Private does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

## **Item 18 – Financial Information**

---

Neither Clarendon Private, nor its management, have any adverse financial situations that would reasonably impair the ability of Clarendon Private to meet all obligations to its Clients. Neither Clarendon Private, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. Clarendon Private is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.
