Item 4 Advisory Business

Imperial Fund Capital Partners, LLC ("Imperial" or "the Firm") is an investment adviser with its principal place of business located in FL. Listed below are the firm's principal shareholders (i.e., those individuals and/or entities controlling 25% or more of this company):

- Victor Kuznetsov; and
- Maksim Slyusarchuk

Imperial Fund Capital Partners, LLC offers the following advisory services to our clients:

INDIVIDUAL PORTFOLIO MANAGEMENT

Our firm provides asset management of client funds based on the individual needs of the client. Through personal discussions in which goals and objectives based on the client's particular circumstances are established, we develop the client's personal investment policy. We create and manage a portfolio based on that policy. During our data-gathering process, we determine the client's individual objectives, time horizons, risk tolerance, and liquidity needs. As appropriate, we may also review and discuss a client's prior investment history, as well as family composition and background.

We manage these advisory accounts on either a non-discretionary or discretionary basis. Account supervision is guided by the client's stated objectives (i.e., maximum capital appreciation, growth, income, or growth and income), as well as tax considerations.

Clients may impose reasonable restrictions on investing in certain securities, types of securities, or industry sectors.

Once the client's portfolio has been established, we review the portfolio quarterly and if necessary, rebalance the portfolio on an annual basis, based on the client's individual needs.

Our investment recommendations are not limited to any specific product or service offered by a broker/dealer or insurance company and will generally include advice regarding the following securities:

- Exchange-listed securities
- Corporate debt securities (other than commercial paper)
- Private Placements

Because some types of investments involve certain additional degrees of risk, they will only be recommended when consistent with the client's stated investment objectives, tolerance for risk, liquidity and suitability.

PRIVATE FUNDS

Investment in private funds offered through affiliated entities is only suitable for sophisticated investors and requires the financial ability and wherewithal to accept high risk and lack of liquidity. The following private funds are managed by entities under common ownership and/or control of Victor Kuznetsov and

Max Slyusarchuk. For more information and details regarding these funds, we urge qualified and eligible clients to review the organizational documents, offering memorandum and subscription agreements. Imperial expects each private fund on its platform to qualify for an exception from the definition of “investment company” under the Investment Company Act of 1940, as amended (“1940 Act”) and to offer interests to Investors pursuant to Regulation D under the Securities Act of 1933, as amended (“1933 Act”). As a result, this brochure could discuss information relevant to such investors, as necessary or appropriate. Nonetheless, this brochure is designed solely to provide information about Imperial and should not be considered to be an offer of interests in any Private Fund. It is also not an offer of, or agreement to provide, advisory services directly to any recipient. Rather, this brochure is designed solely to provide information about Imperial for the purpose of compliance with certain obligations under the Advisers Act and, as such, responds to relevant regulatory requirements under the Advisers Act.

AMOUNT OF MANAGED ASSETS

As of December 6, 2021, we have \$316,500,000 in assets under management, of which \$316,500,000 of assets are managed on a discretionary basis and \$0 of assets are managed on a non-discretionary basis.

Item 5 Fees and Compensation

PORTFOLIO MANAGEMENT SERVICES FEES

Our annual fees for Portfolio Management Services are based upon a percentage of assets under management and generally range from 0.5% to 2.00%.

A minimum of \$250,000 of assets under management is required for this service. This account size may be negotiable under certain circumstances. Imperial Fund Capital Partners, LLC may group certain related client accounts for the purposes of achieving the minimum account size and determining the annualized fee.

Limited Negotiability of Advisory Fees: Although Imperial Fund Capital Partners, LLC has established the aforementioned fee schedule(s), we retain the discretion to negotiate alternative fees on a client-by-client basis. Client facts, circumstances and needs are considered in determining the fee schedule. These include the complexity of the client, assets to be placed under management, anticipated future additional assets; related accounts; portfolio style, account composition, reports, among other factors. The specific annual fee schedule is identified in the contract between the adviser and each client.

We may group certain related client accounts for the purposes of achieving the minimum account size requirements and determining the annualized fee.

Discounts, not generally available to our advisory clients, may be offered to family members and friends of associated persons of our firm.

PRIVATE FUND FEES

As indicated above, Imperial can offer certain qualified clients the investment services provided by a limited partnership of our affiliates. Fees and expenses of those Private Funds are described to Investors, in detail, in each Private Fund's PPM. Private Fund fees vary depending on the nature of the services provided and the investment strategy used.

FINANCIAL PLANNING FEES

Imperial Fund Capital Partners, LLC's Financial Planning fee is determined based on the nature of the services being provided and the complexity of each client's circumstances. All fees are agreed upon prior to entering into a contract with any client.

Our Financial Planning fees are calculated and charged on a fixed fee basis, typically ranging from \$500 to \$5,000, depending on the specific arrangement reached with the client.

We may request a retainer upon completion of our initial fact-finding session with the client; however, advance payment will never exceed \$500 for work that will not be completed within six months. The balance is due upon completion of the plan.

The client is billed quarterly in arrears based on actual hours accrued.

GENERAL INFORMATION

Termination of the Advisory Relationship: A client agreement may be canceled at any time, by either party, for any reason upon receipt of 60 days written notice. As disclosed above, certain fees are paid in advance of services provided.]

Mutual Fund Fees: All fees paid to Imperial Fund Capital Partners, LLC for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and/or ETFs to their shareholders. These fees and expenses are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. If the fund also imposes sales charges, a client may pay an initial or deferred sales charge. A client could invest in a mutual fund directly, without our services. In that case, the client would not receive the services provided by our firm which are designed, among other things, to assist the client in determining which mutual fund or funds are most appropriate to each client's financial condition and objectives. Accordingly, the client should review both the fees charged by the funds and our fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided.

Separately Managed Account Fees: Clients participating in separately managed account programs may be charged various program fees in addition to the advisory fee charged by our firm. Such fees may include the investment advisory fees of the independent advisers, which may be charged as part of a wrap fee arrangement. In a wrap fee arrangement, clients pay a single fee for advisory, brokerage and custodial services. Client's portfolio transactions may be executed without commission charge in a wrap fee arrangement. In evaluating such an arrangement, the client should also consider that, depending upon the level of the wrap fee charged by the broker-dealer, the amount of portfolio activity in the client's account, and other factors, the wrap fee may or may not exceed the aggregate cost of such services if they were to be provided separately. We will review with clients any separate program fees that may be charged to clients.

Additional Fees and Expenses: In addition to our advisory fees, clients are also responsible for the fees and expenses charged by custodians and imposed by broker dealers, including, but not limited to, any transaction charges imposed by a broker dealer with which an independent investment manager effects transactions for the client's account(s). Please refer to the "Brokerage Practices" section (Item 12) of this Form ADV for additional information.

Advisory Fees in General: Clients should note that similar advisory services may (or may not) be available from other registered (or unregistered) investment advisers for similar or lower fees.

Limited Prepayment of Fees: Under no circumstances do we require or solicit payment of fees in excess of \$500 more than six months in advance of services rendered.

Item 6 Performance-Based Fees and Side-By-Side Management

PERFORMANCE-BASED FEES

As we disclosed in Item 5 of this Brochure, our firm accepts a performance-based fee from the client. Such a performance-based fee is calculated based on a share of capital gains on or capital appreciation

of the assets of the client. To qualify for a performance-based fee arrangement, a client (or Fund investor, as applicable) must either demonstrate a net worth of at least \$2,000,000 or must have at least \$1,000,000 under management immediately after entering into a management agreement with us.

Clients should be aware that performance-based fee arrangement may create an incentive for us to recommend investments which may be riskier or more speculative than those which would be recommended under a different fee arrangement.

We endeavor at all times to put the interest of our clients first as part of our fiduciary duty as a registered investment adviser; accordingly, we take the following steps to address these conflicts:

1. We disclose to clients the existence of all material conflicts of interest, including the potential for our firm and employees to earn more compensation from advisory clients who pay performance-based fees;
2. We collect, maintain and document accurate, complete and relevant client background information, including the client's financial goals, objectives and risk tolerance;
3. Our management conducts regular reviews of each client account to verify that all recommendations made to a client are suitable to that client's needs and circumstances;
4. We have implemented policies and procedures for fair and consistent allocation of investment opportunities among all client accounts;
5. We periodically compare holdings and performance of all accounts with similar strategies to identify significant performance disparities indicative of possible favorable treatment;
6. We periodically review trading frequency and portfolio turnover rates to identify possible patterns of "window dressing," "portfolio churning," or any intent to manipulate trading to boost performance near the reporting period; and
7. We educate our employees regarding the responsibilities of a fiduciary, including the need for having a reasonable and independent basis for the investment advice provided to clients and equitable treatment of all clients, regardless of the fee arrangement.

The client must understand the performance-based fee method of compensation and its risks prior to entering into a management contract with us.

PERFORMANCE-BASED FEES WILL ONLY BE CHARGED IN ACCORDANCE WITH THE PROVISIONS OF RULE 205-3 OF THE INVESTMENT ADVISERS ACT OF 1940 AND/OR APPLICABLE STATE REGULATIONS. THE FEES WILL NOT BE OFFERED TO ANY CLIENT RESIDING IN A STATE IN WHICH SUCH FEES ARE PROHIBITED.

Item 7 Types of Clients

Imperial Fund Capital Partners, LLC provides advisory services to the following types of clients:

- Individuals (other than high net worth individuals)
- High net worth individuals
- Corporations

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

METHODS OF ANALYSIS

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

Risks for all forms of analysis. Our securities analysis methods rely on the assumption that the companies whose securities we purchase and sell, the rating agencies that review these securities, and other publicly-available sources of information about these securities, are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information.

INVESTMENT STRATEGIES

We use the following strategy(ies) in managing client accounts, provided that such strategy(ies) are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

Long-term purchases. We purchase securities with the idea of holding them in the client's account for a year or longer. Typically we employ this strategy when:

- we believe the securities to be currently undervalued, and/or
- we want exposure to a particular asset class over time, regardless of the current projection for this class.

Short-term purchases. When utilizing this strategy, we purchase securities with the idea of selling them within a relatively short time (typically a year or less). We do this in an attempt to take advantage of conditions that we believe will soon result in a price swing in the securities we purchase.

Trading. We purchase securities with the idea of selling them very quickly (typically within 30 days or less). We do this in an attempt to take advantage of our predictions of brief price swings.

Private Funds. Investors in private funds should understand that these funds are speculative, and the interests are illiquid or of limited liquidity. Ownership interests in a private fund requires the ability to tolerate a high degree of risk. Each private fund will be subject to additional risks, that are described in the funds offering memorandum, which investors should review carefully.

Item 9 Disciplinary Information

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Our firm and our management personnel have no reportable disciplinary events to disclose.

Item 10 Other Financial Industry Activities and Affiliations

Affiliated Broker/Dealer

In addition to Imperial Fund Capital Partners, LLC being a registered investment adviser, our firm is under common ownership and control with ADM Securities LLC, which is a FINRA registered broker-dealer. A list of affiliated broker-dealers is specifically disclosed in Section 7.A. on Schedule D of Form ADV, Part 1, which can be accessed by following the directions provided on the Cover Page of this Firm Brochure.

Management Personnel

Certain Management personnel of our firm are separately licensed as registered representatives of ADM Securities LLC, an affiliated FINRA member broker-dealer.

These individuals, in their separate capacity, can effect securities transactions for which they will receive separate, yet customary compensation.

While Imperial Fund Capital Partners, LLC and these individuals endeavor at all times to put the interest of the clients first as part of our fiduciary duty, clients should be aware that the receipt of additional compensation itself creates a conflict of interest, and may affect the judgment of these individuals when making recommendations.

Victor Kuznetsov and Max Slyusarchuk of Imperial Fund Capital Partners, LLC are also controlling officers of Imperial Manager I, LLC and Imperial Manager II, LLC, which manages the Imperial Fund I, LLC and Imperial Fund II, LLC. This arrangement creates a conflict of interest with our clients when we recommend to Clients they invest in a Private Fund for which Imperial (and/or its personnel making the recommendation) will receive compensation.

Our affiliates typically recommend Imperial Fund Capital Partners, LLC to their clients in need of advisory services. Conversely, Imperial Fund Capital Partners, LLC typically recommends its affiliates to advisory clients in need of such services. The services provided by our affiliates are separate and distinct from our advisory services, and are provided for separate and typical compensation. There are no referral fee arrangements between our firms for these recommendations. No Imperial Fund Capital Partners, LLC client is obligated to use any of our affiliated companies for any services and conversely, no client is obligated to use the advisory services we provide.

Clients should be aware that the receipt of additional compensation by Imperial Fund Capital Partners, LLC and its management persons or employees creates a conflict of interest that may impair the objectivity of our firm and these individuals when making advisory recommendations. Imperial Fund Capital Partners, LLC endeavors at all times to put the interest of its clients first as part of our fiduciary duty as a registered investment adviser; we take the following steps to address this conflict:

- we disclose to clients the existence of all material conflicts of interest, including the potential for our firm and our employees to earn compensation from advisory clients in addition to our firm's advisory fees;

- we disclose to clients that they are not obligated to purchase recommended investment products from our employees or affiliated companies;
- we collect, maintain and document accurate, complete and relevant client background information, including the client's financial goals, objectives and risk tolerance;
- our firm's management conducts regular reviews of each client account to verify that all recommendations made to a client are suitable to the client's needs and circumstances;
- we require that our employees seek prior approval of any outside employment activity so that we may ensure that any conflicts of interests in such activities are properly addressed;
- we periodically monitor these outside employment activities to verify that any conflicts of interest continue to be properly addressed by our firm; and
- we educate our employees regarding the responsibilities of a fiduciary, including the need for having a reasonable and independent basis for the investment advice provided to clients.

Item 11 Code of Ethics, Participation/Interest in Client Transactions & Personal Trading

Our firm has adopted a Code of Ethics which sets forth high ethical standards of business conduct that we require of our employees, including compliance with applicable federal securities laws.

Imperial Fund Capital Partners, LLC and our personnel owe a duty of loyalty, fairness and good faith towards our clients, and have an obligation to adhere not only to the specific provisions of the Code of Ethics but to the general principles that guide the Code.

Our Code of Ethics includes policies and procedures for the review of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be submitted by the firm's access persons. Among other things, our Code of Ethics also requires the prior approval of any acquisition of securities in a limited offering (e.g., private placement) or an initial public offering. Our code also provides for oversight, enforcement and recordkeeping provisions.

Imperial Fund Capital Partners, LLC's Code of Ethics further includes the firm's policy prohibiting the use of material non-public information. While we do not believe that we have any particular access to nonpublic information, all employees are reminded that such information may not be used in a personal or professional capacity.

A copy of our Code of Ethics is available to our advisory clients and prospective clients. You may request a copy by email sent to info@ifcapitalpartners.com.

Imperial Fund Capital Partners, LLC and individuals associated with our firm are prohibited from engaging in principal transactions.

Imperial Fund Capital Partners, LLC and individuals associated with our firm are prohibited from engaging in agency cross transactions.

Our Code of Ethics is designed to assure that the personal securities transactions, activities and interests of our employees will not interfere with (i) making decisions in the best interest of advisory clients and

(ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts.

Our firm and/or individuals associated with our firm may buy or sell for their personal accounts securities identical to or different from those recommended to our clients. In addition, any related person(s) may have an interest or position in a certain security(ies) which may also be recommended to a client.

It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account, thereby preventing such employee(s) from benefiting from transactions placed on behalf of advisory accounts.

We may aggregate our employee trades with client transactions where possible and when compliant with our duty to seek best execution for our clients. In these instances, participating clients will receive an average share price and transaction costs will be shared equally and on a pro-rata basis. In the instances where there is a partial fill of a particular batched order, we will allocate all purchases prorata, with each account paying the average price. Our employee accounts will be excluded in the pro-rata allocation.

As these situations represent actual or potential conflicts of interest to our clients, we have established the following policies and procedures for implementing our firm's Code of Ethics, to ensure our firm complies with its regulatory obligations and provides our clients and potential clients with full and fair disclosure of such conflicts of interest:

1. No principal or employee of our firm may put his or her own interest above the interest of an advisory client.
2. No principal or employee of our firm may buy or sell securities for their personal portfolio(s) where their decision is a result of information received as a result of his or her employment unless the information is also available to the investing public.
3. It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account. This prevents such employees from benefiting from transactions placed on behalf of advisory accounts.
4. Our firm requires prior approval for any IPO or private placement investments by related persons of the firm.
5. We maintain a list of all reportable securities holdings for our firm and anyone associated with this advisory practice that has access to advisory recommendations ("access person"). These holdings are reviewed on a regular basis by our firm's Chief Compliance Officer or his/her designee.
6. We have established procedures for the maintenance of all required books and records.
7. All clients are fully informed that related persons may receive separate commission compensation when effecting transactions during the implementation process.
8. Clients can decline to implement any advice rendered, except in situations where our firm is granted discretionary authority.
9. All of our principals and employees must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.

10. We require delivery and acknowledgement of the Code of Ethics by each supervised person of our firm.
11. We have established policies requiring the reporting of Code of Ethics violations to our senior management.
12. Any individual who violates any of the above restrictions may be subject to termination.

As disclosed in the preceding section of this Brochure (Item 10), related persons of our firm are separately registered as securities representatives of a broker-dealer. Please refer to Item 10 for a detailed explanation of these relationships and important conflict of interest disclosures.

Item 12 Brokerage Practices

Imperial Fund Capital Partners, LLC does not have any soft-dollar arrangements and does not receive any soft-dollar benefits.

Imperial Fund Capital Partners, LLC requires that clients provide us with written authority to determine the broker-dealer to use and the commission costs that will be charged to our clients for these transactions.

These clients must include any limitations on this discretionary authority in this written authority statement. Clients may change/amend these limitations as required. Such amendments must be provided to us in writing.

As a matter of policy and practice, Imperial Fund Capital Partners, LLC does not generally block client trades and, therefore, we implement client transactions separately for each account. Consequently, certain client trades may be executed before others, at a different price and/or commission rate. Additionally, our clients may not receive volume discounts available to advisers who block client trades.

Item 13 Review of Accounts

PORTFOLIO MANAGEMENT SERVICES

REVIEWS: While the underlying securities within Individual Portfolio Management Services accounts are continually monitored, these accounts are reviewed quarterly. Accounts are reviewed in the context of each client's stated investment objectives and guidelines. More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances, or the market, political or economic environment.

REPORTS: In addition to the monthly statements and confirmations of transactions that Portfolio Management Services clients receive from their broker-dealer, Imperial Fund Capital Partners, LLC will provide quarterly reports summarizing account performance, balances and holdings.

FINANCIAL PLANNING SERVICES

REVIEWS: While reviews may occur at different stages depending on the nature and terms of the specific engagement, typically no formal reviews will be conducted for Financial Planning clients unless otherwise contracted for.

REPORTS: Financial Planning clients will receive a completed financial plan. Additional reports will not typically be provided unless otherwise contracted for.

Item 14 Client Referrals and Other Compensation

It is Imperial Fund Capital Partners, LLC's policy not to engage solicitors or to pay related or non-related persons for referring potential clients to our firm.

It is Imperial Fund Capital Partners, LLC's policy not to accept or allow our related persons to accept any form of compensation, including cash, sales awards or other prizes, from a non-client in conjunction with the advisory services we provide to our clients.

Item 15 Custody

We previously disclosed in the "Fees and Compensation" section (Item 5) of this Brochure that our firm directly debits advisory fees from client accounts.

As part of this billing process, the client's custodian is advised of the amount of the fee to be deducted from that client's account. On at least a quarterly basis, the custodian is required to send to the client a statement showing all transactions within the account during the reporting period.

Because the custodian does not calculate the amount of the fee to be deducted, it is important for clients to carefully review their custodial statements to verify the accuracy of the calculation, among other things. Clients should contact us directly if they believe that there may be an error in their statement.

In addition to the periodic statements that clients receive directly from their custodians, we also send account statements directly to our clients on a quarterly basis. We urge our clients to carefully compare the information provided on these statements to ensure that all account transactions, holdings and values are correct and current.

Because an entity related to Imperial serves as a general partner or managing member of affiliated private funds, our firm is also deemed to have custody over the Private Funds within the meaning of the Custody Rule. To comply with this rule, the general partner provides each Investor in the Funds with audited financial statements within 120 days following the Funds' fiscal year end. The audit is conducted by a PCAOB registered and inspected firm. The Client should review these audited financial statements carefully. If the Client has invested in a Private and has not received audited financial statements timely, the Client should contact us immediately.

Item 16 Investment Discretion

Clients may hire us to provide discretionary asset management services, in which case we place trades in a client's account without contacting the client prior to each trade to obtain the client's permission.

Our discretionary authority includes the ability to do the following without contacting the client:

- determine the security to buy or sell; and/or
- determine the amount of the security to buy or sell

Clients give us discretionary authority when they sign a discretionary agreement with our firm, and may limit this authority by giving us written instructions. Clients may also change/amend such limitations by once again providing us with written instructions.

Item 17 Voting Client Securities

As a matter of firm policy, we do not vote proxies on behalf of clients. Therefore, although our firm may provide investment advisory services relative to client investment assets, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Clients are responsible for instructing each custodian of the assets, to forward to the client copies of all proxies and shareholder communications relating to the client's investment assets.

We do not offer any consulting assistance regarding proxy issues to clients.

Item 18 Financial Information

As an advisory firm that maintains discretionary authority for client accounts, we are also required to disclose any financial condition that is reasonable likely to impair our ability to meet our contractual obligations. Imperial Fund Capital Partners, LLC has no such financial circumstances to report.

Under no circumstances do we require or solicit payment of fees in excess of \$500 per client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement.

Imperial Fund Capital Partners, LLC has not been the subject of a bankruptcy petition at any time during the past ten years.
