Symbil Service

Symbil is an online interactive tool designed to assist clients in selecting among five mutual funds that LTAM manages. The service is accessed through the Symbil website at www.Symbil.com. Symbil uses a client questionnaire to gauge the client's time horizon, risk tolerance and investment objectives and creates the client's investment profile. The Symbil tool then suggests one of five Ladenburg Sponsored Funds whose investment guidelines and asset allocation most closely matches this profile. The five Funds are Ladenburg Income, Ladenburg Income and Growth, Ladenburg Growth and Income, Ladenburg Growth, or Ladenburg Aggressive Growth. (These are referred to as the "Funds" below.) These five Funds are the only investments LTAM recommends through the Symbil tool. The Symbil service features goal-based interactive software which helps clients better understand how their risk tolerance, time horizon, and investment goals may affect the expected performance of certain investments. Any projections regarding the likelihood of investment outcomes are hypothetical in nature and are provided for educational purposes. Symbil does not provide comprehensive investment advice, retirement planning services, or consider other assets held by clients. Symbil recommendations do not constitute tax or legal advice.

LTAM does not exercise any form of discretion over a Symbil client's investments. Clients have no obligation to accept any suggestions provided by Symbil or to invest in any of the Ladenburg Funds. If a client chooses to invest in the Fund Symbil recommends, the client will pass from the Symbil website into the website for the Funds' transfer agent, where the client will be guided through the purchasing process. The client also will be responsible for monitoring and adjusting his or her Fund investment as necessary, based on any significant changes in personal situation, time horizons, risk tolerance, and investment objectives. Clients should periodically reevaluate whether their time horizon, investment goals or risk tolerance have changed. The client may utilize the Symbil tool again for this purpose.

LTAM offers a number of other investment advisory products and services that are not described in this brochure, including a wrap-fee program that utilizes the same five strategies that are used by the Funds. You can find information about LTAM's other products and services at www.ltam.com.

Assets Managed

LTAM managed \$1,828,232,410.00 of assets on a discretionary basis and \$1,252,731,886.00 of assets on a non-discretionary basis as of 12/31/2019.

Item 5 - Fees and Compensation

There is no charge for the Symbil service. However, LTAM receives fees for managing the five Funds that are recommended through Symbil.

In addition to the advisory fees payable to LTAM, each Fund incurs administrative, and custodial fees, as well as other fees and expenses, such as brokerage commissions in connection with buying and selling securities for the Fund's portfolio. These costs make up each Fund's expense ratio, and are paid out of each Fund's own assets. Thus, these costs are ultimately paid by the shareholders of each Fund.

Symbil clients may purchase the Funds directly through the transfer agent's website without paying any load, sales charge or redemption fee. A client may also purchase the Funds through other channels, and fees and costs may be higher or lower than those charged to Symbil clients who purchase through the transfer agent's website.

Before choosing to invest in the Funds, please read each Fund's prospectus for further information about the Fund's expense ratio and other charges. Prospectuses are available at www.ladenburgfunds.com or by contacting the fund administrator toll-free at 1-877-803-6583.

Item 6 - Performance-Based Fees and Side-By-Side Management

Neither, LTAM nor any of its supervised persons receive performance-based fees—that is, fees based on a share of capital gains on or capital appreciation of the assets of a client.

Item 7 - Types of Clients

Symbil is available to all types of clients, but is primarily designed for individuals and families who plan to keep their account invested for at least one year. Clients must have a bank account to maintain a Symbil account. The minimum initial investment in each of the Funds is \$500. Subsequent investments must be at least \$50.

Item 8 - Methods of Analysis, Investment Strategies and Risk of Loss

Through the Symbil service, LTAM applies an algorithm to a client's answers to a set of questions regarding risk tolerance, time horizon and investment goals and objectives in order to identify which of the Funds most closely matches the client's investment profile. The investment objectives of the Funds are aggressive growth, growth, growth & income, income & growth, or income. Each Fund is designed to be consistent with a certain combination of investment objectives, time horizon, and risk tolerance. Each Fund's underlying portfolio will primarily consist of Exchange Traded Funds (ETFs), Exchange Traded Notes (ETNs), and mutual funds targeted for that Fund's underlying asset allocation. Clients cannot choose to exclude any of the underlying holdings of a Fund. Symbil recommendations are based on the information that the client provides through an investment questionnaire. Inaccurate information can impact the validity of Symbil recommendations. In addition to managing the Funds, LTAM also manages separate accounts in a wrap fee program using the same strategies and types of investments. See the discussion below in the *Code of Ethics, Participation or Interest in Client Transactions and Personal Trading* section for information on the potential conflicts presented by this situation and the steps LTAM takes to address those conflicts.

LTAM, as manager to each Fund employs a regimen of quantitative and qualitative investment criteria which allows LTAM to analyze potential funds and select funds for inclusion in the underlying holdings of the Fund. Each Fund entails varying degrees of risk. There can be no assurance that a particular Fund will be successful or that clients will not suffer losses. Results generated for each Fund may differ from the results achieved by separately managed accounts using the same strategies, and Fund performance is not guaranteed. Diversification does not ensure a profit or protect against loss in a declining market. There is no assurance that you will achieve positive investment results from investing in the Funds or using Symbil. LTAM cannot guarantee the future performance of its recommendation or the investment in the Funds and cannot guarantee that its recommendation will meet a client's needs or provide a given level of income. Please read each Fund's prospectus carefully for further information about a specific Fund's investment objectives, underlying portfolios, and risk. Mutual fund investing involves risk, including the possible loss of principal. Prospectuses are available at www.ladenburgfunds.com or by contacting the fund administrator toll-free at 1-877-803-6583.

Item 9 - Disciplinary Information

On August 25, 2016, pursuant to an offer of settlement by LTAM and as part of an enforcement sweep of 13 investment advisers, the SEC entered an order against LTAM (the "Order") making findings -- which LTAM neither admitted nor denied -- and imposing sanctions consisting of a cease-and-desist order and a civil money penalty. The Order indicates that LTAM violated Section 206(4) of the Investment Advisers Act of 1940 ("Advisers Act") and rule 206(4)-1(a)(5) thereunder by incorporating into certain advertisements for the Alpha Sector strategies offered through an LTAM wrap-fee program some inaccurate performance information provided by F-Squared Investments, Inc. ("F-Squared"), without having a reasonable basis to conclude that the information was true. The Order also indicates that LTAM violated the Advisers Act's recordkeeping provisions by failing to maintain records to substantiate the advertised performance information supplied by F-Squared. The Order acknowledges that LTAM's wrap-fee brochure disclosed that LTAM did not verify

performance information supplied by third-party managers used in the wrap-fee program.

Item 11 - Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

LTAM has adopted a Code of Ethics for all supervised persons of LTAM, describing its high standards of business conduct, and fiduciary duty to clients. The Code of Ethics also sets forth detailed policies and procedures regarding the personal trading of its personnel, as well as policies and procedures to prevent the misuse of material, non-public information by LTAM's officers and employees. In addition, the Code of Ethics establishes policies regarding other matters, such as outside employment and the giving or receiving of gifts and entertainment. All supervised persons at LTAM must acknowledge the terms of the Code of Ethics annually, or as amended. A copy of the LTAM Code of Ethics may be obtained by writing to: Ladenburg Thalmann Asset Management Inc., 640 Fifth Avenue, 4th Floor, New York, NY 10019.

As described above, through Symbil, LTAM recommends that clients invest in one or more mutual funds that LTAM manages. Because LTAM is compensated for managing these Funds, LTAM does not charge a separate fee for the Symbil service. Furthermore, LTAM's recommendations regarding the Funds are non-discretionary; clients may choose to follow or not follow the Symbil recommendation.

LTAM may recommend the Funds to Symbil clients at or about the same time that LTAM or its affiliates buy the Funds for their own accounts or recommend the Funds to, or buy the Funds for, other clients. Given the automated and non-discretionary nature of the Symbil service, LTAM does not believe this poses a conflict of interest. LTAM's Code of Ethics and internal policies and procedures are designed to reasonably ensure that LTAM acts at all times in the best interests of its clients.

As explained above, in addition to managing the Funds, LTAM manages separate accounts through a wrap fee program utilizing the same strategies and types of investments LTAM uses in managing the Funds. LTAM has a strict policy of not favoring one type of client account over another and has implemented procedures reasonably designed to ensure that all clients are treated fairly. LTAM employs a trade rotation policy for trading its managed accounts and the Funds.

Item 12 - Brokerage Practices

Through Symbil, LTAM neither places securities trades with brokers on clients' behalf, nor recommends brokers to clients. As explained above, Symbil clients are given the opportunity to purchase Funds directly through the Fund's transfer agent. The brokerage practices of the Funds themselves are described in the Fund prospectuses.

Item 13 - Review of Accounts

Symbil does not provide ongoing advice or monitoring or reviews of accounts.

Item 14 - Client Referrals and Other Compensation

In exchange for referring clients to the Symbil service, LTAM may pay a fee to persons who are associated with one of LTAM's affiliated broker-dealers. In some cases, the recipient of a referral fee may also be an LTAM-affiliated investment adviser or an independent investment adviser or a person associated with an affiliated or independent investment adviser. Such fees, which are payable only where a referred client chooses to invest in one of the recommended Funds, are a portion of the fee LTAM receives for managing the chosen Fund. In some cases, the referral fee is paid through the solicitor's registered broker-dealer or registered investment adviser. The referral fee arrangement between LTAM and the affiliated solicitor will be disclosed to the client upon entering the Symbil website.

Item 15 - Custody

LTAM does not have custody of Symbil client funds or securities. An unaffiliated entity acts as custodian for the Funds and clients receive statements on a monthly or quarterly basis from the custodian.

Item 16 - Investment Discretion

LTAM does not exercise investment discretion on behalf of Symbil clients. Clients have no obligation to accept any suggestions provided by Symbil or invest in any of the Funds.

Item 17 - Voting Client Securities

Under Symbil, LTAM will not vote or exercise similar rights for client securities. The exercise of all voting rights associated with any Fund is the responsibility of the client. LTAM will not advise or act for the client in any legal proceedings, including bankruptcies or class actions, involving securities held by the clients. Proxies of the Funds will be delivered to the client by the issuer of the security, the custodian, or its agent.
