January 6, 2021

This brochure ("MMLIS Brochure") provides information about the qualifications and business practices of MML Investors Services, LLC (referred to as ("MMLIS," the "Firm," "we," "our," or "us" throughout this MMLIS Brochure). If you have any questions about the contents of this MMLIS Brochure, please contact us at 1-800-542-6767 Option 1, 1. The information in this MMLIS Brochure has not been approved or verified by the United States Securities and Exchange Commission ("SEC") or by any state securities authority.

Additional information about MMLIS is also available on the SEC's website at www.adviserinfo.sec.gov. You can search this site by a unique identifying number, known as a CRD number. Our firm's CRD number is 10409.

MMLIS is an SEC registered investment adviser and a securities broker-dealer registered with the SEC. Please note that registration does not imply a certain level of skill or training.

ITEM 1. COVER PAGE

ITEM 2. MATERIAL CHANGES

The following is a summary of certain material changes made to this Brochure since March 30, 2020.

January 6, 2021 Update: Item 4 was updated to reflect a change to the fee MMLIS pays to NFS and include information about the associated conflicts. Item 5 was updated to include additional information about IA-Rep compensation schedules and associated conflicts. Item 10 was updated to include information about loans made to certain investment adviser representatives and the associated conflicts. Item 14 was updated to include information about IRA rollovers and associated conflicts.

November 19, 2020 Update: Item 4 was updated to reflect the Brinker Capital, Inc. change of ownership and merger with CLS Investments, LLC.

Prior to the transaction described below, Brinker operated as CLS Investments, LLC ("CLS") and was a subsidiary of Orion Advisor Solutions, LLC ("OAS"). CLS and its OAS affiliates were majority owned by an investment entity controlled and managed by TA Associates Management, L.P and its affiliates ("TA Associates"). On September 24, 2020, CLS (and its OAS affiliates) and Brinker Capital, Inc. ("BCI") were acquired by Orion Advisor Solutions, Inc. ("Orion"), a newly formed company controlled by funds affiliated with Genstar Capital Partners LLC and TA Associates (the "Change of Control Transaction"). BCI was an unaffiliated registered investment adviser, wholly-owned by Brinker Capital Holdings, Inc., whose principal owner was Irwin Charles Widger.

Immediately following the Change of Control Transaction, BCI merged into CLS, and the combined entity changed its name to Brinker Capital Investments, LLC, ("Brinker") a Nebraska limited liability company. Brinker intends to integrate the BCI and CLS legacy businesses over time, but expects to operate them independently until such integration is complete. Until such integration is complete, Brinker intends to operate the BCI legacy business and CLS legacy business as separate divisions (respectively, the "Brinker Division" and the "CLS Division"). This investment programs described in this Brochure are offered and operated by the Brinker Division.

July 1, 2020 Update: Item 14 was updated to clarify information about MMLIS's Strategic Partner and Conference Partner Programs. Item 15 was updated to disclose that trade confirmations are available upon request.

ITEM 4. ADVISORY BUSINESS

Description of Advisory Firm

MMLIS is a registered investment adviser and broker-dealer. MMLIS began conducting business in 1981 and has been registered as an investment adviser since 1993. MassMutual Holding LLC is MMLIS' principal owner. Massachusetts Mutual Life Insurance Company ("MassMutual") is MassMutual Holding LLC's principal owner.

MMLIS makes available a number of investment advisory programs and services. This MMLIS Brochure provides information about the Brinker Capital Wealth Advisory Services (the "Services"). If you wish to learn more about other investment advisory programs and services that MMLIS offers, you may contact MMLIS or an investment adviser representative of MMLIS (a "MMLIS IA-Rep") to receive a similar disclosure brochure for those programs and services. Our brochures can also be found through the SEC's website, www.adviserinfo.sec.gov.

We want you to make an informed investment decision regarding the Services, for which MMLIS and Brinker Capital Investments LLC ("Brinker") serve as co-advisers. To that end, this MMLIS Brochure provides important information and disclosure regarding the Services, including information regarding material arrangements and potential conflicts of interest that we think you will find informative. You should carefully review all of the features and risks of the Services, along with all of the disclosures contained in this MMLIS Brochure and in Brinker's Form ADV Disclosure Brochure ("Brinker Brochure") before opening an advisory account and beginning to invest, to ensure that the Services are suitable and appropriate for your investment needs. You should also review the informational guide that you will receive from your MMLIS IA-Rep entitled "Additional information about MML Investors Services Wealth Management Offerings ("Informational Guide"). The Informational Guide contains important information and disclosures about MMLIS.

Brinker, a Nebraska limited liability company, was founded as CLS Investments, LLC ("CLS") in Omaha, Nebraska in 1989. Prior to September 24, 2020, CLS was a subsidiary of Orion Advisor Solutions, LLC ("OAS"), CLS and its OAS affiliates were majority owned by an investment entity controlled and managed by TA Associates Management, L.P and its affiliates ("TA Associates"). On September 24, 2020, CLS (and its OAS affiliates) and Brinker Capital, Inc. ("BCI") were acquired by Orion Advisor Solutions, Inc. ("Orion"), a newly formed company controlled by funds affiliated with Genstar Capital Partners LLC and TA Associates (the "Change of Control Transaction"). BCI was an unaffiliated registered investment adviser, wholly-owned by Brinker Capital Holdings, Inc., whose principal owner was Irwin Charles Widger.

Immediately following the Change of Control Transaction, BCI merged into CLS, and the combined entity changed its name to Brinker Capital Investments, LLC, a Nebraska limited liability company.

As a result of the merger with CLS, Brinker (as the surviving entity) succeeded to the business of BCI. Brinker intends to integrate the BCI and CLS legacy businesses over time, but expects to operate them independently as

separate divisions ("Brinker Division" and "CLS division") until such integration is complete. The programs and services described in this Brochure are offered by the Brinker Division.

Brinker is an investment management firm that furnishes or arranges for investment management and supervisory services to meet the individual needs of its clients.

Overview of the Services

In determining the appropriateness of the Services, you should consider the differences between a brokerage and an advisory account. In addition, you should keep in mind the following attributes of the Services:

- You will be provided with ongoing investment advice and asset management services rather than you independently managing an account and using a broker to place trades;
- You will pay a fee for participating in an asset management program where assets are placed in an asset allocation model and monitored and/or traded regularly;
- Your account will invest in a diversified portfolio rather than a large holding in one security or a small number of securities; and
- You will be participating in a long-term investment program where short-term investing and market timing is not a strategic goal.

The Services consist of three of Brinker's advisory programs: Wealth Advisory, Core Asset Manager, and Destinations. Clients may invest only in the Wealth Advisory program, but may only invest in either the Core Asset Manager program or the Destinations program if also investing in the Wealth Advisory program. Each of the Wealth Advisory, Core Asset Manager and Destinations program is referred to herein as a "Brinker Program" and together as the "Brinker Programs." An account will be opened for each Brinker Program selected by the client.

In the Wealth Advisory and Core Asset Manager program, portfolios are generally allocated among different portfolio managers (which may include Brinker). A portion of the portfolio may also be allocated to other investments as described in more detail below. In the Destinations Program, portfolios are allocated among a series of funds managed by Brinker (the "Destinations Funds," which are described in detail in the prospectuses for such funds) or among unaffiliated mutual funds and ETFs.

In each of the Brinker Programs, Brinker has complete investment discretion. This means Brinker may change (i) the investments in a client's account, (ii) the asset allocation of a client's account, and (iii) the portfolio managers managing assets in a client's account, without the client's approval.

MMLIS' and Brinker's services are provided to the client pursuant to a tri-party investment advisory agreement ("Client Agreement") among MMLIS, Brinker and the client.

A client may impose reasonable restrictions on the management of the client's account, including the designation of specific securities or a specific category of securities that should not be purchased for the account or that should be sold if held in the account, and may reasonably modify such restrictions from time to time. Any restrictions placed on the management of a client's account or particular requirements of an account may cause Brinker or a portfolio manager to deviate from investment decisions it would otherwise make in recommending an investment strategy or managing the account. When a client restricts a category of securities that may be purchased for the account, Brinker or the portfolio manager will determine, in its sole discretion, the specific securities in that category. Any client-imposed restrictions on individual securities that may be purchased for the account shall apply only to separately managed portfolios and individual stocks.

MMLIS is the introducing broker and National Financial Services LLC ("NFS" or "Custodian") serves as the clearing firm and custodian for the Services.

You should carefully review this MMLIS Brochure and the Brinker Brochure since they provide important information about each firm's roles and responsibilities. In addition, you should review the Form ADV Disclosure Brochure for any selected portfolio manager (each, a "Portfolio Manager Brochure") available on the SEC's website or from your MMLIS IA-Rep.

Overview of the Services Offered by MMLIS

A MMLIS IA-Rep will work with a client to evaluate whether the Brinker Capital Wealth Advisory Services are appropriate for the client based on a number of factors, including but not limited to client's financial needs, preferences and cost. The MMLIS IA-Rep will educate the client about the features, advantages, disadvantages, risks and costs associated with the Services. Once the Brinker Capital Wealth Advisory Services have been

selected by the client, the MMLIS IA-Rep will utilize a questionnaire provided by Brinker to gather information about the client. Brinker will utilize this information to determine the client's investment objectives. With assistance from the MMLIS IA-Rep, Brinker will prepare an investment proposal for the client. The investment proposal recommends an individualized and customized portfolio ("Portfolio") utilizing the Brinker Programs to the client.

The MMLIS IA-Rep will also assist the client in completing the application and paperwork required by Brinker and initiate the steps necessary for the client to participate in any Brinker Program selected by the client. The MMLIS IA-Rep will also answer basic questions regarding the Brinker Services and Brinker Programs. The MMLIS IA-Rep will forward to MMLIS all account opening documentation and information, including any reasonable investment restrictions requested by the client. MMLIS will then review and approve the account opening documents and forward such documentation to Brinker for final review and approval. Brinker is solely responsible for reviewing, accepting or rejecting and observing any reasonable investment restrictions imposed by the client.

The client may accept or reject the MMLIS IA-Rep's recommendation concerning participation in the Brinker Services or the Brinker Programs and Portfolio recommendation.

Following the approval of the client's application and assuming that the client has met all of Brinker's funding requirements, Brinker allocates the client's funds in accordance with the selected Brinker Programs and Portfolio. The client should understand that there is no assurance that their investment objectives will be achieved by participating in a Brinker Program.

MMLIS will contact clients at least annually to inquire whether anything has changed in client's financial circumstances or investment objectives that might affect the manner in which the client's account assets should be managed. This annual contact is designed to determine whether the Brinker Services, Brinker Programs and the client's Portfolio are still appropriate and consistent with the client's financial circumstances and investment objectives. In addition, the client has the ability to add investment restrictions or modify any previously accepted investment restrictions. The MMLIS IA-Rep also is available on an ongoing basis to discuss the client's participation in the Brinker Services, Brinker Programs or the client's investments in general. MMLIS will forward any updated information it receives from the client to Brinker for review and assist the client in making any appropriate changes to the client's account, if necessary.

With respect to qualified retirement accounts (such as an individual retirement account or a retirement plan subject to Title I of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), Brinker, MMLIS and the MMLIS IA-Reps act as fiduciaries under ERISA, or the Internal Revenue Code of 1986, as amended ("Code"), or both, when providing recommendations, with respect to your account, that are treated as fiduciary investment advice under section 3(21)(A)(ii) of ERISA or section 4975(e)(3)(B) of the Code.

Each client's account will have a portion of the assets maintained in cash in order to, among other things, pay the client's fees. MMLIS provides a "cash sweep" program where uninvested cash balances (such as from securities transactions, dividends, interest payments, or deposits) in a client's account are deposited into a selected investment option each business day. MMLIS, in its capacity as broker-dealer, selects the sweep investment options available for client's portfolio. Please review the brokerage account application and the applicable prospectus or other disclosure documents (or, if applicable, communications provided by MMLIS) for information about the cash sweep program.

Neither MMLIS nor the MMLIS IA-Reps are responsible for the selection, monitoring or replacement of the portfolio managers, mutual funds, ETFs, other pooled investment vehicles or other securities that are available as investment options for the Brinker Programs. Brinker is responsible for providing these services. The only exception is the selection by MMLIS (in its broker-dealer capacity) of the cash sweep option described above.

Mutual funds, ETFs and other pooled investment vehicles are referred to herein in the aggregate as "Funds."

Brinker Services and Programs

The Wealth Advisory Program

The Wealth Advisory program is a customized service utilizing a unified managed account platform that offers discretionary investment management and includes dedicated support to meet the needs of high-net worth and ultra-high net worth investors, family offices, institutions and endowments with at least \$1 million of investable assets. Please note that although Brinker offers a non-discretionary option in its Wealth Advisory Program, only discretionary investment management services are available through this MMLIS Brochure. This means that the

client authorizes Brinker to hire and fire managers and to rebalance the account without further approval from the client.

The Wealth Advisory program is designed for Brinker to manage the overall investment process, including asset and investment style allocation decisions, manager selection and review, and comprehensive monitoring of the client's portfolio. In addition to your MMLIS IA-Rep, a dedicated client portfolio manager from Brinker is assigned to the client relationship and is available for regular communications concerning the activity and status of the client's account.

In the Wealth Advisory program, portfolios are generally allocated among different portfolio managers and invested in individual equity and fixed income securities, mutual funds and/or ETFs. Where deemed appropriate, based on the client's objectives, assets, risk tolerance and investment experience as well as to obtain greater asset and style diversification, Brinker may recommend to clients that a portion of the client's portfolio be invested in one or more other investments in lieu of allocating assets separately to a portfolio manager or a Brinker-managed strategy. These other investments may include an investment in real estate investment trusts ("REITs"), privately placed hedge funds and private equity funds (collectively, "Private Funds"), ETNs or other pooled investment vehicles. Special fee arrangements may apply with respect to Private Fund investments.

The services provided by Brinker in the Wealth Advisory program include (but are not limited to) comprehensive portfolio analysis of a client's existing assets to help identify inefficiencies and address investment needs, bond analysis to address client concerns about interest rates and yield, tax transition management to assist a client in transferring highly-appreciated stock and move toward a more diversified portfolio over time, development of a personalized investment solution based upon the client's goals, tax preferences, risk tolerance and financial plan, and access to a dedicated client portfolio manager to assist with portfolio reviews, reallocations, investment updates and educational needs.

You should review the Brinker Brochure for more detailed information about the Wealth Advisory program.

Depending on a client's needs, Brinker and MMLIS may recommend that a client also invest in the Core Asset Manager program and/or the Destinations program.

The Core Asset Manager Program

Brinker's Core Asset Manager program matches an investor's objectives with one or more portfolio managers who are either SEC-registered investment advisers or exempt from SEC registration. Where deemed appropriate, based on the client's objectives, assets, risk tolerance and investment experience as well as to obtain greater asset and style diversification, a portion of the client's portfolio will be invested in one or more other investments in lieu of allocating assets separately to a portfolio manager. These other investments may include an investment in REITs, publicly traded mutual funds, ETFs, ETNs or other pooled investment vehicles ("Public Funds") and Private Funds. Special fee arrangements may apply with respect to Private Fund investments.

Please note that although Brinker offers a non-discretionary option in its Core Asset Manager program, only Brinker's discretionary offering, called Core Guided, is available through this MMLIS Brochure. In Core Guided, Brinker offers various asset allocation models for both taxable and nontaxable accounts managed by Brinker on a discretionary basis that utilize separate account managers, mutual funds and ETFs. In this program, Brinker has full discretionary authority to select and replace managers, mutual funds and ETFs and to allocate assets among them without further approval from the client. Brinker may also recommend allocating a portion of a client's account to one or more of Brinker's Core Guided Completion Strategies, which Brinker manages on a discretionary basis. Please see Item 4 of Brinker's ADV Brochure for information about the Core Guided Completion Strategies.

The Destinations Program

In its Destinations program, Brinker offers a variety of asset allocation strategies comprised of Destinations Funds ("Destinations"), or a blend of unaffiliated third party mutual funds and ETFs ("Destinations ETFs"), each targeting a specific investment objective, for both taxable and tax-exempt accounts. The strategies provide different balances of risk and reward depending on a client's risk tolerance and time horizon, and are designed to offer consistent, competitive performance while seeking to achieve attractive risk-adjusted returns over the long term. Brinker monitors the performance of each underlying investment manager (either a sub-adviser within the Destinations Funds or a third party fund) and replaces or reallocates assets among the funds or underlying managers used to implement these strategies based on factors it deems appropriate. These factors can include Brinker's evaluation of historical performance, market conditions and Brinker's investment outlook.

Please see the Brinker ADV Brochure for additional information about the Destinations program.

Other Services in the Wealth Advisory Program

MMLIS makes certain specialized services available to clients in the Wealth Advisory program such as philanthropic services, trust services and a securities backed line of credit.

Securities Backed Line of Credit

MMLIS may contract with third parties to make non-purpose loans (each an "NPL") available to clients. Clients in may apply using their account as collateral and must enter into an NPL agreement directly with the financial institution providing the NPL (the "Loan Provider"). Client should fully understand the following before using assets in an account as collateral to obtain an NPL:

- Neither Brinker, MMLIS nor MMLIS IA-Reps will make recommendations or provide advice in connection with an NPL.
- The client will not be permitted to withdraw any of the assets in the account that is used as collateral to secure the NPL.
- The client will pay interest to the Loan Provider directly. These payments are in addition to the advisory fees and other fees charged to the client's account for services provided under the Brinker Programs.
- The Loan Provider can demand repayment at any time and may require liquidation of some or all of the collateral in the account to meet the NPL requirements.
- The Loan Provider can sell (or direct MMLIS to sell) a client's securities or other assets without contacting the client. Clients are not entitled to choose which securities or other assets in an account are liquidated or sold to meet a call. Forced liquidation of assets in an account can affect a client's long-term investment strategies, result in adverse tax consequences and impact the performance of the account and the ability of Brinker to manage the account.
- Neither Brinker, MMLIS nor MMLIS IA-Reps will act as investment adviser to a client with respect to the liquidation of securities held in an account to meet an NPL demand or call.
- The Loan Provider can loan the securities held in your account which collateralize your NPL. As a result of these loans, you may not be entitled to receive certain benefits of a securities owner, such as the ability to exercise voting rights and/or receive interest, dividends, and/or other distributions with respect to the securities lent.

Other Services in the Destinations Program

Brinker and MMLIS offer additional services for assets invested in the Destinations program.

Dollar Value Averaging

Brinker offers clients in certain models in its Destinations program a "dollar value averaging" option that allows the client to systematically increase the account's market exposure on a monthly basis using a formula based upon a predetermined period (not exceeding 12 months). The client's invested account balance increases by a percentage based upon the number of calendar months in the investment period. In periods when the market declines, the dollar amount invested will increase; and when the market rises in value, the amount invested will decline. If there are funds remaining at the end of the specified investment period (which could occur in a continuous "up" market), Brinker will continue to run the formula until the account is fully invested. The client can discontinue the systematic investment plan and fully invest the account in the market at any time.

Please see Item 4 of the Brinker Brochure for additional information about dollar value averaging.

Personalized Distribution Strategy

Brinker offers the Personalized Distribution Strategy ("PDS") for clients in its Destinations program. Minimum assets will vary by investment product offering. The PDS consists of two elements: an actively managed liquid cash reserve (a money market fund or other short-term investment vehicle) and an investment portfolio based upon the client's approved investment strategy and program.

The client determines the amount of each periodic distribution. The initial cash reserve will equal up to 24 months of distributions for new clients in the Destinations Program. Accordingly, the amount in the cash reserve will vary depending upon the client's distribution pattern. All interest and dividends on the investment portfolio will be swept into the cash reserve.

As the cash reserve is depleted by distributions, Brinker will liquidate the investment portfolio and replenish the cash reserve. The timing of such liquidations will be based upon Brinker's analysis of positive technical trends in the

market, with a view to avoiding significant liquidations in a “down” market. There can be no assurance that Brinker’s methodology will avoid liquidation of the client’s account during “down” market cycles or that such liquidations will occur at the most optimal time.

Please see Item 4 of the Brinker Brochure for additional information about PDS.

Mutual Fund Share Classes

Clients should understand that mutual funds generally offer multiple share classes depending on certain eligibility and purchase requirements. For instance, in addition to the more commonly offered retail share classes (typically, Class A, B and C shares), mutual funds may also offer institutional share classes and other share classes that are specifically designed for accounts that participate in fee-based investment advisory programs. Institutional share classes or classes of shares designed for purchase in an investment advisory program usually have a lower expense ratio than other share classes. Clients should not assume that they will be invested in the share class with the lowest possible expense ratio or that a particular mutual fund company will allow all share classes to be available in the Brinker Programs. While MMLIS generally seeks to obtain the lowest cost share class available, clients may not, at all times, hold the lowest cost share class available.

Mutual Funds and Revenue Share from NFS

NFS charges mutual fund companies a recurring fee to make their mutual funds available to broker-dealers that use NFS as their clearing firm. The amount of the fee varies and depends on whether a mutual fund’s share classes are part of NFS’s NTF or INTF programs (no transaction fee) or TF (transaction fee) program, or are not part of the NTF, INTF or TF programs. Different share classes of the same mutual fund can be available on NFS’ platform, and one share class of a mutual fund can be part of a program (the NTF program, for example) while another share class of the same mutual fund is not. NFS shares with MMLIS a portion of the fee NFS receives (“revenue share payments”) for the assets in the Brinker Programs that are invested in NTF, INTF and TF mutual fund share classes, with some exceptions (Fidelity funds, for example). MMLIS does not receive revenue share for assets invested in qualified plan accounts or IRAs.

NFS generally charges mutual fund companies a higher fee for NTF mutual fund share classes than for other mutual fund share classes. Therefore, MMLIS generally receives a higher revenue share payment from NFS for each investment in an NTF mutual fund share class than for mutual fund share classes that are not included in the NTF program. Certain fund companies with share classes in the NTF program pay a lower fee to NFS than other fund companies with share classes in the NTF program. This means that MMLIS receives a lower revenue share payment for each investment in such companies’ mutual fund share classes in the NTF program than other mutual fund share classes in the NTF program.

Mutual fund share classes that are part of NFS’s NTF program are generally more expensive for clients. In addition, clients are not charged transaction fees for transactions in any mutual funds in the Brinker Programs regardless of whether the share classes are in NFS’s NTF, INTF or TF program.

The revenue sharing arrangements between NFS and MMLIS create a conflict of interest for MMLIS. Specifically, MMLIS has an incentive to make available, select and recommend the mutual funds and mutual fund share classes for which NFS pays revenue share to MMLIS over the mutual funds and mutual fund share classes for which NFS does not pay revenue share to MMLIS, even if these mutual fund share classes are more expensive for clients. MMLIS has a similar incentive to make available, select and recommend the mutual funds and mutual fund share classes for which NFS pays a higher revenue share payment over other mutual funds and mutual fund share classes even if the investments for which NFS pays a higher revenue share payment are more expensive for clients.

These conflicts are mitigated in several ways. MMLIS IA-Reps do not receive any of the revenue share payments that NFS pays to MMLIS, and MMLIS IA-Reps do not receive any more or less compensation based on what mutual funds or mutual fund share classes they select or recommend to clients. Additionally, the mutual funds and mutual fund share classes that are available in the Brinker Programs and included in the portfolios are selected by Brinker and the portfolio managers, as applicable, not MMLIS or the MMLIS IA-Reps.

Mutual Funds and MMLIS Fee to NFS

MMLIS pays a recurring fee to NFS based on a percentage of the aggregate assets invested in accounts in the Brinker Programs, excluding any investments in NTF and INTF mutual fund share classes, Fidelity funds, cash and cash equivalents. This creates conflicts of interest. MMLIS has an incentive to make available, select and recommend mutual fund share classes that are excluded from the calculation of the fee MMLIS pays to NFS, even if such investments are more expensive for clients. MMLIS also has an incentive to maintain client assets in the Brinker Programs in cash or cash equivalents.

When assets in MMLIS accounts that are custodied at NFS reach certain thresholds, the percentage used to calculate MMLIS's fee to NFS decreases. This creates an incentive for MMLIS to recommend advisory programs custodied with NFS (including the Brinker Programs) over other advisory programs and to recommend that you increase the amount you have invested in such programs.

These conflicts are mitigated in several ways. MMLIS IA-Reps do not receive any benefit if MMLIS pays lower fees to NFS and MMLIS IA-Reps do not receive any more or less compensation based on what investments, including mutual funds or mutual fund share classes, are held in client Accounts. In addition, the mutual funds and mutual fund share classes that are available in the Brinker Programs and included in the portfolios are selected by Brinker and the portfolio managers, as applicable, not MMLIS or the MMLIS IA-Reps. With respect to cash and cash equivalents, the amount of an account that is allocated to cash is established and monitored by Brinker and the portfolio managers, as applicable, not MMLIS or the MMLIS IA-Reps.

Additional Information about MMLIS Investment Adviser Representatives

In order to become a MMLIS IA-Rep and provide advisory services to clients on behalf of MMLIS, each MMLIS IA-Rep must fulfill a series of prerequisites including, but not limited to completing on-line training courses, meeting certain Firm defined compliance and business conduct standards, and adhering to MMLIS' Code of Ethics, which is described in Item 11 of this MMLIS Brochure. Once a MMLIS IA-Rep has been approved to provide advisory services, the MMLIS IA-Rep must annually certify that the MMLIS IA-Rep continues to comply with MMLIS' policies and procedures. If a MMLIS IA-Rep is unable to continue servicing a client's account for any reason, client's account will be assigned by MMLIS to another qualified MMLIS IA-Rep, who will service client's account(s) on MMLIS' behalf.

Total Assets Under Management (AUM)

As of December 31, 2019, MMLIS has approximately \$91 million AUM in the Brinker Programs. MMLIS does not manage client assets in the Brinker Programs on a discretionary basis.

Termination of the Brinker Services

The Client Agreement will continue in effect until terminated by the client, MMLIS or Brinker in accordance with the termination provisions of the Client Agreement. Notwithstanding the foregoing, MMLIS may retain amounts in a client's account sufficient to effect any open and unsettled transactions. In this respect, clients are responsible to pay for services rendered, and for transactions effected. Any termination will therefore not affect any liabilities or obligations that are incurred or that arise from transactions before such termination.

ITEM 5. FEES AND COMPENSATION

Clients pay an "all-inclusive" investment advisory fee (wrap fee), which covers the investment advisory services provided by MMLIS, Brinker and the portfolio manager(s), all custodial services and brokerage commissions (except a per trade ticket charge on certain municipal securities, mutual fund and ETF trades as described below) (the "Investment Advisory Fee"). "Wrap" fees may cost more or less than purchasing such services separately, assuming the services can be purchased separately. In particular, if the account has relatively low turnover rates, the wrap or all-inclusive fee may be more costly for the client. NTF mutual funds or share classes may have higher ongoing expenses, due to 12b-1 fees and other distribution expenses, than funds with up front "loads" or transaction fees and may be more costly for larger accounts with relatively low trading activity than transaction-fee funds. Please see Item 4 of the Brinker Brochure for additional information about NTF mutual funds. Please note that MMLIS, and not Brinker, will receive compensation from NFS based on client assets invested in NTF mutual funds.

If available, MMLIS, as a broker-dealer, receives asset-based distribution or servicing fees (in the form of so-called "12b-1 fees" or otherwise) from certain mutual funds (or their related persons) for providing distribution and/or administrative services to such mutual funds. Further information regarding these fees and other charges assessed by mutual funds may be found in the appropriate prospectus or annual report. This compensation to MMLIS from such mutual funds is in addition to the advisory and other fees MMLIS receives under the Brinker Programs. MMLIS has an incentive for clients to invest in mutual funds that pay 12b-1 fees. Accounts invested in Destinations Funds are invested in "Z" shares, which do not pay any 12b-1 fees. In instances where MMLIS receives 12b-1 fees, MMLIS credits client accounts an amount equal to any such 12b-1 fees MMLIS receives on such assets held in client accounts in order to offset the MMLIS Fee paid under the Brinker Programs.

Additionally, clients may purchase securities without participating in the Brinker Programs, and therefore, will not have to pay the advisory fee described below. Thus, it may be more cost efficient for clients to purchase the

securities outside of the Brinker Programs. However, clients will not receive the services provided under the Brinker Programs if they choose to do so. The Investment Advisory Fee a client pays may be higher than those charged by MMLIS for other advisory programs offered through MMLIS, or higher than those charged by other sponsors of comparable programs. The Destinations Funds are only available to clients invested in the Destinations program.

The Investment Advisory Fee does not cover any fees charged by the SEC or U.S. or foreign stock exchanges based on the sale of a security, any special account fees imposed by the custodian (such as IRA maintenance fees), wire transfer fees, costs associated with temporary investment of client funds in a money market account, fees or commissions for securities transactions (including without limitation or dealer mark-ups or markdowns) traded through any broker-dealer other than NFS, transfers of assets upon termination of the account, any special requests by the client, or any internal management or operating fees (including potential redemption fees) or expenses imposed or incurred by a mutual fund or ETF in which the client's account may be invested. These may include 12b-1 fees, mutual fund management fees, early termination fees (which include fees on whole or partial liquidations of client account(s)) and other fees and expenses that are assessed, when applicable, by the investment vehicle's sponsor, custodian, transfer agent, adviser, shareholder service provider or other service providers. These expenses generally include administration, distribution, transfer agent, custodial, legal, audit and other fees and expenses. In addition, special fee arrangements may apply with respect to Private Fund investments. Such fees and expenses are referred to in this MMLIS Brochure as "Expenses."

The Investment Advisory Fee is billed quarterly in advance. The initial fee is based on the market value of the assets in client's account when the account is opened and prorated for the number of days remaining in the calendar quarter. Thereafter, the quarterly fee is due on the first business day of each quarter and is based on the market value of the assets in client's account on the last business day of the immediately preceding quarter as calculated by Brinker. Generally, the Investment Advisory Fee is first deducted by NFS from assets a client has in the cash sweep option, and then at Brinker's discretion. The Custodian is responsible for deducting the Investment Advisory Fee from each client's account in accordance with the Client Agreement.

Brinker has the discretionary authority to redeem investments in the client's account at any time, including to pay Investment Advisory Fees and Expenses. In such cases, the client may face a taxable event, to which capital gains (or other) taxes may apply. A client should consult with a qualified independent tax consultant.

Account liquidations after the first 12 months are done at no additional charge by Brinker or MMLIS. A termination charge will be imposed by the Custodian. The client will be entitled to a prorated refund of any pre-paid quarterly fee based upon the number of days remaining in the quarter after the termination date. If an account is closed within the first 12 months by the client or as a result of withdrawals that bring the account value below the required minimum, Brinker reserves the right to retain the pre-paid quarterly fee for the current quarter and to charge the account the balance of the fee for the initial 12-month period (calculated on the account value at the time the account is closed) in order to cover the reasonable administrative cost of establishing the account. The administrative costs will vary depending on the portfolio manager selected and the investment style of the account.

To the extent that assets used for participation in the Brinker Programs come from the redemption of other investments, the client should consider the cost, if any, of sales charges previously paid or to be paid upon redemption, which would be in addition to the advisory fees on those assets. Clients should be aware that such redemptions might have tax consequences that should be discussed with an independent tax advisor.

The client's Investment Advisory Fee is based upon (A) the combined fees of Brinker (which includes (i) a fee for Brinker's management or advisory services (the "Brinker Fee Component") and (ii) the fees paid by Brinker to any portfolio managers with respect to a client's account (the "Manager Fee Component")) and (B) the fee paid to MMLIS for its services (the "MMLIS Fee"). Brinker and MMLIS may each amend its fee schedules upon at least 30 days' prior written notice. The client's Investment Advisory Fee will vary based upon the allocation of an account among portfolio managers, specific manager selection, and the number of portfolio managers versus Funds included in an account.

Brinker Fee Component

The annual fee schedule for the Brinker Fee Component is "tiered," meaning that the portion of the account assets within each asset tier is charged the fee indicated for such asset tier. The Brinker Fee Component will not change based upon the allocation of assets in the account among portfolio managers and/or Funds. However, because Brinker's fee schedule is "tiered", the actual Brinker Fee Component will vary based upon changes in the total value of the client's account (resulting from appreciation, depreciation, liquidations or additional contributions).

<u>Asset Tier</u>	<u>Brinker Fee</u>
Up to \$1 million	0.45%
Next \$1 million	0.40%
Next \$1 million	0.35%
Next \$7 million	0.30%
Next \$15 million	0.25%
Over \$25 million	0.20%

The Brinker Fee Component may be discounted or negotiated at Brinker's discretion.

Brinker may or may not charge the Brinker Fee Component for management of accounts established by Brinker employees, family members and a limited number of clients to invest in new investment management strategies

Brinker Fund Fee Offset: Advisory fees paid to Brinker or a Brinker affiliate by any Fund advised by Brinker or a Brinker affiliate, including any Destinations Fund, with respect to a client's investment in such Fund are credited to, or offset and reduce, dollar-for-dollar the Brinker Fee Component otherwise payable to Brinker. The Brinker Fee in the above table is gross of such offset. Currently, the Brinker Fund fee offset for assets invested in Destinations Funds is 0.39%. If the fee offset exceeds the Brinker Fee Component calculated under the foregoing fee schedule, Brinker will credit the client's account by such excess amount.

Manager Fee Component

Portfolio manager fees range from 0.20% to 0.50% of account value designated to each portfolio manager selected for client's account, depending on the portfolio manager selected. The specific manager and manager fee will be set forth on a schedule to the Client Agreement. Changes to the Investment Advisory Fee due to changes in the Manager Fee Component are effective immediately.

Assets in an account may be allocated to Funds as well as portfolio managers. Because Brinker does not pay a management fee with respect to assets invested in Funds, the Manager Fee Component will be less if the account has a higher allocation to Funds. However, Funds in which the account is invested incur management fees and other operating fees and expenses as disclosed in the prospectus for each such Fund, which fees and expenses are in addition to the Investment Advisory Fee. There is no Manager Fee Component for the Destinations program.

Brinker has discretion to select portfolio managers and Funds for a client's account and to determine the allocation of assets in an account among portfolio managers and Funds. The Manager Fee Component of the Investment Advisory Fee is determined by the fees Brinker pays to unaffiliated portfolio managers of a client's account (which are passed through directly to the client without mark-up) and the percentage of the account that is invested in Funds. The fees of portfolio managers may vary based upon such portfolio manager's investment style and asset class. Accordingly, the amount of the Manager Fee Component (and thus the Investment Advisory Fee) will increase or decrease based upon the allocation among portfolio managers and Funds and the specific portfolio managers selected for the account. For example, the Manager Fee Component (and thus the Investment Advisory Fee) would increase if the allocation to portfolio managers (versus Funds) increases, whether due to superior performance of one or more portfolio managers or because Brinker increases the overall allocation to portfolio managers or allocates assets to a portfolio manager who charges a higher fee. Conversely, if the allocation to Funds or to portfolio managers with lower fees increases, the Manager Fee Component (and thus the Investment Advisory Fee) would decrease. Brinker does not charge a Manager Fee Component on assets for which Brinker or a Brinker affiliate serves as the portfolio manager.

MMLIS Fee

The MMLIS Fee is a bundled fee for the brokerage and advisory services provided by MMLIS and the custodial and clearing services provided by the Custodian. The MMLIS Fee is based on an annualized percentage of assets that clients invest in the Brinker Programs including any portion of the assets maintained in cash or other short-term investments. The MMLIS Fee consists of two sub-components: (i) the "Firm Fee," which MMLIS uses to pay fees to the Custodian and other expenses associated with making the Brinker Services available to clients, and (ii) the IA-Rep Fee, which is the MMLIS IA-Rep's portion of the Investment Advisory Fee.

Firm Fee

The annual schedule for the Firm Fee is "tiered," meaning that the portion of the account assets within each asset tier is charged the fee indicated for such asset tier. The Firm Fee will not change based upon the allocation of assets in the account among portfolio managers and/or Funds. However, because the Firm Fee schedule is

"tiered", the actual Firm Fee will vary based upon changes in the total value of the client's account (resulting from appreciation, depreciation, liquidations or additional contributions).

<u>Asset Tier</u>	<u>Firm Fee</u>
Up to \$3 million	0.22%
Over \$3 million	0.20%

MMLIS reserves the right to reduce the Firm Fee for employees, associated persons, agents, or independent contractors of MMLIS or its affiliates and their immediate family members or for any other reason at its discretion.

IA-Rep Fee

The IA-Rep Fee is negotiable at the discretion of each MMLIS IA-Rep up to a maximum of 1.20% of the account assets.

This compensation may be more than what the MMLIS IA-Rep would receive if the client participated in other programs made available by MMLIS or purchased the services provided under the Brinker Programs separately. The MMLIS IA-Rep therefore may have a financial incentive to recommend the Brinker Services over other programs or services available through MMLIS.

Fees charged for similar services often vary by office and by MMLIS IA-Rep, and some MMLIS IA-Reps charge higher fees than other MMLIS IA-Reps for similar services.

The final net compensation received by the MMLIS IA-Rep may be subject to additional adjustments of fees between the MMLIS IA-Rep and MMLIS. MMLIS utilizes compensation schedules to calculate the overall compensation paid to MMLIS IA-Reps for their work associated with the Brinker Programs and other offerings at MMLIS. The compensation schedule is set annually and is generally based on the amount earned by the IA-Rep during the prior calendar year. This creates an incentive for IA-Reps to recommend more investments this year to earn a higher portion of compensation the following year.

MMLIS also has an incentive program where a MMLIS IA-Rep will receive an additional percentage of the compensation paid to MMLIS based on total client assets attributable to that MMLIS IA-Rep or the MMLIS IA-Rep's team. For these purposes, the total client assets include assets across certain advisory programs offered by MMLIS (including the Brinker Programs). This creates an incentive for MMLIS IA-Reps to recommend these advisory programs (including the Brinker Programs) to clients over other types of accounts or services offered by MMLIS. This incentive applies to both the initial recommendation to open an account in a Brinker Program and to make subsequent contributions to such account. MMLIS addresses this conflict through clear and prominent disclosure to clients. In addition, this incentive program does not take into account how the assets in an advisory program are invested. MMLIS IA-Reps do not receive any more or less compensation based on what mutual funds or mutual fund share classes clients are invested in, or what percentage of a client's account is invested in cash or cash equivalents.

Additional Information Regarding the Investment Advisory Fee and Other Fees and Expenses

The fees charged to a specific client will be disclosed in the Client Agreement signed by the client.

Clients should consider all relevant factors before contributing mutual fund shares to a Brinker Program, including the fact that clients may have paid a front-end sales charge and any applicable contingent deferred sales charges or redemption fees will remain the client's responsibility and will be in addition to the Investment Advisory Fee. Clients should also consider that the contributed mutual fund shares may not be the lowest cost share class available.

No fee adjustment will be made for appreciation or depreciation in the asset value of an account during any quarterly period, or for any partial withdrawals during such period. Clients also are subject to an Investment Advisory Fee for any additional contribution(s) to their account in a calendar quarter, which will be charged on such date based upon the market value of the contributed assets, prorated for the number of days remaining in the billing period and based on Brinker's then current fee schedule applicable to the account.

Clients may withdraw assets from their account at any time, subject to the usual and customary settlement procedures. All withdrawals are first funded from the cash sweep option. Withdrawals may have tax consequences such as capital gains or other applicable taxes. If the amount maintained in the cash sweep option is not enough to meet a withdrawal request, the remaining amount of the withdrawal request will be satisfied at Brinker's discretion. No retroactive adjustment will be made to the Investment Advisory Fee for any partial withdrawals.

Clients pay the Investment Advisory Fee and other applicable fees and expenses by instructing NFS through the Client Agreement to debit automatically the Investment Advisory Fee and applicable Expenses from their

account. The amount debited to pay the Expenses will appear on statements clients receive from NFS. The Expenses are first deducted by NFS from assets a client has in the cash sweep option.

The money debited from client's account for the Investment Advisory Fee will be sent by NFS to Brinker. Brinker will then pay the MMLIS Fee to MMLIS.

The mutual funds in the Brinker Program are "no load" or "load" waived mutual funds, meaning the sales charges typically associated with mutual funds will not be charged to client.

Additional Client Fees

Client accounts are subject to the following brokerage termination fees (the "Termination Fees"):

- Retirement Account - \$125
- All Other Accounts (if transferred to a different firm) - \$50

Termination Fees are deducted by NFS from the proceeds at termination. The Investment Advisory Fee does not include these fees.

Further information regarding other charges and fees assessed may be found in the appropriate prospectus, or offering document of the security, and the Brinker Brochure. Clients may be able to pay lower expenses by investing directly in those securities.

ITEM 6. PERFORMANCE-BASED FEES AND SIDE-BY-SIDE MANAGEMENT

Neither MMLIS nor Brinker charge any performance-based fees (fees based on a share of capital gains on or capital appreciation of the assets of a client) with respect to any of the programs or advisory services discussed herein.

ITEM 7. TYPES OF CLIENTS

MMLIS provides the Brinker Capital Wealth Advisory Services to high-net worth and ultra-high net worth investors, family offices, institutions and endowments. To be eligible for the Brinker Services, clients must have at least \$1 million or more in investable assets. The Wealth Advisory program has a \$1 million dollar minimum. Clients who invest in the Wealth Advisory program may also invest in the Core Asset Manager program or the Destinations program. The Core Asset Manager program has a \$500,000 minimum. In the Destinations program, Destinations has a \$10,000 minimum and Destinations ETFh has a \$25,000 minimum. Exceptions to these minimums may be made on a case-by-case basis.

Clients are required to execute a Client Agreement and complete an application form in order to participate in the Brinker Programs. Some clients (e.g., a trust or a corporate pension plan) may be required to submit additional documentation in order to open an account.

Additional contributions are allocated initially to the cash sweep option, and will remain there until invested by Brinker in accordance with the investment strategy selected by the client.

If an account falls below the account minimum requirement at any time and for any reason, Brinker or MMLIS may, in its discretion, close the account and, in such event, MMLIS may transfer the assets therein to a standard brokerage account. Once in a standard brokerage account, such assets will not be managed and will be subject to the fees and charges normally assessed by MMLIS on its brokerage accounts.

Clients who intend to fund their account with securities that cannot be accepted into a Brinker Program will need to liquidate those securities before transferring them into a Brinker Program. Alternatively, Brinker, in its discretion, may liquidate those securities holdings. Such liquidation of current securities holdings may have tax consequences that should be carefully considered and discussed with a qualified tax advisor before the client initiates the transfer into a Brinker Program.

If a client transfers securities that can be accepted into a Brinker Program account, Brinker may sell certain other securities in the account at its discretion to maintain the asset allocation of the account. If a client transfers certain mutual funds into the account held in a share class not available in the Brinker Program, Brinker will convert such shares into the appropriate share class available under the Brinker Program. These sales may result in a taxable event in which capital gains or other taxes apply. A client therefore should consult with a tax professional before initiating the transfer.

ITEM 8. METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

Client assets in accounts in Brinker Programs are invested solely by Brinker based on Brinker's proprietary investment strategies and analyses in accordance with the Portfolio selected by the client. A client should carefully review Item 8 of Brinker's Brochure for details about Brinker's methods of analysis, investment strategies, risks and other pertinent disclosures.

Funds and strategies managed by Brinker may be selected for client accounts in the Brinker Programs. Brinker does not employ the same due diligence procedures that it applies to other fund managers and portfolio managers in evaluating itself. However, Brinker does not charge a Manager Fee Component on assets for which Brinker or a Brinker affiliate serves as the portfolio manager, which eliminates the incentive to include itself in the Brinker Programs and in a client's account and mitigates the potential conflict of interest that might otherwise arise.

Clients should understand that investing in the Brinker Programs involve risks that clients should be prepared to bear. Clients may experience loss in the value of their account under the Brinker Programs, including loss of principal, due to market fluctuation. There is no guarantee that a client's investment objective will be achieved by participating in the Brinker Programs. Client should read carefully the Brinker Brochure, the Portfolio Manager Brochure for each selected portfolio manager, the prospectus for each selected mutual fund, and the applicable disclosure document for any other selected investment in client's account. These documents contain information regarding the fees, expenses, investment objectives, investment techniques and risks of the Brinker Programs and the investments available in the Brinker Programs. No warranties or representations are made by MMLIS concerning the benefits of investment in the Brinker Programs. Neither MMLIS nor the MMLIS IA-Reps provide legal or tax advice. Clients with tax or legal questions should seek a qualified independent expert.

ITEM 9. DISCIPLINARY INFORMATION

The following legal or disciplinary events related to MMLIS may be material to your evaluation of whether to receive investment advice from MMLIS. Please carefully review Item 9 of the Brinker Brochure for any details about Brinker.

On June 17, 2011, MMLIS entered into a Letter of Acceptance, Waiver and Consent ("AWC") for the resolution of charges with FINRA. The alleged rule violations relate to the Firm's compliance with FINRA Rules applicable to Firm compensation in connection with Trade Reporting and Compliance Engine ("TRACE") eligible securities during the period October 9, 2008 through June 26, 2009 (the "Review Period"). During the Review Period, in 14 transactions, MMLIS purchased or sold TRACE-eligible securities as agent for a customer in transactions for a commission or service charge that was in excess of a fair amount, taking into consideration all relevant circumstances. The Firm also failed to enforce its written supervisory procedures by charging commission in excess of the procedure's limits. The conduct constituted violations of NASD Rule 2440, NASD Rule 3010, NASD Rule 2110 (for conduct prior to December 15, 2008) and FINRA Rule 2010 (for conduct on or after December 15, 2008). Under the Acceptance, Waiver and Consent, MMLIS consented to a censure and a fine of \$32,500.

On November 16, 2011, MMLIS entered into an AWC for the resolution of alleged rule violations with FINRA. The alleged rule violations related to the Firm's compliance with FINRA Rules applicable to filing Forms U5 and amendments to Forms U4 and U5. From approximately May 13, 2008 through October 10, 2010, MMLIS failed to file in a timely manner at least 98 filings, including 5 Form U5 filings and 93 amendments to Forms U4 and U5. Forms U4 and U5 contain information regarding the Firm's registered representatives and the rule requires timely updates to these forms. FINRA also found that MMLIS failed to establish and maintain a supervisory system and establish, maintain and enforce supervisory procedures that were reasonably designed to achieve compliance with the reporting requirements set forth in Article V of FINRA's By-Laws. This conduct constituted violations of NASD Conduct Rule 2110 (for conduct prior to December 15, 2008) and 3010 and FINRA Rule 2010 (for conduct after December 14, 2008). Under the Letter of Acceptance, Waiver and Consent, MMLIS consented to a censure, a fine of \$300,000 and undertakings related to a review of the Firm's supervisory systems, written supervisory procedures and quarterly reporting in 2012 to FINRA of any Form U5 filings or amendments to Forms U4 or U5 the were not timely filed during that quarter.

On December 6, 2012, the Director of The Rhode Island Department of Business Regulation (the "Director") entered into a Consent Order Making Findings and Imposing Remedial Sanctions (the "Order") for the resolution of a matter involving MMLIS. The matter was resolved prior to instituting administrative proceedings. MMLIS neither admitted, nor denied the findings. The matter arose out of the conduct of two former representatives of MMLIS who have been barred from engaging in any securities business in the state of Rhode Island as a result of their conduct. On March 28, 2011, MMLIS advised the Securities Division that one of these representatives had embezzled money from one of his clients over the course of ten years by inducing the client to invest in fraudulent and non-existent promissory notes sold through the representative's outside business activity. The Director alleged that MMLIS failed to reasonably supervise these representatives in violation of R.I. Gen. Laws Section 7-11-212(b)(1).

The Order directs MMLIS to: (i) immediately cease and desist from any further violations of the Rhode Island Uniform Securities Act of 1990 and the rules promulgated thereunder; (ii) pay a penalty in the amount of \$250,000 to the Rhode Island Department of Business Regulation; (iii) confirm in writing that it has reimbursed the client for losses according to the terms of a settlement negotiated amongst the parties; and, (iv) retain an independent consultant to conduct a comprehensive review of its Rhode Island Detached Branch Offices and registered representatives in such locations and issue a written report to be filed with the Director.

On August 21, 2013, MMLIS entered into an AWC with FINRA. The AWC found that that MMLIS violated FINRA rules by failing to reasonably supervise and investigate certain of its registered representatives engaged in the sale of promissory notes not approved by MMLIS. Without admitting or denying the findings, MMLIS consented to a censure, a fine of \$125,000 and agreed to pay restitution to investors totaling \$787,847.70.

MMLIS entered into a Consent Agreement and Order ("Order") with the Commonwealth of Pennsylvania, acting through the Department of Banking and Securities ("Department"), Bureau of Securities Licensing, Compliance and Examinations ("Bureau") for the resolution of a matter effective July 6, 2015. The Firm neither admitted, nor denied the allegations. The matter arose out of the conduct of a deceased former representative of MMLIS who operated an unapproved outside business activity through which he issued, offered and sold unregistered promissory notes to certain Pennsylvania residents. The issuance, offer and sale of the notes by the representative were not approved by MMLIS. The Bureau received five complaints and was aware of twelve notes totaling approximately \$385,000. The Firm was subject to a sanction under Section 305(a)(vii) of the 1972 Act, 70 P.S. §1-305(a)(vii) for a failure to reasonably supervise an agent of MMLIS. The Order directed MMLIS to (i) pay an administrative assessment in the amount of \$100,000; (ii) pay legal and investigative costs in the amount of \$25,000; (iii) comply with the 1972 Act, and its Regulations as adopted by the Department, 70 P.S. §1-101, et. seq; and (iv) represent to the Department that it had made payments to certain Pennsylvania residents related to the securities activities of the representative and his outside business. Payment to certain Pennsylvania residents in the amount of \$150,840.62 was made on June 30, 2015.

MMLIS entered into an AWC with FINRA for the resolution of a matter effective November 15, 2016. FINRA made findings that the Firm disadvantaged certain retirement plan and charitable organization customers that were eligible to purchase Class A shares in certain mutual funds without a front-end sales charge ("Eligible Customers"). FINRA found that these Eligible Customers were instead sold Class A shares with a front-end sales charge or Class B or C shares with back-end sales charges and higher ongoing fees and expenses. The AWC stated that MMLIS failed to establish and maintain a supervisory system and written policies and procedures reasonably designed to ensure that Eligible Customers who purchased mutual fund shares received the benefit of applicable sales charge waivers. The AWC also stated that MMLIS failed to reasonably supervise the application of sales charge waivers to eligible mutual fund sales. FINRA found that the Firm relied on its financial advisors to determine the applicability of sales charge waivers, but failed to maintain adequate written policies or procedures to assist financial advisors in making this determination, including failing to establish and maintain written procedures to identify applicable sales charge waivers in fund prospectuses for Eligible Customers. Without admitting or denying the findings, MMLIS consented to a censure and agreed to pay restitution to investors totaling \$1,864,167.77, plus interest.

MMLIS (and three other broker-dealers affiliated with MassMutual) entered into an AWC with FINRA for the resolution of a matter effective June 30, 2017. FINRA made findings that the Firm failed to maintain certain electronic books and records in a non-erasable and non-rewritable format known as the "Write Once, Read Many" (WORM) format that is intended to prevent the alteration or destruction of broker-dealer records stored electronically. The findings also stated that MMLIS failed to (i) provide the required 90-day notice to FINRA prior to retaining a vendor to provide electronic storage, (ii) implement an audit system as required for such electronic books and records, (iii) provide letters of undertaking from independent third-parties with the ability to access and download information from the Firm's electronic storage media; and (iv) enforce written supervisory procedures concerning the Firm's storage of electronic brokerage records in WORM format. Without admitting or denying the findings, MMLIS consented to a censure and agreed to a fine in the amount of \$750,000 (to be paid jointly and severally by the three other MassMutual affiliated broker-dealers). The Firm also agreed to certain undertakings, mainly to submit to FINRA within 60 days a written plan of how MMLIS will conduct a comprehensive review of the adequacy of the relevant policies and procedures (written and otherwise), including a description of remedial measures leading to full compliance.

MMLIS entered into an AWC with FINRA for the resolution of a matter effective March 20, 2020. FINRA made findings that the Firm failed to ensure that access to a third-party system was limited to only those former registered representatives of a company that was acquired by the Firm for whom access was agreed to be given. As a result, additional former registered representatives and associated persons of the Firm had access to the third-party system after the acquisition. Because MMLIS was unaware that these additional registered representatives and associated persons had access to the third-party system after the acquisition, the Firm did not notify the third party when those registered representatives and associated persons ceased to be associated with the Firm. As a result,

the third party did not timely shut off those former registered representatives' and associated persons' access to the third-party system. The third-party system stored customer records and information, including nonpublic personal information. Without admitting or denying the findings, the Firm consented to a censure, a fine of \$75,000, and the entry of findings that it failed to prevent certain registered and associated persons who had been terminated from the Firm from continuing to access customer records and information, including nonpublic personal information, in violation of the SEC's Regulation S-P and FINRA Rule 2010.

ITEM 10. OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

MMLIS is registered with the SEC as an investment adviser and a broker-dealer and its principal officers are registered as investment adviser representatives and/or registered representatives ("RRs") of MMLIS. In its capacity as a broker-dealer, MMLIS sells variable insurance products and general securities (including, but not limited to, stocks, bonds, municipal and government securities), and mutual funds to the public.

As part of this business, MMLIS, through its RRs (who may also be MMLIS IA-Reps), provides a broad range of securities brokerage services to customers, including persons who otherwise participate in one of the Brinker Programs. As a broker-dealer, MMLIS effects securities transactions for these brokerage customers for compensation and may recommend that customers buy or sell securities or other investment products in which MMLIS or its officers, directors, employees, RRs or MMLIS IA-Reps have a financial interest or may themselves purchase or sell. For example, MMLIS may recommend that brokerage customers purchase, among other investments, variable annuity or variable life insurance contracts issued by an affiliate.

Clients should be aware that MMLIS' and its RRs' compensation vary by product and by issuer. As noted, the products sold by MMLIS as a broker-dealer include products issued by affiliated insurance companies as well as those issued by unaffiliated issuers. Products issued by affiliates of MMLIS may pay MMLIS and/or its RRs more compensation than products issued by companies that are not affiliated with MMLIS.

The following describes the relationship or arrangement that MMLIS has with its affiliates and Brinker that may be material either to the advisory business of MMLIS or to clients participating in Brinker Programs.

Broker Dealers, Other Investment Advisers and Investment Companies

In 2019, Brinker paid \$1.8 million to MMLIS as part of MMLIS' Strategic Partner Program. MMLIS expects to receive a similar amount from Brinker in 2020. Please see Item 14 for information about the Strategic Partner Program.

In addition to the advisory business relationship between Brinker and MMLIS as described in Item 4 above, MMLIS has entered into another agreement with Brinker to solicit advisory clients for Brinker. Please contact MMLIS or your MMLIS IA-Rep for additional information about this agreement.

MMLIS' management persons, including its directors and executive officers, are registered representatives and/or associated persons of MMLIS. Management persons may also be registered or associated with MMLIS' affiliated broker-dealers MML Distributors, LLC and MML Strategic Distributors, LLC and with its affiliated investment advisers, including MML Investment Advisors, LLC.

MMLIS is owned by MassMutual Holding LLC. Massachusetts Mutual Life Insurance Company ("MassMutual") is MassMutual Holding LLC's principal owner. MMLIS' registered representatives and MMLIS IA-Reps are all licensed insurance agents or brokers of MassMutual or its affiliates. MMLIS' registered representatives are all licensed to sell securities and may effect securities transactions for compensation for any client.

MML Investment Advisors, LLC acts as an investment adviser, and MML Distributors, LLC acts as principal underwriter, for certain mutual funds, including the MassMutual Select Funds, the MassMutual Premier Funds, MML Series Investment Fund and the MML Series Investment Fund II. MML Distributors, LLC is owned by MassMutual Holding LLC. MMLIS may recommend these mutual funds to clients in its broker-dealer or investment adviser capacity.

MassMutual Holding LLC is also the sole shareholder of Barings LLC ("Barings"), a registered investment adviser. MMLIS had entered a solicitor's agreement with Barings whereby MMLIS received compensation for referring clients to Barings for asset management services. Barings accounts have been assigned, with client's consent, to LMCG Investments, LLC (formerly known as Lee Munder Capital Group LLC). MMLIS continues to receive a referral fee on those accounts. MMLIS may also recommend that its advisory clients invest in mutual funds advised by Barings.

Recommending a mutual fund advised or distributed by an affiliate (an "Affiliated Fund") creates a conflict of interest between MMLIS and advisory clients. Investing in an Affiliated Fund results in additional compensation being paid to MMLIS and/or one of its affiliates. In many cases there are alternative funds that are available for investment that will provide clients with substantially similar exposure to the asset class or sector represented by an Affiliated Fund. This conflict of interest is addressed through clear and prominent disclosure to clients, suitability reviews of recommended securities and other products and through supervision of the MMLIS IA-Reps. In addition, MMLIS generally relies on third parties to provide the underlying analysis to determine whether a mutual fund is eligible to be recommended in an advisory program.

MassMutual, directly and/or through one or more of its affiliates, owns common shares (approximately 16% of outstanding common shares) and preference shares of, and has certain shareholder rights with respect to, Invesco Ltd. ("Invesco") as a result of the sale of MassMutual's formerly affiliated asset management business, OppenheimerFunds, to Invesco. MMLIS, in its broker-dealer or investment adviser capacity, may recommend that a client invest in an investment product advised and/or distributed by one or more Invesco entities. This conflict of interest is addressed through clear and prominent disclosure to clients, suitability reviews of recommended securities and other products and through supervision of the MMLIS IA-Reps. In addition, MMLIS generally relies on third parties to provide the underlying analysis to determine whether a mutual fund is eligible to be recommended in an advisory program.

MMLIS is the sole shareholder of MMLIS Financial Alliances, LLC, a Delaware limited liability company which operates as an insurance agency and investment adviser. MMLIS previously received client referrals from MMLIS Financial Alliances, LLC and paid a solicitors fee for such referrals. MMLIS no longer receives referrals for new advisory clients from MMLIS Financial Alliances, LLC as of September 30, 2016.

As previously described, MMLIS IA-Reps receive a portion of the compensation paid to MMLIS for the services described in this MMLIS Brochure. MMLIS utilizes compensation schedules to calculate the overall compensation paid to MMLIS IA-Reps for their work associated with the Brinker programs and other offerings at MMLIS. MMLIS also has an incentive program where a MMLIS IA-Rep will receive an additional percentage of the compensation paid to MMLIS based on total client assets attributable to that MMLIS IA-Rep or the MMLIS IA-Rep's team. For these purposes, the total client assets include assets across certain advisory programs offered by MMLIS. This creates an incentive for MMLIS IA-Reps to recommend these advisory programs (including the Brinker Programs) to clients over other types of accounts or services offered by MMLIS. MMLIS addresses this conflict through clear and prominent disclosure to clients.

MMLIS is the co-underwriter for, and a distributor of, variable products of MassMutual and its subsidiaries. Such variable products are issued by separate accounts which are registered as investment companies. MMLIS may recommend these products to clients in its broker-dealer capacity.

Additional information on certain related entities is specifically disclosed on Schedule D of Form ADV, Part 1 at Item 7.A. Part 1 of Form ADV can be accessed by following the directions provided on the Cover Page of this MMLIS Brochure.

Relationship with NFS

Not all investment advisers are dually registered as broker/dealers or have affiliates that are broker/dealers. Further, not all investment advisers that are dually registered as broker/dealers or that have affiliated broker/dealers require their clients to use the related broker/dealer as introducing broker. MMLIS has an incentive to select itself as the introducing broker-dealer for the Brinker Programs. In addition, although MMLIS is often able to obtain price improvement through its trade executions with NFS that it believes is beneficial to its clients, MMLIS' clearing relationship with NFS provides MMLIS with economic benefits by using itself as the broker/dealer and NFS as the clearing firm for accounts. For example, MMLIS receives revenue-sharing payments from NFS as described below and in Item 5 – Mutual Funds and Revenue Share from NFS. MMLIS' agreement with NFS also provides that NFS shall pay to MMLIS incentive credits for reaching and maintaining certain levels of assets with NFS.

MMLIS receives revenue sharing payments from NFS for investments in mutual fund shares in NFS's NTF, iNTF and TF programs. If available, MMLIS, as a broker-dealer, also earns 12b-1 fees from certain mutual funds (or their related persons) for providing distribution and/or administrative services to mutual funds. In addition, the fee MMLIS pays to NFS is based on the aggregate assets clients invest in advisory accounts, excluding any investments in NTF and iNTF mutual fund share classes, cash and cash equivalents. Please see Item 5 of this Firm Brochure for additional information about the revenue-sharing payments MMLIS receives from NFS, 12b-1 fees and the fee MMLIS pays to NFS, and the resulting conflicts of interest.

MMLIS receives service credits from NFS, based on the total assets that MMLIS customers' custody with NFS, including the assets in the Brinker Programs. Therefore, MMLIS has an incentive to recommend products and services that will lead to more assets being custodied with NFS, including the Brinker Programs. These credits are paid directly to the Firm and are not shared with MMLIS IA-Reps.

NFS will also pay fees to attend Firm sponsored sales and/or training conferences.

This additional compensation received by MMLIS creates a conflict of interest with MMLIS' clients because MMLIS has an economic incentive to use NFS as its clearing firm for trade execution and custody over other firms that do not or would not share revenue with MMLIS. In selecting NFS as the clearing firm, MMLIS considers the full range and quality of NFS' services including, among other things, the value of research provided as well as execution capability, commission rate, financial responsibility, and responsiveness. Further detailed discussion of the economic benefits MMLIS receives from its relationship with NFS can be found in this Item 9.

Bank Sweep Arrangement

If client rejects the default cash sweep option selected by the Firm and elects the bank sweep arrangement as the cash sweep option for client's account, MMLIS will earn fees from NFS on the amount of money in the bank sweep arrangement. MMLIS receives a higher amount than Client on funds invested in the bank sweep arrangement. In addition, as interest rates rise, the payment the Firm receives from NFS increases. As a result, MMLIS has an incentive for clients to select the bank sweep arrangement as the cash sweep option for their accounts. MMLIS mitigates this conflict of interest by selecting a cash sweep option for which it does not earn fees as the default option for client accounts. In addition, IA-Reps do not receive any of the fees that NFS pays to MMLIS, and IA-Reps do not receive any more or less compensation based on what cash sweep option is selected by a client.

The Custodian and the financial institutions that participate in the bank sweep arrangement ("Program Banks") may also earn a fee in connection with offering and/or administering the arrangement. Please refer to the disclosure document for the bank sweep arrangement for full details. MMLIS is not affiliated with Custodian or any of the Program Banks. MMLIS and its affiliates may provide offer products and services to Custodian, Program Banks and each of their employees, officers, directors, agents and independent contractors in MMLIS's normal course of business.

NFS Excess Trading Fee

MMLIS does not pay transaction fees to NFS and MMLIS does not charge transaction fees to clients. However, when the number of trades in a client's account exceeds a certain threshold, NFS will charge MMLIS a set fee per trade. MMLIS does not pass this fee on to the client. This presents a conflict of interest because MMLIS has an incentive to limit the number of trades in a client's account below the threshold that would lead to NFS charging MMLIS a transaction fee. This conflict is mitigated because Brinker and the portfolio managers, not MMLIS or the MMLIS IA-Reps, have discretion to trade in client accounts.

Transactions in NTF and INTF mutual fund share classes, Fidelity funds, cash and cash equivalents are not counted towards the threshold. As a result, this conflict does not apply to transactions in these investments.

IRA Rollovers – Conflict of Interest and Incentive

MMLIS and IA-Reps have a conflict of interest and incentive to recommend IRA rollovers from a 401(k) or other employer-sponsored retirement account in order to earn compensation on investment recommendations for the IRA account. Fees and costs for investments acquired for an IRA account (including the Brinker Programs), and compensation generated for us from these transactions generally are higher than those for investments and transactions in employer-sponsored retirement accounts. There are also certain benefits associated with employer-sponsored retirement accounts that are not available with an IRA account.

Relationship with Brinker

In addition to the advisory business relationship between Brinker and MMLIS as described in Item 4 above, MMLIS has entered into another agreement with Brinker to solicit advisory clients for Brinker. Please contact MMLIS or your MMLIS IA-Rep for additional information about this agreement.

Certain portfolio managers under the Brinker Programs are also Conference Partners or Strategic Partners of MMLIS. Please see Item 14 of this MMLIS Brochure for a discussion of MMLIS' Conference Partner and Strategic Partner Programs. Pursuant to these programs, MMLIS receives compensation from those firms that are Conference and Strategic Partners. Therefore, MMLIS has a financial incentive for clients to select such Conference and Strategic Partners as portfolio managers for their account under the Brinker Programs. Please note that neither MMLIS nor the MMLIS IA-Reps have discretionary authority under the Brinker Programs to select portfolio managers.

Certain MMLIS IA-Reps are also be affiliated with and provide investment advisory services, primarily financial planning services, through an investment adviser that is not affiliated with MMLIS ("Third Party Adviser"). In that respect, such MMLIS IA-Reps may offer investment advisory programs through both MMLIS and the Third Party Adviser. The compensation that they receive from the Third Party Adviser for offering investment advisory services may be more or less than the compensation that they receive from MMLIS. While the investment advisory programs made available by the Third Party Adviser may differ materially from the programs made available by MMLIS, the MMLIS IA-Reps may potentially recommend an investment advisory program that offers them the greatest compensation potential.

MMLIS receives compensation as a result of the client's participation in a Brinker Program. This compensation may be more or less than what MMLIS would earn if the client participated in other advisory programs made available by MMLIS, or if client did not participate in an advisory program and paid separately for investment advice, brokerage, and other services. Clients should discuss with MMLIS or the MMLIS IA-Rep the variety of programs and services available through MMLIS in order to independently determine which program(s) may be appropriate for their needs.

MMLIS and its affiliates may give advice or take action in performing their duties for other clients or for their own accounts that differs from the advice provided, or in the timing and nature of action taken, with respect to clients in any investment advisory program made available through MMLIS. In addition, MMLIS and its affiliates may give advice or take action in performing their duties for one client in an investment advisory program that differs from the advice provided, or in the timing and nature of action taken, with respect to another client in the same investment advisory program.

While the client is under no obligation to purchase securities, insurance or additional products from, or through, MMLIS or its affiliates, if you choose to do so additional compensation will be paid to your MMLIS IA-Rep in his/her capacity as a registered representative and/or insurance agent as well as to MMLIS and/or its affiliates. Such compensation typically takes the form of commissions and other payment streams tied to the sale of products. As a result of such additional compensation being paid for the sale of products or services, a conflict of interest arises as the additional compensation gives the MMLIS IA-Rep an incentive to recommend products based on the compensation received, rather than on a client's needs.

In addition, your MMLIS IA-Rep may act as an insurance agent of an affiliated insurance company. He/she may sell securities or insurance products issued, sponsored, advised, underwritten, distributed, or serviced by MMLIS or one or more of its affiliates. In such cases, one or more of MMLIS' affiliates is receiving compensation in addition to the commission and/or other compensation paid to MMLIS and your MMLIS IA-Rep in connection with such securities or insurance products. Thus, your MMLIS IA-Rep has a conflict of interest when recommending the sale of affiliated securities or insurance products as a registered representative or as an insurance agent.

Certain associates of MMLIS ("Investment Specialists") receive compensation from MMLIS to provide sales support to MMLIS IA-Reps. Some of the compensation is based on criteria related to the Brinker Programs for which they may have provided sales support. While Investment Specialists do not sell products or provide product recommendations directly to clients, clients should be aware that Investment Specialists may have an incentive to favor the presentation of the Brinker Programs over products for which they do not receive compensation to MMLIS IA-Reps for their review as potential products to discuss with their clients. Clients should also be aware that the compensation received by Investment Specialists is not shared with MMLIS IA-Reps or their sales manager. Furthermore, not all MMLIS IA-Reps will use Investment Specialists for sales support or for support on products available through MMLIS.

MMLIS wants its clients to make an informed decision when they purchase products or receive services from a MMLIS RR or MMLIS IA-Rep. Therefore, MMLIS is disclosing material arrangements and any potential conflicts of interest that clients may find informative when making their decisions. In addition to providing disclosures to its clients, MMLIS, on an ongoing basis, communicates, trains and/or supervises its RRs and MMLIS IA-Reps on its policies and procedures regarding conflicts of interest. Nevertheless, clients should always carefully and independently review all product or program features and risks, along with any applicable disclosures before making any investment decisions.

ITEM 11. CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

MMLIS has adopted an Investment Adviser Code of Ethics ("Code") for certain persons of MMLIS in compliance with Rule 204A-1 under the Investment Advisers Act of 1940. This Code establishes required standards of business conduct, as well as policies and procedures that are reasonably necessary to detect and prevent personal trading activities that are, or might be an abuse of fiduciary duties or create conflicts of interest.

The Code requires that all MMLIS IA-Reps and certain other affiliated personnel (together, "Access Persons") acknowledge receipt and report violations of the Code. The Code sets forth standards with regard to an Access Person's personal trading and establishes general prohibitions, including but not limited to, the observance of personal trade blackout periods for certain persons. The Code places additional obligations on Access Persons including the obligation to submit periodic reports to MMLIS regarding their personal accounts, including initial and annual holdings reports and quarterly transactions. SEC rules and guidance exempt certain types of securities and transactions from Code of Ethics reporting.

The principles set forth in the Code that govern personal trading activities for Access Persons include:

- The duty at all times to place the interest of advisory clients first;
- The requirement that all covered personal trades be consistent with the Code so as to avoid any actual or potential conflict of interest; and
- The fundamental standard that individuals should not take inappropriate advantage of their positions with respect to MMLIS and/or its advisory clients.

To prevent and detect violations of the Code, MMLIS reviews transactions within accounts that have been reported by Access Persons. A copy of the Code of Ethics will be provided to any client or prospective client upon request. Please refer to the cover page of this MMLIS Brochure for our contact information.

MMLIS or the MMLIS IA-Reps may give advice or take action in performing their duties for other clients or for their own accounts that differs from the advice provided, or in the timing and nature of action taken, with respect to clients in the Brinker Programs. In addition, MMLIS and the MMLIS IA-Reps may give advice or take action in performing their duties for one client in a Brinker Program that differs from the advice provided, or in the timing and nature of action taken, with respect to another client in a Brinker Program.

Personal transactions in securities by affiliated persons of MMLIS will be subject to the procedures described in MMLIS' Code of Ethics and Compliance Manual. MMLIS may from time to time perform a variety of services for, or solicit business from, a variety of companies including issuers of securities that MMLIS may recommend for purchase or sale by its clients. In connection with providing these services, MMLIS and its affiliated persons may come into possession of material nonpublic and other confidential information which, if disclosed, might affect an investor's decision to buy, sell or hold a security.

Under applicable law, MMLIS and its affiliated persons are prohibited from improperly disclosing or using such information for their personal benefit or for the benefit of any other person, regardless of whether such other person is a client of MMLIS. Accordingly, should MMLIS or any of its affiliated persons come into possession of material nonpublic or other confidential information concerning any company, they will be prohibited from communicating such information to clients, and MMLIS will have no responsibility or liability for failing to disclose such information to clients as a result of following its policies and procedures designed to comply with applicable law.

ITEM 12. BROKERAGE PRACTICES

Clients are required to establish a brokerage account through MMLIS with NFS which will act as clearing firm and custodian for client's assets under the Brinker Programs and authorize Brinker to effect all equity trades through the designated custodian unless Brinker or the portfolio manager (as applicable) determine that better execution may be obtained through an alternative broker as described below and in the Brinker Brochure. All fixed income trades are executed through brokers other than the designated custodian and Brinker and other managers have authority to select brokers to effect such trades. Custodian will act in the capacity as a clearing firm and perform centralized cashing, bookkeeping and execution, clearing and settlement functions. Custodian will handle the delivery and receipt of securities purchased or sold in client's brokerage account, receive and distribute dividends and other distributions, and process exchange offers, rights offerings, warrants, tender offers and redemptions.

Client hereby acknowledges that directing Brinker to place trades through MMLIS and NFS may result in certain costs or disadvantages to client, either because client may pay higher commissions or other costs on some transactions than might otherwise be attainable by Brinker or a portfolio manager, or may receive less favorable execution on some transactions, or both. Not all advisers require their clients to direct brokerage transactions.

Portfolio managers in the Brinker Programs are obligated to obtain best execution for any trading associated with Client's account. In order to meet its best execution obligation, each portfolio manager may consider broker-dealers' or clearing firms' other than NFS in order to execute trades for accounts, including a broker-dealer or clearing firm affiliated with the portfolio manager. While most portfolio managers available in the Brinker Programs will utilize NFS trading capabilities to conduct trading for accounts as such trading costs are included within the Investment Advisory Fee, certain portfolio managers may periodically engage in "step-out" trading, utilizing broker-dealers or clearing firms other than NFS to obtain better execution for such trades. An account will incur

costs in addition to the Investment Advisory Fee when step-out trades are executed for an account. These additional costs are reflected in the net purchase or sale price shown on the trade confirmation clients receive for the particular step-out trade but are not disclosed separately in the trade confirmation.

Please refer to the Brinker Brochure for more information on Brinker's brokerage practices.

MMLIS does not use soft dollar research or services.

Brinker attempts to effect transactions correctly and resolve any trade errors promptly and fairly. Should a trade error occur as a result of Brinker's handling of transactions for the account, and the error correction results in a gain, the gain will be kept by MMLIS. Gains that are captured due to trade errors are placed in MMLIS' general account and may be used at MMLIS' discretion, including to cover losses incurred by other clients for trade errors to the extent permitted by applicable law. If gains are not used to cover an expense within a fiscal year, such gains will be considered a profit and used for the benefit of MMLIS. If the error correction results in a loss, the loss will not be charged to the client. In addition, clients will not bear any costs associated with the correction of an error.

ITEM 13. REVIEW OF ACCOUNTS

Services Provided by MMLIS

MMLIS, through the MMLIS IA-Reps, will be available during business hours to answer any questions that the client may have regarding their account and/or to provide client services. MMLIS will notify clients in writing at least quarterly to contact MMLIS if there have been any changes in their financial situation or investment objectives that might affect the manner in which their account assets should be managed, or if the client wishes to add or modify any existing investment restrictions imposed on the client's account.

MMLIS, or the MMLIS IA-Reps, will also contact clients at least annually to review each client's account and to inquire whether anything has changed in client's financial circumstances or investment objectives that might affect the manner in which the client's account assets should be managed and if the client would like to add to, remove or modify any previously accepted investment restrictions imposed on the account.

The MMLIS IA-Rep is available on an ongoing basis to discuss the client's participation in the Brinker Programs or the client's investments in general. MMLIS will forward any updated information it receives from client to Brinker for review and assist the client in making any appropriate changes to the client's account, if necessary.

Services Provided by Brinker

Please see Item 13 of the Brinker Brochure for a description of Brinker's review of accounts and the reports Brinker provides to clients.

ITEM 14. CLIENT REFERRALS AND OTHER COMPENSATION

MMLIS has a Strategic Partner Program with certain investment companies ("Strategic Partners") that offer mutual funds and/or ETFs that are underlying investments in a Model. Certain Strategic Partners are also Strategists. Strategic Partners are provided with increased access to our home office personnel, registered representatives and investment adviser representatives (referred to herein collectively as "Representatives"). This access includes some or all of the following: (1) participation in sales conferences, (2) training and education seminar sponsorship, (3) receipt of MMLIS sales information and Representative lists, (4) access to various enhanced methods of communication with our Representatives, and/or (5) other services agreed to between the Strategic Partners and MMLIS. MMLIS also publicizes Strategic Partners and their products and services in proprietary marketing materials and/or websites, as well as providing links to Strategic Partners' websites. Strategic Partners also provide support and help create targeted marketing campaigns for Representatives. You should be aware that the Strategic Partners pay MMLIS to be a part of the Strategic Partner Program, as discussed further below.

Each Strategic Partner makes cash payments to MMLIS to participate in the Strategic Partner Program. This compensation allows MMLIS to offset some of the expenses associated with offering the Strategic Partner's products and services (i.e., marketing, training and education, conferences and/or other expenses as permitted by applicable law), and gives the Strategic Partners access to resources and arrangements that we believe may enhance our Representatives' understanding of the Strategic Partner's products or services.

In 2019, Brinker made the cash payments described in Item 10 to participate as a Strategic Partner. American Funds and BlackRock also made cash payments of more than \$1.8 million each to MMLIS to participate as a Strategic Partner. Invesco, BNY Mellon and Fidelity each paid between \$500,000 and \$1.2 million to participate as a Strategic Partner. These Strategic Partners are expected to make similar payments in 2020.

We understand that these cash payments are not paid out of the assets invested by clients in mutual funds or with Strategists. In addition, no portion of these payments is made by means of brokerage or advisory commissions generated by the Strategic Partners, and none of the cash payments described in this section are made directly to our branch managers or Representatives who sell these products and services. You should read each prospectus, Statement of Additional Information, offering materials or documents, Form ADV disclosure brochure, or other disclosures (collectively, "Disclosures") provided to you in connection with the Program.

Strategic Partners make payments to MMLIS based on one, or a combination, of the following: 1) a percentage of initial and/or additional investment amount made by MMLIS customers, 2) a percentage of total assets sold by MMLIS, 3) a flat fee, 4) fee(s) for attending MMLIS conferences or events, 5) payment of networking fees (fees paid to an investment company, where applicable, to offset those incurred by MMLIS to electronically process certain mutual funds issued by the investment company, and/or 6) other formula agreed upon between a Strategic Partner and MMLIS as permitted by applicable law.

MMLIS also has a Conference Partner Program with other investment companies that offer mutual funds and/or ETFs that are underlying investments in a Model. Certain Strategists are also part of the Conference Partner Program. These investment companies ("Conference Partners") contribute to and/or participate in MMLIS conferences and/or training meetings attended by Representatives. They also receive increased access to Representatives. The Conference Partner tier they select and the fee that they pay determines which conferences and training programs Conference Partners participate in and the level of access they receive.

In 2019, MMLIS received payments from each of the following Conference Partners, listed in order of largest contribution to smallest contribution (if Conference Partners contributed the same amount, they are listed in alphabetical order): Morningstar, Russell Investments, Symmetry, W.E. Donoghue, City National Rochdale, CIBC National Trust, Clark, First Trust, Franklin Templeton, LMCG, PIMCO, SEI, and Vanguard. The amount of payments from these Conference Partners ranged from \$50,000 to \$150,000. Each payment was used to offset some of the expenses of the applicable conference or training meeting. Due to the unlikelihood of holding in-person conferences in 2020, these Conference Partners may make lower payments in 2020. One additional investment company — Northern Trust — is expected to participate in the Conference Partner Program in 2020. MMLIS will also receive access to free educational services from Northern Trust beginning in 2020 as a result of reaching a certain threshold of assets under management by Northern Trust belonging to MMLIS clients.

MMLIS has other marketing support arrangements similar to but separate from the Strategic Partner Program described above. In 2019, MMLIS received between \$30,000 and \$600,000 from each of Franklin Templeton, Lord Abbett and JP Morgan (in order of largest contribution to smallest contribution). These payments are based on a percentage of assets under management belonging to MMLIS clients held by each investment company. These investment companies are expected to make similar payments in 2020.

MMLIS also received an annual conference credit of \$150,000 from NFS and expects to receive a similar payment in 2020. In addition, in 2019, MMLIS received networking fee income less than \$60,000 from each of Franklin Templeton and DWS Investments.

As a fiduciary, we endeavor at all times to put the interest of our clients ahead of our own interest. Clients should be aware that the receipt of such compensation creates a financial incentive for MMLIS and its Representatives to favor Strategic Partners and Conference Partners when making recommendations to clients. Specifically, MMLIS has a financial incentive to recommend the mutual funds provided by Strategic Partners and Conference Partners over mutual funds offered by entities that do not make marketing support payments to MMLIS, and to recommend the Strategic Partners and Conference Partners over portfolio managers that do not make marketing support payments to MMLIS or contribute to or participate in MMLIS conferences or training meetings. You should also be aware that the rate associated with marketing support and conference support payments differs among certain of the Strategic Partners, and the basis on which the payments are calculated differs among certain of the Strategic Partners. Therefore, MMLIS has a financial incentive to favor those Strategic Partners and Conference Partners whose payment structure would result in the most compensation for MMLIS. We address this conflict by assuring that MMLIS' Representatives do not share in the marketing support payments received by MMLIS and do not receive differential compensation based on whether clients choose the mutual funds offered by Strategic Partners and Conference Partners or choose the portfolio managers that are Strategic Partners and Conference Partners.

Clients should also be aware that marketing or educational activities paid for with these payments lead to greater exposure of Strategic Partner's and Conference Partner's products and services with MMLIS' RRs and MMLIS IA-Reps. Therefore, these payments create an incentive, and lead to a greater likelihood, for MMLIS or the MMLIS IA-Reps to recommend a mutual fund of a Strategic Partner over the mutual fund of another entity, or a portfolio

manager who is a Strategic Partner or a Conference Partner over other portfolio managers. These payments are in addition to the fees received by MMLIS under the Brinker Programs and any distribution or servicing fees described above.

For marketing support arrangements where the payment amount is based on assets under management invested in a Strategic Partner's products, MMLIS instructs its Strategic Partners to exclude assets from qualified plan accounts and IRAs from the payment calculation.

From time to time, MMLIS and its RRs receive other compensation from mutual fund companies that issue mutual funds that are available in the Brinker Programs. Such mutual fund companies sponsor their own conferences for training and educational purposes, which certain of MMLIS' RRs are invited to attend. In addition to MMLIS' RRs attending these conferences without charge, these mutual fund companies also reimburse or pay for the travel and other related expenses incurred by MMLIS' RRs or reimburse a Firm's branch office for expenses related to dinners or events for clients and other miscellaneous business-related expenses incurred by RRs. These conferences and the reimbursements create an incentive for MMLIS and the MMLIS IA-Reps to make available and recommend (or select on a client's behalf) the mutual funds provided by the sponsoring mutual fund companies. These mutual fund companies may also provide nominal gifts to the Firm's RRs.

MMLIS enters into certain agreements with various organizations and associations pursuant to which such entities endorse financial products and services offered by or through MMLIS and its affiliates. Typically, such entities provide access to their members in exchange for a flat fee or other negotiated compensation arrangement permitted by applicable law.

MMLIS enters into marketing arrangements with third parties ("Solicitors") who will receive compensation from MMLIS for referring prospective investment advisory clients to MMLIS. Where required by federal or state law, each marketing arrangement will be governed by a written agreement between MMLIS and the Solicitor that complies with the SEC's "cash solicitation" rule (Rule 206(4)-3). In particular, clients will be provided with copies of Part 2A of MMLIS's Form ADV, a separate solicitor disclosure statement that describes the nature of the marketing or referral arrangement (including compensation features) applicable to the client being referred, and any other document required to be provided under applicable law. The fees and expenses that MMLIS pays to a Solicitor under these referral arrangements are not passed on to referred clients, but depending on the circumstances, the existence of such marketing or referral arrangements may affect the amount of MMLIS' overall fees or its willingness to negotiate fee reductions in particular instances.

Under these marketing arrangements, a Solicitor introduces prospective clients to MMLIS or a MMLIS IA-Rep to further discuss whether MMLIS' investment advisory services, including a Brinker Program, may be appropriate for the prospective clients. The Solicitor's sole responsibility under the marketing arrangement is to refer prospective clients to MMLIS or a MMLIS IA-Rep and may not provide investment advice to prospective clients or MMLIS' clients on behalf of MMLIS or the MMLIS IA-Reps. Additional information about this arrangement, including the relationship between the Solicitor and MMLIS, the role of the Solicitor and any compensation that MMLIS pays to the Solicitor for introducing prospective clients, is outlined in a separate solicitor disclosure statement, which the Solicitor will provide to prospective clients before they are introduced to MMLIS or a MMLIS IA-Rep.

MMLIS and certain banks and credit unions (collectively "Financial Institutions") have entered into alliance arrangements where employees of Financial Institutions may refer individuals who may be interested in learning more about MMLIS' advisory services to MMLIS IA-Reps. MMLIS will share a portion of the fees earned by MMLIS with Financial Institutions for referring individuals who eventually obtain advisory services from MMLIS. Employees of the Financial Institutions are not authorized to provide investment advice, or discuss the features of, or qualify individuals for, advisory services, on behalf of MMLIS. Employees of Financial Institutions may receive nominal compensation for referring individuals to MMLIS IA-Reps regardless of whether such individuals obtain advisory services from MMLIS. To the extent that a referred client participates in a Brinker Program, the compensation paid to Financial Institutions or their employees as described herein can increase or otherwise affect the fees a customer pays for obtaining advisory services from MMLIS. The fees and expenses that MMLIS pays to a Financial Institution under these arrangements are not passed on to referred clients, but depending on the circumstances, the existence of such marketing or referral arrangements can affect the amount of MMLIS' overall fees or its willingness to negotiate fee reductions in particular instances.

MMLIS and its affiliates compensate your MMLIS IA-Rep for the services described in this brochure, for other advisory services provided to customers and for the sale, renewal and servicing of various investment products. Your MMLIS IA-Rep's overall compensation includes base commissions and other forms of compensation that may vary from product to product, service to service, and/or by the amount of the assets in his or her clients' accounts.

You should be aware that the amount of his or her compensation can increase in part based upon the opening of your account and the amount of assets in your account within a defined period of time. He or she also is eligible for additional cash compensation (such as medical, retirement and/or other benefits) and non-cash compensation (such as conferences, rewards, recognition, matching of charitable contributions, trips and sales support services) based upon similar criteria, including overall sales and productivity, as applicable. Your IA-Rep's manager may also offer rewards, recognition and trips based upon similar criteria. Also, MMLIS IA-Reps are required to meet minimum overall sales requirements in order to continue their affiliation with MassMutual and its affiliates and/or to continue to qualify for certain compensation arrangements described above.

In addition, MassMutual has provided or made available loans to certain IA-Reps as an incentive for them to become insurance agents of MassMutual. If the IA-Rep achieves specified sales goals, which can include the amount of assets invested in advisory programs (including the Brinker Programs), MassMutual may forgive the loan or pay additional compensation to the IA-Rep to offset the loan repayment.

Therefore, your MMLIS IA-Rep has an incentive to offer you the programs referenced in this MMLIS Brochure in order to meet these requirements and to recommend that you increase the amount you have invested in such programs. Additionally, your MMLIS IA-Rep's manager is compensated by MMLIS and its affiliates generally based on overall sales goals, including those that include the Brinker Programs, achieved by the MMLIS IA-Reps whom they supervise and may qualify for additional compensation based on non-sales related factors as set by MMLIS and/or its affiliates from time to time. Generally, the manager's compensation is aligned with that of your MMLIS IA-Rep, as noted above.

ITEM 15. CUSTODY

The Custodian acts as qualified custodian for client funds and securities managed under the Brinker Programs. As such, the Custodian will send client statements of all activity in client's brokerage account on no less than a quarterly basis, and, if requested, written confirmations of trades executed through client's brokerage account. Client should review such statements carefully.

Additionally, clients will have the ability to request an Account Performance Report from their MMLIS IA-Rep at any time. The report generally includes the beginning and ending account value, contributions and withdrawals, and a rate of return for a specific time period. Clients should be aware that the Account Performance Report is not an official account statement from the Custodian. It should be used only for informational purposes and should not be relied upon for making investment decisions or for tax purposes. Clients should carefully review account statements and confirmations issued by the Custodian and compare such statements against reports received from MMLIS and promptly notify MMLIS or his/her MMLIS IA-Rep upon discovery of any errors, discrepancies or irregularities.

MMLIS does not maintain physical custody of client assets under the Brinker Programs, although MMLIS may be deemed to have custody of client assets if the client gives MMLIS authority to withdraw assets from the client's account in the account opening documentation or pursuant to a standing payment instruction. Because this authority includes withdrawals in addition to deductions for fees, MMLIS is required to undergo an annual surprise inspection of its client accounts by an independent public accountant.

ITEM 16. INVESTMENT DISCRETION

Except for the selection of the cash sweep options (which MMLIS does in its capacity as broker-dealer) as described in Item 4 of this MMLIS Brochure, neither MMLIS nor the MMLIS IA-Reps exercise investment discretion over client assets in any accounts established under the Brinker Programs.

Pursuant to the Client Agreement, each client grants Brinker with full discretion over client's account. Brinker has discretion to select the portfolio managers, Funds and other investments that are eligible to be selected for a client's account; the portfolio managers, Funds and other investments for each client's account; and to determine the allocation of assets in each account among portfolio managers, Funds and other investments. Please refer to the Client Agreement and Items 13 and 16 of the Brinker Brochure for additional information concerning Brinker's investment discretion.

As discussed in Item 4 of this MMLIS Brochure, clients have the opportunity to impose reasonable investment restrictions on the investment of their assets in the Brinker Programs.

ITEM 17. VOTING CLIENT SECURITIES

MMLIS and the MMLIS IA-Reps have no obligation or authority to take any action or render any advice with respect to the voting of proxies for clients in the Brinker Programs. Please refer to Item 17 of the Brinker Brochure and the Client Agreement for details on client's obligation, if any, with respect to voting proxies or corporate actions for the securities held in client's account.

ITEM 18. FINANCIAL INFORMATION

MMLIS does not require clients to prepay its fees six months or more in advance, and therefore MMLIS is not required to include a balance sheet for our most recent fiscal year in this MMLIS Brochure. MMLIS does not have any material conditions that would impair its ability to meet its contractual commitments to clients.

Clients should review Brinker's Brochure for any disclosures that Brinker may make under this item.

Important Notices to Clients

To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account. What this means for you: When you open an account, we will ask you for your name, address, date of birth and other information that will allow us to identify you. We may ask to see your driver's license or other identifying documents. Similarly, we will ask for identifying information and/or documents for accounts opened on behalf of an entity, rather than an individual (e.g. trusts, corporations). If you cannot provide the information or documentation we require, we may be unable to open an account or effect a transaction for you.

PRIVACY POLICY

We recognize that our relationships with you are based on integrity and trust. As part of that trust relationship, we want you to understand that in order to provide our products and services to you, we must collect, use and share personal information about you. This Privacy Notice describes policies and practices about how we protect, collect and share personal information related to the financial products and services you receive from us. It also describes how you can limit some of that sharing.

We Protect Your Personal Information By:

- Using security measures that include physical, electronic and procedural safeguards to protect your personal information from unauthorized access or use in accordance with state and federal requirements.
- Training employees to safeguard personal information and restricting access to personal information to employees who need it to perform their job functions.
- Contractually requiring business partners with whom we share your personal information to safeguard it and use it exclusively for the purpose for which it was shared.

Personal Information We May Collect:

The types of personal information we may collect depends on the type of product or service you have with us and may include:

- Information that you provide to us on applications or forms, during conversations with us or our representatives, or when you visit our website (for example, your name, address, Social Security number, date of birth, income and assets).
- Information about your transactions with us and our affiliates, including your account balances and transactional history.
- Information from third parties such as consumer or other reporting agencies or other institutions if you transfer positions or funds to us.

We May Share All of the Personal Information We Collect, As Described Above, With:

- Registered representatives who provide our products and services to you;
- Our affiliated companies, such as insurance or investment companies, insurance agencies or broker-dealers that market our products and services to you;
- Companies that perform marketing or administrative services for us;
- Nonaffiliated companies in order to perform standard business functions on our behalf including those related to processing transactions you request or authorize, or maintaining your account;
- Courts and government agencies in response to court orders or legal investigations;
- Credit bureaus; and
- Other financial institutions with whom we may jointly market products, if permitted in your state.

In addition, we may share certain of your personal information with your MMLIS registered representative, when he or she leaves MMLIS to join another financial institution (whom we call a "departing representative") so that he or she can continue to work with you at his or her new firm.

Important Privacy Choices

MMLIS respects your privacy choices. If you prefer that we do not share your personal information about your accounts held with us with your departing representative, you can opt out of such sharing, that is, you may direct us not to do so. If you wish to opt out of the sharing of your personal information with your departing representative you may:

- Call us at 1-855-520-7715

You may make this privacy choice and contact us at any time, however, if we do not hear from you we may share your information with your departing representative as described above. If this is a joint account, if one joint owner tells us not to share information that choice will apply to the other owner or owners. If you have already told us your choice, there is no need to do so again.

Other than as described above, we will only share your personal information as permitted by law and, if the law requires us to obtain your consent or give you the opportunity to opt-out of some types of sharing, we will do so before sharing the information.

For California and Vermont residents, we will not share your personal information with your departing representative unless we receive your express consent.

If you are no longer our customer, we may continue to share your personal information as described in this Privacy Notice.

If you have questions or concerns about this Privacy Notice, please contact us at 1-855-520-7715.
