Other investment related business activities pertain to securities, commodities, banking, insurance, or real estate. Other investment related business activities that your Advisor performs may result in the receipt of fees, commissions and/or bonuses. It may also result in other forms of compensation, which are based on the sales of securities and/or the value of assets under management. This includes trail, distribution and service fees related to certain mutual funds and insurance products. Trail, distribution and service fees are paid out of the fund or insurance product assets and are therefore indirectly paid by you, the client.

Another form of "indirect compensation" may also be paid to your Advisor by sponsors of investment products, programs or services. This indirect compensation may include entertainment, attendance at events, attendance at educational conferences, reimbursements for approved business expenses, investment research, technology support and other resources that may assist with your Advisor's investment business. An incentive (conflict of interest) may exist for your Advisor to recommend investment products and services based upon the amount of compensation received, rather than your best interest.

Synergy maintains a Code of Ethics requiring your Advisor to always act in your best interest and maintains a supervisory structure to monitor the advisory activities of your Advisor in order to reduce potential conflicts of interest.

ADDITIONAL COMPENSATION

In addition to advisory fees, your advisor may earn sales incentives or awards based on the value of assets under management, investment products sold, number of sales, client referrals, amount of new deposits or amount of new accounts. This additional compensation may include the same items (economic benefits) as listed in the Other Business Activities section above as indirect compensation.
