JULY 13, 2021

Item 2: Material Changes

Annual Update

The Material Changes section of this brochure will be updated annually or when material changes occur since the previous release of the Firm Brochure.

Material Changes since the Last Update

This Brochure dated July 13, 2021, represents an amendment to the firm's Brochure.

Since the filing of the firm's last annual update Brochure dated March 29, 2021, we have updated our Brochure to reflect a change in regulatory jurisdiction due to growth of the firm and have updated ownership percentages. We have also made other minor updates but no other material changes were made.

Pursuant to regulatory requirements, we will deliver to you a summary of any materials changes to this and subsequent Brochures within 120 days of the close of our fiscal year. We may further provide other ongoing disclosure information about material changes as necessary. All such information will be provided to you free of charge.

Currently, our Brochure may be requested by contacting us at (314) 726-0055. Additional information about the firm is also available via the SEC's web site www.adviserinfo.sec.gov. The SEC's web site also provides information about any persons affiliated with the firm who are registered as investment adviser representatives of the firm.

Item 4: Advisory Business

Firm Description

Fortify Wealth, Inc. (Fortify Wealth) formerly known as Financial Resources of St. Louis, Inc. was founded in 1984 and began offering investment advisory services in 2018. John and Don McKinley are 53% and 47% owners respectively.

Types of Advisory Services

ASSET MANAGEMENT

Fortify Wealth offers discretionary asset management services to advisory Clients. Fortify Wealth will offer Clients ongoing asset management services through determining individual investment goals, time horizons, objectives, and risk tolerance. Investment strategies, investment selection, asset allocation, portfolio monitoring and the overall investment program will be based on the above factors. The Client will authorize Fortify Wealth discretionary authority to execute selected investment program transactions as stated within the Investment Advisory Agreement.

VARIABLE ANNUITY AND VARIABLE LIFE MANAGEMENT

Fortify Wealth offers discretionary direct asset management services to advisory clients on their variable annuities and variable life products. Fortify Wealth will work with individuals to assemble an appropriate portfolio of investment options as provided through the insurance company that services variable annuity investments. The accounts will be monitored on an annual basis.

FINANCIAL PLANNING AND CONSULTING

If financial planning and consulting services are applicable, Fortify Wealth shall prepare a written financial plan for Clients. The Client may compensate Fortify Wealth on an hourly or flat fee basis described in detail under the “Fees and Compensation” section of this brochure. Fortify Wealth’s financial planning services may involve consultation, analysis, and recommendations in the following areas of financial planning, which include (1) cash flow planning; (2) income tax planning; (3) risk management, asset protection and insurance; (4) investments; (5) retirement planning; and (6) estate, gift and wealth transfer planning (7) charitable planning (8) education planning.

In order to determine a suitable course of action for an individual Client, Fortify Wealth will perform a review of the variables that are presented. This review may include, but is not limited to, investment objectives, consideration of overall financial condition, income and tax status, personal and business assets, risk profile, and other factors unique to the Client’s particular circumstances.

Fortify Wealth will review the Client’s present financial situation and issue a written analysis and report of recommendations in accordance with the Client’s goals and objectives. This service may include an initial consultation and subsequent follow-up visits. The services provided in this regard may include but are not limited to the following:

- Prepare an annual net worth statement;
- Create a cash flow statement;
- Review current investments and make recommendations thereon;
- Review most recent tax returns and provide tax planning advice;

- Review life insurance and disability insurance and make recommendations thereon;
- Review estate plan and make recommendations thereon;
- Complete a retirement analysis; and
- Provide education planning advice.

If a conflict of interest exists between the interests of Fortify Wealth and the interests of the Client, the Client is under no obligation to act upon Fortify Wealth's recommendation. If the Client elects to act on any of the recommendations, the Client is under no obligation to effect the transaction through Fortify Wealth. Financial plans or consulting services will be completed and delivered within one hundred and twenty (120) days of Client providing all required documents.

The goals and objectives for each Client are documented in our Client files. Investment strategies are created by Fortify Wealth that reflect the stated goals and objectives of the Client.

Agreements may not be assigned without prior written Client consent.

ERISA PLAN SERVICES

Fortify Wealth provides service to qualified retirement plans including 401(k) plans, 403(b) plans, pension and profit sharing plans, cash balance plans, and deferred compensation plans. Fortify Wealth may act as either a 3(21) or 3(38) advisor:

Limited Scope ERISA 3(21) Fiduciary. Fortify Wealth may serve as a limited scope ERISA 3(21) fiduciary that can advise, help and assist plan sponsors with their investment decisions on a non-discretionary basis. As an investment advisor Fortify Wealth has a fiduciary duty to act in the best interest of the Client. The plan sponsor is still ultimately responsible for the decisions made in their plan, though using Fortify Wealth can help the plan sponsor delegate liability by following a diligent process.

1. Fiduciary Services are:

- Provide non-discretionary investment advice to the Client about asset classes and investment alternatives available for the Plan in accordance with the Plan's investment policies and objectives. Client will make the final decision regarding the initial selection, retention, removal and addition of investment options. Fortify Wealth acknowledges that it is a fiduciary as defined in ERISA section 3 (21) (A) (ii).
- Assist the Client in the development of an investment policy statement ("IPS"). The IPS establishes the investment policies and objectives for the Plan. Client shall have the ultimate responsibility and authority to establish such policies and objectives and to adopt and amend the IPS.
- Provide non-discretionary investment advice to the Plan Sponsor with respect to the selection of a qualified default investment alternative for participants who are automatically enrolled in the Plan or who have otherwise failed to make investment elections. The Client retains the sole responsibility to provide all notices to the Plan participants required under ERISA Section 404(c) (5) and 404(a)-5.
- Assist in monitoring investment options by preparing periodic investment reports that document investment performance, consistency of fund management and

conformance to the guidelines set forth in the IPS and make recommendations to maintain, remove or replace investment options.

- Meet with the Client on a periodic basis to discuss the reports and the investment recommendations.

2. Non-fiduciary Services are:

- Assist in the education of Plan participants about general investment information and the investment alternatives available to them under the Plan. Client understands Fortify Wealth's assistance in education of the Plan participants shall be consistent with and within the scope of the Department of Labor's definition of investment education (Department of Labor Interpretive Bulletin 96-1). As such, Fortify Wealth is not providing fiduciary advice as defined by ERISA 3(21)(A)(ii) to the Plan participants. Advisor will not provide investment advice concerning the prudence of any investment option or combination of investment options for a particular participant or beneficiary under the Plan.
- Assist in the group enrollment meetings designed to increase retirement plan participation among the employees and investment and financial understanding by the employees.

Fortify Wealth may provide these services or, alternatively, may arrange for the Plan's other providers to offer these services, as agreed upon between Advisor and Client.

3. Fortify Wealth has no responsibility to provide services related to the following types of assets ("Excluded Assets"):

- Employer securities;
- Real estate (except for real estate funds or publicly traded REITs);
- Stock brokerage accounts or mutual fund windows;
- Participant loans;
- Non-publicly traded partnership interests;
- Other non-publicly traded securities or property (other than collective trusts and similar vehicles); or
- Other hard-to-value or illiquid securities or property.

Excluded Assets will **not** be included in calculation of Fees paid to Fortify Wealth on the ERISA Agreement. Specific services will be outlined in detail to each plan in the 408(b)2 disclosure.

ERISA 3(38) Investment Manager. Fortify Wealth can also act as an ERISA 3(38) Investment Manager in which it has discretionary management and control of a given retirement plan's assets. Fortify Wealth would then become solely responsible and liable for the selection, monitoring and replacement of the plan's investment options.

1. Fiduciary Services are:

- Fortify Wealth has discretionary authority and will make the final decision regarding the initial selection, retention, removal and addition of investment options in accordance with the Plan's investment policies and objectives.

- Assist the Client with the selection of a broad range of investment options consistent with ERISA Section 404(c) and the regulations thereunder.
- Assist the Client in the development of an investment policy statement (“IPS”). The IPS establishes the investment policies and objectives for the Plan.
- Provide discretionary investment advice to the Plan Sponsor with respect to the selection of a qualified default investment alternative for participants who are automatically enrolled in the Plan or who have otherwise failed to make investment elections. The Client retains the sole responsibility to provide all notices to the Plan participants required under ERISA Section 404(c) (5).

2. Non-fiduciary Services are:

- Assist in the education of Plan participants about general investment information and the investment alternatives available to them under the Plan. Client understands Fortify Wealth’s assistance in education of the Plan participants shall be consistent with and within the scope of the Department of Labor’s definition of investment education (Department of Labor Interpretive Bulletin 96-1). As such, Fortify Wealth is not providing fiduciary advice as defined by ERISA to the Plan participants. Fortify Wealth will not provide investment advice concerning the prudence of any investment option or combination of investment options for a particular participant or beneficiary under the Plan.
- Assist in the group enrollment meetings designed to increase retirement plan participation among the employees and investment and financial understanding by the employees.

Fortify Wealth may provide these services or, alternatively, may arrange for the Plan’s other providers to offer these services, as agreed upon between Fortify Wealth and Client.

3. Fortify Wealth has no responsibility to provide services related to the following types of assets (“Excluded Assets”):

- Employer securities;
- Real estate (except for real estate funds or publicly traded REITs);
- Stock brokerage accounts or mutual fund windows;
- Participant loans;
- Non-publicly traded partnership interests;
- Other non-publicly traded securities or property (other than collective trusts and similar vehicles); or
- Other hard-to-value or illiquid securities or property.

Excluded Assets will **not** be included in calculation of Fees paid to the Adviser on the ERISA Agreement. Specific services will be outlined in detail to each plan in the 408(b)2 disclosure.

SEMINARS AND WORKSHOPS

Fortify Wealth holds seminars and workshops to educate the public on different types of investments and the different services they offer. The seminars are educational in nature and no specific investment or tax advice is given.

Client Tailored Services and Client Imposed Restrictions

The goals and objectives for each Client are documented in our Client files. Investment strategies are created that reflect the stated goals and objectives. Clients may impose restrictions on investing in certain securities or types of securities.

Agreements may not be assigned without written Client consent.

Wrap Fee Programs

Fortify Wealth does not sponsor any wrap fee programs.

Client Assets under Management

As of December 31, 2020, Fortify Wealth has \$136,531,557 in discretionary assets under management.

Item 5: Fees and Compensation

Method of Compensation and Fee Schedule**ASSET MANAGEMENT**

Fortify Wealth offers discretionary direct asset management services to advisory Clients. Fortify Wealth charges an annual investment advisory fee based on the total assets under management as follows:

From	To	Annual Fee	Quarterly Fee
\$0	\$2 MM	1.00%	0.25%
\$2 MM	\$3 MM	0.85%	0.2125%
\$3 MM	\$5 MM	0.60%	0.15%
\$5 MM	\$10 MM	0.50%	0.125%
\$10 MM	\$20 MM	0.40%	0.10%
\$20 MM	\$30 MM	0.35%	0.0875%
\$30 MM	\$50 MM	0.30%	0.075%
\$50 MM	+	0.25%	0.0625%

This is a blended fee schedule, the asset management fee is calculated by applying different rates to different portions of the portfolio. Fortify Wealth may group certain related Client accounts for the purposes of achieving the minimum account size and determining the annualized fee.

For example, a Client with \$3,000,000 under management would pay \$28,500 on an annual basis.

First \$2,000,000 x .01 = \$20,000

Next \$1,000,000 x .0085 = \$8,500

Fortify Wealth has a minimum annual fee for assets under management of \$10,000. Accounts with values that would make the minimum annual fee exceed the safe harbor limits will be charged no more than 1.50% annually.

The annual fee may be negotiable based upon certain criteria (e.g., historical relationship, type of assets, anticipated future earning capacity, anticipated future additional assets, dollar amounts of assets to be managed, related accounts, account composition, negotiations with Clients, etc.). Fees are billed quarterly in advance based on the amount of

assets managed as of the close of business on the last business day of the previous quarter. Lower fees for comparable services may be available from other sources. Clients may terminate their account within five (5) business days of signing the Investment Advisory Agreement with no obligation and without penalty. Clients may terminate advisory services with thirty (30) days written notice. For accounts opened or closed mid-billing period, unearned fees will be refunded to the Client. Client shall be given thirty (30) days prior written notice of any increase in fees. Any increase in fees will be acknowledged in writing by both parties before any increase in said fees occurs.

For fees that are directly deducted from the account by the custodian:

- Fortify Wealth will provide the Client with an invoice concurrent to instructing the custodian to deduct the fee stating the amount of the fee, the formula used to calculate the fee, the amount of assets under management the fee is based on and the time period covered by the fee;
- Fortify Wealth will obtain written authorization signed by the Client allowing the fees to be deducted; and
- The Client will receive quarterly statements directly from the custodian which discloses the fees deducted.

VARIABLE ANNUITY AND VARIABLE LIFE MANAGEMENT

The fees for these services will be based on a percentage of Assets Under Management according to the fee schedule above. Fees will be disclosed prior to client signing the Investment Advisory Agreement.

Fortify Wealth's fees are billed quarterly in advance based on the amount of assets managed as of the close of business on the last business day of the previous quarter. Quarterly advisory fees will be paid in the following ways:

- a) deducting from client's account

For clients under age of 59 ½

- b) deducted from a non-qualified client's account held with Fortify Wealth
- c) direct billing to the client payable within 10 days of invoice presentation

The annual fee may be negotiable. Accounts within the same household may be combined for a reduced fee. Lower fees for comparable services may be available from other sources. Clients may terminate their account within five (5) business days of signing the Investment Advisory Agreement with no obligation and without penalty. Clients may terminate advisory services with thirty (30) days written notice. Client will be entitled to a pro rata refund for the days service was not provided in the final billing period. Client shall be given thirty (30) days prior written notice of any increase in fees, and client will acknowledge, in writing, any agreement of increase in said fees.

FINANCIAL PLANNING AND CONSULTING

Fees for financial planning and consulting are typically based on an hourly fee or fixed fee based on the background, experience and education of the advisor and the complexity of the engagement.

HOURLY FEES

Financial Planning Services are offered based on an hourly fee of \$250-\$350 per hour.

FIXED FEES

Financial Planning Services are offered based on a flat fee of between \$2,000 and \$10,000.

Fees for financial plans are due half upon commencement of the plan with the remainder due upon delivery of the completed plan.

Client may cancel within five (5) business days of signing Agreement with no obligation and without penalty. If the Client cancels after five (5) business days, any unearned fees will be refunded to the Client, or any unpaid earned fees will be due to Fortify Wealth.

Fortify Wealth reserves the right to waive all or a portion of the financial planning fee at its discretion.

ERISA PLAN SERVICES

The annual fees are based on the market value of the Included Assets and will not exceed 1%. The annual fee is negotiable and may be charged as a percentage of the Included Assets or as a flat fee. Fees may be charged quarterly or monthly in arrears or in advance based on the assets as calculated by the custodian or record keeper of the Included Assets (without adjustments for anticipated withdrawals by Plan participants or other anticipated or scheduled transfers or distribution of assets). If the services to be provided start any time other than the first day of a quarter or month, the fee will be prorated based on the number of days remaining in the quarter or month. If this Agreement is terminated prior to the end of the billing cycle, Fortify Wealth shall be entitled to a prorated fee based on the number of days during the fee period services were provided or Client will be due a prorated refund of fees for days services were not provided in the billing cycle.

The fee schedule, which includes compensation of Fortify Wealth for the services is described in detail in Schedule A of the ERISA Plan Agreement. The Plan is obligated to pay the fees, however the Plan Sponsor may elect to pay the fees. Client may elect to be billed directly or have fees deducted from Plan Assets. Fortify Wealth does not reasonably expect to receive any additional compensation, directly or indirectly, for its services under this Agreement. If additional compensation is received, Fortify Wealth will disclose this compensation, the services rendered, and the payer of compensation. Fortify Wealth will offset the compensation against the fees agreed upon under the Agreement.

SEMINARS AND WORKSHOPS

Fortify Wealth does not charge a fee for attendance to these seminars.

Client Payment of Fees

Investment management fees are billed quarterly in advance, meaning that we invoice you before the billing period. Fees are usually deducted from a designated Client account to facilitate billing. The Client must consent in advance to direct debiting of their investment account.

Fees for financial plans are billed half upon commencement of the plan with the remainder due upon plan delivery.

Fees for ERISA 3(21) and/or 3(38) services are billed according to the plan administrator.

Fortify Wealth, in its sole discretion, may waive its minimum fee and/or charge a lesser investment advisory fee based upon certain criteria (e.g., historical relationship, type of assets, anticipated future earning capacity, anticipated future additional assets, dollar amounts of assets to be managed, related accounts, account composition, negotiations with Clients, etc.).

Additional Client Fees Charged

Custodians may charge transaction fees on purchases or sales of certain mutual funds, equities, and exchange-traded funds. These charges may include mutual fund transaction fees, postage and handling and miscellaneous fees.

For more details on the brokerage practices, see Item 12 of this brochure.

Prepayment of Client Fees

Investment management fees are billed quarterly in advance.

Fees for financial plans are due half upon commencement of the plan with the remainder due upon delivery of the plan.

Fees for ERISA 3(21) and/or 3(38) services may be billed in advance.

If the Client cancels after five (5) business days, any unearned fees will be refunded to the Client, or any unpaid earned fees will be due to Fortify Wealth.

External Compensation for the Sale of Securities to Clients

Fortify Wealth does not receive any external compensation for the sale of securities to Clients, nor do any of the investment advisor representatives of Fortify Wealth.

Item 6: Performance-Based Fees and Side-by-Side Management

Sharing of Capital Gains

Fees are not based on a share of the capital gains or capital appreciation of managed securities.

Fortify Wealth does not use a performance-based fee structure because of the conflict of interest. Performance based compensation may create an incentive for Fortify Wealth to recommend an investment that may carry a higher degree of risk to the Client.

Item 7: Types of Clients

Description

Fortify Wealth generally provides investment advice to high net worth individuals, corporations or business entities.

Client relationships vary in scope and length of service.

Account Minimums

Fortify Wealth requires a minimum of \$1,000,000 to open an account. In certain instances, the minimum account size may be lowered or waived.

Item 8: Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

Investment Strategies

Fortify Wealth utilizes its proprietary research methodology to create a diversified “Approved List” and Investment Models to develop portfolios tailored to each client’s needs. We incorporate data from several sources including Morningstar. Assets are allocated among various asset classes and rebalanced periodically to provide risk management.

General Asset Allocation

Fortify Wealth’s core investment philosophy includes a specific asset allocation strategy combined with the disciplined portfolio rebalancing. Asset allocation decisions are the single most important element in constructing an investment portfolio, outweighing specific investment selection, market timing or the decision to use active versus passive investment styles. Client portfolios are built with a long-term perspective and incorporate periodic, disciplined rebalancing to a predetermined allocation benchmark to help manage risk.

Fortify Wealth uses a combination of historical market-based index return data and capital market assumptions and expected returns projections to formulate asset allocation models. Our investment professional use data and projections provided by industry software and sources (e.g. eMoney, Morningstar, Schwab’s Portfolio Center), as well as our own proprietary analysis to facilitate our asset allocation process. The specific circumstances of each client, including spending needs, liquidity concerns, applicable taxes, inflation and risk tolerance are taken into consideration when recommending an asset allocation model. Once an individualized asset allocation is created, the investment advisor implements the necessary changes to comply with the asset allocation and rebalances periodically to remain in compliance with the allocation model. The specific investments are typically chosen from Fortify Wealth’s list of preferred fund managers, and other select securities deemed appropriate for a specific client.

Manager Selection Process

Fortify Wealth’s preferred fund manager selection process begins with all fund managers in a specific investment style (e.g. growth or value) as determined by Morningstar. The Chief Investment Officer reviews a number of characteristics of each manager, including years of experience, expense ratio, risk adjusted returns, and other proprietary factors. Funds that meet due diligence metrics may be approved and added to the preferred list.

As part of the continuous evaluation process, a fund may be placed on a “Watch List” or “Sell List” based on criteria used during the initial review. Those factors include, among other things, changes in the fund’s ownership or ownership structure, Changes in the portfolio management team, style drift or deviation from the stated investment process or benchmark, or a change in the expense structure of a fund.

Investment Strategy

The investment strategy for a specific Client is based upon the objectives stated by the Client during consultations. The Client may change these objectives at any time by providing written notice to Fortify Wealth. Each Client executes a Client profile form or similar form that documents their objectives and their desired investment strategy.

Other strategies may include long-term purchases.

Security Specific Material Risks

All investment programs have certain risks that are borne by the investor. Our investment approach constantly keeps the risk of loss in mind. Investors face the following investment risks and should discuss these risks with Fortify Wealth:

- *Market Risk:* The prices of securities held by mutual funds in which Clients invest may decline in response to certain events taking place around the world, including those directly involving the companies whose securities are owned by a fund; conditions affecting the general economy; overall market changes; local, regional or global political, social or economic instability; and currency, interest rate and commodity price fluctuations. Investors should have a long-term perspective and be able to tolerate potentially sharp declines in market value.
- *Interest-rate Risk:* Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, yields on existing bonds become less attractive, causing their market values to decline.
- *Inflation Risk:* When any type of inflation is present, a dollar today will buy more than a dollar next year, because purchasing power is eroding at the rate of inflation.
- *Reinvestment Risk:* This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e. interest rate). This primarily relates to fixed income securities.
- *Liquidity Risk:* Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are interested in a standardized product. For example, Treasury Bills are highly liquid, while real estate properties are not.
- *Management Risk:* The advisor's investment approach may fail to produce the intended results. If the advisor's assumptions regarding the performance of a specific asset class or fund are not realized in the expected time frame, the overall performance of the Client's portfolio may suffer.
- *Equity Risk:* Equity securities tend to be more volatile than other investment choices. The value of an individual mutual fund or ETF can be more volatile than the market as a whole. This volatility affects the value of the Client's overall portfolio. Small- and mid-cap companies are subject to additional risks. Smaller companies may experience greater volatility, higher failure rates, more limited markets, product lines, financial resources, and less management experience than larger companies. Smaller companies may also have a lower trading volume, which may disproportionately affect their market price, tending to make them fall more in response to selling pressure than is the case with larger companies.
- *Fixed Income Risk:* The issuer of a fixed income security may not be able to make interest and principal payments when due. Generally, the lower the credit rating of a security, the greater the risk that the issuer will default on its obligation. If a rating agency gives a debt security a lower rating, the value of the debt security will decline because investors will demand a higher rate of return. As nominal interest

rates rise, the value of fixed income securities held by a fund is likely to decrease. A nominal interest rate is the sum of a real interest rate and an expected inflation rate.

- *Investment Companies Risk:* When a Client invests in open end mutual funds or ETFs, the Client indirectly bears their proportionate share of any fees and expenses payable directly by those funds. Therefore, the Client will incur higher expenses, which may be duplicative. In addition, the Client's overall portfolio may be affected by losses of an underlying fund and the level of risk arising from the investment practices of an underlying fund (such as the use of derivatives). ETFs are also subject to the following risks: (i) an ETF's shares may trade at a market price that is above or below their net asset value or (ii) trading of an ETF's shares may be halted if the listing exchange's officials deem such action appropriate, the shares are delisted from the exchange, or the activation of market-wide "circuit breakers" (which are tied to large decreases in stock prices) halts stock trading generally. Adviser has no control over the risks taken by the underlying funds in which Client invests.
- *REIT Risk:* To the extent that a Client invests in REITs, it is subject to risks generally associated with investing in real estate, such as (i) possible declines in the value of real estate, (ii) adverse general and local economic conditions, (iii) possible lack of availability of mortgage funds, (iv) changes in interest rates, and (v) environmental problems. In addition, REITs are subject to certain other risks related specifically to their structure and focus such as: dependency upon management skills; limited diversification; the risks of locating and managing financing for projects; heavy cash flow dependency; possible default by borrowers; the costs and potential losses of self-liquidation of one or more holdings; the possibility of failing to maintain exemptions from securities registration; and, in many cases, relatively small market capitalization, which may result in less market liquidity and greater price volatility.
- *Derivatives Risk:* Funds in a Client's portfolio may use derivative instruments. The value of these derivative instruments derives from the value of an underlying asset, currency or index. Investments by a fund in such underlying funds may involve the risk that the value of the underlying fund's derivatives may rise or fall more rapidly than other investments, and the risk that an underlying fund may lose more than the amount that it invested in the derivative instrument in the first place. Derivative instruments also involve the risk that other parties to the derivative contract may fail to meet their obligations, which could cause losses.
- *Foreign Securities Risk:* Funds in which Clients invest may invest in foreign securities. Foreign securities are subject to additional risks not typically associated with investments in domestic securities. These risks may include, among others, currency risk, country risks (political, diplomatic, regional conflicts, terrorism, war, social and economic instability, currency devaluations and policies that have the effect of limiting or restricting foreign investment or the movement of assets), different trading practices, less government supervision, less publicly available information, limited trading markets and greater volatility. To the extent that underlying funds invest in issuers located in emerging markets, the risk may be heightened by political changes, changes in taxation, or currency controls that could adversely affect the values of these investments. Emerging markets have been more volatile than the markets of developed countries with more mature economies.

- *Long-term purchases:* Long-term investments are those vehicles purchased with the intention of being held for more than one year. Typically the expectation of the investment is to increase in value so that it can eventually be sold for a profit. In addition, there may be an expectation for the investment to provide income. One of the biggest risks associated with long-term investments is volatility, the fluctuations in the financial markets that can cause investments to lose value.
- *Trading risk:* Investing involves risk, including possible loss of principal. There is no assurance that the investment objective of any fund or investment will be achieved.
- *Private Equity/Placement Risk:* Because offerings are exempt from registration requirements, no regulator has reviewed the offerings to make sure the risks associated with the investment and all material facts about the entity raising money are adequately disclosed. Securities offered through private placements are generally illiquid, meaning there are limited opportunities to resell the security. Risk of the underlying investment may be significantly higher than publicly traded investments.

The specific risks associated with financial planning include:

- Risk of Loss
 - Client fails to follow the recommendations of Fortify Wealth resulting in loss
 - Client has changes in financial status or lifestyle and therefore plan recommendations are no longer valid.
 - Client fails to provide appropriate information/documentation for Fortify Wealth to create a financial plan/consultation in a timely manner.

Item 9: Disciplinary Information

Criminal or Civil Actions

Fortify Wealth and its management have not been involved in any criminal or civil action.

Administrative Enforcement Proceedings

Fortify Wealth and its management have not been involved in administrative enforcement proceedings.

Self-Regulatory Organization Enforcement Proceedings

Fortify Wealth and its management have not been involved in legal or disciplinary events that are material to a Client's or prospective Client's evaluation of Fortify Wealth or the integrity of its management.

Item 10: Other Financial Industry Activities and Affiliations

Broker-Dealer or Representative Registration

Fortify Wealth is not registered as a broker-dealer and no affiliated representatives of Fortify Wealth are registered representatives of a broker-dealer.

Futures or Commodity Registration

Neither Fortify Wealth nor its affiliated representatives are registered or have an application pending to register as a futures commission merchant, commodity pool operator, or a commodity trading advisor.

Material Relationships Maintained by this Advisory Business and Conflicts of Interest

Investment Advisor Representatives of Fortify Wealth are also licensed insurance agents. 25% or less of their time is spent on these practices. From time to time, they will offer clients services from those activities.

These practices represent conflicts of interest because it gives an incentive to recommend products based on the commission amount received. This conflict is mitigated by disclosures, procedures and the firm's fiduciary obligation to place the best interest of the Client first and the Clients are not required to purchase any products. Clients have the option to purchase these products through another insurance agent of their choosing.

Recommendations or Selections of Other Investment Advisors and Conflicts of Interest

Fortify Wealth does not select or recommend other investment advisors.

Item 11: Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Code of Ethics Description

The affiliated persons (affiliated persons include employees and/or independent contractors) of Fortify Wealth have committed to a Code of Ethics ("Code"). The purpose of our Code is to set forth standards of conduct expected of Fortify Wealth affiliated persons and addresses conflicts that may arise. The Code defines acceptable behavior for affiliated persons of Fortify Wealth. The Code reflects Fortify Wealth and its supervised persons' responsibility to act in the best interest of their Client.

One area which the Code addresses is when affiliated persons buy or sell securities for their personal accounts and how to mitigate any conflict of interest with our Clients. We do not allow any affiliated persons to use non-public material information for their personal profit or to use internal research for their personal benefit in conflict with the benefit to our Clients.

Fortify Wealth's policy prohibits any person from acting upon or otherwise misusing non-public or inside information. No advisory representative or other affiliated person, officer or director of Fortify Wealth may recommend any transaction in a security or its derivative to advisory Clients or engage in personal securities transactions for a security or its derivatives if the advisory representative possesses material, non-public information regarding the security.

Fortify Wealth's Code is based on the guiding principle that the interests of the Client are our top priority. Fortify Wealth's officers, directors, advisors, and other affiliated persons have a fiduciary duty to our Clients and must diligently perform that duty to maintain the complete trust and confidence of our Clients. When a conflict arises, it is our obligation to put the Client's interests over the interests of either affiliated persons or the company.

The Code applies to "access" persons. "Access" persons are affiliated persons who have access to non-public information regarding any Clients' purchase or sale of securities, or non-public information regarding the portfolio holdings of any reportable fund, who are involved in making securities recommendations to Clients, or who have access to such recommendations that are non-public.

Fortify Wealth will provide a copy of the Code of Ethics to any Client or prospective Client upon request.

Investment Recommendations Involving a Material Financial Interest and Conflict of Interest

Fortify Wealth and its affiliated persons do not recommend to Clients securities in which we have a material financial interest.

Advisory Firm Purchase of Same Securities Recommended to Clients and Conflicts of Interest

Fortify Wealth and its affiliated persons may buy or sell securities that are also held by Clients. In order to mitigate conflicts of interest such as trading ahead of Client transactions, affiliated persons are required to disclose all reportable securities transactions as well as provide Fortify Wealth with copies of their brokerage statements.

The Chief Compliance Officer of Fortify Wealth is Zachary Wagganer. He reviews all trades of the affiliated persons each quarter. The personal trading reviews ensure that the personal trading of affiliated persons does not affect the markets and that Clients of the firm receive preferential treatment over associated persons' transactions.

Client Securities Recommendations or Trades and Concurrent Advisory Firm Securities Transactions and Conflicts of Interest

Fortify Wealth does not maintain a firm proprietary trading account and does not have a material financial interest in any securities being recommended and therefore no conflicts of interest exist. However, affiliated persons may buy or sell securities at the same time they buy or sell securities for Clients. In order to mitigate conflicts of interest such as front running, affiliated persons are required to disclose all reportable securities transactions as well as provide Fortify Wealth with copies of their brokerage statements.

The Chief Compliance Officer of Fortify Wealth is Zachary Wagganer. He reviews all employee trades each quarter. The personal trading reviews ensure that the personal trading of affiliated persons does not affect the markets and that Clients of the firm receive preferential treatment over associated persons' transactions.

Item 12: Brokerage Practices

Factors Used to Select Broker-Dealers for Client Transactions

Fortify Wealth may recommend the use of a particular broker-dealer or may utilize a broker-dealer of the Client's choosing. Fortify Wealth will select appropriate brokers based on a number of factors including but not limited to their relatively low transaction fees and reporting ability. Fortify Wealth relies on its broker to provide its execution services at the best prices available. Lower fees for comparable services may be available from other sources. Clients pay for any and all custodial fees in addition to the advisory fee charged by Fortify Wealth.

- *Directed Brokerage*

In circumstances where a Client directs Fortify Wealth to use a certain broker-dealer, Fortify Wealth still has a fiduciary duty to its Clients. The following may apply with Directed Brokerage: Fortify Wealth's inability to negotiate commissions,

to obtain volume discounts, there may be a disparity in commission charges among Clients and conflicts of interest arising from brokerage firm referrals.

- *Best Execution*

Investment advisors who manage or supervise Client portfolios have a fiduciary obligation of best execution. The determination of what may constitute best execution and price in the execution of a securities transaction by a broker involves a number of considerations and is subjective. Factors affecting brokerage selection include the overall direct net economic result to the portfolios, the efficiency with which the transaction is effected, the ability to affect the transaction where a large block is involved, the operational facilities of the broker-dealer, the value of an ongoing relationship with such broker and the financial strength and stability of the broker. The firm does not receive any portion of the trading fees.

- *Soft Dollar Arrangements*

The Securities and Exchange Commission defines soft dollar practices as arrangement under which products or services other than execution services are obtained by Fortify Wealth from or through a broker-dealer in exchange for directing Client transactions to the broker-dealer. As permitted by Section 28(e) of the Securities Exchange Act of 1934, Fortify Wealth receives economic benefits as a result of commissions generated from securities transactions by the broker-dealer from the accounts of Fortify Wealth. These benefits include both proprietary research from the broker and other research written by third parties.

A conflict of interest exists when Fortify Wealth receives soft dollars. This conflict is mitigated by the fact that Fortify Wealth has a fiduciary responsibility to act in the best interest of its Clients and the services received are beneficial to all Clients.

Fortify Wealth utilizes the services of custodial broker dealers. Economic benefits are received by Fortify Wealth which would not be received if Fortify Wealth did not give investment advice to Clients. These benefits include: A dedicated trading desk, a dedicated service group and an account services manager dedicated to Fortify Wealth's accounts, ability to conduct "block" Client trades, electronic download of trades, balances and positions, duplicate and batched Client statements, and the ability to have advisory fees directly deducted from Client accounts.

Aggregating Securities Transactions for Client Accounts

Fortify Wealth manages each account separately, and therefore, does not aggregate purchases and sales and other transactions. If orders are not aggregated, some Clients purchasing securities around the same time may receive a less favorable price than other Clients which may cost Clients more money.

Item 13: Review of Accounts

Schedule for Periodic Review of Client Accounts or Financial Plans and Advisory Persons Involved

Account reviews are performed quarterly by the Chief Compliance Officer of Fortify Wealth. Account reviews are performed more frequently when market conditions dictate. Financial plans generated are updated as requested by the Client and pursuant to a new or amended agreement, Fortify Wealth suggests updating at least annually.

Review of Client Accounts on Non-Periodic Basis

Other conditions that may trigger a review of Clients' accounts are changes in the tax laws, new investment information, and changes in a Client's own situation.

Content of Client Provided Reports and Frequency

Clients receive written account statements no less than quarterly for managed accounts. Account statements are issued by Fortify Wealth's custodian. Client receives confirmations of each transaction in account from Custodian and an additional statement during any month in which a transaction occurs.

Item 14: Client Referrals and Other Compensation

Economic Benefits Provided to the Advisory Firm from External Sources and Conflicts of Interest

Fortify Wealth does not receive any economic benefits from external sources.

Advisory Firm Payments for Client Referrals

Fortify Wealth does not compensate for Client referrals.

Item 15: Custody

Account Statements

All assets are held at qualified custodians, which means the custodians provide account statements directly to Clients at their address of record at least quarterly. Clients are urged to compare the account statements received directly from their custodians to any documentation or reports prepared by Fortify Wealth.

Fortify Wealth is deemed to have constructive custody solely because advisory fees are directly deducted from Client's accounts by the custodian on behalf of Fortify Wealth.

Item 16: Investment Discretion

Discretionary Authority for Trading

Fortify Wealth requires discretionary authority to manage securities accounts on behalf of Clients. Fortify Wealth has the authority to determine, without obtaining specific Client consent, the securities to be bought or sold, and the amount of the securities to be bought or sold.

Fortify Wealth allows Clients to place certain restrictions, as outlined in the Client's Investment Policy Statement or similar documents. Such restrictions could include only allowing purchases of socially conscious investments. These restrictions must be provided to Fortify Wealth in writing.

The Client approves the custodian to be used and the commission rates paid to the custodian. Fortify Wealth does not receive any portion of the transaction fees or commissions paid by the Client to the custodian.

Item 17: Voting Client Securities

Proxy Votes

Fortify Wealth does not vote proxies on securities. Clients are expected to vote their own proxies. The Client will receive their proxies directly from the custodian of their account or from a transfer agent.

When assistance on voting proxies is requested, Fortify Wealth will provide recommendations to the Client. If a conflict of interest exists, it will be disclosed to the Client.

Item 18: Financial Information

Balance Sheet

A balance sheet is not required to be provided because Fortify Wealth does not serve as a custodian for Client funds or securities and Fortify Wealth does not require prepayment of fees of more than \$500 per Client and six months or more in advance.

Financial Conditions Reasonably Likely to Impair Advisory Firm's Ability to Meet Commitments to Clients

Fortify Wealth has no condition that is reasonably likely to impair our ability to meet contractual commitments to our Clients.

Bankruptcy Petitions during the Past Ten Years

Neither Fortify Wealth nor its management has had any bankruptcy petitions in the last ten years.
