Item 2 – Material Changes

Form ADV 2 is divided into two parts: *Part 2A (the "Disclosure Brochure")* and *Part 2B (the "Brochure Supplement")*. The Disclosure Brochure provides information about a variety of topics relating to an Advisor's business practices and conflicts of interest. The Brochure Supplement provides information about the Advisory Persons of Naviter.

Naviter believes that communication and transparency are the foundation of its relationship with clients and will continually strive to provide you with complete and accurate information at all times. Naviter encourages all current and prospective clients to read this Disclosure Brochure and discuss any questions you may have with the Advisor.

Material Changes

The following material changes have been made to this Disclosure Brochure since the last filing and distribution to Clients:

- The Advisor has amended certain disclosures with regards to investment management services, fees and aggregation of trades to ensure consistency with business practices. Please see Items 4, 5 and 12 for additional information.
- Effective March 30, 2021, the Advisor appointed Bentley E. Blackmon as the Chief Executive Officer.
- The Advisor has updated the wealth management services to include the recommendation of unaffiliated private investments to qualified clients. Please see Items 4, 5, and 14 for additional information.

Future Changes

From time to time, the Advisor may amend this Disclosure Brochure to reflect changes in business practices, changes in regulations or routine annual updates as required by the securities regulators. This complete Disclosure Brochure or a Summary of Material Changes shall be provided to you annually and if a material change occurs.

At any time, you may view the current Disclosure Brochure on-line at the SEC's Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 311508. You may also request a copy of this Disclosure Brochure at any time by contacting the Advisor at (501) 333-9800.

Item 4 – Advisory Services

A. Firm Information

Naviter Wealth, LLC (“Naviter” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor is organized as a Limited Liability Company (LLC) under the laws of the State of Delaware. Naviter was founded in November 2020 and is 100% owned by Naviter Holdings, LLC. This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Naviter.

Naviter is operated by Bentley E. Blackmon (Chief Executive Officer), Lyndell (Phillip) Worthen (President), Daniel Russell (Chief Compliance Officer), John Kornet (Chief Investment Officer) and Jordan Bauer (Chief Operating Officer).

B. Advisory Services Offered

Naviter offers investment advisory services to individuals, high net worth individuals, trusts, estates, businesses, and retirement plans (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Naviter's fiduciary commitment is further described in the Advisor's Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Wealth Management Services

Naviter provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing financial planning, discretionary investment management and related advisory services. Naviter works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to design a portfolio strategy.

Financial Planning Services – Naviter will typically provide a variety of financial planning and consulting services to Clients, as a component of its wealth management services. Services are offered in several areas of a Client's financial situation, depending on their goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, insurance needs and other areas of a Client's financial situation. Naviter may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Investment Management Services – Naviter provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. Naviter works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy.

Naviter will then construct an investment portfolio utilizing (i) models from the Unified Managed Account (“UMA”) Program offered through Envestnet Asset Management Inc's (“Envestnet”) private wealth management platform, (ii) custom portfolios, or (iii) a combination thereof, based on each Client's needs and objectives.

Naviter Wealth, LLC

1 Information Way, Suite 100, Little Rock, AR 72202

Phone: (501) 333-9800

<https://naviterwealth.com/>

- (i) In the UMA program, the Client is offered a single portfolio that accesses multiple asset managers and investment vehicles, representing various asset classes, and that is customized by the Advisor based on the Client's profile and investment goals. Once the Advisor has established the portfolio for each Client, the Advisor will utilize its discretionary authority to instruct Envestnet to execute trade orders based on the investment strategies contained in the UMA portfolio and provide additional overlay management services. Please see Item 12 – Brokerage Practices for additional information.
- (ii) For custom portfolios, the Advisor will primarily utilize low-cost, diversified exchange-traded funds ("ETFs") and/or individual stocks. In such instances, the Advisor may also utilize mutual funds, bonds, options contracts and or private funds, including direct placement investments, to meet the needs of its Clients. If a Client decides to become a private fund investor, the amount of assets invested in the private fund[s] shall be included as part of "assets under management" for purposes of the Advisor calculating its investment advisory fee. The Advisor's Clients are under no obligation to consider or make an investment in a private fund. Additionally, Naviter may also recommend that Clients engage with various third parties with whom the Client will then enter into an agreement with to gain access to private funds. Naviter will continue to provide oversight of the Clients investment and ongoing monitoring of the activities performed by the third parties. Finally, the Advisor may retain certain types of investments based on a Client's legacy investments based on portfolio fit and/or tax considerations.

Naviter's investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. Naviter will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Naviter evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Naviter may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Naviter may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Naviter may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

Use of Independent Managers – Naviter may also recommend that a Client utilize one or more unaffiliated investment managers or investment platforms (collectively "Independent Managers") for all or a portion of a Client's investment portfolio. In such instances, the Client may be required to authorize and enter into an advisory agreement with the Independent Manager[s] that defines the terms in which the Independent Manager[s] will provide investment management and related services. The Advisor may also assist in the development of the initial policy recommendations and managing the ongoing Client relationship. The Advisor will perform initial and ongoing oversight and due diligence over the selected Independent Manager[s] to ensure the Independent Managers' strategies and target allocations remain aligned investment objectives and overall best interests. The Client, prior to entering into an agreement with unaffiliated investment manager[s] or investment platform[s], will be provided with the Independent Manager's Form ADV 2A (or a brochure that makes the appropriate disclosures).

At no time will Naviter accept or maintain custody of a Client's funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within the designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. Please see Item 12 – Brokerage Practices.

Retirement Plan Advisory Services

Naviter provides retirement plan advisory services on behalf of the retirement plans (each a "Plan") and the company (the "Plan Sponsor"). The Advisor's retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and its Plan Participants. Each engagement is customized to the needs of the Plan and Plan Sponsor. Services available include:

<https://naviterwealth.com/>

- Vendor Analysis
- Plan Participant Enrollment and Education Tracking
- Investment Policy Statement (“IPS”) Design and Monitoring
- Investment Oversight and/or Management (ERISA 3(21) and 3(38))
- Performance Reporting
- Ongoing Investment Recommendation and Assistance
- ERISA 404(c) Assistance
- Benchmarking Services

These services are provided by Naviter serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of Naviter’s fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

C. Client Account Management

Prior to engaging Naviter to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Naviter, in connection with the Client, will develop a strategy that seeks to achieve the Client’s goals and objectives.
- Asset Allocation – Naviter will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Naviter will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Naviter will provide investment management and ongoing oversight of the Client’s investment portfolio.

D. Wrap Fee Programs

Naviter does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by Naviter.

E. Assets Under Management

As of July 7, 2021, the Advisor manages \$521,711,000 in Client assets, all of which are managed on a discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one or more written agreements with the Advisor.

A. Fees for Advisory Services

Wealth Management Services

Wealth management fees are paid quarterly, in advance of each quarter, pursuant to the terms of the wealth management agreement. Wealth management fees are based on the market value of assets under management at the end of the prior quarter.

Wealth management fees are based on the following schedule:

Assets Under Management (\$)	Annual Rate (%)
First \$25,000,000	0.85%
Next \$25,000,000	0.40%
Next \$50,000,000	0.25%
Over \$100,000,000	0.20%

The wealth management fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Naviter will be independently valued by the Custodian. Naviter will not have the authority or responsibility to value portfolio securities.

Clients may make additions to and withdrawals from their account[s] at any time. However, reconciliations are performed on a quarterly basis to capture if, in any given day, assets in excess of \$100,000 are deposited into or withdrawn from an account after the start of the quarterly billing period. An adjustment will be made in the form of a credit or debit the following billing period to reflect the interim change in portfolio value from the date of the deposit/withdrawal until the end of the quarter.

The Advisor's fee is exclusive of, and in addition to any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5.C below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

As noted above, the Advisor may also provide investment advisory services with respect to Private Funds, including but not limited to Private Funds offered through various third parties, which are not held at the primary custodian. In such instances, the Client shall be required to complete the applicable private placement and/or account opening documents to establish these investments. The Advisor will debit its fee for providing investment advisory services with respect to these relationships directly from an account designated by the Client held at the primary Custodian.

The Advisor will bill on the amount of invested capital into the fund. The Advisor will recalculate the billable value upon a return of capital, including a sale or a refinancing event of Private Funds. Adjustments are reflected in the fee calculations for the next quarterly period. Clients will be provided with additional disclosures including private placement memorandums and subscription agreements. **Please note:** Other than Naviter's fee noted herein, Naviter will not receive any additional fees related to the Private Funds or the Client's engagement with these third-party entities.

Use of Independent Managers

For Clients with accounts[s] allocated to an Independent Manager, the Client's overall fee will be deducted from the Client's account[s] with the respective Independent Manager and a portion of the fee will be provided to Naviter based on Naviter's agreement with the Client. Naviter is responsible for negotiating the fees with the Independent Manager on behalf of the Client. Naviter does not receive any compensation or fees from the Independent Manager.

Retirement Plan Advisory Services

Fees for retirement plan advisory services are charged either an annual asset-based fee of up to 0.85% based on the market value of assets under management at the end of the quarter or an annual fixed fee. Retirement plan advisory fees are billed quarterly either in advance or arrears. Fees may be negotiable depending on the size and complexity of the Plan.

B. Fee Billing

Wealth Management Services

Wealth management fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the quarter. The amount due is calculated by applying the quarterly

Phone: (501) 333-9800

<https://naviterwealth.com/>

rate (annual rate divided by 4) to the total assets under management with Naviter at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the wealth management fee. Clients are urged to also review and compare the statement provided by the Advisor to the brokerage statement from the Custodian, as the Custodian does not perform a verification of fees. Clients provide written authorization permitting advisory fees to be deducted by Naviter to be paid directly from their account[s] held by the Custodian as part of the wealth management agreement and separate account forms provided by the Custodian.

Use of Independent Managers

For Clients referred by the Advisor to an Independent Manager, the Client's fee will be deducted from the Client's account[s] with the respective Independent Manager and a portion of the wealth management fee may be provided to Naviter.

Retirement Plan Advisory Services

Retirement plan advisory fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Naviter, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian, as applicable. The Advisor's recommended Custodian does not charge securities transaction fees for ETF and equity trades in a Client's account, provided that the account meets the terms and conditions of the Custodian's brokerage requirements. However, the Custodian typically charges for mutual funds and other types of investments. The fees charged by Naviter are separate and distinct from these custody and execution fees.

In addition, all fees paid to Naviter for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Naviter, but would not receive the services provided by Naviter which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Naviter to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Wealth Management Services

Naviter may be compensated for its wealth management services in advance of the quarter in which services are rendered. Either party may terminate the wealth management agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the wealth management agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid wealth management fees from the effective date of termination to the end of the quarter. The Client's wealth management agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with the Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and that Independent Manager. Naviter will assist the Client with the termination and transition as appropriate.

Retirement Plan Advisory Services

Naviter may be compensated in advance of the quarter in which retirement plan advisory services are rendered. Either party may terminate the retirement plan advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the retirement plan advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Advisor will refund any unearned, prepaid retirement plan advisory fees from the effective date of termination to the end of the quarter. The Client's retirement plan advisory agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Naviter does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Broker-Dealer Affiliations

One of our Advisory Persons is also a registered representative of Purshe Kaplan Sterling Investments, Inc. ("PKS"). PKS is a registered broker-dealer (CRD No. 6627), member FINRA, SIPC. In one's separate capacity as a registered representative of PKS, an Advisory Person may implement securities transactions under PKS and not through Naviter. In such instances, Advisory Persons will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by an Advisory Person in one's capacity as a registered representative is separate and in addition to Naviter's advisory fees. This practice presents a conflict of interest because the Advisory Person who is a registered representative has an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on the Client. Clients are not obligated to implement any recommendation provided by the Advisor nor Advisory Persons. Neither the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any products or services implemented in the Advisory Person's separate capacity as a registered representative. Please see Item 10 – Other Financial Industry Activities and Affiliations.

Insurance Agency Affiliation

Certain Advisory Persons are licensed as independent insurance agents. As an insurance professional, Advisory Persons earn commission-based compensation for selling insurance products, including insurance products sold to Clients. Insurance commissions earned by Advisory Persons are separate and in addition to Naviter's advisory fees. This practice presents a conflict of interest because the person providing investment advice on behalf of the Advisor who is also an insurance agent has an incentive to recommend insurance products to Clients for the purpose of generating commissions rather than solely based on Client needs. However, Clients are under no obligation to purchase insurance products through any Advisory Person affiliated with the Advisor. Please see Item 10 – Other Financial Industry Activities and Affiliations.

Item 6 – Performance-Based Fees and Side-By-Side Management

Naviter may receive a performance fee based upon any gains obtained in the accounts of "Qualified Clients", as defined below, pursuant to the terms of the wealth management agreement, or in accordance with the governing documents for an investment vehicle managed by Naviter. Only Qualified Clients will be charged a performance fee. Qualified Clients that are charged a performance fee may be charged a lower wealth management fee. The performance fee will be calculated at the close of each calendar year and deducted from Client's account[s] at the Custodian. The performance fee will be up to 25% of any gains (both realized and unrealized) in the Client's account[s] for the year. Generally, the Advisor will receive the performance fee only to the extent that there are cumulative gains in the Client's account[s] for the year.

The receipt of a performance fee by certain Clients results in a conflict of interest, where Naviter has the potential for higher compensation from a Client. Naviter may charge a lower wealth management fee to Clients that are charged a Performance Fee.

Who is a “Qualified Client”?

Rule 205-3(d)(1) under the Investment Advisers Act of 1940 defines a “Qualified Client” as a person who is financially sophisticated and meets one or more of the following conditions:

- Client is a natural person who, or a company that, immediately after entering into the contract has at least \$1,000,000 under the management of the Advisor;
- Client is a natural person who, or a company that, immediately prior to entering into the contract has a net worth (together, in the case of a natural person, with assets held jointly with a spouse) of more than \$2,100,000 at the time the contract is entered into.

Item 7 – Types of Clients

Naviter offers investment advisory services to individuals, high net worth individuals, trusts, estates, businesses, and retirement plans. The amount of each type of Client is available on Naviter’s Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. Naviter generally does not impose a minimum relationship size.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Naviter primarily employs fundamental and technical analysis method in developing investment strategies for its Clients. Research and analysis from Naviter are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor’s review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Naviter will be able to accurately predict such a reoccurrence.

As noted above, Naviter generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Naviter will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Naviter may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Naviter will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may

Phone: (501) 333-9800

<https://naviterwealth.com/>

lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment strategies:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond Risks

Bonds are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond, (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) liquidity risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Options Contracts

Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

Alternative Investments (Limited Partnerships)

The performance of alternative investments (limited partnerships) can be volatile and may have limited liquidity. An investor could lose all or a portion of their investment. Such investments often have concentrated positions and investments that may carry higher risks. Client should only have a portion of their assets in these investments.

Real Estate Investment Trusts ("REITs")

Investing in Real Estate Investment Trusts ("REITs") involves certain distinct risks in addition to those risks associated with investing in the real estate industry in general. For Example, equity REITs may be affected by changes in the value of the underlying property owned by the REITs, while mortgage REITs may be affected by the quality of credit extended. REITs are subject to heavy cash flow dependency, default by borrowers and self-liquidation. REITs, especially mortgage REITs, are also subject to interest rate risk (i.e., as interest rates rise, the value of the REIT may decline).

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Naviter or its management persons. Naviter values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor or Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 311508.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliations

As noted in Item 5, an Advisory Person is also a registered representative of PKS. In one's separate capacity as a registered representative, Advisory Persons will receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by an Advisory Person. Neither the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any services implemented in one's separate capacity as a registered representative.

Insurance Agency Affiliation

As noted in Item 5, certain Advisory Persons are licensed as independent insurance agents. Implementations of insurance recommendations are separate and apart from one's role with Naviter. As an insurance professional, Advisory Persons receive customary commissions and other related revenues from the various insurance companies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by an Advisory Person or the Advisor.

Other Registered Investment Advisors

The Advisor maintains an affiliation with various registered investment advisors who are related persons. These registered investment advisors do not present a material conflict with the services provided by the Advisor or its Clients.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Naviter has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with Naviter ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to each Client. Naviter and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of

Naviter Wealth, LLC

Phone: (501) 333-9800

<https://naviterwealth.com/>

Naviter's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (501) 333-9800.

B. Personal Trading with Material Interest

Naviter allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Naviter does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Naviter does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Naviter allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Naviter requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") or delegate. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Naviter allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are traded last, after Client accounts. **At no time will Naviter, or any Supervised Person of Naviter, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Naviter does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Naviter to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, Naviter does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where Naviter does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by Naviter. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. Naviter may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and its reputation and/or the location of the Custodian's offices.

Naviter will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"), a FINRA-registered broker-dealer and member SIPC. Schwab will serve as the Client's "qualified custodian". Naviter maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits. Please see Item 14 – Client Referrals and Other Compensation below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. **Naviter does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the Custodian. Please see Item 14 below.**

2. Brokerage Referrals - Naviter does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a “directed brokerage basis”, where Naviter will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor’s own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client’s account[s]). Naviter will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

For Clients invested in a UMA program, Envestnet’s trading policies are to aggregate transactions in the same security on behalf of more than one Client to facilitate best execution and to possibly reduce the price per share and other costs. Envestnet effects the aggregated transactions in a manner designed to ensure that no participating client is favored over any other client. With respect to the aggregated order, the Client will participate at the average share price for all of the Envestnet transactions in that security on that business day. When possible, securities bought or sold in an aggregated transaction are allocated pro-rata to the participating Client’s accounts in proportion to the size of the orders placed for each account. When Envestnet is unable to fully execute an aggregated order, Envestnet will allocate such transactions on a pro-rata basis or in a manner Envestnet determines in good faith to be a fair and equitable allocation. Supervised Persons accounts and collective investment vehicles in which the Advisor, or its Supervised Persons, might have an interest will be excluded from Envestnet’s aggregate transactions.

For all other Client trades, Naviter does not typically aggregate or “batch” trades. However, the primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Naviter will execute its transactions through the Custodian as authorized by the Client. Naviter will seek to execute securities transactions in a way that does not consistently advantage or disadvantage any particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by the Chief Compliance Officer of Naviter. Formal reviews are generally conducted at least quarterly depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client’s request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client’s financial situation, and/or large deposits or withdrawals in the Client’s account[s]. The Client is encouraged to notify Naviter if changes occur in the Client’s personal financial situation that might adversely affect the Client’s investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

Naviter Wealth, LLC

Phone: (501) 333-9800

<https://naviterwealth.com/>

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Naviter

Naviter is a fee-based advisory firm, that is compensated solely by its Clients and not from any investment product. Naviter does not receive commissions or other compensation from product sponsors, broker-dealers or any un-related third party. Naviter may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Naviter may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

Naviter has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Naviter. As a registered investment advisor participating on the Schwab Advisor Services platform, Naviter receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a conflict of interest since these benefits can influence the Advisor's recommendation of Schwab over a custodian that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and financial support to Naviter that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Additionally, Schwab has agreed to pay for certain services rendered by third parties for which the Advisor would otherwise have to pay. This amount is covered once the value of Client assets in accounts at Schwab reaches a certain size. Clients do not pay more for assets maintained at Schwab as a result of these arrangements. However, the Advisor does benefit from the arrangement because the cost of these services would otherwise be borne directly by the Advisor. Access to these services and financial support creates a financial incentive for the Advisor to recommend Schwab, which results in a conflict of interest. Naviter believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients. Clients should consider these conflicts of interest when selecting a custodian.

B. Client Referrals from Solicitors

Naviter does not engage paid solicitors for Client referrals.

Item 15 – Custody

Naviter does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Naviter to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by Naviter to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

Naviter generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Naviter. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Naviter will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Unless the Client directs otherwise in writing, Naviter is responsible for voting Client proxies. However, assets allocated to Independent Managers shall be voted by the Independent Manager. The Client shall maintain exclusive responsibility for all legal proceedings or other type events pertaining to the account assets, including, but not limited to, class action lawsuits.

Naviter understands its duty to vote Client proxies and to do so in the best interest of its Clients. Furthermore, it is understood that any material conflicts between the Advisor's interests and those of our Clients with regard to proxy voting must be resolved before proxies are voted. Our firm subscribes to a proxy monitor and voting agent service offered by Broadridge Investor Communication Solutions, Inc ("Broadridge"), a third-party, independent proxy advisory firm to vote proxies in order to mitigate risks involved with any conflicts of interest that might otherwise arise in the voting of client proxies. Although Naviter expects to vote proxies according to Broadridge's recommendations, certain issues may need to be considered on a case-by-case basis due to the diverse and continually evolving nature of corporate governance issues. If such cases should arise, then Naviter will devote appropriate time and resources to consider those issues.

Where Naviter is responsible for voting proxies on behalf of a Client, the Client cannot direct the vote on a particular solicitation. The Client can decline to assign proxy voting authority to Naviter during the account opening process. Proxies will then be sent to the address of record by default. In situations where there may be a conflict of interest in the voting of proxies due to business or personal relationships that Naviter maintains with persons having an interest in the outcome of certain votes, Naviter will take appropriate steps, whether by following Broadridge's recommendation or otherwise, to ensure that proxy voting decisions are made in what it believes is in the best interest of its Clients and are not the product of any such conflict.

Item 18 – Financial Information

Neither, nor its management, have any adverse financial situations that would reasonably impair the ability of Naviter to meet all obligations to its Clients. Neither, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. Naviter is not required to deliver a balance sheet along with this Disclosure

Privacy Policy

Effective: July 20, 2021

Our Commitment to You

Naviter Wealth, LLC ("Naviter" or the "Advisor") is committed to safeguarding the use of personal information of our Clients (also referred to as "you" and "your") that we obtain as your Investment Advisor, as described here in our Privacy Policy ("Policy").

Our relationship with you is our most important asset. We understand that you have entrusted us with your private information, and we do everything that we can to maintain that trust. Naviter (also referred to as "we", "our" and "us") protects the security and confidentiality of the personal information we have and implements controls to ensure that such information is used for proper business purposes in connection with the management or servicing of our relationship with you.

Naviter does not sell your non-public personal information to anyone. Nor do we provide such information to others except for discrete and reasonable business purposes in connection with the servicing and management of our relationship with you, as discussed below.

Details of our approach to privacy and how your personal non-public information is collected and used are set forth in this Policy.

Why you need to know?

Registered Investment Advisors ("RIAs") must share some of your personal information in the course of servicing your account. Federal and State laws give you the right to limit some of this sharing and require RIAs to disclose how we collect, share, and protect your personal information.
