Robert T. Sinnaeve

Item 2 – Educational Background and Business Experience

Mr. Sinnaeve joined SS&H Financial Advisors, Inc. (sometimes referred to as SS&H) in 1992, becoming a minority owner in 1999, and becoming the sole owner in 2018.

Mr. Sinnaeve earned a Masters of Business Administration from Wayne State University with a dual concentration in Finance and International Business. He earned his Bachelor of Arts degree in Economics with a minor in Finance from Oakland University, of Rochester Hills, Michigan. Mr. Sinnaeve was awarded the Certified Financial Planner (“CFP”) certification in March 2016. The CFP certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 71,000 individuals have obtained CFP certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- Education – Complete an advanced college-level course of study addressing the financial planning subject areas that Certified Financial Planner Board of Standards, Inc.’s (“CFP Board”) studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor’s Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board’s financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- Examination – Pass the comprehensive CFP Certification Examination. The examination includes case studies and client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real world circumstances;
- Experience – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- Ethics – Agree to be bound by CFP Board’s Standards of Professional Conduct, a set of documents outlining the ethical and practice standards for CFP professionals.

Individuals who become certified must comply with ongoing education and ethics requirements in order to maintain the right to continue to use the CFP designation.

In February 2020 Mr. Sinnaeve was awarded the Accredited Investment Fiduciary® (AIF®) Designation from the Center for Fiduciary Studies. The AIF® Designation signifies specialized

knowledge of fiduciary responsibility and the ability to implement policies and procedures that meet a defined standard of care. The designation is the culmination of a rigorous training program, which includes a comprehensive, closed-book final examination under the supervision of a proctor, and agreement to abide by the Center's Code of Ethics and Conduct Standards. On an ongoing basis, completion of continuing education and adherence to the Code of Ethics and Conduct Standards are required to maintain the AIF® Designation.

Mr. Sinnaeve began his financial career at Security Bank & Trust. While there he was responsible for daily customer interaction as well as branch management issues, spanning over three regions and encompassing 18 branches. Transferring to the Commercial Loan Department, he became a Senior Analyst where his duties included detailed financial analysis of potential clients as well as preparation for weekly senior management review committees.
