3/16/2021

This brochure provides information about the qualifications and business practices of Canterbury Investment Management. If you have any questions about the contents of this brochure, please contact us at 317-732-2075 or [kcuster@canterburygroup.com](mailto:kcuster@canterburygroup.com). The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Registration with the SEC or with any state securities authority does not imply a certain level of skill or training.

Additional information about Canterbury Investment Management also is available on the SEC's website at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov). You can search this site by a unique identifying number, known as a CRD number. Our firm's CRD number is 125680.

## **Item 2     Material Changes**

This Firm Brochure, dated 3/16/2021, provides you with a summary of Canterbury Investment Management's advisory services and fees, professionals, certain business practices and policies, as well as actual or potential conflicts of interest, among other things. This Item is used to provide our clients with a summary of new and/or updated information; we will inform of the revision(s) based on the nature of the information as follows.

1. Annual Update: We are required to update certain information at least annually, within 90 days of our firm's fiscal year end (FYE) of December. We will provide you with either a summary of the revised information with an offer to deliver the full revised Brochure within 120 days of our FYE or we will provide you with our revised Brochure that will include a summary of those changes in this Item.
2. Material Changes: Should a material change in our operations occur, depending on its nature we will promptly communicate this change to clients (and it will be summarized in this Item). "Material changes" requiring prompt notification will include changes of ownership or control; location; disciplinary proceedings; significant changes to our advisory services or advisory affiliates - any information that is critical to a client's full understanding of who we are, how to find us, and how we do business.

The following summarizes new or revised disclosures based on information previously provided in our Firm Brochure dated 6/2020. There have been no changes made to this ADV.

Item 17	Voting Client Securities	15
Item 18	Financial Information	15

## **Item 4     Advisory Business**

Canterbury Investment Management is a SEC-registered investment adviser with its principal place of business located in Indiana. Canterbury Investment Management began conducting business in 2003.

Listed below are the firm's principal shareholders (i.e., those individuals and/or entities controlling 25% or more of this company).

- Thomas Lee Hardin , CEO

Canterbury Investment Management offers the following advisory services to our clients:

### **Canterbury Portfolio Thermostat ETF Strategy**

Through personal discussions with the client in which the client's goals and objectives are discussed, we initially determine whether the thermostat strategy is suitable to the client's circumstances. The portfolio is managed based on the portfolio's goal, rather than on each client's individual needs. Clients, nevertheless, have the opportunity to place reasonable restrictions on the types of investments to be held in their account. Clients retain individual ownership of all securities.

We manage these advisory accounts on a discretionary basis. Account supervision is guided by the changes in the different market states that the Thermostat identifies. Each market state is based on combining the long term trend, medium term and short term changes in volatility, and a combination of short term market indicators.

Once the client's portfolio has been established, we review the portfolio periodically. We make allocation changes based on the change in the market states.

Our investment recommendations are not limited to any specific product or service offered by a broker dealer or insurance company and may generally include advice regarding the following securities:

- Exchange-listed securities
- Mutual Funds

Because some types of investments involve certain additional degrees of risk, they will only be implemented/recommended when consistent with the client's stated investment objectives, tolerance for risk, liquidity and suitability.

To ensure that our initial determination of an appropriate portfolio remains suitable and that the account continues to be managed in a manner consistent with the client's financial circumstances, we will encourage the client to: at least annually, contact us to determine whether there have been any changes in the client's financial situation or investment objectives, and whether the client wishes to impose investment restrictions or modify existing restrictions.

### **Canterbury Portfolio Thermostat Funds**

Canterbury provides investment management services through its affiliated mutual fund, the Canterbury Portfolio Thermostat Fund, a series of the Capitol Series Trust (the "Trust"). The advisor receives a management fee as the investment manager to the fund in the amount of .90% The fund offers one share class. A complete description of the fund, its strategy,

objectives, and costs is set forth in the fund prospectus. Additional disclosure relative to the Fund is also set forth in the Investment Advisory Agreement. Canterbury will only receive, and the client will only pay, one management fee relative to the Fund investment, which fee shall be paid directly to Canterbury by the Fund.

### **Amount of Managed Assets**

<i>Regulatory Assets Under Management</i>	
Discretionary:	(a) \$67,722,631.72
Non-Discretionary:	(b) \$ 5,012,339.84
<i>Regulatory Assets Under Advisement</i>	
Assets Advised:	(c) \$ 30,403,749.86
<b>TOTAL ASSETS</b>	<b>\$ 103,138,721</b>
<b>MANAGED/ADVISED:</b>	

## **Item 5 Fees and Compensation**

### **Investment Advisory Services**

#### **Canterbury Portfolio Thermostat ETF Strategy**

The annualized fee for the Canterbury Portfolio Thermostat ETF Strategy is charged as a percentage of assets under management, according to the following schedule:

#### ***Annual Management Fee as a Percentage of Assets for Portfolios of More than \$1,000,000***

First \$2,000,000	1.00%
Next \$3,000,000	0.80%
Over \$5,000,000	0.60%

#### ***Annual Management Fee as a Percentage of Assets for Portfolios of Less than \$1,000,000***

First \$500,000	1.50%
Next \$500,000	1.25%

***Limited Negotiability of Advisory Fees:*** Although Canterbury Investment Management has established the aforementioned fee schedule(s), we retain the discretion to negotiate alternative fees on a client-by-client basis. Client facts, circumstances and needs are considered in determining the fee schedule. These include the complexity of the client, assets to be placed under management, anticipated future additional assets; related accounts;

portfolio style, account composition, reports, among other factors. The specific annual fee schedule is identified in the contract between the adviser and each client.

We may group certain related client accounts for the purposes of achieving the minimum account size requirements and determining the annualized fee.

Discounts, not generally available to our advisory clients, may be offered to family members and friends of associated persons of our firm.

Our advisory fees are charged in advance.

Advisory fees are billed in advance at the beginning of each calendar quarter based upon the asset value (market or fair market value in the absence of market value, plus any credit balance or minus any debit balance), of the client's account equity at the end of the previous quarter.

When authorized by the client, fees are debited from the account in accordance with the terms set forth in the Investment Advisory Agreement.

### **Canterbury Portfolio Thermostat Funds**

Canterbury provides investment management services through its affiliated mutual fund, the Canterbury Portfolio Thermostat Fund, a series of the Capitol Series Trust (the "Trust"). The advisor receives a management fee as the investment manager to the fund in the amount of .90%. The fund offers one share class. A complete description of the fund, its strategy, objectives, and costs is set forth in the fund prospectus. Additional disclosure relative to the Fund is also set forth in the Investment Advisory Agreement. Canterbury will only receive, and the client will only pay, one management fee relative to the Fund investment, which fee shall be paid directly to Canterbury by the Fund.

## **GENERAL INFORMATION**

***Termination of the Advisory Relationship:*** A client agreement may be canceled at any time, by either party, for any reason upon receipt of 30 days written notice. Upon termination of any account, any prepaid, unearned fees will be promptly refunded.

***Mutual Fund Fees:*** All fees paid to Canterbury Investment Management for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and/or ETFs to their shareholders. These fees and expenses are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. If the fund also imposes sales charges, a client may pay an initial or deferred sales charge. A client could invest in a mutual fund directly, without our services. In that case, the client would not receive the services provided by our firm which are designed, among other things, to assist the client in determining which mutual fund or funds are most appropriate to each client's financial condition and objectives. Accordingly, the client should review both the fees charged by the funds and our fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided.

***Wrap Fee Programs and Separately Managed Account Fees:*** Clients participating in separately managed account programs may be charged various program fees in addition to the advisory fee charged by our firm. Such fees may include the investment advisory fees of the independent advisers, which may be charged as part of a wrap fee arrangement. In a

wrap fee arrangement, clients pay a single fee for advisory, brokerage and custodial services. Client's portfolio transactions may be executed without commission charge in a wrap fee arrangement. In evaluating such an arrangement, the client should also consider that, depending upon the level of the wrap fee charged by the broker-dealer, the amount of portfolio activity in the client's account, and other factors, the wrap fee may or may not exceed the aggregate cost of such services if they were to be provided separately. We will review with clients any separate program fees that may be charged to clients.

***Additional Fees and Expenses:*** In addition to our advisory fees, clients are also responsible for the fees and expenses charged by custodians and imposed by broker dealers, including, but not limited to, any transaction charges imposed by a broker dealer with which an independent investment manager effects transactions for the client's account(s). Please refer to the "Brokerage Practices" section (Item 12) of this Form ADV for additional information.

***Grandfathering of Minimum Account Requirements:*** Pre-existing advisory clients are subject to Canterbury Investment Management's minimum account requirements and advisory fees in effect at the time the client entered into the advisory relationship. Therefore, our firm's minimum account requirements will differ among clients.

***ERISA Accounts:*** Canterbury Investment Management is deemed to be a fiduciary to advisory clients that are employee benefit plans or individual retirement accounts (IRAs) pursuant to the Employee Retirement Income and Securities Act ("ERISA"), and regulations under the Internal Revenue Code of 1986 (the "Code"), respectively. . As such, our firm is subject to specific duties and obligations under ERISA and the Internal Revenue Code that include among other things, restrictions concerning certain forms of compensation. To avoid engaging in prohibited transactions, Canterbury Investment Management may only charge fees for investment advice about products for which our firm and/or our related persons do not receive any commissions or 12b-1 fees, or conversely, investment advice about products for which our firm and/or our related persons receive commissions or 12b-1 fees, however, only when such fees are used to offset Canterbury Investment Management's advisory fees.

***Advisory Fees in General:*** Clients should note that similar advisory services may (or may not) be available from other registered (or unregistered) investment advisers for similar or lower fees.

***Limited Prepayment of Fees:*** Under no circumstances do we require or solicit payment of fees in excess of \$1200 more than six months in advance of services rendered.

## **Item 6 Performance-Based Fees and Side-By-Side Management**

Canterbury Investment Management does not charge performance-based fees.

## **Item 7 Types of Clients**

Canterbury Investment Management provides advisory services to the following types of clients:

- Individuals (other than high net worth individuals)
- High net worth individuals
- Corporations or other businesses not listed above

## Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

### METHODS OF ANALYSIS

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

**Charting.** In this type of technical analysis, we review charts of market and security activity in an attempt to identify when the market is moving up or down and to predict how long the trend may last and when that trend might reverse.

**Technical Analysis.** We analyze past market movements and apply that analysis to the present in an attempt to recognize recurring patterns of investor behavior and potentially predict future price movement.

Technical analysis does not consider the underlying financial condition of a company. This presents a risk in that a poorly-managed or financially unsound company may underperform regardless of market movement.

**Cyclical Analysis.** In this type of technical analysis, we measure the movements of a particular stock against the overall market in an attempt to predict the price movement of the security.

**Quantitative Analysis.** We use mathematical models in an attempt to obtain more accurate measurements of a company's quantifiable data, such as the value of a share price or earnings per share, and predict changes to that data.

A risk in using quantitative analysis is that the models used may be based on assumptions that prove to be incorrect.

**Qualitative Analysis.** We subjectively evaluate non-quantifiable factors such as quality of management, labor relations, and strength of research and development factors not readily subject to measurement, and predict changes to share price based on that data.

A risk in using qualitative analysis is that our subjective judgment may prove incorrect.

**Mutual Fund and/or ETF Analysis.** We look at the experience and track record of the manager of the mutual fund or ETF in an attempt to determine if that manager has demonstrated an ability to invest over a period of time and in different economic conditions. We also look at the underlying assets in a mutual fund or ETF in an attempt to determine if there is significant overlap in the underlying investments held in another fund(s) in the client's portfolio. We also monitor the funds or ETFs in an attempt to determine if they are continuing to follow their stated investment strategy.

A risk of mutual fund and/or ETF analysis is that, as in all securities investments, past performance does not guarantee future results. A manager who has been successful may not be able to replicate that success in the future. In addition, as we do not control the underlying investments in a fund or ETF, managers of different funds held by the client may purchase the

same security, increasing the risk to the client if that security were to fall in value. There is also a risk that a manager may deviate from the stated investment mandate or strategy of the fund or ETF, which could make the holding(s) less suitable for the client's portfolio.

**Risks for all forms of analysis.** Our securities analysis methods rely on the assumption that the companies whose securities we purchase and sell, the rating agencies that review these securities, and other publicly-available sources of information about these securities, are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information. Investing in securities involves risk of loss that clients must be prepared to bear.

### **INVESTMENT STRATEGIES**

We use the following strategy(ies) in managing client accounts, provided that such strategy(ies) are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

**Long-term purchases.** We purchase securities with no preconceived idea of the potential holding period for a specific security. Typically we employ this strategy when:

- we purchase and sell securities based on the directions of our portfolio management models.
- asset allocation and diversification requirements vary based on the current market environment called a market state.

## **Item 9 Disciplinary Information**

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Our firm and our management personnel have no reportable disciplinary events to disclose.

## **Item 10 Other Financial Industry Activities and Affiliations**

Kim Custer an employee of Canterbury Investment Management is also licensed with an advisor, Wealth Advisory Solutions, LLC ("WAS"). WAS is a SEC-registered investment adviser providing investment management and financial planning services. Canterbury may provide discretionary asset management services for clients of WAS and can assist WAS with certain asset allocation and trade management activities. Canterbury may charge an asset management fee that is separate from any other fees the client will pay to WAS.

We provide investment advisory services to clients of other investment advisors. These arrangements are generally referred to as sub-advisory agreements.

We may trade the same or similar securities in client portfolios that are traded by our sub-advisors in its client portfolios. When this occurs, our clients may receive a better or worse

price or execution than the sub-advisor depending on the order of trade execution, the type of security traded and the broker-dealer used. In order to minimize the potential for any systematic disadvantage to clients; when trades are placed in the same security on the same day for both our clients and other institutional clients (whose portfolios are within Kim Custer's control), Kim Custer will seek to rotate the order of execution.

Canterbury Investment Management also acts as a fund advisor to the Canterbury Portfolio Thermostat Fund. When appropriate we may recommend to purchase shares of our affiliated mutual fund. Because of this affiliated relationship the firm may have incentive to recommend this fund over others however, as a fiduciary we endeavor to seek the best mix of investments regardless of the economic incentive received.

Clients should be aware that the receipt of additional compensation by Canterbury Investment Management and its management persons or employees creates a conflict of interest that may impair the objectivity of our firm and these individuals when making advisory recommendations. Canterbury Investment Management endeavors at all times to put the interest of its clients first as part of our fiduciary duty as a registered investment adviser; we take the following steps to address this conflict:

- we disclose to clients the existence of all material conflicts of interest, including the potential for our firm and our employees to earn compensation from advisory clients in addition to our firm's advisory fees;
- we disclose to clients that they are not obligated to purchase recommended investment products from our employees or affiliated companies;
- we collect, maintain and document accurate, complete and relevant client background information;
- we require that our employees seek prior approval of any outside employment activity so that we may ensure that any conflicts of interests in such activities are properly addressed;
- we periodically monitor these outside employment activities to verify that any conflicts of interest continue to be properly addressed by our firm; and
- we educate our employees regarding the responsibilities of a fiduciary, including the need for having a reasonable and independent basis for the investment advice provided to clients.

## **Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading**

Our firm has adopted a Code of Ethics which sets forth high ethical standards of business conduct that we require of our employees, including compliance with applicable federal securities laws.

Canterbury Investment Management and our personnel owe a duty of loyalty, fairness and good faith towards our clients, and have an obligation to adhere not only to the specific provisions of the Code of Ethics but to the general principles that guide the Code.

Our Code of Ethics includes policies and procedures for the review of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be submitted by the firm's access persons. Among other things, our Code of Ethics also requires the prior approval of any acquisition of securities in a limited offering (e.g., private placement) or an initial public offering. Our code also provides for oversight, enforcement and recordkeeping provisions.

Canterbury Investment Management's Code of Ethics further includes the firm's policy prohibiting the use of material non-public information. While we do not believe that we have any particular access to non-public information, all employees are reminded that such information may not be used in a personal or professional capacity.

A copy of our Code of Ethics is available to our advisory clients and prospective clients. You may request a copy by email sent to [thardin@canterburygroup.com](mailto:thardin@canterburygroup.com), or by calling us at 317-732-2075.

Canterbury Investment Management and individuals associated with our firm are prohibited from engaging in principal transactions.

Canterbury Investment Management and individuals associated with our firm are prohibited from engaging in agency cross transactions.

Our Code of Ethics is designed to assure that the personal securities transactions, activities and interests of our employees will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts.

Our firm and/or individuals associated with our firm may buy or sell for their personal accounts securities identical to or different from those recommended to our clients. In addition, any related person(s) may have an interest or position in a certain security(ies) which may also be recommended to a client.

It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account, thereby preventing such employee(s) from benefiting from transactions placed on behalf of advisory accounts.

We may aggregate our employee trades with client transactions where possible and when compliant with our duty to seek best execution for our clients. In the instances where there is a partial fill of a particular batched order, we will allocate all purchases pro-rata, with each account paying the average price. Our employee accounts will be excluded in the pro-rata allocation.

As these situations represent actual or potential conflicts of interest to our clients, we have established the following policies and procedures for implementing our firm's Code of Ethics, to ensure our firm complies with its regulatory obligations and provides our clients and potential clients with full and fair disclosure of such conflicts of interest:

1. No principal or employee of our firm may put his or her own interest above the interest of an advisory client.
2. No principal or employee of our firm may buy or sell securities for their personal portfolio(s) where their decision is a result of information received as a result of his or her employment unless the information is also available to the investing public.

3. It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account. This prevents such employees from benefiting from transactions placed on behalf of advisory accounts.
4. Our firm requires prior approval for any IPO or private placement investments by related persons of the firm.
5. We maintain a list of all reportable securities holdings for our firm and anyone associated with this advisory practice that has access to advisory recommendations ("access person"). These holdings are reviewed on a regular basis by our firm's Chief Compliance Officer or his/her designee.
6. We have established procedures for the maintenance of all required books and records.
7. Clients can decline to implement any advice rendered, except in situations where our firm is granted discretionary authority.
8. All of our principals and employees must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.
9. We require delivery and acknowledgement of the Code of Ethics by each supervised person of our firm.
10. We have established policies requiring the reporting of Code of Ethics violations to our senior management.
11. Any individual who violates any of the above restrictions may be subject to termination.

## **Item 12 Brokerage Practices**

For discretionary clients, Canterbury Investment Management requires these clients to provide us with written authority to determine the broker dealer to use and the commission costs that will be charged to these clients for these transactions.

These clients must include any limitations on this discretionary authority in this written authority statement. Clients may change/amend these limitations as required. Such amendments must be provided to us in writing.

Canterbury Investment Management does not have any soft-dollar arrangements and does not receive any soft-dollar benefits.

Canterbury Investment Management will block trades where possible and when advantageous to clients. This blocking of trades permits the trading of aggregate blocks of securities composed of assets from multiple client accounts.

Block trading may allow us to execute equity trades in a timely and equitable manner. Canterbury Investment Management will typically aggregate trades among clients whose accounts can be traded at a given broker, and generally will rotate or vary the order of brokers through which it places trades for clients on any particular day. Canterbury Investment Management's block trading policy and procedures are as follows:

- 1) Transactions for any client account may not be aggregated for execution if the practice is prohibited by or inconsistent with the client's advisory agreement with Canterbury Investment Management, or our firm's order allocation policy.
- 2) The trading desk in concert with the portfolio manager must determine that the purchase or sale of the particular security involved is appropriate for the client and consistent with the client's investment objectives and with any investment guidelines or restrictions applicable to the client's account.
- 3) The portfolio manager must reasonably believe that the order aggregation will benefit, and will enable Canterbury Investment Management to seek best execution for each client participating in the aggregated order. This requires a good faith judgment at the time the order is placed for the execution. It does not mean that the determination made in advance of the transaction must always prove to have been correct in the light of a "20-20 hindsight" perspective. Best execution includes the duty to seek the best quality of execution, as well as the best net price.
- 4) Prior to entry of an aggregated order, a written order ticket must be completed which identifies each client account participating in the order and the proposed allocation of the order, upon completion, to those clients.
- 5) If the order cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated pro rata among the participating client accounts in accordance with the initial order ticket or other written statement of allocation. However, adjustments to this pro rata allocation may be made to participating client accounts in accordance with the initial order ticket or other written statement of allocation. Furthermore, adjustments to this pro rata allocation may be made to avoid having odd amounts of shares held in any client account, or to avoid excessive ticket charges in smaller accounts.
- 6) If the order will be allocated in a manner other than that stated in the initial statement of allocation, a written explanation of the change must be provided to and approved by the Chief Compliance Officer no later than the morning following the execution of the aggregate trade.
- 7) Canterbury Investment Management's client account records separately reflect, for each account in which the aggregated transaction occurred, the securities which are held by, and bought and sold for, that account.
- 8) Funds and securities for aggregated orders are clearly identified on Canterbury Investment Management's records and to the broker-dealers or other intermediaries handling the transactions, by the appropriate account numbers for each participating client.
- 9) No client or account will be favored over another.

## **Item 13    Review of Accounts**

### **Financial Planning Services**

While reviews may occur at different stages depending on the nature and terms of the specific engagement, typically no formal reviews will be conducted for Financial Planning clients

unless otherwise contracted. Currently, we may offer financial planning services to investment management clients at no additional charge.

#### **Item 14 Client Referrals and Other Compensation**

It is Canterbury Investment Management's policy not to engage solicitors or to pay related or non-related persons for referring potential clients to our firm.

It is Canterbury Investment Management's policy not to accept or allow our related persons to accept any form of compensation, including cash, sales awards or other prizes, from a non-client in conjunction with the advisory services we provide to our clients.

#### **Item 15 Custody**

We previously disclosed in the "Fees and Compensation" section (Item 5) of this Brochure that our firm directly debits advisory fees from client accounts.

As part of this billing process, the client's custodian is advised of the amount of the fee to be deducted from that client's account. On at least a quarterly basis, the custodian is required to send to the client a statement showing all transactions within the account during the reporting period.

Because the custodian does not calculate the amount of the fee to be deducted, it is important for clients to carefully review their custodial statements to verify the accuracy of the calculation, among other things. Clients should contact us directly if they believe that there may be an error in their statement.

Our firm does not have actual or constructive custody of client accounts.

#### **Item 16 Investment Discretion**

Clients may hire us to provide discretionary asset management services, in which case we place trades in a client's account without contacting the client prior to each trade to obtain the client's permission.

Our discretionary authority includes the ability to do the following without contacting the client:

- Determine the security to buy or sell; and/or
- Determine the amount of the security to buy or sell

Clients give us discretionary authority when they sign a discretionary agreement with our firm, and may limit this authority by giving us written instructions. Clients may also change/amend such limitations by once again providing us with written instructions.

## **Item 17    Voting Client Securities**

As a matter of firm policy, we do not vote proxies on behalf of clients. Therefore, although our firm may provide investment advisory services relative to client investment assets, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Clients are responsible for instructing each custodian of the assets, to forward to the client copies of all proxies and shareholder communications relating to the client's investment assets.

We do not offer any consulting assistance regarding proxy issues to clients.

## **Item 18    Financial Information**

Canterbury Investment Management has no additional financial circumstances to report.

Under no circumstances do we require or solicit payment of fees in excess of \$1200 per client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement.

Canterbury Investment Management has not been the subject of a bankruptcy petition at any time during the past ten years.

Recently, the firm elected to participate in the Paycheck Participation Program ("PPP") offered under the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The firm's participation in the program was related to the ongoing economic uncertainty surrounding the COVID-19 pandemic and its potential negative impact on the capital markets. We expect the funds will be used to support the payroll of employees who perform advisory services, e.g. employees who assist in opening new accounts, transfers, customer service, operations, and marketing.
