Item 4 Services, Fees and Compensation

A. INVESTMENT ADVISORY SERVICES - SAWYER FALDUTO WRAP PROGRAM

The Registrant provides investment management services on a wrap fee basis in accordance with the Registrant's wrap fee program (the "Program"). Under the Program, the Registrant offers discretionary investment management services, for a single specified annual Program fee, inclusive of trade execution (excluding mark-ups and mark-downs), custody, reporting, and investment management fees. The services included in a wrap fee agreement will depend upon each client's particular need. All prospective Program participants should read both the Registrant's Brochure and the Wrap Fee Program Brochure, and ask any corresponding questions that they may have, prior to participation in the Program.

Before Registrant provides investment management services, an investment adviser representative will work with each client to determine their investment objectives. Thereafter, Registrant will allocate investment assets consistent with the designated investment objectives. Once allocated, Registrant provides ongoing monitoring and review of account performance and asset allocation as compared to a client's investment objectives, and may rebalance the account based on these reviews.

The current annual Program fee varies depending upon the market value of assets under management, which depends on the level and scope of the overall investment advisory services rendered, but does not exceed 1.0%.

However, fees vary depending upon various objective and subjective factors, including but not limited to: the representative assigned to the account, the amount of assets to be invested, the complexity of the engagement, the anticipated number of meetings and servicing needs of a client, related accounts, future earning capacity, anticipated future additional assets, account composition, and negotiations with the client. As a result, similar clients could pay different fees, and higher fees will correspondingly impact a client's net account performance. Moreover, the services provided by the Registrant to any particular client could be available from other advisers at a lower cost. Registrant's Chief Compliance Officer, Thomas Sawyer, remains available to address any questions that a client or prospective client may have regarding the above fee disparity, impact on account performance, and conflict of interest.

The Registrant generally requires an annual minimum fee of \$2,500. The Registrant, in its sole discretion, may reduce its investment management fee and/or reduce or waive its minimum fee based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

The Program fee is not based on a share of capital gains upon or capital appreciation of the funds or any portion of the funds of an advisory client, pursuant to Section 205(a)(1) of the Investment Advisers Act of 1940, as amended (the "Advisers Act").

Clients will be charged in arrears at the beginning of each calendar quarter based upon the value (market value or fair market value in the absence of market value, plus any credit balance or minus any debit balance), of the client's account at the end of the previous quarter. Fees are prorated for accounts opened during the quarter. The Registrant charges an additional fee

for the current quarter if assets are deposited after the beginning of the quarter, prorated based on the number of calendar days remaining in the quarter. No portion of the fee will be credited to the client for the current calendar quarter should any withdrawals from the portfolio occur.

Under the Program, the Registrant shall be provided with written authority to determine which securities and the amounts of securities that are bought or sold. The initial limitations on this discretionary authority shall be included in the written agreement between each client and the Registrant. Clients may change or amend these limitations, in writing, at any time. The client shall have reasonable access to one of the Registrant's investment professionals to discuss their account.

Charles Schwab & Co., an SEC-registered and FINRA/SIPC member broker-dealer/custodian ("Schwab") shall serve as the custodian for Program accounts.

Termination of Advisory Relationship. The Investment Advisory Agreement between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the Investment Advisory Agreement. Upon termination, a pro-rated portion of the earned but unpaid advisory fee shall be due.

MISCELLANEOUS

Client Obligations. Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is responsible for promptly notifying the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating, or revising Registrant's previous recommendations or services.

Investment Performance. As a condition to participating in the Program, the participant must accept that different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by Registrant) will be profitable or equal any specific performance level(s).

- B.** Participation in the Program may cost more or less than purchasing such services separately. Also, the Program fee charged by Registrant for participation in the Program may be higher or lower than those charged by other sponsors of comparable wrap fee programs.

The Registrant receives the balance of the wrap fee after all other costs incorporated into the wrap fee have been applied or deducted. Participation in a wrap program may cost the client more or less than purchasing such services separately. Because the Registrant is responsible for payment of certain wrap program transaction fees and commissions to the account broker-dealer/custodian, the Registrant has an economic incentive to minimize the number of trades in the client's account. The Registrant maintains internal processes designed to review trading activity within client's accounts in an effort to mitigate this conflict of interest. Registrant's Chief Compliance Officer, Thomas Sawyer, remains available to address any questions that a client or prospective client may have regarding a wrap fee arrangement and the corresponding conflict of interest a wrap fee arrangement creates.

- C. The Program's wrap fee does not include certain charges and administrative fees, including, but not limited to: transfer taxes, odd lot differentials, exchange fees, interest charges, American Depositary Receipt agency processing fees, and any charges, taxes or other fees mandated by any federal, state or other applicable law. In addition, clients remain responsible for the payment of mark-ups and mark-downs for fixed income transactions. These expenses are charged by the Program's custodian and not the Registrant. Such fees and expenses are in addition to the Program's wrap fee. In addition to Registrant's investment fees, all mutual fund and exchange traded funds incur separate fees and expenses, which are borne by their shareholders. Clients will be indirectly responsible for the payment of these fees and expense, which include management fees.

Tradeaway/Prime Broker Fees. Relative to its discretionary investment management services, individual fixed income transactions may be effected through broker-dealers other than the account custodian, in which event, the client generally will incur both the fee charged by the executing broker-dealer (commission or mark-up/mark-down) and a separate "tradeaway" or prime broker fee charged by the account custodian. However, the Registrant will pay the "tradeaway" or prime broker fee charged by the account custodian. This presents a conflict of interest as the Registrant has an incentive to purchase and sell securities through the account's broker-dealer, even if better prices are available elsewhere. The Registrant maintains policies and procedures relating to "best execution" that seek to minimize this conflict of interest. In addition, the Registrant discloses this conflict of interest to clients so that they can make an informed decision about maintaining a relationship with the Registrant.

- D. Registrant's related persons who recommend the Program to clients do not receive compensation because of a client's participation in the wrap fee program.

Item 5 Account Requirements and Types of Clients

The Registrant's clients shall generally include individuals, high net worth individuals, pension and profit sharing plans, charitable organizations, state or municipal government entities, and trade groups.

Item 6 Portfolio Manager Selection and Evaluation

- A. The Registrant is the only portfolio manager for Program accounts.
- B. The Registrant acts as the sole portfolio manager for the Program. Therefore, there are no conflicts of interest relating to the selection of other portfolio managers for the Program.
- C. As discussed above, the Registrant only offers the Program to clients. The Registrant **does not** hold itself out as providing financial planning, estate planning, or insurance planning services, although it may provide such services to clients.

MISCELLANEOUS ADVISORY SERVICES DISCLOSURE

Limitations of Financial Planning and Non-Investment Consulting/Implementation Services. Although the Registrant does not hold itself out as providing financial planning, estate planning or accounting services, to the extent specifically requested by the client, Registrant may provide financial planning and related consulting services regarding non-

investment related matters, such as estate, tax, or insurance planning. The Registrant does not serve as a law firm, accounting firm, or insurance agency, and no portion of Registrant's services should be construed as legal, accounting, or insurance implementation services. Accordingly, Registrant does not prepare estate planning documents, tax returns or sell insurance products. To the extent requested by a client, Registrant may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, insurance agents, etc.). Clients are reminded that they are under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation made by Registrant or its representatives. If the client engages any unaffiliated recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional.

Investment Risk. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by Registrant) will be profitable or equal any specific performance level(s).

Retirement Plan Rollovers. A client or prospective client leaving an employer typically has four options regarding an existing retirement plan (and may engage in a combination of these options): (i) leave the money in the former employer's plan, if permitted, (ii) roll over the assets to the new employer's plan, if one is available and rollovers are permitted, (iii) roll over to an Individual Retirement Account ("IRA"), or (iv) cash out the account value (which could, depending upon the client's age, result in adverse tax consequences). If the Registrant recommends that a client roll over their retirement plan assets into an account to be managed by the Registrant, such a recommendation creates a conflict of interest if the Registrant will earn an advisory fee on the rolled over assets. No client is under any obligation to roll over plan assets to an IRA managed by the Registrant or to engage the Registrant to monitor and/or manage the account while maintained at the client's employer. The Registrant's Chief Compliance Officer, Thomas Sawyer, remains available to address any questions that a client or prospective client may have regarding its prospective engagement and the conflict of interest presented by such engagement.

Use of Mutual Funds and Exchange Traded Funds. While the Registrant may recommend allocating investment assets to mutual funds that are not available directly to the public, the Registrant may also recommend that clients allocate investment assets to publically-available mutual funds and exchange traded funds that the client could obtain without engaging Registrant as an investment adviser. However, if a client or prospective client determines to allocate investment assets to publically-available mutual funds or exchange traded funds without engaging Registrant as an investment adviser, the client or prospective client would not receive the benefit of Registrant's initial and ongoing investment management services.

Performance Based Fees and Side-By-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Methods of Analysis, Investment Strategies and Risk of Loss

The Registrant may utilize the following methods of security analysis:

- Charting - (analysis performed using patterns to identify current trends and trend reversals to forecast the direction of prices)
- Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)
- Technical – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)
- Cyclical – (analysis performed on historical relationships between price and market trends, to forecast the direction of prices)

The Registrant may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)

Investment Risk. Investing in securities involves risk of loss that clients should be prepared to bear. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

The Registrant's methods of analysis and investment strategies do not present any significant or unusual risks. However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases and Short Term Purchases - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, because of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy.

Currently, the Registrant primarily allocates client investment assets primarily among various fixed income securities, mutual funds and/or exchange traded funds, on a discretionary basis in accordance with the client's designated investment objective(s).

Voting Client Securities

Unless the client directs otherwise in writing, the Registrant is responsible for voting client proxies. However, the client shall maintain exclusive responsibility for all legal proceedings or other type events pertaining to the account assets, including, but not limited to, class action lawsuits. The Registrant shall vote proxies in accordance with its Proxy Voting Policy, a copy of which is available upon request. The Registrant shall monitor corporate actions of individual issuers and investment companies consistent with the Registrant's fiduciary duty to vote proxies in the best interests of its clients. Although the factors which Registrant will consider when determining how it will vote differ on a case by case basis, they may include, but are not limited to, recommendations by management, shareholder proposals, cost effects of such proposals, effect on employees and executive and director compensation. With respect to individual issuers, the Registrant may be solicited to vote on matters including corporate governance, adoption or amendments to compensation plans (including stock options), and matters involving social issues and corporate responsibility. With respect to investment companies (e.g., mutual funds), the Registrant may be solicited to vote on matters including the approval of advisory contracts, distribution plans, and mergers. The Registrant shall maintain records pertaining to proxy voting as required pursuant to Rule 204-2 (c)(2) under the Advisers Act. Information pertaining to how the Registrant voted on any specific proxy issue is also available upon request. Requests should be made by contacting the Registrant's Chief Compliance Officer, Thomas Sawyer.

Item 7 Client Information Provided to Portfolio Managers

The Registrant is the Program's sole portfolio manager and receives information directly from each client. Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is responsible for promptly notifying the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating, or revising Registrant's previous recommendations or services.

Item 8 Client Contact with Portfolio Managers

The client shall have, without restriction, reasonable access to the Program's portfolio manager.

Item 9 Additional Information

- A.** Neither the Registrant nor its management have been the subject of any disciplinary actions.

Other Financial Industry Activities and Affiliations

Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.

The Registrant has no other relationship or arrangement with a related person that is material to its advisory business.

The Registrant does not receive, directly or indirectly, compensation from investment advisers that it recommends or selects for its clients.

B. Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's representatives that is based upon fundamental principles of, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Advisers Act, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.

The Registrant and/or representatives of the Registrant may buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. Practices such as "scalping" (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, "front-running" (i.e., personal trades executed prior to those of the Registrant's clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant's "Access Persons". The Registrant's securities transaction policy requires that an Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person's current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects.

The Registrant and/or representatives of the Registrant may buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. As indicated above, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant's Access Persons.

Review of Accounts

For those clients to whom Registrant provides investment management services, account reviews are conducted on a periodic basis by the Registrant's Principals and/or representatives. All investment management clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.

The Registrant may conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.

Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Client Referrals and Other Compensation

The Registrant may receive economic benefits from Schwab including support services or products without cost and/or at a discount. Registrant's clients do not pay more because of this arrangement. There is no corresponding commitment made by the Registrant to Schwab or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products because of the above arrangement.

Neither the Registrant nor its representatives compensate any non-supervised persons for client referrals.

Financial Information

The Registrant does not solicit fees of more than \$1,200, per client, six months or more in advance.

The Registrant is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.

The Registrant has not been the subject of a bankruptcy petition.

ANY QUESTIONS: The Registrant's Chief Compliance Officer, Thomas Sawyer, remains available to address any questions that a client or prospective client may have regarding the above disclosures and arrangements.
