

Item 1 – Cover Page

JT Stratford, LLC
211 Forrest Avenue
Gainesville, GA 30501
(770) 534-6046
www.jtstratford.com
March 2021

This Brochure provides information about our qualifications and business practices of JT Stratford, LLC (“JT Stratford”, “us”, “we”, “our”). If you (“clients”, “your”) have any questions about the contents of this brochure, please contact us at (770) 534-6046. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission (“SEC”) or by any state securities authority. JT Stratford’s IARD firm number is 155629.

We are a registered investment adviser. Our registration as an Investment Adviser does not imply any level of skill or training. Additional information about JT Stratford, LLC also is available on the SEC’s website at www.adviserinfo.sec.gov (click on the link, select “investment adviser firm” and type in our firm name). The results will provide you with both Parts 1 and 2 of our Form ADV.

Item 2 – Material Changes

There are no material changes to report to our Form ADV Part 2 (“Disclosure Brochure”) since our last annual filing dated March 2020. However, we no longer offer the Pinnacle account, we have made clarifications to throughout this Disclosure Brochure as it relates to our Private Managed Account Programs and sub-advisory arrangements in Item 5 as it relates to our technology fee, we have enhanced our general risk disclosures under Item 8 to address legal and regulatory risk, systems and technology risks, cybersecurity risks and pandemic risks, we also have made clarifications to Item 10 as it relates to Triad’s ownership, and the loan received by JT Stratford under the Payroll Protection Program was officially forgiven and reference to this has been removed from Item 18.

Pursuant to amendments made to rules promulgated under the Investment Advisers Act of 1940, as amended (the “Advisers Act”), and the form formerly known as Form ADV Part II, this document was developed in response to new requirements adopted and imposed by the SEC under the Advisers Act.

The revised Disclosure Brochure will be available since our last delivery or posting of this Disclosure Brochure on the SEC’s public disclosure website (IAPD) at www.adviserinfo.sec.gov or you may contact our Chief Compliance Officer, D. Todd Ferguson at (770) 534-6046 or tferguson@jtstratford.com to obtain a copy.

When an update is made to this Disclosure Brochure, we will send a copy to you with the summary of material changes, or a summary of material changes that includes an offer to send you a copy [either by electronic means (email) or in hard copy form].

Item 4 – Advisory Business

JT Stratford, LLC (“JT Stratford”, “us”, “we”, “our”) is a limited liability company organized under the laws of the State of Georgia on June 28, 2010, and wholly owned by D. Todd Ferguson. We have been registered as an investment adviser at both the state and federal level since February 22, 2011. Currently, we are registered as an investment adviser with the SEC and notice filed with the appropriate states in which notice filings are required in order to provide the investment advisory products and services described within this document. Please note that certain states do not require us to notice file if we have five or fewer clients that reside in a particular state. As of December 31, 2020, regulatory assets are \$384,625,331, \$58,829,302 of assets under advisement¹ and total assets under management is \$443,454,633.

We offer investment advisory services to individuals, pension and profit-sharing plans, charitable organizations, and corporations. This Disclosure Brochure provides you with information regarding our qualifications, business practices, and the nature of advisory services that should be considered before becoming our advisory client.

Please contact D. Todd Ferguson, Chief Compliance Officer, if you have any questions about this Brochure.

Individuals associated with us will provide our investment advisory services. These individuals are appropriately licensed and qualified to provide advisory services on our behalf. Such individuals are known as Investment Advisor Representatives (IARs).

Below is a description of the investment advisory and financial planning services we offer. For more detail on any product or service please reference the advisory agreement, wrap brochure (if applicable) or speak with your JT Stratford IAR.

Investment Advisory Services

Our IARs provide continuous and regular investment advisory services on a discretionary or non-discretionary basis to you in connection with establishing and monitoring of your investment objectives, risk tolerance, asset allocation goals and time horizon. In addition, our IARs may provide information and research about investment products and

¹ Assets under advisement represent assets in which we provide consulting services and for which we have neither discretionary authority nor responsibility to hire or fire the managers and for arranging or effecting the purchase or sale of recommendations provided to and accepted by the ultimate client. Inclusion of these assets will make our total assets number different from assets under management disclosed in Item 5.F of our Form ADV Part 1A due to specific calculation instructions for Regulatory Assets Under Management.

strategies, and review portfolio performance reports. You have the opportunity to place reasonable restrictions or constraints on the way your account is managed; however, such restrictions will impact the composition and performance of your portfolio. For these reasons, performance of the portfolio may not be identical with our average client.

We offer investment advisory services through “Advisor Managed Fee Based Accounts” and “Third-Party Managed Accounts”, which include private managed accounts, affected through Triad Advisors, LLC (“Triad”), a registered broker-dealer with whom many of our financial professionals offer brokerage services. For these programs, trades are generally cleared through National Financial Services, LLC (“NFS”), pursuant to Triad’s clearing agreement with NFS. Custody of funds and securities are generally maintained by NFS, not by us. However, certain third-party money managers may not clear through NFS, and our policy is not to maintain custody of client funds or securities. However, we primarily use other custodians, such as TD Ameritrade, for client assets that are not managed under the Triad platform.

Services provided under some or all of these options may be available from other providers for lesser fees. In addition, you may buy securities (e.g., mutual funds, exchange-traded funds, etc.) outside of certain programs without incurring the program fees.

Fee-Based Advisor Managed Accounts

We have the ability to offer certain investment advisory services through various accounts established by Triad or other custodians. These Platforms offers various account structures that allow IARs to effectively meet your investment needs and preferences. Based on consultations with you, the IAR determines your investment goals and risk tolerance. The Advisory-Managed accounts give IARs the ability to customize asset allocation, investment selection, and investment strategies to meet your individual financial situation and investment objectives. Several factors may influence the IARs’ selection of your account structure including but not limited to: 1) your preference for a “wrap” vs. transaction charges per trade on certain or all securities, 2) account size, 3) anticipated trading frequency, 4) anticipated securities to be traded, and/or 5) management style. In each account structure, the IAR may manage and provide advice on mutual funds, stocks, bonds, Exchange Traded Funds (ETFs), Limited Partnerships (LPs), and options.

Apex Account

The Apex Account is a non-“wrap fee” account. The management fees to be paid under the Apex Account are described in the advisory agreement. A portion of the management fees will be paid to Triad as transaction-related service fees, which will be paid to the custodian NFS for its services. The Apex Account has no minimum account size.

Management fees are negotiable. The portion of the management fee attributable to compensation to the investment adviser representative varies.

Third-Party Managed Accounts

Private Managed Account (“PMA”) Programs

We utilize PMA programs through Triad and other custodians. The PMA programs provide access to a number of non-affiliated third-party money managers, in addition to Triad’s affiliated money managers (i.e., Ladenburg Asset Management Program), with various specialties and investment strategies (i.e., fixed-income, small cap, international, etc.), as well as asset allocation or asset management services. A PMA is an investment portfolio that is managed on a discretionary basis by a third-party money management firm primarily through individual stocks, bonds, ETFs, or mutual funds. The duties of our IARs will include assisting the client in choosing investment objectives and appropriate investment managers, setting restrictions or limitations on the management of the account, explaining portfolio strategies and transactions and answering client questions. Furthermore, we review the performance of third-party advisers on at least an annual basis and prior to introducing you to the non-affiliated investment advisers.

Sponsors of the PMA programs (e.g., Triad or other custodians), have established contractual relationships with third-party money management firms to enable you access to discretionary investment management and advisory services.

Furnishes Advice to Clients on Matters Not Involving Securities

We offer financial plans encompassing, but not limited to, the following:

- Personal Financial Planning;
- Insurance and Estate Planning;
- Capital Need Analysis;
- Tax & Cash Flow;
- Retirement Planning;
- Investment Analysis and Planning;

- Education Planning;
- Business Planning; and
- Performance Reports

Financial planning information will be obtained through personal interviews concerning your current financial status, future goals and attitudes towards risk. Related documents that you supplied are carefully reviewed, along with data gathered from you, and a written report is issued.

Pension Consulting Services

Pension Consulting consists of reviewing the Plan's investment options; recommending a portfolio structure; recommending appropriate changes in portfolio holdings (investment options) consistent with the Plan Sponsor Company 401(k) Plan's ("Plan"), pursuant to Section 401(a) of the Internal Revenue Code of 1986, Investment Policy Statement ("Investment Policy"); and advising the Plan Sponsor in support of the Plan Sponsor's fiduciary role under the Plan. However, in non-fiduciary capacity, our role will be limited to acting as the asset manager/advisor to the Plan. We will also provide to the Plan Sponsor guidance and investment weightings for asset allocation portfolios ("Portfolios") offered under the Plan. Initially, we will establish Portfolios each with a different investment horizon and risk and reward criteria; additional Portfolios may be established at a later date. We will construct and monitor the Portfolios consistent with the policies and criteria set forth in the Investment Policy. Our services shall include:

- a. Portfolio review and performance analysis;
- b. Fund weightings for each asset allocation model;
- c. Managed models for employees electing to give JT Stratford discretionary authority.
- d. Periodic discussion of changes in the weightings from previous asset allocations;
- e. Review of timing of asset allocation model rebalancing;
- f. Review of each mutual fund's historical returns;
- g. Anticipated returns for each asset class that is represented by a mutual fund; and
- h. Such additional services as the parties may agree to from time to time.

The Plan Sponsor will appoint an independent corporate trustee or custodian (the "Custodian") to take and maintain possession of all of the assets in the Plan. Neither we nor any of our "affiliates" will act as Custodian.

Sub-Advisory Arrangements

In addition to the PMA program described above, we have independently entered into sub-advisory agreements with unaffiliated registered investment advisors (“sub-advisor”) whereby the sub-advisor will manage certain designated assets in client portfolios (each a “Designated Portfolio” and collectively, the “Designated Portfolios”). Depending on the sub-advisor, we will either engage them directly or you will be required to enter into a separate agreement with the sub-advisor that defines the terms in which the sub-advisor will provide its services.

Any recommendations made by the sub-advisor shall be made on a discretionary or non-discretionary basis subject only to the investment objectives and restrictions we imposed by written notice to the sub-advisor. Prior to engaging the services of the sub-advisor, we will consult with you and determine your financial situation and individual needs, including, without limitation, your investment objectives and restrictions. In addition, we will perform initial and ongoing oversight and due diligence over each sub-advisor to ensure the strategy remains aligned with your investment objectives and overall best interest. It is, however, your obligation to notify the sub-advisor in writing of any changes in your financial situation. A complete description of the third-party investment advisor’s services and compensation relating to this arrangement will be disclosed in the sub-advisor’s Form ADV Part 2 which will be provided to you at the time an agreement for services is executed and an account is established.

We serve as your primary advisor and relationship manager. Your IAR will be available to answer questions you may have regarding the portion of your account managed by the sub-advisor and will act as the communication conduit between you and the sub-advisor. The sub-advisor may take discretionary authority to determine the securities to be purchased and sold for your account. However, we will direct the sub-advisor of the custodian in which to effect all transactions.

JTS Wrap Program

We offer a Wrap Fee Account which is administered through a clearing broker/dealer, TD Ameritrade. The Wrap Fee Program is designed to assist you in clarifying your investment needs and obtaining professional asset management for a convenient single "wrap" fee on a discretionary or non-discretionary basis. Under the Wrap Fee Program, an inclusive fee covers account management, brokerage, clearance, custody and administrative services. We will receive a portion of the WRAP fee for our services.

We typically manage wrap accounts similarly to non-wrap accounts. However, several factors may influence the selection of the account structure, including but not limited to:

1. The client's preference for a "wrap" vs. transaction charges per trade on certain or all securities.
2. Account size.
3. Anticipated trading frequency.
4. Anticipated securities to be traded.
5. Management style.
6. Long term investment goals.

The overall cost you will incur if you participate in a wrap fee program may be higher or lower than you might incur by paying transaction costs separately. To compare the cost of the wrap fee program with non-wrap fee portfolio management services, you should consider the frequency of trading activity associated with our investment strategies, the transaction charges involved, and the advisory fees charged.

Item 5 – Fees and Compensation

General Account Characteristics

Described below are general characteristics regarding “other” fees incurred, discretionary authority, payment of fees, and termination of contracts that will affect your account(s). Following these disclosures are descriptions of the accounts or services that we offer, the basic management fee structures and any unique characteristics. For a more complete discussion and disclosure regarding any Account’s services or fee structure, we will provide a detailed advisory agreement and/or the third-party investment manager’s Disclosure Brochure and the Form ADV Part 2A, Appendix 1 (wrap fee brochure), as applicable. As explained in the wrap fee brochure, the maximum fee that we will charge is 200 bps and is negotiable. However, if we agree to a tiered fee schedule, 529 Plans will not be included in our household AUM breakpoints.

Other Fees

Generally, fees for investment advisory accounts are based on a percentage of the market value of assets under management including cash and are negotiable. Therefore, clients with similar assets under management and investment objectives may pay significantly higher or lower fees than other clients. However, the advisory fee does not cover charges imposed by third parties for investments held in the Account, such as contingent deferred sales charges or 12b-1 trails on mutual funds. In addition, each mutual fund or third-party money manager charges asset management fees, which are in addition to the advisory fees charged by us. The fees charged by such funds or managers are disclosed in each fund’s prospectus or Manager’s Disclosure Brochure. The advisory fee also does not cover debit balances or related margin interest or SEC fees or other fees or taxes required by law. In addition, certain Accounts may require a minimum advisory fee or quarterly maintenance fee that will be detailed in the applicable advisory agreement. Furthermore, JT Stratford charges households with accounts over \$50,000 an annual \$85 admin/technology fee to offset the expenses associated with the services JT Stratford offers to each client.

Payment of Fees

For the majority of accounts, fees are payable quarterly in advance, and automatically deducted from the account pursuant to the advisory agreement. If an account is opened in the first or second month of a quarter, it will be charged one fee during its first billing cycle, which will occur during the first full month after the account is established. The fee is prorated for the number of days the account was open based on the start date through the end of the quarter. For client assets that are managed under the Triad Investment

Programs, fees will be based on the average daily balance of the account during the first partial month. If an account is opened in the third month of a quarter, it will be charged two fees in its first billing cycle. The first will be for its partial quarter. The second will be for the upcoming full quarter. The fees will be charged on the 15th business day of the first full month, or the first month of the next quarter. Going forward, our fees are calculated at the end of the quarter and charged during the first month of the quarter based on the average daily balance of the account, for the last month of the preceding quarter. Additional deposits of funds and/or securities will be subjected to the same billing procedures.

Certain accounts fees are payable monthly in advance and automatically deducted from the account pursuant to the advisory agreement. The account will be billed for the first partial month and the first full month during the first full month. Our fees are calculated based on the average daily balance during the first partial month. Going forward, all monthly fees will be charged in the current month based on the prior month's average daily balance.

Certain third-party managers may calculate their fees based on quarter ending balances or some other method which will be disclosed in the applicable Disclosure Brochure, Wrap Brochure, and advisory agreement provided to the client.

For majority of our accounts, certain client assets that are not managed under the Triad platforms, the fee for investment management will be based on the ending value of the account on the last day of the previous quarter and is payable quarterly in advance. The first advisory fee is based on the value of the account on the first day of management by Adviser and is payable within one month after execution of the agreement. The first advisory fee will be assessed on pro-rata basis taking into account the time for which the account was not managed by Adviser and the time left in the quarter.

Termination of Contracts

The advisory agreement may be terminated at any time upon notice by either party. Fees paid in advance will be prorated to the date of termination and any unearned portion of the fee will be refunded to the client.

Detailed information on the termination terms and fees can be found in the applicable advisory agreement.

Fee-Based Advisor Managed Accounts

Apex Account

The Apex Account has no minimum account size and advisory fees are negotiable. The basic asset-based fee schedule for the Apex Account is as follows:

<u>Portfolio Value</u>	<u>Annual Fee</u>
\$ 0 - \$ 150,000	2.75%
\$ 150,001 - \$ 500,000	2.25%
\$ 500,001 - \$2,000,000	1.75%
\$1,000,001 - \$2,000,000	1.50%
\$2,000,001 - \$3,000,000	1.35%

In addition to the advisory fee, accounts are assessed transaction charges. These transaction charges may be higher or lower than transaction charges or commissions the client may pay at other broker-dealers. All transactions are subject to postage and handling fees. Transaction charges are reduced and simplified. The current Apex transaction schedule is detailed in the Apex Advisory Agreement.

Third-Party Managed Accounts

Private Managed Account (“PMA”) Programs

You pay us a quarterly fee for its services based on a percentage of the value of your account. The fee will be tiered based upon the value of your account. The RIA fee for each type of account is negotiable; however, the third-party manager's fee may or may not be negotiated. In addition, minimum account balances may be required by the third-party manager. Specific account information regarding these fees and other possible restrictions are disclosed in the PMA agreement, and applicable Wrap Brochure. The basic PMA fees schedule is as follows (it should be noted that this schedule identifies the range of possible fees and it would be unusual for an account to be charged the maximum fee in each category):

Range of Fees	Portfolio Management (Annual Fee)
RIA Fee	.0% - 1.80%
3 rd Party Money Manager Fee	.10% - 1.50%
Brokerage/Clearing/Custody Fee	.03% - 0.35%
Total Fee Range	.13% - 2.75%

Any minimum account sizes are disclosed in the applicable PMA agreement and Wrap Brochure.

TD Ameritrade, Inc.

Unless as agreed upon between you and TD Ameritrade, Inc. ("TD Ameritrade"), those Institutional Client Accounts held at TD Ameritrade that select the single periodic asset-based fee (an "ABF") option will be charged to your TD Ameritrade institutional brokerage account(s) (collectively, the "Account"). Otherwise, TD Ameritrade will charge to your Account transaction-based commissions. The ABF is based on the amount of certain assets [subject to exclusions described in your Asset-Based Fee Program Addendum to TD Ameritrade Institutional Client Account Application and Agreement ("ABP Agreement")]] in your Account rather than transaction-based commissions (the "Asset-Based Fee Program" or the "Program") appropriate for your Account.

The Program and the ABF described herein are not right for everyone. In determining whether to agree to these arrangements, we will consider, among other things, your investment strategies and trading patterns (including the frequency of trading and the number and size of the transactions for your Account), the costs and potential benefits of this arrangement as compared to paying commissions on a per-trade basis, and your investment objectives and goals.

The ABF will be based on the amount of assets in the Account to which such asset-based pricing applies (the "Eligible Assets"). The Eligible Assets include all assets in the Account except for assets held in money market funds, non-transaction-fee mutual funds, and commission-free exchange traded funds. The ABF does not cover every fee and expense associated with your Account. Please see section 4 of the ABP Agreement.

The annual ABF will be determined in accordance with the Schedule provided in the ABP Agreement by either (i) the annual minimum or (ii) multiplying the amount of Eligible Assets by the annual asset-based price percentage rate ("Annual Percentage Rate"). The Annual Percentage Rate depends on the amount of Eligible Assets in an Account (the "Asset Range"). TD Ameritrade, in its sole discretion, determines the Annual Percentage Rate that applies to each Asset Range in the Account. The ABF will appear in TD Ameritrade's statements of your Account, under the "Account Details" column as "ABF."

The ABF will be computed for each of your accounts in the Program for each calendar quarterly billing period and charged on a quarterly basis in arrears. For the purpose of calculating the ABF, TD Ameritrade will compute the value of the Eligible Assets in your

Account in a manner determined in good faith by TD Ameritrade in its sole discretion to reflect market value. TD Ameritrade may use prices obtained from third-party vendors.

Furnishes Advice to Clients on Matters Not Involving Securities

For a full written financial plan, we may charge a flat fee up to \$3,000 unless agreed upon between us, which will be quoted prior to the contract being executed. The fee for this service will be determined according to the complexity of the plan as well as the extent of service you desire. An estimated fee will be given upon contracting with you. Fees may be negotiable. Fees may also be charged on an hourly rate up to \$250 per hour.

Fees are paid upon completion of the plan or the services unless agreed upon the between us. The contract may be terminated by either party upon 30 days' notice. We will, upon your written request, refund fees prorated to the amount of work completed. If you terminate the contract within 5 business days of signing the contract shall be provided a full refund.

There is an inherent conflict of interest when we recommend securities transactions or investment advice, which result in you becoming a client and paying us a fee for ongoing services. We address this conflict with our fiduciary duty to provide advice we believe to be in your best interest. However, you are under no obligation to act on our IARs' recommendations. If you elect to act on any of the recommendations, you are under no obligation to effect the transactions through us, or our associated persons when such person is employed as an agent of Triad, a licensed broker dealer.

Pension Consulting Services

Asset Based Fee (Tiered)

Annual Rate on the first \$1,000,000:	1.25%
\$1,000,000 - \$5,000,000:	1.00%
\$5,000,001 - \$10,000,000:	0.80%
Above \$10,000,000:	0.60%

Fees are negotiable and deducted quarterly at 25% of the annual rate paid arrears.

The Third-Party Administrator (TPA) will state the amount of the fee for the quarter in question and the manner in which the fee was calculated. The TPA will send a copy of the amount of the fee and calculation to JT Stratford to verify and approve the disbursement amount per the fee arrangement. The Custodian has agreed (or the Plan Sponsor will obtain such agreement from the Custodian) to send to the Plan Sponsor at least quarterly a statement indicating all amounts disbursed from the Plan, including the amount of fees paid directly to us, if any.

The term of this agreement shall be for one (1) year and shall be automatically renewed for an additional one (1) year term unless terminated by either party. The agreement may be terminated by the Plan Sponsor at any time immediately upon notice to us. We may terminate the agreement upon thirty (30) days' notice to the Plan Sponsor.

Sub-Advisory Arrangements

For sub-advisors that we engage directly, we will pay a portion of the advisory fee that you pay to us to the sub-advisor until the Sub-Advisory Agreement remains in effect. The sub-advisory fee will not be greater than 1.00%. A quarterly fee for the services the sub-advisor provides is paid in advance and shall be calculated on a per account basis using the ending market values for the proceeding calendar quarter. We will pay the sub-advisory fees to the sub-advisor on or before the 15th day following the beginning of the quarter for which the fee applies. If the Sub-Advisory Agreement is terminated prior to the end of the quarter, the sub-advisory fee shall be prorated up to the date of termination for the period in which investment advisory services were provided by the sub-advisor. Either party may terminate the Sub-Advisory Agreement upon 30 days' notice to the other.

In addition, certain sub-advisory arrangements require that you engage the sub-advisor directly and we will help facilitate that arrangement. Under this scenario you will directly engage and pay the sub-advisor per their advisory agreement. Your IAR can assist you with this process but the ultimate terms are agreed to between you and the sub-adviser.

Item 6 – Performance-Based Fees and Side-By-Side Management

We do not charge advisory fees on a share of the capital gains or capital appreciation of the funds or securities in a client account (so-called performance-based fees). Our compensation structure is disclosed in detail in Item 5 above.

Item 7 – Types of Clients

We provide investment advisory services to individuals including high net worth individuals, pension and profit-sharing plans, charitable organizations, and corporations. Although we do not impose a minimum account value, the third-party money managers may require a minimum account size based on the product selected.

Private Managed Accounts

Certain third-party managers have minimum account size requirements, as set forth in that manager's applicable disclosure brochure.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

As described in Item 4 above, our investment strategies may include long term and short-term buy and hold, short sales, margin transactions, and option strategies. Our IARs may actively trade option contracts or on margin for client's accounts, which could result in a high portfolio turnover ratio. Additionally, the use of margin may also result in interest charges as well as all other fees and expenses associated with the security or account involved.

In determining the investment advice to give to you, we may utilize charting to determine trends and project future values. In a fundamental analysis, we analyze the financial statements and health of a business, its management and competitive advantages, and its competitors and markets but usually focusing on growth or value (or sometimes a combination of both) to determine if such security meets the clients' needs and objectives. We will take into consideration when making investment decisions the stages of the business during a given point in time. We may also perform a security analysis discipline, known as a technical analysis, in forecasting the direction of prices through the study of past market data, primarily price and volume.

Legal and Regulatory Matters Risks - Legal developments which may adversely impact investing and investment-related activities can occur at any time. "Legal Developments" means changes and other developments concerning foreign, as well as US federal, state and local laws and regulations, including adoption of new laws and regulations, amendment or repeal of existing laws and regulations, and changes in enforcement or interpretation of existing laws and regulations by governmental regulatory authorities and self-regulatory organizations (such as the SEC, the US Commodity Futures Trading Commission, the Internal Revenue Service, the US Federal Reserve and the Financial Industry Regulatory Authority). Our management of accounts may be adversely affected by the legal and/or regulatory consequences of transactions effected for the accounts. Accounts may also be adversely affected by changes in the enforcement or interpretation of existing statutes and rules by governmental regulatory authorities or self-regulatory organizations.

System Failures and Reliance on Technology Risks - Our investment strategies, operations, research, communications, risk management, and back-office systems rely on technology, including hardware, software, telecommunications, internet-based platforms, and other electronic systems. Additionally, parts of the technology used are provided by third parties and are, therefore, beyond our direct control. We seek to ensure adequate backups of hardware, software, telecommunications, internet-based platforms, and other electronic systems, when possible, but there is no guarantee that our efforts

will be successful. In addition, natural disasters, power interruptions and other events may cause system failures, which will require the use of backup systems (both on- and off-site). Backup systems may not operate as well as the systems that they back-up and may fail to properly operate, especially when used for an extended period. To reduce the impact a system failure may have, we continually evaluate our backup and disaster recovery systems and perform periodic checks on the backup systems' conditions and operations. Despite our monitoring, hardware, telecommunications, or other electronic systems malfunctions may be unavoidable, and result in consequences such as the inability to trade for or monitor client accounts and portfolios. If such circumstances arise, the Investment Committee will consider appropriate measures for clients.

Cybersecurity Risk - A portfolio is susceptible to operational and information security risks due to the increased use of the internet. In general, cyber incidents can result from deliberate attacks or unintentional events. Cyberattacks include, but are not limited to, infection by computer viruses or other malicious software code, gaining unauthorized access to systems, networks, or devices through "hacking" or other means for the purpose of misappropriating assets or sensitive information, corrupting data, or causing operational disruption. Cybersecurity failures or breaches by third-party service providers may cause disruptions and impact the service providers' and our business operations, potentially resulting in financial losses, the inability to transact business, violations of applicable privacy and other laws, regulatory fines, penalties, reputational damage, reimbursement, or other compensation costs, and/or additional compliance costs. While we have established business continuity plans and risk management systems designed prevent or reduce the impact of such cyberattacks, there are inherent limitations in such plans and systems due in part to the everchanging nature of technology and cyberattack tactics.

Pandemic Risks - The recent outbreak of the novel coronavirus rapidly became a pandemic and has resulted in disruptions to the economies of many nations, individual companies, and the markets in general, the impact of which cannot necessarily be foreseen at the present time. This has created closed borders, quarantines, supply chain disruptions and general anxiety, negatively impacting global markets in an unforeseeable manner. The impact of the novel coronavirus and other such future infectious diseases in certain regions or countries may be greater or less due to the nature or level of their public health response or due to other factors. Health crises caused by the recent coronavirus outbreak or future infectious diseases may exacerbate other pre-existing political, social, and economic risks in certain countries. The impact of such health crises may be quick, severe and of unknowable duration. This pandemic and other epidemics and pandemics that may arise in the future could result in continued volatility in the financial markets and could have a negative impact on investment performance.

There are inherent risks involved for each investment strategy or method of analysis we use and the particular type of security we recommend. Investing in securities involves risk of loss which you should be prepared to bear.

Item 9 – Disciplinary Information

We do not have any legal, financial or other “disciplinary” item to report. We are obligated to disclose any disciplinary event that would be material to you when evaluating us to initiate a Client / Adviser relationship, or to continue a Client /Adviser relationship with us.

Item 10 – Other Financial Industry Activities and Affiliations

Neither JT Stratford nor any of our management persons (except as disclosed below) are registered, or have an application pending to register as a broker-dealer, futures commission merchant, commodity pool operator, commodity trading advisor or as an associated person of the foregoing entities.

In addition, neither JT Stratford nor any of our management persons have any relationship or arrangement that is material to our advisory business or to our clients that JT Stratford or any of our management persons have with an affiliated person that is, under common control and ownership, a:

- Broker-dealer, municipal securities dealer, or government securities dealer or broker,
- Investment company or other pooled investment vehicle,
- Other investment adviser or financial planner,
- Futures commission merchant (or commodity pool operator or commodity trading advisor),
- Banking or thrift institution,
- Accountant or accounting firm,
- Lawyer or law firm,
- Pension consultant,
- Real estate broker or dealer, or
- Sponsor or syndicator of limited partnerships.

The Stratford Group, Inc. is an affiliate of JT Stratford and is licensed as an insurance agency with the Georgia Department of Insurance to sell accident & sickness, casualty, life, property, and variable insurance products. In addition, a number of the IARs either conducts insurance business through Colhoun, Robins, Davenport & Company, LLP (“CRD”) to sell Life, Variable Life & Variable Annuity, and Accident & Health or Sickness insurance products, or SFS Financial Inc. doing business as Benefit Resources, LLC (“Benefit Resources”) to sell Accident & Sickness, Casualty, Life and Property insurance products. CRD is licensed as an insurance agency with the North Carolina Department of Insurance, and Benefit Resources is licensed as an insurance agency with the Georgia

Department of Insurance. Both entities are not affiliated with JT Stratford. These IARs are licensed to sell such insurance products through various companies. Appropriately licensed IARs will receive compensation for the sale of such products. You are under no obligation to purchase insurance products through any particular insurance agency or IAR and may effect any such transactions where you desire.

However, D. Todd Ferguson and several of our IARs are registered representatives of Triad, a FINRA registered broker dealer and various regulatory agencies. We may also recommend other advisers to manage your assets. Any compensation arrangements or other business relationships between the advisory firms are described in detail in items 4 and 5 above.

Triad is also a licensed SEC investment adviser. Activities listed and commissions earned are independent from and in addition to those of JT Stratford.

Triad is an SEC-registered investment adviser and broker-dealer and is a wholly owned subsidiary of Advisor Group Holdings, Inc., which is owned primarily by a consortium of investors through RCP Artemis Co-Invest, L.P., an investment fund affiliated with Reverence Capital Partners LLC. The consortium of investors includes, RCP Genpar Holdco LLC, RCP Genpar L.P., RCP Opp Fund II GP, L.P., and The Berliniski Family 2016 Trust. Triad is also affiliated with Ladenburg Thalmann & Co. and Investacorp, Inc., full-service broker-dealers registered with the SEC, FINRA and various state regulatory agencies.

Certain of our associated persons are also licensed to sell life and annuity insurance products through various companies. See below for additional details.

The above affiliation may be considered material; however, we are not affiliated with Triad.

Certain IARs are licensed to sell life and annuity insurance products through Triad Insurance, Inc, (a wholly owned subsidiary of Triad), and various other companies. Triad Insurance, Inc., as well as the appropriately licensed IARs, will receive compensation for the sale of such products. The client is under no obligation to purchase insurance products through any particular insurance agency or IAR and may effect any such transactions where the client desires.

We, through our relationship with Triad, have entered into an arrangement with Ash Brokerage, LLC ("Ash"), who is in the business of brokering transactions, (such transactions hereinafter referred to as "Life Settlements"), involving the sale of existing life insurance policies by the policy owner (hereinafter referred to as "Seller") to a funding entity. Ash will give Triad access to its Life Settlement methods practices, procedures,

and materials related to its business. Triad desires to solicit applications for Life Settlements from prospective Sellers identified and contacted by Triad.

We shall refer to Ash Applicants who are interested in entering into Life Settlements. Each Applicant we refer, regarding Life Settlement services, shall complete and execute such documents as Ash may from time to time require for the purpose of facilitating Life Settlements. Further, in performing our obligations under this agreement, we shall comply with all rules, regulations, instructions, procedures and guidelines (collectively, the "Instructions") as may be amended from time to time in writing by Ash.

We shall (a) solicit the purchase of existing life insurance policies ("Policies") from appropriate Sellers, (b) with respect to any policy presented to Ash hereunder, promptly complete and deliver to Ash an application for brokerage of a Life Settlement (in the form prescribed by Ash) ("Application"), medical records, authorizations and such other information as Ash may require in connection with evaluating the Seller, his or her Policy and terms of a Life Settlement transaction, and (c) comply with the Instructions and complete such reasonable educational requirements as may be promulgated by Ash from time to time.

We will receive compensation for policies sold by Ash for each client exclusively referred by us to Ash. Commissions shall be earned only after a sale is closed, client receives his/her settlement payment, and all applicable rescission periods have expired.

We have entered into a sub-advisor relationship with an unaffiliated registered investment adviser. In the Sub-Advisory Agreement, we agreed to provide discretionary investment management services for certain designated assets in client portfolios. Refer to Items 4 and 5 above for details of our business relationship and the compensation we receive.

We have entered into a Fixed Income Consulting Agreement ("Agreement") with a third-party, Fulcrum Point Financial, LLC ("Fulcrum"), for providing analysis to fixed income securities. Specifically, Fulcrum will provide support in monitoring and servicing of Fixed Income Portfolios held from time to time by our clients by reviewing your account and providing recommendations to us related to your Fixed Income Portfolios. Fulcrum will not employ investment discretion with respect to the Fixed Income Portfolios. Fulcrum will provide periodic updates and consult with us in determining which program model would be best suited for the Fixed Income Portfolios based on Fulcrum's understanding of our client's investment objectives, investment timeline and investment restrictions. To accomplish these services, our custodian, TD Ameritrade and Fulcrum have entered into a Confidentiality Agreement in which Fulcrum will have access to interested party's Fixed Income Portfolios.

We have entered into a Consulting Agreement with a registered investment adviser (“consultant”) to provide consulting for certain investment strategies. Specifically, the consultant will provide support in the recommending, monitoring and the analysis of equity and fixed income portfolios (“Portfolios”). Such services do not affect the fees paid by the client to JT Stratford. Details of our arrangement is available in the Consulting Agreement.

At least once a quarter, the consultant will provide JT Stratford with an update with respect to the Portfolios in order to discuss whether the Portfolios, or any program model in which such are invested, continue to conform to the requirements, restrictions, and objectives of our clients. We will continue to maintain discretionary authority with respect to the Portfolios.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Our firm has adopted a written Code of Ethics in compliance with SEC Rule 204A-1 under the Investment Advisers Act of 1940 (as amended—the Advisers Act) and in compliance with state regulations. All employees of JT Stratford are deemed by the Advisers Act to be supervised persons² and are therefore subject to this Code of Ethics. In carrying on its daily affairs, JT Stratford and all of our associated persons shall act in a fair, lawful and ethical manner, in accordance with the rules and regulations imposed by our governing regulatory authority. The Code of Ethics sets forth standards of conduct and requires compliance with state securities laws. Our Code of Ethics also addresses personal trading and requires our personnel to report their personal securities holdings and transactions to our Chief Compliance Officer. We will provide a copy of our Code of Ethics to you or any prospective client upon request within a reasonable period of time at the current address of record.

We have created a Code of Ethics which establishes standards and procedures for the detection and prevention of certain conflicts of interest including activities by which persons having knowledge of the investments and investment intentions of JT Stratford might take advantage of that knowledge for their own benefit. We have in place Ethics Rules (the “Rules”), which are comprised of the Code of Ethics and Insider Trading policies and procedures. The Rules are designed to ensure that our personnel (i) observe applicable legal (including compliance with applicable state and federal securities laws) and ethical standards in the performance of their duties; (ii) at all times place the interests of our clients first; (iii) disclose all conflicts of interest; (iv) adhere to the highest standards of loyalty, candor and care in all matters relating to its clients; (v) conduct all personal trading consistent with the Rules and in such a manner as to avoid any conflicts of interest or any abuse of their position of trust and responsibility; and (vi) not use any material non-public information in securities trading. The Rules also establish policies regarding other matters such as outside employment, the giving or receiving of gifts, and safeguarding portfolio holdings information.

Under the general prohibitions of the Rules, our personnel may not: 1) effect securities transactions while in the possession of material, non-public information; 2) disclose such information to others; 3) participate in fraudulent conduct involving securities held or to

² Supervised person means any partner, officer, director (or other person occupying a similar status or performing similar functions), or employee of an investment adviser, or other person who provides investment advice on behalf of the investment adviser and is subject to the supervision and control of the investment adviser.

be acquired by any client; and 4) engage in frequent trading activities that create or may create a conflict of interest, limit their ability to perform their job duties, or violate any provision of the Rules.

Our personnel are required to conduct their personal investment activities in a manner that we believe is not detrimental to its advisory clients. Our personnel are not permitted to transact in securities except under circumstances specified in the Code of Ethics. The policy requires all Access Persons³ to report all personal transactions in securities not otherwise exempt under the policy. All reportable transactions are reviewed for compliance with the Code of Ethics. The Ethics Rules are available to you and prospective clients from upon request by contacting us during regular business hours. We will furnish a copy within a reasonable period of time to you at your current address of record.

If the client so chooses, they may implement investment advisory recommendations by utilizing the IAR's status as registered representatives of Triad. As registered representatives, our associated persons can sell securities to any client for commissions. This presents a conflict of interest as the associated persons could receive fees and commissions if the client chooses to implement recommendations of the associated persons in their capacity as registered representatives. To address this conflict of interest, we have developed and implemented a Compliance Program designed to monitor our IARs' fiduciary duty.

Our firm, and/or our officers, directors or employees may buy or sell for their own accounts, securities that are also held by their clients. Conversely, they may buy and sell securities for client accounts which they themselves may own. Such transactions are permitted if in compliance with our Policy on Personal Securities Transactions. Your transactions will always take precedence over our own or any related persons' transactions. Records will also be maintained of all securities products bought or sold by us, the related persons or related entities. Such records will be available for inspection upon request. Reports of personal transactions in securities by our IARs are reviewed by the firm's Compliance Department quarterly or more frequently if required.

³ Access person means any of your supervised persons who has access to nonpublic information regarding any clients' purchase or sale of securities, or nonpublic information regarding the portfolio holdings of any reportable fund, or who is involved in making securities recommendations to clients, or who has access to such recommendations that are nonpublic. If providing investment advice is your primary business, all of your directors, officers and partners are presumed to be access persons.

We do not, nor does a related person recommend to you, or buy or sell for your accounts, securities in which we (or a related person) have a material financial interest.

We do not execute transactions on a principal or agency cross basis.

We and the sub-advisor agree that all non-public records, information, and data relating to the business of the other, clients or Designated Portfolios (including, without limitation, any and all non-public, personal information regarding clients) that are exchanged or negotiated pursuant to the Sub-Advisory Agreement or in carrying out the agreement are, and shall remain, confidential and will not be disclosed to any third-party without our consent.

Item 12 – Brokerage Practices

We do not select broker-dealers for client transactions. However, we primarily recommend and use TD Ameritrade as the custodian for our clients. Depending on your circumstances and needs, we may recommend other broker-dealers (e.g., National Financial Services). Factors we consider when making any recommendations include the broker-dealers ability to provide professional services, our experience with the brokerage firm(s), the broker-dealer(s) reputation, and the firms' quality of execution services and costs for such services, among other factors. You are under no obligation to accept any of our recommendations and are free to select any broker-dealer you may choose. We do not warrant or represent that commissions for transactions implemented through such brokers will be lower than commission rates available if you use another brokerage firm.

Despite the reasoning for favorable execution, we may be willing to use a different broker-dealer at the client's direction. Clients directing the use of a particular broker/dealer or other custodian must understand that we may not be able to obtain the best prices and execution for the transaction. Under a client-directed brokerage arrangement, clients may receive less favorable prices than would otherwise be the case if the client had not designated a particular broker/dealer or custodian. Directed brokerage account trades are generally placed by us after effecting trades for other clients. In the event that a client directs us to use a particular broker or dealer, we may not be authorized to negotiate commissions and may be unable to obtain volume discounts or best execution. In addition, under these circumstances a disparity in commission charges may exist between the commissions charged to clients who direct us to use a particular broker or dealer versus clients who do not direct the use of a particular broker or dealer.

We do not receive research or other products or services from a broker-dealer or a third-party in connection with client securities transactions ("soft dollar benefits") that we would consider a factor in utilizing a particular broker-dealer. However, through our relationship with any custodian, we may receive certain services and products, such as fundamental research reports, technical and portfolio analyses, pricing services, economic forecasting and general market information, historical data base information and computer software that assist with our investment management process.

We do not consider whether we or a related person receive client referrals from a broker-dealer or third-party in selecting or recommending broker-dealers to our clients.

We may simultaneously enter orders to purchase or sell the same securities for the account of two or more clients. It is our practice that these orders be "batched" for ease of execution. Since there may be several prices at which the securities transactions are

executed and the orders were entered as one order for all accounts, it is our practice to treat all subject accounts equally, averaging the execution prices of the related trades and applying the average price to each transaction and account. Allocations of “batched” trades also may be rounded up or rounded down to avoid odd lot or small holdings in any client account.

TD Ameritrade Additional Services Program

We participate in the TD Ameritrade Additional Services program. TD Ameritrade Institutional is a division of TD Ameritrade, Inc., member FINRA/SIPC (“TD Ameritrade”), an unaffiliated SEC-registered broker-dealer and FINRA member. TD Ameritrade offers to independent investment Advisors services which include custody of securities, trade execution, clearance and settlement of transactions. We receive some benefits from TD Ameritrade through our participation in the program. (Please see the disclosure under Item 14 below.)

Item 13 – Review of Accounts

REVIEWS: Accounts are reviewed by their IARs on an ongoing basis and we attempt to meet (in person or over the phone) with each client to formally review their accounts at least annually. However, it is up to each client to determine if they want this formal meeting. Reviews of investment accounts typically look at portfolio consistency with regards to your risk tolerance, investment time horizon, performance objectives, and asset allocation instructions. Any third-party money manager to whom the IAR recommends for advisory services provides regular quarterly account report to you and the IAR. Reviews also consist of covering account holdings, transactions, charges, and performance as provided on such statements and other account reports. Also, if you receive financial planning advice reviews are made on the same schedule. Reviews may cover progress toward financial independence, anticipated distributions toward family legacy goals, anticipated distributions for social capital or charitable goals, as well as other goals communicated by you. In either type of review, accounts will also be reviewed upon notice of changes in your circumstances.

REVIEWERS: Accounts are primarily reviewed by your IAR. In addition, our compliance program includes the periodic review of a sample of customer accounts for consistency with your risk tolerance, investment time horizon, performance objectives, and asset allocation instructions. There is no minimum number of accounts assigned for the reviewer.

You are provided with written monthly account statements from the custodian, depending on the activity in the account. Reports include details of your holdings, and other transaction information. We will also provide written quarterly reports which includes details of your holdings, asset allocation and other transaction information. Comparisons to market indices and account performance may be used to evaluate account performance in review with you.

Item 14 – Client Referrals and Other Compensation

We have a limited number of arrangements whereby from time to time JT Stratford may compensate, either directly or indirectly, affiliated and/or unaffiliated persons for client referrals and/or service. Under such arrangements, JT Stratford generally pays a percentage of the investment advisory fee payable to us by the client. This fee may vary according to each agreement. Clients referred to JT Stratford will not be charged more than similarly-situated clients who were not referred to JT Stratford. Clients referred to us by a Solicitor will receive a copy of this Disclosure Brochure along with the Solicitor's disclosure statement at the time of the referral. Referral arrangements are entered into in accordance with Advisers Act Rule 206(4)-3.

Solicitors that refer business to more than one investment adviser may have a financial incentive to recommend advisers with more favorable compensation arrangements. Our Solicitors will disclose to you whether multiple referral relationships exist and that comparable services may be available from other advisers. Referral fees paid to a Solicitor are contingent upon your entering into an advisory agreement with JT Stratford. This creates a conflict of interest given that the Solicitor has a financial incentive to recommend our firm to you for advisory services. However, you are not obligated to retain our firm for advisory services. Comparable services and/or lower fees may be available through other firms. In addition, JT Stratford has implemented a compliance program to monitor for such conflicts and our relationships with solicitors are periodically reviewed.

Our associated persons, in their capacity as registered representatives of Triad, may receive commissions earned on securities transactions directed through same. Any such fee arrangements shall be fully disclosed to clients. In connection with the placement of client funds into investment companies, compensation may take the form of front-end sales charges, redemption fees and 12(b)-1 fees or a combination thereof. The prospectus for the investment company will give explicit detail as to the method and form of compensation.

TD Ameritrade Additional Services Program

As disclosed under Item 12 above, we receive from TD Ameritrade certain additional economic benefits ("Additional Services") that may or may not be offered to any other independent investment advisors participating in the program. We may recommend TD Ameritrade to clients for custody and brokerage services. There is no direct link between our participation in the program and the investment advice we give to our clients, although we receive economic benefits through our participation in the program. Specifically, the Additional Services with Orion includes the following products and services (provided

without cost or at a discount): research related products and tools, access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts), research, technology, and practice management products or services provided to us by third-party vendors.

Some of the products and services made available by TD Ameritrade through the program may benefit us but may not benefit our clients. These products or services may assist us in managing and administering client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help us manage and further develop its business enterprise. These benefits received by us, or its associated persons, do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to clients, we endeavor at all times to put the interests of our clients first. Clients should be aware, however, that the receipt of economic benefits by us or its related persons in and of itself creates a conflict of interest and may indirectly influence our choice of TD Ameritrade for custody and brokerage services.

TD Ameritrade provides the Additional Services to us in its sole discretion and at its own expense, and we do not pay any fees to TD Ameritrade for the Additional Services. We and TD Ameritrade have entered into a separate agreement ("Additional Services Addendum") to govern the terms of the provision of the Additional Services.

Our receipt of Additional Services raises conflicts of interest. In providing Additional Services to us, TD Ameritrade most likely considers the amount and profitability to TD Ameritrade of the assets in, and trades placed for, our client accounts maintained with TD Ameritrade. TD Ameritrade has the right to terminate the Additional Services Addendum with us, in its sole discretion, provided certain conditions are met. Consequently, in order to continue to obtain the Additional Services from TD Ameritrade, we may have an incentive to recommend to its clients that the assets under management by us be held in custody with TD Ameritrade and to place transactions for client accounts with TD Ameritrade. Our receipt of Additional Services does not diminish its duty to act in the best interests of our clients, including to seek best execution of trades for client accounts.

Item 15 – Custody

We do not have custody of client funds or securities. Client assets are held at a qualified custodian. However, we are deemed to have limited custody of some of our clients' funds or securities when the clients authorize us to deduct our management fees directly from the client's account. In addition, we are also deemed to have custody of clients' funds or securities when clients have standing letters of authorizations ("SLOAs") with their custodian to move money from a client's account to a third-party, and under that SLOA it authorizes us to designate the amount or timing of transfers with the custodian. The SEC has set forth a set of standards intended to protect client assets in such situations, which we follow. The qualified custodian will send you, at least quarterly, your account statements. The account statements will reveal the funds and securities held with the qualified custodian, any transactions that occurred in your account, and the deduction of our fee. You should carefully review the account statements received from the qualified custodian and compare them with any statements that you receive from us. You should contact us at the address or phone number on the cover of this brochure with any questions about your statements. You should notify us if you do not receive the account statements, at least quarterly, from the qualified custodian.

Item 16 – Investment Discretion

As described in detail in Item 4 above, in certain cases, you may give a third-party money manager discretionary authority to more actively manage your assets. This authority is disclosed in the applicable advisory agreement. Our IAR will have discretionary or non-discretionary authority to manage your assets.

Upon receiving written authorization from you, our IARs may occasionally accept trading authority when it is necessary to assist you in implementing your investment strategy. Types of securities, as well as dollar size of transactions, the broker dealer to be used, and the commission rates to be paid are specifically noted in the written client agreement. You will have the right to place reasonable restrictions on such authority. Any restrictions must be submitted in writing to us.

Item 17 – Voting Client Securities (i.e., Proxy Voting)

We do not have, nor will we accept authorization to vote client securities. You will receive proxies or other solicitations directly from your custodian or a transfer agent. You should contact your custodian or a transfer agent with questions about a particular solicitation.

Item 18 – Financial Information

We are not required to provide financial information to our clients because we do not:

- require the prepayment of more than \$1,200 in fees and six or more months in advance, or
- take custody of client funds or securities, or
- currently have a financial condition that is reasonably likely to impair our ability to meet our commitments to you.

Additionally, we have not been the subject of a bankruptcy petition at any time during the past ten years.

Item 19 – Requirements for State-Registered Advisers

JT Stratford is an SEC-registered investment adviser; so, this section is not applicable.
