Item 4 Advisory Business

- A. Huber, Weakland & Associates, Inc., doing business as “HWA Financial Group” (the “Registrant”), is a corporation formed in the State of Maryland. The Registrant became registered as an Investment Adviser Firm in September 1999 and is 100% owned by Philip Huber, Jr.

B.

HWA WEALTH INVESTMENT ADVISORY SERVICES

The Registrant provides discretionary investment advisory services on a *fee* basis. The Registrant’s annual investment advisory fee is based upon a percentage (%) of the market value of the assets placed under the Registrant’s management, generally between negotiable and 1.00%.

Registrant’s annual investment advisory fee shall include investment advisory services, and, to the extent specifically requested by the client, financial planning and consulting services. In the event that the client requires extraordinary planning and/or consultation services (to be determined in the sole discretion of the Registrant), the Registrant may determine to charge for such additional services, the dollar amount of which shall be set forth in a separate written notice to the client.

HWA ASPIRE PROGRAM

When consistent with a client’s investment objectives for clients with investment accounts possessing a market value of at least \$5,000, Registrant may determine to provide portfolio management services through its HWA Aspire program (“HWA Aspire”), an automated investment program through which clients are invested in a range of investment strategies that the Registrant has constructed and manages, each consisting of a portfolio of ETFs and a cash allocation. HWA Aspire clients may instruct the Registrant to exclude up to three ETFs from their portfolio.

To commence a HWA Aspire engagement, clients are required to enter into an *Investment Advisory Agreement* with the Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the fee that is due from the client. An investment adviser representative will then meet with the client to ascertain investment objectives, risk tolerances, restrictions, and to determine the scope of services. Once defined and agreed upon, the client’s portfolio is held in a brokerage account opened by the client at Charles Schwab & Co., Inc. (“CS&Co”). To operate HWA Aspire, Registrant uses the Institutional Intelligent Portfolios® platform (“Platform”), offered by Schwab Performance Technologies (“SPT”), a software provider to independent investment advisors and an affiliate of CS&Co. The Registrant will allocate investment assets consistent with the client’s designated investment objectives on a discretionary basis through the SPT Platform generally following the parameters of one or more similarly managed investment allocation models.

Registrant is independent of and not owned by, affiliated with, or sponsored or supervised by SPT, CS&Co., or their affiliates (together, “Schwab”). Registrant, and not Schwab, is the client’s investment adviser and primary point of contact with respect to HWA Aspire. As between Registrant and Schwab, Registrant is solely responsible, and Schwab is not responsible, for determining the appropriateness of the Program for the client, choosing a

suitable investment strategy and portfolio for the client's investment needs and goals, and managing that portfolio on an ongoing basis. Registrant has contracted with SPT to provide Registrant with the Platform, which consists of technology and related trading and account management services for HWA Aspire. The Platform enables Registrant to make HWA Aspire available to clients online and includes a system that automates certain key parts of our investment process (the "System"). The System includes an online questionnaire that helps Registrant determine the client's investment objectives and risk tolerance and select an appropriate investment strategy and portfolio. Clients should note that Registrant will recommend a portfolio via the System in response to the client's answers to the online questionnaire. The client may then indicate an interest in a portfolio that is one level less or more conservative or aggressive than the recommended portfolio, but Registrant then makes the final decision and selects a portfolio based on all the information it has about the client. The System also includes an automated investment engine through which Registrant manages the client's portfolio on an ongoing basis through automatic rebalancing and tax-loss harvesting (if the client is eligible and elects).

Registrant charges clients a fee for its services as described below under Item 5, Fees and Compensation. Registrant's fees are not set or supervised by Schwab. Clients do not pay brokerage commissions or any other fees to CS&Co. as part of HWA Aspire. Schwab does receive other revenues in connection with the Program, which are described below under Item 5, Fees and Compensation.

Registrant does not pay SPT fees for the Platform. This arrangement presents a conflict of interest, as it provides an incentive for Registrant to recommend that clients maintain their accounts at CS&Co. Notwithstanding, Registrant may generally recommend to its clients that investment management accounts be maintained at CS&Co based on the considerations discussed in Item 12 below, which mitigates this conflict of interest. Registrant's Chief Compliance Officer remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.

Clients enrolled in the HWA Aspire Program are limited in the universe of investment options available to them. Registrant's fee may be higher (or lower) than those charged by other investment advisers offering similar services.

Rebalancing. The System will rebalance a client's account periodically by generating instructions to CS&Co to buy and sell shares of ETFs and depositing or withdrawing funds through the "Sweep Program", considering the asset allocation for the client's investment strategy. Rebalancing trade instructions can be generated by the System when (i) the percentage allocation of an ETF varies by a set parameter established by Registrant, (ii) Registrant decides to change the ETFs or their percentage allocations for an investment strategy or (iii) Registrant decides to change a client's investment strategy, which could occur, for example, when a client makes changes to their investment profile or imposes or modifies restrictions on the management of their account. Accounts below \$5,000 may deviate farther than the set parameters as well as the target allocation of the selected investment profile. Rebalancing does not occur in accounts below \$5,000. If the account value does not allow the System to buy at least one share of an ETF the entire asset class may be eliminated. For example, withdrawal requests may require entire asset classes to be liquidated to generate and disburse the requested cash. **Please Note:** Clients unable to satisfy the target allocation parameters of the HWA Aspire program will be placed in a different investment strategy in accordance with the client's investment goals and objectives.

Sweep Program. Each investment strategy involves a cash allocation (“Cash Allocation”) that will be held in a sweep program at Charles Schwab Bank (the “Sweep Program”). The Cash Allocation will be a minimum of 4% of an account’s value to be held in cash, and may be higher, depending on the investment strategy chosen for a client. The Cash Allocation will be accomplished through enrollment in the Sweep Program, a program sponsored by CS&Co. By enrolling in Registrant, clients consent to having the free credit balances in their brokerage accounts at CS&Co swept into deposit accounts (“Deposit Accounts”) at Charles Schwab Bank (“Schwab Bank”) through the Sweep Program. Schwab Bank is an FDIC-insured depository institution that is a Schwab affiliate. The Sweep Program is a required feature of Registrant. If the Deposit Account balances exceed the Cash Allocation for a client’s investment strategy, the excess over the rebalancing parameter will be used to purchase securities as part of rebalancing. If clients request cash withdrawals from their accounts, this likely will require the sale of ETF positions in their accounts to bring their Cash Allocation in line with the target allocation for their chosen investment strategy. If those clients have taxable accounts, those sales may generate capital gains (or losses) for tax purposes. In accordance with an agreement with CS&Co, Schwab Bank has agreed to pay an interest rate to depositors participating in the Sweep Program that will be determined by reference to an index.

Please Note: Conflict of Interest: This fee arrangement presents a conflict of interest, as it provides an incentive for the Registrant to recommend that clients with accounts not enrolled in the Schwab Online Program be maintained with *Schwab*. Notwithstanding, the Registrant generally recommends to its clients that investment management accounts be maintained at *Schwab*, which mitigates this conflict of interest. Please refer to Item 12 below with respect to this general recommendation.

FINANCIAL PLANNING SERVICES (STAND-ALONE)

The Registrant may be engaged to provide financial planning services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone separate fee basis. Registrant’s planning fees are negotiable, but generally range from \$150 to \$250 on an hourly rate basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s). Prior to engaging the Registrant to provide planning services, clients are generally required to enter into a *Financial Planning Agreement* with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the portion of the fee that is due from the client prior to Registrant commencing services. If requested by the client, Registrant may recommend the services of other professionals for implementation purposes. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant. If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional.

It shall remain the client’s responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant’s previous recommendations and/or services.

INVESTMENT CONSULTING SERVICES

Registrant provides investment consulting services on assets which fall outside the definition of “regulatory assets under management” (AUM). Through this service the Registrant may provide investment recommendations to the client. However, the client shall make the ultimate portfolio decisions.

Each investment consulting engagement is unique. Prior to engaging the Registrant to provide consulting services, clients are generally required to enter into a Investment Consulting Agreement with Registrant setting forth the terms, conditions, and services of the engagement.

MISCELLANEOUS

Limitations of Financial Planning and Non-Investment Consulting/Implementation Services. As indicated above, to the extent requested by a client, we may provide financial planning and related consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, etc. The Registrant **does not** serve as an attorney, accountant and no portion of our services should be construed as legal or accounting services. Accordingly, we **do not** prepare estate planning documents or tax returns. To the extent requested by a client, we may recommend the services of other professionals for certain non-investment implementation purpose (i.e. attorneys, accountants, insurance, etc.). Clients are reminded that they are under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation made by Registrant or its representatives. **Please Note:** If the client engages any unaffiliated recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional.

Retirement Plan Rollovers – No Obligation / Potential for Conflict of Interest: A client or prospective client leaving an employer typically has four options regarding an existing retirement plan (and may engage in a combination of these options): (i) leave the money in the former employer’s plan, if permitted, (ii) roll over the assets to the new employer’s plan, if one is available and rollovers are permitted, (iii) roll over to an Individual Retirement Account (“IRA”), or (iv) cash out the account value (which could, depending upon the client’s age, result in adverse tax consequences). If the Registrant recommends that a client roll over their retirement plan assets into an account to be managed by the Registrant, such a recommendation creates a conflict of interest if the Registrant will earn an advisory fee on the rolled over assets. **No client is under any obligation to roll over retirement plan assets to an account managed by Registrant.**

Use of Mutual and Exchange Traded Funds: Most mutual funds and exchange traded funds are available directly to the public. Thus, a prospective client can obtain many of the funds that may be utilized by Registrant independent of engaging Registrant as an investment advisor. However, if a prospective client determines to do so, he/she will not receive the Registrant’s initial and ongoing investment advisory services.

In addition to Registrant’s investment advisory fee described below, and transaction and/or custodial fees discussed below, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses).

Independent Managers. Registrant may allocate (and/or recommend that the client allocate) a portion of a client's investment assets among unaffiliated independent investment managers ("Independent Manager(s)") in accordance with the client's designated investment objective(s). In such situations, the Independent Manager(s) shall have day-to-day responsibility for the active discretionary management of the allocated assets. Registrant shall continue to render investment supervisory services to the client relative to the ongoing monitoring and review of account performance, asset allocation and client investment objectives. Factors considered in recommending Independent Manager(s) include the client's designated investment objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research. **Please Note:** The investment management fee charged by the Independent Manager(s) is separate from, and in addition to, Registrant's advisory fee as set forth in the fee schedule at Item 5 below and which will be disclosed to the client before entering into the Independent Manager engagement and/or subject to the terms and conditions of a separate agreement between the client and the Independent Manager(s). **Please Also Note:** If an Independent Manager is selected, Registrant and client will work together to determine if asset-based pricing or transactional pricing is most appropriate.

Recommendation of Unaffiliated Sub-Managers. The Registrant may recommend the use of a broker/dealer Sub-Manager relationship. The broker/dealer Sub-Managers are dually registered as both a broker/dealers and investment advisors. To the extent engaged, broker/dealer Sub-Managers manage client assets on a commission basis. Through such an arrangement, the client will open a commission-only account where the broker/dealer Sub-Manager manages a pre-determined portion of the client's assets on a discretionary basis using investment strategies and methods of the broker/dealer Sub-Manager. The Registrant does not receive any portion of the commissions and trading expenses charged by the broker/dealer Sub-Manager. All commissions and other charges are retained entirely by the broker/dealer Sub-Manager.

The fees charged by the broker/dealer Sub-Manager are separate from, and in addition to, Registrant's advisory fee as set forth in the fee schedule at Item 5 below and which will be disclosed to the client before entering into the engagement with the broker/dealer Sub-Manager and/or subject to the terms and conditions of a separate agreement between the client and the broker/dealer Sub-Manager.

Please Note: Clients that choose to engage a broker/dealer Sub-Manager must understand that the arrangement is different from a third-party investment manager acting as an independent manager and/or sub-advisor. Broker/dealers are not held to the same fiduciary standard as an investment advisor. Therefore, a broker/dealer does not have a fiduciary duty to always act in the best interests of its clients. Broker/dealers are held to a "suitability" standard which requires them to recommend investments suitable to the client.

As the broker/dealer Sub-Manager relationship typically recommended by the Registrant will provide the broker/dealer Sub-Manager with discretionary authority over client's assets the broker/dealer Sub-Manager has a conflict of interest because the broker/dealer receives a commission for every transaction in the account. Therefore, the broker/dealer could implement trades based on economic interests and not the investment interests of the client.

Portfolio Activity. Registrant has a fiduciary duty to provide services consistent with the client's best interest. As part of its investment advisory services, Registrant will review client portfolios on an ongoing basis to determine if any changes are necessary based upon various factors, including, but not limited to, investment performance, fund manager tenure, style drift, account additions/withdrawals, and/or a change in the client's investment objective. Based upon these factors, there may be extended periods of time when Registrant determines that changes to a client's portfolio are neither necessary nor prudent. Of course, as indicated below, there can be no assurance that investment decisions made by Registrant will be profitable or equal any specific performance level(s).

Client Obligations. In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains their responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant's previous recommendations and/or services.

Disclosure Statement. A copy of the Registrant's written Brochure as set forth on Part 2A of Form ADV shall be provided to each client prior to, or contemporaneously with, the execution of the *Investment Advisory Agreement*, *Financial Planning Agreement* or the *Investment Consulting Agreement*.

- C. The Registrant shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, the Registrant shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at any time, impose reasonable restrictions, in writing, on the Registrant's services.
- D. The Registrant does not participate in a wrap fee program.
- E. As of December 31, 2020, the Registrant had \$188,888,796 in assets under management on a discretionary basis.

Item 5 Fees and Compensation

A.

HWA WEALTH INVESTMENT ADVISORY SERVICES

If a client determines to engage the Registrant to provide discretionary investment advisory services on a *fee* basis, the Registrant's annual investment advisory fee shall be based upon a percentage (%) of the market value and type of assets placed under the Registrant's management (between negotiable and 1.00%) as follows:

<u>Client Assets</u>	<u>Annual Fee</u>
First \$1,000,000	1.00%
Next \$2,000,000	0.70%
Next \$2,000,000	0.50%
Amounts over \$5,000,001	0.30%

HWA ASPIRE PROGRAM

Should a client choose to engage the Registrant to provide discretionary investment advisory services on a fee basis through HWA Aspire, the Registrant's annual fee shall be 1.00% of the market value of the assets placed under the Registrant's management. As described above, clients do not pay fees to SPT or brokerage commissions or other fees to CS&Co as part of HWA Aspire. Schwab does receive other revenues in connection with HWA Aspire. Specifically, Schwab Bank® earns interest revenue on the cash in HWA Aspire accounts. Also, Schwab affiliates can earn revenue from the underlying assets in HWA Aspire accounts. This revenue comes from managing Schwab ETFs™ and providing services relating to third-party ETFs that Adviser may select for the portfolios. Finally, Schwab may receive payments from the trading firms and exchanges where ETF trades are routed for execution.

Valuation

For purposes of determining value, securities and other instruments traded on a market for which actual transaction prices are publicly reported are valued at the last reported sale price on the principal market in which they are traded.

The value for all private investment funds will reflect the most recent valuation provided by the fund sponsor. However, if subsequent to purchase, the fund has not provided an updated valuation, the valuation shall reflect the initial purchase price. If subsequent to purchase, the fund provides an updated valuation, then the valuation will reflect that updated value. The updated value will continue to be reflected on this report until the fund provides a further updated value. **Please Also Note:** As result of the valuation process, if the valuation reflects initial purchase price or an updated value subsequent to purchase price, the current value could be significantly more or less than the value reflected on report or invoice.

Fees are Negotiable

The Registrant's investment advisory fee is negotiable at Registrant's discretion, depending upon objective and subjective factors including but not limited to: the amount of assets to be managed; portfolio composition; the scope and complexity of the engagement; the anticipated number of meetings and servicing needs; related accounts; future earning capacity; anticipated future additional assets; the professional(s) rendering

the service(s); prior relationships with the Registrant and/or its representatives, and negotiations with the client. As a result of these factors, similarly situated clients could pay different fees, the services to be provided by the Registrant to any particular client could be available from other advisers at lower fees, and certain clients may have fees different than those specifically set forth above.

Use of Margin and Pledged Asset Line from Account Custodian

Registrant does not recommend using margin to implement its discretionary investment strategies. However, from time to time, clients may determine to accept pledge asset loans or use margin from their account's custodian. In addition, Registrant may recommend the use of a broker/dealer Sub-Manager that does use margin. In either scenario, the client will generally be required to post collateral to secure the pledge asset loan or the use of margin and will pay interest on borrowed money. The account managed by Registrant or broker/dealer Sub-Manager will typically be used as that collateral. If the securities in the client's account decline in value, so does the value of the collateral supporting the margin loan or pledge asset loan, and as a result, the client's custodian may take action, such as issue a margin call and/or sell securities in the account, in order to maintain the required equity.

In calculating the advisory fee when the account includes a pledged asset loan, the total absolute value of the securities in the client's account, long or short, plus all credit balance, with no offset for any pledged asset loan, unless it agrees to other arrangements with a client.

In calculating the advisory fee when the account includes a margin loan, the total absolute value of the securities in the client's account, long or short, plus all credit balance, less any margin balance.

Registrant therefore is conflicted when it (i) recommends that clients take loans from their account custodian, (ii) recommends that client use and continue using loans, and (iii) when recommending an account custodian as a lender to clients, because in each instance, Registrant could otherwise suggest that the client sell securities in their account. Clients remain solely responsible for determining, whether to use or continue using margin or taking loans from their account custodian. Registrant's Chief Compliance Officer remains available to address any questions that client or prospective client may have regarding the above conflict of interest.

FINANCIAL PLANNING SERVICES (STAND-ALONE)

The Registrant may be engaged to provide financial planning services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone fee basis. Registrant's planning fees are negotiable, but generally range from \$150 to \$250 on an hourly rate basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s). Lower fees for comparable financial planning services may be available from other sources.

INVESTMENT CONSULTING

This service is typically provided either quarterly, semi-annually or annually for an agreed upon fee. The actual fee charged to a client can vary greatly and is determined by the Registrant based on factors such as, but not limited to, the number of accounts being reviewed, the total amount of assets being reviewed, the number of investment managers used by the client, the type of investments, frequency of reports and meetings and the

overall nature and scope of the project. A typical fee for investment consulting services can range from \$10,000 to \$70,000; however, the actual fee charged to each client may be higher or lower. After the report has been presented, the Registrant will issue an invoice and the fee is due upon receipt. Lower fees for comparable investment consulting services may be available from other sources.

- B. Clients may elect to have the Registrant's advisory fees deducted from their custodial account. Both Registrant's *Investment Advisory Agreement* and the custodial/clearing agreement may authorize the custodian to debit the account for the amount of the Registrant's investment advisory fee and to directly remit that management fee to the Registrant in compliance with regulatory procedures. In the limited event that the Registrant bills the client directly, payment is due upon receipt of the Registrant's invoice. The Registrant shall deduct fees and/or bill clients quarterly in advance, based upon the market value of the assets on the last business day of the previous quarter.
- C. As discussed below, unless the client directs otherwise or an individual client's circumstances require, the Registrant shall generally recommend that Charles Schwab and Co., Inc. ("*Schwab*") serve as the broker-dealer/custodian for client investment management assets. Broker-dealers such as *Schwab* charge brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e. transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and fixed income securities transactions). In addition to Registrant's investment management fee, brokerage commissions and/or transaction fees, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses).

Tradeaway/Prime Broker Fees. If, in the reasonable determination of Registrant that it would be beneficial for the client, individual equity and/or fixed income transactions may be effected through broker-dealers other than the account custodian, in which event, the client generally will incur both the fee (commission, mark-up/mark-down) charged by the executing broker-dealer and a separate "tradeaway" and/or prime broker fee charged by the account custodian (i.e., Schwab).

- D. Registrant's annual investment advisory fee shall be prorated (with the exception of the Aspire Program, which are not prorated) and paid quarterly, in advance, based upon the market value of the assets on the last business day of the previous quarter.

The Registrant, in its sole discretion, may reduce its investment management fee and/or reduce or waive its first year fee requirement based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

The *Investment Advisory Agreement* between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the *Investment Advisory Agreement*. Upon termination, the Registrant shall refund the prorated portion of the advanced advisory fee paid based upon the number of days remaining in the billing quarter.

- E. Neither the Registrant, nor its representatives accept compensation from the sale of securities or other investment products.

Item 6 Performance-Based Fees and Side-by-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Item 7 Types of Clients

The Registrant's clients shall generally include individuals, business entities, trusts, and charitable organizations.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

A. The Registrant may utilize the following methods of security analysis:

- Charting - (analysis performed using patterns to identify current trends and trend reversals to forecast the direction of prices)
- Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)
- Technical – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)

The Registrant may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)
- Trading (securities sold within thirty (30) days)

Please Note: Investment Risk. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

B. The Registrant's methods of analysis and investment strategies do not present any significant or unusual risks. However, every method of analysis has its own inherent risks. To perform an accurate market analysis, the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies (Long Term Purchases, Short Term Purchases, and Trading) are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher

transactional costs when compared to a longer term investment strategy. Trading, an investment strategy that requires the purchase and sale of securities within a thirty (30) day investment time period, involves a very short investment time period but will incur higher transaction costs when compared to a short-term investment strategy and substantially higher transaction costs than a longer-term investment strategy.

- C. Currently, Registrant primarily allocates investment management assets of its client accounts among individual debt and equity securities, various mutual fund classes, and exchange traded funds (ETFs) on a discretionary basis, in accordance with the client's designated investment objective(s). On occasion, private investments are used to implement client objectives.

The Registrant may also allocate investment management assets of its client accounts, on a discretionary basis, among one or more of its asset allocation programs (i.e. Model 7, Model 8 and/or models created by the Registrant through the Schwab Intelligent Portfolios) as designated on the Investment Advisory Agreement. Registrant's asset allocation strategies have been designed to comply with the requirements of Rule 3a-4 of the Investment Company Act of 1940. Rule 3a-4 provides similarly managed investment programs, such as Registrant's asset allocation programs, with a non-exclusive safe harbor from the definition of an investment company. In accordance with Rule 3a-4, the following disclosure is applicable to Registrant's management of client assets:

1. Initial Interview – at the opening of the account, the Registrant, through its designated representatives, shall obtain from the client information sufficient to determine the client's financial situation and investment objectives;
2. Individual Treatment - the account is managed on the basis of the client's financial situation and investment objectives;
3. Quarterly Notice – at least quarterly the Registrant shall notify the client to advise the Registrant whether the client's financial situation or investment objectives have changed, or if the client wants to impose and/or modify any reasonable restrictions on the management of the account;
4. Annual Contact – at least annually, the Registrant shall contact the client to determine whether the client's financial situation or investment objectives have changed, or if the client wants to impose and/or modify any reasonable restrictions on the management of the account;
5. Consultation Available – the Registrant shall be reasonably available to consult with the client relative to the status of the account;
6. Quarterly Report – the client shall be provided with a quarterly report for the account for the preceding period (except for HWA Aspire clients which receive a monthly statement from custodian);
7. Ability to Impose Restrictions – the client shall have the ability to impose reasonable restrictions on the management of the account, including the ability to instruct the Registrant not to purchase certain securities;
8. No Pooling – the client's beneficial interest in a security does not represent an undivided interest in all the securities held by the custodian, but rather represents a direct and beneficial interest in the securities which comprise the account;
9. Separate Account - a separate account is maintained for the client with the Custodian;
10. Ownership – each client retains indicia of ownership of the account (e.g. right to withdraw securities or cash, exercise or delegate proxy voting, and receive transaction confirmations).

The Registrant believes that its annual investment management fee is reasonable in relation to: (1) the advisory services provided under the *Investment Advisory Agreement*; and (2) the fees charged by other investment advisers offering similar services/programs. However, Registrant's annual investment advisory fee may be higher than that charged by other investment advisers offering similar services/programs. In addition to Registrant's annual investment management fee, the client will also incur charges imposed directly at the mutual and exchange traded fund level (e.g., management fees and other fund expenses). **Please Note:** Upon reviewing client portfolios, the Registrant may determine no changes are necessary. As a result, some clients may experience little to no turnover. **Please Also Note:** Registrant's investment programs may involve above-average portfolio turnover which could negatively impact upon the net after-tax gain experienced by an individual client in a taxable account.

ETFs. ETFs in which the strategy may invest involve certain inherent risks generally associated with investments in a portfolio of securities, including the risk that the general level of security prices may decline, thereby adversely affecting the value of each unit of the ETF. Moreover, an ETF may not fully replicate the performance of its benchmark index because of the temporary unavailability of certain index securities in the secondary market or discrepancies between the ETF and the index with respect to the weighting of securities or the number of securities held. ETFs in which the strategies invest have their own fees and expenses as set forth in the ETF prospectuses. ETFs may have exposure to derivative instruments, such as futures contracts, forward contracts, options, and swaps. There is a risk that a derivative may not perform as expected. The main risk with derivatives is that some types can amplify a gain or loss, potentially earning or losing substantially more money than the actual cost of the derivative, or that the counterparty may fail to honor its contract terms, causing a loss for the ETF. Use of these instruments may also involve certain costs and risks such as liquidity risk, interest rate risk, market risk, credit risk, management risk, and the risk that an ETF could not close out a position when it would be most advantageous to do so. Some ETFs available, including Schwab ETFs™, are less than 10 years old. Accordingly, there is limited data available to use when assessing the investment risk of some of these ETFs. As a result, one or more of the following may occur: (i) poor liquidity in or limited availability of the ETFs, or (ii) lack of market depth causing the ETFs to trade at excessive premiums or discounts.

Investment Strategy Risks. There are risks associated with the long-term core strategic holdings for each of the investment strategies. The more aggressive the investment strategy selected, the more likely the portfolio will contain larger weights in riskier asset classes, such as equities.

Item 9 Disciplinary Information

The Registrant has not been the subject of any disciplinary actions.

Item 10 Other Financial Industry Activities and Affiliations

- A. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer.

- B. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.

C. **Related CPA Firm - Huber & Weakland, P.C., CPA**

The Registrant shares office space and has a professional referral arrangement with Huber & Weakland, P.C., a related third-party, accounting firm. The accounting firm is majority owned by Philip E. Huber, Sr.

The Registrant may refer certain clients in need of accounting and tax services to Huber & Weakland, P.C. Services provided by Huber & Weakland, P.C. include the following:

1. Accounting, bookkeeping & payroll services
2. Tax preparation
3. Tax planning

Clients are under no obligation to engage Huber & Weakland, P.C. to provide accounting services. The Registrant does not compensate the accounting firm for referrals sent to it nor does the accounting firm compensate the Registrant for referrals directed to the accounting firm.

Licensed Insurance Agency/Agents. The Registrant is separately licensed as an insurance agency. Furthermore, certain of the Registrant's representatives, in their individual capacities, are licensed insurance agents. The Registrant and/or its representatives may recommend the purchase of certain insurance-related products on a commission basis. Clients can engage certain of Registrant's representatives to purchase insurance products on a commission basis.

Conflict of Interest: The recommendation by representatives of the Registrant that a client purchase an insurance commission product presents a conflict of interest, as the receipt of commissions may provide an incentive to recommend investment products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from representatives of the Registrant or through the Registrant in its capacity as a licensed insurance agency. Clients are reminded that they may purchase insurance products recommended by Registrant through other, non-affiliated insurance agencies and/or agents.

- D. The Registrant does not receive, directly or indirectly, compensation from investment advisors that it recommends or selects for its clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

- B. Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.
- C. The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. Practices such as “scalping” (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, “front-running” (i.e., personal trades executed prior to those of the Registrant’s clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant’s “Access Persons”. The Registrant’s securities transaction policy requires that an Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of the current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person’s current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects; provided, however that at any time that the Registrant has only one Access Person, he or she shall not be required to submit any securities report described above.

- D. The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. The Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant’s Access Persons.

Item 12 Brokerage Practices

- A. In the event that the client requests that the Registrant recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct the Registrant to use a specific broker-dealer/custodian), Registrant generally recommends that investment management accounts be maintained at *Schwab*. Prior to engaging Registrant to provide investment management services, the client will be required to enter into a formal *Investment Advisory Agreement* with Registrant setting forth the terms and conditions under which Registrant shall manage the client's assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that the Registrant considers in recommending *Schwab* (another broker-dealer/custodian, investment platform and/or mutual fund sponsor) include historical

relationship with the Registrant, financial strength, reputation, execution capabilities, pricing, research, and service. Although the commissions and/or transaction fees paid by Registrant's clients shall comply with the Registrant's duty to obtain best execution, a client can pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where the Registrant determines, in good faith, that the commission/transaction fee is reasonable. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Registrant's investment management fee. The Registrant's best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

1. Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant may receive from *Schwab* (another broker-dealer/custodian, investment platform, unaffiliated investment manager, vendor, unaffiliated product/fund sponsor, or vendor) without cost (and/or at a discount) support services and/or products, certain of which assist the Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by the Registrant may be investment-related research, pricing information and market data, discounted and/or gratis software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products that *may* be received may assist the Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist the Registrant to manage and further develop its business enterprise.

HWA Aspire Accounts

Client accounts enrolled in the HWA Aspire program maintain their assets at, and receive the brokerage services of, CS&Co., a broker-dealer registered with the SEC and a member of FINRA and Securities Investor Protection Corporation ("SIPC"). While clients are required to use CS&Co. as custodian/broker to enroll in the HWA Aspire program, the client decides whether to do so and opens its account with CS&Co. by entering into a brokerage account agreement directly with CS&Co. The Registrant does not open the account for the client. If the client does not wish to place his or her assets with CS&Co., then the Registrant cannot manage the client's account through the HWA Aspire program. CS&Co. may aggregate purchase and sale orders for ETFs across accounts enrolled in the HWA Aspire program, including both accounts for our clients and accounts for clients of other independent investment advisory firms using the Platform.

Schwab Advisor Services™ (formerly called Schwab Institutional) is Schwab's business serving independent investment advisory firms like the Registrant. Through Schwab Advisor Services, CS&Co. provides the Registrant and its clients, both those enrolled in the HWA Aspire program and clients not enrolled in the HWA Aspire program, with access to its institutional brokerage services— trading, custody, reporting, and related services—many of which are not typically available to CS&Co. retail customers. CS&Co. also makes available various support services. Some of those services help us manage or administer our clients' accounts, while others help us manage and grow our business. CS&Co.'s support services described below are generally available on an unsolicited basis (we don't have to request them) and at no charge to us. The availability to us of CS&Co.'s products and services is not based on us giving particular investment advice, such as buying particular securities for our clients. Here is a more detailed description of CS&Co.'s support services: CS&Co.'s institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of client assets. The investment products available through Schwab include some to which we might not otherwise have access or that would require a significantly higher minimum initial investment by our clients. CS&Co.'s services described in this paragraph generally benefit the client and the client's account. CS&Co. also makes available to the Registrant other products and services that benefit the Registrant but may not directly benefit the client or its account. These products and services assist the Registrant in managing and administering our clients' accounts. They include investment research, both Schwab's own and that of third parties. The Registrant may use this research to service all or some substantial number of its clients' accounts, including accounts not maintained at CS&Co. In addition to investment research, CS&Co. also makes available software and other technology that:

- provide access to client account data (such as duplicate trade confirmations and account statements);
- facilitate trade execution and allocate aggregated trade orders for multiple client accounts;
- provide pricing and other market data;
- facilitate payment of our fees from our clients' accounts; and
- assist with back-office functions, recordkeeping, and client reporting.

CS&Co. also offers other services intended to help the Registrant manage and further develop our business enterprise. These services include:

- educational conferences and events;
- technology, compliance, legal, and business consulting;
- publications and conferences on practice management and business succession; and
- access to employee benefits providers, human capital consultants, and insurance providers.

CS&Co. may provide some of these services itself. In other cases, it will arrange for third-party vendors to provide the services to the Registrant. CS&Co. may also discount or waive its fees for some of these services or pay all or a part of a third party's fees. CS&Co. may also provide us with other benefits such as occasional business entertainment of our personnel. The availability of services from CS&Co. benefits the

Registrant because the Registrant does not have to produce or purchase them. The Registrant does not have to pay for these services, and they are not contingent upon us committing any specific amount of business to CS&Co. in trading commissions or assets in custody. With respect to the HWA Aspire program, as described above, we do not pay SPT fees for the Platform. In light of our arrangements with Schwab, the Registrant has an incentive to recommend that clients maintain their accounts with CS&Co. based on its interest in receiving Schwab's services that benefit its business rather than based on the client's interest in receiving the best value in custody services and the most favorable execution of transactions. This is a conflict of interest. The Registrant believes, however, that its selection of CS&Co. as custodian and broker is in the best interests of its clients. This belief is primarily supported by the scope, quality, and price of CS&Co.'s services and not Schwab's services that benefit only the Registrant.

2. The Registrant does not receive referrals from broker-dealers.
3. The Registrant does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and Registrant will not seek better execution services or prices from other broker-dealers or be able to "batch" the client's transactions for execution through other broker-dealers with orders for other accounts managed by Registrant. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

Please Note: In the event that the client directs Registrant to effect securities transactions for the client's accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Registrant. Higher transaction costs adversely impact account performance. **Please Also Note:** Transactions for directed accounts will generally be executed following the execution of portfolio transactions for non-directed accounts.

- B. To the extent that the Registrant provides investment management services to its clients, the transactions for each client account generally will be effected independently, unless the Registrant decides to purchase or sell the same securities for several clients at approximately the same time. The Registrant may (but is not obligated to) combine or "bunch" such orders to obtain best execution, to negotiate more favorable commission rates or to allocate equitably among the Registrant's clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. The Registrant shall not receive any additional compensation or remuneration as a result of such aggregation.

Item 13 Review of Accounts

- A. For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on an ongoing basis by Registrant's representatives. All investment supervisory and financial planning clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues, investment objectives and account performance with the Registrant on an annual basis, as applicable.
- B. The Registrant may conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.
- C. Clients are provided with transaction confirmation notices and regular summary account statements directly from the broker-dealer/custodian for the client accounts.

Item 14 Client Referrals and Other Compensation

- A. As referenced in Item 12.A.1 above, the Registrant receives an economic benefit from *Schwab*. The Registrant, without cost (and/or at a discount), may receive support services and/or products from *Schwab*.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Schwab* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

- B. The Registrant does not compensate, directly or indirectly, any person, other than its representatives, for client referrals.

Item 15 Custody

The Registrant shall have the ability to have its advisory fee for each client debited by the custodian on a quarterly basis. Clients are provided with transaction confirmation notices and regular summary account statements directly from the broker-dealer/custodian for the client accounts.

Please Note: To the extent that the Registrant provides clients with periodic account statements or reports, the client is urged to compare any statement or report provided by the Registrant with the account statements received from the account custodian. **Please Also Note:** The account custodian does not verify the accuracy of the Registrant's advisory fee calculation.

Item 16 Investment Discretion

The client can determine to engage the Registrant to provide investment advisory services on a discretionary basis. Prior to the Registrant assuming discretionary authority over a client's account, the client shall be required to execute an *Investment Advisory Agreement*, naming the Registrant as the client's attorney and agent in fact, granting the Registrant full authority to buy, sell, or otherwise effect investment transactions involving the assets in the client's name found in the discretionary account.

Clients who engage the Registrant on a discretionary basis may, at any time, impose restrictions, **in writing**, on the Registrant's discretionary authority (i.e. limit the types/amounts of particular securities purchased for their account, exclude the ability to purchase securities with an inverse relationship to the market, limit or proscribe the Registrant's use of margin, etc.).

Item 17 Voting Client Securities

- A. The Registrant does not vote client proxies. Clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets.

HWA Aspire program clients are required to submit an Issuer Communication and Release Information Form, or similarly named form, to be certain that they receive proxies and corporate actions directly from the issuer of securities. The Registrant does not offer any consulting assistance regarding proxy issues to client.

- B. Clients will receive their proxies or other solicitations directly from their custodian. Clients may contact the Registrant to discuss any questions they may have with a particular solicitation.

Item 18 Financial Information

- A. The Registrant does not solicit fees of more than \$1,200, per client, six months or more in advance.
- B. The Registrant is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.
- C. The Registrant has not been the subject of a bankruptcy petition.

This Brochure Supplement provides information about Philip E. Huber, Jr. that supplements the HWA Financial Group Brochure; you should have received a copy of that Brochure. Please contact Philip E. Huber, Jr., Chief Compliance Officer, if you did *not* receive HWA Financial Group's Brochure or if you have any questions about the contents of this supplement.

Additional information about Philip E. Huber, Jr. is available on the SEC's website at www.adviserinfo.sec.gov

Item 2 Education Background and Business Experience

Philip E. Huber, Jr. was born in 1971. Mr. Huber graduated from Loyola College in 1993, with a Bachelor of Science degree in Accounting. Mr. Huber has been employed as an investment adviser representative of HWA Financial Group since October of 1999 and been President since January of 2010.

Mr. Huber has been a CERTIFIED FINANCIAL PLANNER™ since 1998. The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP (collectively, the "CFP® marks") are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. ("CFP Board").

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct

and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 79,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must currently satisfactorily fulfill the following requirements:

- Education – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board’s studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor’s Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board’s financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination, administered in 6 hours, includes case studies and client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real world circumstances;
- Experience – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- Ethics – Agree to be bound by CFP Board’s *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must currently complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- Continuing Education – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- Ethics – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board’s enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

Mr. Huber has held the designation of Certified Public Accountant (“CPA”) since 1994. CPAs are licensed and regulated by their state boards of accountancy. While state laws and regulations vary, the education, experience and testing requirements for licensure as a CPA generally include minimum college education (typically 150 credit hours with at least a baccalaureate degree and a concentration in accounting), minimum experience levels (most states require at least one year of experience providing services that involve the use of accounting, attest, compilation, management advisory, financial advisory, tax or consulting skills, all of which must be achieved under the supervision of or verification by a CPA), and successful passage of the Uniform CPA Examination. In order to maintain a CPA license, states generally require the completion of 40

hours of continuing professional education (CPE) each year (or 80 hours over a two-year period or 120 hours over a three-year period). Additionally, all American Institute of Certified Public Accountants (AICPA) members are required to follow a rigorous *Code of Professional Conduct* which requires that they act with integrity, objectivity, due care, competence, fully disclose any conflicts of interest (and obtain client consent if a conflict exists), maintain client confidentiality, disclose to the client any commission or referral fees, and serve the public interest when providing financial services. The vast majority of state boards of accountancy have adopted the AICPA's *Code of Professional Conduct* within their state accountancy laws or have created their own.

In addition to the *Code of Professional Conduct*, AICPA members who provide personal financial planning services are required to follow the *Statement on Standards in Personal Financial Planning Services* (SSPFPS).

Item 3 Disciplinary Information

None.

Item 4 Other Business Activities

- A. The supervised person is not actively engaged in any other investment-related businesses or occupations.
- B. **Licensed Insurance Agent.** Mr. Huber, in his individual capacity, is a licensed insurance agent, and may recommend the purchase of certain insurance-related products on a commission basis. Clients can engage Mr. Huber to purchase insurance products on a commission basis. **Conflict of Interest:** The recommendation by Mr. Huber that a client purchase an insurance commission product presents a *conflict of interest*, as the receipt of commissions may provide an incentive to recommend insurance products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any insurance commission products from Mr. Huber. Clients are reminded that they may purchase insurance products recommended by Mr. Huber through other, non-affiliated insurance agents. **The Registrant's Chief Compliance Officer, Philip E. Huber, Jr., remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

Item 5 Additional Compensation

None.

Item 6 Supervision

The Registrant provides investment advisory and supervisory services in accordance with the Registrant's policies and procedures manual. The primary purpose of the Registrant's Rule 206(4)-7 policies and procedures is to comply with the supervision requirements of Section 203(e)(6) of the Investment Advisers Act of 1940 (the "Act"). The Registrant's Chief Compliance Officer, Philip E. Huber, Jr., is primarily responsible for the implementation of the Registrant's policies and procedures and overseeing the activities of the Registrant's supervised persons. Should an employee, independent contractor, investment adviser representative, or solicitor of the Registrant have any questions regarding the applicability/relevance of the Act, the Rules thereunder, any section thereof, or any section of the policies and procedures, he/she should address those questions with the Chief Compliance Officer. Should a client have any questions regarding the Registrant's supervision or compliance practices, please contact Mr. Huber at (410) 696-4025

This Brochure Supplement provides information about Joseph Ryan Geld that supplements the HWA Financial Group Brochure; you should have received a copy of that Brochure. Please contact Philip E. Huber, Jr., Chief Compliance Officer, if you did *not* receive HWA Financial Group's Brochure or if you have any questions about the contents of this supplement.

Additional information about Joseph Ryan Geld is available on the SEC's website at www.adviserinfo.sec.gov

Item 2 Education Background and Business Experience

Joseph Ryan Geld was born in 1985. Mr. Geld graduated from Maryville College in 2007, with a Bachelor of Arts degree and from Hood College in 2012 with a Master of Business Administration degree. Mr. Geld has been employed as an investment adviser representative of HWA Financial Group since September 2017. From November 2010 through September 2017, Mr. Geld was employed as a Relationship Strategist with PNC Wealth Management.

Mr. Geld has been a CERTIFIED FINANCIAL PLANNER™ since 2017. The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP (collectively, the "CFP® marks") are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. ("CFP Board").

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number

of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 79,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must currently satisfactorily fulfill the following requirements:

- Education – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board’s studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor’s Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board’s financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination, administered in 6 hours, includes case studies and client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real world circumstances;
- Experience – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- Ethics – Agree to be bound by CFP Board’s *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must currently complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- Continuing Education – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- Ethics – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board’s enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

Mr. Geld has been a CFA® Charter Holder since 2014. CFA® designates an international professional certificate that is offered by the CFA Institute.

The Chartered Financial Analyst (CFA) charter is a globally respected, graduate-level investment credential established in 1962 and awarded by CFA Institute — the largest global association of investment professionals.

There are currently more than 142,000 CFA charter holders working in 159 countries. To earn the CFA charter, candidates must: (1) pass three sequential, six-hour examinations; (2) have at least four years of qualified professional investment experience; (3) join CFA Institute as members; and (4) commit to abide by, and annually reaffirm, their adherence to the CFA Institute Code of Ethics and Standards of Professional Conduct.

High Ethical Standards

The CFA Institute Code of Ethics and Standards of Professional Conduct, enforced through an active professional conduct program, require CFA charter holders to:

- Place their clients' interests ahead of their own
- Maintain independence and objectivity
- Act with integrity
- Maintain and improve their professional competence
- Disclose conflicts of interest and legal matters

Global Recognition

Passing the three CFA exams is a difficult feat that requires extensive study (successful candidates report spending an average of 300 hours of study per level). Earning the CFA charter demonstrates mastery of many of the advanced skills needed for investment analysis and decision making in today's quickly evolving global financial industry. As a result, employers and clients are increasingly seeking CFA charterholders—often making the charter a prerequisite for employment. Additionally, regulatory bodies in 38 countries/territories recognize the CFA charter as a proxy for meeting certain licensing requirements, and more than 466 colleges and universities around the world have incorporated a majority of the CFA Program curriculum into their own finance courses.

Comprehensive and Current Knowledge

The CFA Program curriculum provides a comprehensive framework of knowledge for investment decision making and is firmly grounded in the knowledge and skills used every day in the investment profession. The three levels of the CFA Program test a proficiency with a wide range of fundamental and advanced investment topics, including ethical and professional standards, fixed-income and equity analysis, alternative and derivative investments, economics, financial reporting standards, portfolio management, and wealth planning.

The CFA Program curriculum is updated every year by experts from around the world to ensure that candidates learn the most relevant and practical new tools, ideas, and investment and wealth management skills to reflect the dynamic and complex nature of the profession.

Item 3 Disciplinary Information

None.

Item 4 Other Business Activities

- A. The supervised person is not actively engaged in any other investment-related businesses or occupations.
- B. **Licensed Insurance Agent.** Mr. Geld, in his individual capacity, is a licensed insurance agent, and may recommend the purchase of certain insurance-related products on a commission basis. Clients can engage Mr. Geld to purchase insurance products on a commission basis. **Conflict of Interest:** The recommendation by Mr. Geld that a client purchase an insurance commission product presents a *conflict of interest*, as the receipt of commissions may provide an incentive to recommend insurance products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any insurance commission products from Mr. Geld. Clients are reminded that they may purchase insurance products recommended by Mr. Geld through other, non-affiliated insurance agents. **The Registrant's Chief Compliance Officer, Philip E. Huber, Jr., remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

Item 5 Additional Compensation

Mr. Geld's annual compensation is based, in part, on the amount of assets under management that Mr. Geld introduces to the Registrant. Accordingly, Mr. Geld has a conflict of interest for recommending the Registrant to clients for investment advisory services, as the recommendation could be made on the basis of compensation to be received, rather than on a client or prospective client's best interests.

Item 6 Supervision

The Registrant provides investment advisory and supervisory services in accordance with the Registrant's policies and procedures manual. The primary purpose of the Registrant's Rule 206(4)-7 policies and procedures is to comply with the supervision requirements of Section 203(e)(6) of the Investment Advisers Act of 1940 (the "Act"). The Registrant's Chief Compliance Officer, Philip E. Huber, Jr., is primarily responsible for the implementation of the Registrant's policies and procedures and overseeing the activities of the Registrant's supervised persons. Should an employee, independent contractor, investment adviser representative, or solicitor of the Registrant have any questions regarding the applicability/relevance of the Act, the Rules thereunder, any section thereof, or any section of the policies and procedures, he/she should address those questions with the Chief Compliance Officer. Should a client have any questions regarding the Registrant's supervision or compliance practices, please contact Mr. Huber at (410) 696-4025.

Privacy Policy

HWA Financial Group does not disclose any non-public, personal information (such as name, address or tax identification number) about its clients or former clients to anyone except as permitted by applicable law or required by regulation. We maintain physical safeguards to protect such unauthorized disclosure and will notify you of our policies and practices in this regard on an annual basis or at any time at which there is a material change in our policies which would require your consent. HWA Financial Group does not sell customer lists. Even if you are no longer a client of HWA Financial Group, our Privacy Policy will continue to apply to you. To conduct regular business, we may collect non-public personal information from sources such as: (a) information provided by you on applications or other forms you provide to us; and/or (b) information about your investment and securities transactions.
