Item 2 – Material Changes

Form ADV 2 is divided into two parts: *Part 2A and Part 2B*. *Part 2A* (the “Disclosure Brochure”) provides information about a variety of topics relating to an Advisor’s business practices and conflicts of interest. *Part 2B* (the “Brochure Supplement”) provides information about the Advisory Persons of LFS. For convenience, the Advisor has combined these documents into a single disclosure document.

LFS believes that communication and transparency are the foundation of its relationship with clients and will continually strive to provide you with the complete and accurate information at all times. LFS encourages all current and prospective clients to read this Disclosure Brochure and discuss any questions you may have with the Advisor.

Material Changes

The following material changes have been made to this Disclosure Brochure since the last filing and distribution to Clients:

- The Advisor is in the process of transitioning from registration with the State of Oregon to registration with the U.S. Securities and Exchange Commission (“SEC”), due to the level of assets under management. Please see Item 4.
- The Advisor has updated their investment management fees. Please see Item 5 – Fees and Compensation for additional information.
- The Advisor no longer conducts business under the DBA Vantage Point Financial. This is reflected on the Cover Page.
- The Advisor now conducts business under the name Littlejohn Financial. This is reflected on Item 1 the Cover Page and Item 4. Please see these items for the update.

Future Changes

From time to time, the Advisor may amend this Disclosure Brochure to reflect changes in business practices, changes in regulations or routine annual updates as required by the securities regulators. This complete Disclosure Brochure or a Summary of Material Changes shall be provided to you annually and if a material change occurs in the business practices of LFS.

You may view the current Disclosure Brochure on-line at the SEC’s Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor’s firm name or CRD# 155113. Item 4 – Advisory Services

A. Firm Information

Littlejohn Financial Services, Inc. (“LFS” or the “Advisor”) is a Registered Investment Advisor located in the State of Oregon. LFS is organized as a Sub-Chapter S Corporation under the laws of the State of Oregon. LFS was founded in September 2010, and is owned and operated by Principal, Fred D. Littlejohn. The Advisor also conducts business under the business names (“doing business as” or “dba” names), Littlejohn Financial. The Advisor has been registered in Texas since May 2019, Montana since May 2019 and Arizona since July 2019. This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by LFS.

B. Advisory Services Offered

LFS offers investment advisory services to individuals, high net worth individuals, trusts, estates, businesses, pension and profit-sharing plans and charitable organizations (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. LFS’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Account Portfolio Management

LFS provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and consulting services. LFS works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create an investment portfolio strategy. LFS will then construct a portfolio, consisting of low-cost, diversified mutual funds, exchange-traded funds (“ETFs”), individual equities, fixed income instruments, or financial instruments to achieve the Client’s investment goals. The Advisor may retain certain legacy investments based on portfolio fit and/or tax considerations.

LFS will select, recommend and/or retain mutual funds on a fund-by-fund basis. Due to specific custodial and/or mutual fund company constraints, material tax consideration, and/or systematic investment plans, LFS will select, recommend and/or retain a mutual fund share class that does not have trading costs, but do have higher internal expense ratios than institutional share classes. LFS will seek to select the lowest cost share class available that is in the best interest of each Client and will ensure the selection aligns with the Client’s financial objectives and stated investment guidelines.

LFS’s investment approach is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. LFS will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to the acceptance by the Advisor.

LFS evaluates and selects ETFs, mutual funds, and other instruments for inclusion in Client portfolios only after applying their internal due diligence process. LFS may recommend, on occasion, redistributing investment allocations to diversify the portfolio. LFS may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible risk hedge against market movement which may adversely affect the portfolio, variable cash amounts reduce total market exposure on a short-term basis. LFS will not charge an ongoing advisory fee for unmanaged or static assets held in accounts.

LFS may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time will LFS accept or maintain custody of a Client's funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within their designated brokerage account[s] at the Custodian, pursuant to the Client investment advisory agreement, please see Item 12 – Brokerage Practices.

Financial Planning and Consulting Services

LFS will typically provide a variety of financial planning services to individuals and families, either as a component of investment management services or pursuant to a written Financial Planning or Consulting Agreement. Services are offered in several areas of a Client's financial situation, depending on their goals and objectives.

Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, personal savings, education savings, insurance needs, and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

LFS may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendation pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Retirement Plan Advisory Services

LFS provides retirement plan advisory services on behalf of the retirement plans (each a "Plan") and the company (the "Plan Sponsor"). The Advisor's retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and its Plan Participants. Each engagement is customized to the needs of the Plan and Plan Sponsor and may include:

- Vendor Analysis
- Plan Participant Enrollment and Education Tracking
- Investment Policy Statement ("IPS") Design and Monitoring
- Investment Oversight Services (ERISA 3(21))
- Investment Management Services (ERISA 3(38))
- Performance Reporting
- Ongoing Investment Recommendation and Assistance
- ERISA 404(c) Assistance

These services are provided by LFS serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). In accordance with ERISA Section 408(b)(2), the Plan

Sponsor is provided with a written description of LFS's fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

Washington Clients: As an investment adviser registered under the Securities Act of Washington and other applicable federal and state securities laws, LFS has a fiduciary duty, as an investment adviser, to act in the best interest of the Client. While LFS may have specific responsibilities under ERISA to disclose its ERISA fiduciary services separately from its non-ERISA fiduciary services, this does not affect the Advisor's investment adviser fiduciary duty to the Client.

Financial Workshops/Seminars

LFS offers periodic financial workshops/seminars to its Clients at no cost.

C. Client Account Management

Prior to engaging LFS to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Policy Statement – LFS, in connection with the Client, will develop a statement that summarizes the Client's investment goals and objectives along with the broad strategies to be employed to meet the objectives. An Investment Policy Statement generally includes specific information on the Client's stated goals, time horizon for achieving the goals, investment strategies, Client risk tolerance and any restrictions imposed by the Client.
- Asset Allocation – LFS will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – LFS will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – LFS will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

LFS does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by LFS.

E. Assets Under Management

As of December 31, 2020, LFS manages \$111,287,854 in Client assets, \$101,369,105 of which are managed on a discretionary basis and \$9,918,749 on a non-discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one or more agreements with the Advisor.

A. Fees for Advisory Services

Account Portfolio Management

Investment advisory fees are paid at the end of each month. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

Investment advisory fees based on the following schedule:

Assets Under Management (\$)	Annual Rate (%)
\$5,000 to \$50,000	2.00%
\$50,000 – \$100,000	1.50%
\$100,000 to \$250,000	1.40%
\$250,000 to \$500,000	1.25%
\$500,000 to \$1,000,000	1.00%
\$1,000,000 to \$2,000,000	0.85%
\$2,000,000 to \$3,000,000	0.60%
Over \$3,000,000	0.50%

*Certain legacy clients may have fee schedules that differ than the schedule above.

The investment advisory fee in the first month of service is prorated to the inception date of the account[s] to the end of the first month. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by LFS will be independently valued by the Custodian. LFS will not have the authority or responsibility to value portfolio securities.

The Advisor's fee is exclusive of, and in addition to any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5.C. below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Financial Planning and Consulting Services

LFS offers financial planning or consulting services either on an hourly or fixed fee basis. Hourly fees range up to \$195. Fixed fees are based on the number of hours expected to complete the project at the hourly rate. Fees may be negotiable depending on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total hours and overall costs will be provided prior to engaging for these services. The minimum engagement fee for financial planning or consulting engagements is \$300.

Retirement Plan Advisory Services

Fees for retirement plan advisory services are charged an annual asset-based fee of 1.00% and are billed at the end of each month, pursuant to the terms of the retirement plan advisory agreement. Retirement plan advisory fees are based on the market value of assets under management at the end of the month. Fees may be negotiable depending on the size and complexity of the Plan.

Clients have the option to purchase investment products that LFS recommends through other custodians, brokers or agents that are not affiliated with the Advisor.

B. Fee Billing

Account Portfolio Management

The investment advisory fee will be calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the respective month-end date. The amount due is calculated by applying the monthly rate (annual rate divided by 12) to the total assets under management with LFS at the end of each month. Clients will be provided with a statement or comparable electronic documentation, at least monthly, from the Custodian reflecting deduction of the investment advisory fee. Clients are urged to compare the account statements they receive from the qualified custodian with invoices and reports they receive from the LFS. Clients provide written authorization permitting advisory fees to be deducted by LFS to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning and Consulting Services

Financial planning fees are invoiced by the Advisor and are due upon completion of the agreed upon deliverable[s]. The Advisors acceptable forms of payment are check or credit card.

Retirement Plan Advisory Services

Retirement plan advisory fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third-parties, other than LFS, in connection with investment made on behalf of the Client's account[s], as applicable. The Client is responsible for all custody and securities execution fees charged by the Custodian. The investment advisory fee charged by LFS is separate and distinct from these custody and execution fees.

In addition, all fees paid to LFS for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of LFS, but would not receive the services provided by LFS which are designed, among other things, to assist the Client in determining which products or services are most appropriate to each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by LFS to fully understand the total fees to be paid. Additionally, as noted above the Advisor will select share classes which do not have trading costs, but do have higher internal expense ratios than institutional share classes. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Account Portfolio Management

LFS is compensated for its services at the end of the month after investment advisory services are rendered. Either party may terminate the investment advisory agreement with LFS, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client and without penalty. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning and Consulting Services

LFS is compensated for its services upon completion of the engagement deliverable[s]. Either party may terminate the financial planning or consulting agreement, at any time, by providing written notice to the other party. The Client may also terminate the agreement within five (5) business days of signing the Advisor's financial planning or consulting agreement at no cost to the Client and without penalty. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for actual hours logged on the planning project times the agreed upon hourly rate and the completed portion of the financial plan will be delivered. The financial planning or consulting agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services

LFS is compensated for its services at the end of each month after retirement plan services are rendered. Either party may terminate their services with LFS, at any time, by providing advance written notice to the other party. The Client may also terminate the retirement advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client and without penalty. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Advisor will refund any unearned, prepaid retirement plan fees from the effective date of termination to the end of the quarter. The Client's retirement plan services agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

LFS does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Advisory Persons are also licensed as independent insurance professionals. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by these persons are separate and in addition to advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of the Advisor who are insurance agents have an incentive to recommend insurance products to Clients for the purpose of generating commissions rather than solely based on Client needs. However, Clients are under no obligation, contractually or otherwise, to purchase insurance products through any person affiliated with the Advisor. Please see Item 10 – Other Financial Industry Activities and Affiliations.

Item 6 – Performance-Based Fees and Side-By-Side Management

LFS does not charge performance-based fees for its investment advisory services. The fees charged by LFS are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

LFS does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

LFS provides investment advisory services to the following types of Clients:

- Individuals, Personal Trusts and Estates – private investors, investing their personal assets
- Corporations, Businesses – taxable business entities, investing cash reserves
- Non-Profit Organizations – non-taxable entities, investing endowment funds
- Pension and Profit-Sharing Plans – an employer defined contribution plan

The amount of each type of Client is available on the Advisor's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. LFS generally does not impose a minimum size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

LFS primarily employs fundamental analysis in developing investment strategies for its Clients. Research and analysis from LFS are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Secondarily, LFS may employ certain technical analysis methods including the study of pricing history and trading volume, paired with other forms of statistical analysis, to provide additional information in the evaluation of specific investments and investment strategies for its clients. This research is also derived from numerous sources, financial media companies, third party research materials, and Internet sources.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that LFS will be able to accurately predict such a reoccurrence.

As noted above, LFS generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. LFS will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, LFS may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. LFS will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process.

LFS may use margin in Client accounts for to manage the timing of purchases and sales, as appropriate. LFS may employ options strategies to hedge or gain additional exposure to a particular asset class or sector. LFS's investment strategy encompasses active trading in concentrated portfolios. Following are some of the risks associated with the Advisor's investment approach:

Concentrated Portfolios

Concentrated portfolios are an aggressive and highly volatile approach to trading and investing and should be viewed as complementary to a stable, highly predictable investment approach. Concentrated portfolios hold fewer different stocks than a diversified portfolio and are much more likely to experience sudden dramatic price swings. In addition, the rise or drop in price of any given holding in the portfolio is likely to have a larger impact on portfolio performance, than a more broadly diversified portfolio.

Frequent Trading

Frequent trading in securities can result in higher transaction costs in the Client's account[s]. For taxable accounts, frequent trading can also result in taxable transactions each year that would not be present in a buy-

and-hold strategy. There are no guarantees that a frequent trading strategy will correctly time purchases and sales of any particular security.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs have a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Interval Funds

An Interval fund is a form of mutual fund with limited liquidity. It may be purchased at any time. Fund redemptions may only be accomplished within specified windows of time. Typically, interval funds offer quarterly windows for redemption. The specific terms of each interval fund are defined in the fund prospectus. Interval funds typically reserve a portion of their portfolio for quarterly redemption events. If liquidation requests from fund shareholders exceed the liquidity reserve of the fund, a shareholder may be unable to fully liquidate a position. In such a case, the shareholder must wait until the following redemption period to make a new distribution request according to the terms of the interval fund. This means an interval fund can only be sold at specific times each year, and there is no guarantee that a shareholder will be able to completely liquidate their position in a redemption window, and there is no way to know if an illiquidity event will occur until the time of the occurrence.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. For more information on our investment management services, please contact the Advisor at (541) 375-0898 or via email at info@littlejohnfs.com.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving LFS or its owner. LFS values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor and its Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD #155113.

Item 10 – Other Financial Industry Activities and Affiliations

A-B. Financial Registration and Affiliations

Neither LFS nor its Advisory Persons have any registrations or affiliations with a broker-dealer, futures commission merchant, commodity pool operator, or commodity-trading advisor.

C. Material Relationships

As noted in Item 5, Advisory Persons are also licensed insurance professionals. Implementations of insurance recommendations are separate and apart from an Advisory Person's role with the Advisor. As an insurance professional, an Advisory Person will receive customary commissions and other related revenues from the various insurance companies whose products are sold. An Advisory Person is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory

fees. This practice presents a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by an Advisory Person or the Advisor.

D. Selection of Other Advisors

LFS will not utilize a third-party money manager.

Other Affiliations

BigFoot Investments

Mr. Littlejohn serves as the Chief Technical Analyst for BigFoot Investments ("BigFoot"). In this role Mr. Littlejohn is involved in the design and implementation of the investment system software. This may cause a conflict of interest as LFS utilizes the BigFoot tools for its Clients. Mr. Littlejohn is a part owner of the software and is compensated for his time only as a consultant for BigFoot for the benefit of BigFoot. Mr. Littlejohn spends approximately 2-3 hours per week consulting with BigFoot.

Washington Clients: As an investment adviser registered under the Securities Act of Washington and other applicable federal and state securities laws, LFS has a fiduciary duty, as an investment adviser, to act in the best interest of the Client. While LFS may have specific responsibilities under ERISA to disclose its ERISA fiduciary services separately from its non-ERISA fiduciary services, this does not affect the Advisor's investment adviser fiduciary duty to the Client.

American Railroad Supply

Mr. Littlejohn is a Partner with American Railroad Supply. In this role Mr. Littlejohn is involved in executive functions and the Chief Financial Officer. Mr. Littlejohn is a part owner of the entity and is compensated through any capital gains or profit distribution. Mr. Littlejohn spends approximately 20 hours per month involved with this activity.

Littlejohn Properties

Mr. Littlejohn is the co-owner of Littlejohn Properties. In this role Mr. Littlejohn is involved in the executive functions of the entity. Mr. Littlejohn is a co-owner of the entity and is compensated through rental income and any capital gains. Mr. Littlejohn spends approximately 20 hours per month involved with this activity.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

LFS has implemented a Code of Ethics that defines the Advisor's fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with LFS ("Supervised Persons"). The Code of Ethics was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to the Client. LFS and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of LFS and its Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range of topics that may include; general ethical principles, reporting personal securities trading, reportable securities, initial public offerings and private placements, reporting ethical violations, distribution of the Code of Ethics, review and enforcement processes, amendments to Form ADV and supervisory procedures. LFS has written its Code of Ethics to meet and exceed regulatory standards. To request a copy of the Code of Ethics, please contact the Advisor at (541) 375-0898 or via email at info@littlejohnfs.com.

B. Personal Trading with Material Interest

LFS allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. LFS does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advice an investment company. LFS does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

LFS allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by LFS requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") or delegate. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While LFS allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, these trades either do not occur at the same time as a Client trade unless they are part of a block order. LFS will place trades only after Client orders have been placed and filled. In the event of a block order, LFS Supervised Persons receive the same time and price as Client orders. **At no time, will LFS or any Supervised Person of LFS, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

LFS does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize LFS to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, LFS does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where LFS does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by the Advisor. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. LFS may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, its reputation and/or location of the Custodian's offices.

LFS may recommend that Clients establish their account[s] at Trade-PMR Inc. ("Trade-PMR") and custody their account[s] at Wells Fargo Clearing Services, LLC ("Wells Fargo"). Additionally, LFS may recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"). Trade-PMR, Wells Fargo and Schwab are each a FINRA-registered broker-dealer and member SIPC. Wells Fargo and Schwab will serve as the Client's "qualified custodian". LFS maintains an institutional relationship with both Trade-PMR and Schwab, whereby the Advisor receives economic benefits from Schwab. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. **LFS does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian.**

2. Brokerage Referrals - LFS does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where LFS will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are

traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). LFS will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. LFS will execute its transactions through the Custodian as authorized by the Client.

LFS may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Mr. Littlejohn, Principal and Chief Compliance Officer of LFS. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A above., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify LFS if changes occur in his/her personal financial situation that might adversely affect his/her investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

Participation in Institutional Advisor Platform – Trade PMR

LFS has established an institutional relationship with Trade-PMR to assist the Advisor in managing Client account[s]. Access to the Trade-PMR platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Trade-PMR. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

Participation in Institutional Advisor Platform – Schwab

LFS has established an institutional relationship with Schwab through its “Schwab Advisor Services” unit, a division of Schwab dedicated to serving independent advisory firms like LFS. As a registered investment advisor participating on the Schwab Advisor Services platform, LFS receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services to LFS that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. LFS believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

A. Compensation Received by LFS

LFS does not receive commissions or other compensation from product sponsors, broker dealers or any un-related third party. LFS may refer Clients to various third-parties to provide certain financial services necessary to meet the goals of its Clients. LFS does not receive compensation from third-parties for client referrals. Likewise, LFS may receive non-compensated referrals of new Clients from a third-party.

B. Client Referrals from Solicitors

LFS does not engage paid solicitors for Client referrals.

Item 15 – Custody

LFS does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a “qualified custodian”. Clients are required to engage the Custodian to retain their funds and securities and direct LFS to utilize that Custodian for the Client's security transactions. Clients are urged to compare the account statements they receive from the qualified custodian with invoices and reports they receive from the LFS. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

Item 16 – Investment Discretion

LFS generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by LFS. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will

Phone: (541) 375-0898
www.littlejohnfs.com

be evidenced by the Client's execution of an Investment Advisory Agreement containing all applicable limitations to such authority. All discretionary trades made by LFS will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

LFS does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither LFS, nor Mr. Littlejohn has any adverse financial situations that would reasonably impair the ability of LFS to meet all obligations to its Clients. Neither LFS, nor any of its advisory persons, have been subject to a bankruptcy or financial compromise. LFS is not required to deliver a balance sheet along with this Brochure as the firm does not collect advance fees for services to be performed six months or more in the future.

Mr. Littlejohn has a weekly radio show, True Wealth Radio, on News Radio 1240 KQEN, in which he discusses current financial topics. No compensation is received for the weekly radio show.

American Railroad Supply

Mr. Littlejohn is a Partner with American Railroad Supply. In this role Mr. Littlejohn is involved in executive functions and the Chief Financial Officer. Mr. Littlejohn is a part owner of the entity and is compensated through any capital gains or profit distribution. Mr. Littlejohn spends approximately 20 hours per month involved with this activity.

Littlejohn Properties

Mr. Littlejohn is the co-owner of Littlejohn Properties. In this role Mr. Littlejohn is involved in the executive functions of the entity. Mr. Littlejohn is a co-owner of the entity and is compensated through rental income and any capital gains. Mr. Littlejohn spends approximately 20 hours per month involved with this activity.

Item 5 – Additional Compensation

Mr. Littlejohn has additional business activities where compensation is received that are detailed in Item 4 above.

Item 6 – Supervision

Mr. Littlejohn serves as the Principal and Chief Compliance Officer of LFS. Mr. Littlejohn can be reached at (541) 375-0898. Mr. Littlejohn will be supervising his own activities as the Chief Compliance Officer.

LFS has implemented a Code of Ethics, an internal compliance document that guides each Supervised Person in meeting their fiduciary obligations to Clients of LFS. Further, LFS is subject to regulatory oversight by various agencies. These agencies require registration by LFS and its Supervised Persons. As a registered entity, LFS is subject to examinations by regulators, which may be announced or unannounced. LFS is required to periodically update the information provided to these agencies and to provide various reports regarding the business activities and assets of the Advisor.

Privacy Policy

Effective: March 26, 2021

Our Commitment to You

Littlejohn Financial Services, Inc. ("LFS") is committed to safeguarding the use of your personal information that we have as your Investment Advisor. LFS (referred to as "we", "our" and "us" throughout this notice) protects the security and confidentiality of the personal information we have and make efforts to ensure that such information is used for proper business purposes in connection with the management or servicing of your account. Our relationship with you is our most important asset. We understand that you have entrusted us with your private information, and we do everything we can to maintain that trust.

We do not sell your non-public personal information to anyone. Nor does LFS provide such information to others except for discrete and proper business purposes in connection with the servicing and management of your account as discussed below.

Details of our approach to privacy and how your personal non-public information is collected and used are set forth in this privacy policy.

The Information We Collect About You

You typically provide personal information when you complete the paperwork required to become our Client. This information may include your:

• Name and address	• Assets
• E-mail address	• Income
• Phone number	• Account balance
• Social security or taxpayer identification number	• Investment activity
	• Accounts at other institutions

In addition, we may collect non-public information about you from the following sources:

- Information we receive on Brokerage Agreements, Managed Account Agreements and other Subscription and Account Opening Documents;
- Information we receive in the course of establishing a customer relationship including, but not limited to, applications, forms, and questionnaires;
- Information about your transactions with us or others

Information About You That LFS Shares

LFS works to provide products and services that benefit our customers. We may share non-public personal information with non-affiliated third parties (such as brokers and custodians) as necessary for us to provide agreed services and products to you consistent with applicable law. We may also disclose non-public personal information to other financial institutions with whom we have joint business arrangements for proper business purposes in connection with the management or servicing of your account. In addition, your non-public personal information may also be disclosed to you, persons we believe to be your authorized agent or representative, regulators in order to satisfy LFS's regulatory obligations, and is otherwise required or permitted by law. Lastly, we may disclose your non-public personal information to companies we hire to help administrate our business. Companies we hire to provide services of this kind are not allowed to use your personal information for their own purposes and are contractually obligated to maintain strict confidentiality. We limit their use of your personal information to the performance of the specific service we have requested.

To repeat, we do not sell your non-public personal information to anyone.

Information About Former Clients

LFS does not disclose, and does not intend to disclose, non-public personal information to non-affiliated third parties with respect to persons who are no longer our clients.

Confidentiality and Security

Our employees are advised about the firm's need to respect the confidentiality of our customers' non-public personal information. Additionally, we maintain physical, procedural and electronic safeguards in an effort to protect the information from access by unauthorized parties.

We'll Keep You Informed

We will send you notice of our privacy policy annually for as long as you maintain an ongoing relationship with us. Periodically we may revise our privacy policy, and will provide you with a revised policy if the changes materially alter the previous privacy policy. We will not, however, revise our privacy policy to permit the sharing of non-public personal information other than as described in this notice unless we first notify you and provide you with an opportunity to prevent the information sharing. You may obtain a copy of our current privacy policy by contacting the Advisor at (541) 375-0898 or via email at info@littlejohnfs.com.
