

## **WRAP PROGRAM**

Sponsored by

**YUVA WEALTH PLANNING**

**January 1, 2021**

Office Location:

440 Stevens Ave Suite 200

Solana Beach, CA 92075

(858) 275-6511

[www.yuvawealth.com](http://www.yuvawealth.com)

This wrap fee program provides information about the qualifications and business practices of Yuva Wealth Planning (hereinafter "Yuva Wealth Planning" or the "Firm"), a DBA under tru Independence Asset Management, LLC, a registered investment advisor with the Securities and Exchange Commission ("SEC"). If you have any questions about the contents of this brochure, please contact the Firm at the telephone number listed above. For compliance specific request, please call (971) 371-3450. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission (SEC) or by any state securities authority. Additional information about the Firm is available on the SEC's website at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov). Registration does not imply any level of skill or training.

## Item 2. Material Changes

In this Item, tru Independence Asset Management, conducting business as Yuva Wealth Planning is required to discuss any material changes that have been made to the brochure since the last annual amendment.

Our Brochure, dated January 1, 2021, provides information about the qualifications and business practices of Yuva Wealth Planning. Except for the item listed below, the business practices of Yuva Wealth Planning are substantially the same as represented in this Firm's previous and current years' annual updated Brochures. The only material change is as follows:

- The ADV has been updated to reflect a change in Assets Under Management.

We will ensure that all current clients receive a Summary of Material Changes to this and subsequent Brochures within 120 days of the close of our business' fiscal year. A Summary of Material Changes is also included with our Brochure on the SEC's website at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov). The searchable IARD/CRD number for Yuva Wealth Planning is #168256. We may further provide other ongoing disclosure information about material changes as necessary and will further provide you with a new Brochure as necessary based on changes or new information, at any time, without charge.

Currently, our Brochure may be requested by contacting Stacy L. Sizemore, Chief Compliance Officer at (971) 371-3450 or [stacy@tru-ind.com](mailto:stacy@tru-ind.com)

## **Item 4. Services, Fees and Compensation**

tru Independence Asset Management provides investment advice under the name of Yuva Wealth Planning. Hereafter, Yuva Wealth Planning may also be referred to as (the “Firm”) with any descriptions of services, investment processes, fees and other similar items being specific to Yuva Wealth Planning unless otherwise noted.

The Yuva Wealth Planning Wrap Program (the “Program”) is an investment advisory program sponsored by Yuva Wealth Planning. Prior to Yuva Wealth Planning rendering any of the foregoing advisory services, clients are required to enter into one or more written agreements with Yuva Wealth Planning setting forth the relevant terms and conditions of the advisory relationship (the “Advisory Agreement”).

The Firm has been registered as an investment adviser since 2014 and is owned by tru Independence, LLC, which is owned by Craig Stuvland. Entwood Holdings LLC, which is owned by David Beatty and James Dilworth, controls over 25% of tru Independence, LLC.

As of December 31, 2020, tIAM managed approximately \$745,791,182 in assets for approximately 1213 accounts on a discretionary basis and approximately \$7,921,915 in assets for approximately 42 accounts on a non-discretionary basis. It total, tIAM managed approximately \$753,713,097 in assets for approximately 1255 accounts. Yuva Wealth Planning’s business model managed approximately \$63,819,491 in assets for approximately 29 accounts, all of which are Wrap accounts managed on a discretionary basis.

While this brochure generally describes the business of the Firm, certain sections also discuss the activities of its Supervised Persons, which refer to the Firm’s officers, partners, directors (or other persons occupying a similar status or performing similar functions), employees or any other person who provides investment advice on the Firm’s behalf and is subject to the Firm’s supervision or control.

### **Description of the Program**

---

The Program is offered as a wrap fee program, which provides clients with the ability to trade in certain investment products without incurring separate brokerage commissions or transaction charges. A wrap fee program is considered any arrangement under which clients receive investment advisory services (which may include portfolio management or advice concerning the selection of other investment advisers) and the execution of client transactions for a specified fee or fees not based upon transactions in their accounts. Clients must also open a new securities brokerage account and complete a new account agreement with Schwab Advisor Services<sup>TM</sup> (“Schwab”) or another broker-dealer that Yuva Wealth Planning approves under the Program (collectively “Financial Institutions”).

At the onset of the Program, clients complete an investor profile describing their individual investment objectives, liquidity and cash flow needs, time horizon and risk tolerance, as well as any other factors pertinent to their specific financial situations. After an analysis of the relevant information, Yuva Wealth Planning assists its clients in developing an appropriate strategy for managing their assets. Clients' investment portfolios are generally managed on a discretionary or non-discretionary basis by Yuva Wealth Planning.

### **Financial Planning and Consulting Services**

---

The Firm offers clients a broad range of financial planning and consulting services, which may include any or all of the following functions:

- Business Planning
- Cash Flow Forecasting
- Trust and Estate Planning
- Financial Reporting
- Investment Consulting
- Insurance Planning
- Retirement Planning
- Risk Management
- Charitable Giving
- Distribution Planning

While each of these services is available on a stand-alone basis, certain of them may also be rendered in conjunction with investment portfolio management as part of a comprehensive wealth management engagement (described in more detail below).

In performing these services, the Firm is not required to verify any information received from the client or from the client's other professionals (e.g., attorneys, accounts, etc.) and is expressly authorized to rely on such information. The Firm may recommend clients engage the Firm for additional related services, its Supervised Persons in their individual capacities as insurance agents or register representatives of a broker-dealer and/or other professionals to implement its recommendations. Clients are advised that a conflict of interest exists if client engages Firm or its affiliates to provide additional services for compensation. Clients retain absolute discretion over all decisions regarding implementation and are under no obligation to act upon any of the recommendations made by the Firm under a financial planning or consulting engagement. Clients are advised that it remains their responsibility to promptly notify the Firm of any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising the Firm's recommendations and/or services.

### **Wealth Management Services**

---

Yuva Wealth Planning provides clients with wealth management services which may include a broad range of comprehensive financial planning and consulting services as well as discretionary and/or non-discretionary management of investment portfolios.

Under an investment management engagement, Yuva Wealth Planning primarily allocates client assets among various individual equity and debt securities, fixed income, mutual funds and exchange-traded funds (“ETFs”) in accordance with their stated investment objectives.

Where appropriate, Yuva Wealth Planning may also provide advice about any type of legacy position or other investment held in client portfolios. Clients may engage Yuva Wealth Planning to manage and/or advise on certain investment products that are not maintained at their primary custodian, such as variable life insurance and annuity contracts and assets held in employer sponsored retirement plans. In these situations, Yuva Wealth Planning directs or recommends the allocation of client assets among the various investment options available with the product. These assets are generally maintained at the underwriting insurance company or the custodian designated by the product’s provider.

The Firm tailors its advisory services to meet the needs of its individual clients and seeks to ensure, on a continuous basis, that client portfolios are managed in a manner consistent with those needs and objectives. The Firm consults with clients on an initial and ongoing basis to assess their specific risk tolerance, time horizon, liquidity constraints and other related factors relevant to the management of their portfolios. Clients are advised to promptly notify Yuva Wealth Planning if there are changes in their financial situation or if they wish to place any limitations on the management of their portfolios. Clients may impose reasonable restrictions or mandates on the management if the Firm determines, in its sole discretion, the conditions would not materially impact the performance of a management strategy or prove overly burdensome to the Firm’s management efforts.

### **Use of Independent Managers**

---

Yuva Wealth Planning may select certain Independent Managers or Sub-Advisors to actively manage a portion of its clients’ assets. The specific terms and conditions under which a client engages an Independent Manager may be set forth in a separate written agreement with the designated Independent Manager. In addition to this brochure, clients may also receive the written disclosure documents of the respective Independent Managers engaged to manage their assets.

The Firm evaluates a variety of information about Independent Managers, which may include the Independent Managers’ public disclosure documents, materials supplied by the Independent Managers themselves and other third-party analyses it believes are reputable. To the extent possible, the Firm seeks to assess the Independent Managers’ investment strategies, past performance and risk results in relation to its clients’ individual portfolio allocations and risk exposure. The Firm also takes into consideration

each Independent Manager's management style, returns, reputation, financial strength, reporting, pricing and research capabilities, among other factors.

The Firm continues to provide services relative to the discretionary or non-discretionary selection of Independent Managers. On an ongoing basis, the Firm monitors the performance of those accounts being managed by Independent Manager. The Firm seeks to ensure the Independent Managers' strategies and target allocations remain aligned with its clients' investment objectives and overall best interests.

### **Fees for Participation in the Program**

---

The Program is offered on a fee basis, meaning participants pay a single annualized fee based upon assets under management ("Program Fee").

Yuva Wealth Planning offers investment management for an annual fee based on the amount of assets under management. This management fee generally varies between 25 and 150 basis points (0.25% - 1.50%), depending on the size and composition of a client's portfolio and the type of services rendered.

The annual fee is prorated and charged quarterly, in advance, based upon the market value of the assets being managed by the Firm on the last day of the previous billing period.

If assets in excess of \$10,000 are deposited into or withdrawn from an account after the inception of a billing period, the fee payable with respect to such assets is adjusted to reflect the interim change in portfolio value. For the initial period of an engagement, the fee is calculated on a pro rata basis. In the event the advisory agreement is terminated, the fee for the final billing period is prorated through the effective date of the termination and the outstanding or unearned portion of the fee is charged or refunded to the client, as appropriate.

Additionally, for asset management services the Firm provides with respect to certain client holdings (e.g., held-away assets, accommodation accounts, alternative investments, etc.), the Firm may negotiate a fee rate that differs from the range set forth above.

### **Fee Comparison**

---

As referenced above, a portion of the fees paid to Yuva Wealth Planning are used to cover the securities brokerage commissions and transactional costs attributed to the management of its clients' portfolios.

Services provided through the Program may cost clients more or less than purchasing these services separately. The number of transactions made in clients' accounts, as well as the commissions charged for each transaction, determines the relative cost of the Program versus paying for execution on a per transaction basis and paying a separate fee for advisory services. Therefore, the Firm has an incentive

to place less trades for clients in the Program since the Firm incurs transaction expenses. Fees paid for the Program may also be higher or lower than fees charged by other sponsors of comparable investment advisory programs.

---

**Fee Discretion**

Yuva Wealth Planning, in its sole discretion, may negotiate to charge a lesser fee based upon certain criteria, such as anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, pre-existing/legacy client relationship, account retention and pro bono activities.

---

**Other Charges**

In addition to the advisory fees paid to Yuva Wealth Planning, clients may also incur certain charges imposed by other third parties, such as broker-dealers, custodians, trust companies, banks and other financial institutions. These additional charges may include fees attributable to reporting charges, margin costs, charges imposed directly by a mutual fund or ETF in a client's account, as disclosed in the fund's prospectus (e.g., fund Program Fees and other fund expenses), fees and commission for assets not held with Schwab (such as 401(k) or 529 plan assets), fees for trades executed away from the custodian, deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees.

---

**Direct Fee Debit**

Clients generally provide Yuva Wealth Planning with the authority to directly debit their accounts for payment of the investment advisory fees. The Financial Institutions that act as the qualified custodian for client accounts, from which the Firm retains the authority to directly deduct fees, have agreed to send statements to clients not less than quarterly detailing all account transactions, including any amounts paid to Yuva Wealth Planning.

---

**Account Additions and Withdrawals**

Clients may make additions to and withdrawals from their account at any time, subject to Yuva Wealth Planning's right to terminate an account. Additions may be in cash or securities provided that the Firm reserves the right to liquidate any transferred securities or decline to accept particular securities into a client's account. Clients may withdraw account assets on notice to Yuva Wealth Planning, subject to the usual and customary securities settlement procedures. However, Yuva Wealth Planning designs its

portfolios as long-term investments and the withdrawal of assets may impair the achievement of a client's investment objectives. Yuva Wealth Planning may consult with its clients about the options and implications of transferring securities. Clients are advised that when transferred securities are liquidated, they may be subject to transaction fees, fees assessed at the mutual fund level (e.g., contingent deferred sales charge) and/or tax ramifications.

---

#### **Compensation for Recommending the Program**

Yuva Wealth Planning has no internal arrangements in place whereby persons recommending the Program are entitled to receive additional compensation as a result of clients' participation. A person recommending the Program will not earn more compensation than he or she would otherwise receive if a client elected another investment management program.

### **Item 5. Account Requirements and Types of Clients**

Yuva Wealth Planning offers services to individuals, pension and profit-sharing plans, trusts, estates, charitable organizations, corporations and business entities.

---

#### **Minimum Account Value and Fee**

The Firm does not impose a stated minimum fee or minimum portfolio value for starting and maintaining an investment management relationship.

### **Item 6. Portfolio manager Selection and Evaluation**

---

#### **Use of Independent Managers**

As stated above, Yuva Wealth Planning may select certain Independent Managers to manage a portion of its clients' assets in a separate written agreement with the designated Independent Manager which will include the payment of any solicitor fees by the Firm to the Independent Manager for their services. In these situations, the Firm continues to conduct ongoing due diligence of such managers, but such recommendations rely to a great extent on the Independent Managers' ability to successfully implement their investment strategies. In addition, the Firm generally may not have the ability to supervise the Independent Managers on a day-to-day basis.

---

#### **Individual Tailoring of Advice to Clients**

We offer individualized investment advice to clients using our services.

---

#### **Ability of Clients to Impose Restrictions**

We do allow clients to impose reasonable restrictions on investing in certain securities or types of

securities.

---

**Participation in Wrap Fee Programs**

---

Our wrap fee and non-wrap fee accounts are managed on an individual basis according to the client's investment objectives, financial goals, risk tolerance, etc. We do not manage wrap fee accounts in a different fashion than non wrap-fee accounts.

---

**Side-By-Side Management**

---

Yuva Wealth Planning does not provide any services for a performance-based fee (i.e., a fee based on a share of capital gains or capital appreciation of a client's assets).

---

**Methods of Analysis and Investment Strategies**

---

Yuva Wealth Planning may utilize several methods of analysis when structuring client portfolios including fundamental analysis and technical analysis.

Fundamental analysis involves the fundamental financial condition and competitive position of a company. Yuva Wealth Planning may analyze the financial condition, capabilities of management, earnings, new products and services, as well as the company's markets and position amongst its competitors in order to determine the recommendations made to clients. The primary risk in using fundamental analysis is that while the overall health and position of a company may be good, market conditions may negatively impact the security.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Yuva Wealth Planning will be able to accurately predict such a reoccurrence.

To implement its recommendations, the Firm primarily allocates client assets among various individual equity and debt securities, fixed income, mutual funds and exchange-traded funds ("ETFs") in accordance with their stated investment objectives. On a more limited basis, the Firm may utilize mutual funds or other securities to meet a client's investment needs.

---

**Risk of Loss**

---

**Market Risks**

Investing involves risk, including the potential loss of principal, and all investor should be guided accordingly. The profitability of a significant portion of Yuva Wealth Planning' recommendations and/or investment decisions may depend to a great extent upon correctly assessing the future course of price

movements of stocks, bonds and other asset classes. There can be no assurance that Yuva Wealth Planning will be able to predict those price movements accurately or capitalize on any such assumptions.

### **Mutual Funds and Exchange Traded Funds (ETFs)**

An investment in a mutual fund or exchange traded funds (ETFs) involves risk, including the loss of principal. Mutual fund and ETF shareholders are necessarily subject to the risks stemming from the individual issuers of the fund's underlying portfolio securities. Such shareholders are also liable for taxes on any fund-level capital gains, as mutual funds and ETFs are required by law to distribute capital gains in the event they sell securities for a profit that cannot be offset by a corresponding loss.

Shares of mutual funds are generally distributed and redeemed on an ongoing basis by the fund itself or a broker acting on its behalf. The trading price at which a share is transacted is equal to a fund's stated daily per share net asset value ("NAV"), plus any shareholders fees (e.g., sales loads, purchase fees, redemption fees). The per share NAV of a mutual fund is calculated at the end of each business day, although the actual NAV fluctuates with intraday changes to the market value of the fund's holdings. The trading prices of a mutual fund's shares may differ significantly from the NAV during periods of market volatility, which may, among other factors, lead to the mutual fund's shares trading at a premium or discount to actual NAV.

Shares of ETFs are listed on securities exchanges and transacted at negotiated prices in the secondary market. Generally, ETF shares trade at or near their most recent NAV, which is generally calculated at least once daily for indexed based ETFs and potentially more frequently for actively managed ETFs. However, certain inefficiencies may cause the shares to trade at a premium or discount to their pro rata NAV. There is also no guarantee that an active secondary market for such shares will develop or continue to exist. Generally, an ETF only redeems shares when aggregated as creation units (usually 20,000 shares or more). Therefore, if a liquid secondary market ceases to exist for shares of a particular ETF, a shareholder may have no way to dispose of such shares.

### **Use of Independent Managers**

As stated above, Yuva Wealth Planning may select certain Independent Managers to manage a portion of its clients' assets. In these situations, Yuva Wealth Planning continues to conduct ongoing due diligence of such managers, but such recommendations rely to a great extent on the Independent Managers' ability to successfully implement their investment strategies. In addition, Yuva Wealth Planning generally may not have the ability to supervise the Independent Managers on a day-to-day basis.

### **Use of Private Collective Investment Vehicles**

Yuva Wealth Planning may recommend that certain clients invest in privately placed collective investment vehicles (e.g., hedge funds, private equity funds, etc.). The managers of these vehicles have broad discretion in selecting the investments. There are few limitations on the types of securities or other

financial instruments which may be traded and no requirement to diversify. Hedge funds may trade on margin or otherwise leverage positions, thereby potentially increasing the risk to the vehicle. In addition, because the vehicles are not registered as investment companies, there is an absence of regulation. There are numerous other risks in investing in these securities. Clients should consult each fund's private placement memorandum and/or other documents explaining such risks prior to investing.

### **Real Estate Investment Trusts (REITs)**

Yuva Wealth Planning may recommend an investment in, or allocate assets among, various real estate investment trusts ("REITs"), the shares of which exist in the form of either publicly traded or privately placed securities. REITs are collective investment vehicles with portfolios comprised primarily of real estate and mortgage related holdings. Many REITs hold heavy concentrations of investments tied to commercial and/or residential developments, which inherently subject REIT investors to the risks associated with a downturn in the real estate market. Investments linked to certain regions that experience greater volatility in the local real estate market may give rise to large fluctuations in the value of the vehicle's shares. Mortgage related holdings may give rise to additional concerns pertaining to interest rates, inflation, liquidity and counterparty risk.

### **Liquidity**

The Firm may recommend investments intended for longer-term investment, such as private real estate opportunities. These types of investments may be less liquid, meaning funds may not be readily available for withdrawal by the client. The risk of illiquidity shall be measured against the potential return of the product and the position size as well as the client's investment specific return and investment objectives to ensure the risk is appropriate.

### **Options**

Options allow investors to buy or sell a security at a contracted "strike" price at or within a specific period of time. Clients may pay or collect a premium for buying or selling an option. Investors transact in options to either hedge (i.e., limit) losses in an attempt to reduce risk or to speculate on the performance of the underlying securities. Options transactions contain a number of inherent risks, including the partial or total loss of principal in the event that the value of the underlying security or index does not increase/decrease to the level of the respective strike price. Holders of options contracts are also subject to default by the option writer which may be unwilling or unable to perform its contractual obligations.

### **Use of Margin**

While the use of margin borrowing can substantially improve returns, it may also increase overall portfolio risk. Margin transactions are generally affected using capital borrowed from a Financial Institution, which is secured by a client's holdings. Under certain circumstances, a lending Financial Institution may demand an increase in the underlying collateral. If the client is unable to provide the additional collateral, the Financial Institution may liquidate account assets to satisfy the client's outstanding obligations, which could have extremely adverse consequences. In addition, fluctuations in

the amount of a client's borrowings and the corresponding interest rates may have a significant effect on the profitability and stability of a client's portfolio.

## **Voting of Client Securities**

---

Yuva Wealth Planning may accept the authority to vote a client's securities (i.e., proxies) on their behalf. When Yuva Wealth Planning accepts such responsibility, it will only cast proxy votes in a manner consistent with the best interest of its clients. Absent special circumstances, which are fully described in the Firm's Proxy Voting Policies and Procedures, all proxies will be voted consistent with guidelines established and described in Yuva Wealth Planning's Proxy Voting Policies and Procedures, as they may be amended from time-to-time. Clients may contact Yuva Wealth Planning to request information about how the Firm voted proxies for that client's securities or to get a copy of Yuva Wealth Planning's Proxy Voting Policies and Procedures. A brief summary of Yuva Wealth Planning's Proxy Voting Policies and Procedures is as follows:

- Yuva Wealth Planning will be responsible for monitoring corporate actions, making voting decisions in the best interest of clients, and ensuring that proxies are submitted in a timely manner.
- Yuva Wealth Planning will generally vote proxies according to Yuva Wealth Planning's then current Proxy Voting Guidelines. The Proxy Voting Guidelines include many specific examples of voting decisions for the types of proposals that are most frequently presented, including: composition of the board of directors; approval of independent auditors; management and director compensation; anti-takeover mechanisms and related issues; changes to capital structure; corporate and social policy issues; and issues involving mutual funds.
- Although the Proxy Voting Guidelines are followed as a general policy, certain issues are considered on a case-by-case basis based on the relevant facts and circumstances. Since corporate governance issues are diverse and continually evolving, the Firm devotes an appropriate amount of time and resources to monitor these changes.
- Clients cannot direct Yuva Wealth Planning's vote on a particular solicitation but can revoke the Firm's authority to vote proxies.

In situations where there may be a conflict of interest in the voting of proxies due to business or personal relationships that Yuva Wealth Planning maintains with persons having an interest in the outcome of certain votes, the Firm takes appropriate steps to ensure that its proxy voting decisions are made in the best interest of its clients and are not the product of such conflict.

## **Item 7. Client Information Provided to Portfolio Manager**

We are required to describe the information about you that we communicate to your portfolio manager(s), and how often or under what circumstances we provide updated information. Our firm communicates with your portfolio manager(s) on a regular basis as needed to ensure you're most current investment goals and objectives are understood by your portfolio manager(s). In most cases, we will communicate such information as part of our regular investment management duties. Nevertheless, we will also communicate information to your portfolio manager(s) when you request us to, when market or economic conditions make it prudent to do so, etc.

## **Item 8. Client Contact with Portfolio Manager**

Our clients may directly contact their portfolio manager(s) with questions or concerns or by calling the number on this Brochure for contact information.

## **Item 9. Additional Information**

### **Disciplinary Information**

---

Yuva Wealth Planning has not been involved in any legal or disciplinary events that are material to a client's evaluation of its advisory business or the integrity of its management.

### **Other Financial Industry Activities and Affiliations**

---

This item requires investment advisers to disclose certain financial industry activities and affiliations. The Supervised Persons providing services through Yuva Wealth Planning have the following other activities or affiliations to disclose.

#### *Licensed Insurance Agents*

Certain of the Firm's Supervised Persons are licensed insurance agents and may offer certain insurance products on a fully disclosed commissionable basis. A conflict of interest exists to the extent that the Firm recommends the purchase of insurance products where its Supervised Persons may be entitled to insurance commissions or other additional compensation. The Firm has procedures in place whereby it seeks to ensure that all recommendations are made in its clients' best interest regardless of any such affiliations.

### **Code of Ethics**

---

The Firm has adopted a code of ethics in compliance with applicable securities laws ("Code of Ethics") that

sets forth the standards of conduct expected of its Supervised Persons. The Firm's Code of Ethics contains written policies reasonably designed to prevent certain unlawful practices such as the use of material non-public information by the Firm or any of its Supervised Persons and the trading by the same of securities ahead of clients in order to take advantage of pending orders.

The Code of Ethics also requires certain of the Firm's personnel to report their personal securities holdings and transactions and obtain pre-approval of certain investments (e.g., initial public offerings, limited offerings). However, the Firm's Supervised Persons are permitted to buy or sell securities that it also recommends to clients if done in a fair and equitable manner that is consistent with the Firm's policies and procedures. This Code of Ethics has been established recognizing that some securities trade in sufficiently broad markets to permit transactions by certain personnel to be completed without any appreciable impact on the markets of such securities. Therefore, under limited circumstances, exceptions may be made to the policies stated below.

When the Firm is engaging in or considering a transaction in any security on behalf of a client, no Supervised Person will access to this information may knowingly effect for themselves or for their immediate family (i.e., spouse, minor children and adults living in the same household) a transaction in that security unless:

- the transaction has been completed;
- the transaction for the Supervised Person is completed as part of a batch trade with clients; or
- a decision has been made not to engage in the transaction for the client.

These requirements are not applicable to: (i) direct obligations of the Government of the United States; (ii) money market instruments, bankers' acceptances, bank certificates of deposit, commercial paper, repurchase agreements and other high quality short-term debt instruments, including repurchase agreements; (iii) shares issued by mutual funds or money market funds; and (iv) shares issued by unit investment trusts that are invested exclusively in one or more mutual funds.

Clients and prospective clients may contact the Firm to request a copy of its Code of Ethics.

### **Account Reviews**

---

The Firm monitors client portfolios on a continuous and ongoing basis while regular account reviews are conducted on at least an annual basis. Such reviews are conducted by the Firm's Investment Committee and/or investment adviser representatives and are intended to fulfil the Firm's fiduciary obligations to their advisory clients. All advisory clients are encouraged to discuss their needs, goals and objectives with Yuva Wealth Planning and to keep the Firm informed of any changes thereto. Yuva Wealth Planning contacts ongoing investment advisory clients at least annually to review its previous services and/or recommendations and quarterly to discuss the impact resulting from any changes in the client's financial

and/or investment objectives.

### **Account Statements and General Reports**

---

Clients are provided with transaction confirmation notices and regular summary account statements directly from the Financial Institutions where their assets are custodied. From time-to-time or as otherwise requested, clients may also receive written or electronic reports from the Firm and/or an outside service provider, which contain certain account and/or market-related information, such as an inventory of account holdings or account performance. Clients should compare the account statements they receive from their custodian with any documents or reports they receive from the Firm or an outside service provider.

### **Client Referrals**

---

The Firm may provide compensation to third-party solicitors for client referrals. In the event a client is introduced to the Firm by either an unaffiliated or an affiliated solicitor, the Firm may pay that solicitor a referral fee in accordance with applicable state securities laws. Unless otherwise disclosed, any such referral fee is paid solely from the Firm's investment management fee and does not result in any additional charge to the client. If the client is introduced to the Firm by an unaffiliated solicitor, the solicitor is required to provide the client with the Firm's written brochure(s) and a copy of a solicitor's disclosure statement containing the terms and conditions of the solicitation arrangement. Any affiliated solicitor of the Firm is required to disclose the nature of his or her relationship to prospective clients at the time of the solicitation and will provide all prospective clients with a copy of the Firm's written brochure(s) at the time of the solicitation.

### **Receipt of Economic Benefit and Brokerage Practices**

---

Yuva Wealth Planning generally recommends that clients utilize the custody, brokerage and clearing services of Schwab for investment management accounts. Factors which Yuva Wealth Planning considers in recommending Schwab or any other broker-dealer to clients include their respective financial strength, reputation, execution, pricing, research and service.

The execution clients receive from Schwab will comply with the Firm's duty to obtain "best execution." In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a Financial Institution's services, including among others, the value of research provided, execution capability, commission rates and responsiveness.

Consistent with obtaining best execution, brokerage transactions may be directed to certain broker/dealers in return for investment research products and/or services which assist Yuva Wealth Planning in its investment decision-making process. The receipt of investment research products and/or services as well as the allocation of the benefit of such investment research products and/or services poses a conflict of interest because Yuva Wealth Planning does not have to produce or pay for the products or services.

Yuva Wealth Planning periodically and systematically reviews its policies and procedures regarding its recommendation of Financial Institutions in light of its duty to obtain best execution.

Yuva Wealth Planning may receive without cost from Schwab computer software and related systems support, which allow Yuva Wealth Planning to better monitor client accounts maintained at Schwab. Yuva Wealth Planning may receive the software and related support without cost because the Firm renders investment management services to clients that maintain assets at Schwab. The software and support is not provided in connection with securities transactions of clients (i.e., not “soft dollars”). The software and related systems support may benefit Yuva Wealth Planning, but not its clients directly. In fulfilling its duties to its clients, Yuva Wealth Planning endeavors at all times to put the interests of its clients first. Clients should be aware, however, that Yuva Wealth Planning’s receipt of economic benefits from a broker/dealer creates a conflict of interest since these benefits may influence the Firm’s choice of broker/dealer over another that does not furnish similar software, systems support or services.

Specifically, Yuva Wealth Planning may receive the following benefits from Schwab:

- Receipt of duplicate client confirmations and bundled duplicate statements;
- Access to a trading desk that exclusively services its institutional traders;
- Access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to client accounts; and
- Access to an electronic communication network for client order entry and account information.

Yuva Wealth Planning does not consider, in selecting or recommending broker/dealers, whether the Firm receives client referrals from the Financial Institutions or other third party.

### **Financial Information**

---

Yuva Wealth Planning is not required to disclose any financial information due to the following:

- The Firm does not require or solicit the prepayment of more than \$1,200 in fees six months or more in advance of services rendered;

- The Firm does not have a financial condition that is reasonably likely to impair its ability to meet contractual commitments to clients; and
- The Firm has not been the subject of a bankruptcy petition at any time during the past ten years.
