To receive the CFP designation from the Certified Financial Planner Board of Standards, Inc., you must successfully complete four components: education, examination, experience, and ethics.

1. *Education*- The two-part education requirement includes both (1) completing coursework on financial planning through a CFP Board Registered Program, and (2) holding a bachelor's degree or higher (in any discipline) from an accredited college or university. You must complete the coursework before you can take the CFP® exam. You have 5 years from the date you pass the CFP® exam to complete the bachelor's degree requirement.
2. *Examination*- Passing the CFP® exam demonstrates that you have attained the knowledge and competency necessary to provide comprehensive personal financial planning advice. The CFP® exam is a 170-question, multiple-choice test that consists of two 3-hour sessions over one day. The exam includes stand-alone and scenario-based questions, as well as questions associated with case studies.
3. *Experience*- The experience requirement prepares you to provide personal financial planning to the public without supervision. You can fulfill the experience requirement either before or after you take the exam. You need to complete either 6,000 hours of professional experience related to the financial planning process, or 4,000 hours of apprenticeship experience that meets additional requirements.
