Item 4 **Advisory Business**

- A. The Registrant is a limited liability company that was originally formed on December 21, 2007 in the State of Delaware. In December 2011, the Registrant transitioned its corporate filing status and became a Washington State entity. The Registrant became registered as an Investment Adviser Firm in February 2008. The Registrant is owned equally by TCM Bellingham, LLC and TCM Shoreline, LLC. TCM Bellingham, LLC is owned by Bryant Engbretson and TCM Shoreline, LLC is owned by Mark Anderson. Mr. Engbretson and Mr. Anderson are Registrant's Managing Principals.
- B. As discussed below, the Registrant offers to its clients (individuals, business entities, trusts, estates and charitable organizations, etc.) investment advisory services and, to the extent specifically requested by a client, financial planning and related consulting services.

INVESTMENT ADVISORY SERVICES

The client can engage the Registrant to provide discretionary and/or non-discretionary investment advisory services on a *fee-only* basis. The Registrant's annual investment advisory fee is based upon a percentage (%) of the market value of the assets placed under the Registrant's management. To commence the investment advisory process, Registrant will ascertain each client's investment objective(s) and then allocate the client's assets consistent with the client's designated investment objective(s). Once allocated, Registrant provides ongoing supervision of the account(s). Prior to engaging the Registrant to provide investment advisory services, clients are required to enter into an *Investment Advisory Agreement* with Registrant setting forth the terms and conditions of the engagement (including

termination), describing the scope of the services to be provided, and the fee that is due from the client.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent specifically requested by a client, the Registrant may determine to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone separate fee basis as discussed at Item 5 below, the fee for which shall be based upon the individual providing the service and the scope of the services to be provided. Prior to engaging the Registrant to provide planning or consulting services, clients are generally required to enter into a Financial Planning and Consulting Agreement with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the portion of the fee that is due from the client prior to Registrant commencing services. **Please Note:** The Registrant **does not** serve as an attorney, accountant, or insurance agent, and no portion of our services should be construed as legal, accounting or insurance services. Accordingly, The Registrant **does not** prepare estate planning or any other legal documents, tax returns, or sell insurance products. To the extent requested by a client, we may recommend the services of other professionals for non-investment implementation purpose (i.e. attorneys, accountants, insurance, etc.), including some Registrant representatives in their separate individual capacities as licensed insurance agents. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant. **Please Note:** If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. At all times, the engaged licensed professional[s] (i.e. attorney, accountant, insurance agent, etc.), and **not** Registrant, shall be responsible for the quality and competency of the services provided. No client is under any obligation to purchase any insurance commission products from a Registrant representative.

Please Also Note: It remains the client's responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating, or revising Registrant's previous recommendations and/or services.

RETIREMENT CONSULTING

The Registrant also provides pension consulting services, pursuant to which it assists sponsors of self-directed retirement plans with the selection and/or monitoring of investment alternatives (generally open-end mutual funds) from which plan participants shall choose in self-directing the investments for their individual plan retirement accounts. In addition, to the extent requested by the plan sponsor, the Registrant shall also provide participant education designed to assist participants in identifying the appropriate investment strategy for their retirement plan accounts. The terms and conditions of the engagement shall generally be set forth in a Retirement Plan Consulting Agreement between the Registrant and the plan sponsor. **Please Note:** to the extent requested by the plan sponsor, the Registrant may provide managed portfolios as an investment option to plan participants.

Plan participants who wish to engage the Registrant for individualized financial planning or consulting services regarding assets outside the scope of the qualified plan may do so by executing a separate written agreement, including separate fees and fee payment arrangements. The Registrant manages these portfolios on a discretionary basis and therefore may be providing services as a 3(38) fiduciary.

MANAGEMENT STYLES

We offer our clients three different investment management styles. These styles differ in their allocation percentages to numerous asset classes, in their level of responsiveness to changing market conditions and in their sensitivity to fee and tax considerations.

Bellwether Investment Management Style

The Bellwether Investment Management Style has a primary focus on broad passive diversification, low investment management fees and low portfolio turnover (to reduce taxable transactions within the account). This investment style would be most appropriate for someone who possesses a core investment belief that low investment management fees and a passive investment approach are important components to investment success.

Shoreline Investment Management Style

The Shoreline Investment Management Style has a primary focus on a more traditional asset allocation/investment management approach utilizing both passive and active investment managers for various asset classes while making small tactical overweight/underweight asset allocation decisions based upon a forward-looking fundamental & backward-looking momentum view of the financial landscape. This investment style would be most appropriate for someone who possesses core investment beliefs that analysis can add value to the investment decision process, but who also believes that low investment management fees and a broadly diversified portfolio are important components to investment success.

Tradewinds Investment Management Style

The Tradewinds Investment Management Style has a primary focus on a quantitative approach to asset allocation/investment management utilizing large tactical overweight/underweight asset allocation decisions. These quantitative decisions are based upon a backward-looking momentum view of the financial markets. This investment style would be most appropriate for someone who possesses core investment beliefs that as market conditions change, the portfolio allocation should also change to match the new market environment.

MISCELLANEOUS

Limitations of Financial Planning and Non-Investment Consulting/Implementation Services.

As indicated above, to the extent requested by a client, Registrant may provide financial planning and related consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, etc. Registrant will generally provide such consulting services inclusive of its advisory fee set forth at Item 5 below (exceptions may occur based upon assets under management, special projects, etc. for which the Registrant may charge a separate or additional fee). Registrant believes that it is important for the client to address financial planning issues on an ongoing basis. Registrant **does not** serve as an attorney, accountant, or insurance agency, and no portion of its services should be construed as legal, accounting, or insurance brokerage services. Accordingly, Registrant **does not** prepare estate planning documents, tax returns or sell insurance products. To the extent requested by a client, Registrant may recommend the services of other professionals for certain non-investment implementation purpose (i.e. attorneys, accountants, insurance agents, etc.). Clients are reminded that they are under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation made by Registrant or its representatives.

Please Note: If the client engages any professional (i.e. attorney, accountant, insurance agent, etc.), recommended or otherwise, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. At all times, the engaged licensed professional[s] (i.e. attorney, accountant, insurance agent, etc.), and **not** Registrant, shall be

responsible for the quality and competency of the services provided.

Retirement Rollovers - No Obligation / Potential for Conflict of Interest: A client or prospective client leaving an employer typically has four options regarding an existing retirement plan (and may engage in a combination of these options): (i) leave the money in the former employer's plan, if permitted, (ii) roll over the assets to the new employer's plan, if one is available and rollovers are permitted, (iii) roll over to an Individual Retirement Account ("IRA"), or (iv) cash out the account value (which could, depending upon the client's age, result in adverse tax consequences). If the Registrant recommends that a client roll over their retirement plan assets into an account to be managed by Registrant, such a recommendation creates a conflict of interest if Registrant will earn a new advisory fee or increase its current compensation because of the rollover. **No client is under any obligation to roll over retirement plan assets to an account managed by the Registrant. Registrant's Chief Compliance Officer, Bryant J. Engebretson, remains available to address any questions that a client or prospective client may have regarding the potential for conflict of interest presented by such rollover recommendation.**

Custodian Charges-Additional Fees: As discussed below at Item 12 below, when requested to recommend a broker-dealer/custodian for client accounts, the Registrant generally recommends that *Schwab* serve as the broker-dealer/custodian for client investment management assets. Broker-dealers such as *Schwab* charge brokerage commissions, transaction, and/or other type fees for effecting certain types of securities transactions (i.e., including transaction fees for certain mutual funds, and mark-ups and mark-downs charged for fixed income transactions, etc.). The types of securities for which transaction fees, commissions, and/or other type fees (as well as the amount of those fees) shall differ depending upon the broker-dealer/custodian (while certain custodians, including *Schwab*, do not currently charge fees on individual equity transactions, others do). These fees/charges are in addition to the Registrant's investment advisory fee at Item 5 below. The Registrant does not receive any portion of these fees/charges. **ANY QUESTIONS: Registrant's Chief Compliance Officer, Bryant Engebretson, remains available to address any questions that a client or prospective client may have regarding the above.**

Portfolio Activity. Registrant has a fiduciary duty to provide services consistent with the client's best interest. As part of its investment advisory services, Registrant will review client portfolios on an ongoing basis to determine if any changes are necessary based upon various factors, including, but not limited to, investment performance, fund manager tenure, style drift, account additions/withdrawals, and/or a change in the client's investment objective. Based upon these factors, there may be extended periods of time when Registrant determines that changes to a client's portfolio are neither necessary nor prudent. Of course, as indicated below, there can be no assurance that investment decisions made by Registrant will be profitable or equal any specific performance level(s). Clients nonetheless remain subject to the fees described in Item 5 below during periods of account inactivity.

Please Note: Cash Positions. Registrant continues to treat cash as an asset class. As such, unless determined to the contrary by Registrant, all cash positions (money markets, etc.) shall continue to be included as part of assets under management for purposes of calculating Registrant's advisory fee. At any specific point in time, depending upon perceived or anticipated market conditions/events (there being **no guarantee** that such anticipated market conditions/events will occur), Registrant may

maintain cash positions for defensive purposes. In addition, while assets are maintained in cash, such amounts could miss market advances. Depending upon current yields, at any point in time, Registrant's advisory fee could exceed the interest paid by the client's money market fund. **ANY QUESTIONS: Registrant's Chief Compliance Officer, Bryant Engebretson, remains available to address any questions that a client or prospective may have regarding the above fee billing practice.**

Use of Mutual Funds and Exchange Traded Funds. Registrant utilizes mutual funds and exchange traded funds for its client portfolios. While the Registrant may recommend allocating investment assets to mutual funds that are not available directly to the public, the Registrant may also recommend that clients allocate investment assets to publicly available mutual funds and exchange traded funds that the client could obtain without engaging Registrant as an investment advisor. However, if a client or prospective client determines to allocate investment assets to publicly available mutual funds and exchange traded funds without engaging Registrant as an investment adviser, the client or prospective client would not receive the benefit of Registrant's initial and ongoing investment advisory services with respect to management of assets. In addition to Registrant's investment advisory fee described below, and transaction and/or custodial fees discussed below, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses).

ERISA PLAN and 401(k) INDIVIDUAL ENGAGEMENTS:

- **Trustee Directed Plans.** Registrant may be engaged to provide discretionary investment advisory services to ERISA retirement plans, whereby the Firm shall manage Plan assets consistent with the investment objective designated by the Plan trustees. In such engagements, Registrant will serve as an investment fiduciary as that term is defined under The Employee Retirement Income Security Act of 1974 ("ERISA"). In such engagements. The Registrant will generally provide services on an "assets under management" fee basis per the terms and conditions of an *Investment Advisory Agreement* between the Plan and the Firm.
- **Client Retirement Plan Assets.** If requested to do so, Registrant shall provide investment advisory services relative to 401(k) plan assets maintained by the client in conjunction with the retirement plan established by the client's employer. In such event, Registrant shall allocate (or recommend that the client allocate) the retirement account assets among the investment options available on the 401(k) platform. Registrant's ability shall be limited to the allocation of the assets among the investment alternatives available through the plan. The Registrant will not receive any communications from the plan sponsor or custodian, and it shall remain the client's exclusive obligation to notify the Registrant of any changes in investment alternatives, restrictions, etc. pertaining to the retirement account.

Investment Consulting. Registrant may determine to provide non-discretionary portfolio review services relative to those client assets that are not part of the investment assets subject to the Registrant's discretionary and non-discretionary investment advisory services discussed above. These additional client investment assets (the "Excluded Assets") are generally investment assets that are managed directly by the client or by other investment professionals engaged by the client. The Registrant's portfolio review service is limited to periodic review of information pertaining to the Excluded Assets as may be provided to the Registrant by the client, the other investment professional(s), and/or the account custodian, and **does not** include investment advisory services described above. Accordingly, the client (and/or the investment professionals engaged by the client with respect to such assets), and **not**

the Registrant, shall be exclusively responsible for the investment performance of the Excluded Assets, regardless of whether the Registrant includes the Excluded Assets on any account reports that it may provide to the client. In the event the client desires that the Registrant provide investment advisory services with respect to the Excluded Assets, the client may engage the Registrant to do so pursuant to the terms and conditions of the *Investment Advisory Agreement* between the Registrant and the client.

Please Note: Non-Discretionary Service Limitations. Clients that determine to engage the Registrant on a non-discretionary investment advisory basis **must be willing to accept** that the Registrant cannot affect any account transactions without obtaining prior consent to any such transaction(s) from the client. Thus, in the event that Adviser would like to make a transaction for a client's account (including in the event of an individual holding or general market correction), and the client is unavailable, the Registrant will be unable to affect any account transactions (as it would for its discretionary clients) without first obtaining the client's consent.

Client Obligations. In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other professionals and is expressly authorized to rely thereon. Moreover, each client is advised that it remains their responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant's previous recommendations and/or services.

Disclosure Statement. A copy of the Adviser's written Privacy Notice, Disclosure Brochure as set forth on Parts 2A and 2B of Form ADV and Form CRS (Client Relationship Summary) shall be provided to each client prior to, or contemporaneously with, the execution of the applicable form of agreement between Adviser and the client. Any client who has not received a copy of Adviser's written Brochure at least 48 hours prior to executing such agreement shall have five business days after executing the agreement to terminate the Adviser's services without penalty.

- B. The Registrant shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, the Registrant shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at any time, impose reasonable restrictions, in writing, on the Registrant's services.
- C. The Registrant does not participate in a wrap fee program.
- D. As of December 31, 2020, the Registrant had \$1,009,631,757 in assets under management on a discretionary basis and \$0 in assets under management on a non-discretionary basis.

Item 5 Fees and Compensation

INVESTMENT ADVISORY SERVICES

If a client determines to engage the Registrant to provide discretionary and/or non-discretionary investment advisory services on a *fee-only* basis, the Registrant's annual investment advisory fee shall be based upon a percentage (%) of the market value and type of assets placed under the Registrant's management (between 0.40% and 0.90%). The following fee schedule applies to all accounts and all assets in all Tradewinds Capital Management accounts unless the account qualifies for one of the alternative fee schedules:

STANDARD FEE SCHEDULE

0.90% for the FIRST \$250,000
0.85% for the NEXT \$250,000 (up to \$500,000)
0.80% for the NEXT \$250,000 (up to \$750,000)
0.75% for the NEXT \$250,000 (up to \$1,000,000)
0.70% for the NEXT \$1,000,000 (up to \$2,000,000)
0.60% for the NEXT \$1,000,000 (up to \$3,000,000)
0.50% for the NEXT \$2,000,000 (up to \$5,000,000)
0.40% for the VALUES over \$5,000,000

ALTERNATIVE FEE SCHEDULES

FIXED INCOME FEE SCHEDULE: Applies to accounts that 100% invested in Individual Fixed Income Securities (CDs, Bonds) and Money Market. Assets subject to any other Tradewinds Capital Management Fee Schedule will not be counted for the Fixed Income Fee Schedule Tier Levels.

0.50% for the FIRST \$500,000
0.45% for the NEXT \$500,000 (up to \$1,000,000)
0.40% for the NEXT \$2,000,000 (up to \$3,000,000)
0.35% for the NEXT \$2,000,000 (up to \$5,000,000)
0.30% for the NEXT \$2,000,000 (up to \$7,000,000)
0.25% for the NEXT \$2,000,000 (up to \$9,000,000)
0.20% for the VALUES over \$9,000,000

ANNUITY FEE SCHEDULE: Applies to annuity contracts managed by Tradewinds Capital Management held at Nationwide in the Monument Advisor Product.

0.75% for ALL VALUES

501(C)(3) CHARITY FEE SCHEDULE: Applies only to accounts held by charitable organizations with the 501(c)(3) IRA designation.

0.50% for ALL VALUES

EXTENDEND FAMILY MEMBERS FEE SCHEDULE: Applies only to parents, grandparents, siblings, children of siblings, aunts or uncles, children of aunts or uncles of a currently employed Tradewinds Capital Management advisor and their spouses.

0.50% for ALL VALUES

For legacy stock, mutual fund and fixed income positions and all other accounts, the fee is 0.00% for all values. **ANY QUESTIONS: The Registrant's Chief Compliance Officer, Bryant J. Engebretson, remains available to address any questions that a client or prospective may have regarding the above fee billing practice.** Additionally, please review the Registrant's most current *Fee and Billing Policy*.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent specifically requested by a client, the Registrant *may* determine to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone fee basis. Registrant's planning and consulting fees are negotiable, but generally range from \$1,000 to \$2,000 on a fixed fee basis, and from \$150 to \$225 on an hourly rate basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s).

RETIREMENT CONSULTING

The Registrant also provides pension consulting services, pursuant to which it assists sponsors of self-directed retirement plans with the selection and/or monitoring of investment alternatives (generally open-end mutual funds) from which

plan participants shall choose in self-directing the investments for their individual plan retirement accounts. Registrant's retirement consulting fees are negotiable, but generally range from 0.60% to 0.80% of the market value of the plan assets, depending upon the level and scope of the service(s) required.

Fee Dispersion

- A. Registrant, in its discretion, may charge a lesser investment advisory fee, charge a flat fee, waive its fee entirely, or charge fee on a different interval, based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, complexity of the engagement, anticipated services to be rendered, grandfathered fee schedules, employees and family members, courtesy accounts, competition, competition, negotiations with client, etc.). As a result of these factors, similarly situated clients could pay different fees, the services to be provided by the Registrant to any particular client could be available from other advisers at lower fees, and certain clients may have fees different than those specifically set forth above. **The Registrant's Chief Compliance Officer, Bryant J. Engebretson, remains available to address any questions that a client or prospective client may have regarding the above fee determination.**

Clients may elect to have the Registrant's advisory fees deducted from their custodial account. Both Registrant's *Investment Advisory Agreement* and the custodial/clearing agreement may authorize the custodian to debit the account for the amount of the Registrant's investment advisory fee and to directly remit that management fee to the Registrant in compliance with regulatory procedures. In the limited event that the Registrant bills the client directly, payment is due upon receipt of the Registrant's invoice. The Registrant shall deduct fees and/or bill clients monthly in arrears, based upon the average daily market value of the assets during the previous month.

Margin Accounts: Risks/Conflict of Interest. Registrant **does not** recommend the use of margin for investment purposes. A *margin account* is a brokerage account that allows investors to borrow money to buy securities and/or for other non-investment borrowing purposes. The broker/custodian charges the investor interest for the right to borrow money and uses the securities as collateral. By using borrowed funds, the customer is employing leverage that will magnify both account gains and losses. Should a client determine to use margin, Registrant will include the entire market value of the margined assets when computing its advisory fee. Accordingly, Registrant's fee shall be based upon a higher margined account value, resulting in Registrant earning a correspondingly higher advisory fee. As a result, the potential of conflict of interest arises since Registrant may have an economic disincentive to recommend that the client terminate the use of margin. **Please Note:** The use of margin can cause significant adverse financial consequences in the event of a market correction. **ANY QUESTIONS: Our Chief Compliance Officer, Bryant Engebretson, remains available to address any questions that a client or prospective client may have regarding the use of margin.**

- B. Clients may elect to have the Registrant's advisory fees deducted from their custodial account. Both Registrant's *Investment Advisory Agreement* and the custodial/clearing agreement may authorize the custodian to debit the account for the amount of the Registrant's investment advisory fee and to directly remit that management fee to the Registrant in compliance with regulatory procedures. In the limited event that the Registrant bills the client directly, payment is due upon receipt of the Registrant's invoice. The Registrant shall deduct fees and/or bill clients monthly in arrears, based upon the average daily market value of the assets during the previous month.
- C. As discussed below, unless the client directs otherwise or an individual client's

circumstances require, the Registrant shall generally recommend that Schwab serve as the broker-dealer/custodian for client investment management assets. Broker-dealers such as Schwab charge brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e. transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and fixed income securities transactions). In addition to Registrant's investment management fee, brokerage commissions and/or transaction fees, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses). The fees charged by the applicable broker-dealer/custodian, and the charges imposed at the fund level, are in addition to Adviser's investment advisory fees referenced in this Item 5.

- D. Registrant's annual investment advisory fee shall be prorated and paid monthly, in arrears, based upon the average daily market value of the assets during the previous month. The Registrant, in its sole discretion, may charge a lesser investment management fee and/or waive its annual minimum account fee based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).
- E. The *Investment Advisory Agreement* between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the *Investment Advisory Agreement*. Upon termination, if applicable, the Registrant shall refund any unearned portion of advisory fees on a pro-rata basis.
- F. Neither the Registrant, nor its representatives accept compensation from the sale of securities or other investment products.

Item 6 **Performance-Based Fees and Side-by-Side Management**

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Item 7 **Types of Clients**

The Registrant's clients shall generally include individuals, pension and profit-sharing plans, business entities, trusts, estates and charitable organizations. Registrant, in its discretion, may charge a lesser investment advisory fee, charge a flat fee, waive its fee entirely, or charge fee on a different interval, based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, complexity of the engagement, anticipated services to be rendered, grandfathered fee schedules, employees and family members, courtesy accounts, competition, competition, negotiations with client, etc.).

Please Note: As result of the above, similarly situated clients could pay different fees. In addition, similar advisory services may be available from other investment advisers for similar or lower fees. **Any Questions:** Adviser's Chief Compliance Officer, Bryant Engebretson, remains available to address any questions that a client may have regarding its advisory fee schedule.

Item 8 **Methods of Analysis, Investment Strategies and Risk of Loss**

- A. The Registrant may utilize the following methods of security analysis:
 - Charting - (analysis performed using patterns to identify current trends and trend reversals to forecast the direction of prices)
 - Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)

- Technical – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)
- Cyclical – (analysis performed on historical relationships between price and market trends, to forecast the direction of prices)

The Registrant may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)
- Trading (securities sold within thirty (30) days)

Please Note: Investment Risk. Investing in securities involves risk of loss that clients should be prepared to bear. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s). Investment strategies such as asset allocation, diversification, or rebalancing do not assure or guarantee better performance and cannot eliminate the risk of investment losses. There is no guarantee that a portfolio employing these or any other strategy will outperform a portfolio that does not engage in such strategies. While asset values may increase and client account values could benefit as a result, it is also possible that asset values may decrease, and client account values could suffer a loss.

- B. The Registrant's methods of analysis and investment strategies do not present any significant or unusual risks.

However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases, Short Term Purchases, and Trading - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer-term investment strategy. Trading, an investment strategy that requires the purchase and sale of securities within a thirty (30) day investment time period, involves a very short investment time period but will incur higher transaction costs when compared to a short-term investment strategy and substantially higher transaction costs than a longer-term investment strategy.

The Registrant may also allocate investment management assets of its client accounts, on a discretionary basis, among one or more of its mutual fund asset allocation programs. (i.e. Aggressive, Growth, Moderate, Balanced, Income and Cash Management) as designated on the *Investment Advisory Agreement*. Registrant's asset allocation strategies have been designed to comply with the requirements of Rule 3a-4 of the Investment Company Act of 1940. Rule 3a-4 provides similarly managed investment programs, such as Registrant's asset allocation programs, with a non-exclusive safe harbor from the definition of an investment company. In accordance with Rule 3a-4, the following disclosure is applicable to Registrant's

management of client assets:

1. Initial Interview – at the opening of the account, the Registrant, through its designated representatives, shall obtain from the client information sufficient to determine the client's financial situation and investment objectives;
2. Individual Treatment - the account is managed on the basis of the client's financial situation and investment objectives;
3. Quarterly Notice – at least quarterly the Registrant shall notify the client to advise the Registrant whether the client's financial situation or investment objectives have changed, or if the client wants to impose and/or modify any reasonable restrictions on the management of the account;
4. Annual Contact – at least annually, the Registrant shall contact the client to determine whether the client's financial situation or investment objectives have changed, or if the client wants to impose and/or modify any reasonable restrictions on the management of the account;
5. Consultation Available – the Registrant shall be reasonably available to consult with the client relative to the status of the account;
6. Quarterly Report – the client shall be provided with a quarterly report for the account for the preceding period;
7. Ability to Impose Restrictions – the client shall have the ability to impose reasonable restrictions on the management of the account, including the ability to instruct the Registrant not to purchase certain mutual funds;
8. No Pooling – the client's beneficial interest in a security does not represent an undivided interest in all the securities held by the custodian, but rather represents a direct and beneficial interest in the securities which comprise the account;
9. Separate Account - a separate account is maintained for the client with the Custodian;
10. Ownership – each client retains indicia of ownership of the account (e.g. right to withdraw securities or cash, exercise or delegate proxy voting, and receive transaction confirmations).

The Registrant believes that its annual investment management fee is reasonable in relation to: (1) the advisory services provided under the *Investment Advisory Agreement*; and (2) the fees charged by other investment advisers offering similar services/programs. However, Registrant's annual investment management fee may be higher than that charged by other investment advisers offering similar services/programs. In addition to Registrant's annual investment management fee, the client will also incur charges imposed directly at the mutual and exchange traded fund level (e.g., management fees and other fund expenses). **Please Note:** Registrant's investment programs may involve above-average portfolio turnover, which could negatively impact upon the net after-tax gain experienced by an individual client in a taxable account.

- C. Currently, the Registrant primarily allocates investment management assets among various mutual funds and exchange traded funds (ETFs), primarily on a discretionary basis, in accordance with the client's designated investment objective(s). The following provides a short description of some of the underlying risks associated with investing in these types of securities:

Market Risk. The price of a security may drop in reaction to tangible and intangible events and conditions. This type of risk may be caused by external factors (such as economic or political factors) but may also be incurred because of a security's specific underlying investments. Additionally, each security's price can fluctuate based on market movement, which may or may not be due to the security's operations or changes in its true value. For example, political, economic and social conditions may trigger market events which are temporarily negative, or temporarily positive.

Unsystematic Risk. Unsystematic risk is the company-specific or industry-specific risk in a portfolio that the investor bears. Unsystematic risk is typically addressed

through diversification. However, as indicated above, diversification does not guarantee better performance and cannot eliminate the risk of investment losses.

Mutual Fund Risk. Mutual funds are operated by investment companies that raise money from shareholders and invests it in stocks, bonds, and/or other types of securities. Each fund will have a manager that trades the fund's investments in accordance with the fund's investment objective. Mutual funds charge a separate management fee for their services, so the returns on mutual funds are reduced by the costs to manage the funds. While mutual funds generally provide diversification, risks can be significantly increased if the fund is concentrated in a particular sector of the market. Mutual funds that are sold through brokers are called load funds, and those sold to investors directly from the fund companies are called no-load funds.

Mutual funds come in many varieties. Some invest aggressively for capital appreciation, while others are conservative and are designed to generate income for shareholders. In addition, the client's overall portfolio may be affected by losses of an underlying fund and the level of risk arising from the investment practices of an underlying fund (such as the use of derivatives).

Exchange Traded Fund Risk. ETFs are marketable securities that are designed to track, before fees and expenses, the performance or returns of a relevant index, commodity, bonds or basket of assets, like an index fund. Unlike mutual funds, ETFs trade like common stock on a stock exchange. ETFs experience price changes throughout the day as they are bought and sold. In addition to the general risks of investing, there are specific risks to consider with respect to an investment in ETFs, including, but not limited to: (i) an ETF's shares may trade at a market price that is above or below its net asset value; (ii) the ETF may employ an investment strategy that utilizes high leverage ratios; or (iii) trading of an ETF's shares may be halted if the listing exchange's officials deem such action appropriate, the shares are de-listed from the exchange, or the activation of market-wide "circuit breakers" (which are tied to large decreases in stock prices) halts stock trading generally.

Item 9 **Disciplinary Information**

The Registrant has not been the subject of any disciplinary actions.

Item 10 **Other Financial Industry Activities and Affiliations**

- A. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer.
- B. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.
- C. **Licensed Insurance Agents.** Certain of the Registrants representatives, in their individual and separate licensed capacities, are licensed insurance agents. These individuals **do not** hold themselves out to the public as insurance agents and **do not** accept commissions in connection with placement of insurance products.
- D. The Registrant does not receive, directly or indirectly, compensation from investment advisors that it recommends or selects for its clients.

Item 11 **Code of Ethics, Participation or Interest in Client Transactions and Personal Trading**

- A. The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's

Representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

- B. Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.
- C. The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. Practices such as “scalping” (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, “front-running” (i.e., personal trades executed prior to those of the Registrant’s clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant’s “Access Persons”. The Registrant’s securities transaction policy requires that Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person’s current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects; provided, however that at any time that the Registrant has only one Access Person, he or she shall not be required to submit any securities report described above.

- D. The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. As indicated above in Item 11 C, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant’s Access Persons.

Item 12 Brokerage Practices

- A. In the event that the client requests that the Registrant recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct the Registrant to use a specific broker-dealer/custodian), Registrant generally recommends that investment management accounts be maintained at Schwab. Prior to engaging Registrant to provide investment management services, the client will be required to enter into a formal *Investment Advisory Agreement* with Registrant setting forth the terms and conditions under which Registrant shall manage the client's assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that the Registrant considers in recommending Schwab (or any other broker-dealer/custodian to clients) include historical relationship with the Registrant, financial strength, reputation, execution capabilities, pricing, research, and service. Although the commissions and/or transaction fees paid by Registrant's clients shall

comply with the Registrant's duty to obtain best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where the Registrant determines, in good faith, that the commission/transaction fee is reasonable. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of broker-dealer services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Registrant's investment management fee. The Registrant's best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

1. Dollar Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant may receive from Schwab (or another broker-dealer/custodian, investment platform and/or mutual fund sponsor) without cost (and/or at a discount) support services and/or products, certain of which assist the Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by the Registrant may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at Schwab as a result of this arrangement. There is no corresponding commitment made by the Registrant to Schwab or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as result of the above arrangement. The Registrant's Chief Compliance Officer, Bryant J. Engebretson, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding conflict of interest such arrangement created by such arrangement.

2. The Registrant does not receive referrals from broker-dealers.
3. Registrant recommends that its clients utilize the brokerage and custodial services provided by Schwab. The Registrant does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and Registrant will not seek better execution services or prices from other broker-dealers or be able to "batch" the client's transactions for execution through other broker-dealers with orders for other accounts managed by Registrant. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

Please Note: In the event that the client directs Registrant to effect securities transactions for the client's accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur

higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Registrant.

Higher transaction costs adversely impact account performance. Higher transaction costs adversely impact account performance. **Please Also Note:**

Transactions for directed accounts will generally be executed following the execution of portfolio transactions for non-directed accounts. **The Registrant's Chief Compliance Officer, Bryant J. Engebretson, remains available to address any questions that a client or prospective client may have regarding the above arrangement**

- B. **Order Aggregation.** Transactions for each client account generally will be effected independently unless Firm decides to purchase or sell the same securities for several clients at approximately the same time. The Firm may (but is not obligated to) combine or "batch" such orders for individual equity transactions (including ETFs) with the intention to obtain better price execution, to negotiate more favorable commission rates, or to allocate more equitably among the Firm's clients differences in prices and commissions or other transaction costs that might have occurred had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. In the event that the Firm becomes aware that a Firm employee seeks to trade in the same security on the same day, the employee transaction will either be included in the "batch" transaction or transacted after all discretionary client transactions have been completed. The Firm shall not receive any additional compensation or remuneration as the result of such aggregation.

Item 13 Review of Accounts

- A. For those clients to whom Registrants provides investment supervisory services, account reviews are conducted on an ongoing basis by the Registrant's Principal and/or representatives. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues, investment objectives and account performance with the Registrant on an annual basis, as applicable.
- B. The Registrant *may* conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request. Clients are provided with transaction confirmation notices and regular summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. Those clients to whom Registrant provides investment supervisory services shall also receive a quarterly report from the Registrant summarizing account activity and performance once assets have been under Registrant's management for a full calendar quarter.

Item 14 Client Referrals and Other Compensation

- A. As referenced in Item 12.A.1 above, the Registrant receives an economic benefit from Schwab. The Registrant, without cost (and/or at a discount), may receive support services and/or products from Schwab.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at Schwab as a result of this arrangement. There is no corresponding commitment made by the Registrant to Schwab or any other entity to

invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant's Chief Compliance Officer, Bryant J. Engebretson, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding conflict of interest any such created by such arrangement.

- B. The Registrant does not maintain solicitor arrangements/pay referral fee compensation to non-employees for new client introductions.

Item 15 Custody

The Registrant shall have the ability to have its advisory fee for each client debited by the custodian on a monthly basis. Clients are provided with transaction confirmation notices and regular summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. Those clients to whom Registrant provides investment supervisory services shall also receive a quarterly report from the Registrant summarizing account activity and performance once assets have been under Registrant's management for a full calendar quarter.

Certain clients have established asset transfer authorizations which permit the qualified custodian to rely upon instructions from the Registrant to transfer client funds or securities to third parties. These arrangements are also disclosed at ADV Part I, Item 9, but in accordance with the guidance provided in the SEC's February 21, 2017 Investment Adviser Association No-Action Letter, the affected accounts are not subject to an annual surprise CPA examination.

Please Note: To the extent that the Registrant provides clients with periodic account statements or reports, the client is urged to compare any statement or report provided by the Registrant with the account statements received from the account custodian. **Please Also Note:** The account custodian does not verify the accuracy of the Registrant's advisory fee calculation.

Item 16 Investment Discretion

The client can determine to engage the Registrant to provide investment advisory services on a discretionary basis. Prior to the Registrant assuming discretionary authority over a client's account, client shall be required to execute *Investment Advisory Agreement*, naming the Registrant as client's attorney and agent in fact, granting the Registrant full authority to buy, sell, or otherwise effect investment transactions involving the assets in the client's name for found in the discretionary account.

Clients who engage the Registrant on a discretionary basis may, at any time, impose restrictions, **in writing**, on the Registrant's discretionary authority. (i.e. limit the types/amounts of particular securities purchased for their account, exclude the ability to purchase securities with an inverse relationship to the market, limit or proscribe the Registrant's use of margin, etc.).

Item 17 Voting Client Securities

- A. The Registrant does not vote client proxies. Clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets.
- B. Clients will receive their proxies or other solicitations directly from their custodian. Clients may contact the Registrant to discuss any questions they may

have with a particular solicitation.

Item 18 **Financial Information**

- A. The Registrant does not solicit fees of more than \$1,200, per client, six months or more in advance.
- B. The Registrant is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.
- C. The Registrant has not been the subject of a bankruptcy petition.

Item 2 **Education Background and Business Experience**

Bryant J. Engebretson was born in 1969. Mr. Engebretson graduated from Oral Roberts University, in 1991, with a degree in Finance. Mr. Engebretson has been the Chief Compliance Officer and Managing Principal of Tradewinds Capital Management, LLC since March of 2008. From March of 2008 to June of 2009 Mr. Engebretson was a registered representative of Harbor Financial Services, LLC. From March of 2002 to March of 2008 Mr. Engebretson was a financial advisor of Edward Jones.

Mr. Engebretson has been a CERTIFIED FINANCIAL PLANNER™ since February 2005. Certified Financial Planner Board of Standards, Inc. ("CFP Board") owns the CFP® certification mark, the CERTIFIED FINANCIAL PLANNER™ certification mark, and the CFP® certification mark (with flame design) logo in the United States (these marks are collectively referred to as the "CFP® marks"). The CFP Board authorizes use of the CFP® marks by individuals who successfully complete the CFP Board's initial and ongoing certification requirements.

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 88,000 individuals have obtained CFP® certification.

To attain the right to use the CFP® marks, an individual must currently satisfactorily fulfill the following requirements:

- Education – Complete a college-level course of study addressing the financial planning subject areas that CFP Board's studies have determined as necessary for the competent and professional delivery of financial planning services or an accepted equivalent, including [completion of a financial plan development capstone course](#), and attain a Bachelor's Degree from an accredited college or university. CFP Board's financial planning subject areas include professional conduct and regulation, general principles of financial planning, education planning, risk management and insurance planning, investment planning, income tax planning, retirement savings and income planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination, administered in 6 hours, includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- Experience – CFP Board requires 6,000 hours of experience through the Standard Pathway, or 4,000 hours of experience through the Apprenticeship Pathway that meets additional requirements; and
- Ethics – Agree to be bound by CFP Board's *Code of Ethics and Standards of Conduct*, which put clients' interest first; acknowledge CFP Board's right to enforce them through its *Disciplinary Rules and Procedures*; comply with the *Financial Planning Practice Standards* which determine what clients should reasonably expect from the financial planning engagement and complete a CFP® Certification Application which requires disclosure of an individual's background, including involvement in any criminal, civil, governmental, or self-regulatory agency proceeding or inquiry, bankruptcy, customer complaint, filing, termination/internal reviews conducted by the individual's employer or firm.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- Continuing Education – Complete 30 hours of continuing education hours accepted by the CFP Board every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- Ethics – CFP® professionals agree to adhere to the high standards of ethics and practice outlined in CFP Board’s Code of Ethics and Standards of Conduct and to acknowledge CFP Board’s right to enforce them through its Disciplinary Rules and Procedures. The Code of Ethics and Standards of Conduct require that CFP® professionals provide financial planning services in the best interests of their clients.
- Certification Application – Properly complete a Certification Application to (i) acknowledge voluntary adherence to the [terms and conditions of certification with CFP Board](#) and (ii) disclose any involvement in criminal and civil proceedings, inquiries or investigations, bankruptcy filings, internal reviews and customer complaints.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board’s enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

You may [verify an individual’s CFP®](#) certification and background through the CFP Board. The verification function will allow you to verify an individual’s certification status, CFP Board’s disciplinary history and any bankruptcy disclosures in the past ten years. Additional regulatory information may also be found through [FINRA’S BrokerCheck](#) and the [SEC’s Investment Adviser Public Disclosure databases](#), which are free tools that may be used to conduct research on the background and experience of CFP® professionals and those who held CFP® certification at one time, including with respect to employment history, regulatory actions, and investment-related licensing information, arbitrations, and complaints.

Mr. Engebretson has held the designation of Chartered Advisor for Senior Living (CASL®) since February 2012. The CASL® credential provides advisors with in-depth training on issues impacting seniors and those planning for retirement. The designation incorporates five required, college-level courses that represent an average total study time of more than 250 hours. Topics include investments, estate planning, health and long-term care financing, and financial decisions for retirement. CASL® designees must meet experience, continuing education and ethics requirements. The credential is awarded by The American College, a non-profit educator with an 84-year heritage and the top level of academic accreditation.

Mr. Engebretson has held the designation of Accredited Estate Planner® (AEP®) since February 6, 2015. An Accredited Estate Planner applicant must meet all of the following requirements established by the National Association of Estate Planners & Councils:

To be eligible to be considered for the AEP® designation, the applicant must provide documentation of being licensed to practice law as an Attorney (JD) or to practice as a Certified Public Accountant (CPA), or of being currently designated as a Chartered Life Underwriter® (CLU®), Chartered Financial Consultant® (ChFC®), Certified Financial Planner (CFP®), or Certified Trust & Financial Advisor (CTFA), in any jurisdiction of the United States of America and meet certain educational requirements.

The applicant must be presently and significantly engaged in “estate planning activities” as an attorney, an accountant, an insurance professional and financial planner, or a trust officer. A minimum of five (5) years of experience engaged in estate planning and estate planning activities is required. To be exempt from the required education requirements, an applicant must have a minimum of fifteen (15) years of experience engaged in estate planning and estate planning activities.

AEP® applicants are required to be members of, and continuously maintain membership in, an affiliated local or regional estate planning council where such membership is available. Where no affiliated local council membership is available, the applicant is required to continuously maintain an At-Large individual membership in the National Association of Estate Planners & Councils.

AEP® applicants must continuously be in good standing with the applicant's respective professional organization and/or license authority (e.g., State Bar Association for attorneys, etc.) and provide three (3) professional references prior to acceptance.

In addition, AEP® applicants must abide by the NAEPC Code of Ethics, acknowledge a commitment to the team concept of estate planning by signing a declaration statement and meet continuing education and re-certification requirements, which include the yearly payment of dues.

Mr. Engebretson has held the designation of Chartered Financial Consultant (ChFC®) since February 2016. The ChFC® designation has been a mark of excellence for almost thirty years and currently requires nine college-level courses, the most of any financial planning credential. Average study time to earn the ChFC® exceeds 450 hours. Required courses cover extensive education and application training in financial planning, income taxation, investments, and estate and retirement planning. Additional electives are chosen from such topics as macroeconomics, financial decisions for retirement, and executive compensation. ChFC® designees must meet experience requirements and adhere to continuing education and ethical standards. The credential is awarded by The American College, a non-profit educator founded in 1927 and the highest level of academic accreditation.

Item 3 **Disciplinary Information**

None.

Item 4 **Other Business Activities**

- A. The supervised person is not actively engaged in any other investment-related businesses or occupations.
- B. The supervised person is not actively engaged in any non-investment-related business or occupation for compensation.

Item 5 **Additional Compensation**

None.

Item 6 **Supervision**

The Registrant provides investment advisory and supervisory services in accordance with the Registrant's policies and procedures manual. The primary purpose of the Registrant's Rule 206(4)-7 policies and procedures is to comply with the supervision requirements of Section 203(e)(6) of the Investment Advisers Act of 1940 (the "Act"). The Registrant's Chief Compliance Officer, Bryant J. Engebretson, is primarily responsible for the implementation of the Registrant's policies and procedures and overseeing the activities of the Registrant's supervised persons. Item 2 **Education Background and Business Experience**

Kyle B. Jackson was born in 1982. Mr. Jackson graduated from Western Washington University in 2006, with a degree in Finance. Mr. Jackson has been an investment manager of Tradewinds Capital Management, LLC since March of 2008. From April of 2006 to March of 2008 Mr. Jackson was a financial adviser of Edward Jones. From September of 2005 to March of 2006, Mr. Jackson was a full time student at Western Washington University.

Mr. Jackson has been a CERTIFIED FINANCIAL PLANNER™ since May 2010. Certified Financial Planner Board of Standards, Inc. ("CFP Board") owns the CFP® certification mark, the CERTIFIED FINANCIAL PLANNER™ certification mark, and the CFP® certification mark (with flame design) logo in the United States (these marks are collectively referred to as the "CFP® marks"). The CFP Board authorizes use of the CFP® marks by individuals who successfully complete the CFP Board's initial and ongoing certification requirements.

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 88,000 individuals have obtained CFP® certification.

To attain the right to use the CFP® marks, an individual must currently satisfactorily fulfill the following requirements:

- Education – Complete a college-level course of study addressing the financial planning subject areas that CFP Board's studies have determined as necessary for the competent and professional delivery of financial planning services or an accepted equivalent, including [completion of a financial plan development capstone course](#), and attain a Bachelor's Degree from an accredited college or university. CFP Board's financial planning subject areas include professional conduct and regulation, general principles of financial planning, education planning, risk management and insurance planning, investment planning, income tax planning, retirement savings and income planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination, administered in 6 hours, includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- Experience – CFP Board requires 6,000 hours of experience through the Standard Pathway, or 4,000 hours of experience through the Apprenticeship Pathway that meets additional requirements; and
- Ethics – Agree to be bound by CFP Board's *Code of Ethics and Standards of Conduct*, which put clients' interest first; acknowledge CFP Board's right to enforce them through its *Disciplinary Rules and Procedures*; comply with the *Financial Planning Practice Standards* which determine what clients should reasonably expect from the financial planning engagement and complete a CFP® Certification Application which requires disclosure of an individual's background, including involvement in any criminal, civil, governmental, or self-regulatory agency proceeding or inquiry, bankruptcy, customer complaint, filing, termination/internal reviews conducted by the individual's employer or firm.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- Continuing Education – Complete 30 hours of continuing education hours accepted by the CFP Board every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- Ethics – CFP® professionals agree to adhere to the high standards of ethics and practice outlined in CFP Board’s Code of Ethics and Standards of Conduct and to acknowledge CFP Board’s right to enforce them through its Disciplinary Rules and Procedures. The Code of Ethics and Standards of Conduct require that CFP® professionals provide financial planning services in the best interests of their clients.
- Certification Application – Properly complete a Certification Application to (i) acknowledge voluntary adherence to the [terms and conditions of certification with CFP Board](#) and (ii) disclose any involvement in criminal and civil proceedings, inquiries or investigations, bankruptcy filings, internal reviews and customer complaints.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board’s enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

You may [verify an individual’s CFP®](#) certification and background through the CFP Board. The verification function will allow you to verify an individual’s certification status, CFP Board’s disciplinary history and any bankruptcy disclosures in the past ten years. Additional regulatory information may also be found through [FINRA’S BrokerCheck](#) and the [SEC’s Investment Adviser Public Disclosure databases](#), which are free tools that may be used to conduct research on the background and experience of CFP® professionals and those who held CFP® certification at one time, including with respect to employment history, regulatory actions, and investment-related licensing information, arbitrations, and complaints.

Mr. Jackson became a Chartered Life Underwriter (CLU®) on May 2016. Since 1927, the CLU® has been the respected risk management credential for advisors. Designees have completed eight or more college-level courses representing an average study time of 400 hours. Topics for required courses include insurance and financial planning, life insurance law, estate planning, and planning for business owners and professionals. Elective courses include such advanced topics as income taxes, group benefits, retirement planning, and health insurance. CLU® designees must meet experience and continuing education requirements and must adhere to a high ethical standard. The mark is awarded by The American College, a non-profit educator with the top level of academic accreditation.

Mr. Jackson has been an Accredited Investment Fiduciary® (AIF®) since July 2010. The AIF Designation certifies that the recipient has specialized knowledge of fiduciary standards of care and their application to the investment management process. To receive the AIF Designation, the individual must meet prerequisite criteria based on a combination of education, relevant industry experience, and/or ongoing professional development, complete a training program, successfully pass a comprehensive, closed-book final examination under the supervision of a proctor and agree to abide by the Code of Ethics and Conduct Standards. In order to maintain the AIF Designation, the individual must annually attest to the Code of Ethics and Conduct Standards and accrue and report a minimum of six hours of continuing education. The Designation is administered by the Center for Fiduciary Studies, the standards-setting body of fi360.

Mr. Jackson has held the designation of Chartered Financial Consultant (ChFC®) since 2018. The ChFC® designation has been a mark of excellence for almost thirty years and currently requires nine college-level courses, the most of any financial planning credential. Average study time to earn the ChFC® exceeds 450 hours. Required courses cover extensive education and application training in financial planning, income taxation, investments, and estate and retirement planning. Additional electives are chosen from such topics as macroeconomics, financial decisions for retirement, and executive compensation. ChFC® designees must meet experience requirements and adhere to continuing education and ethical standards. The credential is awarded by The American College, a

non-profit educator founded in 1927 and the highest level of academic accreditation.
