Item 4: Advisory Business

A. Description of the Advisory Firm

This firm has been in business since 1994 and has been SEC registered since April 10, 2000; the principal owners are Andrew Y. Wasa and Henry J. Ferry.

B. Types of Advisory Services

Focus Investment Advisors, Inc. (hereinafter "FIA") offers the following services to advisory clients:

Investment Supervisory Services

FIA offers ongoing portfolio management services based on the individual goals, objectives, time horizon, and risk tolerance of each client. FIA creates an Investment Policy Statement for each client, which outlines the client's current situation (income, tax levels, and risk tolerance levels) and then constructs a plan (the Investment Policy Statement) to aid in the selection of a portfolio that matches each client's specific situation. Investment Supervisory Services include, but are not limited to, the following:

- Investment strategy
- Asset allocation
- Risk tolerance
- Personal investment policy
- Asset selection
- Regular portfolio monitoring

FIA evaluates the current investments of each client with respect to their risk tolerance levels and time horizon. Risk tolerance levels are documented in the Investment Policy Statement, which is given to each client.

Selection of Other Advisors

FIA may direct clients to third party money managers. Before selecting other advisors for clients, FIA will always ensure those other advisors are properly licensed or registered as investment advisor.

LPL Financial Sponsored Advisory Programs

FIA may provide advisory services through certain programs sponsored by LPL Financial LLC (LPL), a registered investment advisor and broker-dealer. Below is a brief description of each LPL advisory program available to FIA. For more information regarding the LPL programs, including more information on the advisory services and fees that apply, the types of investments available in the programs and the potential conflicts of interest presented by the programs please see the program account packet (which includes the account agreement and

LPL Form ADV program brochure) and the Form ADV, Part 2A of LPL or the applicable program.

Advisory Services

Manager Access Select Program

Manager Access Select offers clients the ability to participate in the Separately Managed Account Platform (the “SMA Platform”) or the Model Portfolio Platform (the “MP Platform”). In the SMA Platform, [Advisor] will assist client in identifying a third party portfolio manager (SMA Portfolio Manager) from a list of SMA Portfolio Managers made available by LPL, and the SMA Portfolio Manager manages client’s assets on a discretionary basis. [Advisor] will provide initial and ongoing assistance regarding the SMA Portfolio Manager selection process. In the MP Platform, clients authorize LPL to direct the investment and reinvestment of the assets in their accounts, in accordance with the selected model portfolio provided by LPL’s Research Department or a third-party investment advisor.

A minimum account value of \$50,000 is required for Manager Access Select, however, in certain instances, the minimum account size may be lower or higher.

Optimum Market Portfolios Program (OMP)

OMP offers clients the ability to participate in a professionally managed asset allocation program using Optimum Funds shares. Under OMP, client will authorize LPL on a discretionary basis to purchase and sell Optimum Funds pursuant to investment objectives chosen by the client. [Advisor] will assist the client in determining the suitability of OMP for the client and assist the client in setting an appropriate investment objective. FIA will have discretion to select a mutual fund asset allocation portfolio designed by LPL consistent with the client’s investment objective. LPL will have discretion to purchase and sell Optimum Funds pursuant to the portfolio selected for the client. LPL will also have authority to rebalance the account.

A minimum account value of \$10,000 is required for OMP. In certain instances, LPL will permit a lower minimum account size.

Personal Wealth Portfolios Program (PWP)

PWP offers clients an asset management account using asset allocation model portfolios designed by LPL. Advisor will have discretion for selecting the asset allocation model portfolio based on client’s investment objective. Advisor will also have discretion for selecting third party money managers (PWP Advisors), mutual funds and ETFs within each asset class of the model portfolio. LPL will act as the overlay portfolio manager on all PWP accounts and will be authorized to purchase and sell on a discretionary basis mutual funds, ETFs and equity and fixed income securities.

A minimum account value of \$250,000 is required for PWP. In certain instances, LPL will permit a lower minimum account size.

Model Wealth Portfolios Program (MWP)

MWP offers clients a professionally managed mutual fund asset allocation program. FIA will obtain the necessary financial data from the client, assist the client in determining the suitability of the MWP program and assist the client in setting an appropriate investment objective. FIA will initiate the steps necessary to open an MWP account and have discretion to select a model portfolio designed by LPL's Research Department consistent with the client's stated investment objective. LPL's Research Department, a third-party portfolio strategist and/or Advisor, through its IAR, may act as a portfolio strategist responsible for selecting the mutual funds or ETFs within a model portfolio and for making changes to the mutual funds or ETFs selected.

The client will authorize LPL to act on a discretionary basis to purchase and sell mutual funds and ETFs and to liquidate previously purchased securities. The client will also authorize LPL to effect rebalancing for MWP accounts.

MWP requires a minimum asset value for a program account to be managed. The minimums vary depending on the portfolio(s) selected and the account's allocation amongst portfolios. The lowest minimum for a portfolio is \$25,000. In certain instances, a lower minimum for a portfolio is permitted.

Small Market Solution (SMS) Program

Under SMS, LPL Research (a team of investment professionals within LPL) creates and maintains a series of different investment menus ("Investment Menus") consisting of a mix of different asset classes and investment vehicles ("investment options") for clients that sponsor and maintain participant-directed defined contribution plans ("Plan Sponsors"). The Plan Sponsor is responsible for selecting the Investment Menu that it believes is appropriate based on the demographics and other characteristics of the Plan and its participants. LPL Research is responsible for the selection and monitoring of the investment options made available through Investment Menus. The investment options that are offered through SMS are limited to the specific investments available through the record keeper that the Plan Sponsor selects. The Plan Sponsor may only select an Investment Menu in its entirety and does not have the option to remove or substitute an investment option.

In addition to the services described above, Plan Sponsor may also select from a number of consulting services available under SMS that are provided by [Advisor]. These consulting services may include, but are not limited to: general education, and support regarding the Plan and the investment options selected by Plan Sponsor; assistance regarding the selection of, and ongoing relationship management for, record keepers and other third-party vendors; Plan

participant enrollment support; and participant-level education regarding investment in the Plan. These consulting services do not include any individualized investment advice to the Plan Sponsor or Plan participants with respect to Plan assets.

Guided Wealth Portfolios (GWP)

GWP offers clients the ability to participate in a centrally managed, algorithm-based investment program, which is made available to users and clients through a web-based, interactive account management portal ("Investor Portal"). Investment recommendations to buy and sell exchange-traded funds and open-end mutual funds are generated through proprietary, automated, computer algorithms (collectively, the "Algorithm") of FutureAdvisor, Inc. ("FutureAdvisor"), based upon model portfolios constructed by LPL and selected for the account as described below (such model portfolio selected for the account, the "Model Portfolio"). Communications concerning GWP are intended to occur primarily through electronic means (including but not limited to, through email communications or through the Investor Portal), although [Advisor] will be available to discuss investment strategies, objectives or the account in general in person or via telephone.

A preview of the Program (the "Educational Tool") is provided for a period of up to forty-five (45) days to help users determine whether they would like to become advisory clients and receive ongoing financial advice from LPL, FutureAdvisor and [Advisor] by enrolling in the advisory service (the "Managed Service"). The Educational Tool and Managed Service are described in more detail in the GWP Program Brochure. Users of the Educational Tool are not considered to be advisory clients of LPL, FutureAdvisor or [Advisor], do not enter into an advisory agreement with LPL, FutureAdvisor or [Advisor], do not receive ongoing investment advice or supervisions of their assets, and do not receive any trading services.

A minimum account value of \$5,000 is required to enroll in the Managed Service.

Hybrid Advisors that are state-registered with Massachusetts are responsible for reviewing the requirements of the Policy Statement issued by the Massachusetts Securities Division titled "State-Registered Investment Advisers' Use Of Third-Party Robo-Advisers." In addition, Advisors registered with the SEC should note that the SEC staff issued a Guidance Update to "robo-advisors" in February 2017 (Release No. 2017-02). Advisors may consider whether to include the additional sample disclosure below in their Part 2A brochure. The sample disclosure below is not based on your particular business, should not be construed as legal advice, and should not be relied upon. You should seek advice from your attorney as needed in order to prepare disclosure specific to your business. LPL Financial is not responsible in any way in connection with your use of this sample disclosure.

Features of the Educational Tool

Users of the Educational Tool (each, a "user") agree to a terms of use ("Terms of Use") and complete an investor profile. An investment objective ("Investment Objective") and Model

Portfolio is assigned to each user based upon factors in the investor profile, including risk tolerance and the number of years remaining until the age of retirement (such time being referred to herein as the “Retirement Age”). (See description in “Features of the Managed Service” below for information regarding the design of the Model Portfolios.) Based on the Investment Objective and Model Portfolio, the Educational Tool generates sample analysis, advice and investment recommendations (“Sample Recommendations”).

The Educational Tool provides Sample Recommendations that may assist users in determining whether to utilize the Managed Service. Access to the Educational Tool is generally limited to a period of forty-five (45) days. The Educational Tool is intended to be used for educational and informational purposes only. The Educational Tool does not provide comprehensive financial planning and is not intended to constitute legal, financial or tax advice. There may be other relevant factors and financial considerations (e.g., debt load or financial obligations) that LPL, FutureAdvisor and [Advisor] do not take into consideration in formulating any Sample Recommendations provided. The Sample Recommendations made are meant solely as a sample of the types of recommendations available through the Managed Service. LPL, FutureAdvisor and [Advisor] are not responsible for any actions taken with respect to the Sample Recommendations, and users are solely responsible for making their own investment decisions. The Educational Tool is only one of many tools that users may use as part of a comprehensive investment analysis process. Users should not rely on the Educational Tool as the sole basis for investment decisions.

Although LPL is an investment adviser and broker-dealer registered with the SEC and a member of the Financial Industry Regulatory Authority, and FutureAdvisor is an investment adviser registered with the SEC, in providing access to the Educational Tool, LPL, Future Advisor and FIA do not intend to establish an advisory relationship, or in the case of LPL, a brokerage relationship, with users of the Educational Tool. Users are not charged an advisory fee or any other fee or expense to use the Educational Tool. The scope of any investment advisory relationship with LPL, Future Advisor and FIA begins when users enroll in the Managed Service. The output that users receive by using the Educational Tool, including the Sample Recommendations, may differ materially from the advice users would receive as an advisory client of LPL, FutureAdvisor and FIA.

None of LPL, FutureAdvisor or FIA provides ongoing investment management or trading services for assets of users of the Educational Tool, makes any determination as to whether the website through which the Program is accessed or the Educational Tool is appropriate for any user, can access any assets in any accounts users aggregate in the Educational Tool, places any trades on behalf of users of the Educational Tool, or provides ongoing supervision of assets of users of the Educational Tool. The Sample Recommendations provided are intended as an informational preview of the Managed Service, and the Sample Recommendations are being provided to demonstrate the types of analysis, advice and recommendations provided by the Managed Service.

Features of the Managed Service

Investors participating in the Managed Service (“clients” and each, a “client”) complete an account application (the “Account Application”) and enter into an account agreement (the “Account Agreement”) with LPL, FIA and FutureAdvisor. As part of the account opening process, clients are responsible for providing complete and accurate information regarding, among other things, their age, risk tolerance, and investment horizon (collectively, “Client Profile”). LPL, FIA and FutureAdvisor rely on the information in the Client Profile in order to provide services under the Program, including but not limited to, determination of suitability of the Program for clients and an appropriate Investment Objective and Model Portfolio for clients. The Model Portfolios have been designed and are maintained by LPL or, in the future, a third-party investment strategist (as applicable, the “Portfolio Strategist”) and shall include a list of securities holdings, relative weightings and a list of potential replacement securities for tax harvesting purposes. FutureAdvisor, FIA and clients cannot access, change or customize the Model Portfolios. Only one Model Portfolio is permitted per account.

Based upon a client’s risk tolerance as indicated in the Client Profile, the client is assigned an investment allocation track (currently Fixed Income Tilt, Balance Tilt or Equity Tilt), the purpose of which is to slowly rotate the client’s equity allocation to fixed income over time. LPL Research created these tracks using academic research on optimal retirement allocations, the industry averages as calculated by Morningstar for the target date fund universe, and input from FutureAdvisor.

Within the applicable allocation track and based upon a client’s chosen Retirement Age in the Client Profile, the client will be assigned a Model Portfolio and one of five of LPL’s standard investment objectives:

- *Income with capital preservation.* Designed as a longer term accumulation account, this investment objective is considered generally the most conservative. Emphasis is placed on generation of current income with minimal risk of capital loss. Lowering the risk generally means lowering the potential income and overall return.
- *Income with moderate growth.* This investment objective emphasizes generation of current income with a secondary focus on moderate capital growth.
- *Growth with income.* This investment objective emphasizes modest capital growth with some focus on generation of current income.
- *Growth.* This investment objective emphasizes achieving high long-term growth and capital appreciation. There is little focus on generation of current income.
- *Aggressive growth.* This investment objective emphasizes aggressive growth and maximum capital appreciation, with no focus on generation of current income. This objective has a very high level of risk and is for investors with a longer timer horizon.

Both the client and [Advisor] are required to review and approve the initial Investment Objective. As a client approaches the Retirement Age, the Algorithm will automatically adjust the client's asset allocation. Any change to the Investment Objective directed by a client due to changes in the Client's risk tolerance and/or Retirement Age will require written approval from the client and FIA before implementation. Failure to approve the change in Investment Objective may result in a client remaining in a Model Portfolio that is no longer aligned with the applicable Client Profile. The Investment Objective selected for the account is an overall objective for the entire account and may be inconsistent with a particular holding and the account's performance at any time and may be inconsistent with other asset allocations suggested to client by LPL, FIA or FutureAdvisor prior to client entering into the Account Agreement. Achievement of the stated investment objective is a long-term goal for the account, and asset withdrawals may impair the achievement of client's investment objectives. A Client Profile that includes a conservative risk tolerance over a long-term investment horizon may result in the selection of an Investment Objective that is riskier than would be selected over a shorter-term investment horizon. Clients should contact [Advisor] if they believe the Investment Objective does not appropriately reflect the Client Profile, such as their risk tolerance.

By executing the Account Agreement, clients authorize LPL and FutureAdvisor to have discretion to buy and sell only exchange-traded funds ("ETFs") and open-end mutual funds ("Mutual Funds") (collectively, "Program Securities") according to the Model Portfolio selected and, subject to certain limitations described in the Account Agreement, hold or liquidate previously purchased non-model securities that are transferred into the account ("Legacy Securities"). In order to be transferred into an account, Legacy Securities must be Mutual Funds with which LPL has a full or partial selling agreement, ETFs or individual U.S. listed stocks. Securities that are not Program Securities included within the Model Portfolio will not be purchased for an account, and FutureAdvisor, in its sole discretion, will determine whether to hold or sell Legacy Securities, generally, but not solely, with the goal of optimizing tax impacts for accounts that are subject to tax. Additional Legacy Securities will not be purchased for the account. Clients may not impose restrictions on liquidating any Legacy Securities for any reason. Clients should not transfer in Legacy Securities that they are not willing to have liquidated at the discretion of FutureAdvisor.

In addition, uninvested cash may be invested in money market funds, the Multi-Bank Insured Cash Account ("ICA") or the Deposit Cash Account ("DCA"), as applicable, as described in the Account Agreement. Dividends paid by the Program Securities in the account will be contributed to the cash allocation and ultimately reinvested into the account based on the Model Portfolio once the tolerance within cash allocation is surpassed.

Pursuant to the Account Agreement, FutureAdvisor is authorized to perform tax harvesting when deemed acceptable by the Algorithm based on the Legacy Securities' respective tax lot information. If tax lot information is missing for a Legacy Security, the Legacy Security will be

retained in the Account while FutureAdvisor and FIA use reasonable efforts to obtain the missing information. If the information cannot be obtained within a reasonable timeframe (generally no longer than 30 days), the Legacy Security will be sold and replaced with a Program Security in the Model Portfolio. LPL, [Advisor] and clients cannot alter trades made for tax harvesting purposes. In order to permit trading in a tax-efficient manner, the Account Agreement also grants FutureAdvisor the authority to select specific tax lots when liquidating securities within the account. Although the Algorithm attempts to achieve tax efficiencies, by doing so a client's portfolio may not directly align with Model Portfolio. As a result, a client may receive advice that differs from the advice received by accounts using the same Model Portfolio, and the client's account may perform differently than other accounts using the same Model Portfolio.

During the term of the Account Agreement, FutureAdvisor will perform a daily review of the account to determine if rebalancing is appropriate based on tolerance thresholds established by LPL and/or FutureAdvisor. At each rebalancing review, the account will be rebalanced if at least one of the account positions is outside such thresholds, subject to a minimum transaction amount established by LPL and/or FutureAdvisor. In addition, LPL and/or FutureAdvisor may review the account for rebalancing in the event that the Portfolio Strategist changes a Model Portfolio. FutureAdvisor may delay placing rebalancing transactions for non-qualified accounts by a number of days, to be determined by FutureAdvisor, in an attempt to limit short-term tax treatment for any position being sold. In addition, trading in the account at any given time is also subject to certain conditions, including but not limited to, conditions related to trade size, compliance tests, the target cash allocation and allocation tolerances. LPL, [Advisor] and clients can alter the rebalancing frequency.

Selection of FutureAdvisor as Third-Party Robo Advisor

Under FIA's agreement with LPL, FIA was provided the opportunity to offer GWP, which utilizes FutureAdvisor's Algorithm as described herein, to prospective clients. FIA is not otherwise affiliated with FutureAdvisor.] FutureAdvisor is compensated directly by LPL for its services, including the Algorithm and related software, through an annual sub-advisory fee (tiered based on assets under management by FutureAdvisor, at a rate ranging from 0.10% to 0.17%). As each asset tier is reached, LPL's share of the compensation shall increase and clients will not benefit from such asset tiers. No additional fee is charged for FutureAdvisor's services.

FIA believes that certain clients will benefit from GWP's advisor-enhanced advisory services, particularly due to the relatively low minimum account balance and the combination of a digital advice solution with access to an advisor. Unlike direct-to-consumer robo platforms, FIA is responsible on an ongoing basis as investment advisor and fiduciary for the client relationship, including for recommending the program for the client; providing ongoing monitoring of the program, the performance of the account, the services of LPL and FutureAdvisor; determining initial and ongoing suitability of the program for the client;

reviewing clients' suggested portfolio allocations; reviewing and approving any change in Investment Objective due to changes clients make to their Client Profile; answering questions regarding the program, assisting with paperwork and administrative and operational details for the account; and being available to clients to discuss investment strategies, changes in financial circumstances, objectives or the account in general in person or via telephone. FIA can also recommend other suitable investment programs if clients have savings goals or investment needs for which GWP is not the optimal solution.

Financial Planning

Financial plans and financial planning may include, but are not limited to: investment planning, life insurance; tax concerns; retirement planning; college planning; and debt/credit planning. These services are based on fixed fees or hourly fees and the final fee structure is documented in the Financial Planning Agreement.

Services Limited to Specific Types of Investments

FIA limits its investment advice and/or money management to mutual funds, equities, bonds, fixed income, debt securities, ETFs, real estate, hedge funds, third party money managers, REITs, insurance products including annuities, private placements, and government securities. FIA may use other securities as well to help diversify a portfolio when applicable.

FIA Fiduciary Duties

FIA advises clients that are subject to the requirements of the Employee Retirement Income Security Act of 1974 as amended ("ERISA"), and as such, FIA acts as a "fiduciary," as defined in that Act. FIA's fiduciary duties to ERISA clients are limited to its investment supervisory services to the extent that FIA (i) has any discretionary authority or control in the administration of the plan, (ii) exercises any authority or control with respect to the management or disposition of plan assets, or (iii) renders investment advice to a plan for a fee or other compensation, direct or indirect. FIA's financial planning services to ERISA clients does not implicate a fiduciary status.

Pension Consulting Services

FIA offers consulting services to pension or other employee benefit plans (including but not limited to 401(k) plans). Pension consulting may include, but is not limited to:

- identifying investment objectives and restrictions
- providing guidance on various assets classes and investment options
- recommending money managers to manage plan assets in ways designed to achieve objectives
- monitoring performance of money managers and investment options and making recommendations for changes

- recommending other service providers, such as custodians, administrators and broker-dealers
- creating a written pension consulting plan

These services are based on the goals, objectives, demographics, time horizon, and/or risk tolerance of the plan and its participants.

Written Acknowledgement of Fiduciary Status

When we provide investment advice to you regarding your retirement plan account or individual retirement account, we are fiduciaries within the meaning of Title I of the Employee Retirement Income Security Act and/or the Internal Revenue Code, as applicable, which are laws governing retirement accounts. The way we make money creates some conflicts with your interests, so we operate under a special rule that requires us to act in your best interest and not put our interest ahead of yours. Under this special rule's provisions, we must:

- Meet a professional standard of care when making investment recommendations (give prudent advice);
- Never put our financial interests ahead of yours when making recommendations (give loyal advice);
- Avoid misleading statements about conflicts of interest, fees, and investments;
- Follow policies and procedures designed to ensure that we give advice that is in your best interest;
- Charge no more than is reasonable for our services; and
- Give you basic information about conflicts of interest.

C. Client Tailored Services and Client Imposed Restrictions

FIA offers the same suite of services to all of its clients. However, specific client financial plans and their implementation are dependent upon the client Investment Policy Statement which outlines each client's current situation (income, tax levels, and risk tolerance levels) and is used to construct a client specific plan to aid in the selection of a portfolio that matches restrictions, needs, and targets.

Clients may impose restrictions in investing in certain securities or types of securities in accordance with their values or beliefs. However, if the restrictions prevent FIA from properly servicing the client account, or if the restrictions would require FIA to deviate from its standard suite of services, FIA reserves the right to end the relationship.

D. Wrap Fee Programs

FIA may recommend to clients various wrap fee programs if deemed appropriate. The appropriate supplemental brochure describing the wrap fee program of the program sponsor will be delivered to the client prior to investing in a wrap fee program.

E. Amounts Under Management

FIA has the following assets under management:

Discretionary Amounts:	Non-discretionary Amounts:	Date Calculated:
\$333,354,699.00	\$371,110,130.00	12/31/2012

Item 5: Fees and Compensation

A. Fee Schedule

Investment Supervisory Services Fees

Total Assets Under Management	Annual Fee
\$0 - \$250,000	1.50%
\$250,001 - \$500,000	1.45%
\$500,001 - \$1,000,000	1.35%
\$1,000,001 - \$2,000,000	1.25%
\$2,000,001 - \$5,000,000	1.00%
Above \$5,000,001	0.75%

These fees are negotiable and the final fee schedule is attached to the Investment Advisory Contract. Fees are paid quarterly in advance, and clients may terminate their contracts with thirty days' written notice. Because fees are charged in advance.. Clients may terminate their accounts without penalty within 5 business days of signing the advisory contract. Advisory fees are withdrawn directly from the client's accounts with client written authorization.

Fees for LPL Advisory Programs

The account fee charged to the client for each LPL advisory program is negotiable, subject to the following maximum account fees:

Manager Access Select	3.0%*
OMP	2.5%
PWP	2.5%

MWP	2.65%**
SMS	0.95%***
GWP	1.35%****

* The maximum Manager Access Select account fee for new accounts was reduced to 2.5% effective July 3, 2017.

** The MWP account fee consists of an LPL program fee, a strategist fee (if applicable) and an advisor fee of up to 2.00%. Accounts remaining under the legacy fee structure may be charged one aggregate account fee, for which the maximum account fee is 2.50%. See the MWP program brochure for more information.

** The SMS fee consists of an LPL program fee of 0.20% (subject to a minimum program fee of \$250), and an advisor fee of up to 0.75%.

*** GWP Managed Service clients are charged an account fee consisting of an LPL program fee of 0.35% and an advisor fee of up to 1.00%. In the future, a strategist fee may apply. However, LPL Research currently serves as the sole portfolio strategist and does not charge a fee for its services. FutureAdvisor is compensated directly by LPL for its services, including the Algorithm and related software, through an annual sub-advisory fee (tiered based on assets under management by FutureAdvisor, at a rate ranging from 0.10% to 0.17%). As each asset tier is reached, LPL's share of the compensation shall increase and clients will not benefit from such asset tiers.

GWP Educational Tool provides access to sample recommendations at no charge to users. However, if users decide to implement sample recommendations by executing trades, they will be charged fees, commissions, or expenses by the applicable broker or adviser, as well as underlying investment fees and expenses.

Account fees are payable quarterly in advance, except that the SMS fee is paid in advance on the frequency agreed to between client and [Advisor].

Excluding SMS and GWP, LPL serves as program sponsor, investment advisor and broker-dealer for the LPL advisory programs. In the Managed Service of GWP, LPL is appointed by each client as custodian of account assets and broker-dealer with respect to processing securities transactions for the accounts. In general, FutureAdvisor, in its capacity as investment advisor, will submit transactions through LPL; however, FutureAdvisor may choose to execute transactions through a broker-dealer other than LPL, subject to its duty to seek to achieve best execution. When securities transactions are effected through LPL, there are no brokerage commissions charged to the account. If FutureAdvisor chooses to execute a transaction through a broker-dealer other than LPL, the execution price may include a commission or fee imposed by the executing broker-dealer. In evaluating whether to execute a trade through a broker-

dealer other than LPL, Future Advisor will consider the fact that the account will not be charged a commission if the transaction is effected through LPL.

FIA and LPL may share in the account fee and other fees associated with program accounts. Associated persons of FIA may also be registered representatives of LPL. Under SMS, LPL serves as investment advisor but not the broker-dealer. FIA and LPL may share in the advisory portion of the SMS fee.

Certain Conflicts of Interest

FIA receives compensation as a result of a client's participation in an LPL program. Depending on, among other things, the type and size of the account, type of securities held in the account, changes in its value over time, the ability to negotiate fees or commissions, the historical or expected size or number of transactions, and the number and range of supplementary advisory and client-related services provided to the client, the amount of this compensation may be more or less than what FIA would receive if the client participated in other programs, whether through LPL or another sponsor, or paid separately for investment advice, brokerage and other services.

The account fee may be higher than the fees charged by other investment advisors for similar services. For instance, FutureAdvisor offers direct-to-consumer services similar to GWP. Therefore, clients could generally pay a lower advisory fee for algorithm-driven, automated ("robo") investment advisory services through FutureAdvisor or other robo providers. However, clients using such direct robo services will forgo opportunities to utilize LPL-constructed model portfolios or to work directly with a financial advisor.

Clients should consider the level and complexity of the advisory services to be provided when negotiating the account fee (or the advisor fee portion of the account fee, as applicable) with FIA. With regard to accounts utilizing third-party portfolio managers under aggregate, all-in-one account fee structures (including MAS, PWP and the legacy MWP fee structure), because the portion of the account fee retained by [Advisor] varies depending on the portfolio strategist fee associated with a portfolio, [Advisor] has a financial incentive to select one portfolio instead of another portfolio.

Please refer to the relevant LPL Form ADV program brochure for a more detailed discussion of conflicts of interest.

Certain investment adviser representatives of FIA are also associated with LPL Financial as broker-dealer registered representatives ("Dually Registered Persons"). In their capacity as registered representatives of LPL Financial, certain Dually Registered Persons may earn commissions for the sale of securities or investment products that they recommend for brokerage clients. They do not earn commissions on the sale of securities or investment products recommended or purchased in advisory accounts through FIA. Clients have the

option of purchasing many of the securities and investment products we make available to you through another broker-dealer or investment adviser. However, when purchasing these securities and investment products away from FIA, you will not receive the benefit of the advice and other services we provide.

Financial Planning Fees

Fixed Fees

Depending upon the complexity of the situation and the needs of the client, the rate for creating client financial plans is between \$1000 and \$5000. Fees are paid in arrears upon completion. Because fees are charged in arrears, no refund is necessary. The fees are negotiable and the final fee schedule will be attached to the Financial Planning Agreement. Clients may terminate their contracts without penalty within five business days of signing the advisory contract.

Hourly Fees

The hourly fee for these services is \$250. The fees are negotiable and the final fee schedule will be attached to the Financial Planning Agreement. Fees are paid in arrears upon completion. Because fees are charged in arrears, no refund is necessary. Clients may terminate their contracts without penalty within five business days of signing the advisory contract.

Pension Consulting Services Fees

The rate for pension consulting services is .80% to 1.00% of the plan assets for which FIA is providing such consulting services. These fees are negotiable.

B. Payment of Fees

Payment of Investment Supervisory Fees

Advisory fees are withdrawn directly from the client's accounts with client written authorization. Fees are paid quarterly in advance.

Advisory fees may also be invoiced and billed directly to the client with payments due quarterly upon invoice. Clients may select the method in which they are billed.

Payment of Financial Planning Fees

Hourly Financial Planning fees are paid via check in arrears upon completion. Because fees are charged in arrears, no refund is necessary.

Fixed Financial Planning fees are paid via check in arrears upon completion. Because fees are charged in arrears, no refund is necessary.

Payment of Pension Consulting Services Fees

Pension consulting fees are invoiced and billed directly to the client and clients may select the method in which they are billed. Fees are paid quarterly in arrears.

C. Clients Are Responsible For Third Party Fees

Clients are responsible for the payment of all third party fees (i.e. custodian fees, mutual fund fees, transaction fees, etc.). Those fees are separate and distinct from the fees and expenses charged by FIA. Please see Item 12 of this brochure regarding broker/custodian.

D. Prepayment of Fees

Any fees collected, but unearned, will be refunded by FIA at the time of cancellation

E. Outside Compensation For the Sale of Securities to Clients

Certain investment adviser representatives of Focus Investment Advisors, Inc. are also associated with LPL Financial as broker-dealer registered representatives ("Dually Registered Persons"). In their capacity as registered representatives of LPL Financial, certain Dually Registered Persons may earn commissions for the sale of securities or investment products that they recommend for brokerage clients. They do not earn commissions on the sale of securities or investment products recommended or purchased in advisory accounts through Focus Investment Advisors, Inc.. Clients have the option of purchasing many of the securities and investment products we make available to you through another broker-dealer or investment adviser. However, when purchasing these securities and investment products away from Focus Investment Advisors, Inc., you will not receive the benefit of the advice and other services we provide.

1. This is a Conflict of Interest

FIA and its supervised persons will accept compensation for the sale of securities or other investment products, including asset based sales charges or services fees from the sale of mutual funds to its clients. This presents a conflict of interest and gives the supervised person and FIA an incentive to recommend products based on the compensation received rather than on the client's needs. When recommending the sale of securities or investment products for which FIA receives compensation, FIA will document the conflict of interest in the client file and inform the client of the conflict of interest.

2. Clients Have the Option to Purchase Recommended Products From Other Brokers

Clients always have the option to purchase FIA recommended products through other brokers or agents that are not affiliated with FIA.

Commissions are not FIA's primary source of compensation for advisory services.

Advisory fees that are charged to clients are not reduced to offset the commissions or markups on securities or investment products recommended to clients.

Item 6: Performance-Based Fees and Side-By-Side Management

FIA does not accept performance-based fees or other fees based on a share of capital gains on or capital appreciation of the assets of a client.

Item 7: Types of Clients

FIA generally provides investment advice and/or management supervisory services to the following types of clients:

- ❖ Individuals
- ❖ High-Net-Worth Individuals
- ❖ Pension and Profit Sharing Plans
- ❖ Trusts, Estates, or Charitable Organizations
- ❖ Corporations or Business Entities

Minimum Account Size

There is an account minimum, \$100,000, which may be waived by the investment advisor, based on the needs of the client and the complexity of the situation.

Item 8: Methods of Analysis, Investment Strategies, and Risk of Investment Loss

A. Methods of Analysis and Investment Strategies

Methods of Analysis

FIA's methods of analysis include charting analysis, fundamental analysis, technical analysis, and cyclical analysis.

Charting analysis involves the use of patterns in performance charts. FIA uses this technique to search for patterns used to help predict favorable conditions for buying and/or selling a security.

Fundamental analysis involves the analysis of financial statements, the general financial health of companies, and/or the analysis of management or competitive advantages.

Technical analysis involves the analysis of past market data; primarily price and volume.

Cyclical analysis involved the analysis of business cycles to find favorable conditions for buying and/or selling a security.

Investment Strategies

FIA uses long term trading and short term trading strategies.

Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

B. Material Risks Involved

Methods of Analysis

Charting analysis strategy involves using and comparing various charts to predict long and short term performance or market trends. The risk involved in solely using this method is that only past performance data is considered without using other methods to crosscheck data. Using charting analysis without other methods of analysis would be making the assumption that past performance will be indicative of future performance. This may not be the case.

Fundamental analysis concentrates on factors that determine a company's value and expected future earnings. This strategy would normally encourage equity purchases in stocks that are undervalued or priced below their perceived value. The risk assumed is that the market will fail to reach expectations of perceived value.

Technical analysis attempts to predict a future stock price or direction based on market trends. The assumption is that the market follows discernible patterns and if these patterns can be identified then a prediction can be made. The risk is that markets do not always follow patterns and relying solely on this method may not work long term.

Cyclical analysis assumes that the markets react in cyclical patterns which, once identified, can be leveraged to provide performance. The risks with this strategy are two-fold: 1) the markets do not always repeat cyclical patterns and 2) if too many investors begin to implement this strategy, it changes the very cycles they are trying to take advantage of.

Investment Strategies

Long term trading is designed to capture market rates of both return and risk. Frequent trading, when done, can affect investment performance, particularly through increased brokerage and other transaction costs and taxes.

Short term trading generally hold greater risk and clients should be aware that there is a material risk of loss using any of those strategies.

Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

C. Risks of Specific Securities Utilized

FIA generally seeks investment strategies that do not involve significant or unusual risk beyond that of the general domestic and/or international equity markets.

Past performance is not a guarantee of future returns. Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

Item 9: Disciplinary Information

There are no legal or disciplinary events that are material to a client's or prospective client's evaluation of this advisory business or the integrity of our management.

Item 10: Other Financial Industry Activities and Affiliations

A. Registration as a Broker/Dealer or Broker/Dealer Representative

Certain employees of Focus Investment Advisors, Inc. are Dually Registered Persons. LPL Financial is a broker-dealer that is independently owned and operated and is not affiliated with Focus Investment Advisors, Inc.. Please refer to Item 12 for a discussion of the benefits Focus Investment Advisors, Inc. may receive from LPL Financial and the conflicts of interest associated with receipt of such benefits.

Specifically, Andrew Wasa, Henry Ferry, Amber Montgomery, Francis M. Amelio and David Everett Lam are registered representatives. From time to time, they will offer clients advice or products from those activities. Clients should be aware that these services pay a commission and involve a possible conflict of interest, as commissionable products can conflict with the fiduciary duties of a registered investment adviser. FIA always acts in the best interest of the client; including the sale of commissionable products to advisory clients. Clients are in no way required to implement the plan through any representative of FIA in their capacity as a registered representative.

B. Registration as a Futures Commission Merchant, Commodity Pool Operator, or a Commodity Trading Advisor

Neither FIA nor its representatives are registered as a Futures Commission Merchant, Commodity Pool Operator, or a Commodity Trading Advisor.

C. Registration Relationships Material to this Advisory Business and Possible Conflicts of Interests

Andrew Wasa, Henry Ferry, Amber Montgomery and Francis M. Amelio are insurance agents. From time to time, they will offer clients advice or products from those activities. Clients should be aware that these services pay a commission and involve a possible conflict of interest, as commissionable products can conflict with the fiduciary duties of a registered investment adviser. FIA always acts in the best interest of the client; including the sale of commissionable products to advisory clients. Clients are in no way required to implement the plan through any representative of FIA in their capacity as an insurance agent.

David Everett Lam is also the owner of real estate rental property. From time to time, he may offer clients advice or products from those activities and clients should be aware that these services may involve a conflict of interest. Focus Investment Advisors always acts in the best interest of the client and clients always have the right to decide whether or not to utilize the services of any Focus Investment Advisors representative in such individual's outside capacities.

Certain employees of FIA are Dually Registered Persons. LPL Financial is a broker-dealer that is independently owned and operated and is not affiliated with FIA. Please refer to Item 12 for a discussion of the benefits FIA may receive from LPL Financial and the conflicts of interest associated with receipt of such benefits.

D. Selection of Other Advisors or Managers and How This Adviser is Compensated for Those Selections

FIA may direct clients to third party money managers. FIA will always act in the best interests of the client, including when determining which third party manager to recommend to clients. FIA will ensure that all recommended advisors or managers are licensed or notice filed in the states in which FIA is recommending them to clients.

Item 11: Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

We have a written Code of Ethics that covers the following areas: Prohibited Purchases and Sales, Insider Trading, Personal Securities Transactions, Exempted Transactions, Prohibited Activities, Conflicts of Interest, Gifts and Entertainment, Confidentiality, Service on a Board of Directors, Compliance Procedures, Compliance with Laws and Regulations, Procedures and Reporting, Certification of Compliance, Reporting Violations, Compliance Officer Duties, Training and Education, Recordkeeping, Annual Review, and Sanctions. Clients may request a copy of our Code of Ethics from management.

B. Recommendations Involving Material Financial Interests

FIA does not recommend that clients buy or sell any security in which a related person to FIA has a material financial interest.

C. Investing Personal Money in the Same Securities as Clients

From time to time, representatives of FIA may buy or sell securities for themselves that they also recommend to clients. This may provide an opportunity for representatives of FIA to buy or sell the same securities before or after recommending the same securities to clients resulting in representatives profiting off the recommendations they provide to clients. FIA will always document any transactions that could be construed as conflicts of interest and will always transact client business before their own when similar securities are being bought or sold.

D. Trading Securities At/Around the Same Time as Clients' Securities

From time to time, representatives of FIA may buy or sell securities for themselves at or around the same time as clients. This may provide an opportunity for representatives of FIA to buy or sell securities before or after recommending securities to clients resulting in representatives profiting off the recommendations they provide to clients.

Item 12: Brokerage Practices

A. Factors Used to Select Custodians and/or Broker/Dealers

The Custodian is highly recommended based on their relatively low transaction fees and access to mutual funds and ETFs. FIA will never charge a premium or commission on transactions, beyond the actual cost imposed by Custodian.

Recommendation of LPL Financial

Focus Investment Advisors, Inc. will generally recommend that clients establish a brokerage account with LPL Financial to maintain custody of clients' assets and to effect trades for their accounts. LPL Financial provides brokerage and custodial services to independent investment advisory firms, including Focus Investment Advisors, Inc.. For Focus Investment Advisors, Inc.' accounts custodied at LPL Financial, LPL Financial generally is compensated by clients through commissions, trails, or other transaction-based fees for trades that are executed through LPL Financial or that settle into LPL Financial accounts. For IRA accounts, LPL Financial generally charges account maintenance fees. In addition, LPL Financial also charges clients miscellaneous fees and charges, such as account transfer fees. [LPL Financial charges Focus Investment Advisors, Inc. an asset-based administration fee for administrative services provided by LPL Financial. Such administration fees are not directly borne by clients, but may be taken into account when Focus Investment Advisors, Inc. negotiates its advisory fee with clients.]

While LPL Financial does not participate in, or influence the formulation of, the investment advice Focus Investment Advisors, Inc. provides, certain supervised persons of ADVISOR are Dually Registered Persons. Dually Registered Persons are restricted by certain FINRA rules and policies from maintaining client accounts at another custodian or executing client transactions in such client accounts through any broker-dealer or custodian that is not approved by LPL Financial. As a result, the use of other trading platforms must be approved not only by Focus Investment Advisors, Inc., but also by LPL Financial.

Clients should also be aware that for accounts where LPL Financial serves as the custodian, Focus Investment Advisors, Inc. is limited to offering services and investment vehicles that are approved by LPL Financial, and may be prohibited from offering services and investment vehicles that may be available through other broker-dealers and custodians, some of which may be more suitable for a client's portfolio than the services and investment vehicles offered through LPL Financial.

Clients should understand that not all investment advisers recommend that clients custody their accounts and trade through specific broker-dealers.

Clients should also understand that LPL Financial is responsible under FINRA rules for supervising certain business activities of Focus Investment Advisors, Inc. and its Dually Registered Persons that are conducted through broker-dealers and custodians other than LPL Financial. LPL Financial charges a fee for its oversight of activities conducted through these other broker-dealers and custodians. This arrangement presents a conflict of interest because Focus Investment Advisors, Inc. has a financial incentive to recommend that you maintain your account with LPL Financial rather than with another broker-dealer or custodian to avoid incurring the oversight fee.

Benefits Received by Focus Investment Advisors, Inc. Personnel

LPL Financial makes available to Focus Investment Advisors, Inc. various products and services designed to assist Focus Investment Advisors, Inc. in managing and administering client accounts. Many of these products and services may be used to service all or a substantial number of Focus Investment Advisors, Inc.' accounts, including accounts not held with LPL Financial. These include software and other technology that provide access to client account data (such as trade confirmation and account statements); facilitate trade execution (and aggregation and allocation of trade orders for multiple client accounts); provide research, pricing information and other market data; facilitate payment of Focus Investment Advisors, Inc.' fees from its clients' accounts; and assist with back-office functions; recordkeeping and client reporting.

LPL Financial also makes available to Focus Investment Advisors, Inc. other services intended to help Focus Investment Advisors, Inc. manage and further develop its business. Some of these services assist Focus Investment Advisors, Inc. to better monitor and service program accounts maintained at LPL Financial, however, many of these services benefit only Focus Investment Advisors, Inc., for example, services that assist Focus Investment Advisors, Inc. in growing its business. These support services and/or products may be provided without cost, at a discount, and/or at a negotiated rate, and include practice management-related publications; consulting services; attendance at conferences and seminars, meetings, and other educational and/or social events; marketing support; and other products and services used by Focus Investment Advisors, Inc. in furtherance of the operation and development of its investment advisory business.

Where such services are provided by a third party vendor, LPL Financial will either make a payment to Focus Investment Advisors, Inc. to cover the cost of such services, reimburse Focus Investment Advisors, Inc. for the cost associated with the services, or pay the third party vendor directly on behalf of Focus Investment Advisors, Inc..

The products and services described above are provided to Focus Investment Advisors, Inc. as part of its overall relationship with LPL Financial. While as a fiduciary Focus Investment Advisors, Inc. endeavors to act in its clients' best interests, the receipt of these benefits creates a conflict of interest because Focus Investment Advisors, Inc.' recommendation that clients custody their assets at LPL Financial is based in part on the benefit to Focus Investment Advisors, Inc. of the availability of the foregoing products and services and not solely on the nature, cost or quality of custody or brokerage

services provided by LPL Financial. Focus Investment Advisors, Inc.' receipt of some of these benefits may be based on the amount of advisory assets custodied on the LPL Financial platform.

Transition Assistance Benefits

LPL Financial provides various benefits and payments to Dually Registered Persons that are new to the LPL Financial platform to assist the representative with the costs (including foregone revenues during account transition) associated with transitioning his or her business to the LPL Financial platform (collectively referred to as "Transition Assistance"). The proceeds of such Transition Assistance payments are intended to be used for a variety of purposes, including but not necessarily limited to, providing working capital to assist in funding the Dually Registered Person's business, satisfying any outstanding debt owed to the Dually Registered Person's prior firm, offsetting account transfer fees (ACATs) payable to LPL Financial as a result of the Dually Registered Person's clients transitioning to LPL Financial's custodial platform, technology set-up fees, marketing and mailing costs, stationary and licensure transfer fees, moving expenses, office space expenses, staffing support and termination fees associated with moving accounts.

The amount of the Transition Assistance payments are often significant in relation to the overall revenue earned or compensation received by the Dually Registered Person at the prior firm. Such payments are generally based on the size of the Dually Registered Person's business established at his prior firm and/or assets under custody on the LPL Financial. Please refer to the relevant Part 2B brochure supplement for more information about the specific Transition Payments your representative receives.

Transition Assistance payments and other benefits are provided to associated persons of Focus Investment Advisors, Inc. in their capacity as registered representatives of LPL Financial. However, the receipt of Transition Assistance by such Dually Registered Persons creates conflicts of interest relating to Focus Investment Advisors, Inc.'s advisory business because it creates a financial incentive for Focus Investment Advisors, Inc.'s representatives to recommend that its clients maintain their accounts with LPL Financial. In certain instances, the receipt of such benefits is dependent on a Dually Registered Person maintaining its clients' assets with LPL Financial and therefore Focus Investment Advisors, Inc. has an incentive to recommend that clients maintain their account with LPL Financial in order to generate such benefits.

Focus Investment Advisors, Inc. attempts to mitigate these conflicts of interest by evaluating and recommending that clients use LPL Financial's services based on the benefits that such services provide to our clients, rather than the Transition Assistance earned by any particular Dually Registered Person. Focus Investment Advisors, Inc.

considers LPL Financial when recommending or requiring that clients maintain accounts with LPL Financial. However, clients should be aware of this conflict and take it into consideration in making a decision whether to custody their assets in a brokerage account at LPL Financial.

FIA receives no referrals from a broker-dealer or third party in exchange for using that broker-dealer or third party.

FIA allows clients to direct brokerage. FIA may be unable to achieve most favorable execution of client transactions if clients choose to direct brokerage. This may cost clients' money because without the ability to direct brokerage FIA may not be able to aggregate orders to reduce transactions costs resulting in higher brokerage commissions and less favorable prices. Not all investment advisers allow their clients to direct brokerage.

B. Aggregating (Block) Trading for Multiple Client Accounts

FIA maintains the ability to block trade purchases across accounts. While block trading may benefit clients by purchasing larger blocks in groups, we do not feel that the clients are at a disadvantage due to the best execution practices of our custodian.

Item 13: Reviews of Accounts

A. Frequency and Nature of Periodic Reviews and Who Makes Those Reviews

Client accounts are reviewed at least quarterly by Andrew Y. Wasa and Henry Ferry, partners, with regards to their investment policies and risk tolerance levels.

All financial planning accounts are reviewed upon financial plan creation and plan delivery by Andrew Y. Wasa and Amber Montgomery. There is only one level of review and that is the total review conducted to create the financial plan.

B. Factors That Will Trigger a Non-Periodic Review of Client Accounts

Reviews may be triggered by material market, economic or political events, or by changes in client's financial situations (such as retirement, termination of employment, physical move, or inheritance).

C. Content and Frequency of Regular Reports Provided to Clients

Each client will receive at least quarterly a written report that details the clients' account which may come from the custodian.

Clients are provided a one-time financial plan concerning their financial situation. After the presentation of the plan, there are no further reports. Clients may request additional plans or reports for a fee.

Item 14: Client Referrals and Other Compensation

A. Economic Benefits Provided by Third Parties for Advice Rendered to Clients (Includes Sales Awards or Other Prizes)

Focus Investment Advisors, Inc. and/or its Dually Registered Persons are incented to join and remain affiliated with LPL Financial and to recommend that clients establish accounts with LPL Financial through the provision of Transition Assistance (discussed in Item 12 above). LPL also provides other compensation to Focus Investment Advisors, Inc. and its Dually Registered Persons, including but not limited to, bonus payments, repayable and forgivable loans, stock awards and other benefits.

The receipt of any such compensation creates a financial incentive for your representative to recommend LPL Financial as custodian for the assets in your advisory account. We encourage you to discuss any such conflicts of interest with your representative before making a decision to custody your assets at LPL Financial.

B. Compensation to Non -Advisory Personnel for Client Referrals

FIA does not directly or indirectly compensate any person who is not advisory personnel for client referrals.

Item 15: Custody

FIA does not take custody of client accounts at any time. Custody of client's accounts is held primarily at the Custodian.

Item 16: Investment Discretion

For select ERISA Plans, FIA does exercise discretion especially for Taft Hartley Defined Benefit, Defined Contribution and Health & Welfare Plans. For non-institutional, both non-qualified and

qualified plan accounts, we generally do not exercise discretion however, we reserve the right to exercise discretion whenever it becomes necessary.

Item 17: Voting Client Securities (Proxy Voting)

FIA will not ask for, nor accept voting authority for client securities. Clients will receive proxies directly from the issuer of the security or the custodian. Clients should direct all proxy questions to the issuer of the security.

Item 18: Financial Information

A. Balance Sheet

FIA does not require nor solicit prepayment of more than \$1,200 in fees per client, six months or more in advance and therefore does not need to include a balance sheet with this brochure.

B. Financial Conditions Reasonably Likely to Impair Ability to Meet Contractual Commitments to Clients

In light of the COVID-19 coronavirus and historic decline in market values, Focus Investment Advisors has elected to participate in the CARES Act's Paycheck Protection Program ("PPP") to strengthen its balance sheet. Focus Investment Advisors intends to use this loan predominantly to continue payroll for the firm and may ultimately seek loan forgiveness per the terms of the PPP. Due to this and other measures taken internally, Focus Investment Advisors has been able to operate and continue serving its clients.

C. Bankruptcy Petitions in Previous Ten Years

FIA has not been the subject of a bankruptcy petition in the last ten years.
