Aventus Capital Private Limited deemed it appropriate to transfer its wealth management business into a separate subsidiary – Aventus Wealth Management effective December 1, 2012.

DESCRIPTION OF ADVISORY SERVICES

The following are descriptions of the primary advisory services of Aventus Wealth Management. Please understand that a written agreement, which details the exact terms of the service, must be signed by you and Aventus Wealth Management before we can provide you the services described below.

Individual Portfolio Management

Aventus Wealth Management offers portfolio management and investment advisory services, which involves Aventus Wealth Management providing you with regular and ongoing supervision over your specified accounts.

You may appoint our firm as your investment adviser of record on specified accounts (collectively, the “Account”) to execute trades in the Account. The Account consists only of separate account(s) held by qualified custodian(s) under your name. The qualified custodians maintain physical/demat custody of all funds and securities of the Account, and you retain all rights of ownership (e.g., right to withdraw securities or cash, exercise or delegate proxy voting and receive transaction confirmations) of the Account. The following accounts are opened by you:

- Portfolio Management Account with Avendus Wealth Management Private Limited
- Bank Account with HDFC Bank Limited
- Custody Account with IL&FS Securities Services Limited (ISSL)/ Axis Bank Limited / HDFC Bank Limited
- Equity Broking Account with Emkay Global Financial Services Ltd.
- The client will give a limited Power of Attorney (POA) in favor of ISSL / Axis Bank Limited / HDFC Bank Limited to operate the Bank and Custody Account and to make investments on behalf of the client based on the instructions of Avendus Wealth Management. The POA could be revoked by the client at any time.

For pool trading you would open the Portfolio account with Avendus Wealth Management Private Limited and the Custody account with ISSL/Axis Bank Limited/ HDFC Bank Limited.

We monitor the Account and provide advice regarding buying, selling, reinvesting or holding securities, cash or other investments of the Account. Through personal discussions in which goals and objectives based on your particular circumstances are established, we develop, create and manage a portfolio. During our data-gathering process, we determine your individual objectives, time horizons, risk tolerance, and liquidity needs. As appropriate, we also review and discuss a client's prior investment history, as well as family composition and background. We based on your financial situation, investment objectives and risk tolerance then manage the Account.

We will need to obtain certain information from you to determine your financial situation and investment objectives. You will be responsible for notifying us of any updates regarding your financial situation, risk tolerance or investment objective and whether you wish to impose or modify existing investment restrictions; however, we will contact you periodically to discuss any changes or updates regarding your financial situation, risk tolerance or investment objectives. We are always reasonably available to consult with you relative to the status of your Account. You have the ability to impose reasonable restrictions on the management of your accounts, including the ability to instruct us not to purchase certain securities, types of securities, or industry sectors.

It is important that you understand that we manage investments for other clients and may give them advice or take actions for them or for our personal accounts that is different from the advice we provide to you or actions taken for you. We are not obligated to buy, sell or recommend to you any security or other investment that we may buy, sell or recommend for any other clients or for our own accounts.

Conflicts may arise in the allocation of investment opportunities among accounts that we manage. We strive to allocate investment opportunities believed to be appropriate for your account(s) and other accounts advised by our firm among such accounts equitably and consistent with the best interests of all accounts involved. However, there can be no assurance that a particular investment opportunity that comes to our attention will be allocated in any particular manner. If we obtain material, non-public information about a security or its issuer that we may not lawfully use or disclose, we have absolutely no obligation to disclose the information to any client or use it for any client's benefit, and in fact, are required to not disclose such non-public information due to insider trading regulations.

We manage these advisory accounts on a discretionary or non-discretionary basis. Account supervision is guided by the client's stated objectives (i.e., Conservative, Moderate, Liquid, Ultra- Conservative , Balanced, Growth, and Aggressive).

Investment Advisory Services

We may provide financial and investment consultations on accounts not managed or maintained by us. Accounts are reviewed based upon your specific needs and desires for future financial goals and/or objectives. Avendus Wealth Management provides general or specific recommendations to the client. The service provides regular consultations provided on a quarterly or more frequent basis.

Through this service, we will not have any authority or responsibility to implement our recommendations. All final decisions to accept our advice and implement our advice are the responsibility of the client. If you have accounts reviewed by our firm and are unable to implement our investment recommendations, it is important to notify us so that we can properly adjust future recommendations.

Clients are always responsible for notifying Avendus Wealth Management of any changes to their financial situation or investment objectives. We will meet with the client as often as needed to determine the client's financial situation and investment objectives and to find out if the client would like to impose and/or modify any reasonable restrictions on their accounts.

It is important that you understand that Avendus Wealth Management provides investment advice to other clients and may give them advice or take actions for them or for our personal accounts that is different from the advice we provide to you. We are not obligated in any way to recommend to you any security or other investment that we may buy, sell or recommend for any other clients or for our own accounts.

There can be no assurance that a particular investment opportunity that comes to our attention will be allocated in any particular manner. If we obtain material, non-public information about a security or its issuer that we may not lawfully use or disclose, we have absolutely no obligation to disclose the information to any client or use it for any client's benefit, and in fact, are required to not disclose such non-public information due to insider trading regulations.

Limitation on Advice for Certain Types of Investments

Our investment recommendations are not limited to any specific product or service offered by a broker-dealer and will generally include advice regarding the following Indian securities.

- Equities (listed and unlisted)
- Mutual Funds.
- Futures and Options
- Bonds
- Structured Notes/ Products
- Securities as defined under Securities Contract (Regulation) Act, 1956.

Note – we do not generally provide advice on U.S. registered securities and investments. Therefore, we recommend you consult with other financial professionals for advice on U.S. investments.

Tailor Advisory Services to Individual Needs of Clients

Avendus Wealth Management's advisory services are always provided based on your individual needs. This means, for example, that when we provide portfolio management services, you are given the ability to impose restrictions on the accounts we manage for you, including specific investment selections and sectors primarily under the non-discretionary services. We work with you on a one-on-one basis through interviews and questionnaires to determine your investment objectives and suitability information.

We will not enter into an investment adviser relationship with a prospective client whose investment objectives may be considered incompatible with our investment philosophy or strategies or where the prospective client seeks to impose unduly restrictive investment guidelines.

Clients Assets Managed by Avendus Wealth Management

As of 3/31/2022 we were actively managing total client assets of \$ 2,43,15,60,903.55. At that time \$ 5,43,98,054.66 were managed on a discretionary basis and \$ 2,37,71,62,848.89 were managed on a non-discretionary basis.

Item 5 Fees and Compensation

In addition to the information provided in *Item 4 – Advisory Business*, this section provides additional details regarding our firm's services along with descriptions of each service's fees and compensation arrangements. It should be noted that lower fees for comparable service may be available from other sources. The exact fees and other terms will be outlined in the agreement between you and Avendus Wealth Management.

Fees for Individual Portfolio Management and for Investment Advisory Services

Our annual fees for Portfolio Management and Investment Advisory Services are based upon a percentage of assets under management and generally range from 0.5 p.a. % to 2.50% p.a. Our fees are divided and billed, quarterly/monthly in arrears, at the end of each quarter based upon the average value (market value or fair market value in the absence of market value), of the client's account. Fees will be debited from the account in accordance with the client authorization in the Portfolio Management Agreement.

A minimum of \$1,000,000 of assets under management is required to work with our firm. This account size may be negotiable under certain circumstances. Avendus Wealth Management Private Limited may group certain related client accounts for the purposes of achieving the minimum account size and determining the annualized fee, subject to applicable laws.

Compensation in Addition to Management/Advisory Fee. In addition to or in lieu of (for Advisory consulting services) our standard annual fee, we may also receive commissions on the execution of securities held in Portfolio Management accounts and Advisory accounts, subject to relevant regulations. Such commissions may be paid directly by the product sponsor or Mutual Fund Company to Avendus Wealth Management, subject to relevant regulations.

You are never obligated to work with our firm and are never obligated to purchase investment products through our investment advisor representatives. You have the option to purchase investment products through other brokers or agents that are not affiliated with Avendus Wealth Management.

Performance Based Fees. In select situations, we may assess a performance-based fee arrangement in addition to the annual portfolio management fee. Note, we do not assess performance-based fees to all clients. Our performance-based fee schedule is based on a percentage of assets under management plus a percentage of the difference between a client's account and that of an appropriate pre-defined return. Avendus Wealth Management Private Limited will choose the pre-defined return based on the nature of the investment strategy to be used.

The fees charged for this service will be determined by the client's individual circumstances and will never exceed 25% of the account's performance above an appropriate index/pre-defined return. The actual fees are disclosed to the client before entering into this type of arrangement and are detailed in the client's Portfolio Management Agreement and Investment Advisory Agreement. Performance Based Fees are billed on an Annual basis.

The client must understand the proposed method of compensation and its risks prior to entering into the contract. Accordingly, clients paying performance-based fees are directed to the "Performance-Based Fees" section (Item 6) below for more comprehensive disclosures, including potential conflicts of interest resulting from this type of compensation.

To qualify for this type of fee schedule, a client must either demonstrate a net worth of at least \$2,100,000 or must have at least \$1,000,000 under management with Avendus Wealth Management.

Clients who elect to terminate their contracts will be charged a performance-based fee based on the performance of the account for the measuring period going back from the termination date and pro-rated from the date on which the performance-based fee was previously assessed by our firm or the first transaction date, whichever is later.

The performance-based fee may create an incentive for Avendus Wealth Management Private Limited to recommend investments, which may be riskier or more speculative than those, which would be recommended under a different fee arrangement.

General Information

Limited Negotiability of Fees: Although Avendus Wealth Management Private Limited has established the aforementioned fee schedule(s) we retain the discretion to negotiate alternative fees on a client-by-client basis. Client facts, circumstances and needs are considered in determining the fee schedule. These include the complexity of the client, assets to be placed under management, anticipated future additional assets; related accounts; portfolio style, account composition, reports, among other factors. The specific annual fee schedule is identified in the contract between the adviser and each client.

We may group certain related client accounts for the purposes of achieving the minimum account size requirements and determining the annualized fee.

Discounts, not generally available to our advisory clients, may be offered to family members and friends of associated persons of our firm.

Termination of the Advisory Relationship: Either party, for any reason, may cancel a client agreement at any time. Upon termination of any account, any prepaid, unearned fees will be promptly refunded and outstanding fees or charges will be recovered from the client. However, it is not the policy of our firm to normally accept any prepaid fees.

Mutual Fund Fees: All fees paid to Avendus Wealth Management Private Limited for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and/or ETFs to their shareholders. These fees and expenses are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. If the fund

also imposes sales charges, a client may pay an initial or deferred sales charge. A client could invest in a mutual fund directly, without our services. In that case, the client would not receive the services provided by our firm which are designed, among other things, to assist the client in determining which mutual fund or funds are most appropriate to each client's financial condition and objectives. Accordingly, the client should review both the fees charged by the funds and our fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided. As stated above, we may receive a portion of the loads and/or fees charged by mutual funds in the form of commissions.

Wrap Fee Programs and Separately Managed Account Fees: Clients participating in separately managed account programs may be charged various program fees in addition to the advisory fee charged by our firm. Such fees may include the investment advisory fees of the advisers, which may be charged as part of a wrap fee arrangement.

Additional Fees, Expenses and Taxes: In addition to our advisory fees, clients are also responsible for the fees and expenses charged by custodians, bankers, fund accountants, auditors and imposed by broker dealers, including, but not limited to, any transaction charges imposed by a broker dealer with which an independent investment manager effects transaction for the client's account(s). Please refer to the "Brokerage Practices" section (Item 12) of this Form ADV for additional information. Advisory fees charged by our firm are subject to local and national taxes assessed in India. Taxes are calculated and listed on our billing invoice which is provided to you at the time fees are deducted from your account.

Grandfathering of Minimum Account Requirements: Pre-existing advisory clients are subject to Avendus Wealth Management Private Limited's minimum account requirements and advisory fees in effect at the time the client entered into the advisory relationship. Therefore, our firm's minimum account requirements will differ among clients.

Advisory Fees in General: Clients should note that similar advisory services may (or may not) be available from other registered (or unregistered) investment advisers for similar or lower fees.

Limited Prepayment of Fees: Under no circumstances do we require or solicit payment of fees in excess of \$1,200 more than six months in advance of services rendered.

Item 6 Performance-Based Fees and Side-By-Side Management

As we disclosed in Item 5 of this Brochure, our firm charges a performance-based fee from the client.

We endeavor at all times to put the interest of our clients first as part of our fiduciary duty as a registered investment adviser; accordingly, we take the following steps to address these conflicts:

1. We disclose to clients the existence of all material conflicts of interest. We collect, maintain and document accurate, complete and relevant client background information, including the client's financial goals, objectives and risk tolerance;
2. We conduct regular reviews of each client account to verify that all recommendations made to a client are suitable to that client's needs and circumstances;
3. We have implemented policies and procedures for fair and consistent allocation of investment opportunities among all client accounts;
4. We educate our employees regarding the responsibilities of a fiduciary, including the need for having a reasonable and independent basis for the investment advice provided to clients and equitable treatment of all clients, regardless of the fee arrangement.

The client must understand the performance-based fee method of compensation and its risks prior to entering into a management contract with us.

PERFORMANCE-BASED FEES WILL ONLY BE CHARGED IN ACCORDANCE WITH THE PROVISIONS OF RULE 205-3 OF THE INVESTMENT ADVISERS ACT OF 1940 AND/OR APPLICABLE STATE REGULATIONS. THE FEES WILL NOT BE OFFERED TO ANY CLIENT RESIDING IN A STATE IN WHICH SUCH FEES ARE PROHIBITED.

Item 7 Types of Clients

Avendus Wealth Management Private Limited provides advisory services to the following types of clients:

- Individuals (other than high net worth individuals)
- High net worth individuals
- Companies
- Charitable organizations/Family Trust
- Hindu Undivided Family
- Partnership/Limited Liability Partnership Firms

As previously disclosed in Item 5, our firm has established certain initial minimum account requirements, based on the nature of the service(s) being provided.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

We may use one or more of the following methods of analysis in formulating our investment advice and/or managing client assets:

Fundamental Analysis: We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company itself) to determine if the company is underpriced (indicating it may be a good time to buy) or overpriced (indicating it may be time to sell).

Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the stock.

Quantitative Analysis: We use mathematical models in an attempt to obtain more accurate measurements of a company's quantifiable data, such as the value of share price or earnings per share, and predict changes to that data.

A risk in using quantitative analysis is that the models used may be based on assumptions that prove to be incorrect.

Qualitative Analysis: We subjectively evaluate non-quantifiable factors such as quality of management, labor relations, and strength of research and development factors not readily subject to measurement, and predict changes to share price based on that data.

A risk in using qualitative analysis is that our subjective judgment may prove incorrect.

Industry Analysis: We study the state of the industries and look for good companies in that domain.

Risks for all forms of analysis: Our securities analysis methods rely on the assumption that the companies whose securities we purchase and sell, the rating agencies that review these securities, and other publicly available sources of information about these securities, are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information.

Investment Strategies

Depending on the client's profile, we use one of the following investment strategies when managing client assets and/or providing investment advice:

Ultra Conservative:

Investment strategy is designed to preserve capital. The allocations are made to defensive assets through fixed income instruments. Investor is tolerant to debt market linked volatility. The risk of losing principal is very low for this profile.

Conservative:

Investment strategy is designed to mainly preserve capital. Hence only a small portion can be allocated to less volatile, Equity oriented growth assets, with majority of the allocations made to defensive assets through fixed income instruments. Investor is tolerant to debt market linked volatility. The risk of losing principal is low for this profile.

Moderate:

Investment strategy is to have some capital appreciation and stable income generation by investing in both fixed income & equity assets, however, share to fixed income assets will be higher. Investor is tolerant to price volatility linked to equity & debt markets and is willing to bear short to medium term losses. There can be minor allocations to Alternate assets with longer time horizon & higher volatility. There is risk of partial loss in principal in certain market conditions.

Balanced:

Investment strategy is designed to have a balance between debt for income generation & equity for growth of capital. Investor is tolerant to price volatility linked to equity & debt markets and is willing to bear short to medium term losses to achieve capital growth over the medium to long term. Investment mix can comprise allocations to alternate assets along with fixed income & equity assets. There is risk of sizable loss to principal in adverse market conditions..

Growth:

Investment strategy is designed to focus on wealth accumulation over time through price appreciation, rather than income generation. Investor is willing to have price volatility risk associated with higher equity exposure in order to achieve higher growth. Investment mix will constitute a greater share of growth assets & alternate assets which have potential to provide capital appreciation over a long-time horizon. The risk of losing principal is significantly high, with only a small portion allocated to fixed income.

Aggressive:

Investment strategy is to achieve above average growth over time with little focus on income generation. Investor is willing to accept higher levels of risk. There can be wide variance in results from one year to the other in pursuit of longer-term goals. Fluctuation in capital is for the greater potential of wealth accumulation. With the exception of a minimal level of cash/debt for liquidity purposes, investment mix will mainly consist of growth assets. The risk of losing principal is highest in this profile.

Risk of Loss

Past performance is not indicative of future results. Therefore, you should never assume that future performance of any specific investment or investment strategy will be profitable. Investing in securities (including stocks, mutual funds, and bonds, etc.) involves risk of loss. Further, depending on the different types of investments there may be varying degrees of risk. You should be prepared to bear investment loss including loss of original principal.

Because of the inherent risk of loss associated with investing, our firm is unable to represent, guarantee, or even imply that our services and methods of analysis can or will predict future results, successfully identify market tops or bottoms, or insulate you from losses due to market corrections or declines. There are certain additional risks associated with investing in securities through our investment management program, as described below:

- Equity (stock) market risk – Common stocks are susceptible to general stock market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change. If you held common stock, or common stock equivalents, of any given issuer, you would generally be exposed to greater risk than if you held preferred stocks and debt obligations of the issuer.
- Company Risk. When investing in stock positions, there is always a certain level of company or industry specific risk that is inherent in each investment. This is also referred to as unsystematic risk and can be reduced through appropriate diversification. There is the risk that the company will perform poorly or have its value reduced based on factors specific to the company or its industry. For example, if a company's employees go on strike or the company receives unfavorable media attention for its actions, the value of the company may be reduced.
- Fixed Income Risk. When investing in bonds, there is the risk that the issuer will default on the bond and be unable to make payments. Further, individuals who depend on set amounts of periodically paid income face the risk that inflation will erode their spending power. Fixed-income investors receive set, regular payments that face the same inflation risk.
- ETF and Mutual Fund Risk – When investing in an ETF or mutual fund, you will bear additional expenses based on your pro rata share of the ETF's or mutual fund's operating expenses, including the potential duplication of management fees. The risk of owning an ETF or mutual fund generally reflects the risks of owning the underlying securities the ETF or mutual fund holds. You will also incur brokerage costs when purchasing ETFs.
- Management Risk – Your investment with our firm varies with the success and failure of our investment strategies, research, analysis and determination of portfolio securities. If our

investment strategies do not produce the expected returns, the value of the investment will decrease.

Item 9 Disciplinary Information

There are no legal or disciplinary events against your advisory firm or a management person that are material to a client's or prospective client's evaluation of our business or integrity. For regulatory actions against our affiliates you may refer to the ADV which is available on the SEC's Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov.

Item 10 Other Financial Industry Activities and Affiliations

Other Financial Industry Activities

There are no other services provided by the firm except as detailed in Items 4 and 5 of this brochure.

Affiliated Companies

Avendus Wealth Management conducts activities and/or has material arrangements with some affiliates who are "related persons" as defined on the U.S. Securities and Exchange Commission's Form ADV instructions. These activities may be material to our investment advisory business or our advisory clients. These affiliates include companies under common control of Avendus Capital Private Limited by virtue of their status as subsidiaries of Avendus Capital Private Limited. Avendus PE Investment Advisors Private Limited, Avendus Capital, Inc., Avendus Finance Private Limited, Avendus Capital Alternate Strategies Private Limited, Avendus Capital Public Markets Alternate Strategies LLP, Avendus Capital Asset Management (UK) Limited, Ocean Dial Asset Management Limited, Ocean Dial Asset Management India Private Limited and Avendus Capital Pte Ltd. are subsidiaries of Avendus Capital Private Limited. Avezo Advisors Private Limited is an associate of the company and acts as an investment manager to funds and provides portfolio management services.

Avendus Capital Private Limited

Our parent company is an investment banking firm providing services in the areas of Issue Management, Mergers & Acquisitions and Private Equity syndication. Our services are considered separate and independent from the investment banking services offered by our parent company. We have established procedures designed to insulate our investment management and investment recommendation services from the services of Avendus Capital Private Limited in an effort to reduce conflicts of interest that may arise between our separate lines of business.

Avendus PE Investment Advisors Private Limited

Avendus PE Investment Advisors Private Limited (Avendus PE) is an India based entity which acts as investment manager pooled investment vehicles and sponsor to such pooled vehicles.

Due to our affiliation with Avendus PE, we have a material financial interest when recommending strategies offered through their firm, since Avendus PE is compensated for managing and operating its investment management strategies.

We address for this conflict by comparing strategies offered by Avendus PE against other similar investment options and strategies available and we will recommend other investment options when more appropriate for the client. However, the following conflict of interest disclosures are provided specific to Avendus PE.

Because of our affiliation with Avendus PE, we may be more reluctant or slower to move your money out of their strategies than we will be for your investments in other securities not managed by our affiliate even to the extent the strategies have poor performance.

Avendus PE receives investment management fees and performance fee, as per its offering documents. Further, we receive fees for recommending our clients investment in the strategies offered and managed by Avendus PE.

Unlike our Portfolio Management Services, their strategies are not managed based on your individual needs and unique investment circumstances. Instead, we will recommend the strategies if they would be suitable based on your investment circumstances.

Avendus Capital Inc.

Avendus Capital Inc. is a United States based broker/dealer registered with FINRA and an investment adviser with state securities Boards of New York, New Jersey, California and Texas. Avendus Capital Inc. was initially established to provide investment services in the US including Mergers & Acquisitions services and Private Equity Syndication. We have entered into an affiliated solicitor arrangement with Avendus Capital Inc. so that they may refer potential investment advisory clients living in the US to our firm. Avendus Wealth Management will reimburse all costs with a suitable markup incurred by Avendus Capital Inc. for referring clients to Avendus Wealth Management. Avendus Capital Inc. also acts as a distributor funds and solicitor for clients managed by group entities of Avendus Capital.

Avendus Finance Private Limited

Avendus Finance Private Limited (AFPL) is a 100% wholly owned subsidiary of Avendus Capital Private Limited. AFPL is registered as a Non-Banking Financial Company (“Non-Deposit Taking Company”) with the Reserve Bank of India. AFPL provide loans, advances, buying and selling of fixed income securities. AFPL is also registered as a Depository Participant. The services of AFPL and our services are considered separate and independent from the services of AFPL. However, in the capacity of being an Affiliate, AFPL may be engaged with Avendus Wealth Management Private Limited to provide aforesaid services to its clients.

Avendus Capital Pte. Ltd.

Avendus Capital Private Limited has established Avendus Capital Pte. Ltd as wholly owned subsidiary in Singapore. Avendus Capital Pte Ltd. carries out Fund management activities and it is registered with MAS as AI/LFMC (Capital Market Service Licence). Avendus Capital Pte Ltd has obtained the license to provide fund management services to the Master Fund and various other funds (including feeder funds/intermediate vehicles).

Due to our affiliation with Avendus Capital Pte. Ltd, we have a material financial interest when recommending strategies offered through their firm, since Avendus Capital Pte. Ltd is compensated for managing and operating its investment management strategies.

We address for this conflict by comparing strategies offered by Avendus Capital Pte. Ltd against other similar investment options and strategies available and we will recommend other investment options when more appropriate for the client. However, the following conflict of interest disclosures are provided specific to Avendus Capital Pte. Ltd.

Because of our affiliation with Avendus Capital Pte. Ltd, we may be more reluctant or slower to move your money out of their strategies than we will be for your investments in other securities not managed by our affiliate even to the extent the strategies have poor performance.

Avendus Capital Pte. Ltd receives investment management fees and performance fee, as per its offering documents. Further, we receive fees for recommending our clients investment in the strategies offered and managed by Avendus Capital Pte. Ltd.

Unlike our Portfolio Management Services, their strategies are not managed based on your individual needs and unique investment circumstances. Instead, we will recommend the strategies if they would be suitable based on your investment circumstance.

Avezo Advisors Private Limited

Avezo Advisors Private Limited is a private limited company registered under Indian Companies Act, 2013, which manages funds regulated by Securities and Exchange Board of India and provides Non-Discretionary portfolio management services to clients.

Due to our affiliation with Avezo Advisors Private Limited we have a material financial interest when recommending strategies offered through their firm. This is because Avezo Advisors Private Limited is compensated for managing and operating its investment management strategies.

We address for this conflict by comparing strategies offered by Avezo Advisors Private Limited against other similar investment options and strategies available and we will recommend other investment options when more appropriate for the client. However, the following conflict of interest disclosures are provided specific to Avezo Advisors Private Limited.

Because of our affiliation with Avezo Advisors Private Limited, we may be more reluctant or slower to move your money out of their strategies than we will be for your investments in other securities not managed by our affiliate even to the extent the strategies have poor performance.

Avezo Advisors Private Limited receive investment management fees and performance fee as agreed in its offering document. Further, we receive fees for recommending our clients investment in the strategies offered through Avezo Advisors Private Limited.

Unlike our Portfolio Management Services, their strategies are not managed based on your individual needs and unique investment circumstances. Instead, we will recommend the strategies if they would be suitable based on your investment circumstances.

Avendus Capital Public Markets Alternate Strategies LLP is a limited liability partnership registered under Limited Liability Partnership Act, 2008, which manages funds regulated under the Securities and Exchange Board of India and also undertakes portfolio management services. Avendus Capital Public Markets Alternative Strategies LLP is a US Exempt Reporting Advisor exempted from registration since it only advises private funds and no natural individuals, and it has not location in the US.

Due to our affiliation with Avendus Capital Public Markets Alternate Strategies LLP, we have a material financial interest when recommending strategies offered through their firm. This is because Avendus Capital Public Markets Alternate Strategies LLP is compensated for managing and operating its investment management strategies.

We address for this conflict by comparing strategies offered by Avendus Capital Public Markets Alternate Strategies LLP against other similar investment options and strategies available and we will recommend other investment options when more appropriate for the client. However, the following conflict of interest disclosures are provided specific to Avendus Capital Public Markets Alternate Strategies LLP.

Because of our affiliation with Avendus Capital Public Markets Alternate Strategies LLP, we may be more reluctant or slower to move your money out of their strategies than we will be for your investments in other securities not managed by our affiliate even to the extent the strategies have poor performance.

Avendus Capital Public Markets Alternate Strategies LLP receives investment management fee and performance fee, as stated and agreed in its offering document. Further, we receive fees for recommending our clients investment in the strategies offered through Avendus Capital Public Markets Alternate Strategies LLP.

Unlike our Portfolio Management Services, their strategies are not managed based on your individual needs and unique investment circumstances. Instead, we will recommend the strategies if they would be suitable based on your investment circumstances.

Other Financial Industry Affiliates

As explained in Item 4 of this brochure, Redpoint Investments Pte Ltd holds 64.35% in the total paid up share capital of the parent company i.e. Avendus Capital Private Limited. Funding to Redpoint has been provided by funds managed by KKR Group Partnership LP (KKR) and/or its affiliates. We may distribute funds managed by KKR entities and receive commissions for the same from KKR entities, subject to applicable regulations.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Code of Ethics and Personal Securities Transactions

Our firm has adopted policies and procedures, which set forth high ethical standards of business, conduct that we require of our employees, including compliance with applicable federal securities laws.

Avendus Wealth Management Private Limited and our personnel owe a duty of loyalty, fairness and good faith towards our clients, and have an obligation to adhere not only to the specific provisions of the policies and procedures but to the general principles that guide the Policies.

Our policies and procedures include collection of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be submitted by the firm's access persons. Among other things, our policies also require the prior approval for dealing in listed securities. Our code also provides for oversight, enforcement and recordkeeping provisions.

Avendus Wealth Management Private Limited's policies and procedures further include the firm's policy prohibiting the misuse of material non-public information. Avendus Wealth Management Private Limited may, at times, effect an agency cross transaction for an advisory client, provided that the transaction is consistent with our firm's fiduciary duty to the client and that all requirements outlined in Sec. 206(3)-2 of the Investment Advisers Act of 1940 are met.

This section is intended to provide a summary description of the Code of Ethics of Avendus Wealth Management. If you wish to review the Code of Ethics in its entirety, you should send us a written request and upon receipt of your request, we will promptly provide a copy of the Code of Ethics to you.

Agency Cross Transactions

An agency cross transaction is defined as a transaction where a person acts as an investment adviser in relation to a transaction in which the investment advisor, or any person controlled by or under common

control with the investment advisor, acts as broker for both the advisory clients and for another person on the other side of the transaction. Agency cross transactions typically may arise where an adviser is dually registered as a broker-dealer or has an affiliated broker-dealer. Agency cross transactions are permitted for advisers only if certain conditions are met under Section 206(3) of the Investment Advisers Act of 1940 or SEC Rule 206(3)-2.

As a fiduciary, the interests of our clients must always be placed first. The trading policies and procedures of Avendus Wealth Management prohibit unfair trading practices and seek to avoid conflicts of interests, where possible, or to disclose conflicts when they arise. We will attempt to resolve conflicts in the client's favor when reasonably possible.

We may engage in an agency cross transaction only when it is deemed to be in the best interests of both clients and neither client is disfavored. Such cross transactions will only be used when it can be determined that doing so would achieve "best execution" and benefit the clients involved by saving commissions, market impact costs, and other transaction charges. Agency cross transactions involving an advisory client will be transacted without any compensation, unless specifically approved by our Chief Compliance Officer in compliance with the above criteria and in accordance with either Section 206(3) of the Investment Advisers Act of 1940 or SEC Rule 206(3)-2.

Where compensation is approved for an agency cross transaction involving advisory clients, we will provide a written disclosure to the customers that we will act as broker for, receive compensation from, and have a potential conflicting division of loyalties regarding both parties to the transaction. We will also receive written, executed consent from the client prospectively authorizing us to effect agency cross transaction in client's accounts.

Where compensation is charged, we will send to each client at or before completion of the transaction, information, which includes the date of the transaction, a statement of the nature of the transaction, an offer to furnish the time the transaction took place, and the total of all compensation received. We will provide each client, who was a party to an agency cross transaction for compensation, an annual written disclosure statement identifying the total number of agency cross transactions since the last statement, and the total compensation received.

Item 12 Brokerage Practices

When purchasing equity securities on your behalf, going forward you will need to open a broking account with Emkay Global Financial Services Ltd. (referred to as "Emkay"), an introducing broker/dealer, and then settled through IL&FS Securities Services Ltd. (referred to as "ISSL") an India registered custodian that services as qualified custodian of all securities. Axis Bank Limited is also an additional Custodian for Portfolio Management Services (referred to as "Axis"). HDFC Bank Limited is also an additional Custodian for Portfolio Management Services (referred to as "HDFC")

ISSL/ Emkay/Axis/HDFC is not affiliated with Avendus Wealth Management. In addition to serving as the clearing broker/dealer, ISSL/Axis/ HDFC serves as the qualified custodian for portfolio management accounts. HDFC Bank serves as the qualified custodian to hold client funds and cash balances.

The decision to require the use of Emkay is based on Avendus Wealth Management's decision that Avendus Wealth Management can provide efficient and cost-effective services through Emkay.

The requirement to use ISSL / Axis/ HDFC (which is not affiliated with Avendus Wealth Management) is based on the fact that a settlement arrangement with ISSL / Axis/ HDFC which is a qualified custodian

for equity securities has been established. There are some investment advisors that permit the use of multiple broker/dealers and permit clients to select the broker/dealer. Avendus Wealth Management has considered the positive factors to this approach which include the ability to better negotiate brokerage costs such as transaction fees, the ability to better analyze speed of execution, and the ability to compare and negotiate services. Considering all factors in relation to Avendus Wealth Management's structure and capacities, Avendus Wealth Management has concluded that one brokerage arrangement suggested by Avendus Wealth Management (i.e. Emkay/ISSL) is a better policy than utilizing multiple brokerage platforms. However, the clients are free to choose their broker. However, the current policy may change in the future and if Avendus Wealth Management decides to change brokerage arrangements all clients will be made aware of the change in policy.

Avendus Wealth Management periodically reviews commission and fee structures of various broker/dealers, along with services, research and tools in order to evaluate the overall execution services provided by Emkay and ISSL/ Axis/ HDFC against the other broker/dealers. Accordingly, while Avendus Wealth Management will consider competitive rates, it may not necessarily obtain the lowest possible commission and brokerage rates for client account transactions. Therefore, the overall services provided by Emkay and ISSL/Axis/ HDFC are evaluated to determine the level of best execution provided to clients. However, considering Avendus Wealth Management requires its clients to use the brokerage services of Emkay and ISSL/Axis/ HDFC, Avendus Wealth Management may not be able to achieve the *most* favorable execution of client transactions and therefore Avendus Wealth Management's practice of requiring the use of Emkay and ISSL/Axis/ HDFC may cost clients more money compared to advisory programs offered by other investment advisors.

While clients may be able to attain brokerage services with lower costs and expenses, clients should be aware of some of the qualitative factors Avendus Wealth Management considers for selecting Emkay/ ISSL/Axis/ HDFC. These factors include, but are not necessarily limited to, being able to rely on the internal staff of Emkay to provide operations, trading, and other services. Avendus Wealth Management receives commission from Emkay for the trades executed on behalf of client through Emkay. Further, associates and other departments of the Avendus Wealth Management may receive fees from the third parties in connection with investment of fund of clients in the products of third parties

Item 13 Review of Accounts

REVIEWS: While the underlying securities within Individual Portfolio Management Services accounts are monitored, these accounts are reviewed periodically. More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances, or the market, political or economic environment.

These accounts are reviewed by Avendus Wealth Management Private Limited team.

REPORTS: In addition to the statements and confirmations of transactions that clients receive from their broker-dealer as agreed, we provide quarterly reports summarizing account performance, balances and holdings. Further, login access also has been given to clients.

Item 14 Client Referrals and Other Compensation

CLIENT REFERRALS

Our firm may pay referral fees to independent persons or firms ("Solicitors") for introducing clients to us. Whenever we pay a referral fee, we require the Solicitor to provide the prospective client with a copy

of this document (our *Firm Brochure*) and a separate disclosure statement that includes the following information according to the Cash Solicitation Rule of the Advisers Act of 1940:

- the Solicitor's name and relationship with our firm;
- the fact that the Solicitor is being paid a referral fee;
- the amount of the fee; and
- Whether the fee paid to us by the client will be increased above our normal fees in order to compensate the Solicitor.

As a matter of firm practice, the advisory fees paid to us by clients referred by solicitors are not increased as a result of any referral.

Item 15 Custody

Custody, as it applies to investment advisors, has been defined by regulators as having access or control over client funds and/or securities. In other words, custody is not limited to physically holding client funds and securities. If an investment adviser has the ability to access or control client funds or securities, the investment adviser is deemed to have custody and must ensure proper procedures are implemented.

Aventus Wealth Management is deemed to have custody of client funds and securities whenever Aventus Wealth Management is given the authority to have fees deducted directly from client accounts. However, this is the only form of custody Aventus Wealth Management will ever maintain. It should be noted that authorization to trade in client accounts is not deemed by regulators to be custody.

For accounts in which Aventus Wealth Management is deemed to have custody, we have established procedures to ensure:

- (1) All client funds and securities are held at a qualified custodian in a separate account for each client under that client's name.
- (2) Clients open the accounts directly with the custodian and therefore are aware of the qualified custodian's name, address and the manner in which the funds or securities are maintained.
- (3) Finally, account statements are delivered by Aventus Wealth Management to each client, or the client's independent representative, at least quarterly. Clients should carefully review reports and statements received from Aventus Wealth Management. When clients have questions about their account statements, they should contact Aventus Wealth Management.

Item 16 Investment Discretion

When providing portfolio management services, Aventus Wealth Management maintains trading authorization over your Account and can provide management services on a **discretionary** basis. When discretionary authority is granted, we will have the authority to determine the type of securities and the amount of securities that can be bought or sold for your portfolio without obtaining your consent for each transaction. If you decide to grant trading authorization on a **non-discretionary** basis, we will be required to contact you prior to implementing changes in your account. Therefore, you will be contacted and required to accept or reject our investment recommendations including:

- The security being recommended

- The number of shares or units
- Whether to buy or sell
- The price of the security

Once the above factors are agreed upon, we will be responsible for making decisions regarding the timing of buying or selling an investment. If your accounts are managed on a non-discretionary basis, you need to know that if we are not able to reach you or you are slow to respond to our request, it can have an adverse impact on the timing of trade implementations, and we may not achieve the optimal trading price.

You will have the ability to place reasonable restrictions on the types of investments that may be purchased in your Account. You may also place reasonable limitations on the discretionary power granted to Avendus Wealth Management so long as the limitations are specifically set forth or included as an attachment to the client agreement.

Item 17 Voting Client Securities

Avendus Wealth Management does not vote proxies on behalf of Clients. Therefore, it is your responsibility to vote all proxies for securities held in your accounts.

Item 18 Financial Information

Under no circumstances do we require or solicit payment of fees in excess of \$1,200 per client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement.

As an advisory firm that maintains discretionary authority for client accounts, we are also required to disclose any financial condition that is reasonable likely to impair our ability to meet our contractual obligations. Avendus Wealth Management Private Limited has not been the subject of a bankruptcy petition at any time since inception.

Customer Privacy Policy Notice

Our Commitment to You

AvendusWealth Management (“Avendus”) is committed to safeguarding the use of your personal information that we have as your Investment Advisor.
