Do not report those investments based on related or underlying portfolio assets. Cash equivalents include bank deposits, certificates of deposit, bankers' acceptances and similar bank instruments.

Some assets could be classified into more than one category or require discretion about which category applies. You may use your own internal methodologies and the conventions of your service providers in determining how to categorize assets, so long as the methodologies or conventions are consistently applied and consistent with information you report internally and to current and prospective clients. However, you should not double count assets, and your responses must be consistent with any instructions or other guidance relating to this Section.

We use this information to determine whether to grant your application for registration, to decide whether to revoke your registration or to place limitations on your activities as an investment adviser, and to identify potential problem areas to focus on during our on-site examinations. One event may result in "yes" answers to more than one of the questions below. In accordance with General Instruction 5 to Form ADV, "you" and "your" include the *filing adviser* and all *relying advisers* under an *umbrella registration*.

Your *advisory affiliates* are: (1) all of your current *employees* (other than *employees* performing only clerical, administrative, support or similar functions); (2) all of your officers, partners, or directors (or any *person* performing similar functions); and (3) all *persons* directly or indirectly *controlling* you or *controlled* by you. If you are a "separately identifiable department or division" (SID) of a bank, see the Glossary of Terms to determine who your *advisory affiliates* are.

If you are registered or registering with the SEC or if you are an exempt reporting adviser, you may limit your disclosure of any event listed in Item 11 to ten years following the date of the event. If you are registered or registering with a state, you must respond to the questions as posed; you may, therefore, limit your disclosure to ten years following the date of an event only in responding to Items 11.A.(1), 11.A.(2), 11.B.(1), 11.B.(2), 11.D.(4), and 11.H.(1)(a). For purposes of calculating this ten-year period, the date of an event is the date the final order, judgment, or decree was entered, or the date any rights of appeal from preliminary orders, judgments, or decrees lapsed.

You must complete the appropriate Disclosure Reporting Page ("DRP") for "yes" answers to the questions in this Item 11.

Item 12 Small Businesses

The SEC is required by the Regulatory Flexibility Act to consider the effect of its regulations on small entities. In order to do this, we need to determine whether you meet the definition of "small business" or "small organization" under rule 0-7.

Answer this Item 12 only if you are registered or registering with the SEC **and** you indicated in response to Item 5.F.(2)(c) that you have regulatory assets under management of less than \$25 million. You are not required to answer this Item 12 if you are filing for initial registration as a state adviser, amending a current state registration, or switching from SEC to state registration.

For purposes of this Item 12 only:

- Total Assets refers to the total assets of a firm, rather than the assets managed on behalf of *clients*. In determining your or another *person's* total assets, you may use the total assets shown on a current balance sheet (but use total assets reported on a consolidated balance sheet with subsidiaries included, if that amount is larger).
- *Control* means the power to direct or cause the direction of the management or policies of a *person*, whether through ownership of securities, by contract, or otherwise. Any *person* that directly or indirectly has the right to vote 25 percent or more of the voting securities, or is entitled to 25 percent or more of the profits, of another *person* is presumed to *control* the other *person*.

Yes No

A. Did you have total assets of \$5 million or more on the last day of your most recent fiscal year?

☐ ☐

If "yes," you do not need to answer Items 12.B. and 12.C.

B. Do you:

(1) *control* another investment adviser that had regulatory assets under management (calculated in response to Item 5.F.(2)(c) of Form ADV) of \$25 million or more on the last day of its most recent fiscal year?

☐ ☐

(2) *control* another *person* (other than a natural person) that had total assets of \$5 million or more on the last day of its most recent fiscal year?

☐ ☐

C. Are you:

(1) *controlled* by or under common *control* with another investment adviser that had regulatory assets under management (calculated in response to Item 5.F.(2)(c) of Form ADV) of \$25 million or more on the last day of its most recent fiscal year?

☐ ☐

(2) *controlled* by or under common *control* with another *person* (other than a natural person) that had total assets of \$5 million or more on the last day of its most recent fiscal year?

☐ ☐

Grant Street Asset Management, Inc offers the following advisory services to our clients:

INDIVIDUAL PORTFOLIO MANAGEMENT

Our firm provides continuous asset management of client funds based on the individual needs of the client. Through personal discussions in which goals and objectives based on the client's particular circumstances are established, we develop the client's personal investment strategy. We create and manage a portfolio based on that strategy. During our data gathering process, we determine the client's individual objectives, time horizons, risk tolerance, and liquidity needs. As appropriate, we may also review and discuss a client's prior investment history, as well as family composition and background.

We manage these advisory accounts on a discretionary basis. Account supervision is guided by the client's stated objectives (i.e., maximum capital appreciation, growth, income, or growth and income), as well as tax considerations.

Clients may impose reasonable restrictions on investing in certain securities, types of securities, or industry sectors.

Once the client's portfolio has been established, we review the portfolio on an ongoing basis, and if necessary, rebalance the portfolio, based on the client's individual needs.

Our investment recommendations are not limited to any specific product or service offered by a broker dealer or insurance company and will generally include the following securities:

- Exchange listed equity securities
- Mutual fund shares and exchange traded funds
- Securities traded over-the-counter
- Foreign issuers

- Corporate debt securities (other than commercial paper)
- Certificates of deposit
- Municipal securities
- United States governmental securities
- Options contracts on securities
- Futures contracts on tangibles
- Interests in partnerships investing in real estate

Because some types of investments involve certain additional degrees of risk, they will only be implemented when consistent with the client's stated investment objectives, tolerance for risk, liquidity, and suitability.

AMOUNT OF MANAGED ASSETS

As of 12/31/2021, we were actively managing \$513,766,424 of client assets on a discretionary basis.

Item 5 Fees and Compensation

PORTFOLIO MANAGEMENT SERVICES FEES

The annualized fee for Portfolio Management Services will be charged as a percentage of assets under management, according to the following schedule:

<u>Assets Under Management</u>	<u>Annual Fee</u>
First \$1,000,000 under management	1.50%
After \$1,000,000 under management	1.00%

A minimum of \$500,000 of assets under management is required for this service. This account size may be negotiable under certain circumstances. Grant Street Asset Management, Inc may group certain related client accounts for the purposes of achieving the minimum account size and determining the annualized fee.

Limited Negotiability of Advisory Fees: Although Grant Street Asset Management, Inc has established the aforementioned fee schedule(s), we retain the discretion to negotiate alternative fees on a client-by-client basis. Client facts, circumstances and needs will be considered in determining the fee schedule. These include the complexity of the client, assets to be placed under management, anticipated future additional assets; related accounts;

portfolio style, account composition, reports, among other factors. The specific annual fee schedule will be identified in the contract between the adviser and each client.

Fees are calculated on a quarterly basis and paid in advance, either by deduction from the account or by billing the client depending on their preference.

Discounts, not generally available to our advisory clients, may be offered to family members and friends of associated persons of our firm.

GENERAL INFORMATION

Termination of the Advisory Relationship: A client agreement may be canceled at any time, by either party, for any reason upon receipt of 30 days written notice. As disclosed above, certain fees are paid in advance of services provided. Upon termination of any account, any prepaid, unearned fees may be refunded at the Investment Manager's discretion. In calculating a client's reimbursement of fees, we will pro rate the reimbursement according to the number of days remaining in the billing period.

Mutual Fund Fees: All fees paid to Grant Street Asset Management, Inc for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and/or ETF's to their shareholders. These fees and expenses are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. If the fund also imposes sales charges, a client may pay an initial or deferred sales charge. A client could invest in a mutual fund directly, without our services. In that case, the client would not receive the services provided by our firm which are designed, among other things, to assist the client in determining which mutual fund or funds are most appropriate to each client's financial condition and objectives. Accordingly, the client should review both the fees charged by the funds and our fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided.

Additional Fees and Expenses: In addition to our advisory fees, clients are also responsible for the fees and expenses charged by custodians including, but not limited to, any transaction charges imposed by the custodian with which an independent investment manager effects transactions for the client's account(s). Please refer to the "Brokerage Practices" section (Item 12) of this Form ADV for additional information.

ERISA Accounts: Grant Street Asset Management, Inc is deemed to be a fiduciary to advisory clients that are employee benefit plans or individual retirement accounts (IRAs) pursuant to the Employee Retirement Income and Securities Act ("ERISA"). As such, our firm is subject to specific duties and obligations under ERISA and the Internal Revenue Code that include among other things, restrictions concerning certain forms of compensation. To avoid engaging in prohibited transactions, Grant Street Asset Management, Inc may only charge fees for investment services on products for which our firm and/or our related persons do not receive any commissions or 12b-1 fees.

Limited Prepayment of Fees: Under no circumstances do we require or solicit payment of fees in excess of \$1200 more than six months in advance of services rendered.

Item 6 Performance Based Fees and Side-By-Side Management

Grant Street Asset Management, Inc does not charge performance-based fees.

Item 7 Referral Fee

Grant Street Asset Management, Inc. participates on the Advisor Credit Exchange platform ("ACx") presented by the Advisor Credit Exchange, LLC ("ACE"). The ACx platform is made available by ACE to certain Advisors, and Participating Lenders and their respective authorized users to enable matching and pre-qualification of Advisor Clients with Participating Lenders based on Participating Lenders' credit criteria, along with such other features and functionality as may be offered by ACE from time to time. This presents a conflict of interest because ACE agrees to pay the Advisor a fee (0 to 0.25%) for each loan referred through ACx; this arrangement presents a conflict of interest and gives the Advisor an incentive to recommended participating lenders based on the compensation received. Clients have the option to search for participating lenders through other channels not affiliated with us. Grant Street Asset Management Inc.'s policy is to present the client with multiple lending options and to fully disclose our relationship with each loan provider.

Item 8 Types of Clients

Grant Street Asset Management, Inc provides advisory services to the following types of clients:

- Individuals (other than high net worth individuals)
- High net worth individuals
- Pension and profit-sharing plans (other than plan participants)
- Charitable organizations
- Corporations or other businesses not listed above
- Other

Item 9 Methods of Analysis, Investment Strategies and Risk of Loss

METHODS OF ANALYSIS

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

Asset Allocation. Rather than focusing primarily on securities selection, we attempt to identify an appropriate ratio of equity securities, fixed income, and cash suitable to the client's investment goals and risk tolerance.

A risk of asset allocation is that the client may not participate in sharp increases in a particular security, industry, or market sector.

Mutual Fund and/or ETF Analysis. We look at the experience and track record of the manager of the mutual fund or ETF in an attempt to determine if that manager has demonstrated an ability to invest over a period of time and in different economic conditions. We also look at the underlying assets in a mutual fund or ETF in an attempt to determine if there is significant overlap in the underlying investments held in other fund(s) in the client's portfolio. We also monitor the funds or ETFs in an attempt to determine if they are continuing to follow their stated investment strategy.

A risk of mutual fund and/or ETF analysis is that, as in all securities investments, past performance does not guarantee future results. A manager who has been successful may not be able to replicate that success in the future. In addition, as we do not control the underlying investments in a fund or ETF, managers of different funds held by the client may purchase the same security, increasing the risk to the client if that security were to fall in value. There is also a risk that a manager may deviate from the stated investment mandate or strategy of the fund or ETF, which could make the holding(s) less suitable for the client's portfolio.

Fundamental Analysis. We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company itself) to determine if the company is underpriced (indicating it may be a good time to buy) or overpriced (indicating it may be time to sell).

Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the stock.

Quantitative Analysis. We use mathematical models in an attempt to obtain more accurate measurements of a company's quantifiable data, such as the value of a share price or earnings per share and predict changes to that data.

A risk in using quantitative analysis is that the models used may be based on assumptions that prove to be incorrect.

Qualitative Analysis. We subjectively evaluate non-quantifiable factors such as quality of management, labor relations, and strength of research and development factors not readily subject to measurement and predict changes to share price based on that data.

A risk in using qualitative analysis is that our subjective judgment may prove incorrect.

Technical Analysis. We analyze past market movements and apply that analysis to the present in an attempt to recognize recurring patterns of investor behavior and potentially predict future price movement.

Technical analysis does not consider the underlying financial condition of a company. This presents a risk in that a poorly managed or financially unsound company may underperform regardless of market movement.

Risks for all forms of analysis. Our securities analysis methods rely on the assumption that the companies whose securities we purchase and sell, the rating agencies that review these securities, and other publicly available sources of information about these securities, are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information.

INVESTMENT STRATEGIES

We craft a personal investment strategy for each client relationship through personal discussions in which goals and objectives based on the client's particular circumstances are established. We create and manage a portfolio based on that strategy. During our data gathering process, we determine the client's individual objectives, time horizons, risk tolerance, and liquidity needs. As appropriate, we may also review and discuss a client's prior investment history, as well as family composition and background.

Item 10 Disciplinary Information

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Our firm and our management personnel have no reportable disciplinary events to disclose.

Item 11 Other Financial Industry Activities and Affiliations

Our firm and our related persons are not engaged in other financial industry activities and have no other industry affiliations.

Item 12 Code of Ethics, Participation, or Interest in Client Transactions and Personal Trading

Our firm has adopted a Code of Ethics which sets forth high ethical standards of business conduct that we require of our employees, including compliance with applicable federal securities laws.

Grant Street Asset Management, Inc and our personnel owe a duty of loyalty, fairness, and good faith towards our clients, and have an obligation to adhere not only to the specific provisions of the Code of Ethics but to the general principles that guide the Code.

Our Code of Ethics includes policies and procedures for the review of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be submitted by the firm's access persons. Among other things, our Code of Ethics also requires the prior approval of any transactions in equity securities, securities in a limited offering (e.g., private placement) or an initial public offering. Our code also provides for oversight, enforcement and record keeping provisions.

Grant Street Asset Management, Inc's Code of Ethics further includes the firm's policy prohibiting the use of material nonpublic information. While we do not believe that we have any particular access to nonpublic information, all employees are reminded that such information may not be used in a personal or professional capacity.

A copy of our Code of Ethics is available to our advisory clients and prospective clients. You may request a copy by email sent to mevans@gsaminc.com, or by calling us at 412-257-8060.

Grant Street Asset Management, Inc and individuals associated with our firm are prohibited from engaging in principal transactions.

Grant Street Asset Management, Inc and individuals associated with our firm are prohibited from engaging in agency cross transactions.

Our Code of Ethics is designed to assure that the personal securities transactions, activities, and interests of our employees will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts.

Our firm and/or individuals associated with our firm may buy or sell for their personal accounts securities identical to or different from those recommended to our clients. In addition, any related person(s) may have an interest or position in a certain security(ies) which may also be recommended to a client.

It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account, thereby preventing such employee(s) from benefiting from transactions placed on behalf of advisory accounts.

As these situations represent actual or potential conflicts of interest to our clients, we have established the following policies and procedures for implementing our firm's Code of Ethics, to ensure our firm complies with its regulatory obligations and provides our clients and potential clients with full and fair disclosure of such conflicts of interest:

1. No principal or employee of our firm may put his or her own interest above the interest of an advisory client.
2. No principal or employee of our firm may buy or sell securities for their personal portfolio(s) where their decision is a result of information received as a result of his or her employment unless the information is also available to the investing public.
3. It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account. This prevents such employees from benefiting from transactions placed on behalf of advisory accounts.
4. Our firm requires prior approval for any equity trade, IPO, or private placement investment by related persons of the firm.

5. We maintain a list of all reportable securities holdings for our firm, and anyone associated with this advisory practice that has access to advisory recommendations ("access person"). These holdings are reviewed on a regular basis by our firm's Chief Compliance Officer or his/her designee.
6. We have established procedures for the maintenance of all required books and records.
7. Clients can decline to implement any advice rendered, except in situations where our firm is granted discretionary authority.
8. All of our principals and employees must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.
9. We require delivery and acknowledgment of the Code of Ethics by each supervised person of our firm.
10. We have established policies requiring the reporting of Code of Ethics violations to our senior management.
11. Any individual who violates any of the above restrictions may be subject to termination.

Item 13 Brokerage Practices

For discretionary clients, Grant Street Asset Management, Inc requires these clients to provide us with written authority to determine the broker dealer to use and the commission costs that will be charged to these clients for these transactions.

As a matter of policy and practice, Grant Street Asset Management, Inc may block client trades when it is appropriate to do so. We will also implement client transactions separately for each account. Consequently, certain client trades may be executed before others, at a different price and/or commission rate.

Grant Street Asset Management, Inc may recommend that clients establish brokerage accounts with the Schwab Institutional division of Charles Schwab & Co., Inc. ("Schwab"), a FINRA registered broker dealer, member SIPC, to maintain custody of client's assets and to effect trades for their accounts. Although we recommend that clients establish accounts at Schwab, it is the client's decision to custody assets with Schwab. Grant Street Asset Management, Inc is independently owned and operated and not affiliated with Schwab.

Schwab provides Grant Street Asset Management, Inc with access to its institutional trading and custody services, which are typically not available to Schwab retail investors. These services generally are available to independent investment advisers on an unsolicited basis, at no charge to them so long as a total of at least \$10 million of the adviser's client's assets are maintained in accounts at Schwab Institutional. These services are not contingent upon our firm committing to Schwab any specific amount of business (assets in custody or trading commissions). Schwab's brokerage services include the execution of securities transactions, custody, research, and access to mutual funds and other investments that are otherwise generally available only to institutional investors or would require a significantly higher minimum initial investment.

For our client accounts maintained in its custody, Schwab generally does not charge separately for custody services but is compensated by account holders through commissions and other transaction related fees for securities trades that are executed through Schwab or that settle into Schwab accounts.

Schwab Institutional also makes available to our firm other products and services that benefit Grant Street Asset Management, Inc but may not directly benefit our clients' accounts. Many of these products and services may be used to service all or some substantial number of our client accounts, including accounts not maintained at Schwab.

Schwab's products and services that assist us in managing and administering our clients' accounts include software and other technology that:

- i. provide access to client account data (such as trade confirmations and account statements);
- ii. facilitate trade execution for client accounts;
- iii. provide research, pricing, and other market data;
- iv. facilitate payment of our fees from client's accounts; and
- v. assist with back-office functions, record keeping and client reporting.

Schwab Institutional also offers other services intended to help us manage and further develop our business enterprise. These services may include:

- i. compliance, legal and business consulting;
- ii. publications and conferences on practice management and business succession; and
- iii. access to employee benefits providers, human capital consultants and insurance providers.

Schwab may make available, arrange and/or pay third-party vendors for the types of services rendered to Grant Street Asset Management, Inc. Schwab Institutional may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third-party providing these services to our firm. Schwab Institutional may also provide other benefits such as educational events or occasional business entertainment of our personnel. In evaluating whether to recommend that clients custody their assets at Schwab, we may take into account the availability of some of the foregoing products and services and other arrangements as part of the total mix of factors we consider and not solely on the nature, cost or quality of custody and brokerage services provided by Schwab, which may create a potential conflict of interest.

Grant Street Asset Management, Inc also has an arrangement with National Financial Services LLC, and Fidelity Brokerage Services LLC (together with all affiliates, "Fidelity") through which Fidelity provides our firm with their "platform" services. The platform services include, among others, brokerage, custodial, administrative support, record keeping and related services that are intended to support intermediaries like Grant Street Asset

Management, Inc in conducting business and in serving the best interests of our clients but that may also benefit us.

Fidelity charges brokerage commissions and transaction fees for effecting certain securities transactions (i.e., transactions fees are charged for certain no-load mutual funds, commissions are charged for individual equity and debt securities transactions). Fidelity enables Grant Street Asset Management, Inc to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges. Fidelity's commission rates are generally considered discounted from customary retail commission rates. However, the commissions and transaction fees charged by Fidelity may be higher or lower than those charged by other custodians and broker-dealers. As part of the arrangement, Fidelity also makes available to our firm, at no additional charge to us, certain research services, including research services obtained by Fidelity directly from independent research companies. These research services are used by our firm to manage accounts for which we have investment discretion.

As a result of receiving such services for no additional cost, we may have an incentive to continue to use or expand the use of Fidelity's services. We examined this potential conflict of interest when we chose to enter into the relationship with Fidelity and have determined that the relationship is in the best interests of Grant Street Asset Management, Inc's clients and satisfies our client obligations, including our duty to seek best execution. A client may pay a commission that is higher than another qualified broker dealer might charge to affect the same transaction where we determine in good faith that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, while Grant Street Asset Management, Inc will seek competitive rates, to the benefit of all clients, we may not necessarily obtain the lowest possible commission rates for specific client account transactions. Although the investment research products and services that may be obtained by us will generally be used to service all of our clients, a brokerage commission paid by a specific client may be used to pay for research that is not used in managing that specific client's account. Grant Street Asset Management, Inc and Fidelity are not affiliated.

Item 14 Review of Accounts

PORTFOLIO MANAGEMENT SERVICES

REVIEWS: While the underlying securities within Individual Portfolio Management Services accounts are continually monitored, the accounts are reviewed on an ongoing basis. Accounts are reviewed in the context of each client's stated investment objectives and guidelines. More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances, or the market, political or economic environment.

These accounts are reviewed individually by members of our Investment Committee.

REPORTS: In addition to the monthly statements and confirmations of transactions that Portfolio Management clients receive from their custodian, Grant Street Asset Management, Inc will provide quarterly reports summarizing account performance, balances, and holdings.

Item 15 Client Referrals and Other Compensation

CLIENT REFERRALS

Our firm may pay referral fees to independent persons or firms ("Solicitors") for introducing clients to us. Whenever we pay a referral fee, we require the Solicitor to provide the prospective client with a copy of this document (our *Firm Brochure*) and a separate disclosure statement that includes the following information:

- the Solicitor's name and relationship with our firm;
- the fact that the Solicitor is being paid a referral fee;
- the amount of the fee; and
- whether the fee paid to us by the client will be increased above our normal fees in order to compensate the Solicitor.

As a matter of firm practice, the advisory fees paid to us by clients referred by solicitors are not increased as a result of any referral.

It is Grant Street Asset Management, Inc's policy not to accept or allow our related persons to accept any form of compensation, including cash, sales awards, or other prizes, from a non-client in conjunction with the advisory services we provide to our clients.

Item 16 Custody

We previously disclosed in the "Fees and Compensation" section (Item 5) of this Brochure that our firm directly debits advisory fees from client accounts.

As part of this billing process, the client's custodian is advised of the amount of the fee to be deducted from that client's account. On at least a quarterly basis, the custodian is required to send to the client a statement showing all transactions within the account during the reporting period.

Because the custodian does not calculate the amount of the fee to be deducted, it is important for clients to carefully review their custodial statements to verify the accuracy of the calculation, among other things. Clients should contact us directly if they believe that there may be an error in their statement.

Our firm does not have actual or constructive custody of client accounts.

Item 17 Investment Discretion

Clients may hire us to provide discretionary asset management services, in which case we place trades in a client's account without contacting the client prior to each trade to obtain the client's permission.

Our discretionary authority includes the ability to do the following without contacting the client:

- Determine the security to buy or sell; and/or
- Determine the amount of the security to buy or sell.

Clients give us discretionary authority when they sign a discretionary agreement with our firm and may limit this authority by giving us written instructions. Clients may also change/amend such limitations by once again providing us with written instructions.

Item 18 Voting Client Securities

As a matter of firm policy, we do not vote proxies on behalf of clients. Therefore, although our firm may provide investment advisory services relative to client investment assets, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Clients are responsible for instructing each custodian of the assets, to forward to the client copies of all proxies and shareholder communications relating to the client's investment assets.

We do not offer any consulting assistance regarding proxy issues to clients.

Item 19 Financial Information

Grant Street Asset Management, Inc has no additional no financial circumstances to report.

Under no circumstances do we require or solicit payment of fees in excess of \$1200 per client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement.

Grant Street Asset Management, Inc has not been the subject of a bankruptcy petition at any time during the past ten years.

Form CRS – Client Relationship Summary

March 23, 2023

Introduction

Our firm, Grant Street Asset Management, Inc., is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about investment advisers, broker-dealers, and investing.

What investment services and advice can you provide me?

We are a registered investment adviser that offers Investment Management and Wealth Advisory services to clients. We are held to a fiduciary standard that covers our entire relationship with you. If you open an advisory account with our firm, we will meet with you to understand your current financial situation, existing resources, goals, objectives, and risk tolerance. Based on what we learn, we will create a personalized Investment Strategy Letter documenting your custom investment guidelines. We design and manage your portfolios, adjusting investments for changing market environments as well as changes in your financial needs.

We manage accounts on a discretionary basis; some clients also have additional non-discretionary accounts for which we provide reporting services. Discretion permits us to buy and sell investments in your account in accordance with your guidelines without asking you in advance. Any investment limitations will be specified in the written Investment Strategy Letter.

If we manage accounts for you on a discretionary basis, we may also provide wealth management consulting and strategic planning. These services are customized to your financial needs and are included with your investment management fees.

Additional information about our advisory services is in Item 4 of our Firm Brochure, which is available online at <https://adviserinfo.sec.gov/firm/summary/106980>

What fees will I pay?

When engaged to provide Investment Management services, we charge a fee calculated as a percentage of your assets under our management. The fee you pay to us does not vary based on the type of investments we select on your behalf. It varies based on whether your investments increase or decrease over time.

Our Investment Management fee schedule starts at 1.50% for the first \$500,000 under management. The minimum account size and management fees are negotiable under certain circumstances.

Because our fee is calculated as a percentage of your assets under management, the more assets you have in your advisory account, the more you will pay for our Investment Management services. As values decrease, you pay less. We have an incentive to encourage you to increase the assets maintained in accounts we manage. Our firm's fees are automatically deducted from your advisory account quarterly and reduce the value of your advisory account. We only earn fees directly from our clients and do not receive fees from custodians or investment products selected on your behalf.

The custodian that holds your assets may charge you a transaction fee when we buy or sell an investment for you. The custodian's transaction fees are in addition to our fees for our Investment Management services. You may also pay charges imposed by the custodian holding your accounts for certain non-standard investments. Mutual funds and exchange traded funds also charge internal management fees that reduce the value of your investments over time.

You will pay fees and expenses whether you make or lose money on your investments and whether or not we make changes to your account. Fees and expenses will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and expenses you are paying.

Additional information about our fees is in Item 5 of our Firm Brochure, which is available online at <https://adviserinfo.sec.gov/firm/summary/106980>

What are your legal obligations to me when acting as my investment adviser? What conflicts of interest do you have?

When we act as your investment adviser, we are acting as a fiduciary and must always act in your best interest and not put our interests ahead of yours. We benefit from the advisory services that we provide to you. You should understand and ask us about potential conflicts of interest. Here are some examples to help you understand what this means:

As a fee-only adviser, a conflict of interest may exist any time we recommend that you keep your assets under our management rather than remove your assets from our management. Examples could include recommending that you rollover an account into an account managed by our firm

We also receive support services from our custodians that may include investment-related research, pricing information and market data, software, compliance and/or practice management expertise, discounted or gratis conferences, consulting services or other educational events to further enhance our business operations. The receipt of economic benefit may inadvertently influence our preferred list of custodians.

Additional information about our conflicts of interest please see Items 11 and 12 of our Firm Brochure, which is available online at <https://adviserinfo.sec.gov/firm/summary/106980>

How do your financial professionals make money?

Our financial professionals are paid primarily through salary and may earn additional compensation based on our firm's revenues. Revenue-based compensation is earned through maintaining existing client relationships and developing new client relationships for advisory services.

Do you or your financial professionals have legal or disciplinary history?

No, our firm and financial professionals do not have any legal and disciplinary history to disclose. Visit Investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.

Questions to Ask Us:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do those qualifications mean?
- Help me understand how these fees and costs may affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs and how much will be invested for me?
- How might your conflicts of interest affect me, and how will you address them?
