Item 4 – Advisory Services

A. Firm Information

WealthPlans, LLC (“WealthPlans” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor is organized as a Limited Liability Company (LLC) under the laws of the State of Maryland. WealthPlans was founded in October 2020 and is owned and operated by R. Brent Cooley (Member and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by WealthPlans.

B. Advisory Services Offered

WealthPlans offers investment advisory services to individuals, high net worth individuals, trusts, estates, businesses, nonprofit organizations, and retirement plans (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. WealthPlans' fiduciary commitment is further described in the Advisor's Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Management Services

WealthPlans provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. WealthPlans works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. WealthPlans will then construct an investment portfolio, consisting of low-cost, diversified mutual funds and/or exchange-traded funds (“ETFs”) to achieve the Client's investment goals. The Advisor may also utilize individual stocks, bonds, or options to meet the needs of its Clients. The Advisor may retain a Client's legacy investments based on portfolio fit and/or tax considerations.

WealthPlans' investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. WealthPlans will construct, implement, and monitor the portfolio to attempt to meet the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

WealthPlans evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. WealthPlans may recommend, on occasion, redistributing investment allocations to diversify the portfolio. WealthPlans may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. WealthPlans may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time will WealthPlans accept or maintain custody of a Client's funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within the designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. Please see Item 12 – Brokerage Practices.

Retirement Accounts – When the Advisor provides investment advice to Clients regarding ERISA retirement accounts or individual retirement accounts (“IRAs”), the Advisor is a fiduciary within the meaning of Title I of the Employee Retirement Income Security Act (“ERISA”) and/or the Internal Revenue Code (“IRC”), as applicable, which are laws governing retirement accounts. When deemed to be in the Client's best interest, the Advisor will

provide investment advice to a Client regarding a distribution from an ERISA retirement account or to roll over the assets to an IRA, or recommend a similar transaction including rollovers from one ERISA sponsored Plan to another, one IRA to another IRA, or from one type of account to another account (e.g. commission-based account to fee-based account). Such a recommendation creates a conflict of interest if the Advisor will earn a new (or increase its current) advisory fee as a result of the transaction. No client is under any obligation to roll over a retirement account to an account managed by the Advisor.

Financial Planning Services

WealthPlans provides a variety of financial planning to Clients as part of its overall investment management services. WealthPlans may also provide financial planning services on a standalone basis pursuant to a written financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals and objectives. Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, tax planning, and other areas of a Client's financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

WealthPlans may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six (6) months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Retirement Plan Advisory Services

WealthPlans provides 3(21) retirement plan advisory services on behalf of the retirement plans (each a "Plan") and the company (the "Plan Sponsor"). The Advisor's retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and its Plan Participants. Each engagement is customized to the needs of the Plan and Plan Sponsor. Services generally include:

- Vendor Analysis
- Plan Participant Enrollment and Education
- Investment Policy Statement ("IPS") Design and Monitoring
- Ongoing Investment Recommendation and Assistance
- ERISA 404(c) Assistance

These services are provided by WealthPlans serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of WealthPlans' fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

D. Wrap Fee Programs

E. Assets Under Management

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one more written agreement with the Advisor.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid quarterly in advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees are based on the following schedule:

Assets Under Management (\$)	Annual Rate (%)
Up to \$100,000	1.25%
\$100,001 to \$500,000	1.00%
\$500,001 to \$1,000,000	0.90%
\$1,000,001 to \$2,000,000	0.80%
\$2,000,001 and over	0.70%

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor and complexity of the Client's goals and objectives. All securities held in accounts managed by WealthPlans will be independently valued by the Custodian. WealthPlans will conduct periodic reviews of the Custodian's valuations.

The Advisor's fee is exclusive of, and in addition to any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5.C below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Financial Planning Services

WealthPlans offers financial planning services as a component of its investment management services described above. WealthPlans may also offer its financial planning as a standalone service, which is billed at an hourly rate of \$295. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total hours and overall costs will be provided to the Client prior to engaging for these services.

Retirement Plan Advisory Services

Retirement plan advisory fees are paid quarterly in advance of each quarter, pursuant to the terms of the retirement plan advisory agreement. Fees are based on the market value of assets under management at the end of the prior calendar quarter. Fees range are generally based on the following schedule:

Assets Under Management	Annual Rate
Up to \$100,000	1.25%
\$100,001 to \$500,000	1.00%
\$500,001 to \$1,000,000	0.90%
\$1,000,001 to \$2,000,000	0.80%
\$2,000,001 to and over	0.70%

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with WealthPlans at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. Clients are urged to also review and compare the statement provided by the Advisor to the brokerage statement from the Custodian, as the Custodian does not perform a verification of fees. Clients provide written authorization permitting advisory fees to be deducted by WealthPlans to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

For standalone financial planning, fees are invoiced up to fifty percent (50%) of the expected total fee upon acceptance of the financial planning agreement and the remainder due upon completion of the agreed upon deliverable[s].

Retirement Plan Advisory Services

Retirement plan advisory fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than WealthPlans, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian, as applicable. The Advisor's recommended Custodian does not charge securities transaction fees for ETF and equity trades in a Client's account, provided that the account meets the terms and conditions of the Custodian's brokerage requirements. However, the Custodian typically charges for mutual funds and other types of investments. The fees charged by WealthPlans are separate and distinct from these custody and execution fees.

In addition, all fees paid to WealthPlans for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for

the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of WealthPlans, but would not receive the services provided by WealthPlans which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by WealthPlans to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Management Services

WealthPlans may be compensated for its investment management services in advance of the quarter in which services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

For standalone financial planning, WealthPlans is compensated upon completion of the engagement deliverable[s]. Either party may terminate the financial planning agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for actual hours logged on the planning project times the contractual hourly rate. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services

WealthPlans is compensated for its services at the beginning of the quarter before advisory services are rendered. Either party may request to terminate a retirement plan advisory agreement, at any time, by providing advance written notice to the other party. The Client shall be responsible for investment advisory fees up to and including the effective date of termination. The Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's retirement plan services agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Item 6 – Performance-Based Fees and Side-By-Side Management

WealthPlans does not charge performance-based fees for its investment advisory services. The fees charged by WealthPlans are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

WealthPlans does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

WealthPlans offers investment advisory services to individuals, high net worth individuals, trusts, estates, businesses, non-profit organizations, and retirement plans. The amount of each type of Client is available on

WealthPlans' Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. WealthPlans generally does not impose a minimum relationship size.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

WealthPlans primarily employs a fundamental and technical analysis methods in developing investment strategies for its Clients. Research and analysis from WealthPlans are typically derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that WealthPlans will be able to accurately predict such a reoccurrence.

Qualitative analysis involves analysis that uses subjective judgment based on unquantifiable information, such as management expertise, industry cycles, strength of research and development. Qualitative analysis contrasts with quantitative analysis, which focuses on numbers such as the firm's financials and prospectus or offering memorandums. Both techniques are often used together in order to examine a company's operations and evaluate its potential as an investment opportunity.

As noted above, WealthPlans generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. WealthPlans will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, WealthPlans may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. WealthPlans will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals. Please see below for risks associated with the Advisor's investment strategies as well as general risks of investing.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment strategies:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond Risks

Bonds are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Option Contract Risks

Investments in option contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving WealthPlans or its owner. WealthPlans values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor or Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 311560.

Item 10 – Other Financial Industry Activities and Affiliations

Accounting and Tax Planning Services

WealthPlans is affiliated with Cooley and Associates PC ("C&A"), which is owned and operated by R. Brent Cooley. C&A provides accounting and tax planning services. These services provided by C&A are separate and distinct from the advisory services offered by WealthPlans. WealthPlans may recommend that Clients engage C&A for accounting or tax planning services and are provided as a separate service and fee. This presents a conflict of interest as management persons stand to benefit financially should Clients engage with C&A. Clients are under no obligation to utilize the services offered by C&A.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

WealthPlans has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with WealthPlans ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to each Client. WealthPlans and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of WealthPlans Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (301) 695-2800 or via email at info@wealthplansllc.com.

B. Personal Trading with Material Interest

WealthPlans allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. WealthPlans does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. WealthPlans does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

WealthPlans allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by WealthPlans requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") by conducting a coordinated review of personal accounts and the accounts of the Clients. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While WealthPlans allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will WealthPlans, or any Supervised Person of WealthPlans, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

WealthPlans does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize WealthPlans to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, WealthPlans does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where WealthPlans does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by WealthPlans. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. WealthPlans may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and its reputation and/or the location of the Custodian's offices.

WealthPlans will generally recommend that Clients establish their account[s] at Raymond James & Associates, Inc. (collectively "Raymond James"), a FINRA-registered broker-dealer and member SIPC. Raymond James will serve as the Client's "qualified custodian". WealthPlans maintains an institutional relationship with Raymond James, whereby the Advisor receives economic benefits from Raymond James. Please see Item 14 below. Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. **WealthPlans does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the Custodian. Please see Item 14 below.**

2. Brokerage Referrals - WealthPlans does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where WealthPlans will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). WealthPlans will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. WealthPlans will execute its transactions through the Custodian as authorized by the Client. WealthPlans may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold

by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Clients' accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by R. Brent Cooley, Chief Compliance Officer of WealthPlans. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify WealthPlans if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by WealthPlans

WealthPlans is a fee-based advisory firm, that is compensated solely by its Clients and not from any investment product. WealthPlans does not receive commissions or other compensation from product sponsors, broker-dealers or any un-related third party. WealthPlans may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, WealthPlans may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

WealthPlans has established an institutional relationship with Raymond James to assist the Advisor in managing Client account[s]. Access to the Raymond James platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Raymond James. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

Additionally, the Advisor has the following benefits from Raymond James: financial support, financing services, receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

B. Compensation for Client Referrals

WealthPlans does not compensate, either directly or indirectly, any persons who are not supervised persons, for Client referrals.

Item 15 – Custody

WealthPlans does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct WealthPlans to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by WealthPlans to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

WealthPlans generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by WealthPlans. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by WealthPlans will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

WealthPlans does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither WealthPlans, nor its management, have any adverse financial situations that would reasonably impair the ability of WealthPlans to meet all obligations to its Clients. Neither WealthPlans, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. WealthPlans is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.
