Item 4 – Advisory Services

A. Firm Information

ReFrame Wealth, LLC (“ReFrame Wealth” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor was organized as a Limited Liability Company (“LLC”) under the laws of the Commonwealth of Virginia in March 2021 and became a registered investment advisor in April 2021. ReFrame Wealth is owned and operated by Mitchell M. Falter, AIF®, CFP® (Principal & Co-Founder), Jessica L. Doll, CFP® (Principal, Co-Founder and Chief Compliance Officer), and Melanie C. Simons, CFP® (Principal & Co-Founder).

This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by ReFrame Wealth.

B. Advisory Services Offered

ReFrame Wealth offers wealth management services which include investment management, financial planning and/or other advisory services to individuals, high net worth individuals, trusts, and estates (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. ReFrame Wealth's fiduciary commitment is further described in the Advisor's Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Wealth Management Services

ReFrame Wealth provides customized wealth management services for its Clients, which generally includes a broad range of comprehensive financial planning services in connection with discretionary and non-discretionary management of investment portfolios. This is achieved through continuous personal Client contact and interaction with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. ReFrame Wealth, through its sub-advisory relationship with Savant Wealth Management (herein “Savant”), will construct an investment portfolio, consisting exchange-traded funds (“ETFs”), open-end mutual funds, individual stocks, individual bonds, and/or other types in investments, as appropriate, to meet the needs of the Client. The Advisor may retain certain types of investments based on a Client's legacy investments based on portfolio fit and/or tax considerations.

Savant – ReFrame Wealth has engaged Savant, an independent investment advisor registered with the U.S. Securities and Exchange Commission (“SEC”) to provide sub-advisory services on behalf of the Advisor. Services include investment portfolio construction, research and discretionary trading in the Client's account[s]. ReFrame Wealth will perform initial and ongoing oversight and due diligence over Savant to ensure the Client's investment portfolios are managed consistent with the Client's investment objectives and overall best interests.

ReFrame Wealth's investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. ReFrame Wealth will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

ReFrame Wealth evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. ReFrame Wealth may recommend, on occasion, redistributing investment allocations to diversify the portfolio. ReFrame Wealth may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. ReFrame Wealth may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of

securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

The financial planning services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial situation. Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, insurance needs, and other areas of a Client's financial situation. A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

Use of Independent Managers

ReFrame Wealth may recommend that a Client utilize one or more unaffiliated investment managers or investment platforms (collectively "Independent Managers") for all or a portion of a Client's investment portfolio. In such instances, the Client may be required to authorize and enter into an advisory agreement with the Independent Manager[s] that defines the terms in which the Independent Manager[s] will provide investment management and related services. The Advisor may also assist in the development of the initial policy recommendations and managing the ongoing Client relationship. The Advisor will perform initial and ongoing oversight and due diligence over the selected Independent Manager[s] to ensure the Independent Managers' strategies and target allocations remain aligned with its clients' investment objectives and overall best interests. The Client, prior to entering into an agreement with unaffiliated investment manager[s] or investment platform[s], will be provided with the Independent Manager's Form ADV 2A (or a brochure that makes the appropriate disclosures).

At no time will ReFrame Wealth accept or maintain custody of a Client's funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within the designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. Please see Item 12 – Brokerage Practices.

Retirement Accounts – When deemed to be in the Client's best interest, the Advisor will recommend that a Client take a distribution from an ERISA sponsored plan or to roll over the assets to an Individual Retirement Accounts ("IRAs"), or recommend a similar transaction including rollovers from one ERISA sponsored Plan to another, one IRA to another IRA, or from one type of account to another account (e.g. commission-based account to fee-based account). In such instances, the Advisor will serve as an investment fiduciary as that term is defined under The Employee Retirement Income Security Act of 1974 ("ERISA") and/or the Internal Revenue Code ("IRC"), as applicable, which are laws governing retirement accounts. Such a recommendation creates a conflict of interest if the Advisor will earn a new (or increase its current) advisory fee as a result of the transaction. No client is under any obligation to roll over a retirement account to an account managed by the Advisor.

ReFrame Wealth may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six (6) months of contract date, assuming all information and documents requested are provided promptly.

C. Client Account Management

Prior to engaging ReFrame Wealth to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – ReFrame Wealth, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.

ReFrame Wealth, LLC

3251 Blenheim Boulevard, Suite 502, Fairfax, VA 22030
Phone: (571) 354-8471 | <https://www.reframewealth.com/>

- Asset Allocation – ReFrame Wealth will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – ReFrame Wealth will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – ReFrame Wealth will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

ReFrame Wealth includes securities transaction fees, (herein "Covered Costs") together with its investment advisory fees. Including these fees into a single asset-based fee is considered a "Wrap Fee Program". The Advisor customizes its investment management services for its Clients. The Advisor sponsors the ReFrame Wealth Wrap Fee Program solely as a supplemental disclosure regarding the combination of fees. Depending on the level of trading required for the Client's account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own transaction fees. Please see Appendix 1 – Wrap Fee Program Brochure, which is included as a supplement to this Disclosure Brochure.

The benefits under a wrap fee program depend, in part, upon the size of the account, the costs associated with managing the account, and the frequency or type of securities transactions executed in the account[s]. For example, a wrap fee program may not be suitable for all accounts, including but limited to accounts holding primarily, and for any substantial period of time, cash or cash equivalent investments, fixed income securities or no-transaction-fee mutual funds, or any other type of security that can be traded without commissions or other transaction fees. In order to evaluate whether a wrap fee arrangement is appropriate for you, you should compare the agreed-upon Wrap Program Fee and any other costs associated with participating in our Wrap Fee Program with the amounts that would be charged by other advisers, broker-dealers, and custodians, for advisory fees, brokerage and execution costs, and custodial services comparable to those provided under the Wrap Fee Program.

When managing a Client's account on a wrap fee basis, we receive as compensation for our investment advisory services, the balance of the total wrap fee you pay after custodial, trading and other management costs (including execution and transaction fees) have been deducted. Accordingly, we have a conflict of interest because we have a financial incentive to maximize our compensation by seeking to reduce or minimize the total costs incurred in your account[s] subject to a wrap fee.

Schwab and other custodians have eliminated commissions [or transaction fees] for online trade of U.S. equities, ETFs and options (subject to \$0.65 per contract fee). This means that, in most cases, when we buy and sell these types of securities, we will not have to pay any commissions to Schwab. We encourage you to review Schwab's pricing to compare the total costs of entering into a wrap fee arrangement versus a non-wrap fee arrangement. If you choose to enter into a wrap fee arrangement, your total cost to invest could exceed the cost of paying for brokerage advisory fees separately. To see what you would pay for transactions in a non-wrap account please refer to Schwab's most recent price schedules available at schwab.com/aspricingguide.

E. Assets Under Management

As of December 31, 2022, ReFrame Wealth manages approximately \$253,103,621 in Client assets, \$233,927,567 of which is on a discretionary basis and \$19,176,054 on a non-discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one more written agreements with the Advisor.

A. Fees for Advisory Services

Wealth Management Services

Wealth management fees are paid quarterly, at the end of each calendar quarter, pursuant to the terms of the wealth management agreement. Wealth management fees are based on the market value of assets under management at the end of the prior calendar quarter. Wealth management fees range from 0.40% to 1.00% annually based on the following tiered schedule:

Assets Under Management (\$)	Annual Rate (%)
Up to \$2,000,000	1.00%
Next \$3,000,000	0.75%
Next \$5,000,000	0.50%
Over \$10,000,000	0.40%

In certain circumstances, the Advisor may engage clients on a fixed fee schedule. This is done on a case-by-case basis.

Legacy Clients may be subject to a previous fee schedule as determined by their executed Client agreement.

The wealth management fee includes sub-advisory fees paid to Savant. The wealth management fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. Certain Clients may be offered a fixed rate fee schedule. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by ReFrame Wealth will be independently valued by the Custodian. ReFrame Wealth will conduct periodic reviews of the Custodian's valuations.

In certain circumstances, a Client may not hold certain accounts and/or securities in custody with ReFrame Wealth's recommended Custodian. For these held-away accounts and/or securities, the Advisor will advise on those assets to the best of their ability in accordance with the Client's suitability parameters. Due to the "held-away" nature of accounts and/or securities, trading, reallocation, and security selection will occur quarterly rather than daily and may require action on the part of the Client if the Advisor's access to the account's trading capabilities is restricted. The billing for held-away assets under advisement is a flat annual rate of 0.60%. Any held-away accounts and/or securities will be listed in an appendix of the wealth management agreement.

Fees may be negotiable at the sole discretion of the Advisor.

The Advisor's fee is inclusive of any applicable securities transactions. Clients separately would be responsible for certain fees including custody fees, and other related costs and expenses described in Item 5.C below. The Advisor shall not receive any portion of these non-Covered Costs.

Use of Independent Managers

For Clients referred by the Advisor to an Independent Manager, the Client's fee may be separately billed or deducted from the Client's account[s] by the Independent Manager.

Financial Planning Services

ReFrame Wealth offers financial planning services for an annual subscription fee or a fixed fee engagement ranging up to \$10,000. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total costs will be determined prior to establishing the advisory relationship.

B. Fee Billing

Wealth Management Services

Wealth management fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the

quarterly rate (annual rate divided by 4) to the total assets under management with ReFrame Wealth at the end of the quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. Clients are urged to also review and compare the statement provided by the Advisor to the brokerage statement from the Custodian, as the Custodian does not perform a verification of fees. Clients provide written authorization permitting advisory fees to be deducted by ReFrame Wealth to be paid directly from their account[s] held by the Custodian as part of the wealth management agreement and separate account forms provided by the Custodian.

Financial Planning Services

Financial planning fees may be invoiced up to fifty percent (50%) of the expected total fee upon execution of the financial planning agreement. The balance shall be invoiced upon completion of the agreed upon deliverable[s]. Annual subscription fees may be billed on a monthly, quarterly, or annual basis.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s]. ReFrame Wealth includes Covered Costs as part of its overall investment advisory fee through the ReFrame Wealth Wrap Fee Program. Securities transaction fees for Client-directed trades may be charged back to the Client. Please see Item 4.D. above as well as Appendix 1 – Wrap Fee Program Brochure.

In addition, all fees paid to ReFrame Wealth for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of ReFrame Wealth, but would not receive the services provided by ReFrame Wealth which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by ReFrame Wealth to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

ReFrame Wealth is compensated for its wealth management services at the end of the quarter after services are rendered. Either party may terminate the wealth management agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the wealth management agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Client's wealth management agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with the Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and that Independent Manager. ReFrame Wealth will assist the Client with the termination and transition as appropriate.

E. Compensation for Sales of Securities

ReFrame Wealth does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

ReFrame Wealth does not charge performance-based fees for its investment advisory services. The fees charged by ReFrame Wealth are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

ReFrame Wealth, LLC

3251 Blenheim Boulevard, Suite 502, Fairfax, VA 22030
Phone: (571) 354-8471 | <https://www.reframewealth.com/>

ReFrame Wealth does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

ReFrame Wealth offers investment advisory services to individuals, high net worth individuals, trusts, and estates. ReFrame Wealth generally does not impose a minimum relationship size.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

ReFrame Wealth primarily employs the principles of Modern Portfolio Theory in developing investment strategies for its Clients. Research and analysis from ReFrame Wealth are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

ReFrame Wealth generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. The Advisor's investment strategy is based upon long-term investment objectives that incorporate the principles of Modern Portfolio Theory. The Advisor's investment approach is firmly rooted in the belief that markets are "efficient," and that investors' returns are determined principally by asset allocation decisions, not market timing or stock picking. ReFrame Wealth will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, ReFrame Wealth may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. ReFrame Wealth will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals. Please see Item 8.B. for risks associated with the Advisor's investment strategies as well as general risks of investing.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment strategies:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond ETFs

Bond ETFs are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving ReFrame Wealth or its management persons. ReFrame Wealth values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor or Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 313386.

Item 10 – Other Financial Industry Activities and Affiliations

Melanie Simons is an Investment Advisor Representative of a non-affiliated registered investment advisor. Ms. Simons is in the process of liquidating her ownership of ReFrame.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

ReFrame Wealth has implemented a Code of Ethics (the “Code”) that defines the Advisor’s fiduciary commitment to each Client. This Code applies to all persons associated with ReFrame Wealth (“Supervised Persons”). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor’s duties to each Client. ReFrame Wealth and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of ReFrame Wealth’s Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (571) 354-8471.

B. Personal Trading with Material Interest

ReFrame Wealth allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. ReFrame Wealth does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. ReFrame Wealth does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

ReFrame Wealth allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by ReFrame Wealth requiring reporting of personal securities trades by conducting a coordinated review of personal accounts and the accounts of the Clients. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While ReFrame Wealth allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will ReFrame Wealth, or any Supervised Person of ReFrame Wealth, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

ReFrame Wealth does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the “Custodian”) to safeguard Client assets and authorize ReFrame Wealth to direct trades to the Custodian as agreed upon in the wealth management agreement. Further, ReFrame Wealth does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where ReFrame Wealth does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by ReFrame Wealth. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. ReFrame Wealth may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and its reputation and/or the location of the Custodian’s offices. ReFrame Wealth will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. (“Schwab”), a FINRA-registered

broker-dealer and member SIPC. Schwab will serve as the Client's "qualified custodian". ReFrame Wealth maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab. Please see Item 14 below. Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. ReFrame Wealth does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the Custodian. Please see Item 14 below.

2. Brokerage Referrals - ReFrame Wealth does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where ReFrame Wealth will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). ReFrame Wealth will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. ReFrame Wealth will execute its transactions through the Custodian as authorized by the Client. ReFrame Wealth may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Clients' accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in wealth management Client accounts are monitored on a regular and continuous basis by the CCO of ReFrame Wealth. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify ReFrame Wealth if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

Phone: (571) 354-8471 | <https://www.reframewealth.com/>

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by ReFrame Wealth

ReFrame Wealth is a fee-based advisory firm, that is compensated solely by its Clients and not from any investment product. ReFrame Wealth does not receive commissions or other compensation from product sponsors, broker-dealers or any un-related third party. ReFrame Wealth may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, ReFrame Wealth may receive non-compensated referrals of new Clients from various third-parties.

Use of Independent Managers

The Advisor may be indirectly compensated by an Independent Manager as described in Item 5 above and does not receive any other forms of compensation with such arrangements.

Participation in Institutional Advisor Platform

ReFrame Wealth has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like ReFrame Wealth. As a registered investment advisor participating on the Schwab Advisor Services platform, ReFrame Wealth receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and financial support to ReFrame Wealth that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. ReFrame Wealth believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

3251 Blenheim Boulevard, Suite 502, Fairfax, VA 22030
Phone: (571) 354-8471 | <https://www.reframewealth.com/>

B. Compensation for Client Referrals

The Advisor does not compensate, either directly or indirectly, any persons who are not supervised persons, for Client referrals.

Item 15 – Custody

ReFrame Wealth does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct ReFrame Wealth to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by ReFrame Wealth to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

ReFrame Wealth generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. Savant, in its capacity as sub-advisor, will discretion over the selection and amount of securities to be bought or sold in Client accounts. These purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by ReFrame Wealth. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of a wealth management agreement containing all applicable limitations to such authority. All discretionary trades made by ReFrame Wealth will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

ReFrame Wealth does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither ReFrame Wealth, nor its management, have any adverse financial situations that would reasonably impair the ability of ReFrame Wealth to meet all obligations to its Clients. Neither ReFrame Wealth, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. ReFrame Wealth is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.

Item 4 – Services Fees and Compensation

A. Services

ReFrame Wealth provides customized investment advisory services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the ReFrame Wealth Disclosure Brochure (Form ADV 2A). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting ReFrame Wealth as your investment advisor.

As part of the investment advisory fees noted in Item 5 of the Disclosure Brochure, ReFrame Wealth includes, in addition to securities transaction fees [for certain mutual funds], (herein “Covered Costs”) as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”. The Advisor’s recommended Custodian does not charge securities transaction fees for exchange-traded fund (“ETF”) and equity trades in Client accounts, but typically charges for mutual funds and other types of investments. The Advisor sponsors the ReFrame Wealth Wrap Fee Program.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of Covered Costs into a single “bundled” investment advisory fee. This Wrap Fee Program Brochure references back to the ReFrame Wealth Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on ReFrame Wealth’s investment philosophy and related services.**

In addition to the advisory services, the wrap fee program includes certain brokerage services of Charles Schwab & Col, Inc. (“Schwab” a broker-dealer registered with the Securities and Exchange Commission and a member of FINRA and SIPC. We are independently owned and operated and not affiliated with Schwab. Schwab will act solely as a broker-dealer and not as an investment advisor to you. It will have no discretion over your account and will act solely on instructions it receives from us [or you]. Schwab has no responsibility for our services and undertakes no duty to you to monitor our management of your account or other services we provide to you. Schwab will hold your assets in a brokerage account and buy and sell securities and execute other transactions when we [or you] instruct them to. We do not open the account for you.

B. Program Costs

Advisory services provided by ReFrame Wealth are offered in a wrap fee structure whereby Covered Costs are included in the overall investment advisory fee paid to ReFrame Wealth. As the level of activity in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the Covered Costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided to each Client, however, the Client is not charged more if there is higher trading activity or other Covered Costs. A Wrap Fee structure presents a conflict of interest as the Advisor is incentivized to limit the number of trades placed in the Client’s account[s] or to utilize securities that do not have transaction fees. As noted above, the Advisor’s recommended Custodian does not charge securities transaction fees for ETF and equity trades in Client accounts, but typically charges for mutual funds and other types of investments. As such, the Advisor is incentivized to utilize ETFs and other equity securities to limit the overall cost to the Advisor. The Advisor will only place Client assets into a Wrap Fee Program when it is believed to be in the Client’s best interest. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

A wrap fee is not based directly on the number of transactions in your account. Various factors influence the relative cost of our wrap fee program to you, including the cost of our investment advice, custody and brokerage services if you purchased them separately, the types of investments held in your account, and the frequency, type and size of trades in your account. The program could cost you more or less than purchasing our investment advice and custody/brokerage services separately.

C. Fees

Wealth management fees are paid quarterly, at the end of each calendar quarter, pursuant to the terms of the wealth management agreement. Wealth management fees are based on the market value of assets under

ReFrame Wealth, LLC

3251 Blenheim Boulevard, Suite 502, Fairfax, VA 22030
Phone: (571) 354-8471 | <https://www.reframewealth.com/>

management at the end of the prior calendar quarter. Wealth management fees range from 0.40% to 1.00% annually.

The wealth management fee includes sub-advisory fees paid to Savant. The wealth management fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. Certain Clients may be offered a fixed rate fee schedule. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by ReFrame Wealth will be independently valued by the Custodian. ReFrame Wealth will conduct periodic reviews of the Custodian's valuations.

As noted above, the Wrap Fee Program includes Covered Costs incurred in connection with the discretionary investment management services provided by ReFrame Wealth, as part of its overall investment advisory fee.

In addition, all fees paid to ReFrame Wealth for investment advisory services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. Securities transaction fees for Client-directed trades will be charged back to the Client. In connection with the discretionary investment management services provided by ReFrame Wealth, the Client will incur other costs assessed by the Custodian or other third parties, other than the Covered Costs noted above, such as [wire transfer fees, fees for trades executed away from the Custodian and other fees]. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by ReFrame Wealth to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

In addition to compensating ReFrame for advisory services, the wrap fee you pay ReFrame allows us to pay for brokerage and execution services provided by Schwab.

We do not charge our clients higher advisory fees based on their trading activity, but you should be aware that we have an incentive to limit our trading in your account(s) because we are charged for executed trades.

D. Compensation

ReFrame Wealth is the sponsor and portfolio manager of this Wrap Fee Program. ReFrame Wealth receives investment advisory fees paid by Clients for participating in the Wrap Fee Program and pays the Custodian for the Covered Costs associated with the normal trading activity in the Client's account[s].

Item 5 – Account Requirements and Types of Clients

ReFrame Wealth offers investment advisory services to individuals, high net worth individuals, trusts, and estates. ReFrame Wealth generally does not impose a minimum account size for establishing a relationship. Please see Item 7 – Types of Clients in the Disclosure Brochure for additional information.

ReFrame Wealth, LLC

3251 Blenheim Boulevard, Suite 502, Fairfax, VA 22030
Phone: (571) 354-8471 | <https://www.reframewealth.com/>

ReFrame Wealth does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Supervised Persons

ReFrame Wealth Advisory Persons serve as portfolio managers for all accounts, including the services described in this Wrap Fee Program Brochure. Details of the advisory services provided are included in Item 4.A. of the Disclosure Brochure.

Methods of Analysis

Please see Item 8 of the Disclosure Brochure (included with this Wrap Fee Program Brochure) for details on the research and analysis methods employed by the Advisor.

Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. ReFrame Wealth will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals. Please see Item 8.B. for risks associated with the Advisor's investment strategies as well as general risks of investing.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment strategies:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond ETFs

Bond ETFs are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the

ReFrame Wealth, LLC

3251 Blenheim Boulevard, Suite 502, Fairfax, VA 22030
Phone: (571) 354-8471 | <https://www.reframewealth.com/>

coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.

Proxy Voting

ReFrame Wealth does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

ReFrame Wealth believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

Please see Item 14 – Other Compensation in the Form ADV Part 2A – Disclosure Brochure (included with this Wrap Fee Program Brochure) for details on additional compensation that may be received by ReFrame Wealth or its Advisory Persons.
