ITEM 4: ADVISORY BUSINESS

Who We Are

Orion Capital Management LLC (referred to as “we,” “our,” “us,” or “Orion”), has been registered as an investment advisor since June 2002. Our principal is Peter C. Thoms, CFA, Managing Member.

Services We Offer

Investment Management

We provide customized portfolio management for our advisory clients.

We employ a broad range of financial instruments to pursue our clients’ objectives, including, but not limited to, individual common and preferred stocks, exchange-traded funds, convertible stocks or bonds, mutual funds, closed-end stock and fixed income funds, REITS, options, warrants, rights and currency instruments as well as corporate, municipal and government bonds, notes and bills. For our accredited clients we may also employ the use of options and shorting of securities.

We devise, construct and manage for each client a customized portfolio that is suitable for his/her goals and financial circumstances. When a new client hires us, we have an initial discussion with the client to determine a mutually agreeable and appropriate investment strategy. We then consult regularly with our client to ensure that our strategy and asset allocation remain suitable and desirable. We make strategy and asset allocation changes as needed.

Our clients have the authority to restrict us from investing in certain types of securities.

We do not provide portfolio management services to a wrap fee program.

Financial Planning

In addition to our investment advisory services, we also offer financial planning.

We provide financial planning services on topics such as retirement planning, tax planning, risk management, college savings, cash flow, debt management, work benefits, and estate and incapacity planning.

In delivering our financial planning services, we do a detailed evaluation of a client's current and future financial state by using currently known variables to project future cash flows, asset values and withdrawal plans. Through the financial planning process, all questions, information and analysis will be considered as they affect and are affected by the entire financial and life situation of the client. Clients desiring a financial plan will receive a written or an electronic report that provides the client with a detailed financial plan designed to achieve his or her stated financial goals and objectives. As time passes and client circumstances change, we monitor the plan and recommend changes and/or updates to the plan.

Assets Under Management

As of December 31, 2022, we managed assets of \$189.0 million on a discretionary basis and \$0.1 million on a non-discretionary basis.

ITEM 5: FEES AND COMPENSATION

Investment Management

Financial planning services are offered to all investment management clients.

Our management fees vary based on your assets under management and the investment strategy we employ. They range from 0.9% to 1.5% per annum of assets under management. All households are subject to a minimum quarterly fee of \$950. Fees are billed at the end of each quarter in arrears, based on the assets under management as of the last day of the calendar quarter. Fees can be negotiated based on a client's service needs and/or the expected economic impact a client's business relationship will have with Orion.

Financial Planning

Project-Based Financial Planning Fixed Fee

We offer project-based financial planning services on a fixed fee basis for clients who do not desire ongoing financial planning. The fixed fee can range between \$5,000 and \$15,000. The fee is negotiable. The fixed fee will be agreed upon before the start of any work, and a deposit of 50% of the agreed upon fee is due at the start of the project. Fees for this service may be paid by electronic funds transfer or check. If the agreement is terminated before completion, the deposit will be non-refundable, and no further fees will be charged.

Project-Based Financial Planning Hourly Fee

We also offer project-based financial planning at an hourly rate of \$500 per hour. The fee may be negotiable in certain cases and is due at the completion of the engagement. In the event of early termination by the client, any fees for the hours already worked will be due. Fees for this service may be paid by electronic funds transfer or check.

General Disclosures

For our investment advisory services, any assets added to or withdrawn from any account in the middle of a quarter are charged pro-rata for the time the assets were in the account.

A client desiring to end our advisory relationship may do so by providing written notice. We will prorate the advisory fees accrued through the termination date and send an invoice for the advisory fees due.

You may provide authorization for us to deduct our fees directly from your investment account. Important information about the deduction of management fees:

- You must provide authorization for us to deduct fees by initialing the appropriate section of our contract.
- You will receive regular statements from your custodian which show all transactions in your account, including the deduction of our fees.
- You are responsible for reviewing the accuracy of the fees being billed, as the custodian will not do so.

You may elect to pay by check rather than having payment deducted directly from your account.

Other Costs Involved

In addition to our advisory fees shown above, you are responsible for paying other fees associated with your account. These fees include:

- Fees for ETFs and mutual funds. These are fees assessed by the managers of the ETF or mutual fund.
- Brokerage costs and transaction fees charged by the custodian and/or executing broker.

Additional information about brokerage costs and services is provided in “Item 12: Brokerage Practices.”

We believe the fees mentioned above are competitive; however, you may be able to obtain similar services from other sources at a lower price.

ITEM 6: PERFORMANCE-BASED FEES AND SIDE-BY-SIDE MANAGEMENT

We do not earn performance fees for the management of any client accounts.

ITEM 7: TYPES OF CLIENTS

Orion provides advisory services to clients including, but not limited to individuals, families, trusts, profit sharing plans, partnerships, corporations, pension plans, and non-profit organizations.

Generally, we require that clients maintain at least \$250,000 under management with us. However, we may waive that minimum at our sole discretion.

ITEM 8: METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

Methods of Analysis

We employ an active investment strategy and primarily use fundamental analysis in making investment decisions. Fundamental analysis is the process of using financial, economic and business indicators as investment selection criteria. These criteria are usually ratios and trends that may indicate the overall strength or weakness and financial viability of the entity being analyzed. Such criteria include, but are not limited to:

- Revenue trends
- Earnings
- Cash flow
- Growth estimates and trends
- Margin trends
- Management strength and stability
- Competitive position
- Financial position
- Credit rating

Macroeconomic factors we examine include, but are not limited to:

- General economic conditions
- Inflation trends
- Interest rates and the yield curve
- Market volatility and trends
- Monetary policy
- Legislative actions and trends

We may employ other methods of analysis as deemed appropriate.

Investment Strategies

We devise, construct and maintain a customized investment portfolio for each client. Customized portfolios are managed to be consistent with each of our clients' financial goals and tolerance for risk and may contain a wide variety of securities.

Risk of Loss

Every effort is made to ensure positive outcomes for our clients. However, all investments carry the risk of loss and we can make no assurance that our clients will achieve their investment goals or that our strategies will result in profits to our clients.

Certain investment strategies we offer make use of options. Option contracts are derivative instruments that allow the option contract holder to control many shares of the underlying stock. This imbedded leverage may magnify gains or losses.

ITEM 9: DISCIPLINARY INFORMATION

As a registered investment advisor, we are required to disclose any material facts regarding any legal or disciplinary actions that would be material to your evaluation of our firm and each investment advisor representative providing investment advice to you. We have no information of this type to report.

ITEM 10: OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

As a registered investment advisor, we are required to disclose when we, or any of our principals, have any other financial industry affiliations. Neither Orion nor our affiliated persons have material outside business affiliations, arrangements or registrations, pending or otherwise, with other companies, regulatory organizations or persons other than those disclosed in this section.

ITEM 11: CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

Code of Ethics

We have adopted a set of enforceable guidelines (Code of Ethics), which describes unacceptable conduct by Orion and our associated persons. Summarized, this Code of Ethics prohibits us from:

- placing our interests before yours,

- using non public information gathered when providing services to you for our own gains, or
- engaging in any act, practice or course of business that is, or might be considered, fraudulent, deceptive, manipulative, or in violation of any applicable law, rule or regulation of a governmental agency.

Please contact us if you would like to receive a full copy of our Code of Ethics.

Personal Trading for Associated Persons

We may buy or sell some of same securities for you that we hold in our personal accounts. We may also buy for our personal account some of the same securities that you already hold in your account. It is our policy not to permit our associated persons (or their immediate relatives) to trade in a way that takes advantage of price movements caused by client transactions.

We may restrict trading for a particular security for our accounts or those of our associated persons if there is a pending trade in that security in a client account. Trades for our own accounts (and those of our associated persons) will be placed as part of a block trade with client trades, or individually after client trades have been completed. Additional information about block trades is provided in the Aggregation of Orders section of “Item 12: Brokerage Practices.” When our trades are placed after our client trades, we may receive a better or worse price than that received by the client.

Orion and its associated persons may purchase or sell specific securities for their own accounts based on personal investment considerations without regard to whether the purchase or sale of such securities are appropriate for clients.

All persons associated with us are required to report all personal securities transactions to us quarterly.

ITEM 12: BROKERAGE PRACTICES

Selection of Brokers

In selecting brokers to execute portfolio transactions, we make a good faith judgment about which broker would be appropriate. We take into consideration not only the available prices and rates of brokerage commissions, but also other relevant factors that may include (without limitation):

- the execution capabilities of the broker/dealer,
- research (including economic forecasts, investment strategy advice, fundamental and technical advice on individual securities, valuation advice and market analysis),
- custodial and other services provided by the broker/dealer that are expected to enhance our general portfolio management capabilities,
- the size of the transaction,
- the difficulty of execution,
- the operational facilities of the broker-dealers involved,
- the risk in positioning a block of securities, and
- the quality of the overall brokerage and research services provided by the broker/dealer.

When we select the broker/dealer for a transaction, we may cause you to pay a higher commission for effecting a transaction than another broker/dealer would have charged for effecting that transaction. We do this if we determine in good faith that the amount of the commission is reasonable in relation to the value of the brokerage and research services provided by the broker/dealer. The determination is viewed in terms of either the particular transaction or our overall responsibilities to you.

Orion participates in the institutional advisor program (the “Program”) offered by TD Ameritrade Institutional. TD Ameritrade Institutional is a division of TD Ameritrade Inc., member FINRA/SIPC (“TD Ameritrade”). TD Ameritrade offers to independent investment advisors services which include custody of securities, trade execution, clearance and settlement of transactions. We receive some benefits from TD Ameritrade through our participation in the Program. Please see Item 14: Client Referrals and Other Compensation” for additional information.

We do not maintain custody of your assets, although we may be deemed to have custody of your assets if you give us authority to withdraw assets from your account (see “Item 15: Custody”). Your assets must be maintained in an account at a “qualified custodian,” generally a broker/dealer or bank. We recommend that our clients use TD Ameritrade as the qualified custodian. We are independently owned and operated and are not affiliated with TD Ameritrade. TD Ameritrade will hold your assets in a brokerage account and buy and sell securities when we instruct them to. While we recommend that you use TD Ameritrade as custodian/broker, you will decide whether to do so and will open your account with TD Ameritrade by entering into an account agreement directly with them. We do not open the account for you, although we may assist you in doing so.

Aggregation of Orders

There are occasions on which portfolio transactions will be executed as part of concurrent authorizations to purchase or sell the same security for another client or one or more of our associated persons.

We may choose to block (aggregate) trades for your account with those of other client accounts and personal accounts of persons associated with Orion. When we place a block trade, all participants included in the block receive the same price per share on the trade. The price is calculated by averaging the price of all of the shares traded. Due to the averaging of price over all of the participating accounts, aggregated trades could be either advantageous or disadvantageous. Commission costs are not averaged. You will pay the same commission whether your trade is placed as part of a block or on an individual basis. The objective of the aggregated orders is to facilitate the executions in a manner that is deemed equitable to the accounts involved.

Directed Brokerage

You may instruct us to execute any or all securities transactions for your account with or through one or more broker/dealers designated by you. In these cases, you are responsible for negotiating the terms and conditions (including, but not limited to, commission rates) relating to all services to be provided by the broker/dealers and you are satisfied with the terms and conditions. We have no responsibility for obtaining the best prices or any particular commission rates for transactions with or through the broker/dealer in these situations. You recognize that you may not obtain rates as low as you might otherwise obtain if we had discretion to select broker/dealers other than those chosen by you. If you would like us to cease executing transactions with or through the designated broker/dealer you must notify us in writing.

Soft Dollars

The receipt of goods and/or services from the required custodian in connection with providing advice to clients is seen by regulators as “soft dollars.” The additional services we receive from TD Ameritrade, as disclosed in Item 14 below, would fall under this description of soft dollars.

ITEM 13: REVIEW OF ACCOUNTS

At least quarterly, Peter Thoms, Orion’s Founder and Managing Member, Jefferson Rotherham and Chaz Fahrner, investment advisor representatives, monitor the asset allocation and the performance of client accounts. If a client’s circumstances change, one of these individuals will conduct a portfolio review. Reviews are also done upon client request.

Quarterly written reports are available to all clients. These reports include a complete list of individual holdings at the security level as well as details on those holdings including symbol, price, shares, weight in portfolio, cost per share, cost basis, current value, gain/loss, return (in %), yield and projected income. We also provide a performance report which details the current and historical quarterly percentage change and dollar-value change in the portfolio for each quarter and for each calendar year. Quarterly invoices are also available.

ITEM 14: CLIENT REFERRALS AND OTHER COMPENSATION

As disclosed in “Item 12: Brokerage Practices,” we participate in TD Ameritrade Institutional’s advisor program and we may recommend that clients use TD Ameritrade for custody and brokerage services. There is no direct link between our participation in the program and the investment advice we give to you, although we receive economic benefits through our participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount):

- receipt of duplicate client statements and confirmations;
- research related products and tools;
- consulting services;
- access to a trading desk serving investment advisor participants;
- access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to client accounts);
- the ability to have advisory fees deducted directly from client accounts;
- access to an electronic communications network for client order entry and account information;
- access to mutual funds with no transaction fees and to certain institutional money managers; and
- discounts on compliance, marketing, research, technology, and practice management products or services provided to Orion by third party vendors.

TD Ameritrade may also have paid for business consulting and professional services received by Orion’s related persons. Some of the products and services made available by TD Ameritrade through the program may benefit Orion but may not benefit its client accounts. These products or services may assist us in managing and administering client accounts, including accounts not maintained at TD Ameritrade.

Other services made available by TD Ameritrade are intended to help Orion manage and further develop its business enterprise. The benefits received by Orion or its personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to clients, we endeavor at all times to put the interests of our clients first. Clients should be aware, however, that our receipt of economic benefits in and of itself creates a potential conflict of interest and may indirectly influence our choice of TD Ameritrade for custody and brokerage services.

We do not provide direct or indirect compensation for client referrals.

ITEM 15: CUSTODY

If you give us authority to deduct our fees directly from your account, we have custody of those assets. In order to avoid additional regulatory requirements in these cases, we follow the procedures outlined in “Item 5: Fees and Compensation.” You will also receive statements directly from the custodian that detail all transactions in your account. We also urge you to compare your custodian account statements to the periodic portfolio reports you receive from us.

ITEM 16: INVESTMENT DISCRETION

You may provide discretionary authority for us to manage your assets. Discretionary authority means that you are giving us limited power of attorney to place trades on your behalf. This limited power of attorney does not allow us to withdraw money from your account other than our advisory fees, if you give us that authority.

You grant us discretionary authority by completing the following items:

- Signing a contract that provides us a limited power of attorney to place trades on your behalf. Any limitations to the trading authorization will be added to this agreement.
- Providing us with discretionary authority on the new account forms that are submitted to the broker/dealer acting as custodian for your account(s).

Clients may place limitations on our trading. They can restrict us geographically, by industry, or by number of securities in the portfolio, for example.

ITEM 17: VOTING CLIENT SECURITIES

As a matter of policy and as a fiduciary duty to our clients, we have responsibility for voting proxies for your portfolio securities consistent with your best economic interests. We maintain written policies and procedures as to the handling, research, voting and reporting of proxy voting and make appropriate disclosures about our proxy policies and practices. Our policy and practice includes the responsibility to monitor corporate actions, receive and vote client proxies and disclose any potential conflicts of interest as well as making information available to clients about the voting of proxies for their portfolio securities and maintaining relevant and required records.

You may elect to retain the authority to vote the proxies yourself. In this case you will receive proxies directly from the custodian. We do not provide guidance about how to vote proxies.

You may request a copy of our Proxy Policies and Procedures and/or information about how a proxy was voted at any time.

ITEM 18: FINANCIAL INFORMATION

We do not charge or solicit pre-payment of more than \$1,200 in fees per client six months or more in advance. We have never filed for bankruptcy and are not aware of any financial conditions that are reasonably likely to impair our ability to meet our contractual obligations to clients.

Client Relationship Summary

Form CRS/Form ADV, Part 3

February 2023

Orion Capital Management LLC is registered with the Securities and Exchange Commission as an investment advisor. Brokerage and investment advisory services and fees differ and it is important to understand the differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisors, and investing.

What investment services and advice can you provide me?

Investment Management: We offer customized portfolio management. We do not restrict our advice to limited types of products or investments. We devise, construct and manage for each client a customized portfolio that is suitable for his/her goals and financial circumstances.

At least quarterly, we monitor the asset allocation and the performance of client accounts. Generally we require that clients maintain at least \$250,000 under management with us.

We offer the above service on both a discretionary and non-discretionary basis. If we have discretion, we don't need to contact you when buying or selling in your account. If we do not have discretionary authority for your account, we will contact you for approval before any trade is done. This means the ultimate decision regarding the purchase or sale of the investment is yours. You provide either discretionary or non-discretionary authority when you sign our investment management agreement. This agreement will remain in place until you or we terminate the agreement.

Financial Planning: We provide financial planning services on topics such as retirement planning, tax planning, risk management, college savings, cash flow, debt management, work benefits, and estate and incapacity planning. Our financial planning agreement will remain in place until the completion of the agreed upon service, or if you or we terminate the agreement.

Additional information about our services is located in Items 4, 5, 7, 13 and 16 of our [Firm Brochure](https://adviserinfo.sec.gov/firm/brochure/119428) (adviserinfo.sec.gov/firm/brochure/119428).

- ✓ Given my financial situation, should I choose an investment advisory service? Why or why not?
- ✓ How will you choose investments to recommend to me?
- ✓ What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?

What fees will I pay?

Investment Management: You will be charged an ongoing annual fee, billed in quarterly installments. This fee is based on your account value as of the last day of each calendar quarter. Our fees vary based on your assets under management and investment strategy employed and range from 0.90% to 1.50% per annum. Fees can be negotiated based on a client's service needs and/or the expected economic impact a client's business relationship will have with Orion Capital Management LLC. The more assets you have in your advisory account, the more you will pay us. This gives us an incentive to encourage you to increase the assets in your account which will increase our fees.

The broker/dealer (custodian) that holds your assets may charge you a transaction fee when we buy or sell an investment for you. The custodian's transaction fees are in addition to our fee for advisory services. You may also pay charges imposed by the custodian holding your account for certain investments and maintaining your account. Some investments, such as mutual funds, index funds, exchange traded funds, and variable annuities charge additional fees that will reduce the value of your investments over time.

Financial Planning: Services are provided for an hourly fee of \$500, or a negotiated flat rate ranging between \$5,000 and \$15,000. These fees are negotiable. If you receive investment advisory services, we

will provide financial planning services at no extra charge. We have a conflict of interest when providing financial planning advice; if you decide to have us implement the advice given in the financial plan we are paid for investment management services as disclosed above.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. Additional information about these fees and costs may be found in Items 5 and 12 of our [Firm Brochure](#).

- ✓ Help me understand how these fees and costs might affect my investment. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when acting as my investment advisor? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

We recommend TD Ameritrade Inc. to serve as custodian to our clients. TD Ameritrade provides us with certain products and services at no cost that benefit us but do not directly benefit our clients. Some of these products and services assist us in managing and administering our clients' accounts and others help us develop our business. The receipt of these products and services creates a conflict of interest because it gives us an incentive to have clients choose TD Ameritrade as a custodian.

Additional information about our conflicts of interest is located in Items 12 and 14 of our [Firm Brochure](#).

How do your financial professionals make money?

Each financial professional is compensated based on the fees earned for the clients managed by that individual. As such, they have an incentive to increase the assets in your account which will increase the compensation they receive.

Do you or your financial professionals have legal or disciplinary history?

No, neither our firm nor our financial professionals have any legal or disciplinary history. Investor.gov/CRS is a free and simple search tool to research Orion Capital Management LLC and our financial professionals.

- ✓ As a financial professional, do you have any disciplinary history? For what type of conduct?

Client Relationship Summary

Form CRS/Form ADV, Part 3

~~January 2022~~ February 2023

Orion Capital Management LLC is registered with the Securities and Exchange Commission as an investment advisor. Brokerage and investment advisory services and fees differ and it is important to understand the differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisors, and investing.

What investment services and advice can you provide me?

Investment Management: We offer customized portfolio management. We do not restrict our advice to limited types of products or investments. We devise, construct and manage for each client a customized portfolio that is suitable for his/her goals and financial circumstances.

At least quarterly, we monitor the asset allocation and the performance of client accounts. Generally we require that clients maintain at least \$250,000 under management with us.

We offer the above service on both a discretionary and non-discretionary basis. If we have discretion, we don't need to contact you when buying or selling in your account. If we do not have discretionary authority for your account, we will contact you for approval before any trade is done. This means the ultimate decision regarding the purchase or sale of the investment is yours. You provide either discretionary or non-discretionary authority when you sign our investment management agreement. This agreement will remain in place until you or we terminate the agreement.

Financial Planning: We provide financial planning services on topics such as retirement planning, tax planning, risk management, college savings, cash flow, debt management, work benefits, and estate and incapacity planning. Our financial planning agreement will remain in place until the completion of the agreed upon service, or if you or we terminate the agreement.

Additional information about our services is located in Items 4, 5, 7, 13 and 16 of our [Firm Brochure](https://adviserinfo.sec.gov/firm/brochure/119428) (adviserinfo.sec.gov/firm/brochure/119428).
