ADV Item 4:

Advisory Business

Nollenberger McCullough Investment Advisors LLC (NOLLMAC) is registered with the Securities & Exchange Commission as an investment advisor and provides wealth & investment management services to individuals and businesses. The company's principal owner is Bruce Nollenberger.

Client Meetings

NOLLMAC prefers to meet with clients to develop an Investment Policy Statement (IPS) which outlines the client's current investment holdings, long and short-term investment objectives, risk tolerances and tax issues. A shorter Investment Guideline form will be used for clients who do not wish to engage in an extended suitability analysis. NOLLMAC will discuss target asset allocation models and tactical allocation factors. Target asset allocation models will help to further refine each client's risk/reward tolerance and underlying investment selection criteria. Based on clients' investment objectives, NOLLMAC will customize specific solutions suitable to meet a client's particular needs. Specific restrictions on investing in individual securities, industries, or socially responsible investing can be incorporated into a client's portfolio.

Asset Allocation

NOLLMAC believes that for many clients a portion of their assets should be invested in a well-diversified equity portfolio's focused on growth and income. With this in mind, NOLLMAC has designed portfolios which invest in high quality Equities. NOLLMAC'S Core Strategy is a conservative, high-quality Blue Chip Growth Stock and Income Portfolio which generally pays dividends. The goal of the Core Strategy is to take less risk than the equity markets and to perform in line with the Blue-Chip markets. NOLLMAC's Value Strategy is an investment strategy utilizing high-quality, large capitalization, and primarily dividend-paying Blue-Chip Equities. Cash may be used as a ballast to protect the portfolio from time to time, although the portfolio is generally fully invested. NOLLMAC's Growth Strategy is designed to be an aggressive, long-only equity strategy which invests primarily in mid and large capitalization companies which are newer to the public marketplace. We anticipate the majority of these holdings will be in equities which have come to the public market within the last three or four years, and in some cases, within the last few months. NOLLMAC attempts to identify companies with strong prospective growth characteristics, selling at attractive valuations as compared to other private and public companies. NOLLMAC's Value with Growth Strategy's objective is long-term capital appreciation through a portfolio of domestically-traded equities. We focus on companies with reasonable valuations that we view offer the best opportunities for growth. We seek out companies with scalable financial models, compelling secular growth characteristics, strong balance sheets and management teams that demonstrate a commitment to creating shareholder value, without constraining ourselves to specific sectors or market capitalizations. NOLLMAC's Value with Income Strategy's The investment objective is current income and growth through a portfolio of domestically-traded equities. We focus on companies that have dividend yields greater than the broader equity market and offer the potential for future dividend growth. We seek out companies with profitable business models, strong balance sheets and management teams that demonstrate a commitment of returning capital to shareholders. NOLLMAC is looking to identify companies which in their opinion have strong prospective growth characteristics. All of these strategies are designed to be customized for each client as appropriate. Overall portfolio allocations are agreed to with each client and the results are reported to clients monthly or quarterly. Target allocations are compared to actual allocations and portfolios are periodically rebalanced to client specific asset allocation targets.

Investment Implementations

NOLLMAC uses individual common stocks, exchange traded funds (ETF's), mutual funds and fixed income securities as its primary investment vehicles. By using ETF's and mutual funds in addition to common stocks NOLLMAC is able to diversify across asset classes, industry sectors and add international exposure as appropriate.

NOLLMAC will be mindful of the tax consequences of each client before selling client positions. NOLLMAC will also take into account social issues which may concern each client as well.

As of December 31, 2022, NOLLMAC manages a total of approximately \$119,869,602 on a discretionary basis and \$0 on a non-discretionary basis.

ADV Item 5:
Fees and Compensation

Each account's fees depend upon the amount of assets in four fee categories pursuant to the following schedule:

Fee Schedule	Annual Fee
Portion up to \$2,500,000	2.50%
Next \$2,000,001 to \$4,000,000	2.0%
Over \$4,000,000	1.0%
Over \$10,000,000	.75%

Fees may be negotiated at the discretion of NOLLMAC. NOLLMAC bills clients 90 days in advance using the total market value as of the last day of the previous month to calculate the quarterly fee. An advisory client may terminate their agreement upon 30 days written notice. Upon termination, fees will be prorated to the date of termination and deducted from client's account prior to termination.

NOLLMAC generally requires discretionary advisory clients to maintain a minimum account size of \$1,000,000, although this minimum may be waived.

Investment Policy Statements and investment Guidelines

Individually managed accounts will be tailored to meet the client's investment goals and objectives. NOLLMAC may prepare investment policy statements for clients that will detail individual client objectives and investment strategies or, when the client prefers, a shorter Investment guideline questionnaire setting forth objectives and investment strategy in a more condensed form. It is not NOLLMAC's policy to prepare investment policy statements in all cases. They are prepared on an individual basis, at the discretion of NOLLMAC in consultation with each client.

ADV Item 6:
Performance Based Fees and Side by Side Management

NOLLMAC does not charge fees based on a share of capital gains or on capital appreciation of the assets of a client.

ADV Item 7:
Types of Clients

NOLLMAC provides investment advisory services to individuals, pension and profit-sharing plans, trusts, estates, corporations, and other business entities. NOLLMAC generally requires discretionary advisory clients to maintain a minimum account size of \$1,000,000, although this minimum may be waived.

ADV Item 8:
Methods of Analysis, Investment Strategies and Risk of Loss

NOLLMAC utilizes methods of analysis and investment strategies, including but not limited to charting, fundamental, cyclical and technical, in formulating investment advice and managing assets. NOLLMAC recommends securities that include but are not limited to individual stocks, individual bonds, mutual funds, government securities, commercial paper, certificates of deposit, government securities, options, mutual funds, units, and Real Estate Investment Trusts (REITS). Clients are made aware that investing in securities involves risk of loss because of changes in the

market or the economy and, when appropriate, the risks specific to the types of investment to be made are discussed.

ADV Item 9:

1. were found to have caused an investment-related business to lose its authorization to do business; or
2. were found to have been involved in a violation of an investment-related statute or regulation and was the subject of an order by the agency or authority.
 - (a) denying, suspending, or revoking the authorization of NOLLMAC to act in an investment-related business; (b) otherwise significantly limiting NOLLMAC investment-related activities; or
 - (c) imposing a civil money penalty of more than \$2,500 on NOLLMAC.

ADV Item 10:

Other Financial Industry Activities and Affiliations

- A. NOLLMAC provides investment advisory services exclusively and does not engage in other financial industry activities.
- B. NOLLMAC is not registered as a futures commission merchant, commodity pool operator, a commodity trading advisor, or an investment advisory representative of the foregoing entities.

ADV Item 11:

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

NOLLMAC maintains a Code of Ethics that describes firm policies and procedures and how NOLLMAC conducts business with its clients. NOLLMAC clients depend on the firm to be trustworthy, honest and loyal to their interests as provided in NOLLMAC's agreements with them and disclosures in the NOLLMAC form ADV. Clients expect NOLLMAC to protect the confidentiality of their personal and financial information and to provide professional advice in accordance with NOLLMAC agreements. All NOLLMAC employees will receive a copy of the Code and must acknowledge in writing that he or she has received and read it.

All NOLLMAC employees are expected to strive to always act in accordance with fundamental principles of openness, integrity, and honesty. This is in addition to the legal obligations that NOLLMAC and all employees adhere to applicable state securities laws.

NOLLMAC may recommend that clients buy a security in which NOLLMAC or an associated person has an ownership position. Additionally, NOLLMAC or an associated person of NOLLMAC may purchase a security of the same class as securities held in a client's account. It is NOLLMAC's policy not to permit associated persons to trade in a manner that takes advantage of price movements caused by clients' transactions.

ADV Item 12:

Brokerage Practices

For most clients, NOLLMAC will have the authority to execute transactions on behalf of the clients through the selected broker-dealer and with the selected custodian. The broker-dealer and custodian selected are Charles Schwab Institutional. Any commissions or transactions fees which may be charged by the broker are fully disclosed to the client prior to opening the account with the selected broker. Charles Schwab Institutional provide services which include the execution of securities transactions, custody, research, and access to mutual funds and other investments. Charles Schwab Institutional also provide on-line access to clients for their individual accounts.

For Charles Schwab Institutional client accounts maintained in its custody, Charles Schwab Institutional generally do not charge separately for custody services but are compensated by account holders through commissions and other transaction-related or asset-based fees for securities trades that are executed through them. Custodial fees will vary. Fees will be disclosed to clients, and they must agree to them.

NOLLMAC does not participate in the commissions or other charges by Charles Schwab Institutional

Research and Other Soft Dollar Benefits

NOLLMAC does not engage in soft dollar benefits. NOLLMAC does not use client brokerage commissions (or markups or markdowns) to obtain research or other products or services.

Block Trading: NOLLMAC may combine orders into block trades when more than one account is participating in the trade. This blocking or bunching technique must be equitable and potentially advantageous for each such account (e.g., for the purposes of reducing brokerage commissions or obtaining a more favorable execution price). Block trading is performed when it is consistent with the duty to seek best execution and is consistent with the terms of NOLLMAC's investment advisory

agreements. Equity trades are blocked based upon fairness to client, both in the participation of their account, and in the allocation of orders for the accounts of more than one client. All managed accounts participating in a block execution receive the same execution price (average share price) for the securities purchased or sold in a trading day. Any portion of an order that remains unfilled at the end of a given day will be rewritten on the following day as a new order with a new daily average price to be determined at the end of the following day. Open orders are worked until they are completely filled, which may span the course of several days. If an order is filled in its entirety, securities purchased in the aggregated transaction will be allocated among the accounts participating in the trade in accordance with the allocation statement. If an order is partially filled, the securities will be allocated pro rata based on the allocation statement. NOLLMAC may allocate trades in a different manner than indicated on the allocation statement (non-pro rata) only if all managed accounts receive fair and equitable treatment.

Best Execution: On an annual basis, custodial broker-dealers are interviewed to compare the services and fees offered by the different firms. Best execution is not the only factor to be considered in providing investment management services to clients. We believe that Charles Schwab Institutional provide good execution for our clients' transactions.

ADV Item 13:

Review of Accounts

All accounts are reviewed periodically and not less often than quarterly by Bruce Nollenberger for overall adherence with the investment policies or guidelines applicable to the accounts and to the philosophy employed by NOLLMAC and any specific requirements of the client. Account holdings will also be reviewed in response to changing market or economic conditions and technical market indicators used by NOLLMAC.

For discretionary advisory clients, investment reports are provided not less often than quarterly, containing at least current investment holdings, transaction summaries, and market values. These reports may be issued by the custodian of the client's assets. Additional reports will be generated by NOLLMAC at the clients' request. If a fee is charged for the report, it will be agreed upon by client and NOLLMAC.

ADV Item 14:

Client Referrals and Other Compensation

- A. NOLLMAC does not engage in activity with non-clients to gain economic benefits including sales awards or other prizes.
- B. NOLLMAC does not currently directly or indirectly compensate any person who is not a NOLLMAC supervised person for client referrals. It may do so in the future in connection with the referral of clients of other investment advisers or securities broker-dealer who wish to have NOLLMAC manage assets for their clients.

ADV Item 15:

Custody

NOLLMAC does not maintain custody of client funds or securities. All client assets are maintained at the custodial broker-dealers.

ADV Item 16:

Investment Discretion

NOLLMAC will generally have discretion to trade securities in client accounts in its investment advisory agreements and will utilize a limited power of attorney. The advisory agreement authorizes the NOLLMAC Investment Advisory Representatives to buy or sell securities on behalf of clients without contacting the client immediately prior to the purchase or sale. The advisory agreement and limited power of attorney do not authorize NOLLMAC or its Investment Advisory Representatives to move client monies to or from their accounts. The agreement will authorize NOLLMAC and its individual portfolio manager to transact business in the account on behalf of the client in accordance with the client's investment advisory agreement with NOLLMAC.

Voting Client Securities

ADV Item 17:

NOLLMAC votes all proxies on behalf of each account over which it has proxy voting authority based on its determination of the that account's best interests. In making that determination, NOLLMAC considers a number of factors, including the economic effect of the proposal on shareholder value, the threat the proposal poses to existing rights of shareholders, the dilution of existing shares that would result from the proposal, the effect of the proposal on management or director accountability to shareholders, and, if the proposal is a shareholder initiative, whether it wastes time and resources of the company or reflects the grievance of one individual. NOLLMAC abstains from voting proxies when NOLLMAC believes that it is appropriate. If a material conflict of interest over proxy voting arises between NOLLMAC and a client, NOLLMAC will vote all proxies in accordance with the policy described above. If NOLLMAC determines that this policy does not adequately address the conflict, it will notify the client of the conflict and request that the client consent to its intended response to the proxy solicitation. If the client consents to NOLLMAC's intended response or fails to respond to the notice within a reasonable period of time specified in the notice, NOLLMAC will vote the proxy as described in the notice. If the client objects to NOLLMAC's intended response, NOLLMAC will vote the proxy as directed by the client.

ADV Item 18:

Financial Information

As an investment advisory firm that maintains discretionary authority, we are required to disclose any financial condition that would be likely to impair our ability to meet our contractual obligations. NOLLMAC has no such financial conditions to report. NOLLMAC is not and has not been the subject of a bankruptcy proceeding. NOLLMAC does require payment of fees in advance.

ADV Item 19:

Requirements for State-Registered Advisors

N/A. NOLLMAC is registered with the Securities & Exchange Commission.

Additional Information

Qualification Requirements: NOLLMAC Investment Advisory Representatives will be required to meet the registration and qualification requirements required by the specific states where NOLLMAC conducts its advisory business.

NMIA Business Continuity Plan

NOLLMAC has developed a Business Continuity Plan on how the firm will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions is unpredictable, we will have to be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information on our business continuity plan.

Our Business Continuity Plan – We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm's books and records, and allowing our clients to transact business. In short, our business continuity plan is designed to permit our firm to resume operations as quickly as possible, given the scope and severity of the significant business disruption.
