ITEM 4 ADVISORY BUSINESS

Background

Partnership Capital Growth (PCG) was founded in 2007 and from 2007-2013 PCG included an active investment banking advisory business (“Partnership Capital Growth Advisors”) and a private equity business (“Partnership Capital Growth Investors”). In 2013, except for Brent Ronald Knudsen, the firm’s investment banking staff joined Piper Jaffray. In 2015, Partnership Capital Growth Investors became an SEC-registered investment adviser under the name Partnership Capital Growth Investors Management, LLC (PCGIM). PCG remains as a broker-dealer affiliate of PCGIM and it may handle transaction services on behalf of PCGIM’s advisory clients, which are exclusively pooled investment vehicles. Mr. Knudsen is PCGIM’s sole principal owner, managing member, and elected member.

Industry Focus

PCGIM specializes in investing in leading branded consumer companies in the health and wellness sector. PCGIM’s services are concentrated in operations, consulting, and private equity to provide access to financial and strategic resources in support of its portfolio companies.

Services

PCGIM provides services to pooled investment vehicles (private funds) that may include: board member services (often as chairman), market analysis, financial report review, legal and accounting oversight, hiring and organizational support, and strategic direction and support.

Assets Under Management (AUM)

As of **December 31, 2022**, PCGIM manages on a discretionary basis aggregate assets of **\$107,927,290**.

ITEM 5 FEES AND COMPENSATION

Monitoring/Management Fees

PCGIM provides monitoring services to portfolio companies. The fees for monitoring services vary by company, but are typically no more than 2% of the original invested capital in any business and ranges from a low of \$5,000/quarter at a company in which PCGIM holds a more passive board seat and owns, for example, 5% interest in the company, to a high of \$100,000/quarter in a company in which a principal of PCGIM serves as chairman of the board of directors and PCGIM owns a substantial majority of the company. PCGIM may also receive a management fee from its limited partner investors (“LP’s”). This fee ranges from 0 in the firms Fund I, to 1% of invested capital in the Firm’s “Sidecar” funds, to 2% of committed capital in the firm’s Fund III and Special Purpose Vehicles (SPV’s).

Other Fees

PCGIM may also receive carried interest of 20% of the investment gain in an investment after certain hurdles are met, which range from 8 to 12% annual return to limited partner investors, plus return of any expenses charged to the Fund by the fund manager.

How Fees are Paid

Portfolio monitoring fees are paid quarterly, typically prior to each quarter, although in one case such fees are paid in arrears. Fund management fees are generally paid prior to each quarter, along with expenses incurred by the fund for the prior quarter, and in some cases estimated expenses for the following quarter. Carried interest is paid to the General Partner of each fund only after the required hurdle is achieved by the Limited Partner.

ITEM 6 PERFORMANCE-BASED FEES AND SIDE-BY-SIDE MANAGEMENT

PCGIM may also receive carried interest of 20% of the investment gain in an investment after certain hurdles are met. These hurdles range from 8 to 12%. All limited partner investors are subject to carried interest payments. Members of the General Partner (including those employed by the General Partner) are not subject to carried interest or the payment of fund management fees.

ITEM 7 TYPES OF CLIENTS

PCGIM's advisory clients are exclusively pooled investment vehicles.

ITEM 8 METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

Methods of Analysis

PCGIM uses fundamental analysis, and relies upon inspections of corporate activities, SEC filings, and company press releases. PCGIM primarily analyzes potential investments based on strong management, suitable business plans, and attractive markets. In addition, PCGIM hires third parties to evaluate company financials, legal status and often to investigate the background of company management. In some cases the investor will engage third parties to evaluate the market opportunity and customer perceptions of a target investment.

Investment Strategies

PCGIM advises the Funds to make privately-negotiated equity and equity-related investments in a select group of health and wellness companies positioned for expansion.

Material Risks

Investment into a company involves a high degree of risk. There can be no assurance that an investment strategy will be achieved, or that a client will receive a return of its capital. In addition, there are occasions when PCGIM and its affiliate may encounter conflicts of interest. The manager discloses any relationship it may have with a potential investment and any fees any of its affiliates, including its affiliated broker-dealer, may take in a transaction. The manager also discloses any portfolio monitoring fees, which in some cases are shared with the LP's through a fund management fee reduction.

ITEM 9 DISCIPLINARY INFORMATION

Registered investment advisors are required to disclose all material facts regarding any legal or disciplinary events that would be material to an evaluation of PCGIM or the integrity of PCGIM's management. PCGIM has no information applicable to this Item as it has faced no legal or disciplinary matters since its inception.
