Barr, CFA® (Partner and Co-Founder), and Oliver R. Cross III (Partner and Co-Founder). This Disclosure Brochure provides information regarding the qualifications, business practices, and advisory services provided by Verum Partners.

B. Advisory Services Offered

Verum Partners provides wealth management services to high net worth individuals, families, trusts, estates, retirement plans, corporations, and charitable organizations (each referred to as a “Client”). The Adviser’s wealth management services include investment management and financial planning services as described below.

The Adviser serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Adviser upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Verum Partners’ fiduciary commitment is further described in the Adviser’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Wealth Management Services

Verum Partners provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary and non-discretionary investment management and related advisory services. Verum Partners works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create an investment strategy. Verum Partners will then design an investment strategy that may include the Adviser’s internal investment management and/or the use of independent investment managers.

Internal Management – Verum Partners will construct Client portfolios primarily utilizing mutual funds, exchange-traded funds (“ETFs”), and separately managed accounts. The Adviser may also utilize options, private investments and other types of investments, as appropriate, to meet the needs of certain Clients.

Verum Partners’ investment approach is primarily long-term focused, but the Adviser may buy, sell or re-allocate investments that have been held for less than one year to meet the objectives of the Client or due to market conditions. Verum Partners will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Adviser.

Verum Partners evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Verum Partners may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Verum Partners may recommend specific positions to increase sector or asset class weightings. The Adviser may recommend employing cash positions as a possible hedge against market movement. Verum Partners may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

Phone: (980) 771-3999 | Fax: (980) 771-3388

<http://verumpartnership.com>

At no time will Verum Partners accept or maintain custody of a Client's funds or securities, except for the limited authority as detailed in Item 15 – Custody. All Client assets will be managed within their designated account[s] or at the Custodian, pursuant to the terms of the wealth management agreement. Please see Item 12 – Brokerage Practices.

Retirement Accounts – When the Advisor provides investment advice to Clients regarding ERISA retirement accounts or individual retirement accounts (“IRAs”), the Advisor is a fiduciary within the meaning of Title I of the Employee Retirement Income Security Act (“ERISA”) and/or the Internal Revenue Code (“IRC”), as applicable, which are laws governing retirement accounts. When deemed to be in the Client's best interest, the Advisor will provide investment advice to a Client regarding a distribution from an ERISA retirement account or to roll over the assets to an IRA, or recommend a similar transaction including rollovers from one ERISA sponsored Plan to another, one IRA to another IRA, or from one type of account to another account (e.g. commission-based account to fee-based account). Such a recommendation creates a conflict of interest if the Advisor will earn a new (or increase its current) advisory fee as a result of the transaction. No client is under any obligation to roll over a retirement account to an account managed by the Advisor.

Use of Independent Managers – Verum Partners may recommend that a Client utilize one or more unaffiliated investment managers or investment platforms (collectively “Independent Managers”) for all or a portion of a Client's investment portfolio, based on the Client's needs and objectives. In such instances, the Client may be required to authorize and enter into an investment management agreement with the Independent Manager that defines the terms in which the Independent Manager will provide its services. The Adviser will perform initial and ongoing oversight and due diligence over each Independent Manager to ensure the strategy remains aligned with the Clients investment objectives and overall best interests. The Adviser will also assist the Client in the development of the initial policy recommendations and managing the ongoing Client relationship. The Client, prior to entering into an agreement with Independent Manager, will be provided with the Independent Manager's Form ADV 2A (or a brochure that makes the appropriate disclosures).

Financial Planning Services

Verum Partners will typically provide a variety of financial planning services to Clients, pursuant to a written agreement. Services offered are based on the size and complexity of the Client's financial situation. The Adviser may also provide project-based financial planning engagements based on the Client's circumstances. Services are offered in several areas of a Client's financial situation, depending on their goals and objectives.

Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, estate planning, personal savings, education savings and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. Verum Partners may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Adviser will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Adviser may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations pose a conflict between the interests of the Adviser and the interests of the Client. For example, the Adviser has an incentive to recommend that Clients engage the Adviser for investment management services or to increase the level of investment assets with the Adviser, as it would increase the amount of advisory fees paid to the Adviser. Clients are not obligated to implement any recommendations made by the Adviser or maintain an ongoing relationship with the Adviser. If the Client elects

to act on any of the recommendations made by the Adviser, the Client is under no obligation to implement the transaction through the Adviser.

Retirement Plan Advisory Services

Verum Partners provides retirement plan advisory services on behalf of the retirement plans (each a “Plan”) and the company (the “Plan Sponsor”). The Adviser’s retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and its Plan Participants. Each engagement is customized to the needs of the Plan and Plan Sponsor. Services generally include:

- Investment Policy Statement (“IPS”) Design and Monitoring
- Investment Oversight Services (ERISA 3(21))
- Performance Reporting
- Ongoing Investment Recommendation and Assistance

Verum may provide investment advisory services on behalf of the Plan and Plan Sponsor, which may be in either a 3(21) or 3(38) context depending on whether or not the Adviser is also providing discretionary investment management over the Plan assets. For 3(38) services, the Adviser shall have the discretion to select the investments for the Plan and/or make investment decisions on behalf of Plan Participants.

C. Client Account Management

Prior to engaging Verum Partners to provide wealth management services, each Client is required to enter into one or more advisory agreements with the Adviser that define the terms, conditions, authority and responsibilities of the Adviser and the Client. These services may include:

- Establishing an Investment Strategy – Verum Partners, in connection with the Client, will develop a strategy that seeks to achieve the Client’s investment goals and objectives.
- Asset Allocation – Verum Partners will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation, and tolerance for risk for each Client.
- Portfolio Construction – Verum Partners will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Verum Partners will provide investment management and ongoing oversight of the Client’s portfolio.

D. Wrap Fee Programs

The Adviser no longer offers a Wrap Fee Program to new Clients; however, the Adviser has certain legacy Clients where securities transaction fees are combined with investment advisory fees. Including these fees into a single asset-based fee is considered a “Wrap Fee Program.” The Adviser sponsors the Verum Partners Wrap Fee Program solely as a supplemental disclosure regarding the combination of fees. Depending on the level of trading required for the Client’s account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid their own transaction fees. Please see Appendix 1 – Wrap Fee Program Brochure, which is a supplement to this Disclosure Brochure.

E. Assets Under Management

As of December 31, 2022, Verum Partners manages \$398,930,773 in Client assets, \$262,916,252 of which are managed on a discretionary basis and \$136,014,522 on a non-discretionary basis. Clients may request more current information at any time by contacting the Adviser.

In addition, Verum Partners has assets under advisement of \$63,433,902. Clients may request more current information at any time by contacting the Advisor.

The following paragraphs detail the fee structure and compensation methodology for services provided by the Adviser. Each Client shall sign one or more agreements that detail the responsibilities of Verum Partners and the Client.

A. Fees for Advisory Services

Wealth Management Services

Wealth management fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the wealth management agreement. Fees may be offered as an annual asset-based fee or a fixed annual fee. Asset-based fees are based on the market value of assets under management at the end of the prior calendar quarter. Wealth management fees are based on the following tiered schedule:

Tiered Fee Schedule (\$)	Annual Rate (%)
Up to \$3,000,000	1.00%
\$3,000,000 to \$5,000,000	0.75%
\$5,000,000 to \$15,000,000	0.50%
\$15,000,000 to \$20,000,000	0.40%
\$20,000,000 and Over	0.25%

Fixed fees may also be negotiated between the Adviser and the Client. The minimum annual fee for comprehensive wealth management services is \$10,000. Please see Item 7 below.

The wealth management fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Adviser. The Client's fees will take into consideration the aggregate assets under management with Adviser. All securities held in accounts managed by Verum Partners will be independently valued by the designated Custodian. Verum Partners will conduct periodic reviews of the Custodian's valuations.

Clients may make additions to and withdrawals from their account[s] at any time, subject to Verum Partners' right to terminate an account. Additions may be in cash or securities provided that Verum Partners reserves the right to liquidate any transferred securities or decline to accept particular securities into a Client's account[s]. Clients may withdraw account assets on notice to Verum Partners, subject to the usual and customary securities settlement procedures. However, Verum Partners designs its portfolios as long-term investments and the withdrawal of assets may impair the achievement of a Client's investment objectives. Verum Partners may consult with its Clients about the options and ramifications of transferring securities. However, Clients are advised that when transferred securities are liquidated, they are subject to transaction fees, fees assessed at the mutual fund level (i.e., contingent deferred sales charge) and/or tax ramifications.

Use of Independent Managers

As noted in Item 4, the Adviser will implement all or a portion of a Client's investment portfolio utilizing one or more Independent Managers. To eliminate any conflict of interest, the Adviser does not earn any compensation from an Independent Manager. The Adviser will only earn its investment advisory fee as described above. Independent Managers typically do not offer any fee discounts, but may have a breakpoint schedule which will reduce the fee with an increased level of assets placed under management with the Independent Manager. The terms of such fee arrangements are included in the Independent Manager's disclosure brochure and applicable contract[s] with the Independent Manager. The total blended fee, including the Adviser's fee and the Independent Manager's fee, will not exceed 2.00% annually.

Financial Planning Services

Verum Partners offers financial planning services for a fixed fee -. Fees are determined based on the nature and complexity of the services to be provided and the overall relationship with the Adviser. An estimate for total costs will be determined prior to establishing the advisory relationship.

Retirement Plan Advisory Services

Fees for retirement plan advisory services are charged an annual asset-based fee of up to 1.00% and are billed in arrears, pursuant to the terms of the retirement plan advisory agreement. Retirement plan advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Fees may be negotiable depending on the size and complexity of the Plan.

B. Fee Billing

Wealth Management Services

Wealth management fees will be calculated by the Adviser or its delegate and deducted from the Client's account[s] at the Custodian. The Adviser shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the respective quarter-end date. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Verum Partners at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the wealth management fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Verum Partners to be paid directly from their accounts held by the Custodian as part of the wealth management agreement and separate account forms provided by the Custodian.

Use of Independent Managers

For Client accounts implemented through an Independent Manager, the Client's overall fees will include Verum Partners' investment advisory fee (as noted above) plus investment management fees and/or platform fees charged by the Independent Manager. The Independent Manager will assume the responsibility for calculating the Client's fees and deducting all fees from the Client's account[s].

Financial Planning Services

Fees for project-based engagements are billed up to fifty percent (50%) of the financial planning fee upon acceptance of the financial planning agreement with the balance due upon completion of the engagement deliverables.

Retirement Plan Advisory Services Fees

Retirement plan advisory fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s]. Verum Partners includes securities transactions costs as part of its overall wealth management fee through the Verum Partners Wrap Fee Program. Securities transaction fees for Client-directed trades may be charged back to the Client. Please see Item 4.D. above as well as Appendix 1 – Wrap Fee Program Brochure. The Client may also incur other costs assessed by the Custodian or other parties for account related activity fees, such as wire transfer fees, fees for trades executed away from the Custodian (if applicable), and other fees.

In addition, all fees paid to Verum Partners for wealth management services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Verum Partners, but would not receive the services provided by Verum Partners which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Verum Partners to fully understand the total fees to be paid.

The Client's wealth management agreement with the Adviser is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that the Adviser has determined that an Independent Manager is no longer in the Client's best interest or a Client should wish to terminate their relationship with an Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and those third parties. Verum Partners will assist the Client with the termination and transition as appropriate.

Financial Planning Services

Verum Partners requires an advance deposit as described above. Either party may terminate the financial planning agreement by providing advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Adviser's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for the percentage of the engagement scope completed by the Adviser]. The Adviser will refund any unearned, prepaid financial planning fees from the effective date of termination. E. Compensation for Sales of Securities

Verum Partners does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the wealth management fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

Verum Partners does not charge performance-based fees for its wealth management services. The fees charged by Verum Partners are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

Verum Partners does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Verum Partners provides wealth management services to high net worth individuals, families, trusts estates, retirement plans, corporations, and charitable organizations. Verum Partners does not impose a minimum account or relationship size; however, its services are typical designed to meet the needs of high net worth Clients. The minimum annual fee for comprehensive wealth management services is \$10,000. The minimum annual fee for financial planning is \$6,000. The Adviser may reduce these minimums at its sole discretion.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Verum Partners primarily employs fundamental and technical analysis methods in developing investment strategies for its Clients. Research and analysis from Verum Partners are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases, and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Adviser in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Adviser monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Adviser's review process are included below in "Item 13 – Review of Accounts."

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Verum Partners will be able to accurately predict such a reoccurrence.

As noted above, Verum Partners generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Verum Partners will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Verum Partners may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector, or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Verum Partners will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Adviser shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Adviser of any changes in financial condition, goals, or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing a Client's account[s]. The Adviser will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Adviser's investment approach:

Market Risks – The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks – The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the

<http://verumpartnership.com>

ETFs have a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond Risks – Bonds are subject to specific risks, including the following: (1) interest rate risks, i.e., the risk that bond prices will fall if interest rates rise, and vice versa; the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond, (2) reinvestment risk, i.e., the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e., the risk that the cost of living and inflation increase at a rate that exceeds the investment's income thereby decreasing the investor's real rate of return, (4) credit default risk, i.e., the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e., the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt, and (6) liquidity risks, i.e., the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks – The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily; therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Alternative Investments (Limited Partnerships) – The performance of alternative investments (limited partnerships) can be volatile and may have limited liquidity. An investor could lose all or a portion of their investment. Such investments often have concentrated positions and investments that may carry higher risks. Client should only have a portion of their assets in these investments.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Adviser will work with each Client to determine their tolerance for risk as part of the portfolio construction process. **Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Adviser.**

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Verum Partners or its management persons. Verum Partners values the trust Clients place in the Adviser. The Adviser encourages Clients to perform the requisite due diligence on any adviser or service provider whom the Client engages. The backgrounds of the Adviser and its Advisory Persons are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Adviser's firm name or CRD# 301058.

Item 10 – Other Financial Industry Activities and Affiliations

Verum Partners does not maintain any affiliations with other firms, other than contracted service providers to assist with the servicing of its Client's accounts.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Verum Partners has implemented a Code of Ethics that defines the Adviser's fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with Verum Partners ("Supervised Persons"). The Code of Ethics was developed to provide general ethical guidelines and specific instructions regarding the Adviser's duties to the Client. Verum Partners and its personnel owe a duty of loyalty, fairness, and good faith towards each Client. It is the obligation of Verum Partners' Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range

of topics that address employee ethics and conflicts of interest. To request a copy of the Code of Ethics, please contact the Adviser at (980) 771-3999.

B. Personal Trading with Material Interest

Verum Partners allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients. Verum Partners does not act as principal in any transactions. In addition, the Adviser does not act as the general partner of a fund or advise an investment company. Verum Partners does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Verum Partners allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, we have adopted a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons of Verum Partners have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Verum Partners requiring reporting of personal securities trades by its employees for review by the Chief Compliance Officer ("CCO"). The Adviser has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Verum Partners allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterward. **At no time will Verum Partners transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Verum Partners does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer or custodian (herein the "Custodian") to safeguard Client assets and authorize Verum Partners to direct trades to this Custodian as agreed in the wealth management agreement. Further, Verum Partners does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where Verum Partners does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Verum Partners may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and its overall reputation. Clients are not obligated to use the Custodian recommended by the Adviser and will not incur any extra fee or cost associated with using a custodian not recommended by Verum Partners. However, if the recommended Custodian is not engaged, Verum Partners may be limited in the services it can provide comparable to other clients.

Verum Partners will generally recommend that Clients establish their account[s] at Schwab Institutional, a division of Charles Schwab & Co., Inc. ("Schwab"), or Fidelity Clearing & Custody Solutions and related entities of Fidelity Investments, Inc. ("Fidelity"). Schwab and Fidelity (the "Custodians") are FINRA-registered broker-dealers and members of SIPC and serve as "qualified custodians" for the Client's account[s]. Verum Partners maintains an institutional relationship with the Custodians, whereby the Adviser receives certain economic benefits. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Adviser:

Phone: (980) 771-3999 | Fax: (980) 771-3388

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an adviser enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. **Verum Partners does not participate in soft dollar programs sponsored or offered by any broker-dealer. However, the Adviser does receive certain economic benefits from the Custodians. Please see Item 14 below.**

2. Brokerage Referrals - Verum Partners does not receive any compensation from any third party in connection with the recommendation of establishing a brokerage account.

3. Directed Brokerage - All Clients are serviced on a “directed brokerage basis,” where Verum Partners will place trades within the established account[s] at the Custodian designated by the Client. The Adviser will not engage in any principal transactions (i.e., trade of any security from or to the Adviser’s own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client’s account[s]). In selecting the Custodian, Verum Partners will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the designated Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality, and 5) skill required of the broker.

Verum Partners will execute its transactions through an unaffiliated broker-dealer selected by the Client. Verum Partners may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Principals of Verum Partners and periodically by the CCO. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client’s request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client’s financial situation, and/or large deposits or withdrawals in the Client’s account[s]. The Client is encouraged to notify Verum Partners if changes occur in the Client’s personal financial situation that might affect the Client’s investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less frequently than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian’s website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions, and fees relating to the Client’s account[s]. The Adviser may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

A. Compensation Received by Verum Partners

Participation in Institutional Adviser Platform (Schwab)

Verum Partners has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Verum Partners. As a registered investment adviser participating on the Schwab Advisor Services platform, Verum Partners receives access to software and related support without cost because the Adviser renders investment management services to Clients who maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Adviser and many, but not all, services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Adviser endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Adviser's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Adviser may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Adviser may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisers with access to technology, research, discounts, and other services. In addition, the Adviser receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Adviser in effectively managing accounts for its Clients but may not directly benefit all Clients.

Services that May Only Benefit the Adviser – Schwab also offers other services and financial support to Verum Partners that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services, and discounts for various service providers. Access to these services creates a financial incentive for the Adviser to recommend Schwab, which results in a potential conflict of interest. Verum Partners believes, however, that the recommendation of Schwab as Custodian is in the best interests of its Clients.

Participation in Institutional Adviser Platform (Fidelity)

As noted in item 12, Verum has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s].

As part of the arrangement, Fidelity also makes available to the Advisor, at no additional charge to the Advisor, certain research and brokerage services, including research services obtained by Fidelity directly from independent research companies. The Advisor may also receive additional services and support from Fidelity. As a result of receiving such services for no additional cost, the Advisor may have an incentive to continue to use or expand the use of Fidelity's services. The Advisor examined this potential conflict of interest when it chose to enter into the relationship with Fidelity and has determined that the relationship is in the best interests of the Advisor's Clients and satisfies its Client obligations, including its duty to seek best execution. Please see Item 12 above.

The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

In addition, Fidelity has provided the Advisor with financial support in the launch of the Advisor and reimbursements for various third-party service providers.

B. Compensation for Client Referrals

The Advisor does not compensate, either directly or indirectly, any persons who are not supervised persons, for Client referrals.

Item 15 – Custody

Verum Partners does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Adviser's fee. All Clients must place their assets with a "qualified custodian." Clients are required to select their own Custodian to retain their funds and securities and direct Verum Partners to utilize that Custodian for the Client's security transactions. Verum Partners encourages Clients to review statements provided by the account Custodian. For more information about Custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

Verum Partners generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Verum Partners. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of a wealth management agreement containing all applicable limitations to such authority. All discretionary trades made by Verum Partners will be in accordance with each Client's investment objectives and goals. The Client and the Adviser may limit this discretion through the terms of the wealth management agreement.

Item 17 – Voting Client Securities

Verum Partners does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Adviser will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Verum Partners, nor its management, has any adverse financial situations that would reasonably impair the ability of Verum Partners to meet all obligations to its Clients. Neither Verum Partners, nor any of its Advisory Persons, has been subject to a bankruptcy or financial compromise. Verum Partners is not required to deliver a balance sheet along with this Disclosure Brochure as the Adviser does not collect fees of \$1,200 or more for services to be performed six months or more in advance.

CERTIFIED FINANCIAL PLANNER™ (“CFP®”)

The CERTIFIED FINANCIAL PLANNER™, CFP®, and federally registered CFP® (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP® Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 71,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- **Education** – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP® Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP® Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- **Examination** – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- **Experience** – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- **Ethics** – Agree to be bound by CFP® Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- **Continuing Education** – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- **Ethics** – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP® Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.
