Item 4 – Advisory Services

A. Firm Information

PACK Private Wealth, LLC (“PACK” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor was organized as a Limited Liability Company (“LLC”) under the laws of the State of Minnesota in and became a registered investment advisor in October 2020. PACK is currently owned by Derek J. Swedberg (Principal and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by PACK.

B. Advisory Services Offered

PACK offers wealth management services which include investment management, financial planning and/or other advisory services to individuals, high net worth individuals, trusts, estates, businesses and retirement plans (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. PACK's fiduciary commitment is further described in the Advisor's Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

PACK provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. PACK works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. PACK will then construct an investment portfolio, consisting exchange-traded funds (“ETFs”), open-end mutual funds, individual stocks, individual bonds, and closed-end mutual funds. The Advisor may also utilize covered options, limited partnerships, and/or other types in investments, as appropriate, to meet the needs of the Client. The Advisor may retain certain types of investments based on a Client's legacy investments based on portfolio fit and/or tax considerations.

PACK's investment approach is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. PACK will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

PACK evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. PACK may recommend, on occasion, redistributing investment allocations to diversify the portfolio. PACK may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. PACK may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time will PACK accept or maintain custody of a Client's funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within the designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. Please see Item 12 – Brokerage Practices.

Retirement Accounts – When deemed to be in the Client's best interest, the Advisor will recommend that a Client take a distribution from an ERISA sponsored plan or to roll over the assets to an Individual Retirement Accounts (“IRAs”), or recommend a similar transaction including rollovers from one ERISA sponsored Plan to another, one IRA to another IRA, or from one type of account to another account (e.g. commission-based account to fee-based account). In such instances, the Advisor will serve as an investment fiduciary as that term is defined under

PACK Private Wealth, LLC

The Employee Retirement Income Security Act of 1974 (“ERISA”) and/or the Internal Revenue Code (“IRC”), as applicable, which are laws governing retirement accounts. Such a recommendation creates a conflict of interest if the Advisor will earn a new (or increase its current) advisory fee as a result of the transaction. No client is under any obligation to roll over a retirement account to an account managed by the Advisor.

Financial Planning Services

PACK will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals and objectives. Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, insurance needs, and/or other areas of a Client's financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

PACK may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six (6) months of contract date, assuming all information and documents requested are provided promptly.

Retirement Plan Advisory Services

PACK provides retirement plan advisory services on behalf of the retirement plans (each a “Plan”) and the company (the “Plan Sponsor”). The Advisor's retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and its Plan Participants. Each engagement is customized to the needs of the Plan and Plan Sponsor. Services generally include:

- Vendor Analysis
- Plan Participant Enrollment and Education Tracking
- Investment Policy Statement (“IPS”) Design and Monitoring
- Performance Reporting
- Ongoing Investment Recommendation and Assistance

These services are provided by PACK serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of PACK's fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

C. Client Account Management

Prior to engaging PACK to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – PACK, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – PACK will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – PACK will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.

PACK Private Wealth, LLC

1905 Wayzata Blvd., Suite 320, Wayzata, MN 55391
Phone: (952) 563-9811 | <https://packpw.com/>

- Investment Management and Supervision – PACK will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

PACK does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by PACK.

E. Assets Under Management

As of December 31, 2022 PACK manages \$171,954,000 in Client assets, all of which are managed on a discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one more written agreements with the Advisor.

A. Fees for Advisory Services

Wealth Management Services

Wealth management fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the wealth management agreement. Wealth management fees are based on the market value of assets under management at the end of the prior calendar quarter. Wealth management fees range from 0.50% to 1.50% annually. The wealth management fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. Certain Clients may be offered a fixed rate fee schedule. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by PACK will be independently valued by the Custodian. The Advisor will conduct periodic reviews of the Custodian's valuations.

The Advisor's fee is exclusive of, and in addition to any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5.C below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Retirement Plan Advisory Services

Fees for retirement plan advisory services are charged an annual asset-based fee of up to 1.00%. Fees may be either billed quarterly in advance or arrears pursuant to the terms of the retirement plan advisory agreement and the retirement platform selected. Retirement plan advisory fees are based on the market value of assets under management at the end of the respective quarter-end. Fees may be negotiable depending on the size and complexity of the Plan.

B. Fee Billing

Wealth Management Services

Wealth management fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with PACK at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. Clients are urged to also review and compare the statement provided by the Advisor to the brokerage statement from the Custodian, as the Custodian does not perform a verification of fees. Clients provide written authorization permitting advisory fees to be deducted by PACK to be paid directly from their account[s] held by the Custodian as part of the wealth management agreement and separate account forms provided by the Custodian.

Retirement Plan Advisory Services

Retirement plan advisory fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than PACK, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian, as applicable. The Advisor's recommended Custodian does not charge securities transaction fees for ETF and equity trades in a Client's account, provided that the account meets the terms and conditions of the Custodian's brokerage requirements. However, the Custodian typically charges for mutual funds and other types of investments. The fees charged by PACK are separate and distinct from these custody and execution fees.

In addition, all fees paid to PACK for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of PACK, but would not receive the services provided by PACK which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by PACK to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Wealth Management Services

PACK may be compensated for its wealth management services in advance of the quarter in which services are rendered. Either party may terminate the wealth management agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the wealth management agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's wealth management agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services

PACK may be compensated for its retirement plan advisory services in advance of the quarter. Either party may terminate the retirement plan advisory agreement, at any time, by providing advance written notice to the other party. The Client shall be responsible for retirement plan advisory fees up to and including the effective date of termination. Upon termination, the Advisor will refund any unearned, prepaid fees, if applicable. The Client's retirement plan advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Referral Fees

Referral fees are generally paid following RIA's or IAR's billing to the Investor. RIAs and IARs may terminate their relationship based on the terms of their agreement[s] with PACK. The agreement[s] between the Investor and any third party are governed by the terms of those agreements.

E. Compensation for Sales of Securities

PACK does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Mr. Swedberg is also licensed as an independent insurance professional. As an independent insurance professional, Mr. Swedberg will earn commission-based compensation for selling insurance products, including insurance products implemented for Clients. Insurance commissions earned by Mr. Swedberg are separate and

1905 Wayzata Blvd., Suite 320, Wayzata, MN 55391
Phone: (952) 563-9811 | <https://packpw.com/>

in addition to advisory fees. This practice presents a conflict of interest there is an incentive to recommend insurance products to the Client for the purpose of generating commissions rather than solely based on the Client's needs. The Client is under no obligation, contractually or otherwise, to purchase insurance products through Mr. Swedberg. Please see Item 10 below.

F. Advisor Referral Fees

PACK is compensated through referral fee arrangements with other RIAs/IARs and other financial professionals. Investors will receive a disclosure statement detailing the fee arrangement. For managed accounts, PACK is also compensated if an Investor engages an RIA that has contracted with PACK to share in the revenue generated by the Investor's relationship with an RIA. PACK does not charge a fee to Investors to utilize its services. Fees are paid by the RIAs/IARs referred by PACK and who are required to enter into a Promotor Agreement with PACK.

Item 6 – Performance-Based Fees and Side-By-Side Management

PACK does not charge performance-based fees for its investment advisory services. The fees charged by PACK are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

PACK does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

PACK offers wealth management services which include investment management, financial planning and/or other advisory services to individuals, high net worth individuals, trusts, estates, businesses and retirement plans. PACK generally does not impose a minimum relationship size.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

PACK primarily employs fundamental and technical analysis methods in developing investment strategies for its Clients. Research and analysis from PACK are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that PACK will be able to accurately predict such a reoccurrence.

As noted above, PACK generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. PACK will typically hold all or a portion of a security for more than a year, but may hold for shorter

PACK Private Wealth, LLC

1905 Wayzata Blvd., Suite 320, Wayzata, MN 55391
Phone: (952) 563-9811 | <https://packpw.com/>

periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, PACK may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. PACK will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals. Please see Item 8.B. for risks associated with the Advisor's investment strategies as well as general risks of investing.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment approach:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs have a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond ETFs

Bond ETFs are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

PACK Private Wealth, LLC

1905 Wayzata Blvd., Suite 320, Wayzata, MN 55391
Phone: (952) 563-9811 | <https://packpw.com/>

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving PACK or its management person[s]. PACK values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor or Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 310523.

Item 10 – Other Financial Industry Activities and Affiliations

PACK does not maintain any affiliations with other firms, other than contracted service providers to assist with the servicing of its Client's accounts.

Insurance Agency Affiliations

As noted in Item 5, Mr. Swedberg is also a licensed insurance professional. Implementations of insurance recommendations are separate and apart from his role with PACK. As an insurance professional, Mr. Swedberg will receive customary commissions and other related revenues from the various insurance companies whose products are sold. Mr. Swedberg is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This practice presents a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Mr. Swedberg or the Advisor.

PACK Private Capital, LLC

Mr. Swedberg is the President, CEO, Executive Chairman, Co-Manager, Treasurer and Secretary of PACK Private Capital, LLC. PACK Private Capital, LLC was established to engage in activities permitted for a limited liability company, including the making of capital investments in certain companies, projects and real estate and be responsible for the oversight and certain operations regarding such investments, including the marketing, infrastructure, employees, and intellectual capital. Mr. Swedberg is compensated through his receipt of Class B shares in the company.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

PACK has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with PACK ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to each Client. PACK and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of PACK's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (952) 563-9811.

B. Personal Trading with Material Interest

PACK allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. PACK does not act as principal in any transactions. In addition, the Advisor does

PACK Private Wealth, LLC

1905 Wayzata Blvd., Suite 320, Wayzata, MN 55391
Phone: (952) 563-9811 | <https://packpw.com/>

not act as the general partner of a fund, or advise an investment company. PACK does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

PACK allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by PACK requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While PACK allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterward. **At no time will PACK, or any Supervised Person of PACK, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

PACK does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize PACK to direct trades to the Custodian as agreed upon in the wealth management agreement. Further, PACK does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where PACK does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by PACK. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. PACK may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and its reputation and/or the location of the Custodian's offices.

PACK will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"), a FINRA-registered broker-dealer and member SIPC. Schwab will serve as the Client's "qualified custodian". PACK maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. PACK does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the Custodian. Please see Item 14 below.

2. Brokerage Referrals - PACK does not receive any compensation from any third party in connection with the recommendation for establishing an account.

PACK Private Wealth, LLC

1905 Wayzata Blvd., Suite 320, Wayzata, MN 55391
Phone: (952) 563-9811 | <https://packpw.com/>

3. Directed Brokerage - All Clients are serviced on a “directed brokerage basis”, where PACK will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor’s own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client’s account[s]). PACK will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. PACK will execute its transactions through the Custodian as authorized by the Client.

PACK may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Clients’ accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Advisory Persons of PACK and periodically by the CCO. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client’s request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client’s financial situation, and/or large deposits or withdrawals in the Client’s account[s]. The Client is encouraged to notify PACK if changes occur in the Client’s personal financial situation that might adversely affect the Client’s investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian’s website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client’s account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by PACK

PACK is a fee-based advisory firm, that is compensated solely by its Clients and not from any investment product. PACK does not receive commissions or other compensation from product sponsors, broker-dealers or any unrelated third party. PACK may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, PACK may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

PACK has established an institutional relationship with Schwab through its “Schwab Advisor Services” unit, a division of Schwab dedicated to serving independent advisory firms like PACK. As a registered investment

PACK Private Wealth, LLC

Phone: (952) 563-9811 | <https://packpw.com/>

advisor participating on the Schwab Advisor Services platform, PACK receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and support to PACK that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a conflict of interest. PACK believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

B. Compensation for Client Referrals

The Advisor does not compensate, either directly or indirectly, any persons who are not supervised persons, for Client referrals. PACK is compensated by RIAs/IARs as detailed in item 5

Item 15 – Custody

PACK does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees and certain money movement authority as described below. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct PACK to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by PACK to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

PACK generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by PACK. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of a wealth management agreement containing all applicable

limitations to such authority. All discretionary trades made by PACK will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

PACK does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither PACK, nor its management, have any adverse financial situations that would reasonably impair the ability of PACK to meet all obligations to its Clients. Neither PACK, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. PACK is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.

Insurance Agency Affiliations

Mr. Swedberg is also a licensed insurance professional. Implementations of insurance recommendations are separate and apart from Mr. Swedberg's role with PACK. As an insurance professional, Mr. Swedberg will receive customary commissions and other related revenues from the various insurance companies whose products are sold. Mr. Swedberg is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This practice presents a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Mr. Swedberg or the Advisor. Mr. Swedberg spends less than 10% of his time per month in this capacity.

PACK Private Capital, LLC

Mr. Swedberg is the President, CEO, Executive Chairman, Co-Manager, Treasurer and Secretary of PACK Private Capital, LLC. PACK Private Capital, LLC was established to engage in activities permitted for a limited liability company, including the making of capital investments in certain companies, projects and real estate and be responsible for the oversight and certain operations regarding such investments, including the marketing, infrastructure, employees, and intellectual capital. Mr. Swedberg is compensated through his receipt of Class B shares in the company.

Lifespark

Mr. Swedberg is a Consultant at Lifespark. As a Consultant, Mr. Swedberg works with the Chief Executive Officer to facilitate business expansion opportunities. Mr. Swedberg is compensated through his stock option award. Mr. Swedberg spends less than 10% of his time per month in this capacity.

Item 5 – Additional Compensation

Mr. Swedberg has additional business activities where compensation is received that are detailed in Item 4 above.

CERTIFIED FINANCIAL PLANNER™ ("CFP®")

The CERTIFIED FINANCIAL PLANNER™, CFP®, and federally registered CFP® (with flame design) marks (collectively, the "CFP® marks") are professional certification marks granted in the United States by CERTIFIED FINANCIAL PLANNER™ Board of Standards, Inc. ("CFP Board").

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 95,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- *Education* – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- *Examination* – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real-world circumstances;
- *Experience* – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- *Ethics* – Agree to be bound by CFP Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- *Continuing Education* – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- *Ethics* – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board's enforcement process, which could result in suspension or permanent revocation of their CFP®.

Privacy Policy

Effective: March 06, 2023

Our Commitment to You

PACK Private Wealth, LLC ("PACK" or the "Advisor") is committed to safeguarding the use of personal information of our Clients (also referred to as "you" and "your") that we obtain as your Investment Advisor, as described here in our Privacy Policy ("Policy").

Our relationship with you is our most important asset. We understand that you have entrusted us with your private information, and we do everything that we can to maintain that trust. PACK (also referred to as "we", "our" and "us") protects the security and confidentiality of the personal information we have and implements controls to ensure that such information is used for proper business purposes in connection with the management or servicing of our relationship with you.

PACK does not sell your non-public personal information to anyone. Nor do we provide such information to others except for discrete and reasonable business purposes in connection with the servicing and management of our relationship with you, as discussed below.

Details of our approach to privacy and how your personal non-public information is collected and used are set forth in this Policy.

Why you need to know?

Registered Investment Advisors ("RIAs") must share some of your personal information in the course of servicing your account. Federal and State laws give you the right to limit some of this sharing and require RIAs to disclose how we collect, share, and protect your personal information.

What information do we collect from you?

Driver's license number	Date of birth
Social security or taxpayer identification number	Assets and liabilities
Name, address and phone number[s]	Income and expenses
E-mail address[es]	Investment activity
Account information (including other institutions)	Investment experience and goals

What Information do we collect from other sources?

Custody, brokerage and advisory agreements	Account applications and forms
Other advisory agreements and legal documents	Investment questionnaires and suitability documents
Transactional information with us or others	Other information needed to service account

How do we protect your information?

To safeguard your personal information from unauthorized access and use we maintain physical, procedural and electronic security measures. These include such safeguards as secure passwords, encrypted file storage and a secure office environment. Our technology vendors provide security and access control over personal information and have policies over the transmission of data. Our associates are trained on their responsibilities to protect Client's personal information.

We require third parties that assist in providing our services to you to protect the personal information they receive from us.

PACK Private Wealth, LLC

How do we share your information?

An RIA shares Client personal information to effectively implement its services. In the section below, we list some reasons we may share your personal information.

Basis For Sharing	Do we share?	Can you limit?
Servicing our Clients We may share non-public personal information with non-affiliated third parties (such as administrators, brokers, custodians, regulators, credit agencies, other financial institutions) as necessary for us to provide agreed upon services to you, consistent with applicable law, including but not limited to: processing transactions; general account maintenance; responding to regulators or legal investigations; and credit reporting.	Yes	No
Marketing Purposes PACK does not disclose, and does not intend to disclose, personal information with non-affiliated third parties to offer you services. Certain laws may give us the right to share your personal information with financial institutions where you are a customer and where PACK or the client has a formal agreement with the financial institution. We will only share information for purposes of servicing your accounts, not for marketing purposes.	No	Not Shared
Authorized Users Your non-public personal information may be disclosed to you and persons that we believe to be your authorized agent[s] or representative[s].	Yes	Yes
Information About Former Clients PACK does not disclose and does not intend to disclose, non-public personal information to non-affiliated third parties with respect to persons who are no longer our Clients.	No	Not Shared

Changes to our Privacy Policy

We will send you a copy of this Policy annually for as long as you maintain an ongoing relationship with us.

Periodically we may revise this Policy and will provide you with a revised Policy if the changes materially alter the previous Privacy Policy. We will not, however, revise our Privacy Policy to permit the sharing of non-public personal information other than as described in this notice unless we first notify you and provide you with an opportunity to prevent the information sharing.

Any Questions?

You may ask questions or voice any concerns, as well as obtain a copy of our current Privacy Policy by contacting us at (952) 563-9811.
