Item 6 Supervision

Investment Advisor Representatives are supervised on an ongoing basis. All advisory accounts are monitored on a systematic random basis, are reviewed by the investment advisor

representative, and reviewed no less than quarterly by a designated principal of the firm. More active accounts and larger accounts may be reviewed on a more frequent basis.

Supervision of investment advisor representatives consists of reviews of advisory accounts on a transactional basis to ensure that each transaction is (1) suitable to the respective client's investment objectives; (2) meets that client's quality standards; and (3) to make certain the activity is consistent with their financial profile.

All communications with advisory clients are also monitored and reviewed on an on-going basis to ensure the investment advice being given is appropriate for each advisory client.
