VPF encourages all current and prospective clients to read this Disclosure Brochure and discuss any questions you may have with the Advisor.

A. MATERIAL CHANGES

The following material changes to this Disclosure Brochure have occurred since the last annual amendment filed on April 4, 2023:

Item 10: The Advisor is affiliated through common control and ownership with Vantage Point Tax, LLC ("Vantage Point"), a licensed tax agency. This is a convenience service; neither our Adviser nor its IARs receive any economic benefit from referrals.

B. FUTURE CHANGES

From time to time, the VPF may amend this Disclosure Brochure to reflect changes in business practices, regulations, or routine annual updates as required by the securities regulators. ITEM 4 – ADVISORY SERVICES

A. FIRM INFORMATION

Vantage Point Financial, LLC (“VPF” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor is organized as a Limited Liability Company (LLC) under the laws of the State of Illinois. VPF was founded in July 2019 and is owned and operated by Nicholas J. Reiland (Managing Partner and Chief Compliance Officer) and Timothy M. Kuntz (Managing Partner). VPF has additional offices in Michigan and Missouri.

This Disclosure Brochure provides information regarding the qualifications, business practices, and advisory services offered by VPF.

B. ADVISORY SERVICES OFFERED

VPF offers investment advisory services to individuals, families, and high-net-worth individuals (each referred to as a “Client”).

VPF serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness, and good faith toward each Client and seeks to mitigate potential conflicts of interest. VPF’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

INVESTMENT MANAGEMENT SERVICES

VPF provides customized investment advisory solutions for its Clients. This is achieved through personal Client contact and interaction while providing discretionary investment management and related advisory services. VPF works closely with each Client to identify their investment goals and objectives, risk tolerance, and financial situation to create a portfolio strategy. VPF will then construct an investment portfolio consisting of low-cost, diversified mutual funds and/or exchange-traded funds (“ETFs”) to achieve the Client’s investment goals. VPF may also utilize cash, individual stocks, bonds, and non-traded REITs to meet the needs of its Clients and may retain certain types of investments based on a Client’s legacy investments, portfolio fit, and/or tax considerations.

VPF’s investment approach is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. VPF will construct, implement, and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

VPF evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. VPF may recommend, on occasion, redistributing investment allocations to diversify the portfolio. VPF may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. VPF may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

VPF does not accept or maintain custody of a Client’s funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within the designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. Please see Item 12 – Brokerage Practices.

INDEPENDENT THIRD-PARTY MANAGERS

VPF may recommend that a Client utilize one or more unaffiliated investment managers or investment platforms (collectively “Independent Managers”) for all or a portion of a Client’s investment portfolio, based on the Client’s needs and objectives. In such instances, the Client may be required to authorize and enter into an advisory agreement with the Independent Manager[s] that defines the terms in which the Independent Manager[s] will provide its services. The Advisor will perform initial and ongoing oversight and due diligence over each Independent Manager to ensure the strategy remains aligned with the Client’s investment objectives and overall best interests. The Advisor will also assist the Client in the development of the initial policy recommendations and managing the ongoing Client relationship. Before entering into an agreement with the Independent Manager, the Client will be provided with the Independent Manager’s Form CRS and ADV 2A (or a brochure that makes the appropriate disclosures). As part of the Advisor’s due diligence efforts, the Advisor will also ensure the Independent Manager is properly registered or notice filed in the state in which the Client resides.

FINANCIAL PLANNING SERVICES

VPF will provide a variety of financial planning and consulting services to Clients, either as a component of its investment management services or pursuant to a written financial planning agreement. Services are offered in several areas of a Client’s financial situation, depending on their goals and objectives.

Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client’s financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to investment planning, retirement planning, personal savings, education savings, insurance needs, and other areas of a Client’s financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings, and/or charitable giving programs.

VPF may also refer Clients to an accountant, attorney, or other specialists as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client’s financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are completed within six (6) months of the contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has the incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

ESTATE PLANNING SERVICES

VPF offers support for estate planning through Estate Guru, formally known as EP Navigator, an online estate planning tool. Through EP Navigator, clients can have trusts, wills, and other estate planning documents prepared by local attorneys. VPF does not provide estate planning advice and only assists clients with the EP Navigator discovery process and notarizes the Client’s completed documents. Clients can directly engage EP Navigator for estate planning services without using the services of our Firm.

CONSULTING AND ADVISEMENT SERVICES

Clients may engage us to advise on certain investment products that are not maintained at VPF's recommended custodian, such as annuity contracts and assets held away. Where appropriate, we provide advice about any type of held-away account that is part of a client portfolio.

SEMINARS AND WORKSHOPS

VPF occasionally provides adult educational workshops and seminars. Workshops and seminars are always offered on an impersonal basis and do not focus on the individual needs of participants.

C. CLIENT ACCOUNT MANAGEMENT

Before engaging VPF to provide investment advisory services, each Client must enter into one or more agreements with the Advisor that define the terms, conditions, authority, and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – VPF, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – VPF will develop a strategic asset allocation targeted to meet the investment objectives, time horizon, financial situation, and tolerance for risk for each Client.
- Portfolio Construction – VPF will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – VPF will provide investment management and ongoing oversight of the Client's investment portfolio.

D. WRAP FEE PROGRAMS

VPF does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by VPF.

E. ASSETS UNDER MANAGEMENT

As of December 31, 2022, VPF manages approximately \$181,757,685 in Client assets, all of which are on a discretionary basis. Clients may request more current information at any time by contacting the Advisor.

In addition, as of December 31, 2022, Advisory Persons of VFP also oversee \$41,833,254 in assets that are not under regular and continuous management of the Advisor.

ITEM 5 – FEES AND COMPENSATION

A. FEES FOR ADVISORY SERVICES

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a written agreement with the Advisor.

INVESTMENT MANAGEMENT SERVICES

Investment advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees range from 0.50% to 1.50% annually based on several factors, including the complexity of the services to be provided, the level of assets to be managed, and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements,

portfolio restrictions, and other complexities may be charged a higher fee. For Clients that utilize an Independent Manager for all or a portion of a Client's investment portfolio, the Client may be charged a lower fee by the Advisor. However, a separate asset-based fee may be charged by the Independent Manager (Please see below).

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees are negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. The Custodian will independently value all securities held in accounts managed by VPF. Should the Client have multiple accounts at the Custodian, the Advisor will bill each respective Account for its respective share of fees. VPF will conduct periodic reviews of the Custodian's valuations.

The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses described in Item 5.C below, which the Client may incur. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Client's fees may be amended upon thirty (30) days prior written notice to the Client except as prohibited by applicable law. From and after the effective date of the modified fee as provided in the notice, the Client shall pay the modified fee as provided in the written notice.

INDEPENDENT THIRD-PARTY MANAGERS

As noted in Item 4, the Advisor will implement all or a portion of a Client's investment portfolio utilizing one or more Independent Managers. Independent Managers typically do not offer any fee discounts but may have a breakpoint schedule that will reduce the fee with an increased level of assets placed under management with an Independent Manager. The terms of such fee arrangements are included in the Independent Manager's disclosure brochure and applicable contract[s] with the Independent Manager. The total blended investment management fee, including the Advisor's and Independent Manager's fees, will not exceed 2.00% annually.

FINANCIAL PLANNING SERVICES

VPF offers financial planning services for a fixed fee ranging up to \$10,000. Fees are negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total costs will be determined prior to establishing the advisory relationship.

ESTATE PLANNING SUPPORT SERVICES

For clients who solely engage VPF for EP Navigator Support, VPF will charge a fee of \$1,195 to \$2,995, based on the planning project's time, scope, and complexity. Further, EP Navigator will directly charge the Client a separate fee of \$700 in addition to our fee. Clients who directly engage EP Navigator without the services of the Advisor will pay lower total fees; however, Clients will not receive support from VPF in using the software. In some cases, these fees may be negotiated at the sole discretion of the Advisor.

CONSULTING AND ADVISEMENT SERVICES

On a complimentary basis, with no additional cost to the Client, VPF may advise the Client on certain investment products that are not maintained at VPF's recommended custodian, such as annuity contracts and assets held away. Where appropriate, we provide advice about any held-away account that is part of a Client portfolio.

SEMINARS AND WORKSHOPS

VPF provides adult educational workshops and seminars on a complimentary basis. Participants provide VPF with personal contact information at seminar registration, and VPF may use this information for future VPF marketing in accordance with VPF's Privacy Policy.

B. FEE BILLING

INVESTMENT MANAGEMENT SERVICES

Fees are calculated based on the quarter-end security valuations provided by the Client's designated Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with VPF at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting the deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement, as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by VPF to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

INDEPENDENT THIRD-PARTY MANAGEMENT

As noted above, for Client accounts implemented through an Independent Manager, the Client's overall fees may include VPF's investment advisory fee, investment management fees, and platform fees charged by the Independent Manager(s), as applicable. In certain instances, the Independent Manager or the Advisor may assume responsibility for calculating the Client's fees and deduct all fees from the Client's account(s). Clients provide written authorization permitting advisory fees to be deducted by VPF or the Independent Manager, to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement or an Independent Manager agreement, and separate account forms provided by the Custodian.

FINANCIAL PLANNING SERVICES

Financial planning fees may be invoiced up to fifty percent (50%) of the expected total fee upon execution of the financial planning agreement. The balance shall be invoiced for the agreed upon deliverable(s) completion. The Client can elect to pay by check or through payment methods within AdvicePay. Clients will be asked to set up their bank account or credit card at AdvicePay to enable credit card or ACH payments. While AdvicePay allows firms like VPF to receive payments directly from the client's credit card or bank account, it does not give VPF access to the bank account itself or any of the Client's credit card or bank account information. VPF is not able to initiate any additional payments via AdvicePay as agreed upon and outlined in the Agreement.

ESTATE PLANNING SUPPORT SERVICES

VPF will invoice the Client for a fee of \$1,195 for Estate Planning Support Services. The Client can elect to pay by check, ACH, or payment methods through AdvicePay, or directly deducted from the Client's account. Further, EP Navigator will directly charge the Client a separate fee of \$700 in addition to our fee. As mentioned above, Clients will be asked to set up their bank account or credit card at AdvicePay to enable credit card or ACH payments. While AdvicePay allows firms like VPF to receive payments directly from the client's credit card or bank account, it does not give VPF access to the bank account itself or any of the Client's credit card or bank account information. VPF is not able to initiate any additional payments via AdvicePay as agreed upon and outlined in the Agreement.

C. OTHER FEES AND EXPENSES

Clients may incur certain fees or charges imposed by third parties, other than VPF, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian, if applicable. The Advisor's recommended Custodian does not charge securities transaction fees for ETF and equity trades in a Client's account, provided that the account meets the terms and conditions of the Custodian's brokerage requirements. However, the Custodian typically charges for mutual funds and other types of investments. The fees charged by VPF are separate and distinct from these custody and execution fees.

In addition, all fees paid to VPF for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage, and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of VPF, but would not receive the services provided by VPF, which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by VPF to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. ADVANCE PAYMENT OF FEES, AMENDMENT, AND TERMINATION

INVESTMENT MANAGEMENT SERVICES

VPF is compensated for its services in advance of the quarter in which investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

INDEPENDENT THIRD-PARTY MANAGEMENT

In the event that the Advisor has determined that an Independent Manager is no longer in the Client's best interest, or a Client should wish to terminate their relationship with the Independent Manager, the terms for the termination will be set forth in the respective agreements between the Client or the Advisor and that Independent Manager.

FINANCIAL PLANNING SERVICES

VPF requires an advance deposit as described above, either by check, ACH, AdvicePay, or directly deducted from the Client account. Either party may terminate the financial planning agreement by providing advance written notice to the other party. The Client may terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination, and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for the percentage of the engagement scope completed by the Advisor. The Advisor will refund any unearned, prepaid planning fees from the effective date of termination. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

ESTATE PLANNING SUPPORT SERVICES

VPF will invoice the Client for the agreed upon fee and services outlined in the Client Agreement. Further, EP Navigator will directly charge the Client a separate fee in addition to our fee. Upon the Client's request of termination, the Client shall be billed for the percentage of the engagement scope completed by the Advisor.

SERVICE FEE AMENDMENT

Client's fees may be amended upon thirty (30) days prior written notice to the client except as prohibited by applicable law. From and after the effective date of the modified fee as provided in the notice, the Client shall pay the modified fee as provided in the written notice.

E. COMPENSATION FOR SALES OF SECURITIES

VPF does not buy or sell securities to earn commissions or receive compensation for securities transactions in any Client account other than the investment advisory fees noted above.

ITEM 6 – PERFORMANCE-BASED FEES AND SIDE-BY-SIDE MANAGEMENT

VPF does not charge performance-based fees for its investment advisory services. The fees charged by VPF are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

VPF does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

ITEM 7 – TYPES OF CLIENTS

VPF offers investment advisory services to individuals, high net worth individuals, business owners and entrepreneurs. The amount of each type of Client is available on VPF's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. VPF does not impose a minimum relationship size.

ITEM 8 – METHODS OF ANALYSIS, INVESTMENT STRATEGIES, AND RISK OF LOSS

A. METHODS OF ANALYSIS

VPF employs a fundamental analysis in developing investment strategies for its Clients. Research and analysis from VPF are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and reviews of company activities, including annual reports, prospectuses, press releases, and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. Additional details on the Advisor's review process are included in Item 13 – Review of Accounts.

As noted above, VPF generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. VPF will typically hold all or a portion of a security for more than a year but may hold for shorter periods to rebalance a portfolio or meet the cash needs of Clients. At times, VPF may also buy and sell positions that are more short-term in nature, depending on the goals of the Client or the fundamentals of the security, sector, or asset class.

B. RISK OF LOSS

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. VPF will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, a Client is not guaranteed to meet their investment goals.

While the analysis methods help the Advisor evaluate a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these analysis methods may lose value and have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. Additional details on the Advisor's review process are included in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk, and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. The Client is responsible for informing the Advisor of any changes in financial condition, goals, or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing in Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with certain components of the Advisor's investment approach:

BOND RISKS

Bonds are subject to specific risks, including the following: (1) interest rate risks, i.e., the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e., the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e., the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e., the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e., the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e., the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

COMPANY RISK

The risk related to a Firm's business plans, stock valuation, profitability, accounting practices, growth strategy, and other factors particular to a company rather than the overall market. Some of these risks cannot be predicted, such as the retirement or death of a senior executive, which may lead to negative performance in the future.

CYBERSECURITY RISK

Increased Internet use makes a portfolio susceptible to operational and informational security risks. In general, cyber incidents can result from deliberate attacks or unintentional events. Cyberattacks include but are not limited to infection by computer viruses or other malicious software code, gaining unauthorized access to systems, networks, or devices through "hacking" or other means to misappropriate assets or sensitive information, corrupting data, or causing operational disruption. Cybersecurity failures or breaches of third-party service providers may cause disruptions at third-party service providers and impact our business operations, potentially resulting in financial losses; the inability to transact business; violations of applicable privacy and other laws, regulatory fines, or penalties; reputational damage; unanticipated expenses or other compensation costs; or additional compliance costs. Our Firm has an established business continuity and disaster recovery plan and related cybersecurity procedures designed to prevent or reduce the impact of such risks; there are inherent limitations in such plans and systems due in part to the evolving nature of technology and cyberattack tactics.

DERIVATIVES RISK

Investments in derivatives involve risks associated with the securities or other assets underlying the derivatives and risks that are different or greater than the risks affecting the underlying assets. Risks unassociated with the underlying assets include the inability or unwillingness of the counterparty to perform its obligations, inability or delay in selling or closing positions, and difficulties in valuation.

EQUITY RISK

Equity instruments are subject to equity market risk, the risk that common stock prices fluctuate over short or extended periods. Equity securities generally have greater price volatility than fixed-income securities. The market price of equity securities may increase or decrease, sometimes rapidly or unpredictably. Equity securities may decline in value due to factors affecting markets generally, industries, sectors or geographic regions represented in those markets, or individual security concerns.

ETF RISK

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs have a large bid-ask spread and low trading volume. The price of an ETF fluctuates based on market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the ETF purchased or sold a short time later.

MANAGEMENT RISK

An account is subject to the risk that judgments about the attractiveness, value, or potential appreciation of the account's investments may prove to be incorrect. If the selection of securities or strategies fails to produce the intended results, the account could underperform other accounts with similar objectives and investment strategies.

MARKET RISK

The value of a Client's holdings may fluctuate in response to events specific to companies or markets and economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

MUTUAL FUND RISK

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

REAL ESTATE INVESTMENT TRUSTS ("REITS") RISK

Investing in Real Estate Investment Trusts ("REITs") involves certain distinct risks in addition to those associated with investing in the real estate industry. For example, equity REITs may be affected by changes in the value of the underlying property owned by the REITs, while mortgage REITs may be affected by the quality of credit extended. REITs are subject to heavy cash flow dependency, default by borrowers and self-liquidation. REITs, especially mortgage REITs, are also subject to interest rate risk (i.e., as interest rates rise, the value of the REIT may decline).

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

ITEM 9 – DISCIPLINARY INFORMATION

There are no legal, regulatory, or disciplinary events involving VPF or its management persons. VPF values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor and its Advisor Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 305016.

ITEM 10 – OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

A. BROKER-DEALER AND FINANCIAL INDUSTRY ACTIVITIES

Neither VPF nor its managers nor employees are registered or have an application pending to register as a broker-dealer, registered representative of a broker-dealer, futures commission merchant, commodity pool operator, commodity trading advisor, or an associated person of the foregoing entities.

Additionally, neither VPF nor its management persons are registered or have an application pending to register as a broker-dealer or a registered representative. Our Firm does not have an application pending to register as a futures commission merchant, commodity pool operator, commodity trading adviser, or an associated person of the foregoing entities.

B. INSURANCE AGENCY AFFILIATIONS

The Advisor is affiliated through common control and ownership with Vantage Point Insurance Agency, LLC ("Vantage Point"), a licensed insurance agency. Certain Advisory Persons are also licensed insurance professionals of Vantage Point. Insurance recommendation implementation is separate and apart from one's role with VPF. Advisory Persons and Vantage Point may earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned are separate and in addition to our advisory fees. In addition, such insurance agents have the opportunity to receive additional cash and non-cash compensation (1) from field marketing organizations ("FMOs"), including but not limited to, website development, editorial and publication development, print materials, various mailing support, travel to/from industry events and social media ad placement, as a result of routing insurance product transactions through such FMOs, and (2) from insurance companies if certain annual sales targets are hit, which are sometimes referred to as "loyalty programs".

The sale of insurance policies and products and the receipt of additional cash and non-cash compensation from FMOs presents a conflict of interest because individuals providing investment advice on behalf of our firm who are licensed insurance agents have the incentive to recommend insurance policies and products to clients for the purpose of generating commissions and compensation rather than solely based on clients' needs. We recognize the fiduciary responsibility to place your interests first and have established policies in this regard to avoid any conflicts of interest. Clients should note that they have the right to decide whether to engage the services of our IARs. Further, clients should note they have the right to decide whether to act on the recommendations and the right to choose any professional to execute the advice for any insurance products through our IAR or any licensed insurance agent not affiliated with our Firm.

C. ACCOUNTING & TAX SERVICES

The Advisor is affiliated through common control and ownership with Vantage Point Tax, LLC ("Vantage Point"), a licensed tax agency. Vantage Point Tax, LLC provides our Clients with tax, accounting, and tax consulting services. In some instances, the Adviser will include a tax preparation services fee in its investment advisory services fee and pay Vantage Point Tax, LLC directly for the tax preparation services performed for the Client. This is a convenience service; neither our Adviser nor its IARs receive any economic benefit from referrals.

D. INDEPENDENT THIRD-PARTY MANAGEMENT

As noted in Item 4, the Advisor may implement all or a portion of a Client's investment portfolio with one or more Independent Managers. Certain independent managers provide the Advisor with a portion of the investment advisory fees collected by the Independent Manager from the Client. In such arrangements, the Advisor has a conflict of interest as VPF also charges its own investment advisory fee for Client assets implemented with Independent Managers. VPF maintains policies and procedures to ensure recommendations to utilize an Independent Manager[s] are suitable for the Client and requires its Advisory Persons to always act in the Client's best interest.

ITEM 11 – CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

A. CODE OF ETHICS

VPF has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with VPF ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to the Client. VPF and its Supervised Persons owe a duty of loyalty, fairness, and good faith towards each Client. It is the obligation of VPF's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (331) 204-6212 or via email.

B. PERSONAL TRADING WITH MATERIAL INTEREST

VPF allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. VPF does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund or advise an investment company. VPF does not have a material interest in any securities traded in Client accounts.

C. PERSONAL TRADING IN SAME SECURITIES AS CLIENTS

VPF allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls), gifts and entertainment, outside business activities, and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades or by trading based on material non-public information. VPF mitigates this risk by requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Investment Officer ("CCO") or delegate. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. PERSONAL TRADING AT THE SAME TIME AS CLIENT

While VPF allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterward. At no time will VPF, or any Supervised Person of VPF, transact in any security to the detriment of any Client.

ITEM 12 – BROKERAGE PRACTICES

A. RECOMMENDATION OF CUSTODIAN(S)

VPF does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize VPF to direct trades to the Custodian as agreed upon in the investment advisory agreement.

Where VPF does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by VPF. However, the Advisor may be limited in its services if the recommended Custodian is not engaged. VPF may recommend the Custodian based on criteria such as, but not limited to, the reasonableness of commissions charged to the Client, services made available to the Client, and its reputation or the location of the Custodian's offices. Further, VPF does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

VPF will generally recommend that clients utilize the custody and brokerage services of TD Ameritrade Institutional ("TD Ameritrade"), a division of TD Ameritrade Inc., or Charles Schwab & Co, Inc., a subsidiary of The Charles Schwab Corporation ("Custodians") for investment management accounts. TD Ameritrade is presently an independent and unaffiliated SEC-registered broker-dealer but has recently been acquired by Schwab. As a result of TD Ameritrade's acquisition by Schwab, accounts custodied at TD Ameritrade will transition to custody at Schwab. The anticipated transition time is around Labor Day, 2023, and VPF will be transitioning to Schwab. New VPF investment management clients may be onboarded on either TD Ameritrade or the Schwab platform, while existing clients will generally remain on the TD Ameritrade platform and be transitioned to Schwab at the future transition date. VPF may move individual clients or accounts to Schwab prior to the mass transition.

While, as a fiduciary, we endeavor to act in your best interest, our recommendation that you maintain your assets in accounts at our recommended custodian may be based in part on the benefit to us or the availability of some of the foregoing products and services and not solely on the nature, cost or quality of custody and brokerage services provided by the custodian, which may create a conflict of interest. We always endeavor to put our Client's interests first as a part of our fiduciary duty.

Following are additional details regarding the brokerage practices of the Advisor:

SOFT DOLLARS

Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. VPF does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, Custodians also make available to us other services intended to help us manage and further develop our business enterprise. These services may include consulting, publications, and conferences on practice management, information technology, business succession, regulatory compliance, and marketing. In addition, the custodian may make available, arrange, or pay for these services rendered to us by third parties. The custodian may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third party providing these services to us. Many of the services generally may be used to service all or a substantial number of our accounts. Please see Item 14 below.

BROKERAGE REFERRALS

VPF does not receive any compensation from any third party in connection with the recommendation for establishing an account.

AGGREGATING AND ALLOCATING TRADES

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality, and 5) skill required of the Custodian. VPF will execute its transactions through the Custodian as authorized by the Client.

VPF may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts on the same trading day. If a block trade cannot be executed in full at the same price or time, the securities purchased or sold by the close of each business day must be allocated in a manner consistent with the initial pre-allocation or other written statements. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

ITEM 13 – REVIEW OF ACCOUNTS

A. FREQUENCY OF REVIEWS

Securities in Client accounts are monitored regularly and continuously by Mr. Nicholas J. Reiland, Chief Compliance Officer of VPF. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. CAUSES FOR REVIEWS

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify VPF if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Material market, economic, or political events may trigger additional reviews.

C. REVIEW REPORTS

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions, and fees relating to the Client's account[s]. The Advisor may also provide Clients periodic reports regarding their holdings, allocations, and performance.

ITEM 14 – CLIENT REFERRALS AND OTHER COMPENSATION

A. COMPENSATION RECEIVED BY VPF

INDEPENDENT THIRD-PARTY MANAGERS

VPF is compensated by certain Independent Managers as described in Items 5 and 10 above. In such arrangements, the Advisor has a conflict of interest as VPF also charges its own investment advisory fee for Client assets implemented with Independent Managers. VPF maintains policies and procedures to ensure recommendations to utilize an Independent Manager[s] are suitable for the Client and requires its Advisory Persons to always act in the Client's best interest.

NON-CASH REFERRAL ARRANGEMENTS

VPF may be asked to recommend a financial professional, such as an attorney, accountant, or mortgage broker. In such cases, VPF does not receive any direct compensation in return for any referrals made to individuals or firms in our professional network. Clients must independently evaluate these firms or individuals before engaging in business with them, and clients have the right to choose any financial professional to conduct business. Individuals and firms in our financial professional network may refer clients to our VPF. Again, our VPF does not pay any direct compensation in return for any referrals made to VPF. VPF recognizes the fiduciary responsibility to place your interests first and has established policies to mitigate any conflicts of interest.

PARTICIPATION IN THE INSTITUTIONAL ADVISOR PLATFORM

As disclosed under Item 12 above, VPF participates in TD Ameritrade's institutional customer program, and the Advisor may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between the Advisor's participation in the program and the investment advice it gives to its Clients, although the Advisor receives economic benefits through its participation in the program that is typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research-related products and tools; consulting services; access to a trading desk serving the Advisor participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to the Advisor by third-party vendors. TD Ameritrade may also have paid for business consulting and professional services received by the Advisor's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit the Advisor but may not benefit its Client accounts. These products or services may assist the Advisor in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help the Advisor manage and further develop its business enterprise. The benefits the Advisor or its personnel receives through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to clients, the Advisor always endeavors to put the Client's interests first. Clients should be aware, however, that the receipt of economic benefits by the Advisor or its related persons in and of itself creates a conflict of interest and may indirectly influence the Advisor's choice of TD Ameritrade for custody and brokerage services.

B. COMPENSATION FOR CLIENT REFERRALS

VPF does not compensate, either directly or indirectly, any persons who are not supervised persons, for Client referrals.

ITEM 15 – CUSTODY

Custody, as it applies to investment advisors, has been defined by regulators as having access or control over client funds or securities. In other words, custody is not limited to physically holding client funds and securities. If an investment advisor has the ability to access or control client funds or securities, the investment advisor is deemed to have custody and must ensure proper procedures are implemented.

VPF is deemed to have custody of client funds and securities when given the authority to have fees deducted directly from client accounts. However, this is the only form of custody our VPF will maintain. It should be noted that regulators do not deem authorization to trade in client accounts to be custody.

All Clients must place their assets with a “qualified custodian.” Clients are required to engage the Custodian to retain their funds and securities and direct VPF to utilize that Custodian for the Client’s security transactions. Clients should review statements provided by the Custodian and compare them to any reports provided by VPF to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client’s instructions.

ITEM 16 – INVESTMENT DISCRETION

VPF has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by VPF. The discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client’s execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by VPF will be in accordance with each Client’s investment objectives and goals.

ITEM 17 – VOTING CLIENT SECURITIES

VPF does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

ITEM 18 – FINANCIAL INFORMATION

VPF, nor its management, have any adverse financial situations that would reasonably impair the ability of VPF to meet all obligations to its Clients. In the past ten years, neither VPF, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise.

VPF does not require or solicit prepayment of more than \$1,200 in fees, per client, six months or more in advance. Therefore, we are not required to include a balance sheet for our most recent fiscal year.
