The Securities and Exchange Commission (Commission) issued its Order Instituting Proceedings (OIP) on December 17, 2010, pursuant to Section 12(j) of the Securities Exchange Act of 1934 (Exchange Act). The Office of the Secretary and the Division of Enforcement (Division) provided evidence that Respondent Chief Consolidated Mining Co. (Chief Consolidated Mining) was served with the OIP, in accordance with 17 C.F.R. § 201.141(a)(2)(ii), on December 31, 2010.<sup>1</sup> Chief Consolidated Mining's Answer was due by January 13, 2011. See OIP at 3; 17 C.F.R. §§ 201.160(b), 220(b).

The registration of Chief Consolidated Mining's registered securities was revoked by default on January 21, 2011. C-3D Digital, Inc., Exchange Act Release No. 63748 (Default Order). The Default Order was based on Chief Consolidated Mining's failure to file an Answer and issued pursuant to 17 C.F.R. § 201.155(a)(2). As the Default Order found, Chief Consolidated Mining is delinquent in its periodic filings with the Commission, having not filed any periodic reports since it filed a Form 10-K for the period ended December 31, 2008.

On January 24, 2011, Chief Consolidated Mining filed a Motion to Set Aside Default (Motion), with several attached exhibits including documents related to a settlement it has been

<sup>1</sup> A copy of the OIP was sent by U.S. Postal Service Express Mail to 15988 Silver Pass Road, P.O. Box 51, Eureka, UT 84628, the address shown on Chief Consolidated Mining's most recent filing with the Commission, and confirmation of attempted and actual delivery was received. See 17 C.F.R. § 201.141(a)(2)(ii). Records show that service was attempted and notice left on December 22, 2010, and that the OIP was finally delivered on December 31, 2010. Additionally, the Division filed a Declaration of Service showing that service was also personally made at the Eureka address on January 5, 2011.

negotiating with the Division. The Motion complies with the requirements of 17 C.F.R. § 201.155(b), and, accordingly, the default will be set aside as to Chief Consolidated Mining.

“A motion to set aside a default shall be made within a reasonable time, state the reasons for the failure to appear or defend, and specify the nature of the proposed defense in the proceeding.” 17 C.F.R. § 201.155(b). As it was filed within a business day of the Default Order and less than two weeks after the Answer was due, the Motion was made within a reasonable time. It stated that local counsel for Chief Consolidated Mining was not forwarded the OIP until January 3, 2011; shortly after which, counsel began settlement discussions with the Division and mistakenly believed that the time for filing an Answer had passed and, given settlement discussions, was not necessary. Finally, the Motion notes that Chief Consolidated Mining has submitted a signed settlement offer to the Division.

In light of the representations made in the Motion, the Default Order as to Chief Consolidated Mining is set aside and the proceeding is stayed pursuant to 17 C.F.R. § 201.161(c)(2)(i). If the Division fails to submit the settlement offer with its accompanying recommendation to the Commission for consideration or if the Commission rejects the settlement offer, this Office must be promptly notified, and the stay shall lapse and the proceeding will continue. 17 C.F.R. § 201.161(c)(2)(ii).

SO ORDERED.
