The Securities and Exchange Commission announced the temporary suspension, pursuant to Section 12(k) of the Securities Exchange Act of 1934, of trading in the following securities commencing at 9:30 a.m. EDT on July 21, 2021, and terminating at 11:59 p.m. EDT on August 3, 2021:

- XR Energy Inc. (OTC: XREG)
- Geospatial Corporation (OTC: GSPH)

The Commission temporarily suspended trading in the above securities because of questions regarding the adequacy and accuracy of information concerning the issuers of these securities. These include questions and concerns about the status of their corporate organization and operations, if any, and recent, increased activity and volatility in trading in the securities of each of these issuers, including in the May and June 2021 time frame, in the absence of any publicly available news or recent information by these issuers. As of July 14, 2021, the stock of each of the issuers below was quoted and traded on OTC Link whose parent company is OTC Markets Group, Inc., had multiple market makers, and was eligible for the “piggyback” exception of Exchange Act Rule 15c2-11(f)(3). Neither of these issuers has posted any information with OTC Markets Group, Inc. or filed any information with the Securities and Exchange Commission for at least one year.

The Commission cautions broker-dealers, shareholders, and prospective purchasers that they should carefully consider the foregoing information along with all other currently available information and any information subsequently issued by these companies.

Further, brokers and dealers should be alert to the fact that, pursuant to Rule 15c2-11 under the Exchange Act, at the termination of the trading suspension, no quotation may be entered unless and until they have strictly complied with all of the provisions of the rule. If any broker or dealer has any questions as to whether or not it has complied with the rule, it should not enter any quotation but immediately contact the staff in the Division of Trading and Markets, Office of Interpretation and Guidance, at (202) 551-5777. If any broker or dealer is uncertain as to what is required by Rule 15c2-11, it should refrain from entering quotations relating to the securities of XR Energy Inc. or Geospatial Corporation until such time as it has familiarized itself with the rule and is certain that all of its provisions have been met. If any broker or dealer enters any quotation which is in violation of the rule, the Commission will consider the need for prompt enforcement action.

If any broker-dealer or other person has any information that may relate to this matter, they should immediately contact C. Joshua Felker, Assistant Director, at (202) 551-4960.
