COMMENTS REQUESTED REGARDING DISCLOSURES IN AND FORMS FOR REGISTRATION OF CERTAIN ANNUITY CONTRACTS

On April 5 the Commission issued Release Nos. 33-6050 and 33-6051 which generally discussed the circumstances under which certain annuity contracts known as guaranteed investment contracts would satisfy the exemption from registration provided by Section 3(a)(8) of the Securities Act of 1933. The Division of Investment Management understands that many insurance companies presently are considering whether certain annuity contracts, when evaluated in light of the releases, are exempt under Section 3(a)(8) or should be registered under the Act. At present, issuers electing to register these contracts can and should use Form S-1 because there is no registration form adopted by the Commission under the Act that is directed specifically at this type of security.

As required by the Commission's rules under the Act, any prospectus and registration statement for any security must provide all information which would be relevant and material to a reasonable investor in a readable and understandable manner. The Division has some concern that use of Form S-1 by an insurance company as a means of registering guaranteed investment contracts may not provide the most desirable method for arranging and displaying, in narrative or financial style, the material information which would be relevant to a reasonable investor. Thus, the Division would appreciate receiving comments from all interested persons which would aid it in determining whether Form S-1 is suitable for registration of this type of security, or whether the Division should consider seeking Commission authorization to design another registration form solely for portrayal of all material information respecting fixed annuity contracts which are not exempt from registration under the Act. In that context, it would be helpful if commentators would identify those specific disclosure items which would be material to reasonable investors that would not, in the commentator's view,
receive proper emphasis or prominence in Form S-1 but might achieve greater readability and understandability if disclosed on some special registration form. If the Division should determine to seek Commission authorization to fashion a new registration form for fixed annuity contracts which are not exempt from registration, the Division would recommend that the Commission publish any such proposed registration form to elicit public comment prior to its adoption by the Commission.

Interested persons are invited to submit comments in writing by July 27, addressed to S. Elliott Cohan, Assistant Director, Division of Investment Management, Securities and Exchange Commission, 500 North Capitol Street, N.W., Washington, D.C. 20549. Any comments received will be available in File 4-223 for public inspection and copying at the Commission's Public Reference Room, 1100 L Street, N.W., Washington, D.C.
