Get the mutual fund work completed first.

Subject: Hedge Fund Project

I have kept up with all of the requests to Wachovia, Bank of America and Morgan Stanley, especially regarding the convertible deals, but I believe that those who are participating in the mutual fund project are supposed to make that project a priority.

Although I gave you a memo for Wachovia and Morgan Stanley, I know I didn't give you one for Bank of America, since I didn't have all of the information in a usable format. However, Shauna gave me an updated production for Bank of America today. But, I'm not sure where the hedge fund project falls on our list of priorities as of right now.

Please advise.

-Gen

P.S. All 3 of my firms are working on the convertible deal production.
