Dear Sir/Madam:

I am writing to inform you that, based on inquiries I have made and to the best of my knowledge, all Year 2000 remediation efforts for Paribas Corporation ("PCorp") are now completed.

In my letter dated August 31, 1999, I advised that PCorp's Y2K implementation efforts were complete except for the implementation (installation) of certain fully tested and verified modifications on one of the many computer systems PCorp employs in its business. As mentioned in the letter, implementation was expected shortly, and it has now been completed.

This letter should also serve as the certificate referred to in SEC Rule 15b7-3T(e)(2).

Very truly yours .
