Approval and Promulgation of Air Quality Implementation Plans; Utah; Rule Recodification

AGENCY: Environmental Protection Agency (EPA). ACTION: Final rule.

SUMMARY: EPA is taking final action to approve State Implementation Plan (SIP) revisions submitted by the Governor of Utah on September 20, 1999 and February 5, 2001. The September 20, 1999 submittal revises the numbering and format of the Utah Administrative Code (UAC) rules within Utah’s SIP. The February 5, 2001 submittal restores a paragraph that was inadvertently deleted from Utah’s rules when the State submitted their SIP submittal dated September 20, 1999 that renumbered the UAC rules. The intended effect of this action is to make these provisions federally enforceable. In addition, the approval of Utah’s SIP revision dated September 20, 1999 supersedes and replaces previous SIP revisions submitted by Utah on October 26, 2000, September 7, 1999, two SIP revisions submitted February 6, 1996, and one submitted on January 27, 1995. Some of the provisions of the rules submitted in Utah’s SIP revisions will be addressed at a later date by more recent SIP actions that have been submitted which supersede and replace the earlier SIP submittal actions. EPA will be removing Utah’s Asbestos Work Practices, Contractor Certification, AHERA Accreditation and AHERA Implementation rule R307–1–8 and Eligibility of Pollution Control Expenditures for Sales Tax Exemption rule R307–1–6 from Utah’s federally enforceable SIP because these rules are not generally related to attainment of the National Ambient Air Quality Standards (NAAQS) and are therefore not required to be in Utah’s SIP. Finally, EPA will be removing Utah’s National Emission Standards for Hazardous Air Pollutants (NESHAPS) rule R307–1–4.12. Utah has delegation of authority for NESHAPS in 40 CFR part 61 (49 FR 36368), pursuant to 110(k)(6) of the Act, therefore we are removing the existing language (R307–1–4.12) that was approved into Utah’s current SIP because it is no longer required to be in the SIP. This action is being taken under section 110 of the Clean Air Act.

DATES: Effective Date: This rule is effective on March 16, 2006.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA–R08–OAR–2005–UT–0001. All documents in the docket are listed in the Regional Materials in EDOCKET (RME) index at http://docket.epa.gov/ rme

II. Summary of Final Action

On October 13, 2005 EPA published a notice of proposed rulemaking (NPR) for the State of Utah (70 FR 59681). The NPR proposed approval of the recodification of the UAC rules that had previously been approved into Utah’s SIP, removed from Utah’s SIP rule language that is obsolete or is generally not related to attainment of the NAAQS and is therefore not appropriate to be in Utah’s SIP and arranged rules to allow for a more coherent SIP structure. The formal SIP revisions were submitted by
