SECURITIES AND EXCHANGE COMMISSION

5 CFR Part 4401

[Release No. 34-64172]

Supplemental Standards of Ethical Conduct for Members and Employees of the Securities and Exchange Commission

AGENCIES: Securities and Exchange Commission and Office of Government Ethics.

ACTION: Final rule.

SUMMARY: The Securities and Exchange Commission with the concurrence of the Office of Government Ethics is amending its Supplemental Standards of Conduct for Members and Employees to eliminate a recently established prior approval requirement for outside employment.

DATES: *Effective Date:* May 11, 2011.

FOR FURTHER INFORMATION CONTACT: Shira Pavis Minton, Ethics Counsel, Office of the General Counsel, (202) 551-5170, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1050.

SUPPLEMENTARY INFORMATION: The Securities and Exchange Commission with the concurrence of the Office of Government Ethics (“OGE”) is amending its Supplemental Standards of Conduct for Members and Employees to eliminate a recently established prior approval requirement for outside employment. Staff members of the SEC are already subject to strict limitations regarding the type of employment they are allowed to undertake, and staff regularly seeks advice from the ethics office prior to taking any outside employment. In addition, the requirement appears to be largely cumulative of other measures without providing significant additional benefits. These other measures include

the requirement that SEC staff members submit proposed publications or prepared speeches relating to the Commission (or to the statutes or rules it administers) to the General Counsel for review. These measures also include current financial disclosure regulations and current substantive regulations prohibiting conflicting outside employment. The requirement to obtain prior approval for outside employment has not identified any conflicts or otherwise enhanced the ethics program.

I. Administrative Procedure Act, Regulatory Flexibility Act, and Paperwork Reduction Act

The Commission finds, in accordance with section 553(b)(3)(A) of the Administrative Procedure Act,¹ that these rules relate solely to agency organization, procedure, or practice. These rules are therefore not subject to the provisions of the Administrative Procedure Act requiring notice, opportunity for public comment, and publication. The Regulatory Flexibility Act² therefore does not apply. Because these rules relate to “agency organization, procedure or practice that does not substantially affect the right or obligations of non-agency parties,” they are not subject to the Small Business Regulatory Enforcement Fairness Act.³ The rules do not contain any new collection of information requirements as defined by the Paperwork Reduction Act of 1995, as amended.⁴

II. Costs and Benefits of the Amendments

Taken as a whole, the Commission and the public have a substantial interest in the integrity of the Commission’s processes. Congress has directed the Commission to oversee the securities markets and securities professionals and to protect investors. To that end, the ethical standards contained in the rules enacted today require the Commission’s members and employees to maintain high standards of honesty, integrity, and impartiality, and to avoid actual, or the appearance of, conflicts of interest.

In general, the costs of the procedures in the Commission’s rules of practice fall largely on the Commission and its

employees. As noted, the amendments set forth in this release relate to internal agency management. These rules re-codify pre-existing obligations on the Commission’s members and employees with certain minor modifications. As such, the Commission believes that the costs imposed by compliance with these amended rules have not substantially increased from the obligations of Commission members and employees before these amendments.

III. Consideration of Burden on Competition

Section 23(a)(2) of the Exchange Act, 15 U.S.C. 78w(a)(2), requires the Commission, in making rules pursuant to any provision of the Exchange Act, to consider among other matters the impact any such rule would have on competition. The purposes of the Exchange Act include protection of interstate commerce and maintenance of fair and honest markets. The degree of trust that investors and the public have in the Commission and its employees is critical to these goals. The Commission and its employees must adhere to the highest standards of integrity and impartiality and avoid the appearance of conflicts of interest. These rules affect a relatively small number of persons. Therefore, the Commission has determined that the burden on competition is small and is necessary and appropriate in furtherance of the purposes of the Exchange Act.

Section 2(b) of the Securities Act, 15 U.S.C. 77b(b); Section 3(f) of the Exchange Act, 15 U.S.C. 78c(f); Section 2(c) of the Investment Company Act of 1940, 15 U.S.C. 80a-2(c); and Section 202(c) of the Investment Advisers Act of 1940, 15 U.S.C. 80b-2(c) require that the Commission consider efficiency, competition, and capital formation, in addition to the protection of investors, whenever it is required to consider or determine whether an action is necessary or appropriate in the public interest. As noted above, these rules apply to a relatively small number of people and do not substantially alter their pre-existing obligations. The Commission believes that the amendments that the Commission is adopting today will have a small impact on competition, the capital markets, or capital formation.

[Docket Number EERE-2008-BT-TP-0020]

RIN 1904-AB89

Energy Conservation Program for Consumer Products: Decision and Order Granting 180-Day Extension of Compliance Date for Residential Furnaces and Boilers Test Procedure Amendments; Correction

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Decision and order; correction

SUMMARY: On March 31, 2011, the U.S. Department of Energy (DOE) published a Decision and Order in the **Federal Register** which granted 27 companies submitting petitions before the required date (*i.e.*, by February 17, 2011), a 180-day extension of the compliance date for recent amendments to the DOE test procedure for residential furnaces and boilers related to the standby mode and off mode energy consumption of these products. Recently, DOE received a petition dated February 17, 2011 from a 28th manufacturer, Viessmann Manufacturing Company, Inc., in which the manufacturer also requested the above-referenced 180-day extension. Although DOE received this petition well after February 17, 2011, the Department believes a number of factors, including international postal handling and Federal mail security screening, contributed to the delay in receipt of this petition. After review, DOE has decided to grant the petition. However, DOE was not able to include its determination regarding this petition in its March 31, 2011 Decision and Order, because publication was already underway. Through this correction notice, DOE is modifying its Decision and Order to add Viessmann Manufacturing Company, Inc., to the list of companies to whom the extension of the compliance date has been granted.

DATES: This correction to the above-referenced Decision and Order is effective April 11, 2011. For representation purposes, petitioners must comply with all applicable provisions of the amended DOE test procedure for residential furnaces and boilers starting on October 15, 2011.
